

MONSANTO

Keeping this as simple as can be...
The lines are in numerical order. All that has been done here is to collect the "Monsanto" lines

1 8 see the many differences in the original 1555 version here... apart from spelling changes – a comma after "seras" must have a meaning:

In Latin "sera" means "at the final hour", or "too late" which seems to me to refer to the "vain" and "barbaric" laws Monsanto is forcing on the human population. **Changing the laws "at the final hour" (by the French)**

8 Combien de fois prinse cité solaire
Seras, changeant les loys barbares & vaines.
Ton mal s'approche: Plus sera tributaire
La grand Hadrie recourra tes veines.

11 #42 3... *Till rescuing Frenchmen shall once more prevail.*
(In their courts against Monsanto trying to instigate their fraudulent "laws")

<p>1 8 <i>Combien de fois prinse cite solaire.</i> <i>Seras changeant les loix barbares et vaines:</i> <i>Ton mal s'approche. Plus sera tributaire,</i> <i>La grand Hadrie recourra des veines.</i></p>	<p>What date (how many) will you be enslaved city of the sun [Nibiru? – Versailles was also called city of the sun] Changing laws that are barbaric and vain. Bad times approach you. [Nibiru] No longer will you be enslaved. Great Hadrie will recover the veins. [orbits?]</p>
---	--

Here, again, we have France "changing laws", the bad laws

HADRIE HIDE A.I. [artificial insemination] EAR (of corn) HERD [the public] HEIR (inherit)

and by division - these few words are also telling us something else. Because of the movement of magnetic fields – the longitudes and latitudes have been openly moving since 2003. Surveyors and airline pilots have been fully aware of this.

probably not trusting what they are being told. These are the "elite" who scurried to the Deep Underground Military Bases.

"they will START by selectively rounding up street people, ne'er-do-wells and miscreants, but at some point – like when stores run out of food – they will round up people to prevent them from foraging, hunting or otherwise fending for themselves, or “stealing” Monsanto’s profits by not buying food.

THAT’s when the general round-up will begin.

but, yeah – there may be a few months of selective round-ups first. mostly to condition us, **to make early-morning military raids seem commonplace.**

Bill Ryan: He said that there was non-human engineered, a non-human engineered ultra-lightweight nano-shield built into the Apollo capsules that protected them from the radiation. Because some people have been saying, look, you couldn’t get through there and stuff without two feet of lead. And the thing couldn’t have moved.

They had that technological help. And they had another kind of assistance.

David Wilcox: I may have told you this before, but one of the things that Daniel told me was that there’s a little box from **MONSANTO**.

It’s about this big [shows size of a loaf of bread with his hands]. You could run your whole house on it, and it never runs out. It’s free energy. They had that in the sixties. They put it on the Apollo missions on some of the landers, and so forth. Secretly snuck it in as something else, and it that was used for a source of power when they needed it.

Bill: Yes. They had something like that, that worked as a sort of radiation deflector. Like it deflected stuff as well. They had these two devices. They had a shield, and they had a deflector. And they also had something, and he wasn’t specific about it, he said that enabled the LEM - the lunar module - to land and to take off.

He said to me:

"What do you notice about the LEM as it took off? And I said, no blast crater.

David: Daniel said exactly the same thing...

Jump gate to Mars : a conversation with David Wilcock Los Angeles, December 2007

Project Camelot Bill Ryan

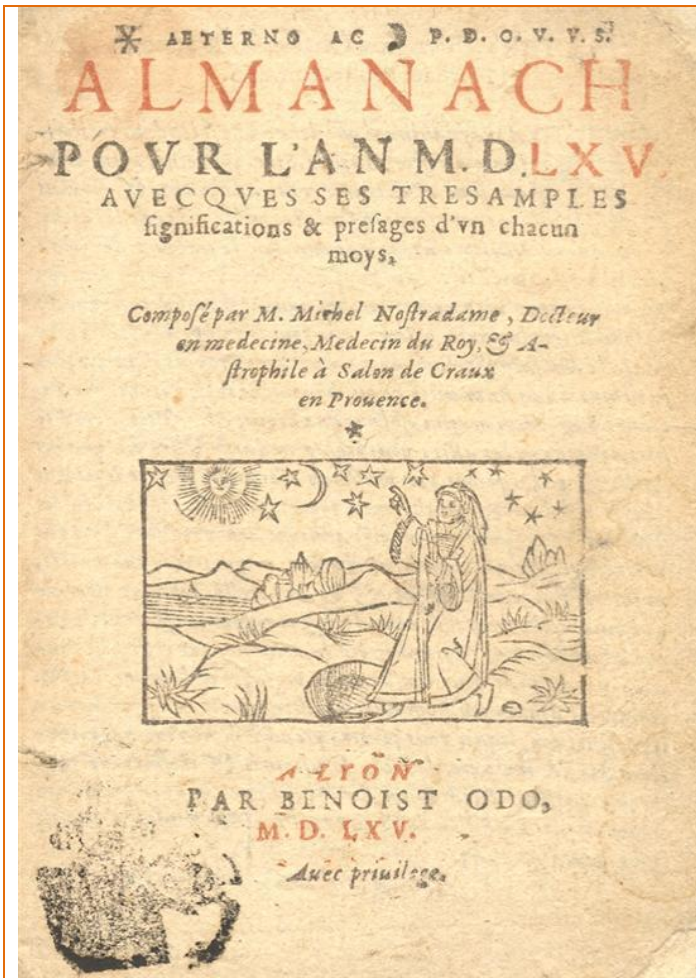

"The problem arises as the interfering Drac culture leaves its tentacles. Today - many believe the only countries on Earth which George Bush (puppet of Isreali bankers whose flag is Drac) has declared enemies are those whose central banks are NOT controlled by the (Drac?) Rothschilds. The same banking interests effectively legislated it illegal for farmers (in Iraq for example) to use their own seeds.

This is 'Draconian' DNA control of the worst kind (the Monsanto induced "DNA made blind/angry/non-implosive" - hell of monoculture).

The **Yahweh (Jews) / Enlil / Draco** politics (guilt and fear about being self empowered) about CONTROLLING DNA in order to harvest it - originated with the Draco 'moments of conception' of most of our gene pool (Lumeria / Sumeria) (the Drac / Templar origins of Insurance / Banking etc). [Dan Winter \(pic at link \[soulinvitation.com/dnamanifesto\]\(http://soulinvitation.com/dnamanifesto\)\)](#)

Interesting that Dan Winter also equates Enlil with YHWH – a detail provided in the Template of the Hidden Texts "Nephew" murdered in London is a concern because the word "nephew" throughout the texts means Nanar, the current king of the Anun.nakim (as we call them) and he is one of only two who are concerned about humanity, the other is his uncle EyAh/EA or YAH (pronounced ewe-yah and confused with the pronunciation of YHWH which is "IschWisch")
See 6 22 for *Nephew murdered*

WHEN THIS APPEARED IN "HIDDEN IN PLAIN SIGHT" I HAD NOT NOTICED THE HOLE INTO WHICH HE STEPS

WHILE LOOKING UP AT THE UNFAMILIAR STAR SETTING – IT SEEMS A SINK HOLE HAS FORMED UNDER FOOT

THESE COULD BE THE "SMALL TIME RELATED RIPS" WHICH MAY BE A CONSEQUENCE OF THE "RAYPOZ" OF 9 44

THAT IS: THE POZITRON RAY PARTICLE COLLIDER

AS YOU ALL KNOW, OUR MOON FITS NICELY INSIDE OUR SUN ~ A QUESTIONABLE COINCIDENCE THEREFORE THE CRESCENT SHOWN HERE IS NOT OUR MOON

IT IS THE DARK STAR OF NIBIRU ECLIPSED BY ONE OF ITS OWN PLANETS

NOT TO MENTION THAT OUR OWN MOON CAN NEVER HAVE A STAR BETWEEN IT AND US UNDER NORMAL CONDITIONS

OUR SUN HAS ALSO GROWN IN THIS DEPICTION OR OUR ORBIT HAS
