Au mesme temps un **Grand** endurera,  
Ioyeux malsain, l'an complet ne verra,  
Et quelques uns qui seront de la feste,  
Feste pour un seulement à ce iour :  
Mais peu apres sans faire long seiour,

*original spelling*

To timing of an important **tenacious one mimics me** [sister to the brother in 5 36]  
Merry, poor health, the year not completed  
And a few who will be [part] of the rejoicing  
*festif – celebration or festin – feast (harvest)*  
Celebrate for one [soul] not before this day  
But shortly afterwards without delaying long,  
Two will go head to head (are these decoders?)

**Grand** = Dr [in] **Nag, Dang' r** this seems to mean to me that a doctor comes in a horse month. In two other lines the collator (sister to the brother) has been given a date of death at November 24, which is a horse date) The description “merry, poor health” is a good fit. So does “the year not completed” here. If there are two other decoders who would like to continue this work – please note that you will not be able to do this without the TEMPLATE OF THE QUATRAINS the only and most important part of the works not yet published, with only TWO other people having been given access to them. There have been warnings amongst the lines regarding envy:

**8 31 4 PLUS MY JOY: YOU, ME, MY LAST LINES** (letters, Lost poems, Sixains and Q.12 71) **Place AMNESTY** [on] **Malice & Jealousy**  
I have already experienced problems with a few people (men) world wide and their “envy”

mesme	Latin Word mod s/ns	Latin: me

mens N 3 3 NOM S F		m.e PRON 5 1 ACC S C
mens N 3 3 VOC S F		[XXXAX]
mens, mentis N F [XXXAX]		l, me; <b>as myself</b> ; (Nostradamus speaking)
mind; reason, intellect, judgement; plan, intention, frame of mind; courage; mimic/memory		
mesme: is one of the Nostradamus hybrid words meaning three things here. The French “same” and the hidden meaning: from Mesmer (proper noun which became the word mesmerise/intriguer) chain reference to mimic – copy - copyholder		même adj is the French for the word “same” but <i>it is not spelt meme!</i> meaning the same time

Interesting that Nostradamus uses the word “GREEDIER” faction because the FIRST PRINCIPAL of the publishing of these works; INGENIOUS PREPARATIONS has been that there is no one who cannot have access to the works, since they are free for the READING by anyone  
UNREAD PREPARATION: something I used to be guilty of: passing judgment before reading the article properly

Considering the sad Nightingale  
Who with tears & laments renews her anguish,  
By such means making her days shorter,  
**Six hundred and five, she will see the emanation**  
**[of what SAMAROBIN means]**  
Of her torment, the cloth already woven,  
By means of small windows will she accomplish it

*sad Nightingale: the singer of sad tunes (the verses of quatrains) renews her anguish* the key word here is “renews” the anguish of the original quatrains when turned into their hidden texts *making her days shorter:* quite so sitting at the computer for many years the cloth already woven: also true – *the Destiny already set* and the options have been taken. *By means of small windows* One simply has to raise one’s eyebrows at this – without Windows the computer program and its smaller windows the accomplishment would be nil – the research simply not possible and time of course – not long enough!

It is not my intention here to say anything about the collator, who happens to be me at the moment. It is with a type of regret for me that these sixains say such things, yet at the same time I must accept that they are guiding me for a reason – that is: to hurry up and get more done, since they have for the third time given me a date of not being able to do any more, the same date, naturally

1. Whatsoever who by several times
2. and the antlers then maintain the cage  
*lapidary cage =the stars around us*
3. It will return to the main [original] state
4. shortly afterwards to go out – saving life,
5. Oneself again comprehending revelation
6. Ring topic instead of [replacing] death

1. Whatsoever who by **several times**: the key word here is “times” – at first I thought this was about the Earth having been moved off her orbit (‘go out’) **several times** until other words indicated that this is about moving around in space – by time portals

2. **bois** – antlers. As a key word “antlers” is a reference to the one eyed Stag of Orion.

**Maintain (steer) the cage** (astronomy/astrology) the Orions are in charge of time portals – which do operate “in a loop”

Tenu English:

**carried out** - **kept** - **be in the loop** - **be informed about** - **bearing in mind** - **blamed** – come over - **considering** - **disregarded** - **flimsy** - **frozen out** - **given that** - **highly esteemed** - **highly regarded** – hold - **honour-bound** - **ill-kept** - **in consideration of** – maintained - **neat** - **steer** - **suppressed** - **tenuity** - **tenuous** - **trimmer** -

3. **return to the main** [principal/original] **state** – the key word here is “return” – time travel is always an “encore” event for Nostradamus

4. **shortly afterwards to depart – go out, saving life – using the time portals to stay ahead of major life threatening events, which is really what all the quatrains are about!**

5. **sçachant** - **sachant** = realising-understanding – but **cachant** is to disguise, conceal or camouflage/hide – invisibility?

Ne: **Not** concealing = revealing = revelation. **Sçachant** was another one of the double entendre hybrid words **se** – oneself **encor** - again “cognisant all the while”

UFO fleets appear to be using huge massive space tubes as a method of transporting themselves in space ...

Here is a good time to interject an event which occurred September 19 2011. At around 8pm sitting in my car looking to the South by South East I saw a “star” which is never there. Within moments it expanded, went an orange colour – then two silver orbs flew off to the East, and another two at the same time flew away to the west, all four dipping down before levelling out to speed. Shortly after that a line in **CANIS CANARY** said the following:

4 31 4 **Yeux au midi, en seins mains corps au feu**

**YOU SAW ME UUAX, [explode] DIE Looking south**

FEUU OFFER DENY MASONIC SINS

SCIRONS [thieves] INSOMNIACS **ON**– AIMS SUN

MAIN COURSE (to dine) MICRONESIAN (I/Egypt )

SEEN CANIS MINOR (poles shift?) **I\*** (Halloween)

This “Canis Minor” might the smaller of the Canary Islands

MICRONESIAN: is this what happened at Easter Island?

**Looking south - hands on breast – (there are) bodies in the fire**

UUAX: grow – the “star” I saw “grew” before imploding 19/9/11

FEW agree to live without loans DIE is also in Virgo: quite so

ON: Oannes apparently do not sleep, using the sun’s course

**SEEN: using the stage-gate. I** December 20 could apply any line

**Canis Minor moves to the south pole?**

**‘I’ can mean “not ready to move until Yew tree day”**

**Yew Tree Day was once Samhain, is now Dec 20/21**

The upshot, if it is to be believed – and according to the high number (over 26) of events described within the Hidden Texts which have eventuated within the last four years – I see no reason not to believe it – then this is saying that Nostradamus died in reality during an episode of time portal. This might explain two things: first, how he knew he was going to be dead the following day when his assistant said “goodnight I will see you tomorrow” (words to that effect) and Nostradamus told him in reply “no, you will find me dead”. Secondly, he was found dead standing up. In the “**TREASURE**” forum which is sub titled **STAGE GATE – STARGATE**, Nostradamus had an assistant who he named UUilliem52. of whom he was quite fond, albeit UUilliem was a He Rod grey. An accident within the time portal killed UUilliem leaving Nostradamus quite sad. He was not enamoured of the replacement assistant, who he called “Paul”. Sometimes events in the last trimester of my life simply leave me gob-smacked. If my son in law had not been sitting next to me on the lounge the last time Nostradamus came using the “looking glass” – I would be all on my own with this. Nostradamus seems to prefer using women for his step by step approach to revealing what has been thoroughly hidden from all of us..

I\* As a “sky rune” I means each of the Poles, and as such could indicate Antarctica as well as the date – where those which have been called “Aryan” race also called “Nagas” and reptilians (Oannes) are domiciled , pertains Thule [‘Too-lay’] . See Admiral Byrd, Jim Marrs, Alex Collier, The Omega File.

Nostradamus has been secretive about Leech Constellation which is just under Ursa Major East where the Anun.nakim live/d and created alliances with ‘nearby’ Sirius and Leo

They are also known as DAGON and have 6 mentions in the Bible. About forty percent of the Hidden Texts of Nostradamus is in reference to them. They are allied with SA.AM (of Orion/Leech area/Ursa, who we call the Anun.nakim). The quatrain 6 5 "SAMAROBIN one hundred leagues off the hemisphere" is about them. SAMAROBIN = SA.AM (Anu, current king is NAN.NAR who is mentioned in 8 85 as "removing the light") plus RIB - a faction from Theta in Leo (also shape-shifters) the ON (olde name for Oannes from Sirius) and the R (sky rune for Draco). Now cast your mind to the four "air shafts" of Khufu pyramid - and these are the four directions they aim at.

Also called the INSANE FOUR DUE - FEUDING AURAS by Nostradamus...

Apparoistra : from « apparu » to reveal oneself – like an apparition (which is how Nostradamus appeared to me)  
bearded star: commonly thought of as a comet. However, *chevelue*: does mean « long hair » and this brings to  
mind the vignette with the man with the very long hair.

The words 'in writing' seems to say –  
'not seen in the vignette, therefore in writing it will be placed'.

From the forum ONE MALE (Menolea) which is one of the lines the LONG HAIRED one

Now the long hair can point to one of two of the stars which pertain to 'hair'.

hair at the end of Leo's tail. This asterism IS close to Cancer & Ursa! Shaped exactly like
