

When I saw the word "ASSUMPTION" in a few lines in the Template of words of the quatrens, it came to me that it was a strange word to use, when one is dealing with information gained via travelling in time. In fact, *assuming* anything should be the very last thing to do when one is providing "prophetic" timeline warnings. The other key word "LIQUATES" makes sense when it happens to appear in the same line as ASSUMPTION. In the same way it was the word CHARLESTON which provided the SANDRA - SANDY clues.

[The Giant Louisiana Sinkhole Continues To Grow - Now 7,500 Square Feet Of Land Has Crumbled And It Fell In!](#)

CONTRIBUTOR: Andre Heath. The sinkhole in northern Assumption Parish continues to grow. John Boudreaux, director of the Assumption Parish Office of Homeland Security, said roughly 5,000 square feet of land sloughed off into the sinkhole Tuesday morning, and that by the afternoon, the land-loss had grown to an estimated 7,500 square feet....

John Boudreaux, director of the Assumption Parish Office of Homeland Security, said he hadn't measured the sinkhole, but it possibly could cover as many as 9 acres after the 75-foot-by-100-foot parcel of land crumbled and fell into the slurry hole on Tuesday. The sinkhole was discovered south of La. 70 on Aug. 3 2012, causing more than 150 residences in the area to be evacuated.

 “The E.T.s don’t want to see an environment that is nuked out (nuclear war), biologically wiped out. Or create an atmosphere where nobody can breathe anymore, a nasty place. They want this outpost to be a fresh, clean environment that they can work in”.

“In the early years of my experiences I saw that there is no doubt that the technology exists to manipulate time. To what degree? Well, that’s hard to say. I had an abduction scenario where the process took approximately two hours, but when I was brought back, I was brought back 2 to 3 minutes before I left!
 At first, I thought it was a mistake.

But then I figured it was for me to learn something. That was phenomenal.”

Two Earth Futures: One Bleak; One Bright - from Jim Sparks

‘From personal experience, I saw what I perceived to be *two potential futures*.

And it was divided like a highway as it was presented in hologram form.

To the left, was a dark, dreary future that was police state in nature. Very few of us survived. The skies were almost black, but a dark grey.

Light was emanating from nowhere and yet everywhere, so it was almost as if Earth were glowing like light from the sun was being filtered and the light was being refracted so there were no shadows.

(TWO SUNS ?)

The soil, the ground, had huge, thick coatings on it of this black, damp, ash-like looking material and the buildings and the structures and the things that I saw were not destroyed, but yet were coated with this ashy stuff.

You could see people in this scene and they did not look uncomfortable, meaning that the few people I did see in this scene looked like they could breathe the atmosphere. But it seemed to be a very dreary place. Something that stuck out that I saw, which bothered me, where there was a community – anywhere America – and in that area was a person in uniform I did not recognize, almost like a Gestapo checkpoint person. That meant that the few people who survived in that time, when they came into the community, they were checked. So it did not look good.

Now, on the bright side, on the right side of the divided highway, - and then I’ll tell you the message and you can take it for what it’s worth- it was the complete opposite, meaning that we had evolved. There was longevity beyond the point of passing away. It was bright, clear, clean. And what was scary to me, even though it was positive, was it looked like the human species had evolved to the point where they can span the Cosmos. So, there were not as many Earth-bound individuals from what I could see (not very many people).

So there were two things: the line in the middle that divided the two scenes represented, in my understanding, how close we are to go one way or the other. And what a dangerous, dangerous, dangerous day we live in! And something so simple as the flip of a coin can make the difference in which way we go. Clearly, if we go to the left to the dark and dreary, that is a path that’s not a good thing.

Clearly if we go the other direction, we can actually join the galactic neighbourhood. And for the first time, the human species evolves’. *The Keepers...An Alien Message for the Human Race* ISBN 1-930724-05-5. To order: <http://www.jim-sparks.com/>

Nostradamus said
 “not to be put off
 by appearances”

“One version of a global disaster:

the 1949-retrieved Ebe died on June 18, 1952. **Supposedly one hundred years after his death (he said) in June 2052**, the moon will change its orbit (deliberately controlled by non-humans or an outside force such as the Wormwood event?) causing massive destruction and deaths on Earth.

But the EBENS will rescue many humans before the event”

But keep in mind what Nostradamus said – THEY LIE

see the slight contradiction:-

Another EBEN warning: –

“ the Earth's moon is going to go out of its orbit and cause great havoc.

“Will there be rescues by EBENs and/or other non-human groups? If EBENs know this was going to happen in Earth's future, why can't they stop it? When will the moon go out of its orbit?

“In our lifetime,” was the answer to me in the mid-1980s.

EBEN entity sketched in charcoal by Colorado professional artist after abduction with his wife from freeway between Boulder and Longmont around Thanksgiving 1980.

See 102205 Earthfiles in Archive.

So: ... one EBEN is saying 2052, but if this abductee is an adult in the 1980's – then that adult would be reaching towards 85-90 in 2052, not technically a lie since it would still be “in our lifetime”, yet generally speaking the likelihood “our” all being alive at 85-90 is not common nor a real expectation.

TIMAEUS: PLATO In his treatise the Timaeus, he describes the numerical (vibrational-musical) creation of the physical universe and the soul which animates it. He called upon his students to activate the ancient shrines and sacred temples of the earth with sacred song, employing "perpetual choirs" in order to echo the harmonies of the Heavenly Choir. Nature and the patterns of equilibria within her machinations. Geometric relations between nodes on basic shapes, such as circles, are found related to ratios in music. Each of the aforementioned are uniquely tied to the 'Platonic' exposition of "*Timaeus*." Now, they give rise to yet another metaphor for the sustaining, multidimensional Tree of Life and Continuous Creation. We humbly call this metaphor: "Lotus."
Lotus is a key word for the stage gate time portal "fixing his gaze on the eternal"
"Now if it so be that this Cosmos is beautiful and its Constructor good,
it is plain that he fixed his gaze on the Eternal"
- Plato (*Timaeus* 28b)

and

"our view to reappear once again, thereby bring terrors and *portents of things to come* to those who cannot reason."¹⁰⁴
also linked the Ouroboros with the following quotation from Plato's *Timaeus*:

"It had no need of eyes, for there was nothing outside it to be seen; nor of ears, for there was nothing outside to be heard. There was no surrounding air to be breathed, nor was it in need of any organ by which to supply itself with food or to get rid of it when digested. Nothing went out from or came into it anywhere, for there was nothing. Of design it was made thus, its own waste providing its own food, acting and being acted upon entirely with and by itself, because its designer considered that a being which was sufficient unto itself would be far more excellent than one which depended upon anything." from *Timaeus*, (33 -The Construction of the World)

The fourth ouroboros is from Alciato's *Book of Emblems* and the Memorial Web Library at Memorial University of Newfoundland. The latter source also provided the fifth example ([Emblem 2.40](#)) and the following amplification:

Five *Termes*, there be, which five I doe apply
 To all, that *was*, and *is*, and *shall be done*.
 The *first*, and *last*, is that ETERNITIE,
 Which, neither shall have *End*, nor, was *begunne*.
 BEGINNING, is the *next*; which, is a space
 (Or moment rather) scarce imaginarie,
 Made, when the first *Materiall*, formed was;
 And, then, forbidden, longer time, time tarry.
 TIME entred, when, BEGINNING had an *Ending*;
 And, is a *Progresse*, all the workes of *Nature*,
 Within the circuit of it, comprehending,
 Ev'n till the *period*, of the *Outward-creature*.
 END, is the *fourth*, of those five *Termes* I meane;
 (As briefe, as was *Beginning*) and, ordayned,
 To set the last of *moments*, to that *Scaene*,
 Which, on this Worlds wide *Stage*, is entertayned.
 The *fifth*, we EVERLASTING, fitly, call;
 For, though, it once *begunne*, yet shall it never
 Admit, of any *future-end*, at all;
 But, be extended onward, still, for ever.
 The knowledge of these *Termes*, and of what *action*,
 To each of them belongs, would set an end,
 To many *Controversies*, and *Distractions*,
 Which doe so many trouble, and offend.
 TIME'S nature, by the *Fading-flowre*, appears;
 Which, is a *Type*, of Transitory things:
 The *Circled-snake*, ETERNITIE declares;
 Within whose *Round*, each fading Creature, springs.
 Some *Riddles* more, to utter, I intended,
 But, lo; a sudden stop, my words have ended.

EXPLANATION
 Five ages... to which I speak of (the Mayan ages)
 the past the present and the future are the same*
 The past and the future are in eternity (saying there is
 only the NOW)
 The next beginning of the great cycle in space
 hard to imagine
 made so very long ago (around 26,000 years)
 Tarrying too long in a time forbidden
 Entered time when it shows that there is no difference in
 the beginning nor the end
 comprehending *all* the works of Nature (meaning science)
 within this great cycle
 Even until the age of the Other Worlder
 END of the fourth age is when this happens
 briefly – the final scene the same as the very first
 World Wide stage – world wide web
 The fifth (age) we [can] ably say REINCARNATED
 although after it is started, yet it as easily not have
 allowing that there may be any future time line
 But for always can be carried forward (using time gate)

This is amazing – these are the very same “riddles” of Da Vinci – to be coded by the Alchemye List see more at the end. George Wither seems to have had the same experiences as Nostradamus & Da Vinci

TIME'S nature, by the *Fading-flowre*, appears; once we understand “beam me up Scotty” or to use the words of Nostradamus AGGREGATING in 1 29 HORRIFYING CREATURE AGGREGATING APART isn't that a wonderful description of “beam me down”!

*"The universe is built on sound patterns,
which is why so many different worlds/dimensions can exist
in the same space. Each is on a different frequency."*

- Linda Porter, California Abductee
earthfiles

"Later on in 1991, I interviewed an abductee named Linda Porter who was familiar with non-human communication about other dimensions. She encountered an entity which resembled a tall praying mantis insect. She remembered a telepathic download into her mind from the creature of which the following is an excerpt:

"There are countless worlds/dimensions occupying the same space without being aware of one another because of having their own individual octaves. Do anything to disrupt it and you begin a collapse that starts a deadly chain reaction. If the density of this collapse reaches a certain weight, space/time itself begins to collapse.

This octave/frequency holds the world/dimension in place and causes it to exist safely without interfering with (or even being aware of) other worlds around it. This frequency acts as a buffer zone *to keep everything in its place*. There is much, much more to existence than we could ever begin to understand. Much of what we have been taught regarding the physical universe and the laws that govern it is wrong".

and Nostradamus said

"SQUEEZING THE WAVES" in 163

It was the Linda Porter abduction which mentions our sun "going orange" as stated in Presage January 3.

Minuscule (lower case) letters were developed in the Middle Ages, well after the demise of the Western Roman Empire, and lower-case versions of Roman numbers are now also commonly used: i, ii, iii, iv, etc. In the Middle Ages, a *j* was sometimes substituted for the final *i* of a number, such as *ijj* for 3 or *vij* for 7. This *j* was considered a swash variant of *i*. The use of a final *j* is still used in medical prescriptions to prevent tampering with or misinterpretation of a number after it is written

DIVINE SION SECT this is about Magdalene & Plantard
see below and also see THE MURDER OF MAGDALENE
by Dan Green

After reading a short summary (the purchase order for the book *The Murder of Mary Magdalene* - is on its way) – I am left in a quandary. Recently just for the heck of it, I put together the events which I could bring to mind from memory, in the Hidden Texts, which have come true. This came to a total of 26 public episodes... this is not including the large number of personal events regarding the collator... since 2009... out of the works which did transpire. In one line it even said **NEEDS OUR DEMONSTRANCE** – so these time travellers certainly know what is going on.

The quandary for me is that Nostradamus is saying a couple of things which *seem* in opposition to that which is suggested regarding the loss/removal of Sarah prior to birth. After reading the *Events Proven True* – I see no reason to suddenly believe that some lines are not true... such as the following. These lines are saying that the bloodline of Sarah-Magdalene-Jesus *did* survive!

There *is* a solution, and it does involve compromise – but nothing which is not possible.

In all those paintings with the dagger – Magdalene is on her own.

She wields the sharp point herself. Not only that, but she is not seen dead as a result of this!

In one illustration – it is Mary Mother of Jesus who bears a rip in her flounces exactly in that area.

Can you think of a reason apart from the obvious (caesarian) that Magdalene would need to produce forth the child – alive? In a hurry... What is the reference to Ireland and the “red haired” one?

For the following lines to be true, Sarah had to be alive. Was Sarah sent to Ireland, if so, why?

After comparing the “Bourbon” lines and the Merovingian (of Plantard) it seems to me that the interpretation of “bour” is not only a bloodline, but means “shock wave” in the same manner that *ruent* means “bucking” (of the Earth).

AIDS MIRROR SON What an interesting way to put it – is this a reference to the reason for the dagger Magdalene holds?

The Holy Grail, then, would have symbolized both Jesus’ bloodline and the Magdalene, from whose womb that bloodline issued. But it may have been something else as well. In A.D. 70, during the great revolt in Judaea, Roman legions under Titus sacked the temple of Jerusalem. The pillaged treasure of the temple is said to have found its way eventually to the Pyrenees; and M. Plantard, in his conversation with us, stated that **this treasure** was in the hands of the Prieure de Sion today. But the temple of Jerusalem may have contained more than the treasure plundered by Titus’ centurions. In ancient Judaism religion and politics were inseparable. The Messiah was to be a priest-king whose authority encompassed spiritual and secular domains alike. It is thus likely, indeed probable, that the temple housed official records pertaining to Israel’s royal line – the equivalents of the birth certificates, marriage licenses, and other relevant data concerning any modern royal or aristocratic family. If Jesus was indeed “King of the Jews,” the temple is almost certain to have contained copious information relating to him. It may even have contained his body – or at least his tomb, once his body was removed from the temporary tomb of the Gospels. [Lincoln, Leigh, Baigent, 1982]

By WHOM were they led?

A group calling itself *Le Prieure de Sion*, The Priory of Sion, and its purported agent, Pierre Plantard.

This, of course, leads to the question:

Did **Berenger Sauniere** find an ancient hoard of gold and appropriate it to himself?

Or did he uncover some other secret that required his silence to be bought? YES

Answer from Nostradamus

NO not gold

Sauniere found the blueprints for the mechanical time portal, (sold to the then pope)
 which the Templars had buried under Oak Island with help of the Dagon (6 mentions in the Bible)

The “Briar Rose” is just one of many *key words* in the Alchemye List for the time portal
 Jump room/gate, Oak, Quercus, Granules, grains (of time) Ladder, stages. Nelumbo, Lotus are a few more
 Hence Rose Lane (conduit) = Rosslyn

Yesterday I found the works of **GEORGE WITHER** who absolutely had the same experience as Nostradamus (taken by stage gate to the future)

Pierre Plantard was listed as Grand Master. Plantard is a direct descendent, through King Dagobert II, of the Merovingian Kings. Plantard, who owns property in the Rennes-le-Chateau area of southern France where the Priory of Sion is based, has stated that the order has in its possession **lost treasure recovered from beneath Solomon's Temple** and that it will be returned to Israel when the time is right. He also stated that in the near future monarchy would be restored to France and other nations. The Templars claim to possess secret knowledge that Jesus Christ married Mary Magdalene, fathered children to launch the Merovingian bloodline and was the son of Joseph of Aramathena. ^[15] Wiki

The tears of Mary Magdalene, as they fell upon the ground, are said to have created the first Daisies and, according to Celtic legend, the spirits of **infants who had died in childbirth** scattered Daisies on the Earth to cheer their sorrowing parents.

NASA as prophesized in many predictions to be involved as SATAN – NASA wanted this information (**T**) as the cross to use as a energy resource, in their stone collider theory, based on this ancient brotherhood information about Atlantis. taken from one of Dan Green's commenters Wendy Moir June 21 2012

The "T" is also the shape of that part of Ursa Major East nearest to Orion – the sky rune for the "warrior's protection" – which happens to be the Main Vinca Rune for one faction of the Anu

The Celtic Tree for "T" is the Holly

from Dan Green

"where we can also see how Judas has spilled over a bowl of salt – an act of absolving and a omen of an evil deed about to be perpetrated".

SALT is a euphemism for those from Perseus – which are the Grayles (not Graals) involved with the US military in treaties for "trade in men"

The military guys thought they were involved in a treaty (each time) with a total of four parties, including human of Earth as one party. The remaining triad had in fact made their own various and separate treaties on the side.

As Nostradamus keeps saying THEY LIE
