

MEN IN BLACK & THE UUYVERN-MOTHMAN

When I first discovered that certain words were referring to what we call 'men in black' I was a little amused that Nostradamus would raise the subject. Other than being worker drones for a couple of different Off Worlders they seemed to carry no further importance. As usual – this is not so. Revelation 4: 13-17 in the Bible speaks of times when the 'living shall join the newly raised dead'. I have put some thought into how this could be. Throughout the Hidden Texts Nostradamus uses the word 'revenant' which means 'brought back to life' and the other words he uses for what we call men in black is 'ainhum' which is a disease where the flesh dies in the outer limbs and the digits fall off. This creates the typical zombie like way of walking one sees in the movies. People with ainhum disease are like the 'living dead'. It seems to me that looking at the words used in the Bible from the perspective of a real and tangible event, that the 'revenant' – that is, the living dead are those which have been 'risen from the dead'.

1 Thessalonians 4:13-5:22 - Because Jesus Is Coming Back ... www.bible.ca/ef/expository-1-thessalonians-4-13-5-22.htm

... he can do again! 3. When Jesus returns, god will **raise** the **dead** in Christ. 4. Those still **living** shall join them meeting Jesus.

"and the dead in Christ¹ shall rise first. 17 Then we who are alive and remain shall be caught up ..."

1 Thessalonians 4:17 After that, we who are still alive and are left ... bible.cc/1_thessalonians/4-17.htm

then we, the living who remain, shall be caught up together with them in the ... the **dead** are **raised**, they **and the living** will **ascend** to...

"The Real Men In Black: Government Agents Or Visitors From Beyond?"

<http://beforeitsnews.com/story/0000000001287624>

"Back in the late eighties I was camping in an RV in the Arizona desert and I witnessed a ufo flying low overhead at about 10pm.

My friend saw it too and at the exact moment we saw it the power cut off.

A few hours later after midnight that same night we were sitting at the RV table looking at cut gemstones that my friend brought from Brazil to sell at the gem show that we were on our way to and I heard knocking at the RV door. I opened the door and I saw a man dressed in black. As soon as I opened the door he pushed his way in and came and sat at the RV table across from my Brazilian friend. When I saw this person in the light I was shocked. It had a very pale white skin and no nose. It was wearing a wig and had large black sun glasses taped on to its face. It didn't say a word. It seemed very interested in the cut gemstones we had on the table and looked at them for about 20 minutes. Then suddenly a zip lock bag appeared on the table packed with cash. It collected the stones left. It was the strangest thing that has ever happened to me".

NURSEMAID in Cesar’s Lost Book might be the feet washing vignette

In the Lost Book of Cesar de Nostredame, one of the vignettes shows what could be a hospital bed (in the days of Nostradamus). Of the four people here, one is a maid, one could be a relative, the patient is seated and the person treating the patient could be a doctor. If it was simply foot washing – a custom in many parts of the world, the message is lost to me. In the vignettes, the true colours have meaning too. Unclear here. It is certainly a fancy bowl being used to treat the right foot, and the doctor is seated comfortably – another reason I discarded the customary foot washing concept. It actually says CESAR'S nursemaid. Maybe it is Cesar who is being treated. .. An interesting thought because Cesar was only thirteen when Nostradamus died, and the patient here seems older than that.

Peter Farley

Cathars

Protected in many ways by the powers of the Grayle, these "brave knights" ride forth on the business of their leaders in helping fulfil the timetable set for the establishment of the Order's goals. But along with that, not being entirely unconscionable, they go forth to seek repentance for knowing who it is they serve, and what it is they do. Something there is within each and every one of us that still retains a memory This, at one level, is Hermes-Thoth-Mercury-Ningishzidda, the winged messenger of the gods, and the source of the Ancient Mysteries in the reborn Egypt. **The Grayle is the all-seeing-eye**, (Watcher) the pinnacle missing from the truncated pyramid temple, and it is still a means of control as many of our references have said – particularly control by the **Men in Black from Orion**.

"We have reached the most influential military scientists and political leaders, and these humans know we are real. We have told them *that we will not allow military use of space technology . . . we have programmed some of our messages into earth's computers . . .* The scientists are so disturbed by our interference that they are considering **polluting the atmosphere with radiation**, specifically plutonium . . . The scientists who are trying to do this are the **Men in Black from Orion** . . . The scientific community . . . will demonstrate publicly . . . that they are an ancient technocratic cabal of scientists who were previously one cause of the fall of civilization on Earth."

Like a flashback to the 70s and the TV series "V"--they will all fall in line as the changes begin to take place in earnest.

They will be backed by the advanced crowd-control technology of their acknowledged masters--the aliens who have controlled the planet on and off for millennia--in particular the **Men in Black from Orion**, the old time Black Sorcerer Kings of Atlantis. These aliens are only pawns themselves in an even bigger battle taking place at the present time in the Universe. The battle between the forces of Darkness led by Lucifer and his minions, and the Forces of Light working for the ultimate Creator.

In the last Orion battle against earth 25,000 years ago, when Pisces last precessed into Aquarius the Men in Black caused a great cataclysm--the Fall of Atlantis--but the **Men in Black** did not succeed in their ultimate goal, which was to **wrest the minds of men** from the gods throughout the Mayan Great Cycle of twenty-five thousand years, from 23,613 to AD 2012

Right now the timeline of the past 240,000 years looks like a piece of Swiss cheese the way it has been so abused by various alien races, the Orion-led New World Order, Thoth/Hermes/Ningishzidda (Anu) and all his cohorts, and various and sundry other time travellers coming and going just like the planet was something out of Men in Black II.

In an interview conducted by Suanne Konicov (Connecting Link, issue 19, 1992), Al Bielek outlined the additions made to the basic warlike U.S. attitude by an alien presence not conducive to the highest ideals of Man - additions that led to the time-altering phenomena we now know as the Philadelphia Experiment and the Montauk Project. In this excerpt, Bielek describes the time-rift 'tunnels' formed by some of these activities: "It will stabilize itself by the year 2003 unless they reopen it. Then you have another can of worms to deal with. They just don't realize what risks they are running in reopening that thing. The rift was stabilized in '63, or this North American continent **would now be under salt water**. There was a special project created, now well-covered, to restabilize the reverse time wave which would have hit the forward one in '63 at the node point and wrecked this continent. It was due to the fact that they had this time rift, and because it was unstable in the way it was generated (like a standing wave in an RF transmission line). You may not understand RF theory, but you get a reverse wave in an unterminated or improperly terminated line (time as a cycle or circle which cries out for completion). **Time is a wave as well.** ^{1 SEE "SQUEEZING THE WAVES" IN 1 63} Time is a key element in the controlling of Mankind on this planet, and we have not heard the last of it on our journey through history. For now, however, if one is to keep moving forward with their spiritual growth, an understanding of the cycles of time is necessary to freeing themselves up from the old paradigm and timeline which is at the present moment diverging, and to move forward into something new and as yet unformed, awaiting only the imaginative and cooperative abilities of those who will be there. According to Nostradamus, Eloim says this is our real
Nemesis. ELSE: otherwise. Prominent: principal one – "god"
I met personnel: plural "employees" of El, Eloim being plural
RARE: very difficult. ARREST : stop
in MEN IN BLACK : man: obsolete **Orion** or **men**: obsolete **Aquarius**

6 66 1 Here is where we get into the debate regarding FATE. We can all have only ONE FATE – the final end.

The destinies (destinations) along the way is what comes our way *during the advancement* to our fate. Nostradamus refers to this problem in his Preface to his son Cesar... in relation to prophecies that become altered over the course of time by what he calls ‘chance’ and ‘natural events’. One good example of this, the person who was « destined » [but not ‘fated’ to] discover anti-gravity as a source of power was killed as a boy in Auschwitz (thus his fate, with one of his destinies unfulfilled).

Here is another way to put it.

I do not know what my fate (singular) will be, apart from the fact that it will assuredly include the end of this life. My destiny has included many – usually controlled by my will but not always. I *chose* to have my last child, I was destined to produce her. But if I had stayed on the pill – that destiny would have been altered. I have had many destinies, one of which has been the work I am doing here on the Hidden Texts for Nostradamus. The quandary for Nostradamus was a leap of faith, since he had included Allan Webber’s name – my full name – and many other person’s names within the hidden texts. I have googled a couple of them, and they are most certainly real people. These are people *destined* to be involved in whatever topic their name appears – with the *possibility* that they won’t. Fate may have taken them in another direction causing them to be unable to fulfill that particular destiny. Such as the boy genius taken unwittingly by the Nazis, altering that potential destiny of his and providing his fate.

T =(Ursa or Treaty & Aug 5 – Sept 1”) O= (the Andromeda council)

FAR MOTIONS – moving of the Earth was meant to be team work

So stay cool – confuse them with your cred, they respect courage

FEUWER INTERFACED FAR MOTIONS: either few scientists on earth accept – or some who said they would help, but did not. There is a line saying this

CONFEDERATISM: means the Confederate which is generally supposed to be composed of those who wish “to help” but does include certain Off Worlders which do not always have that agenda. The “Federation” does, but the “Confederation” includes additionally, those from Sirius (Prince of Dark Men and the Oannes of the Anu)

Here we have the Prince of Dark Men (Sirius) in his black mitre with the Ursa Majorites clamouring to get their way – in the south. **Does he have HIS LEFT FOOT BANDAGED?** Explanation: The left foot of Orion connects to Epsilon Eridanus – meant to be an ally of the triad of Sirius-Orion-Eridanus

The Ursa Minor faction rides “on the shoulders” of Sirius or “to the north”, as it has been the polestar! And under the auspices of those from Sirius. Since Cetus is supposed to become the new polestar (was in the south before the Earth lies on its side) then Ursa Minor will be “demoted” or “moved down”! Note the “V” shaped or “spade” shaped icon on his breast and the darkness behind him, saying he pretends to be in league with the Andromeda Council

UNSEEABLE: telescope needed? See page 29 Omens

TROY means a mountain or Homer/Pleione

BAUME SEAL : These two words are a pun. The difference between an OMEN and a SEAL – is that « omens » are only portents and signs, whereas a SEAL means it is set in stone and needs to occur. Baume is the name of an asteroid (any asteroid is meant by this) but BAUME is also a scientific measurement for density of liquids, hinting at ocean movement. This is saying that an asteroid will ensue at a 'Yuletime' from the direction of a nebula, or that a NEBULA will ensue, from our own sun. This is corroborated in many other lines which speak of SLAYER RAYS and AMPS and OHMS, and the moving of Earth out of harm's way.

“Extraterrestrial Civilizations (E.T.C)

predict three preliminary catastrophes followed by global cataclysms of a magnitude

beyond anything experienced in living memory. **There will be a short time period between all these events.”**

They continue:

“E.T.C warn that civilization has to be pre-informed about the scenario of global cataclysms [before the] beginning [of the] event. **A civilization that is not informed** has no chance to make the Transition in time and to prolong life.

First pre-cataclysm will be related with interruption of global system of communication (or C.M.E?) – phone, Internet.

Pre-informed civilization will avoid shock and chaos of super-powerful disaster and has a chance to make the Transition in time.”

25) Is there real potential for *Homo sapiens sapiens* enslavement by any of the non-human groups interacting with Earth?

Which types have which agendas?

There are groups out there that are hostile, but there are other groups that feel a responsibility to protect Earth humans. [Editorial Note: I have been told more than once that "EBENs have been known to lie." But no one ever clarifies which non-human group has which agenda/s.]

26) Are the EBENs who "manipulated DNA in already-evolving primates to create *Homo sapiens sapiens*?"

The EBENs are responsible for creating the evolutionary gap between Neanderthal and Cro-Magnon. Other non-humans have also been involved in manipulating genetic changes of Earth life for a very long time. (EG: THE ASIAN RACE)

27) What are the various non-human types that have been involved with Earth?

– "Iconlas" [NOSTRADAMUS HAS LINES WITH ICON & L.A.S.] or the Tall Nordics. Their feet are short with raised curvature or ball structure under their little toe. Their religion demands a change of clothes and colors frequently. Long shallow, straight nose with creases on either side. These do have voice boxes that allow speech, but they are often silent and can communicate telepathically as well as the EBENs.

USAF officer says he doesn't know much about the Tall Nordics and doesn't know anyone else who seems to have much information about them either.

But there has definitely been military-type encounters between American military and the Talls. The only way MJ-12 can keep track of the Tall Nordics is through the EBENs - they can communicate with Nordics and then pass on information to MJ-12. But Nordics don't spend much time in direct communication with anyone, even though they are supposed to be able to speak English.

Wm: Bodies will survive. There will be those humans who do survive. It's not going to be that there is no one left. But the way the information is stored and is accessible – well, that's why they wrote on rocks after things like the Great Flood.

They wrote and carved on rocks because rocks are more indestructible.

- "Psys" come from another galaxy beyond the Milky Way Galaxy. USAF source doesn't know much about them physically or otherwise, except they landed in Ellicott, Colorado, on October 8, 1983. What happened? No details. The Psys also landed at Wamaru, Australia. And the Psys might have been involved with Bentwaters, England, events in December 1980?
- MJ-12 does not trust the Psys.

– "EBENs" (extraterrestrial biological entities), also referred to as "Miecon." The EBENs were involved with Ezekiel, Fatima, Christ and other religious events on Earth in an effort to reduce human violence and homogenize human thinking where religious events occurred.

- Ebe 2 said the EBENs knew about fifty other non-human types in this particular universe, implying the EBENs have knowledge of other universes and other intelligences in those other universes. Strangely, the USAF officer did not know anything about tall humanoid reptilian types that have been encountered by many eyewitnesses, even at noon outdoors on a sunny day.

"People who were able to get a good look at it said that it was acorn-shaped. An acorn monument was erected in the town and stands to this day.

The first reports came out of Canada and the thing in the night's sky continued southward. The UFO buzzed the Pittsburgh area and turned...which, of course, indicates that it was not a natural phenomena. Thousands of reports flooded into news agencies. KDKA received hundreds of calls alone. If I was only mature enough, I would have searched through newspapers the next day. This would have told me that my cousin and I were not alone in our observation.

Kecksberg was another Roswell because the military was dispatched. Once more...government agents, soldiers, Men in Black converged on a small American town. Guns were pointed at citizens; people's lives were threatened; there were 'radiation' scares; and authorities told people to lie.

People witnessed that federal 'suits' seemed to give orders to the military.

This convergence of government officials does not happen when a meteor falls to Earth. Of course, there are those that will say the Kecksberg UFO was a piece of Soviet intelligence...and that was the reason for military intervention. The same was said about Roswell.

A large, flatbed truck was seen entering the wooded area where the thing seemed to come to a soft landing. The truck was empty when it went in and covered when it left. To this day, the Kecksberg controversy rages on as townspeople are divided as to what really occurred. Some deny the fallen object and that feds made any appearance at all. Others claim to have had been in direct contact with government intimidation.

This writer is very pleased that something did happen at Kecksberg. I wish my father was alive so I could tell him that I was not crazy. Or...look dad; there are many others that are just as crazy as I am.

Some people in the government think the EBENs are our allies.

Others think they lie to us. Maybe they all lie to us?

It's really difficult when no human can get an honest and objective view of beings from somewhere else in the universe - especially when the **EBENs and Tall Blonds both are involved in human abductions and animal mutilations.** That means they are getting genetic material from Earth - so, what are they doing with it exactly? That's where the cloning technology to make body containers for all kinds of different missions comes in. MJ-12's greatest concern is who is walking around on this planet in a **human body, but is not really human.** **MEN IN BLACK Paul Bennewitz is convinced from the Cimarron case in New Mexico that those tall humanoids in charge of the short, grey ones, were mutilating animals in order to put blood in a vat as liquid sustenance for some kind of beings there.** [See 040306 Earthfiles.]

That's true. Probably part of the reason for the E. T. mutilation of animals around the world is literally for food. But there's more going on because genes are harvested from Earth life the way we grow crops to harvest. L M H

"This started with the **first outbreak in China** and then hit Europe the hardest. Nohl also found that people reported only ground mists.

They didn't necessarily see the bright lights, and in a couple of cases, **the mists were even bluish green in color.**

The third phenomenon, which I found very intriguing, was the **men in black happening** at that time, too. In a number of villages and towns, people would **report human-like figures dressed in black** would appear on the outskirts of town with a long instrument they would wave back and forth. Right after that, a plague would break out. Sometimes people reported seeing these figures walking through town with these long instruments and right afterwards, the plague would break out in those towns.

The interesting thing is that when the figures in black were **out in the fields***, the eyewitnesses called the instruments 'scythes.' The idea was that symbolically, the figures were mowing down the wheat or whatever grain was growing and this was symbolic of the death of the people later. But eyewitnesses reported that **the wheat or grain** was never actually cut by the mysterious moving scythes. So, I interpret that to mean the figures had some instrument that they were waving around and spraying out in the mist whatever germs they were spraying around the town.

MIB'S

Also referred to as the 'Men In Black' or 'Horlocks'. These are apparently in many cases humans who are controlled by draconian influences, although other 'MIB' have been encountered which do not seem human, but more reptilian OR synthetic. The 'MIB' have been encountered often after UFO sightings, usually intimidating witnesses into keeping silent about what they've seen (many of the witnesses may be 'abductees' with suppressed memories of the event).

Their 'threats' appear to be motivated by attempts to utilize 'terrorism', 'fear' or 'intimidation' as a psychological weapon against witnesses. This 'weapon' may not only be used to keep the human 'MIB' under control, but by the human MIB's themselves.

'They' are often, though not always, seen in connection with large, black automobiles, some of which have been seen disappearing into mountains -- as in the case of one basing area between Hopland and Lakeport, California -- canyons or tunnels or in some cases apparently appear out of or disappear (cloak?) into thin air. Most humanoid MIB have probably been implanted by the Draconians and are essentially their 'slaves'. Bio-synthetic forms possessed by 'infernals' also seem to play a part in the MIB scenario, as do subterranean and extraterrestrial societies.

Sirius, at only 9+ light years away, has been identified as a major extraterrestrial MIB center of activity, with a subterranean counterpart existing in ancient antediluvian 'Atlantean' underground complexes which have been 're-established' beneath the Eastern U.S. seaboard.

The Tall Blonds/Swedes are supposed to be medically and technologically superior in some ways to the EBENs, but not in all ways. The Talls also are said to produce the Oriental-looking Men In Black (MIBs) and human-looking "robots," or androids, that walk among *Homo sapiens* on Earth. I was told, "Our government's greatest concern is who walks among us on Earth and looks human, but is not."

Further, back in August 1983, a source told me that the Tall Blonds were responsible for, "terrorism. Our government is copying Swedes for our own offensive actions. U.S. Air Force is taking offensive action against them? And other nations because of Swede-manipulated terrorist activities."

Ebe told the Colonel, "Everything the Tall Blonds do, they do for a specific reason." But what exactly does that mean?

Are the EBENS or the Tall Swedes the mutilators of Earth's animal life? Some sources say the EBENs are, some sources say the Tall Swedes are, some sources say the reptilian humanoids are, and some sources say **all three** of those major non-human groups harvest tissues and fluids from Earth life for a variety of purposes - usually excluding the human population.

Out from under Majestic: Dan Burisch uncensored

A video interview with Dan Burisch - Part 3

Las Vegas, July 2006

Shot, edited and directed by Kerry Lynn Cassidy

MIBs: The Men in Black

Kerry Cassidy: OK, so tell us about...

Dan Burisch: Sure, OK. Well, the Men in Black.

K: ...about the Men in Black. Yeah.

D: Part of it is a psychological operation you have within Majestic and that they operate to scare people away from things that they've seen, that they don't want them, you know, further bringing information out in the population. The so-called "people factor."

Anything about that, they attempt, or have attempted... I don't even know that they're still in operation... to suppress. Then you have the real McCoy. **The real McCoy is not human.** The real McCoy is **in fact a P-45 J-Rod.** (A He Rod from 45,000 years into our future)

They're using, through the use of some sort of sinuous biomechanical technology, *the skin of a dead human*.

K: Wow...

D: *The skin of a dead human*. These are the ones that walk up to you and they look like they're shuffling like they've just filled their drawers. When they speak through this technology that they are wrapping around them, they sound very bland, very monotone. And they don't belong. You tell very quickly that they don't belong.

K: Have you met one?

D: I've met several of them. They were operating around my work at Sunchase before we were moved to a different location. I can say they're very "sallow" in appearance. They thought that it was an appropriate expression to sing me "Happy Birthday" one year over at, ah, I think it was at the start of 2003. It was either '03 or '04 ... '03 I think it was. Yeah.... and I did not like being around them. And they will not think twice of using force on you. They will hit you. They will push you. One did me.

Part 4: Military Insiders Comment About Zeta Reticuli and EBENS

© 2007 by Linda Moulton Howe

"We now know that some Tibetan scrolls written in ancient Sanskrit were actually written by Ebens and those scrolls seem to be made of something that never ages." - Military Insider

"To the best of our knowledge, no cooperation exists between the different alien groups. And I think there **was a war about 6,000 years ago between the Ebens and the Blonds over territorial rights to a planet** somewhere. I don't know if it was out at Zeta Reticuli or around here or what."

"So, both groups, the Ebens and the Blond humanoids, make android creatures to do work for them on different planets?"

"That's what I understand. Androids come in many different types - **insect, humanoid MIBs (Men In Black)**, and others. All have an advanced implanted brain that can operate on its own or by remote control. Ironically, we think some of these genetically engineered creatures have a higher intelligence than their creators."

"So, there are the **Ebens, Greys and the Blond humanoids**. Are they the main groups you know about?"

"Yes."

"Then below the **Ebens are the Big Nosed types, Eben scientist types, Men In Black, Reptoids** and small worker drones?"

"Yes. And sometimes I think they have made, or work with, small blond humanoids, which *really confuses* the picture!"

"And the reptilian humanoids?"

"The androids can be reptilian. Both groups - the Ebens and the Blond humanoids - can make robots or androids that can be anything they want them to be. Both groups know how to mix and match genomes in DNA easily. Remember, they are millions of years advanced beyond us."

Men In Black: Government Agents Or Visitors From Beyond?

Thu Oct 27 2011 15:54

Who are the "Men in Black"? In the blockbuster Hollywood movie of the same name, they were fictional characters. In real life, they are fearsome individuals who attempt to silence the witnesses of UFO and other paranormal phenomena.

In his latest book, The Real Men in Black: Evidence, Famous Cases, and True Stories of These Mysterious Men and Their Connection to the UFO Phenomena, the popular, bestselling author Nick Redfern (pictured left) delves deep into the strange world of these mysterious operatives.

Nick Redfern is fully qualified to explore this theme. He works full-time as an author, lecturer and journalist, and has researched a wide range of unsolved mysteries, including Bigfoot, UFOs, the Loch Ness Monster, alien encounters, the worlds of the supernatural and the paranormal, and government conspiracies and cover-ups.

Nick is a regular contributor to UFO Magazine, Fate, Fortean Times, and Paranormal Magazine, and author of numerous books. Originally from England, Nick Redfern lives in Arlington, Texas with his wife, Dana, and his website is www.nickredfern.com.

New Dawn magazine spoke to Nick about the Men in Black – their origins, some classic cases, previously unknown reports, secret government files, and the many theories that have been presented to explain the mystery.

NEW DAWN (ND): What prompted you to write about the Men in Black (MIB)?

NICK REDFERN (NR): In speaking to people about the MIB phenomenon, two things became clear to me. The first was that, even in the UFO research community, many people assumed that the mystery of the Men in Black was one that was mainly set in the 1950s and 1960s. In other words, many people assumed the MIB had gone away and aren't active today. However, I had in my files cases as late as 2009. So, that was one reason to write the book – to demonstrate that the phenomenon is still very much ongoing, and not just a mystery of the past. The second reason was because many people's views on the MIB were kind of based on the Hollywood *Men in Black* movies starring Will Smith and Tommy Lee Jones. The films are good fun, and entertaining. But, they only portray the MIB as agents of a secret arm of the government. The reality, however, is that most MIB are described as being far stranger than that – they sound almost alien, creepy, weird, and not even human in many respects. So, that was the other, main purpose in writing the book: to reveal that while the government secret-agent angle is certainly valid, it doesn't tell the whole story.

ND: The Men in Black first appeared in the early 1950s, to a UFO investigator named Albert Bender.

Can you tell us about his encounters with the MIB?

NR: Albert Bender was a man who, in the early 1950s, established a UFO research group – called the International Flying Saucer Bureau – in his home-town of Bridgeport, Connecticut, USA. Bender was an unusual character, who lived in the attic of his step-father's home, and who was deeply interested in not just UFOs, but also the world of the occult, and was very knowledgeable in both areas.

Bender's IFSB attracted a huge amount of attention, and created links with UFO groups and researchers all around the world, including Australia and England. In other words, the group became very successful, very quickly. Then something strange happened: without warning Bender suddenly shut down the IFSB and quit Ufology.

The rumour-mill – based on what Bender had quietly told a few friends and colleagues, albeit in a brief, enigmatic fashion – was that he had been silenced by three men in black-suits who warned him to leave UFO research, which he did until 1962 when he briefly resurfaced with his own book on the events in question, *Flying Saucers and the Three Men*.

ND: Gray Barker was a legendary UFO researcher and writer from the 1950s onwards who chronicled the exploits of the MIB.

Can you tell us about Barker and what he uncovered?

NR: Barker was a man who, like Bender, was heavily into both UFOs and the occult, and also horror movies, gothic horror stories and things like that. So they kind of gravitated to each other and became friends. Barker was also an excellent, atmospheric writer who quickly and astutely realised there was a fascinating story to be told about Bender's silencing by the three men, and Barker told the story in his 1956 book, *They Knew Too Much about Flying Saucers*. In that book, Barker relates the silencing of Bender, but alludes to the theory the MIB were from the US Government. However, in 1962, Barker – who was a publisher as well as an author – published Bender's very own book, the aforementioned *Flying Saucers and the Three Men*. Bender portrays the MIB as very different from anything that might surface out of the Pentagon! In Bender's book, the MIB come across as definitively supernatural entities. He talks about them materialising in his bedroom, along with accompanying overpowering odours of brimstone – which is a classic facet of supernatural encounters. They have weirdly glowing, or self-illuminated, eyes. And they have the ability to render Bender unconscious or place him into an altered state of mind. So, it's very ironic that the man who arguably started the MIB mystery – which many people assume is all about government agents – actually described the MIB as nothing like CIA or FBI people. They were much, much stranger.

ND: The Men in Black turned up during the famous "Mothman" sightings at Point Pleasant, West Virginia, in the 1960s – which became the subject of the Hollywood movie, *The Mothman Prophecies*, starring Richard Gere.

What is the story behind the Mothman-MIB connection?

NR: The link between Mothman and the MIB is just as weird as the saga of Albert Bender a decade earlier. *The Mothman Prophecies* movie was based on the book of the same title written by legendary Fortean author, John Keel, and told the story of this ominous, glowing-eyed, winged creature seen in and around Point Pleasant in the mid-to-late 1960s. Despite its cartoon-style name, Mothman was a very unsettling, shadowy thing that haunted the town's old TNT plant and hung around in the shadows, like some grim-reaper-style thing. And, on this latter point, sightings of Mothman culminated in the collapse of the town's Silver Bridge that spanned the Ohio River, and which led to the deaths of dozens of people who were on the bridge and drowned. Some researchers saw Mothman as the cause of the disaster. But, today, more seem to take the view that Mothman is some form of warning phenomenon; that it tries to warn people of impending disaster, rather than actually causing it.

And when the Mothman encounters were at their height, UFOs were buzzing about, and the Men in Black were seen roaming all around Point Pleasant, making veiled threats to Mothman witnesses and local journalists, and even plaguing people like Keel and Gray Barker, who also wrote a book on the affair called *The Silver Bridge*.

It's almost as if the MIB were trying to prevent people from learning the truth about both the UFO presence and the true nature of Mothman.

ND: John Keel had his own face-to-face encounter with the MIB. Will you tell us about that?

NR: Yes, this is an extremely bizarre story that was provided to me by the well-known author on all-things paranormal, Brad Steiger. Steiger said to me: "I've *never* put this in *any* of my books, and I feel a little awkward, but on the other hand, what I am about to tell you really happened." Steiger added that Keel "...began to tell me of the visitations he'd had with three men who had not knocked, but had entered, his apartment. They literally came *through* the door. He told me of an evening when they were challenging him to lay off the whole Mothman thing; to lay off UFOs, if he knew what was good for him." Well, having heard that astounding aspect of the story – which sounds astonishingly like Albert Bender's experiences with the three MIB that materialised in his attic – you might think: *could it get any stranger?* Yes, it could; and it certainly does, as Steiger added to me: "John was the sort of person who responded to threats like the red flag to the bull. But, he said to me that, on this occasion, they reached under his sink and took out a jug of Clorox. They said: 'What is this?' and John said: 'That's disinfectant, it's very powerful.' They brought it over to him, took the cap off, and gave him a smell. John wrinkled his nose, and when they asked if it was Clorox, he said 'Yes, that's what it is. Now put it back before you spill it.' Whereupon, the three of them – in front of him – put it to their lips one at a time and took large gulps of it. Now, by the time John had finished the evening, telling me stories like this, I decided that maybe I wouldn't be quite so brave and quite so powerful. I began thinking: we're not dealing with FBI agents or the Air Force."

ND: Some people have suggested the MIB are government agents. Does evidence exist to support this theory?

NR: There's absolutely no doubt at all that at least some Men in Black do originate with official agencies. For example, in the book I cite several significant cases from the 1960s – including one from England and one from the United States – where people had classic encounters of the MIB variety, with the MIB turning up in a black car, wearing black suit and hat, and making a veiled comment to the witness about not speaking publicly on their encounter. However, the significant thing is that thanks to the Freedom of Information Acts in each country, we now have the files on both events. In the English case, the documents identify the Man in Black as being attached to the British Royal Air Force's Provost & Security Services. The P&SS get involved in cases ranging from espionage and counter-intelligence, to national security issues. In the US case, the files identify the MIB as agents of the FBI. So, clearly some cases of MIB are indeed government-originated. But these incidents are far outweighed by the weirder, Albert Bender-type encounters with the MIB.

ND: Another scenario suggests the Men in Black are aliens themselves. What do you think about that?

NR: Well, as bizarre as that may sound, the fact is that most of the Men in Black do look very, very odd, and they act equally as odd, too! For example, many of the MIB are described as only being about five-feet-tall. They have either olive-coloured skin or almost completely white-coloured skin. They have oddly shaped, and strangely spaced, eyes and are painfully thin, almost to the point of looking practically anorexic. On top of that, they don't seem accustomed to our ways, customs and languages to the degree they should if they're from the government. They also seem to have the ability to literally appear and disappear – and I do mean literally!

This has all led to the theory that perhaps the MIB are human-alien hybrids. In other words, creatures that – with a bit of camouflage, such as pulled-down hats, large wrap-around sunglasses, turned-up trench-coat collars, and largely only surfacing at night and keeping in the shadows – look enough like us to where they can move among us, and perhaps even infiltrate us, if they're careful about how they do it.

The imagery is kind of like an underground alien army working its way into our lives, slowly and subtly, in other words.

ND: In the 1960s, a number of UFO researchers and authors actually managed to photograph the Men in Black.

Can you tell us about their experiences?

NR: Yes, there are at least two cases on record where the MIB have been captured on film. The first story comes from two long-time UFO researchers/authors: Tim Green Beckley and Jim Moseley. Back in the 1960s there was a UFO investigator in Jersey City, USA named Jack Robinson. Jack was married to Mary, and in 1968 they began to experience weird activity – when they would return home at night, after maybe going out for dinner, it looked like someone had been in their apartment and had been rummaging through Jack's UFO files. Then, during the day when she was at home, Mary started seeing a Man in Black staring up at the apartment from a ground-floor doorway in the building directly opposite them. Mary said he had an unsettling look on his face, kind of unemotional and zombie-like. Mary happened to mention this to Tim and Jim, and because the guy appeared three days in a row, they decided to drive over early one morning and see if they could see the Man in Black for themselves. Sure enough, he was there, staring ahead, with the black sunglasses, long black coat, and enigmatic stare. Tim, in the busy morning traffic, managed to get a photo of the MIB, and which he believes is one of the few authentic photos of a genuine Man in Black.

ND: In your book, you discuss a weird MIB experience reported by a notable author in London, England, in the early-1980s.

What is that story about?

NR: This is the story of Colin Bennett, who has written a number of acclaimed biographies on such people as Charles Fort and George Adamski. Back in the early 1980s, Colin had a very unusual experience in London. He was walking home late one night, and saw a UFO in the sky. **Even stranger, it began to shape-shift, from a bright-light in the sky, to an old Second World War bomber, and finally to a large, black, triangular-shaped craft.** He raced home to tell his girlfriend, and as he entered the apartment, there was this MIB sitting on the couch! The man had claimed to Colin's girlfriend that he was due to meet someone who lived on the floor above, and as the person was out, asked if he could wait. Mary, Colin's girlfriend, said yes. Although, it's clear that as the evening progressed, the MIB was far more interested in learning about Colin's UFO experience than he was waiting on a friend. This is made more likely by the fact that as soon as Colin finished relating the account, the MIB stood up, seemingly satisfied, and walked out into the London night, as mysteriously as he first arrived!

ND: Marie Jones is a best-selling author of books on mysteries of this world and beyond.

What is the story concerning how she was terrorised by the MIB?

NR: Marie is a respected author and a very credible one, too. In the mid-1990s she was deeply involved in alien abduction research, which seems to have led her to be targeted by the Men in Black.

She allowed me to interview her for the book, and told me some very disturbing things, such as how the MIB would make intimidating phone-calls to her home, even telling her what she was wearing, and what book was on the bedside table. It disturbed her to such an extent that she walked away from the abduction phenomenon, which may very well have been the goal of the MIB.

ND: Will you discuss the theories of paranormal author Joshua P. Warren, who has speculated that the Men in Black may **be time-travellers** from our very own future?

NR: This is a very intriguing theory. Granted, it's speculative to a degree. But Josh asks the question: why are the MIB always seen in old-style clothes? Why, even in the 1980s, 1990s and 2000s do they always wear the 1940s/1950s-type Fedora hats and skinny black ties? Why do they drive old-style black cars? In other words, everything about the MIB seems to be out of time. Josh speculates that perhaps the MIB are, in simple terms, time-cops, whose role it is to guard the timelines, to prevent time-paradoxes from occurring, and to ensure that the past, present and future don't fall into disarray. It's a fascinating scenario to think about.

ND: What surprised you most while you were researching the book?

NR: That's an easy one: it was without doubt the fact that MIB encounters are occurring on a scale that easily parallels – if not even exceeds – the number of reports from the 50s and 60s. Even I was amazed at how active the MIB still are.

ND: What is your personal opinion on who the Men in Black are?

NR: My personal conclusion is that there are at least two things going on. There are the government-originated MIB, and there are the weirder MIB. As for the former, I prove in the book that some can be traced back to official agencies of at least several governments.

As for those stranger MIB, my personal view is that they are paranormal.

Of course, much of this depends on how we define the paranormal! My personal view is that the MIB may be the inhabitants of multi-dimensions or extra-dimensions that co-exist with ours, and whose role it is to keep us away from the truth about not just UFOs, but a whole range of strange phenomena too. But as for why, that is the big question still eluding us!

ND: What do you hope the publication of your new book, *The Real Men in Black*, will achieve?

NR: I hope it will help people to realise that the MIB mystery is very much an ongoing one, that the MIB are not just the stuff of Hollywood fiction, fantasy or hoaxing, and that they are a very real, menacing and disturbing phenomenon not to be treated lightly. In fact, I have already received dozens of new reports since publication of the book. And, with the permission of the people, I am collating their accounts in a new book to be titled *Strange Tales of the Men in Black*, which will allow the witnesses to relate their experiences in their own words, with just a short introduction from me to each account. If anyone reading this would like their case included in the new book, they can contact me

at nick_redfern@sbcglobal.net.

The above article appeared in [New Dawn Special Issue 17](#).

"When my mother was in her 20s - 'way back in the 1940s - she and her second husband witnessed a rather close encounter with a UFO.

They reported it to the local sheriff, which I guess was a big mistake. Two days later three "very strange men who didn't walk or speak normally" came to their cabin on the outskirts of a small town in Colorado. Mom was home alone. They insisted on coming in to "take her statement for government officials" about her sighting. She tried to keep them out, but they pushed their way into the cabin. She said they quietly forced their way inside, walked around looking at photos on the wall, turning the kitchen faucet off & on, looking at the floor radio which was playing music at the time, and didn't ask her one thing about her sighting. They wore dark sunglasses, dark hats, and had milky-white skin. She was frightened, but didn't know what to do, except stand as far away from them as she could.

Then, suddenly, they all turned and looked at each other... then, just as weirdly as they'd appeared on her porch, one of them turned to her and said, "I think we're done here." And with that they walked out the front door and down the steps to the driveway. She ran to the window to see what kind of car they must have driven up to the cabin, but is less than 10 seconds; they were nowhere to be found. They had no car in the driveway; they didn't walk down the driveway to the street. They simply weren't there, anymore. She said they never flashed a badge, took any notes, and seemed far more interested in normal things in her cabin than in asking her about her sighting. She always felt the sighting was just a ruse to come in and scan her aura. She never saw them again, and she was convinced they didn't come from the government."

Dan Burisch – his own "Glossaries"

- **MiB: The famous "Men in Black" I have a wonderful chapter on these**
 - These are J-Rods that 'wear the dead' and act as 'timeline guards' to ensure that sensitive issues, events or even conversation is not disclosed that could change our future history to any considerable degree. The bodies belong to human cadavers that supposedly are relegated to the first half of the twentieth century (see the "Preserve Destiny" interview).
 - They usually intimidate but do no actual harm to humans.
 - Dr. Burisch is alleged to have had 2 of them sing him "Happy Birthday" on one occasion.
 - The picture to the right was snapped shortly before the MiB was 'taken into custody' by Majestic agents, during the run-up to the Cabrillo Bay operation of Project Preserve Mother.

Dan Burisch: Sure, OK. Well, the Men in Black. Kerry Cassidy: ...about the Men in Black. Yeah.

D: Part of it is a psychological operation you have within Majestic and that they operate to scare people away from things that they've seen, that they don't want them, you know, further bringing information out in the population. The so-called "people factor." Anything about that, they attempt, or have attempted... I don't even know that they're still in operation... to suppress. Then you have the real McCoy. The real McCoy is not human. The real McCoy is in fact a P-45 J-Rod.

They're using, through the use of some sort of sinuous biomechanical technology, the skin of a dead human.

Chapter 10 Orion and the Fall of the Atlantean Branch

The Men from Orion are the agents of what Barbara Clow terms "the big lie" - that Orion has engaged in a program of seeding walk-ins - Orion robots - on Earth.

"In the last battle . . . crystals were implanted in the etheric bodies of people by the Orion Atlanteans. . . The crystals are implanted with a variety of interesting programs . . . The Men from Orion knew that Earth would undergo another struggle at this point between the positive and negative forces. Therefore, many of the key crystals were programmed to help their cause. The end phase of the plan is to bring in walk-ins from Orion in order to use the crystals to maximum advantage."

The Men from Orion are an unusual life form, not really humanoid at all. They resemble more of a machine in their anatomical structure, and their appearance as we think of Atlanteans being the red race, is more a copperish-red color.

This is the archetype of Mars - the red planet. **Clow** says in one of her works that the Atlanteans are "**the metal people who came from the stars.**" The machine-like men in the movie *The Matrix* and even the Terminator himself are archetypal Orions, shape-shifters.

Amongst all the information above, there is NO contradiction with the data provided by Nostradamus in the Hidden Texts, and there is much in the way of verification.

"The Napa Sentinel reported the flight patterns, interviewed eyewitnesses, talked to military and intelligence sources, and provided a scenario for the entire phenomenon. Since that period of time, however, reports have surfaced across the country.

Black helicopters overhead, unmarked.

In a few ground sightings, the occupants of the helicopters have been described as men wearing black uniforms carrying automatic weapons. The helicopters appear almost unreachable.

In the Watsonville area, one such helicopter landed. Law enforcement officials went to investigate but left the scene when encountering armed men in black uniforms. "We had black helicopters come over here every day," states several Massachusetts families. "They were just plain black, with no markings."

A Paris, Texas-based group, "These mystery helicopters are almost always without identifying markings. The aircraft are frequently reported flying at abnormal, unsafe or illegal altitudes. They may shy away if witnesses or law officers try to approach. But there are several accounts of aggressive behavior on the part of the helicopter occupants."

These type of helicopters have also been reported over Loring, Maine, Wurtsmith, Michigan and Malmstrom, Montana, as well as northeastern New Mexico. Military officials in Colorado state that black helicopters seen in their area do not belong to the military. When the FAA was asked to investigate black helicopter traffic over New Mexico, Freedom of Information Act requests show they had no investigation on file. Yet, the FAA did have investigators in the field taking depositions from individuals.

How is it that you find this difficult to accept?

These "genetic/holographic" DNA/RNA replicas have been in the perfecting for well over four decades. All that is required is a holographic fragment (literally, one cell) and a replica can be reproduced. Then all that is required is down-loading of the memory data and programming of the manufactured entity. I have spoken of this procedure prior to this and will not take precious time to repeat and repeat for those who simply do not wish to go back and effort at gaining the information. You see, I, Hatonn, care not in the least whether or not you believe me nor if you understand the mechanism by which it works.

¹The Canopus Revelation

www.philipcoppens.com/canopus.html

¹The identification of the constellation **Orion with the Egyptian god Osiris** has become engrained in human consciousness, yet it is one of the biggest misunderstandings dominating the understanding of Egyptian mythology. Rather than the constellation Orion, **it is the star Canopus that is linked with Osiris**, as identified by ancient writers as well as early 20th century scholars, whose evidence has since been bullied into silence, if not oblivion.

Canopus, for Egypt the South polar star, is the second brightest star in the sky and interplays with Sirius in such a way that ancient accounts say they control time and evolution. Furthermore, Canopus was the star of the navigators, both ancient and modern, and was believed to allow access to the Afterlife - the domain of Osiris. Canopus was specifically identified with his Chest, his Ark, in which he was transformed from mere mortal to resurrected supergod; an image that has inspired Mankind ever since. The story has been at the origin of the Grail legend and alchemy, both of which have a specific link to Canopus - revealed here for the first time.

Canopus was therefore literally a "stargate", where man could communicate with and aspire to become gods - and enter into other dimensions. This book will reveal what the Egyptians actually believed as to what happened to the soul after death, when it entered **into the Duat (or Nibiru)**, the crossing between life and the Afterlife, and the paths it the soul could choose. It will show how they coded this knowledge into their mythology and how ancient accounts and modern physics use the same symbolism... to describe the structure of the universe, the playground of the Egyptian gods and the souls of the deceased.

This book radically reinterprets the myth of Osiris in its proper context... what the ancient Egyptians believed would happen to the soul. Mankind is again on the brink of discovering this knowledge through modern science...

"This is a brave book. As if it were not risky enough to challenge the accepted established scientific Egyptological paradigm the author of 'The Canopus Revelation' has taken a long and incisive re-examination of the modern 'alternative' interpretations of Ancient Egypt. As a sceptical reader of modern writers such as Bauval and Hancock. I found this book to be a thought-provoking breathe of very fresh air.

The Author, Philip Coppens, has applied himself diligently to the facts and has unearthed what must be one of the most startling re-examinations of Egyptian stellar lore of recent times. I thoroughly recommend this book."

DRACO MOTHMEN

In the constellation of Draco, there is another race of entities which has in the past visited Earth. They are 8-foot-tall. dark, nocturnal aliens who appeared around graveyards and parks. They have red eyes that glow in the dark and wings to fly. They are referred to by us as Mothmen. They are also the source of legends of the past relating to gargoyles and Valkyries. Even some qualities of vampires have been taken from the qualities of this creature -- the ability to fly and nocturnal habits. The Mothmen have no particular influence on earth at this time other than as causing panic and a cause for curiosity.

They are mostly hidden underground and do not wish to attract attention

As Ophiucus 29/11-20/1 ARM = CEPHEUS contains seven stars – the “children” I saw seven stars mentioned in the Bible...here Nostradamus has told us (more than once) that the seven stars belong to Cepheus (see 1 10) – as a warning! Cepheus is not mentioned amongst the second coming, they come as opportunists This is also saying our sun has turned “orange” (bronze) With the placement of our Earth ~ “far to go”</p>

CEPHEUS – with seven children. There are interesting articles in Earthfiles regarding the arrival of cannibalistic reptilians
[Revelation 2:1](#) "To write: These are the words of him who holds the seven stars in his right hand and walks among the seven golden lampstands
[Revelation 3:1](#) "To write: These are the words of him who holds the seven spirits of God and the seven stars.
I know your deeds; you have a reputation of being alive, **but you are dead**
[Revelation 12](#) talks about the dragon which was cast out of heaven—he drew *one-third of the stars of heaven* with him, cast them to the earth. (This describes the *Earth turning*; it describes the view from the Earth)

Origen (c.185-c.254), biblical critic, theologian, and spiritual **writer**: Born in Egypt, he was brought up as a Christian.

In the hidden texts I have seen the word “ORIGEN” not realising (as usual) that this is an author to whom I am to refer. In the same way that Allan Webber was guided to Cornelius Agrippina Chapter 14 – which speaks of angels being either “good” or “bad” and that many of them can “shape shift”.

Those are the basics, a summary...

and when applied to what Origen has to say, clarifies certain discussions stated in the Bible.

One question being the connection between the stars being “living” things and the analogy of stars being “angels”... or at least the *source of angels...says Origen*

So here we have the reason Nostradamus has been telling us to “TAKE THE BIBLE LITERALLY”

<p>16 1557 May. 2013 ? Conjoint ici, au ciel appert depesche, Prise, laissée, mortalite' non seure, Peu pluye, entrée, le ciel la terre seche, Defait, mort, pris, arrivé à mal heure.</p>	<p>Conjoined here in the sky the connection opened: <i>TOUTATIS</i> Taken, (those) left behind, mortality not certain: <i>false rapture</i> Little rain, entry, the sky and earth dried, Death undone, caught (up), arrived at a bad hour.</p>
--	---

Death undone. Men in Black. Caught up (false rapture) or the 3am martial law and off to the trains...
Toutatis (with a “quadrennial” orbit 3 4 1) is a peanut shaped asteroid “conjoined” until it gets close to Rome where it separates to become the “two headed monster” 9 3 over France 3 32 with “Tuscany the worst” 9 45

<p>7 36 Dieu, le ciel tout le divin verbe a l'unde, Porte par rouges sept razes a Bisance: Contre les oingz trois cens de Trebisconde, Deux loix mettront, et l'horreur, puis credence.</p>	<p>God, the heavens, the divine word in all the waves, carried by seven red-bald heads to Byzantium: The anointed of Trebizond, against three hundred Two laws he made, first horror then trust.</p>
---	--

The “anointed” means a coronation. Otto’s mother was Byzantine. Trebizond is Lombardy. This quatrain is about the three centuries that the newly anointed king Otto had removed from the calendars, just so he could be crowned in a “millennial” year. Thus bringing his seventh century into the tenth. There was great superstition regarding the turning of a millennium.

SEEMS MY OMENS LIE:

well, yes, Peru did not happen in 2012... the explanation sits in the Preface to Cesar.
The Peru Slip is yet to occur.

Today, from within my computer a document made itself known to me. I had kept it to “read later”, and here is ‘later’... many people say: “one should not pay any attention to stuff one reads on the internet”. However, when these words in the Hidden Texts provide parallel information which states the same details as others have written – one needs to pay attention.

THE ADRAIN INTERVIEW by Sean David Morton 1996

From [DelphiAssociates](#) Website

Here is an example:

... »It was a giant wave coming right at us! Then I started remembering in New York the giant buildings, how they look, and I said, ‘That thing is bigger than those tall buildings I remember. That Old Man is going to take all this out like little toys!’ And then all of a sudden about a dozen people appeared to my left hand side, and they were part of the crowd that came from who knows where.

Then the starships appeared and started quickly, frantically, beaming people up and out of the city in the ships.

So, exactly as I say on my left, this group of people were just looking at me, and with their minds telling me,

‘Yes, it’s us, we are here and we are ready. Tell us what to do. Where do we go?’ And there was no expression on their faces.

...From the Atlantic Ocean to the Gulf.

Sean: Florida was gone? Did you see when this happened? The incident, in the future?

Adrain: Yes. So maybe the time is approaching. I usually never talk about dates because **things are changing constantly in the future**, because the path that is leading energies back and forth isn’t fixed.

If I say things and they don’t happen people will say I am a liar.

I have been in the future several times in the same place at the same time and it has been different every time.

I have predicted horrible storms for Florida in 1997 but the Pleiadian forces are trying to change this, just as they changed the four other hurricanes that were coming behind Hurricane Andrew.

Sean: What causes this tidal wave?

Adrain: A meteor that is going to hit the Caribbean

In other lines the Eloim (light being) produces radon which is dangerous to humans... so as well as a coronal mass ejection ('slayer rays') happening at Yule, so are the Elohim. In 3 5 it says: "but two great good natured ones by land and sea will relieve all parts" – this could be referring to the Plejarens (from Pleiades) and the Arcturans (of the Hopi) – are they the Eloim? No.

I have found a document by a German Professor, which he wrote in 1995, saying that the 'middle ages' or the 'dark ages' are actually 325 years that was removed from the calendars by the stroke of a pen.

This is an easy thing to do - Pope Gregory did it when he took ten days out of the calendar
And that is how the professor made his discovery - it should have been 13 days that Pope Gregory should have taken - if that year was really 1582!

Dr Hans Ulrich-Niemitz is saying that in fact 1582 was really 1257AD
