IT seems to be TOUTATIS which is the "DOUBLE BOLIDE" with the "QUADRENNIAL" orbit approaching Earth at the end of 2012, and then every four years after that. The "years of the Dragon" it will arrive in are 2024, 2036, 2048 and so on

PAPERS: Sunday **SET:** Easter
REED: Celt decans Oct 28 – Nov 24
AS: god of the aettir. U means "from the heavens"
CHORE: Golden Host doing. **BOON** could be Ascension
N are the Eridanians. **N** is in "Ash" February 18 – March 17
STAR RUIN: Our sun and stars the worst case scenario of the poles shifting causing a change in calendars

The dates are confusing. All that can be said right now is that one of the above events is prophesied to occur at Easter and the other in REED. The "BOON" of ascension has question marks because there is warning of a FALSE RAPTURE which will pretend to be the "ascension" event...

Being pedantic I will point out that the word "prophesy" has the intention of "possibility" and the word "prediction" has that of "probably". Problems have been arising where timelines have been altering...

I have noticed that Nostradamus uses the word "FEEL" and "PROGNOSTICATION" the latter meaning PRIOR KNOWLEDGE. The stage gate provides prior knowledge to a certain extent. However, where we see the word FEEL, maybe we should be thinking of possibilities only, due to the military finding the stage gate before they knew how to use it. The Roswell greys apparently, returned to fix these errors. We do not know yet if they were successful.

Hence the missing 20 minutes from Northern Hemisphere clocks in April & June 2011.

As predicted in the Bible by Matthew. Also note: the days will be shortened if our axis changes

Matthew 24:22 ...

But for the sake of the elect those days will be cut short ... should no flesh be saved:
but for the elect's sake those days shall be shortened. ...

This is something Nostradamus may not have been able to foresee, regardless of using the stage gate

Seraphiel, Serapiel (Hebrew שרפיאל) is the name of an angel in the apocryphal Book of Enoch. The “fiery ones”

Protector of Metatron, Seraphiel holds the highest rank of the Seraphim with the following directly below him, Jehoei. In some texts,
he is referred to as the Angel of Silence. Eponymously named as chief of the Seraphim, one of several for whom this office is
claimed, Seraphiel is one of eight judge angels and a prince of the Merkabah.^[1] In 3 Enoch, Seraphiel is described as an
enormous, brilliant angel as tall as the seven heavens with a face like the face of angels and a body like the body of eagles. He is
beautiful like lightning and the light of the morning star. As chief of the seraphim, he is committed to their care and teaches them
songs to sing for the glorification of God. In magical lore, Seraphiel is one of the rulers of Tuesday and also the planet Mercury
(other name **LORD**). He is invoked **from the North**.

 occur when the poles shift.
 One other result is the end of any current calendars,
