

# CROP CIRCLES RELATED TO MOVING EARTH'S ORBIT

All illustrations sourced from [CropCircleConnectors](#) and [Earthfiles.com](#)

It may surprise some people that Nostradamus made many references to crop circles within the texts disguised inside the quatrains.

Not only telling us who made them, but the agenda for doing so. Here are some pertinent quatrains and hidden texts which may well be more than simple entertainment.

- Nothing is in the proportions we know of today. The size of the sun compared to the inner planets is a problem. The sun is quite dim. All other crop glyphs have had factual content. Jupiter and the outer planets are too close, yet I do not feel this is a hoax glyph. It is telling us something we need to know.

Note the proportions of a lovely big glowing *bright* sun.

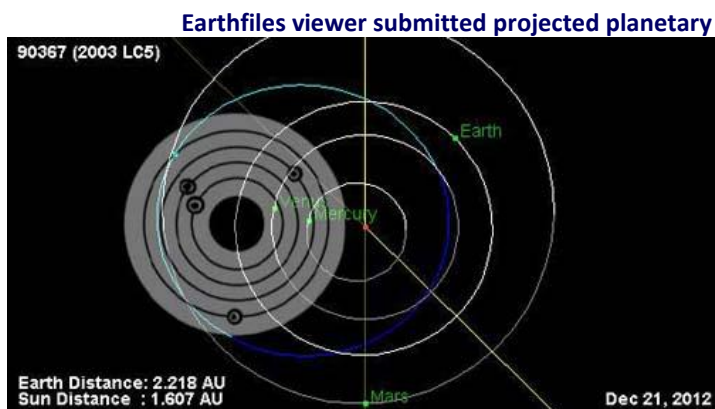

All present and scientifically correct right down to the elliptical orbit of Pluto.

Our moon is missing. There is a scar between Saturn and Uranus, but it is difficult to know what it is. Everything else is well defined. Other details are missing such as Saturn's rings. Saturn did lose her major rings for a while – but not all of them. They returned in July 2012.

The subject of this planetary arrangement then – is a date

Avebury Manor, near Avebury, Wiltshire, reported July 15, 2008.

"Have you seen this? All the planets line up for that date except Pluto which is moved off its orbit... possibly due to an impact event or other planetary body?"- from Kerry Cassidy [project.camelot.org](http://project.camelot.org)  
writing to Marshall Masters [YOWUSA.COM](http://YOWUSA.COM), 26-July-08 Answer:

"While all the other planets share a common terrestrial or gas giant glyph, the glyph for Pluto is different in two very different ways. It is not donut shaped which is curious, but what is truly notable is that the glyph for Pluto is larger than the terrestrial (earth) glyph. When you consider that Pluto is approximately 60% the size of our own moon, the intent of whoever created this formation is clear. Namely, what is Pluto doing?"

[Yowusa.com](http://Yowusa.com) co-founder **JACCO VAN DER WORP, MSC** analyzed the orbit of Pluto in this formation and determined that the planet was 30 days ahead in its orbit from where it should be at that time.

A quick check in astronomy software leads to a striking result. The planets are where they should be on December 23, 2012, with the exception of Pluto, which is **about 30 degrees ahead of its expected position in orbit.**

**This raises an immediate red flag because this formation is showing that Pluto has or will be about 20 years' ahead in its orbit!**

Ergo, this formation is giving us warning by portraying Pluto as the proverbial canary in the coal mine.

**There must be an external force that causes the sudden change in Pluto's position.**

The likely explanation is that this is the **Kozai** mechanism in action. The destabilization of an orbit by another body that moves in a totally different plane than the rest of the system

**Any astronomer can tell you that changing speed always changes orbit.** In other words, speeding up widens an orbit, while slowing it down will narrow it. If that is what is happening to Pluto, then we may be about to see it move around for the last time assuming this formation depicts the effects of the **Kozai** mechanism."

"The first part of this formation which appeared on or about 15-July-2008 offers a Winter Solstice time stamp with a planetary alignment that very closely corresponds to the date, December 21, 2012.

The second part of this formation which appeared on or about 15-July-2008 arguably portrays the orbit of Planet X. Of interest is the sperm glyph just off the 10 o'clock position in this image and the orbital pinwheel glyph at the 2 o'clock position."

There are two interesting glyphs passing. One of them could be the **LUMINISED DEMON**.

Analyses by "Red Collier" scientist from Australia:

"Avebury Manor of July 15, 2008 reminds us that the Mayan Long Count calendar will end on **December 23, 2012**:

by showing precise orbital locations for all nine planets of our solar system on that date, plus an accurate elliptical orbit for Pluto.

The 5125-year Mayan Long count calendar will end on

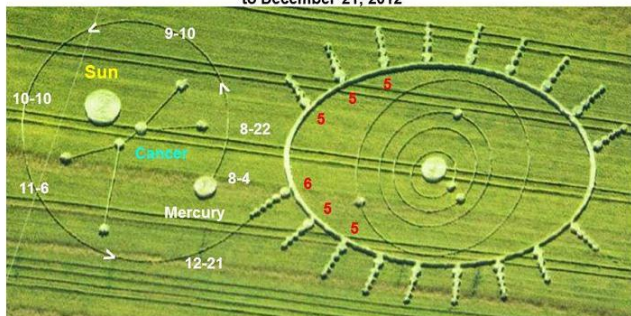

**December 22-23, 2012.**

Given the long period of time which it represents, all nine planets of our solar system need to be shown in order to mark its end uniquely. Such a clever astronomical diagram was shown at Avebury Manor on July 15, 2008. All nine planets appear there precisely as they will be located in space on December 23, 2012, with one exception. Thus, the outermost planet Pluto has been drawn in this new crop picture somewhat further to the right (or closer to Neptune) than should be the case. Yet Pluto still seems to be located correctly relative to the crossover of its highly elliptical orbit with the orbit of Neptune.

At Secklendorf in Germany, two different dates for the year 2012 were indicated astronomically in a crop picture, one of which (December 21, 2012) was essentially the same as that shown **HERE.**"

November 6<sup>th</sup> is a particular date in the Hidden Texts

The elliptical orbit tells it all. This is the pathway of the Nibiru solar system – which appears in the inset provided by the crop circle authors themselves. The six internal planets are revolving around each other *between* Nibiru and Nemesis (Planet X). There are 18 depictions of the solar system of Nibiru on their path around our sun. As usual the Anun.nakim speak in numbers which relate to 12. Our sun is both further away and of a darker visage. Note also – there does seem to be more than one single meaning for crop circles, just as it is with the quatrains

EARTH AND MOON BEING FLUNG OFF THEIR ORBITS?

AND NOTE – A SMALLER SUN

A short (possible) observation regarding crop circles. They seem to convey four meanings. The quatrains of Nostradamus do the same via the addition of Runes, The Celtic keys and the codes within capitalized words.

- 1) The immediate effect on the human DNA of people who enter within them ("squeezing the waves")
- 2) The information they give when turned into three dimensions – sometimes requires a physicist
- 3) The numerical information which although precise on confirmation, does not seem to be *useful*
- 4) The simple picture

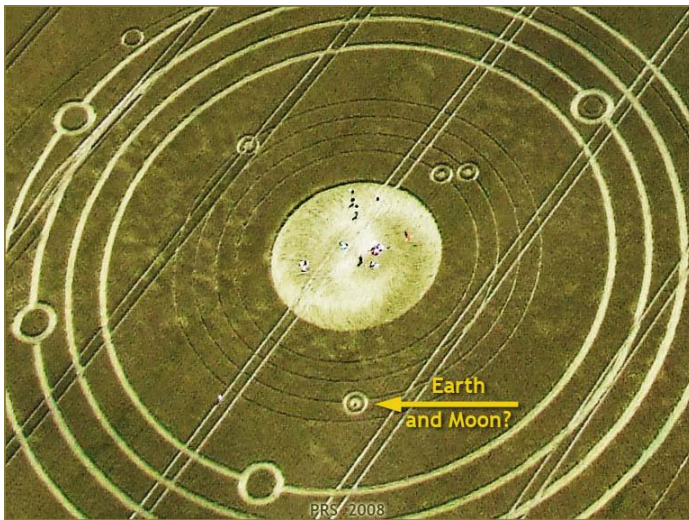

With many thanks to the photographer Tony Austin for catching the Big Picture

Explanation at page 22

THERE ARE TWO THINGS TO NOTE WHEN VIEWING DEPICTIONS OF OUR SOLAR SYSTEM

- 1) THE SIZE AND "BRIGHTNESS" OF THE SUN – IN RELATION TO THE OTHER PLANETS... AND
- 2) AN ATMOSPHERE AROUND THE EARTH
- 3) IN THE BIGGER PICTURE, PLUTO'S CORRECT ORBIT CAN BE SEEN

IT IS ALL ABOUT

**HEAP** is obsolete for the Pleiades **Toutatis is a double bolide**

**ZEUS/JUPITER:** Robert Schilling (in *The Encyclopaedia of Religion*) said that Jupiter was the one god that the Latins, Oscans, Sabines and other ancient Italians recognized in common. His archaic Latin name, “*Diespiter*,” meant “day-father,” (i.e. father of the day) in keeping with his title of “god of heavenly light.”

**UXED** (used) **XEUS EASE ARC** I think this is referring to using one planet to “sling” or to “slow” another, that is, using Jupiter to slow the ARC the Earth was placed into to break her out of her current orbit. The result then being the EASEMENT (new orbit) which “exuded”. The “excused sect” may be the Anu who had asked permission and received it, from the Andromeda Council to land on Earth during the current “passing”. (Collier)

This would then be a clear explanation for the comment Nostradamus made in his Epistle to Henri regarding “it will be in October that the great translation will be made and it will be such that one will think the gravity of the earth has lost its natural movement and that it is to be plunged into the abyss of perpetual darkness”. The abyss being outer space

**MENDOSUS = SUN MODE ENDS SUMO** (Japan) U.S. MEN DEMONS

"men" is an obsolete key for Aquarius where Eridanus starts

**MEN'S DUOS.** The double of men – would be the 'gods'

**DUO S** could be describing two C.M.E or **TWO SUNS**

**S** (Sowelu) is the rune for the "sun's power"

**S** is also Celt Zodiac for April 15 – May 12...

### TWO SUNS and a moon

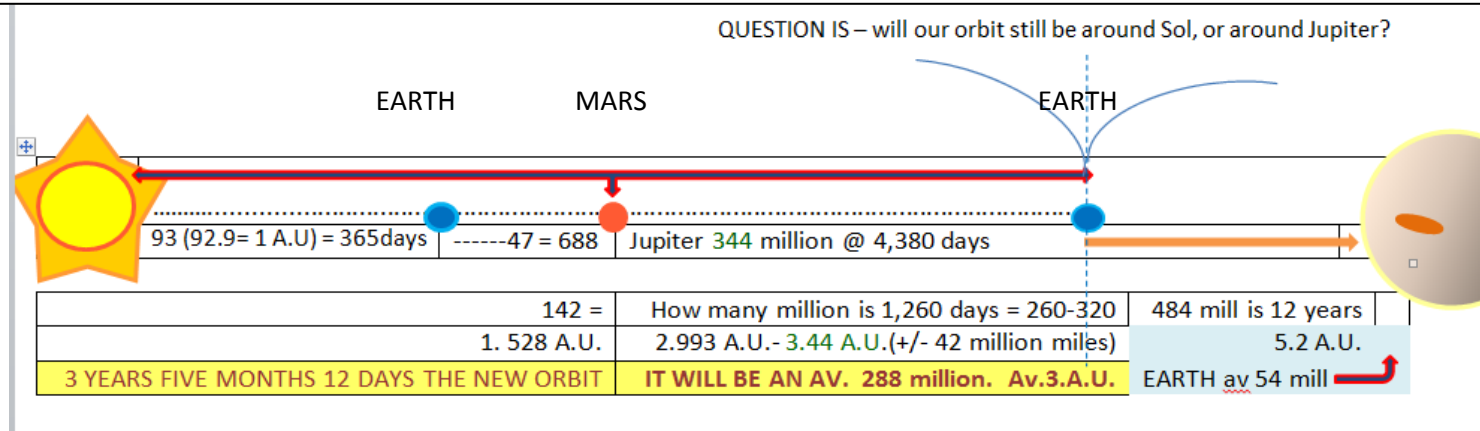

THE LAST LINE ON THE PAGE OF THE "ONE MALE" BOOK SAYS:

**ST. ON IO - IS NOT O** [not O saints ~ the Andromeda council, who are inter-dimensional and do not need a planet]

"O" is also Othilla rune: cultural inheritance – how appropriate

FINAL WORD: if we are all *"made in 'their' image"*...

That means they look just like we do – *and there is no way in which we can tell*

I may have limited myself by my own belief, my lack of credence that the Earth could be moved to the *other side of Jupiter* as stated by Nostradamus. My thinking is that Earth will *orbit* Jupiter – that would fulfill both ideas, of the words of Nostradamus *"from the seventh to the fifth will be"*. Logic says *Earth will need to orbit Jupiter – should Earth remain on a solar orbit she will spend most of her orbit in the depths of unprotected outer space. Should she orbit Jupiter – then Saturn will indeed, be her "shield". Saturn will hold Earth in place. Another idea, shown in a crop circle, is that it is SATURN and JUPITER which move their orbits closer to our sun. In the Lost Book there are two vignettes showing TWO SUNS. (Pictures here) There are also quatrains which say the same.*

5 32

Where all is good, the Sun all beneficial and the Moon  
Is (still) abundant, its ruin approaches *No moon, no sun*  
From the sky it advances to change your fortune *(sunburst ejection*  
In the same state as the *seventh rock* *Earth out to Jupiter*

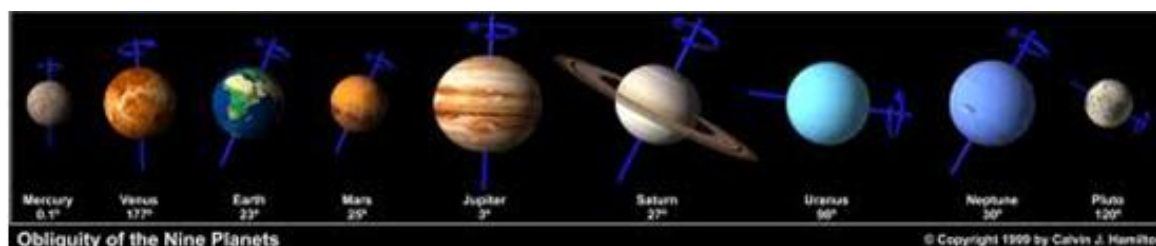

5 98

**At forty-eighth climacteric degree (between 39 & 55 degrees**  
At the end of Cancer very great dryness: (Ursa Major is in Cancer  
**Fish in sea, river, lake boiled hectic (sunburst ejection**  
Bearn, Bigorre (249 miles apart) in distress through fire from the sky.

*Le circuit du grand fait ruineux,*  
*Le nom septiesme du cinquiesme sera:*  
*D'un tiers plus grand l'etrange belliqueur:*  
*Mouton, Lutece, Aix ne garantira.* **Paris = IS APR.**

The circuit (orbit) of the great ruinous deed, (Nebula of our sun)  
**The seventh name of the fifth will be:**  
*Earth is the 7<sup>th</sup> (rock) to the fifth place counting from Pluto*  
**Of the third greater the stranger vexatious: (Uranus**  
**Of the three great gas giants, the third greatest will be a problem**  
Sheep (sheepfold/Ursa), **Paris**, Aix (Auriga the charioteer) will not guarantee.

**Earth 7 Mars 6 Jupiter 5 Saturn 4 Uranus 3 Neptune 2 Pluto 1**  
**SEVENTH ROCK**

Mars Saturn Earth Jupiter Uranus

THE ORBITS ARE WRONG

I at first thought this was a hoax crop circle.

**Our Sun has become quite small**

Jupiter has become four times closer.

Saturn in proportion has reversed its comparative size to Jupiter

When taking into account the following quatrains, it makes sense

See how Uranus would be "**vexatious**" to Earth while ever Earth is orbiting Jupiter?

1 16

*Faulx à l'estang joint vers le Sagitaire,  
En son hault AUGE de l'exaltation,  
Peste, famine, mort de main militaire,  
La siecle approche de renouvation.*

**AUGE** Latin = to increase

A scythe (Leonines) joined with a pond (Ophiucus) in Sagittarius at its highest (furthest) CHANNEL (orbit?) ascended  
Ascending (when) at its highest **AGUE**

Plague, famine, death **from military hands;** (by trains)  
The cycle **near renewal:** the cycle of precession

The GREAT CYCLE of PRECESSION in 2012 **near renewal JUST AS THE MAYAN CALENDAR SAYS**

**1 16 AUGE** – codes within codes = **AGUE** a fit of shivering following high temperature, which is a good description of a solar flare followed by tectonic plate activity... then being moved off the current orbit to its highest orbit. (The Earth)

Da Vinci used the word **TORRENT** which means the orbits in relation to the same subject.

**The Leonines and the Ophiucus (Antares) are in league with the Anun.nakim for a rapture (the false rapture)** Here one can see the word **ASCENDING** which is the "ascension".

**Notice the word ANT.ARES (the main star in Ophiucus/Scorpio) where 'ant' means an insectoide such as a Mantis, and 'ares' means 'manslaughter' – and happens to be the obsolete term for Leo.**

FROM THE LOST BOOK OF CESAR DE NOSTREDAME WHO PAINTED IT AT AGE 13 FOR HIS FATHER

IN PISCES (*OLIVINE* in 1 97 2) THE GREAT TRANSLATION

WHO COME TO HELP TO SEND THE EARTH ONTO A NEW TRAJECTORY  
ALL THE BANNERS SHOW *OUR OWN VIEW* OF THE MILKY WAY AS WE  
ROLL ON TO OUR NEW ORBIT.

THE CORONET MEANS THE PRINCE – SIRIUS AND NOT A VERY  
PLEASANT FACE.

THE LONG HAIR MEANS CASSIOPEIA (THE MANTIDS AND THE HYBRID  
BREEDING PROGRAM)

AND THE PAWS BELONG TO A BEAR, URSA MAJOR, THOSE WHO  
FOOLED THE AMERICAN "GOVERNMENT".

THE BOOKPAGE HAS BEEN TRANSLATED IN THE FORUM "**ONE MALE**"  
AT THE HIDDEN TEXTS OF NOSTRADAMUS website

[www.hiddentextofnostradamus.com](http://www.hiddentextofnostradamus.com)

BUT THE WORDS "ONE MALE" MEAN "MENOLEA" WHICH REFERS TO  
'ELECTRON BEING', THAT IS; ORION

O.N.E. M.A.L.E. HAS A NUMERICAL VALUE OF ELEVEN.  
IS THIS NOVEMBER?

THE DATE OF 21.12.2012 ALSO EQUALS 11, ENDING A.D.

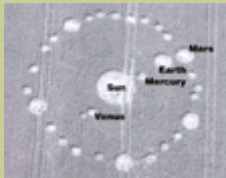

12 12 2012 (EQUALS 11) TOUTATIS, THE ASTEROID WITH THE "QUADRENNIAL" ORBIT IS DUE.

THIS ASTEROID HAS A CHAOTIC ORBIT (a technical term because it spins on its own axis front back and side)

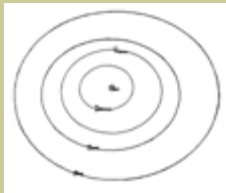

Both Nostradamus and Mother Shipton speak of ST LUCY'S DAY – DECEMBER 13. The only problem we have with that is that Pope Gregory removed ten days after they died, so this date could be DECEMBER 3<sup>RD</sup>... and December 3<sup>rd</sup> is the date shown by PLANETARY layout of the pyramids – Mercury, Venus and Saturn.

MOTHER SHIPTON TELLS OF THE "DRAGON'S TAIL" BEING SEEN FOR SEVEN NIGHTS TAKING THE DATE FROM ST LUCY'S DAY TO DECEMBER 20<sup>TH</sup> – THE EVE OF THE WINTER SOLSTICE WHICH IS ALSO YEW TREE DAY

"Let us consider what [Whitley Strieber](#) was told by a paranormal visitor in 1999 (excerpted from his book "The Key"):

"Who are you?"

"[Michael](#), or should I say Legion? I represent the good."

"Who are the good?"

"Those who seek mankind's (spiritual) ascension."

"You were meant to have the capability to leave your planet by now, since it will soon cease to support you. But something happened to change all that: **a Jewish couple died in the Holocaust, and it was their child who would have solved the secret of gravity.**"

(This is exactly how timelines can change as told by Nostradamus<sup>1</sup>)

"Who are the ones who do not mean us well?"

"You already met them in 1985 (the greys)."

"Crop circles are not hoaxes?"

"No, they are real."

(We can find another message similar to Crabwood 2002 in the Old Testament Book of Daniel (Babylon, 570 BC):

Gabriel, the man whom I had seen earlier, came to me in swift flight.

"The prince of Persia withstood me for 21 days. Then [Michael](#), one of the chief princes, came to help. Now I have come to explain what will happen to your people in the (distant) future:

"The **king\*** will do as he pleases, for what has been (pre)-determined must take place. He will honour a (military) "god of fortresses", unknown to his ancestors. He will attack mighty fortresses with the help of that [foreign \(alien?\) god](#), and will honour those who acknowledge him (them).

**He will make them rulers over many people, and will distribute the land for a price (reward)."**

"At that time, [Michael](#), the great prince who protects your people, will arise.

**There will be a time of distress, such as has not happened from the beginnings of nations."**

[www.cropcircleconnector.com/anasazi/wormholetechnology.html](http://www.cropcircleconnector.com/anasazi/wormholetechnology.html)

**\*king being president, Obama it seems since he 'does what he pleases'**

The "Prince" is Sirius. There are at least three factions who have Sirius as their base. The 'Prince of Dark men (Dannemarc) is one of them...

Detecting who is the 'tall white' Michael and who comes in shape shifting mode using his name is the major problem for humans on Earth...

According to the Hidden Texts

The comment above about distributing lands agrees with other observations I have made over the years. That is: – that certain Off Worlders *already have boundaries on Earth*. If one were to have coloured pins for each different Other World visitor stuck on an atlas of the world, it becomes apparent. Especially notable are the visitors (Orange Haired) to Brazil, the Mantids of the Americas, those which the Celtic nations experienced, the Mantric Aesir (of Asia) and the Plejaren which Nostradamus Fr., Shipton UK. & da Vinci Italy, encountered.

<sup>1</sup>as told by Nostradamus in his Preface to his son Cesar (which contradicts what he told king Henri in the Epistle to Henri). “over a long period of time I have predicted specific events far in advance, attributing all to the workings of divine power (time portal), together with other ... happenings, foreseen in their full which *have already come to pass. So much so that persons of future times may be seen in present ones...* originating from God, (the science) then from chance [accidental happenings such as Auschwitz, then] from nature [natural events such as tsunamis earthquakes tornadoes etc] *my italics*

 Could be “it veered furnace” but the words FIERCE ADVENTURE would not apply  
 so much in that case, but would do so if the Earth “veered”

**Helen Parks** I knew if I waited confirmation would come. Currently the EARTH MOVING ORBIT forum has not been completed because of my premonition. Here it is...and see how big the sun is in proportion to where the Earth is?

#### Crop Circles-UFO's-Ancient Mysteries-Scientific Speculations

Red Collie continues to work on the puzzling code in the Jubilee Cops crop formation, near Hannington, Wiltshire, UK. Reported 28th July. Collie's possible solution - 'I am not any good at Braille, but it seems to say - "Knowledge of this child shall give you more time with this quiet planet"'.<\/p>

NOUU Unuoven (magnetic fields)

SEVENTIES the Septuagint ERMINE clothes means royalty  
The seventh rock – Earth in OS – Capricorn  
EXERTS CUNNING EXCRETE = separation  
EXERT:SEE to bring into effect the geographic area under authority  
VEINS = either orbits (conduits) or mammalian life  
CERES is an asteroid or Sirius. It is also described as DREAD  
CERES in other lines. RESTIVE: difficult to control (chaotic orbit?)

POLAR STAR is in Ursa Minor, the Little Dipper. By saying the Polestar is moving is by inference saying that it is the Earth which is moving  
This could be a reference to the Van Allen belt  
SOLAR ARMOUR would be the Earth's magnetic field

Explanation of the different colours: green is a reference either to or from the collar. Other colours separate the topics. Blue is about dates and timing.

#### When Venus will be covered by the Sun:

Note how the sun looks "dark"  
 Nebula, the yellow circle is the size of our sun in its new 'orange' or 'brazen'  
 state just encompassing the inner planets and overtaking their orbits to very  
 roughly 130 million miles out.  
 Outside the red circle it is safe.  
 The Earth's new orbit will be about 288 million miles, about 3 A.U.

OF THE FOUR OTHER WORLDERS WHICH NOSTRADAMUS STATES ARE INVOLVED IN CREATING CROP CIRCLES, ONE IN PARTICULAR SEEMS MORE PREVALENT THAN THE OTHERS.

THESE ARE THE "KEEPERS" WHICH CAN BE LIKENED TO 'ZOO' KEEPERS OF THE EARTH AND WE KNOW OF THEM AS THE ANUN.NAKI

THE "WATCHERS" ARE ANOTHER ONE OF THE FOUR – WHO ARE INTERDIMENSIONAL, KNOWN AS THE ANDROMEDA COUNCIL - AND WATCH OVER THE 'KEEPERS' TOO.

FOLLOWING THE RESEARCH I HAVE BEEN LED TO ACCOMPLISH IN THE HIDDEN TEXTS – THE ANUN.NAKIM (ANUN.NAKIANS) HAVE A DIFFERENT NAME FOR EVERY CULTURE THEY INSTIGATED.

FOR THE MAYA, QUETZAL.COATL (CONCRETE SPIRIT) IS ONE OF THE 111 NAMES.

I PUBLISH HERE PROOF POSITIVE THAT CROP CIRCLES ARE NOT HOAXED.

two orbits make 7 years

**ABILENE** A circumstance where a group of individuals agree to a course of action based on the theory it is best for the group, despite going against the preferences of individual members of the group. This occurs when individuals feel their objections are not strong enough to support changing the minds of others in their group. Commonly referred to as "rocking the boat" INTERESTING THAT NOSTRADAMUS CALLS THE EARTH "THE BARQUE" or SHIP, ON WHICH WE ARE "ALL PRISONERS"
