ROMAN NUMERALS Line 3: **Minuscule** (lower case) letters were developed in the Middle Ages, well after the demise of the **Western Roman Empire**, and lower-case versions of Roman numbers are now also commonly used: I, ii, iii, iv, etc. In the Middle Ages, a *j* was sometimes substituted for the final *l* of a number, such as *ijj* for 3 or *vij* for 7. This *j* was considered a **swash** variant of *i*. The use of a final *j* is still used in **medical prescriptions** to prevent tampering with or misinterpretation of a number after it is written Wiki ... and this is how Nostradamus has HIDDEN THE INFORMATION IN PLAIN SIGHT

A number 13 in the month of "j". If "13" is a year it can only be 2013, or 3013
Why would people take it upon themselves to *alter* something ... so important a detail?
This discovery was made when working on Line 4. **Combien: "whate date"? or "how much"?**

Line 4. THE ORIGINAL ~ note the word "dune". It is Latin. Meaning: "Assuredly turns twice"

From the Preface to Cesar:

"I did not therefore wish to make known its dire import; also fearful that several books which had lain hidden for long centuries might be discovered, [the three hidden within the wall cavity of his house] and of what might become of them, after reading them I presented them to **Vulcan**" (indicating a fire; BUT why not **say** "FIRE"? **VULCAN** is also the Sun or a **volcano**. Go to **C 1 Q 7 Line 3 WORD 2** and there is THE DATE [the Earth is] "conjured" (brought about) **xiiij = 2013 June** with the word "combien" under the quatrain in the original!

June 2013 is also the same date in the binary code on the disc held by the alien grey in a crop 'square' – 1366E

In the crop square of August 2002 which shows an Orion Grey holding a binary disc – the message has some unreadable letters. They say EE LIE 1366 E. (East or Earth) 1366 2013 – June – 6 (the "six" could even be the "unholy six" or 6 degrees)

"EELIE1366E" cannot be "EELRIJUE" or "BELIEVE", like some people say, since eleven digits are used to form the binary number "1366". ASCII signs contain only eight digits.
 My guess considering the EELIE1366E is that either there is a hidden crypto within the code, or it is a typing mistake, or it is meant to be used as a mantra or a spell.
 There is no "bell sound" in the end of the message.
 I have no idea whatsoever why some people say that.

The third climate [orbit] included under Aries
The year 1727 in October, go to **C.1 Q.7 L.2 W.7**
 The King of Persia [Iran] captured by **those of** Egypt
 Conflict, death, loss: to the [Templar] cross great shame.

The above quatrain came true in every respect. The year, the month and the details. Yet – the first line does not seem relevant to the events, but it still holds the code within codes. We will see if we can get any more clues from them. C I Q 7 Line 2 Word 7 in the original is 'prinfes' taken from "prendre" to "take away", to "steal" or to "remove" *all learning in October*

 The third climate [environs] under Aries comprehended
 [understood – included] Is this saying ARYAN ?*see vignette
 Either the year 1727 (or the information in 1 7 2 7) October
 The Iranian leader those of Egypt took/captured
 Conflict, death, scrutinize the rising cross discord
 grād = gradient, slope, incline; rate of ascent or descent

OctobrePerfeEgypte GET BEER, [Brew/May event] OS [Capricorn event] YET BEFORE COPPER [the October event] YET CREEPY GREY TROOP PRECEPT (GOT PROBE) – in FEET, [Pisces – 2015?] COPE, GOne BY BEER (so to cope from Pisces to May) This ties in with Century 1 quatrain 1 Line 1 the original – which says:

ENTRUSTS (trust me) **EDUCATES:** (teaching you) **If [is] IN DATE FIFTEEN. DIFFERENT FEET** (pun) [Pisces] **STATUS.**

*ARYAN ? when Hitler took to book burning (Kristallnacht) because this is about the loss of learning when coupled with 1. 7 The "third" climate could mean the third season – meaning in Autumn, which is October in the Northern hemisphere. This quatrain **has in line four** an abbreviated word in French: "pte:" Naturally this has not appeared in any modern quatrains. This is not a minor inconsequential word, because it means:

pte abr = **pointe** pt nf. point, tip; nib, prong; headland; **dig**, sally adj. dotted v. break, dawn v. point; **check in;** **scrutinize** Pte abr = **Porte** see **porte porte** *nfpl* (environs proches, muraille [rampart/ramp] carried) doors, gates

Means: if Nostradamus wanted to say "point" he could have used the entire word "pointe" (scrutinize) and in usual manner of getting two meanings out of one word – he is saying also that death from conflict has arisen *as a result* of the portal/s! More recently this is becoming clear – that the March 20 2003 attack on Iraq was over gaining control of the "star gate" there. Since then the conflict in Afghanistan and in Iran (Persia) has all been about the exact same thing. Control over star gates. There is a sea gate at Aden – which is a no-fly zone, a no shipping area. The problem according to Nostradamus, is that these portals are currently open, when they should have been kept closed during the current geological turmoil while the Nibiru solar system passes over. Those from Other Worlds are using the star gates while they can – and Pandora's box is well and truly open! The last words in this quatrain are saying "to the [rising] cross (the planet of crossing, the planet of the Anu who wear the Pheon cross) great scorn" All our planets are being disturbed by the passing of the Nibiru solar system; rendering stargate use very dangerous... The *third* reason the word 'pte' has been abbreviated; is to create the the *hidden words* within this line... which will be done here:

CONFLICT.MORT.PTE.ALA.CROIX.GRAD.APPROBRE

CORRECT [vb] PARADOXICAL FROM BLOTTING PAPER. There will be many of you who will not understand what this is saying. Blotting paper shows the words as they were written – *in reverse*

BOLDER GALACTIC RO FACTION EXTRA RPM PROP; CORROBORATING CLIMAX – DRAFT COPPER-PLATE

There you have it! Just as I said – this is all about NOT LOSING LEARNING. and the only way to PRESERVE information for the distant future is on COPPERPLATE – just as Psunnes 1 did when he had under Giza and the great pyramid showing the coils, the electric light pole, the heavy water and the battery banks of the star gate under! The "bolder galactic faction" is referring to the Andromeda Council (Ro sky runes) and the "extra rpm prop" is about the extra revolutions of our new orbit and or the Earth herself, because the word "prop" means "the normal order of everything". The writing in reverse could mean Earth will be turning in reverse (as well as the hidden texts). Then to top that off; the line is also giving us a date when this will happen on our plate. COPPER means in October.

The Lorraine cross on the left will be explained later. The colour blue see 8 6 2 is Dion.Ysus from Sirius.

In the name of religion books are being burned. This is to keep those who do not know the truth from learning the truth.

They are left to transfer knowledge by word of mouth – on the right.

That is to say – whatever the 'throned' person wants people to know, he will tell them his version

Comprehending Line 1 of 3. 77 is also illustrated by the golden ratio (between orbits/environs, the third orbit out from the sun is Earth) "under" Aries – see the sheep (year of the sheep – 2015) leaping over the golden ratio? In Dan/Scorpio 28/10-Nov 2015

Here is the golden ratio "under Aries" of 3 77 meaning the third orbit (Earth, counting outwards)

The "flower" refers to Nibiru, this crescent may well be *our* Sun in eclipse by Nibiru – in Virgo

Empty books. There is an owl in the spoke free wheel, a date of May 13 – June 9 & October 28 – November 24

The banners are the Milky Way, and this is our view. The one eyed stag is Orion, *and* the date of Os/Capricorn. The star free banner means we are to be in the sack cloth of outer space, minus the means to refer to learning/knowledge. The three "turns" in the banner are three turns of Earth. The chrone is a woman with no grandchildren ... which also often means Saturn/Chronus/time. The lady is not Andromeda the princess nor is she Cassiopeia the queen. She is not the Virgin since she wears red. She is a childless woman. They are looking where? Back?

Empty books again. These are all Lay people, ones who need to learn. The man they are looking to is in the same position they are regarding knowledge. On the right are also Lay people – those who do not yet know. They are about to find out, because they have unwittingly just opened Pandora's box (the star gate, black wings) without really knowing what they are doing. A mindless child is in Authority (holding the staff).

This method of pinpointing details within other quatrains is extremely sparse, which makes those quatrains pinpointed as highly important. In line 2 of 3 77 – the first word says "Lan" which understandably has been taken as "I'an" – the year of. Yet Nostradamus has allowed this word to be miss spelled. This has meaning. When taking the word to the Latin – "an" means "either, or" – so he *is* saying that the ensuing number is "either or" ! So it is *either* the year number – or the quatrain number! The month of October is also strongly mentioned in his letters as being the month "of the great translation". This word being meant in the geological term of "translation". Moving earth

"And it will be in the month of **October** that the great translation will be made and it will be such that one will think the gravity of the earth has lost its natural movement and that it is to be plunged into the abyss of perpetual darkness."

CRT:4:11 "Then again the tumult and clamor ceased and all was silent. In the quiet stillness madness broke out among men, frenzy and shouting filled the air. They fell upon one another in senseless wanton bloodshed; neither did they spare woman or child, for they knew not what they did. They ran unseeing, dashing themselves to destruction. They fled to caves and were buried and, taking refuge in trees, they were hung. There was rape, murder and violence of every kind".

CRT:4:12 "The deluge of waters swept back and the land was purged clean. Rain beat down unceasingly and there were great winds. The surging waters overwhelmed the land and man, his flocks and his gardens and all his works ceased to exist.

CRT:4:13 "Some of the people were saved upon the mountainsides and upon the flotsam, but they were scattered far apart over the face of the Earth. They fought for survival in the lands of uncouth people. Amid coldness they survived in caves and sheltered places."

CRT:4:14 "The Land of the LITTLE PEOPLE and the Land of GIANTS... the Lands of the East and West were all inundated. The Mountain Land and the Lands of the South, where there is gold and great beasts, were not covered by the waters". [South America—See 'Nibiru and the Subterranean Connection Part Two'—Greg Jenner]

CRT:4:15 "Men were distracted and in despair. They rejected the Unseen God behind all things for something which they had seen and known by its manifestation. They were less than children in those days and could not know that God had afflicted the Earth in understanding and not willfully, for the sake of man and the correction of his ways."

THE ORNITHES STYMPHALIDES (or Stymphalian Birds) were a flock of man-eating birds which haunted Lake Stymphalis in Arkadia. Herakles' destroyed them as his sixth labour, employing first a rattle to rouse them from the thick vegetation of the lake, then shooting them down one by one with bow and arrow or a sling.

The birds may have been placed amongst the stars as the [constellations](#) Aquila and Cygnus, which sit on either side of Sagitta, the arrow of Herakles.

The Stymphalides were sometimes identified with the arrow-shooting [Ornithes Areioi](#) (Birds of Ares) encountered by the Argonauts. Ares means "manslaughter".

 CORPORATION DEEMED BEAUTIFUL TO AIM DIET OF UNREPRODUCEABLE – so here it is – Monsanto
3. viendrontliurerleprinceddannemarc
 REMINDER: NON CENTRAL DRIVEN PECULIAR
4. rachathonniautempledartemide

2. CORPORATION DEEMED BEAUTIFUL TO AIM DIET OF UNREPRODUCEABLE - This can be taken three ways.

- 1) Off World Corporation aim to eat those which are *non productive*
- 2) Monsanto *et alia* aiming to make people infertile by forcing them to buy/eat genetically modified food & drinks
- 3) The "terminal" sire is a term for going backwards in a breeding program, and this program is non reproducing seeds

3. viendrontliurerleprinceddannemarc

REMINDER: NON-CENTRAL DRIVEN PECULIAR – This refers to Earth's core off centre, which can be seen in the vignette with the lobster/cray of Cancer and a pair of strange turning olive green things people have been describing as a galaxy, but it is much closer to home than that! How appropriate that Cancer also means "Home". This occurs due to the passing of Nibiru & planets

4. rachathonniautempledartemide

DETECTED THE UNIMPORTANT HO HUM COMPLETE HUMANITARIAN PARLIAMENTARIAN – THREAD: AIMED CLEAR HEADED

This most certainly is about stopping Monsanto, Nostradamus is saying that there IS someone who can do it

All the following work below was done from the 'modern' spelling which included a capital "P" for prince. Because of this (error) the word Prince was included in the codes within codes. When studying the original, it is plain to see the word was not meant to be capitalized. So the real codes *within codes* should read thus:

dannemarcartemide INCREMENTED ARMADA (The Sex/Six – arcing around the sun) ARM ACNE RIDDEN MATE (Nevus greys) DREAD ICE, N ARMAMENT – NAME REDIRECT [Earth] in MA, [October,] DAN [Scorpio] RENAME DRAMATIC END AMERICAN MADE TREND (this sounds like a Monsanto scenario) DREAMT AMERICAN END – ENTRANCE AMID DREAM – DETER DAMN AMERICAN TRADED MEN

Then there is the CORRECT spelling in the first line to contend with:

salonmanfoltarafconsex NASOFRONTAL FOX MANACLES (the Other Worlder which has a nose like a fox – this would be those from Perseus pictured in caves in South America and witnessed by South Americans or those from Enif the "nose" of Pegasus in treaty 9 or even from Vulpecula the Fox) OFF [from] COLOSSAL MARX ANTENNA (H.A.A.R.P) ANu AND FOX FANS SMALL ACCELERATOR
