

IS-CAN-BE SEVEN CONDUITS RENNES & OAK ISLAND

It is not my intention to throw you all into the deep end of this subject – as I was. Why they ever picked me for this task I do not know, because quick thinking has never been a strength carried by me. Only after the passing of *several years* has it dawned on me exactly why the following events happened. At first, the idea that they happened in order to prove something, that is, provide a confirmation – or as stated in one line ‘NEEDS DEMONSTRANCE’ seemed to be the answer. Then another line said ‘DELAY PORTAL CHORE’ so I did. A collection of STAGE GATE –STARGATE lines was already filling 52 pages. *Then* an email arrived from Andrew Bassagio with just two words ‘*CRONO VISOR*’ Immediately the word “visor” caught my attention because I had seen it in the Template... coupled with another word in the same lines – CRONUS – there you have it! This was enough for me to believe in Andrew Bassagio and to slowly comprehend what the following events were/are really all about. By OMISSION Nostradamus provides the answers. By *omission* is by far one of the main methods in the quatrains of making a statement without upsetting the sensibility of the reader. Much like answering a child’s question only when they ask it ... because that is when that child is *ready*.

IS-CAN-BE SEVEN CONDUITS (7 36) ~ SOME USED (4 45 4)

1 These words have been rather enigmatic for a long time. Not until I was relating the following visits to a friend of what I received in my lounge room of (i.e.) by Nostradamus (or whoever it was wishing to appear as Nostradamus) – did I realise that each of the five times was not the same as another. The first time he appeared as an apparition. Silvery, almost see-through, feet not quite on the floor. Lasting for the count of “one Mississippi, two Mississ...” a person had to be on their toes in order to take in everything that was happening. Whoever it is (UULLIEM52 the STEERSMAN) which organizes the co-ordinates of arrival must also have a complete understanding of where the *viewer* would be at that moment too! The “apparition” appeared in front of me to my one o’clock position about one o’clock in the afternoon while I was in my armchair just having had lunch. The distance from me being about six feet. This would probably be the only time in the entire day that I would have even *seen* any apparition! Seated at the computer working on the hidden texts from around 3am to around lunchtime I would not have seen it. A nap after lunchtime I would not have seen it, then outside dealing with animals would be no good either.

This had been a very hot day in [January of 2009](#) – so hot all I had was a damp towel over me. In one of the hidden texts later I found these words I SAUU YOU NUDE. Said in a joking manner. We need to remember that he is a doctor. He would have been absolutely aware of how terrified I was at the time. I just realised how my position is obtained – the implant in my thigh.

2 The second time was more interesting in that I was not frightened of what was happening, and sad that it did not last longer. My usual position in the arm chair, at the same time of the day, only I had hurt my back and in the process of “climbing” out of the arm chair, almost put my head into his belly! He had been standing behind my armchair – feet on the floor – solid, with substance (as opposed to being almost able to see through him before). Yet not in any colours that I could say with certainty that “he was wearing a dark red coat” with any definition. Just a hint that he was. Very hard to explain. Almost as if he was *nearly* here. This time we had a chance for a quick smile. I am trying to recall his beard – in the first visit it was long and he was old. But in this visit it was trimmed. No hat of course, at either time. Just the long sleeved clothing and very white skin. He is about five foot six or so. No taller. Distinctly it seemed to me that he had been there for a much longer count. I could not smell him. The date for this visit was [Easter 2010](#), and shortly after there was a line which said “BERATES VERTEBRAE EASTER”

3 The third time Nostradamus came, my lounge-room had been moved around and my armchair was now on the other side of the room. [October in 2011, the last Thursday](#), late at night (for me) around 9pm, a very bright light suddenly appeared above my head. First instinct was that someone was “spotlighting” which is what shooters do when out shooting foxes. Everything about that thought was cast aside immediately since the curtains were well drawn, and a spotlight would not be able to arrive from that direction unless they were in a helicopter – and then only if the light could travel through a roof!

On looking up at the light – there he was about four feet up – peering down, both hands on the edge of what looked like a manhole, just as if one were down under the road looking up through a manhole at the very bright sun. He had been there the entire time I had looked the other way (at the window) and during when I was trying to process what was happening. His beard was longish and he was solid but without colour and he was surrounded by what can only be described as a ship’s porthole about twenty inches across. By the time my wits returned he was gone.

4 The fourth time he arrived my lounge-room had again been changed around. Watching television my son in law and I were on the main lounge. Directly opposite us, about 9pm again, a dark golden coloured “ring” formed up near where a picture rail used to be in the olden days. A very quick visit, just long enough to see his beard was trimmed quite short and he seemed quite young! Turning to my son I asked him “did you see that?” and he answered “Yes”. To test him I asked him “what did you see?” His answer was a bit disappointing to me, but what should I have expected? He said “someone turned the light off”. Very quickly I pointed out to him with a question “what light?” – there is no light at all there. This had been in [Easter 2012](#).

5 The final “visit” was quite peculiar. The [third Thursday in October 2012](#). Much earlier in the evening, about 7 30pm. The sun had been set just long enough for me to sit down after dinner (supper). Right next to my right cheek – about eighteen inches away, appeared a round, and I will use the word “spyglass”, a brass one, which looked just like a flashlight does when the battery is on its last legs. It “receded” a bit in distance from me, appearing then like a reflection on the window (and there *was* a gap in the curtains). At first I thought someone was on my porch with a torch shining through the window, so I actually got up and went outside to check. This porch is up on the first floor and anyone running away would have to negotiate getting down to ground level. It was still there when I returned. It was about five inches across and must have been there about two minutes. That does not sound much – but you hold your breath for that length of time and see how long it is!. Shortly after that three lines said:

9 36 2 CORPULENT PARQS DOING U [Uranite] E [Hero/He Rod greys] CULT
6 82 4 CORPULENT PARQS PERSON RE-PLACE PROPHECY CYPHER (the Triple Method)
OCCULT [hidden] X [joint] U [celestial] SQUARE (is “Field” Pegasus, the Marcabians have a treaty with the US military)
10 100 4 CORPOSANT PATRONESS CONSENT (note this is the very last line of the Centuries)

The reason these events have been numbered as a *category*; being the *difference in each time crossing* incident... five out of seven. Enough for me to get the hint. It is all a learning curve.

The conduit visits received are not in numerical order and I am not certain which way to number the order of conduits. Should the spyglass be a number one or a number seven being the “least involvement”. I will go with number seven.

FIRST CONDUIT ~ ONE HUNDRED PERCENT REAL AND NOT DETECTABLE AS A FALSE PERSON IN ANY WAY:

Had Nostradamus arrived, knocking at my front door, shaking my hand looking at his chronometer and saying “what’s for lunch”? we might say this is a *number one* conduit. One in which he physically is able to inter act, to ride a horse for instance, including body odour, and one who could “change events” simply by being here or by returning with a virus himself

SECOND CONDUIT ~ APPEARS AS A MOVING INTER-ACTIVE HOLOGRAM WOULD:

A *number two* conduit might then be a physical presence in full colour, with fragrances (similar the Tall Violet Beings) able to communicate but not touch or move anything. This could have been the Fatima experience, able to stay quite a while.

THIRD CONDUIT ~ AS A NON PHYSICAL INTER-ACTIVE YET MOVABLE

The *number three* conduit is then the one in which the format is a simple apparition which includes colours, touching the ground staying for a timed period – such as the one when I almost put my head into his belly... returning a smile, (my *second event*)...

FOURTH CONDUIT ~ LOOKS AS AN APPARITION: SEE ILLUSTRATION NEXT PAGE

This would make the *first apparition visit* a *number four* conduit – feet not quite on the ground and very much a faded hologram without interaction such as no smiling in return...

FIFTH CONDUIT ~ my third visit from the time portal

Fifth in the order of “conduits” being the silvery bright spotlight experience – interaction thru the Cronus Visor

SIXTH CONDUIT ~ my fourth visit from the time portal

Sixth in the order of “conduits” would be the gold coloured ring – one of the Cronus Visor episodes minus interaction

SEVENTH CONDUIT – the fifth visit through the time portal

Seventh conduit being the “zete field” spyglass – strictly a spyglass, one which can look and see almost as long as it needs to

LOOKING FOR "MYRTLE" IN THE LOST POEMS BROUGHT ME HERE

"But this was not BERENGER'S only strange pastime. The cemetery of the church contained two memorial stones marking the grave of Marie de Negri d'Ables (died 1781), the wife of Francis d'Hauptoul, the Seigneur of Rennes. By night, Sauniere moved these stones from one end of the cemetery to the other, and patiently erased the inscriptions. Unknown to him, however, his labours were in vain, for the inscriptions had already been copied by itinerant archaeologists – and one of the stones, we now know, bore the same monogrammatic device as appeared in at least one of the manuscripts found in the hollow column.

Abbe Sauniere had made discoveries of documents inside a column in Rennes le Chateau which led him to Poussin and the inscription painted by Poussin. This inscription is duplicated on a headstone at Rennes le Chateau. Using the keys in the Alchemye List has given us an insight into the meaning of these clues. The monogram is the 12 pointed Cross of the Anu. The six cockerels represent Argo/Puppis constellation

Poussin certainly seems to invite the same word-splitting game with the word ARCADIA on the face of the tomb in his most famous of paintings. In the painting there is a shepherd pointing at the letter R of the word ARCADIA. In actual fact though we can only see the letters A, R, C & A (making the word ARCA) - the letters D, I & A are obscured by the other shepherds staff. So what we can see most easily is **ET IN ARCA** - which means something like 'And in the tomb'. It correlates with the paintings' theme as the shepherds are studying an inscription on a large tomb in a pastoral landscape, and it also correlates with the *et in arcadia ego* ... phrase itself.

POVERTIES I simply love how they give us information with so few words. These will be the **MOST IMPORTANT** words you have EVER READ. "**APOGEE POVERTIES**". This means that the furthest point of some satellite/asteroid was NOT FAR ENOUGH AWAY! In order to fix this problem - the "River gods," either the Dagon/Oannes (described as "crocodile" in the Sixains) or those from Erid.anus (could be the same thing) have helped Earth by MOVING THE "60⁰" **GEMATRIA**. The word 'Gematria' being used to ensure that the collator realised what "LV" meant. In other words, so that these letters were used as a number. The Earth is entirely run by the number "60" - and for some time scientists, surveyors and airline pilots have been aware that the alignment of latitudes and longitudes has been altering (since at least 2003). At the risk of repeating things, which needs to be done because some readers do not read all the forums - **the great event of December 2012 was indeed avoided**. The two asteroids which came exactly on the day Nostradamus and Shipton said they would - St Lucy's day December 13 - missed the Earth for one reason. The Earth HAD BEEN MOVED. Thus fulfilling Matthew 24:22 "the days will be shortened for the sake of the elect". This was accomplished by the loss of 20 minutes in April 2011 then again in June 2011. Notice that NASA never said one single word about two asteroids (Toutatis and companion, both the same size on the same day) until AFTER they had safely passed by!

2 25 2 "TERBIUM is used to **dope calcium fluoride**, calcium tungstate and **strontium** molybdate, materials that are used in solid-state devices,
 and as a crystal stabilizer of fuel cells which operate at elevated temperatures, together with ZrO2.

Terbium is also used in alloys and in the production of electronic devices. As a component of Terfenol-D (an alloy that expands or contracts to a
 high degree in the presence of a magnetic field), terbium is of use in actuators, sensors and other magneto mechanical devices.

Terbium oxide is used in green phosphors in fluorescent lamps and color TV tubes. Sodium terbium borate is used in solid state devices. The
 brilliant fluorescence allows terbium to be used as a probe in biochemistry, where it somewhat resembles calcium in its behavior. Terbium
 "green" phosphors (which fluoresce a brilliant lemon-yellow) are combined with divalent Europium blue phosphors and trivalent europium red
 phosphors to provide the "trichromatic" lighting technology, which is by far the largest consumer of the world's terbium supply. Trichromatic
 lighting provides much higher light output for a given amount of electrical energy than does incandescent lighting. wikipedia.org/wiki/Terbium

WHO IS CARVED AND SITS OVER THE CAPSTONE OF RENNES?:

Asmodeus or **Asmodai** (**Hebrew**: אַשְׁמֹדַי *Ashmedai*) (see [below](#) for other variations) is a king of [demons](#) mostly known from the [deuterocanonical Book of Tobit](#), in which he is the primary [antagonist](#).^[1] The demon is also mentioned in some Talmudic legends, for instance, in the story of the construction of the [Temple of Solomon](#). He was supposed by some [Renaissance Christians](#) to be the King of the Nine Hells. Asmodeus also is referred to as one of the [seven princes of Hell](#). In [Binsfeld's classification of demons](#), each one of these princes represents one of the [seven deadly sins](#) ([Lust](#), [Gluttony](#), [Greed](#), [Sloth](#), [Wrath](#), [Envy](#), and [Pride](#)). Asmodeus is the demon of lust and is therefore responsible for twisting people's sexual desires. It is said in *Asmodeus; Or, The Devil on Two Sticks* that people who fall to Asmodeus' ways will be sentenced to an eternity in the second level of hell. Wiki

"because that fierce demon Asmodeus knew even the future" (*ib.* p. 21).

☞ **Asmodeus** as depicted in [Collin de Plancy's Dictionnaire Infernal](#).

In the Book of Tobit. "because that fierce demon Asmodeus knew even the future" (*ib.* p. 21).

Asmodeus first appears in the Book of Tobit. According to Tobit iii. 8, vi. 14, the evil spirit Asmodeus—"king of the demons," in the Hebrew and Chaldaic versions, is a later addition—fell in love with Sarah, the daughter of Raguel, and for that reason prevented her from having a husband. After killing seven men successively on the nights of their marriage to her, he was rendered harmless when Tobias married her, following the instructions given him by the angel Raphael. Asmodeus "fled into the utmost parts of Egypt and the angel [Raphael] bound him" (*ib.* iii. 8, vi. 14 *et seq.* viii. 2-4).

Test. of Solomon, transl. in "Jewish Quarterly Review," xi. 20.

"I am called Asmodeus among mortals, and my business is to plot against the newly wedded, so that they may not know one another. And I sever them utterly by many calamities; and I waste away the beauty of virgins and estrange their hearts. . . . I transport men into fits of madness and desire when they have wives of their own, so that they leave them and go off by night and day to others that belong to other men; with the result that they commit sin and fall into murderous deeds."

Solomon obtained the further information that it was the archangel Raphael who could render Asmodeus innocuous, and that the latter could be put to flight by smoke from a certain fish's gall (compare Tobit viii. 2). The king availed himself of this knowledge, and by means of the smoke from the liver and gall he frustrated the "unbearable malice" of this demon. Asmodeus then was compelled to help in the building of the Temple; and, fettered in chains, he worked clay with his reet, and drewwater.

Solomon would not give him his liberty

"because that fierce demon Asmodeus *knew even the future*" (*ib.* p. 21).

SO HOW DOES ONE GET "TO KNOW THE FUTURE"?

TIME TRAVEL OF COURSE

REVEALING PIT - the Money Pit on Oak Island. "Oak" is a key word for stargate. An endoscope was sent down and the results showed what I saw as a mechanical stage gate (illustration here) on pg 10 or 11. When the documentary was repeated, this segment was missing. But, yes, it was the **LEVERING POINT** for evidence of the "treasure" put there by the Templars. The "island" word means the "barque" or "ship" of the Earth. PLANET'Z ALL COAL

This illustration has been shown many times before so to cut it short

The banner standard says to use two of the three keys

The Celt Tree Zodiac

The Alchemye List

The Vinca Runes

The word "banner" means the Milky Way

The sack cloth darkness of the bible with god's hand in it

The Pope is Sirius, proven by the dog giving a "push" but

this pope could also mean the Earth herself

The haplocaulescence of the "branch" means the continuation of DNA and humanity – the real "tree of life".

In effect saying continuation to *this branch* of humanity

The keys form the "X" of Gebo/partnership, joint venture which happens to also be the cross of the Crossing of Nibiru

FOR SOME TIME THERE HAS BEEN A CHOICE OF WHAT IT IS WHICH CAUSES THE "SACK CLOTH OF TOTAL BLACKNESS" IN THE BIBLE
 HERE IT IS TELLING US THAT IT IS NOT THE NIBIRU SOLAR SYSTEM CAUSING A GREAT ECLIPSE – IT IS THE TRIP OF EARTH BEING

 THAT MERCURY CAN ECLIPSE IT (In 4 29) see *A.D. ENDS (2016)*

Here is a vignette which may also apply to this subject.

The Banner of the Milky Way is all black. So is the wheel of precession

The Golden "V" is the Golden Host Doing (The Andromeda Council)
 but it is the eclipses here which need addressing. The "face" can mean in Scorpio

or the Moon. **What are the other two?** There are three little lunar eclipses which
 may be a dating mechanism or may mean a triad. The Cray/Lobster is in Cancer

The olive green (bright olive in the original) seem to be showing a half turn of the
 Earth with her inner core quite active

The red cray may be the "PUCE LOBSTERMEN" in some lines not yet published. We know them as Mantids. They are involved with the Living Library of the Earth, and do ally themselves with Others. The Greeks called them Myrmidon AntMen

ANTROSCOPE

An instrument to aid in the visual examination of any cavity

"he (Sauniere) raised a huge garishly coloured monument, the stoep (entranceway) borne upon the head of a wildly staring life size figure of the demon Asmodeus, while above rise small statues of *four winged angels*, with the motto *Par ce signe tu le vaincras* - 'In this sign shalt thou conquer' " "because that fierce demon Asmodeus *knew even the future*" (ib. p. 21).

So here, then are the clues. Four winged Angels of the Anun.nakim (as we call them, but they have a thousand names) which are seen regularly on Sumerian wall reliefs - in relation to the flowered tree of life (the aggregating of molecules into 'beam me up') and the Ring Lord. Followed by the words "*knew even the future*". This is the evidence of what Sauniere really found - the plans to a time portal.

The same time portal which was taken by the Templars, and with the help of the Dagon had it buried in the Pit on Oak Island. There was a documentary about the Money Pit in which they had finally sent down an ANTROSCOPE. What I saw made me jump up. The mechanical device I saw on that screen was the same as the one Dan Burisch described (picture here) - yet when that same documentary appeared a year later - that scene was gone. All the key words are there, not the least of which is the name of the Island - OAK ISLAND where Oak, Quercus, acorn and anything related to Oak trees (except Celtic Tree Zodiac) is a cipher for the BOAT/BARQUE which is the Earth herself. What could be buried at BIRCH ISLAND? for the BOAT/BARQUE which is the Earth herself. What could be buried at BIRCH ISLAND the lost TREASURE of a time portal.

Dan Burisch and Bill Hamilton 'Project Looking Glass' AT PROJECT CAMELOT.ORG

THIS is what I saw in the documentary with the **ANTROSCOPE** view of what was down in the Money Pit on Oak Island. The word OAK has always been an alchemye key for the time gates - also ACORN and many others including ROSE. The next time this documentary aired, that segment was missing.

Next door to OAK Island is BIRCH island. The word BIRCH in the alchemye list means "barque", boat, the Earth.
 So what is in Birch Island?

The HIDDEN TEXTS of NOSTRADAMUS
~ HOW ~

The Centuries of Quatrains consist of four lines of ‘verse’ each in which a topic is highlighted for the reader. The quatrains were published in March 1555 providing us with warnings of events in the future as written by Nostradamus.

On the face of it, the result is a body of works described by a medieval person who went out of his way to avoid being called a ‘prophet’ – succeeding in failing dismally.

Readers of the works do see in the quatrains what they can only understand in relation to the times they are in.

The best example of this is in Century 1 Quatrain 63 where the words:

*Les fleurs passés diminue le monde,
Long temps la paix terres inhabitées :
Seur marchera par ciel, serre mer & onde :
Puis de nouveau les guerres suscitées.*

Pestilences extinguished, the world becomes smaller
for a long time the lands will be inhabited peacefully:
They will travel through the sky, squeezing sea and waves
then new wars will start up again.

Throughout the transcribing of the *Hidden Texts*, the only version of the French which has been used is that of Erika Cheetham. During the period of 1980 when the task first appealed to me of continuing Erika Cheetham’s work, her life and her principles intrigued me. She seems to have been the only student of Nostradamus who realised that the apparent miss-spelling in the quatrains was there for a reason! For instance the word “Hister”. The “s” was *needed* for the hidden texts...

In 1: 63 Miss Cheetham, a student of Medieval French language – translated what she saw. Line number three said to her... “*people will travel safely through the skies over land and sea*”.

At the time of this interpretation, in the early 1960’s, jet propulsion was not common knowledge. Following the accidents of the Comet aircraft, the Boeing 707 was the first successful airline to fly from 1958. When line 3 is read as describing not only jet propulsion (squeezing the seas) but also radio waves (squeezing “the air waves”) and then this line becomes nothing short of amazing.

It does not stop there. In more recent times following the turn of the millennium – frequencies, sometimes called “vibrations”, of cellular structure and even of DNA has become a prime topic to those studying quantum physics.

This quatrain 1 63 becomes then, a hint to the lynch pin of the entire subject of Nostradamus and his works.

The reason for this is; the subject of quantum physics explains astronomy and the study of astrology – including the influence which planets have on material things.

The words “*the world becomes smaller*” is then understood in its many meanings – on a planetary basis and on the surface. In this manner Nostradamus has told us many things with just three words. Knowledge makes the world ‘smaller’, the information barrier has almost been wiped away due to the world wide web and the world has been made smaller by jet travel. However – Nostradamus is not finished with us yet. In the hidden texts he explains how “squeezing the waves” includes what we know of as “*beam me up Scotty*”.

This leads us to ask – just how did Nostradamus come by his information?

Later as one reads what Nostradamus has to say on various matters, one will come to the same conclusion I was forced into. Nostradamus was ‘taken’, just as Enoch, Ezekiel, Isaiah, Da Vinci and Mother Shipton were taken too. They were all taken into the future. Da Vinci and Nostradamus both left us hints for which we can pick up on or ignore depending on our own level of comprehension. They both left illustrations ^{see pictures} pointing to the heavens. They all have left written works describing *the exact same events*...

When it comes to Da Vinci (in Italy) – Mother Shipton (in England) and Nostradamus (in France) ... all alive at one stage during 1503 – 1519, it seems apparent that Someone Somewhere is earnestly attempting to warn all of us of an extreme and major European and world wide episode.

One final hint. Nostradamus was asked by Lord Tendé ^{see report in illustrations} to report on a sighting witnessed by over one thousand people ^{see pictures}. The unidentified objects were seen in the sky between 7 and 8 p.m. February 1st 1554. Nostradamus provided the report March 10 1554. Exactly one year before he published the Centuries of Quatrains.

HOW THE HIDDEN TEXTS WERE DISCOVERED

An Australian man, Allan Webber set out to prove early in the first decade of the 21st century, that using anagrams to gain meaning from the lines in the quatrains of Nostradamus was *without merit*. Several years later the ‘merit’ of these disguised words was a proven fact, something Allan realized with shock when he saw that his computer program had spat forth his own name. Not once, but enough times to fill twenty eight pages in Arial 10 font of all the quatrain lines (extrapolated) which held his name.

These 28 pages were guidance for Allan on *how to deal with the result*.

There are many names of people within the hidden texts – which we will call “quatreins” as opposed to “quatrains”.

A young lady who is named (I have been told not to publish her name) as an astronomer will come along in 2017 to repair the calendars ... as Nostradamus emphasizes it is only by astronomy can real time be calculated.

I googled this name – and sure enough to my own astonishment, she is currently studying astronomy!

There are thirty eight pages directed at my name, mostly admonishment on my errors, but some are confirmation that a person with my (full) name is involved. The verification comes by way of the first spoken word of the Collator (“Barcarole”) – 6: 64 + INSPIRED DISPUTER LASS ONCE CLEAR BARCAROLE which is true, certain illnesses and the age this person was *and the date* when commencing the work on the collating of Allan’s disguised texts.

There is further confirmation in the quatrains themselves (5 36)

Sister of the brother via simulating pretence (the texts)

A female duplicating the works of a male - the quatreins

Will come advocating the rose mix dew with mineral:

On the agricultural plot the tired old woman gave away Dies,

relishing it (the task) she will be unaffected and rustic.

Line two is speaking of the topics (*advocating*) using key words. The word “mix” is an oblique mention of his use of the word “aggregate” in those quatrains which were actually describing “beam me up”. The word “dew” is a sideways reference to those greys which feed via their skin, on a dew like mixture. One of these was Uuilliem52, his assistant in the stage gate. Mineral is a key word for “Pisces”. As a date this is the illustration of two fish over and above the dividing tectonic plates in one of his son Cesar’s “Lost” Manuscripts. It is also a cryptic reference to those from Tau Ceti (coming to help) from the ‘tail’ of Pisces and Cetus.

The words “sister to the brother” refer to the astrological sign under which he was born and I was born. And, yes, I DID give away my rural property in February 2009! “Rustic” would be spot on too, as the property is run by wind and solar power, and not connected to either electricity or town water.

More verification recently was shown to me in the correspondences of Nostradamus. That which is written in Latin.

In Letter 32¹ there is a paragraph which says:

“Brototium meum iam dudum **Parca** rapuit, quae (Fem.) quidquid est apud nos boni quamprimum sibi vendicat. P. Brototius filius iuuenis est admodum et [69 v^o] ista parum curare videtur. Porro autem tales sunt plerumque nostrae literae, quae si vel non perferantur vel negligentius habeantur, non parum ea res nos offensura sit.”

The original above, taken as masculine by the translators but ‘quae’ is the *female* – albeit they still spelt it PARKS in the English

“Here already it has been *some time* that my dear Brotot was delighted by Parks, who took hold [of our mandate] those things amongst us which must be done herself [being] as a priority the best [candidate] among us.

Who has the ears to hear whatsoever amongst our mandate . . . To undergo delivery forthwith”

I found the use of the words “*some time*” rather interesting. These correspondences all written in Latin also hold within them many secret messages between the writer and the receiver. This means, of course, that the person reading the letters from Nostradamus was also aware of what Nostradamus was doing and how it was happening!

HOW THE COLLATOR CAME INTO THE PICTURE

If one were able to stand in the shoes of Nostradamus and ask oneself this question:

“What attributes should I be looking for when choosing a person in the future who should carry on the works of the extrapolated Quatrains?”

What would be the answer? We are however, making one assumption; that it was Nostradamus who did the choosing. Before we even arrive at this thought – we need to accept that Nostradamus had help and that this came from a much Higher source –

The first precept is to find a person who has an open and enquiring mind. Some would say a scientific mind.

One who does not care for extra material things nor needs extraneous money. One with an “INTJ” personality bordering on Asperger’s syndrome. Those who do need money or fame will not understand certain things, their *ego/id* will get in the way. Such as people who in the past; thought to “repair” the spelling of the quatrains.

One who *can* spell, understands grammar, the syntax of French and Latin, has a vocabulary or the ability to research vocabulary (including medical) and for the purposes of the texts hidden within the quatrains, has studied the runes.

Not the least thought is that this person has the time spare, the drive to do the work and the tenacity to continue with everything involved in completing the work.

Erika Cheetham had all these qualities, apart from the study of Runic Lore and runic foundations – Erika Cheetham did very well. Throughout her work she rarely “repaired” the spelling “errors” – she kept all the Upper Case words and she took into consideration alternate possibilities regarding the Quatrains for future Nostradamus “workers” to avail themselves.

When it comes to the texts disguised within the quatrains, Allan Webber certainly had the drive and tenacity to follow through. At the time of writing Allan is still making discoveries regarding the words of Nostradamus.

For myself, a current time *collator* – a nobody – the lifetime experiences which placed me in this position does encompass working as a proof reader (which included medical journals) and as weird as this does sound ... a breeder of horses. The person who works on the Hidden Texts needs the knowledge of horses! There are a large number of horse terms pertinent to the decoding without which much would be lost. The best example is plucked from 10 24 4

ISABELLE EBRILLADE QUADRILLE 10 24 4

to begin with – how in the world did Allan Webber (his computer) come up with this combination?

ISABELLE – the Ysabella was the palomino horse named for their COLOUR – golden... by Queen Isabella of Spain and the twist is that the very name Isabelle means GODS PROMISE – so this one word is saying and reiterating an entire phrase: GOD’S PROMISE OF THE GOLDEN OAR LEAGUE, (in line 2 5 2) and GOLDEN HOST DOING (in other lines)

EBRILLADE – a bridle check, to **turn** a horse suddenly because it needs “checking” (re-tuning its mind)

In recent lines (many of them) it seems that the Earth is going to take a TURN which will be a CHECK -

the reason for this has also been given (according to the hidden texts):

The Earth is about to pass into a major solar flare that is extremely definitive – between the latitudes of 39 degrees north to 55 degrees north ... the other word used to describe how definitive is “POE” -

POE who was so extremely intrigued by spontaneous HUMAN COMBUSTION

QUADRILLE – a dance performed (in Spain) between **six** couples, also a dancing movement for highly trained horses (Spain)

There are two meanings (again) for this one word:

the Earth will be doing a “dance” – rocking to and fro – four times – before lying down on her side. This pushes us off our current orbit changing the length of our year and fulfilling the Maya Long Count calendar [the age]

(This is what sets off Bahre in India, Canary Islands, Geelong, and Peru as described in their own hidden text forums)

The word SIX refers to visitors coming from other worlds to help. In other lines they are the two triads of the second coming. See *Mazzaroth* by Miss Frances Rolleston... The [Golden] Oar league is one of them (from Argo) in C.2 Q.5 L. 2

and finally – confirmation (in the AUSTRALIA 2 forum as Nostradamus calls them) that Pine Gap Australia will be the pivot point of least CENTRIFUGAL FORCE – making SPAIN the DANCER!

Numerically speaking Century Ten is the last in the Published Centuries, the number 24 equals “6” (which is the number of death) and number 4 is the last line. So all things about this quatrain refer to end times. So far we have spoken of only three words in this Quatrain!

10 24 4 *Sauf coup de feu barril liqueur d'abeille.* « Bees » = Ursa
 EBRILLADE QUADRILLE ISABELLE
 FED COUP RID BELIAL REBURIAL
 AS A'QUIRED ABLE FUEL LABEL BREUU I
 could be saying the first day of Brew – May 13/14 ties in with CHANI and
EARTH'S NEW EQUATOR

*Except (for) the late (recent) bees barrel blast: this refers to the space
 “station” implosion seen by me Sept. equinox 2011 in which Nostradamus
 says “YOU SAUU ME DIE” 4 31 4 in “CANIS CANARE”
 REBURIAL (men in black) I = Halloween & December 18/19/20/21
 BREUU May 13 – June 9 The same dates are in 2.5 in F.I.S.H.*

ſ is a god of the Eddas, of the Aesir/Aettir, (who provided one Runic alphabet) the “ABLE FUEL” means the best manner of helping humanity. REBURIAL is a reference to those “risen from the dead” at the end times – FED is the FEDeration of Heavenly assistance. BEES, Beetle and the “Beehive” are obsolete names for those from the direction of Ursa Major which are in a form of treaty with the American government *YOU SAUU ME DIE* was truly mind bending. We all know Nostradamus died the night of July 1st 1566 – as did he! Found standing up

A primary ability required from the collator/decoder is; A memory for detail. Here is one example:

One will notice that the cipher here for the dates are Celtic key words. In this case the word ‘BREW’. The most ingenious methods of providing dates will best give us an “aha” moment when different dating ciphers give the exact same timing! The above hidden texts are telling us about the Golden Oar League arriving to help at a time when the human race most needs it. In the ordinary [face value] quatrains, C.2 Q.5 says:

2.5

*Qu'en dans poisson, fer & lettres enfermee,
 Hors sortira, qui puis fera la guerre,
 Aura par mer sa classe bien ramée,
 Apparoissant près de Latine terre.*

That which in fish, [F.I.S.H.] iron (Virgo) & letters [are] enclosed
 Out will go one who will then make war,
 Karma from the blue its golden oar league
 Appearing near Latin land. (Babel to the Romans or Rio de Janeiro)

C.2 Q.5 says: the astrological “iron” clue which is a date – and the letters which are in FISH are that date.

“Iron” the date is meant to be in Scorpio in modern times but in Virgo in the obsolete. I do not believe that it is really the date which is the subject here, just the hint that the letters of the word F.I.S.H. are the date! Having said that – these are the same dates in *EARTH'S NEW EQUATOR* – which possibly means 2016 – see *A.D. ENDS*
 This would be something only a person working on the quatrains and who has the “triple method” (which is not a tripod) would realize – since it is by “left over” letters that dates are arrived at. Tables for the “left over” letters and their meaning will be provided later. For us in this quatrain, the dates from F.I.S.H. are as follows:

F.I.S.H: the icon of the office of Jesus ... as a date is in the “Age of Pisces” our current Anno Domini.

F. Celt Alder zodiac	March 18 – April 14
I. Celt Yew tree days	Halloween & December 19/20... Halloween is in Scorpio
S. Celt Willow	April 15 – May 12
H. Taurus Rune	May 13 – June 9 [rune for Hagaliz-chaos-ice-hail]

There are several things to notice about these dates, first that they run on in sequence once ‘I’ is placed aside, that is; (the ego). They correspond with the dates in quatrain 10 24 4, 1 80 & in the vignette of the two fish which are sitting above the dividing tectonic plates ^{picture,} also in quatrain 5 36 in line two – “will come advocating ‘mix’ dew and ‘mineral’.” The word “mineral” (or any word which means a mineral such as feldspar) is code for in Pisces.

I : 80 belongs with 2 5 letters in fish

*De la sixieme claire splendeur celeste,
 Viendra tonner si fort en la Bourgogne :
 Puis naistra monstre de treshideuse beste,
 Mars, Avril, Mai, Juin grand charpin & rongne.*

From the sixth bright celestial light (Auriga Rigel or Vega)
 it will come to thunder very strongly in Burgundy. (asteroid)
 Then a monster will be born of a very hideous beast: (CME)
In March, April, May and June great wounding and worrying.

“Then” means “after this event”, with the monster being born of our sun which goes “bronze” in Presage January 3rd

It does become intricate, yet leaves no inconsistencies. One merely needs to **read** what Nostradamus is **saying**. In C6 Q35 the same applies to “letters in CANDLE”. Where ‘candle’ says “lanced”. The entire quatrain speaks of “woods and cities” lanced by the sun.

Both Nostradamus and da Vinci used the word “candle” when they mean the sun.

This type of lateral thinking is necessary throughout the entire coded works, including the letters written in Latin – (the correspondences of Nostradamus) the “poems” written in Latin, and the Presages – they all hide information ... knowledge left behind for us here in the second millennium and further.

For myself, the work is an intellectual joy. Finding Allan Webber on the internet was no mere coincidence. It was arranged by Someone very high “UP”, astronomically high. Allan must have recognized the name I signed with. The outcome after he quizzed me between emails, being that he sent me his entire templates – all 10,000+ of them.

“Guess where I have been?” Da Vinci.

WE HAVE ALL LOST THE ABILITY TO PLACE OURSELVES
IN THE SHOES OF MEN LIKE NOSTRADAMUS AND
LEONARDO Da VINCI
TO TAKE OUR MINDS BACK TO THE DAYS OF
SERIOUS STUDY OF OUR SURROUNDINGS:
NOT JUST AT AN EARTHLY LEVEL,
BUT AS FAR AS THE EYE CAN SEE.

IT SEEMS TO ME THAT BOTH OF THESE MEN,
IN SEPARATE LOCATIONS OF EUROPE BUT CONTEMPORARY
TO EACH OTHER, SUFFERED EQUALLY AMAZING EXPERIENCES.
ALSO IN ENGLAND, ‘MOTHER’ SHIPTON IN THE SAME TIME FRAME
WAS RUMOURED AS COMMUNICATING WITH “THE DEVIL”
TODAY WE WOULD SAY THESE PEOPLE SUFFERED AN
ABDUCTION EPISODE, WITH ONE PRIME DIFFERENCE ~
THAT:
THEY WERE ALL GIVEN A MESSAGE TO CONVEY...
A SET OF WARNINGS TO THEIR FUTURE, FOR YOU AND ME.

This has a parallel with Nostradamus and his “pointing up” pictures.

The first lesson to us from those in our past is to look to the stars for the true method of obtaining the calendar – and to take our minds even further. The flag and the mansion are zodiac “houses”. Nostradamus tells us quite clearly in these illustrations ...
“AS ABOVE – SO BELOW”
‘Banner’ means the Milky Way

1554

The “planets of crossing” This cross and the one on the flag above the “mansion” are a reference to the Nibiru solar system

From Jacques Vallee book "Wonders in the Sky"

Dr. Nostradamus and a thousand other witnesses have seen a big "bright burning rod" that changed its flight path, between 7 and 8 P.M. It was in the sky for two hours, displaying a swinging motion. Here is the actual report:

TO THE ILLUSTRIOUS, HIGH-BORN AND ALMIGHTY LORD CLAUDE, DUKE
OF TENDE,

Knight of the order of Regents and of the King and Honorary Citizen of Provence,
Michael de Nostre Dame, his humble and obedient Servant bids greeting and good
fortune.

"Gracious Lord,

"According to reports received, on the first day of February in this year of 1554, a most terrifying and horrible sight was seen on [...] towards evening, apparently between 7 and 8, which I am told was seen as far as Marseille. Then it was also seen at nearby St. Chamas by the sea, such that near the moon (which at that time was near its first quarter) a great fire did come from the east and make its way towards the west. This fire, being very great, did by all accounts look like a great burning staff or torch, gave out from itself a wondrous brightness, and flames did spurt from it like a glowing iron being worked by a smith. And such fire did sparkle greatly, glowing aloft like silver over an immense distance like Jacob's road in the sky, known as the 'Galaxy' [i.e., the Milky Way], and raced overhead very fast like an arrow with a great roaring and crackling thunderous din' and as though it were being blown hither and thither by the [raging and roaring?] of a mighty wind.

"Then slowly, over the course of 20 minutes, it turned until we saw it passing over the region of Aries via that we call the 'stony road' which the poets do call immensum fragorem [i.e. the Crau]. Then it turned towards the south, high over the sea, and the fiery stream that it created retained its fiery color for a long time, and cast fiery sparks all around it, like rain falling from heaven.

"This sight was much more terrifying than human tongue could say or describe. And I thought that it might have come from a mountain known as a volcano. But on the 14th of this month I was called to [Bry?], where I asked diligently of many people whether they also had seen it, but not all of them had experienced it. But it did appear only seven miles from there, and the Lord of that same place had seen it, and desired that I should be his witness that he had seen and wished to record it. Two days after the fire had been seen, the Prefect of St. Chamas came to me and indicated that he and other townspeople had seen the same thing, and that it had taken the shape of a half-rainbow stretching as far as the Spanish Main. And if it had been low down rather than high up, it would have burnt up everything and reduced it to ashes as it went by.

This is the report provided to Lord Tende March 10 1554. Exactly one year prior to the Centuries being published. We will be dealing with the Presages, the Letters (written in Latin) and correspondence of Nostradamus because they are in code too, the letter named the Preface written to his three year old son Cesar, (thus giving us an idea of when the time travel began), the Epistle to King Henri (a short history lesson of the past and the future, some of which contradicts the Preface) and the Vignettes by Cesar de Nostredame who was thirteen at the time he painted them for his father, very shortly prior to Nostradamus being found lifeless the morning of July 2nd 1566.

ONE MALE on the page being read by the prince (Sirius)

The letters which I think I can see are:

NONPU(V)OL = NUN (Virgo) LOOP (orbit)

OLEV(U)RE = RUE LEO (treaty 9) – EL ROVE

ALTRINER = RAN [Vanir/Cassiopeia] TILER RENT LIAR (treaty 9), handing out Maya numbered tiles for rapture¹

ONE MALE = MENOEA (ELECTRON BEINGS)

FATTE JI (or OI) = EAT OF IT - IT OF AET. (orme/manna)

UN OGMS = MU SONG

AN CHE = ANNUNAKI CHE-RUB

G(J)S L(T)ONO = N [Eridu] LOGOS – JNO SOL –

SO LONG

ST. ON IO - IS NOT O [Andromeda] (Othilla rune: cultural inheritance), therefore it is a Fallen Angel, a Nephilim

RAN = god of the Vanir. TILER = tiles are being handed out in the Ascension/Rapture/Passion¹ for a false rapture

IT OF AET = Cassiopeia/humans – originally the Celt (Aettir/Aisa)

MU SONG = tectonic plates activity

N: of Eridanus. Or “N’s LOGO”... LOGO is JESUS in human form CHE-RUBs are He Rod greys

JNO* = JUNO : asteroid SOL = our sun[†] Juno is associated with all beginnings and hers are the *kalendae* of every month, so this means **the calendars will change**

ST: Saint on Io IS NOT O: Andromedans, not the Andromeda Council

The tree of life – an apple tree here or *Fraxinia* an Ash means on a Friday. Hercules the hero (Sagitta) holds Pomifer - an Apple branch

is this March through to Easter 2014? –
Year of the Horse

Vignette shows the “band” of the Milky Way on its side, this means the Earth is on her side because it is our view. Band also means in Pisces.

Ursa the bear has a grip on the book, the mane could indicate Leo/ Berenices (hair of the Lion’s tail)

Crown also means in Libra. Coronet means Prince, which is Sirius. The long hair also means those from Cassiopeia

And the FACE is in Scorpio or the first ten days of any zodiac sign mentioned.

Time is folded back, many folds in the banner of the Milky Way, meaning this is the view *from* Earth

In Pisces or from Pisces (in the south)

The archer is Sagitta the Hero. (see ‘*Hero Moves the Earth*’) just before Capricorn – when Earth comes to rest -

Tectonic plates have divided, Earth is leaving her orbit but the (precessional) wheel of timing is still intact at this stage

Juno’s own warlike aspect among the Romans is apparent in her attire. She often appeared armed and wearing a goatskin cloak. The traditional depiction of this warlike aspect was assimilated from the Greek goddess Athena, whose goatskin was called the ‘aegis’ (shield)

[†] Her complete name is also threefold: *The Wet* (Arədvī), *The Strong* (Sūrā), *The Immaculate* (Anāhitā) = ICE AGE?

Other epithets of hers that were in use include Moneta and Caprotina, Tutula, Fluonia or Fluviona and **Februaryalis**

***JNO may also be a reference to the author JNO COOK who has a very interesting hypothesis regarding the cause of Noah’s flood: the meeting of planispheres. Two passing planets which need not be closer than 500,000 miles**

These planets can still affect each other, in particular their atmospheres. jnocook.net

¹ Ascension/Passion/Rapture/ are three different things

Ascension is in regard to Earth and the human soul, regardless of its physical or metaphysical whereabouts.

The Passion is an event which has happened to various nuns and persons through history where they levitate.

Rapture is a word which has come to mean the opposite to its original intention.

The meaning comes from RAPTOR: to be caught up, or picked up. As in ‘false rapture’ or ‘abduction’

There is even a hidden text line which speaks of “*dividing the task*”.

The reason for this was obvious to me, a thing which will appear in later subjects.

Allan’s astounding work can be seen at “*A Fossicker’s Guide to Nostradamus*” on the internet.

TIME TRAVEL

VOLTAIRE'S LETTER — CONTACT WITH HUMAN ET'S

Count Richard Jiamfre gave Eugenio Siragusa a strange handwritten letter from Voltaire. It was addressed to the legendary Count St. Germain.

The letter has phrases that fit perfectly with the idea of an alleged ET presence in human history. The date on the handwritten letter was June 6, 1761.

“Your long road *through time* will be illuminated by my friendship for you – even at the time of your revelations about the middle of the 20th century... (*Being Roswell and the subsequent Treaty 9*) *Because of time*, the talking pictures will not be able to be stored in memory. May your wonderful flying machines bring you back to me.” *Italics are mine*

The Hidden Texts are very careful in their manner of providing each ensuing step to comprehension not just for everyone else, but for the collator as well..

2 67 2 PLEASED ADHERES PALER HEADER - ASSEMBLED MASSES READ VIRTUED HEADER

The “virtued” header page of the web site does indeed contain what seems to be a “milder” content. The subjects of the TWIN TOWERS (all written in the past tense) being validation, that of the CROP CIRCLES & THEIR MESSAGE an inspiration simply because they have been so controversial to the general public, and the MEDICAL VACCINATIONS & CHEMTRAILS being quite contemporary. Had any one of these topics been published at any time prior to September 11 2001 – they would not have had the impact they do contain.

One can then imagine my shock when consistently two words appeared which seemed to have no context whatsoever to the lines in which they appeared. Those words are STAGE and GATE. It was not until I heard Michio Kaku say in a documentary “if time travel were possible – it would have to be in stages” ... did it set off many alarm bells. After trawling the Template for the hidden texts, sure enough, an entire “forum” of fifty two pages formed from the words “stage” and “gate”. Later, an email from Andrew Bassagio gave me the words “Crono Visor” with the same results. This is the “cronus visor” spyglass of my last “conduit” experience.

A short digression is needed here – the word “forum” came from Nostradamus himself. A forum is a *collection* – in this case, of ideas.

6 89 3 SHE COMPUTES... I.E. FIT NAME EACH POEM FOUR
EACH FORUM COSTUME [presented] TOUCHES ME

There is more to this line which is not applicable here. The word “COSTUME” would be a reference to the “dressing up” of each forum, the illustrations and so on. The manner of the illustrations applicable includes the Vignettes of the “Lost Book” painted by Cesar - This is the very reason for the vignettes!.

Throughout this process of being dragged willingly with firm grip – lines appeared exactly at the time they were required. That is, the early lines in the “paler header” were replete with keys not yet discovered – possibly because once these keys were found, there was no going back. Indeed it became necessary to re-do many lines, especially in the MEDICAL VACCINATIONS & CHEMTRAILS forum in order to reach their full impact. These, then formed new forums all their own. The most important “suggestion” to the collator, were the lines regarding “thesaurus”. These were saying to go over the original quatrains using the *Thesaurus*.

Here is a good time to mention something else. The *SHAPE* of the “verse” – described as “metre foot” which I needed to do in order to get the *context of each line* into the position it needs to be! This, also, blew me away... The result of using the Thesaurus is the forum *BRINGING THE QUATRAINS INTO THE NOW – much of which is regarding time travel* Good examples of taking this advice from Nostradamus produced the following quatrains:

Century I quatrain 1

<i>Estant assis de nuict secret estude</i>	SOUL BEING [Nostradamus] SITS OF A NIGHT, COVERTLY RESEARCHING
<i>Seul reposé sur la selle d'aerain:</i>	ALONE RECLINING ON THE ETHEREAL SEAT (stage gate)
<i>Flambe exigue sortant de solitude</i>	FLAME CONFINED – EXITING IN SOLITUDE [feeling very alone]
<i>Fait prosperer qui n'est à croire vain</i>	ABOARD THRIVING – WHO WILL NOT BELIEVE THE DEED; UNHEEDING

Century I quatrain 2

<i>La vierge en main mise au milieu de BRANCHES</i>	THE DISK IN HAND, ENACTING THROUGH the SEE-ER CONNECTIONS (looking glass stage gate)
<i>De l'onde il moulle et le limbe et le pied:</i>	THE WAVE-PULSE FORMS A SHAPE ON THE PEDESTAL (hologram on a platform)
<i>Un peur et voix - fremissent par les manches</i>	FEAR AND ONE VOICE ~ SHIMMERING - RETURNS BY THE TUNNELS (fear of doing - voice activation) (what we call “wormholes”)
<i>Splendeur divine. Le divin pres s'assied</i>	DIVINE SPLENDOUR – THE GOD SITS CLOSE (in time)

Here is the quatrain which has bothered so many decoders. The word BRANCHES being in upper case was a puzzle too, let alone the meaning of that word which could simply be DNA:

de Branches	BRANCHES	ATHENE the branch who gives

FOOTNOTES:

Within the Hidden Texts has been placed numerous authors which are very heavy hints from Nostradamus to read what that author had to say... One very clever method of speaking volumes (literally) using only one word... the author's name
Certain examples are (in alphabetical order):

1) [AGRIPPINA \(Cornelius\)](#)

Nostradamus guided Allan Uebber to read *En Chiffre* (Agrippina) chapter 14 which states:

“Concerning the bodies of Angels, there is a great dissension betwixt the late Divines, and Philosophers; for *Thomas* affirms that all angels are incorporeal, **yea evil angels**, yet that they do assume bodies sometimes, which after awhile **they put off again...**”

6:66 4 *Terre trembler en Avril, mal enfouetz = Earth to shake in April – all of Earth*

Terror [terrorists] Enter Fallen Emblem. Zeal Inflamm Touuer MALL, liarz menu
UN-ERRABLE FELON, METE [provide] IR-REMUNERABLE [non replaceable]
METER [measure/count] ENUMERABLE TREBLE R (Draco – the triad)

Alminezur Label [chapter] **Fourteen** [of En Chiffre].

(Alminezur = numeral iz 14). (En Chiffre is the mysterious ‘Henric’ of the quatrains) This is “direction” to read Chapter 14 of Cornelius Agrippina. Allan Webber had discovered additional direction which led him to the meaning of “Henric”. The body of Agrippina’s work in chapter 14 relates to “good” angels and “bad” angels, **and the fact that they can appear in any form – shape shift.** (Noting the number of this quatrain)

2) [CELTIC RIVER](#) in the same quatrain 6: 4 which mentions Agrippina. In particular *Celtic Myth* by T Rolleston

“To help researchers get a time frame for when this merging of realities would occur, the Entity gave them **"predictions"** that served as **indicators** for when the time was close. The Entity's abilities and accuracy were verified to researchers by predictions and indicators given during the five years of the CHANI project which did eventuate (these are still classified).

The predictions didn't come all at once, but were obtained/spread over the duration of the research project. Although the Entity was in the "now", he was able to see events in our timeline that he shared with the researchers. Some of these were a cosmic **sonic-boom event and changes to our Sun and Jupiter**. All these predictions were to be used as a sequence of indicators

to identify the time (**Fuse Year**) when the big event (**the Merge**) would occur.

“the clouds, **riven** (divided) and (Dan in Scorpio) **torn**, swept along **in the path of the wind**, (wind is “Ruach” a pseudonym for Eloim [say some] or for the arrival of En.lil/YHWH in Genesis 2) together with storms of sand blown up **from the sea** (*sea* in the Alchemye List means that area of the constellations in which all the nautical named stars are including the headwaters of Erid.anus from Aquarius) shores, and **branches** (including from Virgo, but branch also means DNA, and see all the meanings of the word BRANCH) and leaves caught up by the irresistible fury of the gale and scattered through the air, and with them many other **things of light weight**. The trees and shrubs should [would] be bent to the ground, as though showing their desire to follow the direction of the wind, with their **branches twisted** (mutated DNA or twisted in Virgo – the Earth?) out of their natural growth and their leaves tossed **and inverted**. (The leaves could mean the **land** on Earth, and inverted would then mean “made upside down”) Of the men [“men” is obs. for Aquarius, thus saying that Aquarius has fallen with Andromeda [garment] twisting around that area in the skies) who are there, some should have fallen and be lying wrapped round by their **garments** (meaning either garlanded/October but ‘garment’ in the Alchemye list is the stars of Andromeda) and almost **indistinguishable** (shapeshifters) on account of the dust,^{footnote} [placed before our eyes] and those who are left standing should be behind some tree with their **arms** thrown round it (arms means in Gemini and also means those from Cepheus which are part of the Second Coming, part of ARM.MAR.GID.DA) to prevent the wind [Ruach/En.lil from **dragging them away**; others should be crouching on the ground, their **hands** (*hands* plural means those from Leo) over their **eyes** (eyes means those from Orion) because of the dust^{footnote}, their **garments** and **hair** (“hair” means those from Cassiopeia or Berenice) streaming in the **wind** (Ruach/En.lil god of the air, skies and wind)

Let the sea (those from Crane Crux/Grus Eridanus etc) be wild and tempestuous, and between the crests of its waves (where it is calmer – means those of Tau Ceti in the Whale constellation, but is also a reference to the “fetch” between waves, which is a key word for a time gate) it should be covered with eddying foam, and the wind [Ruach] should carry the finer spray^{footnote} (the disguise or the dust cloud left by Nibiru?) through the stormy [storm means Alcyone in the Pleiades, said to be in alliance with the Ruach/wind/En.lil who is ‘lord of the air’ the YHWH] air after the manner of a thick and all-enveloping mist. BRANCHES the mystery word capitalized in Century 1: quatrain 2

de Branches...from brancher the Verb...connect up, to plug in

The same problem arises here that Erika Cheetham had –... the entire word is in capitals .

Branch in the obsolete tables HAS SEVERAL INTENTIONS:

ATHENE the branch who gives

ATUM: (Gemini) – Mercury the Messenger

BOUGH: the infant Branch was Coma – thought to have been the Star of Bethlehem.

Is also ASTREA in Virgo Bough (and an asteroid)

BRANCH of Cepheus held in his ARMS

BRANCH: held by Cepheus the crowned king. This is Thurisaz the sky rune, meaning standing at the gateway

BRANCH: held by Boötes the guardian of the flock

BRANCH: of the whale’s tail in Cetus Constellation in the south:

(said by Nostradamus to be come the new North Pole constellation)

BRANCHES – the Seer under Didymus the grammarian

BRANCHUS: SEER by Apollo...to be used here I believe as SEE-ER in 1: 2

BRANCHES of D.N.A.

GRACIOUS BRANCH: Lambada, Mercy. Libra the balance

PALM BRANCH: held by Hercules the hero

PROCYON: the branch, Redeemer be, then in Gemini

SERPHEA the branch – He the Desired

VIRGO: the seed to be borne (carried) to fruition:

*"A virgin shall bear a son called the **branch**, the gloriously beautiful, who shall come down and have dominion.*

He shall be desired and longed for, but also he shall be despised and be a sin offering.

He shall be pierced, but will also pierce.

He is the heretofore and the hereafter.

He will come suddenly to rule, subdue, govern and tread under foot". Mazzaroth/Mizraim – the first message

And see the SECOND COMING

So now you see how just one word can convey so many pertinent consistent intentions

- 12) RAVESTEIN (he of 15 different names) who wrote about the evil Prince of Dark Men (a negro from Sirius) which subject Tiletanus/Ravestein raised trying to warn the Pope about them not being real Archangels...

TILETANUS = aka Ravestein (Ravestein 1506 – 1570 a coincidence that he was contemporaneous with Nostradamus?) works include: “Epistola Ven. Patri Laurentio Villavincenio”, against [Baianism](#); “was the comma... to be placed after *intento* or after *possent*, the **meaning being reversed** accordingly as the comma came after the one or after the other word”? Thus asked the pope evading the issue at hand: that of Other Worlders

In the template of the Hidden Texts appear several other lines which refer to TILETANUS – ...It is to be pointed out that the word can be broken into ANU, (the Anun.nakim) T (is the sky rune for Ursa Major central their primary stronghold) TILES (for the False Rapture) – they have Maya numerals on them and are meant to be given out to those in the “queue”. In reality these people will be taken to the “piggery” in the sky, says Nostradamus ~ the “elect” will not have to queue for the real event of “being lifted up”. Herein is the difference between those Off Worlders who are doing the false rapture (the Siriac in league with certain Anu...The Mayan numerals on the tiles give this one away, because Quetzal.coatl is an Anu.nakim) and those who genuinely come to help – from the Pleiades, Arcturus and Tau Ceti. It will **be the craft they arrive in** which will give away ...any false shapeshifters pretending to be cat eyed tall blond Dal, the “Nordic” Plejaren or Tau Cetis. See the “SUMMARY OF NORDICS” at the end of PESTILENCES & RADIATION with another to be added – The benevolent UMMO The dangerous craft are those shaped like a rectangle, Roman Candles or cylinder, and the jellyfish or animalistic craft. The cylinder not to be confused with the cigar shaped craft of the Tau Cetis

13) VINCA RUNES as a guide for finding the meaning of “out of place” cipher letters in the template

14) PTOLEMY & the 48 CONSTELLATIONS (now obsolete) but used as ciphers in the texts. The number 48 can be divided by 12 which is an Anu concept. The Anun.nakim [as we call them] lay claim to the placement of the Zodiac constellations of 12, (13 is only a lunar cycle) which is really saying they had placed the Earth within the station amongst the zodiac “road” sign posts.

15) CELTIC TREE ZODIACS as a guide for finding the month & days provided by key words in the template

16) Andrew Bassagio CRONUS VISOR & Michael Prince/James Casbolt THE DANGERS OF ARTIFICIAL INTELLIGENCE Although I have not come across their names in the Template of the Hidden Texts, they were both verified by way of words they used. In the case of Bassagio – out of the blue I received an email from him with just two words on it. They were CRONO VISOR. I knew I had seen the word VISOR so I went looking at those lines to find the other word. Sure enough, in no less than 47 lines was the word CRONUS in the same line as VISOR! For me, this type of validation cannot be questioned, so for Bassagio and his parameters, there is truth within.

“MANNEQUIN – The Dangers of Looking Glass and Artificial Intelligence” by James Michael Casbolt also subtitled “The Life & Times of Michael Prince”... while reading the first pages of this I almost cast it aside- before

I stumbled on theses words in the same sentence. Aldebaren and sexual torturers. This brought to my mind the same words in the Template “ALDEBAREN : SEXUAL ROGUES” along with a description of them by both; that is: thick barrelled chest, or in the case of Nostradamus CAUDEX which means “thick trunk”... (and “tail”)

When I see this type of validation, between someone in my timeline saying they have experienced an episode which I know is couched in the Template of the Hidden Texts (something I did not construct) from Michel de Nostredame the most famous abductee of the last 500 years – I can only accept it as given.

17) **SHIPTON, CAYCE, ISAAH, ENOCH, EZEKIEL and many others.**

In the case of Ursula Shipton who was contemporaneous with Da Vinci, Dee, Nostradamus & Ravestein, those other prophets from former [Biblical] times and Cayce who was alive in the twentieth century; they all without exception had the exact same message to send to us.

How could this be?

There is only one answer – a time portal.

The next question becomes: from whom?

In the following forums (a word used by Nostradamus, meaning a collection of ideas) – we will find out.

18) **WALTER HUNT “SONG IN STONE”**

with its insights into Rennes le Chateau, Rosslyn (Rose Lane) and time portals, written as fiction. It is to be kept in mind that the Alchemye List is **very** old and that “Rose” was a key word for the time gates.

ALL OF THE ABOVE DATES FIT IN WITH THE ZODIACS ON THE COLUMN AT *ST JOHN THE DIVINE* IN NEW YORK

See the zodiacs descending – where Virgo IS UPSIDE DOWN and you can see the Scorpion with the skeleton of Halloween to its right

Then the serpent of Ophiucus following (in the correct precessional order) that is – to the left of the Scorpion...

It seems to be taking up the time period that would normally have been Sagittarius

Recently an article was published at the Hidden Texts website about the White Horse of Uffington being Sagittarius complete with Corona and the sprung bow – a big X in front of the astronomical sign, albeit not outlined in white, but it is there

POST SCRIPT

Please excuse the apparent repetition of many of the lines. As usual there seems to be more than one reason for this- Every quatrain line seems to produce at least three topics, and some produce four. For all we know, they may have been intended to have four, but it was not I who did the program for the Template and there is certainly plenty enough to go on with

 THEY ARE THE *REAL* GREY – NOT ZETA GRAYS. SEE also ARCTURUS

The **Teros**, which is short from integrative or constructive, are a subsurface race that usually keep the **Deros** in check. The **Teros**, were the original tribe of the Lunarians who came to this planet to dwell beneath the surface of the Earth. They are referred to as the **Sunaynans**, meaning "The Yearly Ones." The Deros were for disagreeable people and the **Teros**, were for agreeable people. Their chief is named **Laamsa** (right photo). The **Teros** came from the planet **Jomon** in the star constellation **Arcturus** which is in the **Boötes constellation**. **Arcturus**, the red giant, the fourth brightest star in heaven is where much mixing took place. The Sunaynans have 48 chromosomes instead of the normal 46 that Earth people possess.

Lusitania is Portugal ... U.K. to Portugal, a shift

Became "Great" Britain in 1604, add "more than 300" to when it became "all powerful" – would that take us to 2013?
Tectonic plates move the distance UK to Portugal (Tunisia to Sais in the hidden text) = a bit over 200 miles in longitude which would mean the Earth's axis tilts a bit more.

In myths satyrs are depicted as part goat with horns – which could mean "IN CAPRICORN" HERE -

On the right are two lads, one well-heeled and the other not, but both are wearing clothes to suit a warm day. This day is ALL DAY – see the blue over everything all with two suns and a distant moon.

Comparing the quadrants which appear in these vignettes shows they are not all the same degrees of measurement. They are a reference to the axis of the Earth and do belong to different occasions. The calipers show the final resting place of the Earth. The distance the calipers show is about the same stated in the hidden texts – very roughly around 5,000 nautical miles
