

ORIGINAL TITLE:
The SECOND COMING – SUB TITLE: DANGEROUS TRAINS
From the Hidden Texts of Nostradamus... Helen C Parks

Strange as it seems – Nostradamus has proven he is correct when he points to what we call ‘the heavens’ and tells us “it is all in the stars”. Forget your daily astrology reading in the local papers.
The bigger picture is truly a very big picture.

As the illustrations here and in the Lost Book of Cesar de Nostredame will show – there is much to know and seek when looking upwards.

As Nostradamus tells it to his son Cesar in the “Preface”:
“for your edification, *after my disappearance* [Ed. my italics] & for the common good of humanity, what the divine essence, by the intermediary of the science of the movement of the heavenly body, has revealed to me.”

And

“considering as well that the *events remain uncertain** and that the whole is regulated by the invaluable power of God who inspires us, neither by hallucination, nor by delirium, but *rather by the truth revealed by the heavenly bodies...*”

Compare the clothing in these pictures. What is it on the Flag? A leg? Leg (the “amputated leg”) represents Pegasus/Scheat constellation. Is it a Templar cross? The same which Anu himself wears in one glyph

from the 1686 book *Discourses on the Plurality of Worlds*, by Bernard de Fontenelle. Some have titled this “Herculobis” ... not realizing it shows an orb – the same which Nostradamus tells of in 2 42 2 “VOYEUR ADOPT MANUAL”

(*“*remain uncertain*” because time lines can be changed... In 6 72 4: Nostradamus says that Eloim can make time ‘motile’ and in 3 74 1.... that “An, (and) Leo” can “level off time”
The “heavenly bodies” here are the constellations (and those which emanate from them) ... continued in footnotes

Something immediately came to my attention when collecting the lines telling us about “moving time”. . For those who have already been following the Hidden Texts these last four years, they will know that the singular lines from the quatrains also supply more than one genre within the cached quatrain lines.
It never ceases to astound me that one subject will have associated with it, another – and consistently so.

In this instance the “motile time” topic has with it a subject we should all be watching closely from now (May 2012) – that of “DANGEROUS TRAINS”

Although many readers will already know how this works, an introduction may still be necessary.
The colours of the words define different “topics”. Dark reds are from Nostradamus to all of us.
Blue indicates a date, black is a separate genre and green refers to or from the collator-decoder/s.

6 72 4 *Victime au peuple ignorant imolee* (cremated)
TO MENTORIAL ELOIM
PURE MAGICIAN: MOTILE TIME
NEGRO ORIGINANT TRAIN - EVICT REGIONAL
NEGRO ARGUE IMPACTION ANTI VICE
ON GUILLE - PUPAE GERMINATION

People, ignorant victims of incineration
To his Mentor Eloim
Who can “move” time or ‘move in time’
Would this be trains to “detention centres”?
Deception regarding Genetic Engineering of...?
ON is a pun. It also means the Oannes with PUPAE GERMINATION
being genetic engineering

3 74 1 **Naples, Florence, Favence, et Imole** (cremation)

AN, LEO RENDERS TIME MOTILE
 PRESENCE CAN LEVEL OFF TIME
MENOLEA PANS TIME, CLEVER OFFENCE
 PER NASCENCE ELOIM - SELF ALONE, SPAN TIME
ENvORCE PLAN - FACE NEE (birth)

et Imole is a pun on « imolee » - cremation

AN – Anun.nakim/Eridanu (see 10 100 4 “Rennes capstone is not”) and those from Leo
 EL PANS meaning “spies” in time, but is also SPAN TIME
ONE MALE = MENOLEA (ELECTRON BEING) PANS = spy
 FACE PLAN ALONE = Nostradamus “facing a time trip” (PLAN) on HIS OWN...see century 1 quatrain 1 here – back to his own birth

3 74 1 This is interesting : AN are the Anun.nakim (of a thousand names) but LEO are those from Denebola, a negative (towards humans) faction. – In the STAGE GATE – STARGATE forum (which I have been told not to publish yet), those from Leo make the *discovery* that others use stage gates (time portals). Therefore, did not originally have this knowledge. It is the Anun.nakim who told them, since these two have made allegiance with each other regarding the upcoming “rapture”. MENOLEA (One Male) is another name for Elohim (Father and Light Being) who has the ability to “spy” using a *see-er* principle... a part of the time portal that others apart from Nostradamus, do not have access to.

AIX MAGI – those from Auriga ‘the chariot driver’ with victim kids in his arm...Earthfiles has an interesting article about an approaching mother ship from the direction of Auriga, & Greg Jenner’s

The U.N. have earned non redemption when they arranged genocide through the use of trains, and gassing by SULFANE

It was in the MARCH PISCES forum that the name PENRE first appeared in the lines (AXINITE = mineral = in Pisces, quite so)

HERA an asteroid C is a date: Aug 5 – Sep 1. Mar 22 – Mar 31

HERA could be H = chaos ERA H is also May 13 – June 9

COURIER – channeller? Morphs? OUTCRIES: prayers

HEAP obs. for the Pleiades PRONUMBER means “the first”

MUCH EA could mean much water, which suits the Enki clan

INTER-REGAL: leaders on and off world meet in DAN Scorpio

PENRE would be Wes Penre – what a coincidence! I quote from his work in the ETNA forum and here he is in a line. I have seen the name in the texts before without realising what to do about it.

***HE IT MACAU could mean MACAW – as in Vucub-Caquix - a chain reference to those from Ursa Major, and NOT Orion/Canopus**

In the ancient Quichean document, [Popol Vuh](#), **Vucub-Caquix** (perhaps meaning “Seven-Macaw”) is a bird demon pretending to be the sun and moon of the twilight world in between the former creation and the present one. He is husband to Chimalmat, and father to the two earthquake demons, Cabracan and Zipacna. According to modern Quiché’s, his name refers to the seven stars of the Big Dipper **asterism**. Arcturus is in the Big Dipper...However [Wiki](#) notes that there are seven main stars of Orion. The Pleiades also have seven, as does Cepheus

Not for the faint-hearted - Addendum

The following was sent to me by a Source (and apparently also to [Steve Quayle](#) so it is making the rounds):

..."We went into my office, and he said, "You might want to sit down."

He has a client who is retired CIA who told him **that the grid would go down in June/July.**

Our friend told me:

"It is to mask the global monetary collapse." He then went on to say that it would be,

"either an **EMP attack or the Chinese** would shut the lights out 'with the push of a computer key.'"

He then said something that I didn't understand (until I heard Hawk's broadcast.) He said,

"they are going to evacuate the cities....**you don't want to be next to a railroad track.**"

I thought this sounded funny and I didn't think that I heard it right.

Until I heard Greg on Hawk's broadcast." End of Quote

Now I have no way of knowing if this is good info or not.

I can say that another source has mentioned to me that there were plans in the making similar to the above.

And, on that note; another undisclosed source told me that there are a lot of "ships" over Australia lately.

They are very large ships and they are picking up large quantities of gold and other minerals out of the ground...

and taking them elsewhere (off planet).

Of course this sounds very much like the old Anunnaki goings on from the Zechariah Sitchin books.

If my source is accurate...then they are still at it¹. Hard to believe

After being told this I had a very clear vision dream experience.

I wouldn't call it a dream really... it was too real.

I was on a ship (but not involved) and saw they were in fact doing just that.

But what came through most clearly was the sense I got from the humans and the

ETs working there of how they view the people down here on the surface of this planet

It was the clearest perception I had ever had of their disdain and complete detachment

from what happens here and what we might go through as a result of anything they do or set in motion.

This is not written to stimulate fear, but rather to indicate that the STS are doing just what they want to do and that we are very blessed to be on the same team as STO who are out there looking out for our side of things.

Jesus (see table here The Second Coming)

The King of Terror of 10 72? This could also be an asteroid

Hermes: Messenger of the Pleiadian* gods who *will surpass*

Above the Cassiopeian (Aesirs) Cepheus and those of Taurus

Pleiadian gods = by Zeus from Maia, 'messenger' is also Mercury or those decoding the quatrains. Cepheus = the king

Hermes is also an asteroid, AND the Pleiades are in Taurus = the east

including Aldebaran 'hiding' Algol - Perseus

In the obsolete keys, orient = the east, is Taurus

(one of the 'insane four' of 8 10 2 in the hidden texts

Which says "FEUDING AURAS – INSANE FOUR DUE")

Recently *Before Its News* had an article [www.dailymail.co.uk/sciencetech/article-2138944/How-Ancient-Egyptians-understood](http://www.dailymail.co.uk/sciencetech/article-2138944/How-Ancient-Egyptians-understood-which) which showed the ancient Egyptians were aware of Algol as a mal-influence star. They knew much about this star even though it "hides" behind Taurus. In ancient societies it was called variously 'Algol the Red', 'Perseus the dice thrower' or 'cup-holder' and 'the unfortunate star'. What did they know? More importantly, *how did they know?*

This is what the Alchemye List is all about. The obsolete names of the constellations hidden within everyday words... It is by this means one can interpret ancient glyphs, and one example is right here, another is in *LANDS in MELEES*

Quite otherwise one will interpret it – see below

Computers count Men, (Anun.nakim names, or world population)
Currently I have been working on the difference between the names Elohim and YHWH. This project was started by listing all the names Nostradamus uses for the Anun.nakim, because Enlil was a YHWH. Clearly, here Nostradamus is telling us that the Anun.nakim are NOT the Universal Originator! That is; the Creator, despite the many times the Anu say that they are. YHWH is the term for a Pilot/Captain

Well, here is my interpretation of the petroglyphs I spotted in a documentary, the name of which eludes me
As you can see, the quatrain line is referring to an interpretation one person makes. The Alchemye list provided from information in the Hidden Texts gave the data which assisted in the translation of this illustration.

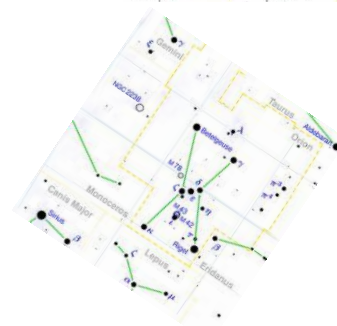

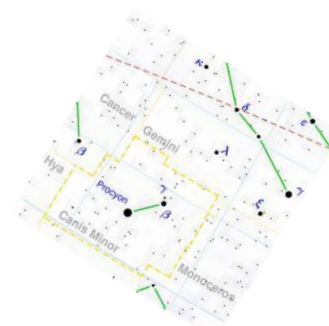

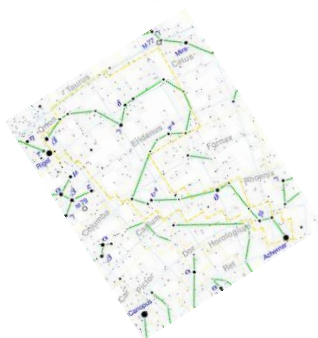

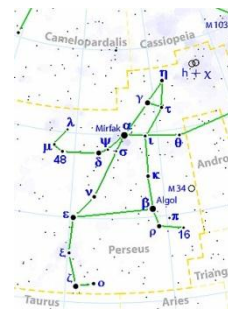

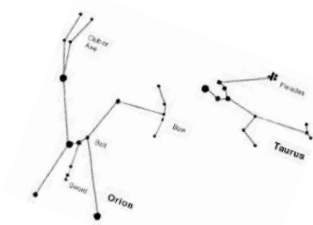

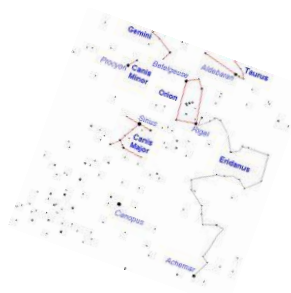

Orion (centrally) in the red circle holding his victim (usually shown as a Lion's head in modern times but looks like a vanquished warrior here) facing **Taurus** (Bison) under the foot of which is **Auriga** and above which is a **turtle** – Testudo, now sitting in Pisces
Under Testudo is the small constellation we now call Aries, formerly Musca the Fly Apis the bee or Wasp also known as Perseus, **Algol** the Red (hides behind Taurus)
At the Left foot of Orion is the beginning (or end) of **Eridanus** (aka 'the Jordan') which travels all the way to **Cetus** (the 'behemoth that drinketh up the Jordan') **Aquarius** (the tall figure on the right)
To the left of Orion are the dogs **Canis Major** (Sirius) with Canopus and **Argo** – Puppis –(Cockerel) beneath and the **unicorn** Monoceros to its left
Behind the Unicorn is **Ursa Major** which sits in Cancer
Petroglyph of the zodiacs in the night skies made by the forerunners of the Ottawa tribes of Kansas

Raising the question: how did a supposedly 'ignorant' native American tribe know or "see" this view?

Illustration: *astrobob*. Bob King

Procyon is in Canis Minor and Ursa Major sits in Cancer

These are the (Wiki) correlating views of the petroglyph in Kansas

That which is enclosed in FISH would be the Oannes in their « fish suits » - according to the Lost Book of Enki in the 14 Sumerian clay tablets translated by Sitchin. Iron is also the metal which represents 'in Aries' The 'letters' of the word FISH are also dates - which you will notice - encompass Aries
