

NOSTRADAMUS & THE NIBIRU SOLAR SYSTEM DRAGON EN VIRGO

Planet of the crossing: hot sun and two 'moons', that same theme again, the real "passover" & I just this moment noticed two initials showing an "A" for Cassiopeia and a "C" for Ophiucus. These letters are runes, special runes of the skies. The shape of the constellation which they represent. One might say they indicate "good" and "evil". The very same which the bible describes – Satan and its "angels" and God with his 'angels'. Those from Cassiopeia with their various forms of life (life forms) which include the Mantis and those from Ophiucus which include the negative Zeta grey types as described in the recent forum *Excerpt Monstre d'ABUS*. The coronet means the Prince which is Sirius, and the cross of the chief Pilot YHWH/En.lil Lord of the air ways, the Ruach is evident. The surveyor's tools on the table show the degrees of movement Earth will find herself after the passing over. He holds map calipers. The date is 1572 which is six years after the death of Nostradamus, with the clothing in the fashion of the seventeenth century. Does the title on the wall say NOSTRADAMVS ASTROLOGVED DVR JOY ?

VENDS MY VAST RO GOD - VAST RAJ (RAI) LORD...VERY GRAND MAJOR VOLTS, VAST ODDS, VENDS MAJOR GODS Tells everyone about the Andromeda Council, the Electron being. Great electrical "fuse" event and tells about the other main gods VARY VOLTS DARTS. MAJOR DOGS DRY VAN (UAN) ADVERTS VOLTS. MAJOR GODS SURVEY STANDARD VOLTS who are in control of the electrical darts. Canis Major (Sirius) and Uannes (Oannes) spreads these, being watched by the Watchers Advertis means 'spreads' so this could be saying the Oannes are *diffusing* the volts But it is those from Sirius who spread chemtrails MAJOR RO JURY MOVES VAST GOLD STANDARD, ADVERTS VAST GODLY ROUNDS, ADJUSTS NOVEL DOOMSDAY Andromeda Council uses the golden ratio when spreading the "rounds" – orbits. Andromeda Council mollifies the new unusual doomsday. VAST GOLD STANDARD could also be a reference to Nibiru itself, which has a gold canopy. Could mean Golden Age. ADJUST VAST GRAND VERY OLD ROOMS (houses of the zodiac, saying moving the constellations, which means moving the Earth) UNDERSTOOD MY GOD – UNDERSTOOD VAST ARRIVALS: MODERNS START SURVIVAL – A GOOD DAY. ODDLY The hidden text produces the understanding regarding Eloim ("my god" which is *As*) and the hordes. "Moderns" are the preppers. MASS STARVATION OVER DRUG. "NORMAL" SURVIVED, START GOOD DAYS. GLAD ALERT ADVISORY MONSTER People become hooked on strange drugs which they prefer over food. Maybe this is speaking of genetically altered food chemicals... To conclude: Nostradamus is glad that the Hidden Texts alert readers regarding the "Monster" (of Abus, a name to be researched).

The word "normal" could relate to one of two things: The "elect" (and not the "elite") and it could mean "organic" food.

"Monster" could just as easily mean Nibiru solar system itself.

Lex Alquila: laws governing the provision concerning civil wrong. The "day" may well be September 11 or the day payment was made. Eleven is a number celebrated by the Bilderbergers. That day in 2001 was a Monday and the law involved is that of compensation similar to tort in which the owner of property is compensated for the loss. That would place Silverstein as the one responsible for the consequences, when the consistent diversions since then take the public mind away from this day so that no one person has been able to table the details before a Court willing to Hear them. The primary proof (as stated in the forum THE TWIN TOWERS DECEIT) has been the explosives used to "fell the towers" added to which the manner of building Seven's demise. The anchor lady was reading to the public about building Seven twenty minutes before it fell. It has to be a tad more than a mere coincidence that the day before the event Rumsfeld was publicly announcing the strange disappearance of trillions of dollars – the records of which were situated in building Seven. In the hidden texts, Nostradamus stated that the required proof could be found via the numbering of the obsolete military craft which were used.

nisomeroous definition: adjective Bot. of a flower having an unequal number of petals, stamens, or other floral parts

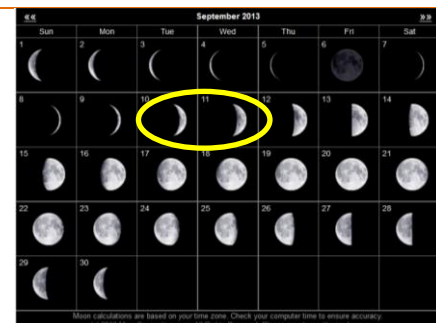

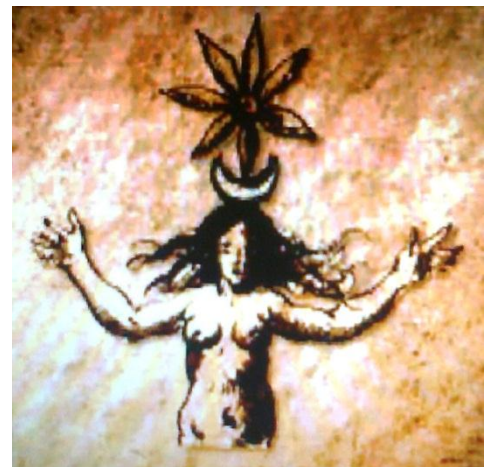

1 100 1 LARGE PEACEFUL ANISOMEROUS FUGITIVE this line describes this vignette which is a calendar. The petals are the days of a week, the moon is the phase in that week and the month is that of Keltic Virgo which is September 2 to September 29 and see 2 41 "burn greatly for 7 days"

IN OMINOUS EARS (ears of corn means Virgo) DESCRIBED in 1 100 1

AS A "FUGITIVE" – well, the flower is "UP"

the Virgo does look LARGE, OMINOUS with 6 fingers yet a FUGITIVE

There are also large female synthetic beings allied with the Cassiopeians which have been involved in the hybrid breeding program

see back to 1 58 3

Here is a chart of the moon as it appears September 10 and 11 2013 to compare to the moon in the vignette. A waxing moon, albeit turned sideways in the vignette. Most likely saying the Earth is turned sideways

The "day" may well be September 11. A number celebrated by the Bilderbergers. That day in 2001 was a Monday and the law involved is that of compensation similar to tort in which the owner of property is compensated for the loss. That would place Silverstein as the one responsible for the consequences.

In 2013 September 11 is on a Wednesday

EXTENUATING MA. Ma means in October. The "An" could be a pun for Anu. The rectangle could mean the dangerous rectangle craft in the forum **ROMAN CANDLES**. Or it could also be pointing to the rectangle of the Golden Ratio event in Scorpio of 2015, with the word EXTENUATING of the orbit (Gaal of Cassiopeia) **ALTERNATION** (vascillating)

Mouton – Sheep/the "sheepfold" is obsolete for Ursa Major. Lutetium – Roman Latin – is Norma the obsolete term for "Leo" especially as the original area was called the "Golden Sickle" and "Sickle" as well as "gold" both refer to Leo (and our sun). Aix is obsolete for Auriga the Charioteer – and the approaching dark mass which is currently coming our way from Auriga. See earthfiles.com article. Lutece could also mean Lute-Lyre-Vega. Paris also means "the son of" (see 10 39 "the violent son")... hence: being: "unable to confirm that these constellations will still be recognizable".

This then indicates that one of the triads (of the three triads) consists of Ursa (in Cancer Zodiac) – Leo, and Auriga at the foot of Taurus. The "band" of the bridle of the charioteer is in the first decan of Pisces in the obsolete charts (Alchemy List). Lutece is in Leo, AIX in this reference could be a date: Aix – Auriga – band of the bridle – "in Pisces" "Band" in Taurus...and "sheep" would be in Cancer

YET: there **IS** a problem. The word is actually **"monton"** not "mouton" as decoders have it. "Mon" is "my" and "ton" means either "my way of speaking" or "pitch of tone". This turns one's head because it is implying voice activation.

AIX to MONTON to PARIS is a straight line. "Of a third greater, the stranger vexing"... is this a path of flight? Is this speaking of an asteroid? The "cannot guarantee" meaning because timelines do change – this may or may not happen. *Of a third greater* pointing to one from Nibiru? Could be our orbit is a third greater, or Uranus – "the vexing third".

Here, the real question is: why does there appear to be two (or more) different reasons for this one quatrain? How can the misspelled word be "allowed" on the one hand, yet when compared to the original quatrain – be totally "invented"?

It is the same as the notion that wherever you are standing when the final gong sounds for you – that is the place you were meant to be standing. In other words – *those above "know"* this has appeared, yet they have left it in its place, at the most they have done about it is allow me to bring this to your attention. It is the same with the year 2012 – which is not really the actual 2012 yet because over 300 years was removed by king Otto in 675 AD. Yet – the prophecied events for the year named 2012 did happen in that named year...(the two asteroids missing Earth and the Gulf Stream ceasing at the end of December amongst many others such as the Keshe Foundation making free power system blueprints available to anyone who asks for them).

As I keep saying – just because it is not on your news does not mean it did not happen!

Line 1: all the planets of the Solar system **are** in uproar at the moment – due to the passing of Nibiru solar system
 Line 2: there is nothing on the public news about the approaching solar system – the news is all about "war parties"
 Line 3: so great is the threat from the approaching predators (currently orbiting our own sun) that
 Line 4: other off worlders are coming to help because they were asked (See *Argo* in the Mazzaroth)

ECLIPSE IS DEMON MESMERIST the Tibetan Lamas say the same.
They suggest stay inside with blackened windows while Nibiru eclipses our sun (for about 30 hours this is the "sack cloth" of the Bible
SOLEMN OMEN L is Cetus sky rune, or at the end of Pisces

This Eclipse is the 30 hours of 'sack cloth' and « all colours will be the same » (da Vinci)
caused by Nibiru, and this monster is Nibiru

Not caring about expense none will have provided for it ... is interesting. Those who have the means to "not care about expense" (sometimes called the 'elite') are placed in the same sentence as those which did NOT provide for it!
Actually this could be speaking about the faulty part in the air generators in the underground bases.

Eyes to the south. Hands on the breast, bodies in the fire***.

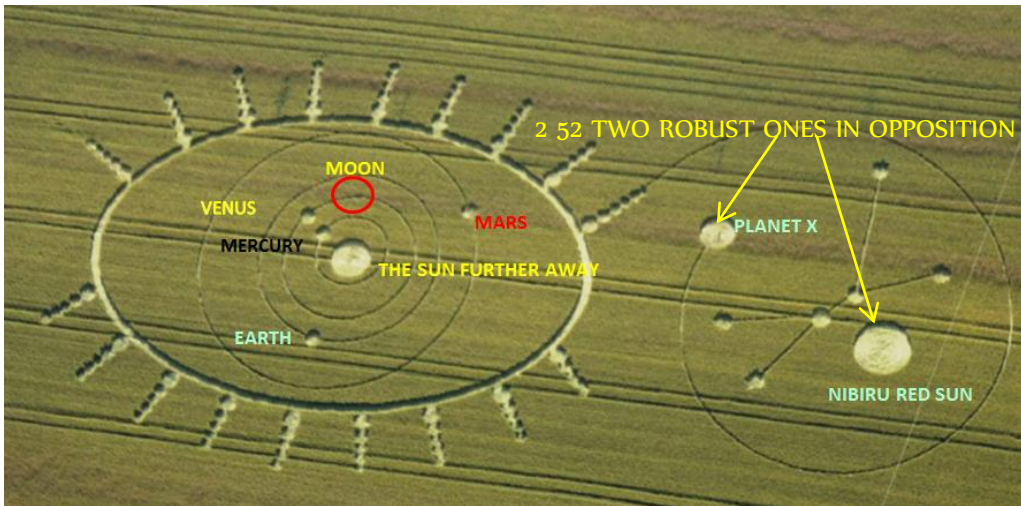

The moon in the full of night
uncertain if this "full of night" is the 30 hour eclipse.
There is an entire forum not yet published devoted to this darkness which might also be the "trip" out into space for a new orbit. This is the same moon on page 7
over the high mountain
the illustration could as easily be Nibiru about to eclipse our sun giving the sackcloth of darkness shown here with the "key" of knowing –
if that is what this is, a key. It seems to be for **turning** something and a smouldering volcano.

More recent information says that Nibiru is *smaller* than Planet X. This crop circle seems to depict the solar system in configuration once the Nibiru solar system has *left*... see our moon – opposite Earth. Note the Nibiru system consists of seven planets plus the dwarf star, with 6 orbiting between the two larger bodies

The crop circle here is a year clock. End of February (in Pisces) end of April into Beltane. Early in July (Gemini) – early in September (Virgo) and the end of October into November (Scorpio) – all highly pertinent dates from the Hidden Texts.

WITNESS SAYS THERE ARE SEVEN PLANETS IN NIBIRU SOLAR SYSTEM – four plus moons
MY CONTACT SAYS THAT OUR SUN IS TWO AND A HALF TIMES THE SIZE OF NIBIRU,
so these proportions are possibly wrong. If Nibiru is 40% smaller than our sun it is still 44 times larger than Earth
Notice Jupiter on its side

"QUERY RODS OVER": meaning

To question the motive of the hovering "rapture" greys...

This was the dream I had for three days –
the very same craft that appear in the illustration here.

They were coming from the south and they were low and
slow. They come from Nibiru.

Confusingly:

the other warning is regarding CIGAR shaped craft...

This "rapture" is by those from Ophiucus and Ursa Major which are
part of the "unholy six" of the Corporate. There is one other off
worlder which use cigar craft – the Tau Cetians

Nibiru is supposed to be a red dwarf star.

The Erid.anu are in league with the Anu –

Either of which are said to be the Eagle headed winged man, as the Nephilim
are represented. The Nephilim are a **by product** of the Anu (as we call them)

1 58 3 pg 4 footnote Interview with William – rectangle craft

¹ INTERVIEW WITH WILLIAM – Earthfiles.

LMH: DO YOU THINK IT'S POSSIBLE THAT LIFE ON THIS PLANET COULD BE COMPLETELY ERADICATED, WHICH WOULD TAKE WITH IT ALL OF THE HISTORY OF CIVILIZATION UP TO THIS POINT?

Wm: I think it's quite possible that could happen. It's happened before, according to Zo. [Tau Cetian]

LMH: THAT'S WHY I ASK: WOULD THE PRESERVATION OF KNOWLEDGE BE LEFT ONLY TO THE SOULS SINCE THE BODY CONTAINERS WOULD NOT SURVIVE?

Wm: Bodies will survive. There will be those humans who do survive. It's not going to be that there is no one left. But the way the information is stored and is accessible – well, that's why they wrote on rocks after things like the Great Flood.

They wrote and carved on rocks because rocks are more indestructible.

Wm: Reincarnation Is Real

The thing that is missing is the way the soul remembers the last life time and the need to remember it.

For most people, it's not important. But after this, it might be very important.

L.M.H: YOU MEAN, THAT SOUL MEMORY HAS BEEN LARGELY SUBJECTED TO AMNESIA, BUT NOW AS TIME GOES FORWARD RECYCLING INTO BIRTH MIGHT BE MORE PEOPLE WHO REMEMBER INTIMATELY THE LIVES THAT THEY HAD IN THIS CENTURY AND LAST CENTURY?

Furthermore, I feel the greatest concern that the “bad guys” have is that we (or many of us) will awaken to our abilities.

Perhaps these are abilities they already are aware of and do not possess.

WHAT IS THE TAU CETI PERSPECTIVE ON THE GREYS AND THE STANDING UP LIZARDS?

They told me and showed me the standing up lizard people are dangerous. They are very smart and to be very careful around them. As far as the greys go, they showed me two or three different versions of them. The ones that are more bluish-white looking are the ones the Tau Cetians work with. They have an affiliation, like they are friends.

THE BLUISH-WHITE WOULD BE TALL, SHORT, WHAT?

The bluish-white are two sizes. Some of them are tall and some of them are short – short meaning 4-feet-tall roughly. The tall ones are 6 feet tall.

DO YOU HAVE ANY IDEA WHERE THE TALL BLUE-WHITES COME FROM?

They come from the same area of stars that Tau Ceti is in. I'm thinking it was Epsilon Eridani that they told me these folks come from. But I don't know absolutely. I know there are not any humans on Epsilon Eridani and I'm pretty sure that's where the tall and short bluish-white beings originate.

WHAT MORE DID ZO SHARE ABOUT WHY THE STANDING UP LIZARDS ARE DANGEROUS?

He just said they would eat us. They would enslave us, use us for whatever tasks they might need us for. They have no perception of what it means to be hurt, the way we humans experience pain and mistreatment and that they would eat us. They would actually farm to collect babies to eat them.
