

PREFACE TO CESAR BY M NOSTRADAMUS

Using herein the clues received throughout the HIDDEN TEXTS, that being: if there is a capital letter preceding a word, then that word needs to be anagrammed, then coded using the TRIPLE METHOD (which is NOT a tripod). The name MICHEL DE NOSTRADAMUS has already been anagrammed and has a chapter of its own. Note the difference in the spelling of NOSTREDAME in earlier life, as opposed to NOSTRADAMUS in later life. One does not provide the information that the other one does!

The following highlighted words have been done so to remind the reader that it is a “stage gate ~ star gate” of which Nostradamus speaks:

*"By means of this, past, present and future become one eternity
for all things are naked and open."*

Nostradamus in his Preface to the Prophecies 1555 (3 pages from end) to Cesar his son

*"such secrets should not be bared except in enigmatic sentences having, however,
only one sense and meaning and nothing ambiguous
or amphibological [of doubtful meaning] inserted."*

Nostradamus in his Epistle to King Henry, 1558 (3rd page)

*"All these figures represent the just integration of Holy Scriptures with visible celestial bodies
namely, Saturn, Jupiter, Mars and others conjoined, as can be seen at more length in some of the quatrains."*

Nostradamus in his Epistle to King Henry, 1558 (3 paragraphs from end)

“Greetings and happiness to **Cesar** Nostradamus my son:

CESAR = CARES ~ RACES SCARE ~ ACRES ARC S.E. ~ C ARES ~ S. (Ursa Major east) RACE

Where E = either the September equinox or the Zeta Reticuli Herculis C = Orphiucus or Celt Aug 5 – Sept 1

R = Draco or Nov 25 – Dec 22. ARES = manslaughter/Leo

Your late arrival, (1553) Cesar **Nostredame**, my son, has made me spend much time in constant nightly reflection so that I could communicate with you by letter and leave you this reminder, after my death, for the benefit of all men, of which the **divine spirit** has **vouchsafed me to know by means of [the use of] astronomy**.

[I would like to see the original French – is it “of” or “from” astronomy? That is, information **from** the stars]

“And since it was the Almighty's will that you were not born here in this region and I do not want to talk of years to come but of the months during which you will struggle to grasp and understand the work I shall be compelled to leave you after my death: assuming that it will not be possible for me to leave you such writing as may be destroyed through the *injustice of the age*.

The key to the hidden prediction which you will inherit will be **locked inside** my **heart**. (locked inside Earth or hearth)

There were three books found in the wall of the home of Nostradamus.

They were the remainder of centuries Seven, Eleven and Twelve.

HEART: Earth – at her Terah [the amazing truth] ...The Ra ~ **H** (Taurus) **T** (Ursa) era ...

ET R. (rod reptoid) H. (hagaliz or Aldebaran) A. (fir tree day December 22 or **Cassiopeia**)

Ra H (Plejaran) E.T. E.T. A. (Cassiopeia) R. (Draco) H. (Taurus includes Pleiades and Aldebaren)

Also bear in mind that the events here described have not yet come to pass, and that all is ruled and governed by the power of Almighty God, inspiring us not by bacchic frenzy **nor by enchantments** but by **astronomical assurances**: predictions have been made through the inspiration of divine will alone and the **spirit of prophecy** in particular.

On numerous occasions and **over a long period of time** I have predicted specific events far in advance, attributing all to the workings of divine power and inspiration, together with other fortunate or unfortunate happenings, **foreseen in their full** unexpectedness, which **have already come to pass in** various regions of the earth.

Yet I have wished to remain silent and abandon my work because of the injustice not only **of the present** time but **also** for most of the future. I will not commit to writing.

Since governments, sects and countries will undergo such sweeping changes, **diametrically opposed** to what now obtains, that were I to relate events to come, those in power now - monarchs, leaders of sects and religions - would find these so different from their own imaginings that they would be led to condemn what later centuries **will learn how to see** and understand.

Bear in mind also Our Saviour's words:

"Do not give anything holy to the dogs, nor throw pearls in front of swine (**DON'T GIVE INFORMATION TO PEOPLE WHO CAN NOT USE IT**) lest they trample them with their feet and turn on you and tear you apart."

For this reason I withdrew my pen from the paper, because I wished to amplify my statement touching the **Vulgar Advent** **by means of ambiguous and enigmatic comments about future causes,**

(within the Epistle to Henri and contradicting what he said to Henri)

even those closest to us and those I have perceived, so that some human change which may come to pass shall not unduly scandalize delicate sensibilities.

The whole work (quatrains) is thus written in a nebulous rather than plainly prophetic form.

So much so that,

I have hidden these things from the wise and the circumspect, that is from the mighty and the rulers, and have **purified those things for the small and the poor**," and through Almighty God's will, revealed unto those prophets with the **power to perceive [to visually SEE] what is distant and thereby** to foretell things to come.

For nothing can be accomplished without this faculty, whose power and goodness work so strongly in those to whom it is given that, while they contemplate within themselves, these powers are subject to **other influences** arising from the force of good. (i.e: Eloim) This warmth and strength of prophecy invests us with its influence as the **sun's rays affect both animate and inanimate** entities. We human beings cannot through our natural consciousness and intelligence know anything of God the Creator's hidden secrets, For it is not for us to know the times or the instants, etc.

So much so that persons of future times may be seen in present ones*, because God Almighty has wished to reveal them by **means of images**, ("image" is also his key word for "stars") together with various secrets of the future vouchsafed to orthodox astrology, as was the case in the past, so that a measure of power and divination passed through them, the **flame** of the spirit inspiring them to pronounce upon inspiration both human and divine. God may bring into being divine works, which are absolute;

there is another **level, that of angelic works;**
and a third way, that of the evildoers.

But my son, I address you here a little too obscurely.

As regards the occult [**HIDDEN**] prophecies one is vouchsafed through the **subtle spirit of fire**, which the **understanding** sometimes stirs through **contemplation of the distant stars** as if in vigil, likewise by means of pronouncements, **one finds oneself surprised** at producing writings without fear of being stricken for such impudent loquacity.

The reason is that all this proceeds **from the divine power of Almighty God** from whom all bounty proceeds.

And so once again, my son, if I have **eschewed the word prophet**, I do not wish to attribute to myself such lofty title at the present time, for whoever is called a prophet now was once called a seer; since a prophet, my son, is properly speaking **one who sees distant things through** (by) a natural knowledge of all creatures. (Science)

And it can happen that the prophet bringing about the perfect light of prophecy may make manifest things both human and divine, because this cannot be done otherwise, **given that the effects of predicting the future extend far off into time.**

THE EFFECTS OF KNOWING THE FUTURE CAN CHANGE THE FUTURE

God's mysteries are incomprehensible and the power to influence events is bound up with the great expanse of natural knowledge, having its nearest most immediate origin in free will and **describing future events which cannot be understood simply through being revealed.**

Neither can they be grasped through **men's interpretations** nor through another mode of cognizance or occult power under the firmament, **neither in the present nor in the total eternity to come**

But **bringing about such** an indivisible eternity through [BY] **Herculean** [key for Zeta Reticuli **Herculis**] efforts, **things are revealed by the planetary movements.** (Saying here to use the obsolete names for constellations as keys)

HERCULEAN: HEAR UNCLE (Arcturus) HE NUCLEAR (note a male) HE UNCLEAR (invisible?) UNCLE – HARE (from LEPUS)

I am not saying, my son - mark me well, here - that knowledge of such things cannot be implanted in your deficient mind, or that events in the ***distant future may not be within the understanding of any reasoning being.***

(Indicating that general public in the future may be able to comprehend travelling in time)

Nevertheless, if these things **current or distant** are brought to the awareness of this reasoning and intelligent being **they will be neither too obscure nor too clearly revealed.**

Perfect knowledge of such things cannot be acquired without divine inspiration, given that ***all prophetic inspiration derives*** its initial **origin from God Almighty, then from chance and nature.** Since all these portents are produced impartially, prophecy **comes to pass partly as predicted.** For understanding created by the intellect cannot be acquired by means of the occult, [hidden] only by the ***aid*** of the **zodiac, bringing forth that small flame** by whose light part of the future may be discerned.

WHEN HE SAYS **ZODIAC** – HE MEANS THE ACTUAL CONSTELLATIONS IN THEIR HOUSES (heavens) and that small flame is the start of a trip

Also, my son, I beseech you not to exercise your mind upon such reveries and vanities as drain the body and incur the soul's perdition, and which trouble our feeble frames.

Above all avoid the vanity of that most execrable magic formerly reproved by the Holy Scriptures – only excepting the use of official astrology. (Meaning “astronomy”)

For by the latter, with the help of inspiration and divine revelation, and continual calculations, I have set down my prophecies in writing. Fearing lest this occult philosophy be condemned, **I did not therefore wish to make known its dire import;** also fearful that several books which had lain hidden for long centuries might be discovered, and of what might become of them, after reading them I presented them to **Vulcan.** (indicating a fire; **the hearth of his house** **VULCAN** is also the Sun or a volcano.

The three books – the latter half of Century 7, Cent 11 & 12 were found in the wall of his house

VAN CLU (VANIR CLUE is the key, the Cassiopeian Eloim in the Eddur) – **UAN is Uannes/Oannes?Dagon. V'AN**

UU (Cygnus/Lyra) **CLAN, ANU CUL** (the harvest) - **CAUL** (hooded) **U.N.** **VULCAN** is also an asteroid **CLAUU** (Cancer or Scorpio) **N** (Eridu) **AVLN U.C.** = (AVALON – **Pleiades** U astronomical) **C** (Mar 22-31, August 5 – Sept 1 but "C" means Ophiucus too) – **VAN** [Vanir = Cassiopeia] **UC** (Orphiucus) **L** (Pisces/Cetus) UV CLAN (astronomical Andromeda) -- **V** (Andromeda Council and Alder tree Mar 18 – Apl 14) **A** (Cassiopeia... Dec 22) **UNCL** (Grey, Grayle? or Arcturus) – **UU** (Cygnus/Lyra/Vega) **L** (Pisces/Tau Cetus) **CAN**

And while he devoured them, the flame licking the air gave out such an unexpected light, clearer than that of an ordinary flame and resembling fire from **some flashing cataclysm**, and suddenly illumined the house (**mansion of a zodiac = a constellation or the Earth**) as if it were caught in a furnace. [The Sun] Which is why I reduced them to ashes [Ash tree dates] then, so that none might be tempted to use occult labours in **searching for the perfect transmutation**, whether lunar or solar, of incorruptible metals (**the metals of the "houses"**)

But as to that discernment which can be achieved by the aid of planetary scrutiny, I should like to tell you this.

Eschewing any fantastic imaginings, you may through good judgement have **insight into the future** if you **keep to the specific names** of places that accord with **planetary configurations**, [orbits] and with inspiration places and aspects **yield up hidden properties**, namely that power in whose presence **the three times** (**past, present, future**) **are understood** as Eternity whose unfolding contains them all:

for **all things** are naked and open.

That is why, my son, you can easily, despite your young brain, understand that events can be foretold naturally

by the heavenly bodies (**Other Worlders**) **and by the spirit of prophecy:**

I do not wish to ascribe to myself the title and role of prophet, but **emphasize inspiration revealed to a mortal man** whose perception is no further from heaven than the feet are from the earth. I cannot fail, [to] err or be deceived, although I may be as great a sinner as anyone else upon this earth and subject to all human afflictions.

But after being surprised sometimes by day while in a trance, and having long fallen into the habit of agreeable nocturnal studies, I have composed books of prophecies, each containing **one hundred astronomical quatrains**, which I want to condense somewhat obscurely.

The work comprises prophecies from today to the year 3797.

This may perturb some, when they see such a long time span, and this will occur and be understood in all the fullness of the Republic; these things will be universally understood upon earth, my son. If you live the normal lifetime of man you will know upon your own soil, under your native sky, how future events are to turn out.

For only Eternal God knows the eternity of His light which proceeds from Him, and I speak frankly to those to whom His immeasurable, immense and incomprehensible greatness has been disposed to grant revelations through long, melancholy inspiration, that **with the aid of this hidden element** manifested by God, there are two principal factors which make up the prophet's intelligence.

The first is when the supernatural **light fills and illuminates the person** who predicts by **astral** science, while the second allows him to prophesy through inspired revelation, which is only a part of the divine eternity, whereby the prophet comes to assess what his divinatory power has given him through the grace of God and by a natural gift, namely, that **what is foretold is true and ethereal in origin.**

[contains the caveat ; unless timelines change]

And such a light and **small flame is of great efficacy and** [great] **scope**, and nothing less than the clarity of nature itself.

The light of human nature makes the philosophers so sure of themselves, that with the principles of the first cause they reach the loftiest doctrines and the deepest abysses.

But my son, **lest I venture too far** for your future perception, be aware that men of letters **shall make grand and usually boastful** claims about **the way I interpreted** the world, [6 100] **before the worldwide conflagration which is to bring so many catastrophes** and such **revolutions** that **scarcely any lands will not be covered by water**, and this will last until all has perished save history and geography themselves. This is why, before and after these revolutions in various countries, the rains will be so diminished and such abundance of **fire and fiery missiles** shall fall from the heavens that nothing shall escape the holocaust.

And this will occur **before the last conflagration.**

For before war ends the century and in its final stages it will hold the century under its sway.

Some countries will be in the grip of revolution for several years, and others ruined for a still longer period.

And now that we are in a **republican era**, with Almighty God's aid, **and before completing its full cycle**, the monarchy will return, **then the Golden Age.**

For according to the celestial signs, the Golden Age shall return, and after all calculations, **with the world near to an all-encompassing revolution** [poles shift]

- from **the time of writing 177 years 3 months 11 days** [add 458 = 2190AD ²] - plague, long famine and wars, and **still more floods** from then until the stated time. ADDING 177, 3, 11 to March 1 1555 = 1732. Go TO C1 Q7 L3 WORD 2 and there is THE DATE xiiij 2013 June or July with the word "combien" under the quatrain in the original

Before and after these, humanity shall **several times be so severely diminished that scarcely anyone shall be found** who wishes to take over the fields, which shall become free [of owners] where they had previously been tied.

This will be **after the visible judgement of heaven**, [ASTEROID HIT, NIBIRU, POLE SHIFT, ICE AGE or HOLOGRAM]

before we reach the millennium [FOURTH millennium] **which shall complete all.**

In the firmament of the **eighth** sphere, [VENUS] a **dimension** whereon Almighty God will complete the revolution, [ORBIT] and where the constellations will **resume their motion** which will render the earth stable and firm, but only if He will remain unchanged for ever until His will be done.

This is in spite of all the ambiguous opinions surpassing all natural reason, expressed by Mahomet; which is why God the Creator, through **the ministry of his fiery agents with their flames,** **(the Seraphina/Seraphim or Nibiru solar system)** will come to propose to our perceptions as well as our eyes the reasons for future predictions.

Signs of events to come must be **manifested to whom-ever prophesises.**

For prophecy which stems from exterior illumination is part of that light and seeks to ally with it and bring it into being so that the part which seems to possess the faculty of understanding is not subject to a sickness of the mind.

Reason is only too evident.

Everything is predicted by divine afflatus and thanks to **an angelic spirit** [Uuilliem52] inspiring the one prophesying, consecrating his predictions through divine unction.

It also divests him of all fantasies by means of various nocturnal apparitions, while with daily certainty he prophesies through the science of astronomy, with the aid of sacred prophecy, his only consideration being his courage in freedom.

So come, my son, strive to understand what I have found out through my calculations which accord with revealed inspiration, because now the sword of death approaches us, with **pestilence and war more horrible than there has ever been** – because of **three men's** work - and famine.

And this **sword shall smite the earth** [ASTEROID or NIBIRU SOLAR SYSTEM] **and return to it often**, for the stars confirm this (So the word **SWORD** is a key word for Nibiru, appropriate because they of a thousand names do use **WORDS**) upheaval and it is also written:

"I shall punish their injustices with **iron rods**, (**biome – metal He-Rods**) and shall strike them with blows."

For God's mercy will be poured forth only for a certain time, my son, until the majority of my prophecies are fulfilled and this fulfilment is complete.

Then several times in the course of the doleful tempests the Lord shall say:

"Therefore I shall crush and destroy and show no mercy; and **many other circumstances** shall result from floods and continual rain of which I have written more fully in my other prophecies, composed at some length, not in a chronological sequence, in prose, limiting **the places and times and exact dates** so that future generations will see, while experiencing these inevitable events, **how I have listed** others in clearer language, so that despite their obscurities these things shall be understood:

When the **time comes for the removal of ignorance**, (**understanding what a "stage gate" is**) the matter will be clearer still. So in conclusion, my son, take this gift from your father M. **Nostradamus**, who hopes you will understand each prophecy in every quatrain herein.

May Immortal God grant you a long life of good and prosperous happiness.

If we say there are *twelve*, then Mars would be the eighth.
