

CUBES from NOSTRADAMUS: UNIDENTIFIED FLYING OBJECTS

It came to me, being on the verge of giving up on this work I have been doing for Nostradamus, to walk away from it - partly because of the apparent non event of December 18 - 24 which has been a big feature of that work, yet nowhere did Nostradamus say the world would end in *2012* as the History Channel insisted he did ... there are many more 'years of the Dragon' right up to the year he *did* say would be the end ~ 3797 [AD/CE] !

The other thing is: the thought of the floods, the mould, the wet and cold in this year. I do not know why I presumed it would be world wide including the southern hemisphere, because I just realized, once again, Nostradamus was *NOT* wrong - The UK and Europe is suffering exactly these features!

The asteroids - yes they did arrive - on the same day - the *very day* stated within the works. They were both about 300 metres in size, with one of them fitting every single criteria; they both passed inside our moon's orbit too, and they still both could possibly fulfill their "purpose" yet - in four years time or any other four years time, especially 2024 and 2036 which are also years of the Dragon...

At the same time it does seem to me we have received our "miracle" Nostradamus said FEEL MIRACLES REFLECTED XII (which I took to be 2012) but it could even mean "12 MIRACLES" or 12 planets

That 20 minutes "lost" from the clocks June 14 2011, which was noticed mostly in the Mediterranean - and ignored entirely by western media - had moved the Earth off her placement in the orbit just enough to ensure those asteroids did not find her in their path. Thus fulfilling Matthew 24:22

"but for the sake of the elect the days will be cut short".

Don't you find that amazing?

In other words, not only was a timeline avoided, the *replacement* of that timeline put us all on a POSITIVE pathway - and we should all be thoroughly grateful. Yet people are as usual "unaware" of how lucky we all are.

There will be many who will say NOSTRADAMUS WAS WRONG and he himself told us "SEEMS NOSTRADAMUS LIES"

For me - at first it was as if I have spent all these days for over four years performing this task for nothing- simply fear mongering is one way I would put it - then, for me, the end result of the Maya Calendar debacle and all its media "End of the World" hype - has also lacked validation. We will not know for certain right now if the Earth has been "nudged" off the old orbit (the old calendar), because Da Vinci said:

"You shall behold yourselves falling from great heights without suffering any injury; the **torrents** [orbits] will bear you with them as they mingle in their rapid course."

Saying here that we would hardly feel it... with my additional note not to expect NASA to tell us!

The subject of the solar flares and "sun cycle 24" has played a major part too.

That is, a major role in any number of possible natural disasters.

The heat we have been experiencing I believe is not normal, that is for sure, and if the Northern hemisphere were to suffer the type of solar flare written in the work, I doubt that we would see it on the daily news anyway. The first sign that our planetary protection has failed us would be the satellites all going down.

However - we really do not know just yet, Solar cycle 24 is not done with us as I write

The conclusion to all this is that we have all been really lucky, with a kind of luck that is not normal.

This is proof we should all recognize that there is a God and that we are all being watched over as promised.

The constant chemtrails in recent weeks has prevented us from witnessing the "crack of the dragon's tail for six nights" as Mother Shipton put it, following St Lucy's Day, yet there is still the subject of "three sleeping giants" to contend with.

These are nature's design to replenish Earth and "beating the bed to remake it" as Da Vinci hinted Looking at what humanity has done to mother Earth, it seems to me that it is about time for that.

Primarily - there is still the book about the Oannes in the Hidden Texts as a work in progress, and the huge subject of travelling in time.

I can now see why I was told to DELAY PORTAL CHORE - for the simple reason I had not yet received the information now to hand from Andrew Bassagio, and others, but I will summarize that for you now:

The "TREASURE" found was not only a stage gate at Rennes and under Giza, but the documents for the plans to make a mechanical time portal and cronus visor, and wherever the word TREASURE appears in the quatrains, that is what it refers to. The Templars had assistance from Other Worlders to bury the one they possessed under Oak Island with the outcome being we as a society have done nothing but regress ever since, despite technology and its very dangerous advances. A "stage gate" is a time portal, we know them as stargates.

*This could be a reference to the 20 minutes removed from the day June 14 2011, thus "cutting short the days" according to Matthew 24:22 "to save the elect" Because this happened, the Earth was NOT where she should have been on St Lucy's Day the day which Shipton and Nostradamus spoke of in relation to asteroids. These two asteroids DID arrive on this day in a year of the Dragon. XI the number 11 which has been a question mark recently, refers to the Illuminati, who/which revere that number.

It is quoted in the New Testament, particularly in the writings of Paul the Apostle, and also by the Apostolic Fathers and later Greek Church Fathers, and continues to serve as the Eastern Orthodox Old Testament.

The traditional story is that Pharaoh Ptolemy II sponsored the translation for use by the many Alexandrian Jews who were not fluent in Hebrew but fluent in Koine Greek, which was the *lingua franca* of Alexandria, Egypt and the Eastern Mediterranean from 323 BCE Wiki

On & A discs exposing their poles. Is this saying that either of these Other Worlders each “have” a pole? The south pole is well documented as being a dwelling place for a faction of Other Worlders, since I have seen no mention of Mantids at Antarctica, then it must be the Oannes who are in the south leaving the Cassiopeians and their alliances as the dwellers of the north entry to the Earth. It seems to me that various Extra (Other) Terrestrials (Worlders) maintain personal boundaries here on Earth. In the SUMMARY OF THE NORDICS referring to ‘shapeshifters’ and the Aryan E.T. at Antarctica, it is the Oannes from Sirius B which do the shape shifting to become Tall Blondes. This was a confirmation.

“The first of the ten **Sephirah** describes the Divine Will above intellect. The next Sephirot [plural] describe conscious Divine Intellect, and the latter Sephirot describe the primary and secondary conscious Divine Emotions. Two Sephirot (**Binah** and **Malchut**) are feminine, as the female principle in Kabbalah describes a **vessel** [container] that receives the outward male **light**, then inwardly nurtures and gives birth to lower Sephirot. (**Hybrids**). Corresponding to this is the Female Divine Presence (**Shechinah-Hebrew**: שכינה). [**Synthetic females**] Kabbalah sees the human soul as mirroring the Divine (after **Genesis 1:27**, "God created man in His [**Our**] own image, in the image of God We created him, male & female We created them"). **Wiki** (underlined words my emphasis Ed)

Now here is where I must raise questions. The gods here who made mankind in *his* image (using his or their – own DNA) is the god of En.lil/YHWH. *En* means ‘god’ and ‘*Lil*’ means ‘air’. YHWH is the title for the Chief Pilot in charge of a project. Those who use containers (in vitrum) are the hybrid breeders – אֱלִים and the Cassiopeians. The Hebrew/Jewish gods are the Anun.nakim, going on the answers from Ea to the questions which Moses asked at the burning bush. This indicates that the Cassiopeians are in league/ agreement or actually work under the direction of the Anun.nakim. The אֱלִים god did seem to have been linked with arranging the messiah, and the Cassiopeians are saying that they were involved in this (in other lines). It is important to differentiate the Sephirot of the Kabbalah and the Seraphim, the fiery ones.

“Seraphim, the fiery ones: Divine creatures from the Old Testament, associated with the **Cherubim**, and later taken to be **angels**. The root of Seraphim comes either from the Hebrew verb *saraph* ('to burn') or the Hebrew noun *saraph* (a fiery, flying serpent). Because the term appears several times with reference to the serpents encountered in the wilderness (Num. 21.8, Deut. 8.15; Isa. 14.29; 30.6), it has often been understood to refer to "fiery serpents." From this it has also often been proposed that the seraphim were serpentine [reptilian] in form and in some sense "fiery" creatures or associated with fire. Some of the Seraphim are Metatron, Kemuel, Nathanael, Gabriel, and Lucifer. [It is Metatron thought to have stayed the hand of Abraham sacrificing Isaac.]

MMIX Encyclopedia Mythica™. Sounds like shape shifters to me. **The ANAKIM are in league with Oannes/Dagon who are shape shifters Cherubim**: from **Ch**-rub. The He Rod which Dr. Daniel Burisch kept alive following the Roswell Crash debacle called himself **Ch**-ilah. He described himself as a J-Rod52, a “he rod” from Gliese 876. I wonder if these are the “heroes” of the Anu or even the Igigi? One needs to read all of the Clay Tablets of En.ki (god of the Earth). The Anu are not the only ones who use the title of YHWH or SEM-YASE (a subordinate to YASE/YHWH). They also make reference to the Creator God.

MANSION or house also is saying this is a reference to those constellations in the heavens which bear a zodiac name, such as Leo (thereby eliminating Betelguese)

The Dogon tribe say the Oannes gods are from Sirius B...

Described in Robert Temple’s book; *The Sirius Mystery* the Oannes are in the form of an aquatic man hybrid.

The name ‘Oannes’ is a Greek term and they go by many other names world wide.

Known as ‘Dagon’ in the Bible (six mentions) and ‘On’ to the ancient Egyptians.

Other names are : Cecrops - Dercetis – Merops – Nommo – Pelagian (under water breather) – Silurid – Undine (water breather)

The ceremony on the left is at Timbuktoo in north west Africa.. The long (high) mask on the right has the number of ceremonies held since the visit of the Oannes. The celebrations are held every 50 +/- years – this is one orbit of Sirius B.

Half way across the world the Aztec hold the same ceremonies.

Names which they called the shape shifting Oannes include:

Ku.Cul.Kan or KuKulCan

Plumed Asp which is Quetzal.coatl (concrete spirit) - these two words describe a shape shifter. Concrete is an interesting word. It is a “mix of several elements which create another”. Concrete the building material is a combination of sand gravel water and cement.

Vira.Kocha and many other names

The similarity of the ceremonies between those of Aztec/Inca Bolivia Meso America and Peru and those of Timbuktoo cannot be dismissed.

“The report is part 5 in a series describing the dramatic experiences of a contactee named William, from Arizona. The contacts in question occurred in 1969, when William was 16. In parts 1-4 William, interviewed by Linda, describes his various encounters, which in themselves are fascinating and seem very credible. Part 5 is different. Here, the human-looking ETs (apparently from [Tau Ceti](#)) used a "black cube" to show him a probable future earth timeline. This was shown vividly to William, who was able to recall the details to this day and was fully conscious during his contact experiences.

WHAT DID YOU SEE HAPPENING IN THE UNITED STATES?

Not good things. One of the things that was frightening to me was like the police were keeping all the people controlled. There weren't a lot of people traveling around and then suddenly there were all these different explosions in different cities.

And the only thing I've seen that reminds me anything of what I saw in the black cube is the TV show, Jericho.

That's kind of a similar scenario that I saw.

MEANING THERE WERE MISSILE ATTACKS ON THE U. S.?

No. They weren't missile attacks. Whatever was being exploded was already here.

SO, IS MARSHALL LAW APPLIED COAST TO COAST AND BORDER TO BORDER? OR ONLY IN SPECIFIC PLACES?

I think it was only specific places. But there was enough martial law that you could not go any place. The black cube gave me the impression that the place to go was near the equator down south because that would be safe – there *and south of the equator*.

North of the equator it would not be safe. The reason was because of the prevailing wind flow.

THIS IS SUSPENDED IN THE AIR IN FRONT OF YOU AND NOT IN A CUBE LIKE IN 1969 WITH ZO IN THE CRAFT?

There in front of me was this large, gelatinous-looking mass that was just floating in the air. It was different from what I had seen inside of the craft with Zo. What I saw here in the white room was not a 4-foot-square black object with a holographic display. Instead, it was something that might have been as large as a football field - large, undulating, black and inside of it were pinpoints of light. There were large and small lights. There were wisps of light. There was a presence there and I never saw who this was. But in a short amount of time, the male voice explained to me that what I was looking at was an experiment that they had conducted in order to understand their place in the universe and this experiment was their attempt to create a small universe to observe.

And somehow - and I was not sure and am still not sure - somehow I had emerged from that large, black mass, according to them. A STARGATE

Once that explanation was finished, they insisted I needed to go back. I immediately found myself drawn back into this large, black mass traveling back through space again and ending up back at the Doorway of Aramu Muru.

OK, WHAT YOU ARE IMPLYING IS THAT YOU WENT THROUGH A DOORWAY IN PERU AND YOU WENT INTO ANOTHER DIMENSION, ANOTHER LARGER BOX OF CONSCIOUSNESS AROUND THIS WHOLE UNIVERSE...

IN THE BLACK CUBE, DID YOU EVER SEE ANY PROJECTION IN TIME OF THE OUTCOME?

No, I didn't. There was nothing like that shown to me. I was left believing that regardless of what happens, that humanity continues on and it's important that knowledge be carried forward so that future generations have access to higher realms of knowing.

THE PERPETUATION OF KNOWLEDGE WOULD BE THROUGH EVERY INDIVIDUAL SOUL?

Through persons taking responsibility to make sure that what they knew is continued.

DO YOU THINK IT'S POSSIBLE THAT SURFACE LIFE ON THIS PLANET COULD BE COMPLETELY ERADICATED, WHICH WOULD TAKE WITH IT ALL OF THE HISTORY OF CIVILIZATION UP TO THIS POINT?

I think it's quite possible that could happen. It's happened before, according to Zo.

THAT'S WHY I ASK: WOULD THE PRESERVATION OF KNOWLEDGE BE LEFT ONLY TO THE SOULS SINCE THE BODY CONTAINERS WOULD NOT SURVIVE?

Bodies will survive. There will be those humans who do survive. It's not going to be that there is no one left. But the way the information is stored and is accessible – well, that's why they wrote on rocks after things like the Great Flood. They wrote and carved on rocks because rocks are more indestructible.

Reincarnation Is Real

THAT WOULD HELP PREVENT THE REPEATING OF THE SAME TERRIBLE MISTAKES.

Sure, and that is an imperative.

Zo showed me that the safest place on Earth is just a little south of the equator. [Earthfiles](#)

En.ki on the Cube Throne... THIS COULD BE Oannes because of the water, but the river also signifies Erid.anus. En.ki (Lord of Earth) was Ea [water] Note the Mantid [of Cassiopeia] with his human helmet on and the fish of Pisces Constellation. The water pouring forth from En.ki is also Aquarius, the headwaters of Erid.anus. It flows to Orion

The same (?) single star presides. Here the shape shifter En.ki (as bull-man) is lord of the rampant Leonine and an unidentified Anu is lord of those of Taurus constellation. The Pleiades are "seated" within Taurus from Earth's point of view, but this wall relief means those of Aldebaren and possibly Algol. The (one eyed) stag is Orion. The star is Sirius

The Pleiades are seen represented as the hind leg of a bull in many hieroglyphs, so this could mean the Pleiades AND En.ki/Erid.anu

The ancient symbol for orderly building – for "Cosmos" – is the perfect **cube**, which has six faces. The cubic pattern expresses sanctity both in Judaism (the form of the Holy of Holies and of the phylacteries), in Christianity (the cube of "The New Jerusalem" at the ending of the Christian Bible) and in Islam (**the Ka'ba**).

The Pythagoreans saw in the number six "the first perfect number", because the sum of the numbers it is divided by (1, 2 and 3) equals the number itself (1+2+3=6), and regarded these numbers as the secret of the perfect creation. It seems that the author of the Book of Genesis wanted to start the account of creation with such a perfect number. The scribes of the Torah conceived of the Creation as a building process with **six-stages** (a perfect number). Each Creation Day is likened to a face of a **cube**, each face in its turn connects with the former ones, so that the Third Day – the third face of the **cube** – already adds a dimension of volume, whereas the sixth day, the sixth face, closes the **cube** and forms inner space. The accent point in the Beyt is the clue for the seventh element, to the conscious center that is nested within the six-sided **cube**. The whole sentence contains seven words (combinations of letters

The sun's heart IS the image of fusion perfected. Its slip knot ANU IS the link between the 7 spins of the tetra (hex shadow), to the 5 spins inside. (cube to dodec). (Fusing the serpent to the bird brain thru bliss requires slipping knot thru the amygdala. Funny how Candace Pert figured the limbic brain serpent stem was the catchers mitt for bliss bullets ("Molecules of Emotion"), never considering the HEART BLISS which peristalsically launched them ('snake charmed') from the serpent brain toward the bird brain. EMERALD COVENANT

The axial rotations of charge which make up your DNA - are 5 in the thin strand (cube 3 rotates into dodec (10) 4 which is then ratcheted down the helix = total 5 superposed 'SNAKES' / axes of symmetry of charge rotation - then there are 7 MORE rotations in the recursive braid of that strand to its fat **toroidal** implosive ensoulment. The thread is braided into string, then the string to rope, then the rope into cord... recursively - SEVEN TIMES. Until the DNA becomes circular / **toroidal** / implosive / **Lord of the Ring-** (pics / animations at links etc especially - soulinvitation.com/12 strands). The DNA thread -dodeca stepped or ratcheted down a helix - begins with 5 charged rotational axes superposed (3 spin cube/ rotates or 'nutates' 5 cubes around at 32 degree tilt -

into the 4th symmetry axis which is the dodecahedron/ then ratcheted in the 5th spin symmetry superposed down the helix into the thread that is DNA - pics below). Then - the thread is recursively braided (thread to string to rope to cord/fat rope) 7 times (co-defined by the tetra axes - physics of codon nesting and alphabet origins) until it becomes **toroidal** / circular / implosive and ensouled.

Entering this fiery mouth without fear (resistance to spin compression) is successful death / dream entry - as evidenced to the symmetry map of turning into DNA's mouth - "Kluver Form Constant's" geometric map to death seen by near death experiencers. soulinvitation.com/death).

The 12 snakes or 12 strands idea, refers only to the potentially 12 (5 plus 7 braid) axes of symmetry of charge rotation when DNA 'takes charge'. The mouth of that (DNA) snake, is fiery and fearsome **only to those who have not learned the immortalizing skill of non-destructive** (implosive / fusion based) **charge compression**. The symmetry ingredients of this DNA igniting implosive charge compression - codon tetra dance (Hebrew) into the pent DNA (Ophanic / Greek - **re-pent**ing to be saved /) **to achieve implosive charge distribution** - is the origin of all sustainable (sacred) alphabets.

Now- back to the history story:

The practical politics that was then required - involved legislating that all developing star systems which would utilize DNA for the enlivening of their planets- must agree to certain rules.

These rules were propagated by what were then called '**Galactic Core Cultures**'
(ref: vincentbridges.com and others).

Letter to King Henri II

From Wikipedia, the free encyclopaedia

The famous open **Letter to King Henry II of France** by **Nostradamus** is his dedicatory preface to the now-missing 1558 edition of his *Propheties*, as reprinted in the posthumous 1568 edition by Benoist Rigaud. After a formal introduction, it makes various claims about the sources of his inspiration and lists many cryptic prophecies (nearly all undated) that seemingly have little to do with those in the work itself. These include:

- decadence and calamity threatening both **Church** [KIRK] and **laity** [LEPERS, THE UNKNOWING]
- the advent of French rulers who will cause **Europe** to tremble (IE: THE “GAULS” – RODS & EARTHQUAKES)

- a great October upheaval lasting 73 years and seven months (THE GREAT TRANSLATION TO A NEW ORBIT, POLES SHIFT)
- renewal of the Church by one **from the 50th degree (MASONIC DEGREE?) OR PHYSICALLY**
- an attempt by peoples to free themselves which will result in even greater imprisonment (OCCUPY & TRAIN DANGER)
- the advent of the Great Dog (Sirius PRINCE OF DARK MEN...ANTICHRIST) and an even Greater Mastiff (Canis Major-MAIDENS)
- the rebuilding of the churches and restoration of the **priesthood (IN ORDER TO KEEP SECRETS WHICH CONTROL PEOPLE**

The letter also includes two different dates for the creation of the world.

Which, when one thinks about it – is correct. The world being created by nature and God. Then the world in which our society of human kind rose which is much more recent than the first.

A new circle has been reported today below the ancient and mysterious Uffington White Horse and the magical Dragons Hill near Woolstone, Oxfordshire. If viewing...

The Uffington White Horse

A perfect depiction of Sagittarius constellation with Corona Australis as the inside hind leg

Was this placed there centuries ago to warn us of the great precessional crossing late in Sagittarius – AT Sagittarius?

The crop circle beneath it seems to be showing us a “turning” of “wheels” – the wheel of our calendar?

I WILL SIMPLY OUTLINE WHAT I HAVE LEARNED from THE HIDDEN TEXTS and describe what the VIGNETTE above from CESAR de NOSTRADAME'S "LOST BOOK" may be saying:

The banner of the Milky Way shows FIVE Earth "rolls" Azure (cyan) colour of the universe means either the age of Aquarius or "from Aquarius" or "in Pisces" Wheel of time has 7 spokes – meaning we are running out of time but the event here occurs before there are no spokes

The "star" has six prongs – meaning the "UNHOLY SIX" of the Second Coming. The little space craft has three "bell shaped" portions – one TRIAD.

The young lion is wearing a red hat. This is the rapture.

ABOVE VIGNETTE EXPLANATION:

FIVE ROLLS of the banner: means the Earth wobbles five times, and it is the view of the Milky Way which will alter five times

The **Age of Aquarius**, the zodiac month of Aquarius or those coming from Aquarius-Eridanus, or all three

The **azure colour** shows up in many different interpretations for a different day of the week – Monday and Friday

The wheel of time has no spokes in one vignette. The spoke free vignette shows a six (five) armed star with what looks like an owl (but may not be). The owl is **Celt key for May 13 – June 9**. The empty wheel is surrounded with a vine, and **Celt vine is in Virgo**.

The wheel here has two partial branches of something which I cannot see. "Branch" means in Virgo too – so what does two "divided" branches mean? Are they olive branches? Olive is Celt September equinox. In *PLANAR PLANISPHERE* I took a punt on one other tree it could be – the Hazelnut. The hazelnut sub tree date is **March 22 – 31** and the zodiac is August 5 – September 2nd. The young lion is reclining on what can only be described as "scorched earth". Being a young lion can mean it is in early Leo as a date or it is those from Regulus (part of the TRIAD) who are involved in the RED HAT event.

This is the "RAPTURE" or the "ASCENSION" event. Two different things. The "RED HATS" in many lines are handing out TILES to people. Tiles being a kind of "ticket" on which apparently are Maya numerals indicating a RAPTURE...

Go to *ASCENSION GOLDEN HOST and FALSE RAPTURE*, when it is published to see if anything becomes more clear.

It is a really strange thing - but the person who has been handed the job of putting together the hidden texts really needed to have an in depth knowledge of horses...

Many of the clues/ciphers relate to horse oriented things... there are 38 pages of guidance to the collator.

There was 28 pages of guidance for Allan Webber who did the computer program to get the words)

This all in its entirety tells me on a daily basis that we do have someone watching over us...

Back to what I was saying - line 10 24 4 goes like this:

ISABELLE EBRILLADE QUADRILLE 10 24 4

to begin with - how in the world did Allan (his computer) come up with this combination?

ISABELLE - the Ysabella was the palomino horse named for their COLOUR - golden... by Queen Isabella of Spain

and the twist is that the very name Isabelle means GODS PROMISE –

so this one word is saying and reiterating an entire phrase

: GODS PROMISE OF THE GOLDEN OAR LEAGUE, (in other lines) and GOLDEN HOST DOING (in other lines)

EBRILLADE - a bridle check, to **turn** a horse suddenly because it needs "checking" (re-tuning its mind)

In recent lines (many of them) it seems that the Earth is going to take a TURN which will be a CHECK -

the reason for this has also been given:

The Earth is about to pass into a major solar flare that is extremely definitive -

between the latitudes of 39 degrees north to 55 degrees north

the other word used to describe *how* definitive is "POE" -

POE who was so extremely intrigued by spontaneous HUMAN COMBUSTION

QUADRILLE –

a dance performed (in Spain) between **six** couples, also a dancing movement for highly trained horses (in Spain)

There are two meanings (again) for this one word:

the Earth will be doing a "dance" - rocking to and fro - four times - before lying down on her side. This pushes us off our current orbit changing the length of our year and fulfilling the Maya Long Count calendar at the end of this year.

(This is what sets off Geelong, Canary Islands, Peru and Bahre in India)

The word SIX refers to visitors coming from other worlds. In other lines they are “the second coming”.

The Golden Oar league is one of them (from Argo) in 2 5

and finally - confirmation (in the AUSTRALIA forum) that Australia will be the pivot point of least CENTRIFUGAL FORCE - making SPAIN the DANCER!

Sauf - bar (Obs for CANCER AND URSA MAJOR) - besides - but - contrary - else - except - nobody - none - pass - piece - provide - respect - safe-conduct - specify - unless save safe excepting

This is confirmed by the "riddles" of da Vinci, which I have also decoded (using the Alchemye List that Nostradamus had me put together)

Da Vinci says we will hardly feel it (apart from volcanoes and their consequences)

The dates for these four TURNS are the dates of the CELTIC HORSE ZODIAC and by some coincidence they are the same colours as the FOUR HORSEMAN dates of the bible. Three of these run from September 30 to December 23
Then to just make matters more questionable - I found that in 725AD a king Otto had removed 325 years from the calendar in the same manner that Pope Gregory removed 10 days. These are named the "dark ages" by historians
This means that the real 2012 is possibly still 325 years away!

We will see I guess

Luke 21:7-11 Jesus said: New King James Version (NKJV) **The Signs of the Times and the End of the Age**

So they asked Him, saying,

“Teacher, but when will these things be? And what sign *will there be* when these things are about to take place?”

And He said: “**Take heed that you not be deceived.** For many will come in My name, saying, ‘I am *he*,’ and:

‘The time has drawn near.’ **Therefore do not go after them.** But when you hear of wars and commotions, do not be terrified; for these things must come to pass first, but the end *will not come* immediately.”

That is why there are still seven spokes on the wheel of time

Then He said to them, “Nation will rise against nation, and kingdom against kingdom. And there will be great earthquakes in various places, and famines and pestilences; and there will be fearful sights and great signs from heaven. (Holograms, Auroras and objects near the sun)

The red cross here is shown on the following starmap in the same position as it is on the hill. The “horse” has been maintained in white, but the huge cross which is the bow and arrow of Sagittarius although well defined in the landscape has not been maintained in white. This would simply be because no one has realized what the white horse really is – an obsolete starmap of Sagittarius constellation, in fact the date here is actually in the first decan of Sagittarius following the last decan in Scorpius - which in ancient time was Ophiucus, the man holding a snake also known as Serpentarius. The dates for Ophiucus have returned and are November 29th to December 17th

There are such a large number of stars listed within Sagittarius, that drawing lines to join the dots would never give the same “picture” twice by different people. The main things which are constant to the shape are the stars named here, the cross of the bow and arrow and the smaller constellation which has been included in this ancient pictogram as the inner hind leg, which we now call Corona Australis. The obsolete star map on the following page shows this same cross clearly.

1000 BC - Uffington Horse, geoglyphic art carved into the upland chalk of Dover Oxfordshire, about 130 miles WNW of Dover

Wiltshire is without doubt the county of counties when it comes to white horses, with no less than nine lying within its boundaries, although only seven of these are now visible.

The history of the white horses is an issue of some debate, in particular with regard to Westbury which is the oldest of Wiltshire's horses. The site is known to have been restored in 1778 but the date of the original work remains largely a matter of conjecture. Many believe the initial carving was made to commemorate Alfred's victory over the Danes at the battle of Ethandune in 878. www.wiltshire-web.co.uk/history/horse.htm

The term used for cutting the chalk horses is *leucippotomy* and the term for that of the giant figures is *gigantotomy*

THIS LITTLE SNIPPET of INFORMATION has been placed here to instil in the reader the possibly – just maybe, our earlier ancestors knew a little more than the words “DARK AGES” lead us to believe! So far to this point I bet no one has realised the importance of the words “WHITE HORSE”. These are Celtic words which refer to a Celt date. This is the period June 10 – July 7.

Previously I had thought the glyph on the left represented the Sagittarius constellation – because it is drawn in lines and is facing the right way. Sagittarius contains many meanings: it is when Sagittarius points shooting his arrow through the absolute centre of our galaxy, that things are supposed to be happening. This refers to the December 2012 event which we may or may not be made aware of, especially if it is a timeline alteration.

The term “PALE HORSE” means the Celt date of October 28 – November 24. This happens to be ‘REED’ and ‘DAN’

Did the Anglo Celt people have information about the future and were these geoglyphs placed to warn us?

This thought came to me after reading the message from CHANI regarding history trying to warn the future in stone

Revelation 13:13-15 —

He doeth wonders, so that he maketh fire *come down from heaven* on the earth by the means of *those miracles* which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live. And I saw one of his heads as it were wounded to death; and his deadly wound was healed: and all the world wondered [wandered?] after the beast.

And they worshipped the dragon [the Reptiloid - Draco] which gave power unto the beast: and they worshipped the beast. And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue *forty and two months*. And he opened his mouth in blasphemy against God, to blaspheme his name, and his tabernacle, and *them that dwell in heaven*.

Phoenix is a minor triangular constellation in the southern sky. It is named after the Phoenix, a mythical bird. It is faint; there are only two stars in the whole constellation which are brighter than magnitude 5.0. Alpha Phoenicis is named Ankaa, an Arabic word meaning 'the boat'. The 'barque', 'ship' 'island' and boat are the alchemye term for the Earth. It is generally invisible to anyone living north of the 40th parallel in the Northern Hemisphere, and remains low in the sky for anyone living north of the equator. It is easily visible from locations such as Australia and South Africa during Southern Hemisphere summer.

Phoenix was one of **twelve constellations** created by Petrus Plancius from the observations of Pieter Dirkszoon Keyser and Frederick de Houtman and it first appeared on a 35-cm diameter celestial globe published in 1597 (or 1598) in Amsterdam by Plancius with Jodocus Hondius. The first depiction of this constellation in a celestial atlas was in Johann Bayer's Uranometria of 1603. Phoenix is associated with the minor Phoenicids meteor shower of December 5th.

THE REASON I INCLUDE THIS IS THE VIGNETTE OF A PHOENIX IN THE "LOST MANUSCRIPT"

Vespa (Latin for wasp) was the name used by Jakob Bartsch in 1624 for a constellation, now obsolete, that was originally called Apes (possibly a misspelling of Apis, Latin for bee) by Petrus Plancius when he created in 1612. It was made up of a small group of stars, located between the constellations of Aries and Perseus. The renaming by Bartsch may have been intended to avoid confusion with another constellation, created by Plancius in 1598, that was called Apis by Bayer in 1603. Plancius called this earlier constellation Muia (Greek for fly) in 1612, and it had been called Musca (Latin for fly) by Blaeu in 1602, although Bayer was evidently unaware of this. The later constellation was also called Musca Borealis in some later sources.

THE REASON I INCLUDE THIS IS THE FLY SITTING ON THE MECHANICAL BASE [TIME GATE] IN A VIGNETTE, AND THE APPEARANCE OF THE WASP IN MANY HIEROGLYPHICS, ESPECIALLY THE DOOR LINTEL OF SETI I See also: **Apis, Musca.**
