ONE: Mr Ventura may not need to wait until 2016 for those elections if:

TWO: The WICKED ONE is removed "disappeared in strange torments" as the hidden texts lines suggest

THREE: quatrain 6 21 Newly elected, the great trembling (earthquakes etc) maintained (still happening)

Sicily—she doesn't hold. I could see a map. Mt. Etna. Mt. Etna is shaking. See 3 25

A lot of area seemed to go, but I wasn't sure of time, now. I wondered what year it was. It certainly was not 1937.

I saw a newspaper on the corner with a picture of the President. It surely wasn't Mr. Roosevelt.

He was bigger, heavier, big ears.

(The way climates are changing, trying to get a date from this description would be futile: - see snow in Mexico in July 2013)

"There was that sound again, that lack of sound. Stillness, stillness, stillness. The quiet is getting bigger and bigger. I know it is going to happen. Something is going to happen.

there isn't anything left. Not even Fresno There was a funny smell. I don't know where it came from. I didn't like it. A smell like sulphur, sulphuric acid, a smell like death. For a minute I thought I was back in chem. [Chemistry class].

It was five minutes to four on a sunny afternoon Then, when it came, it was nothing. It was just nothing. It wasn't nearly as hard as the earthquake we had two years ago. The ground shook, just an instant. People looked at each other, surprised. Then they laughed. I laughed, too. So this was what I had been waiting for. This funny little shake. It meant nothing.

There was that smell again, coming up from the ocean.

I was getting to the 5 and 10 store and I saw the look on the kids' faces.

Two of them were right in front of me, coming my way.

Then, when it came, how it came.

Like nothing in God's world. Like nothing.

It was like the scream of a siren, long and low, or the scream of a woman I heard having a baby when I was a kid. It was awful. It was as if something—some monster—was pushing up the sidewalks. You felt it long before you saw it, as if the sidewalks wouldn't hold you anymore. I looked out at the cars. They were honking, but not scared. They just kept moving. They didn't seem to know yet that anything was happening. Then, that white car, that baby half-sized one came sprawling from the inside lane right against the curb. The girl who was driving just sat there. She sat there with her eyes staring, as if she couldn't move, but I could hear her. She made funny noises.

The shaking had started again, but this time different. It was a nice shaking, like a cradle being rocked for a minute, and then I saw the middle of the Boulevard seem to be breaking in two.

The concrete looked as if it were being pushed straight up by some giant shovel. It was breaking in two. That is why the girl's car went out of control. And then a loud sound again, like I've never heard before—then hundreds of sounds—all kinds of sounds; children, and women, and those crazy guys with earrings. They were all moving, some of them above the sidewalk. I can't describe it.

They were lifted up. And the waters kept oozing—oozing. The cries. God, it was awful.

It came again. Like the first time which was a preview and all I could remember was that it was the end of the world. I was right back there—all that crying. Right in the middle of it. My eardrums felt as if they were going to burst. Noise everywhere. People falling down, some of them hurt badly. Pieces of buildings, chips, flying in the air. Nobody could help anybody. It was then I felt myself lifted up.

It was tilting toward the ocean—like a picnic table.

The buildings were holding, better than you could believe. They were holding. They were holding. The earth seemed to start to tremble again. I could feel it even though I was high up. This time it lasted maybe twelve seconds, and it was gentle. You couldn't believe anything so gentle could cause so much damage.

But then I saw the streets of Los Angeles—and everything between the San Bernardino mountains and Los Angeles.

It was still tilting towards the ocean, houses, everything that was left. I could see the big lanes—dozens of big lanes still loaded with cars sliding the same way.

Now the ocean was coming in, moving like a huge snake across the land.

I wondered how long it was, and I could see the clock, even though I wasn't there on the Boulevard.

It was 4:29. It had been half an hour. I was glad I couldn't hear the crying anymore. .

Then, like looking at a huge map of the world, I could see what was happening on the land and with the people. **San Francisco was feeling it,** but she was not in any way like Hollywood or Los Angeles. It was moving just like that earthquake movie with Jeanette McDonald and Gable. **I could see all those mountains coming together. . .** I knew it was going to happen to San Francisco—it was going to turn over—it would turn upside down. It went quickly, It seemed much faster than Hollywood

I shut my eyes for a long time—I guess ten minutes—and when I opened them I saw the **Grand Canyon.**

When I looked at the **Grand Canyon,** that great big gap was closing in, and **Boulder Dam** was being pushed, from underneath. And then, Nevada, and on up to Reno. Way down south, way down. Baja, California. Mexico too. It looked like some volcano down there was erupting, along with everything else. I saw the map of South America, especially **Colombia.** Another volcano—eruption—shaking violently. **It was still daylight.**

Venezuela seemed to be having some kind of volcanic activity.

Away off in the distance, I could see **Japan, on a fault, too.**

(According to the texts Japan goes into the ocean "in Car" which is around Yule time, first ten days of Capricorn)

It was so far off—not easy to see because I was still on Big Bear Mountain, **but it started to go into the sea.**

I didn't know time now. I couldn't see a clock. I tried to see the island of Hawaii. I could see huge tidal waves beating against it. The people on the streets were getting wet, and they were scared.

(According to the hidden texts Japan "disappears" in the first ten days of Capricorn – so this almost fits in with "December 1st" stated in "Almanach 1555", maybe it *commences* the process of going under the sea, but Brandt does say "in a minute or two it was gone").

I see way around the globe. More flooding. Is the world going to be drenched? A lot of area seemed to go, but it seemed to be earlier or later. I wasn't sure of time, now

(Nostradamus says L. A. is the first to go)

England—huge floods—but no tidal waves. Water, water everywhere, but no one was going into the sea. People were frightened and crying. Some places they fell to the streets on their knees and started to pray for the world. I didn't know the English were emotional.

Ireland, Scotland—all kinds of churches were crowded—it seemed night and day. People were carrying candles and everybody was crying for California, Nevada, parts of Colorado—maybe even all of it, **even Utah.** Everybody was crying—most of them didn't even know anybody in California, Nevada, Utah, but they were crying as if they were blood kin. Like one family. Like it happened to them

New York was coming into view—she was still there, nothing had happened, yet **water level was way up.** Here, things were different. People were running in the streets yelling—"end of the world."

Kids ran into restaurants and ate everything in sight. I saw a shoe store with all the shoes gone in about five minutes. 5th Avenue—everybody running. Some radio blasting—bigger—a **loud speaker—that in a few minutes, power might be shut off.** They must control themselves.

Five girls were running like mad toward the YMCA, that place on Lexington or somewhere. But nothing was happening in New York.

I saw an old lady with garbage cans filling them with water. Everybody seemed scared to death.

Some people looked dazed. The streets seemed filled with loud speakers. **It wasn't daylight. It was night.**

I saw, like the next day, and everything was topsy turvey.

Loud speakers again about fuel tanks broken in areas—shortage of oil. People seemed to be looting markets I saw a lot of places that seemed safe, and people were not so scared. Especially the rural areas. Here everything was almost as if nothing had happened. People seemed headed to these places, some on foot, some in cars that still had fuel. I heard—or somehow I knew—that somewhere in the Atlantic land had come up. A lot of land.

I could hear now. I could hear, someplace, a radio station blasting out—telling people not to panic. They were dying in the streets.

Things were happening in the atmosphere. The waves were rushing up now. Waves.

Such waves. Nightmare waves.

(see *Da Vinci where the waves reach the skies & Nostradamus where they go over Mt Olympus*)

That was when I saw the "ham radio operators." I saw them in the darndest places, as if I were right there with them. Like the little guy with glasses, they kept sounding the alarm. One kept saying: "This is California. We are going into the sea. This is California. We are going into the sea. Get to high places. Get to the mountains. All states west—this is California. We are going into the. . . we are going into the. . ." I thought he was going to say "sea," but I could see him. He was inland, but the waters had come in. His hand was still clinging to the table, he was trying to get up, so that once again he could say:

"This is California. We are going into the sea. This is California. We are going into the sea."

That girl was so real to me—that girl with those kids. It won't ever happen—but if it did, how could I tell her (maybe she isn't even born yet) to move away from California *when she has her twins*— and then she can't be on the Boulevard that day. She was so gosh-darned real.

JOE BRANDT'S DREAMS AGREE WITH THE PROPHECIES OF WILLIAM BRANHAM 1935

[1933 7 Visions of William Branham | William Branham](#)

[www.williambranham.com](#) › [Featured Items](#)

Jul 21, 2006 - 1933 Seven Visions (Concerning Endtime Events From 1933 to The End)

A prophecy about 1935 WILLIAM BRANHAM said:

"The time would come (It's written in a book somewhere) that the sea would sweep its way into the desert."

Look what'll take place. Is that thousands of square miles falls down into the lava of the earth and slides in, there'll be millions die at one time. And that'll cause such a tidal wave. . . Remember, plumb up into the Salton Sea is a hundred or two hundred feet lower than the sea level. That water will probably come almost to Tucson with that tidal wave coming across there. And the sea shall sweep its way into the desert

In Los Angeles: "We don't know what time. And you don't know what time that this city one day is going to be laying out here in the bottom of this ocean."

Thou city, who claims to be the city of the Angels, who's exalted yourself into heaven and sent all the dirty filthy things of fashions and things, till even the foreign countries come here to pick up our filth and send it away, with your fine churches and steeples, and so forth the way you do; remember, one day you'll be laying in the bottom of this sea. You've a huge honeycomb under you right now.

The wrath of God is belching right beneath you. How much longer He'll hold this sandbar hanging over that, when that ocean out yonder a mile deep will slide in there plumb back to the Salton Sea. It'll be worse than the last day of Pompeii. Flee while there's time to flee

[And again]: "The last meeting I had in California, while speaking, and didn't know anything had happened till I got on the street, I told California, said, "Capernaum, Capernaum, the city that's called by the name of the angels (that's Los Angeles), you've exalted yourself into heaven, but you'll be brought down into hell.

"Now, the last few days, the great roaring and popping. Then, here comes out a paper of science, said:

"It's all honeycombed; it's got to go under." They just know it.

"And you watch, the water will come plumb back into the Salton Sea. Los Angeles is doomed for judgment.

I tell you before it happened, that you might know when it does happen. And you can bear record of that.

That's right. When? I don't know."

I went out, and they told me what to say. And I listened, went back and searched the Scripture. You know, Jesus said, almost in them same words about Capernaum; and Sodom and Gomorrah was in the bottom of the Dead Sea, I suppose was then. And later, about a hundred years later, Capernaum slid into the sea, and it's in the sea.

The same God that put Sodom in the sea for its sins, the same God that put Capernaum in the sea for its sins, the same God will put Los Angeles in the sea for its sins, that city of corruption."

DESTRUCTION OF AMERICA - A.A ALLEN'S PROPHECY 1954

NUCLEAR ATTACK on AMERICA. A. A. Allen vision regarding the fall of America, received on July 4, 1954
Allen's Vision of poisonous gas, nuclear attack

My Vision of the Destruction of America By A. A. Allen July 4, 1954 Atop the Empire State Building

As I stood atop the Empire State Building, I could see the Statue of Liberty, illuminating the gateway to the new world. Here, spread before me like an animated map, is an area 60 or 80 miles in diameter. I was amazed that the Spirit of the Lord should so move me, there atop the Empire State building. Why should I feel such a surge of His Spirit and power there?

Giant Telescope

Suddenly I heard the voice of the Lord. It was as clear and as distinct as a voice could be. It seemed to come from the very midst of the giant telescope; but when I looked at the telescope, I knew it hadn't come from there, but directly from Heaven.

The voice said, 2 CHRONICLES 16:9, "For the eyes of the LORD run to and fro throughout the whole earth, to shew himself strong in the behalf of them whose heart is perfect toward him.

Herein thou has done foolishly; therefore, from henceforth thou shalt have wars."

Immediately when I heard the voice of God, I knew this was a quotation of scripture; but never before had a thing come to me so forcibly by the power of the Spirit.

Automatic Clock

The ticking of the telescope stopped. The man before me had used up his dime's worth. As he stepped away, I knew that I was next. As I stepped to the telescope and dropped in my dime, immediately the ticking started again. This ticking was an automatic clock which would allow me to use the telescope for a limited time only. As I swung the telescope to the north, suddenly the Spirit of God came upon me. Seemingly, in the Spirit I was entirely caught away. I knew that the telescope itself had nothing to do with the distance which I was suddenly enabled to see, for I seemed to see things far beyond the range of the telescope, even on a bright, clear day. It was simply that God had chosen this time to reveal these things to me, for as I looked through the telescope, it was not Manhattan Island that I saw, but a far larger view.

North American Continent

That morning much of the view was impaired by fog; but suddenly, the fog seemed to clear until it seemed that I could see for thousands of miles, but that which I was looking upon was not Manhattan Island. It was all of the North American continent spread out before me as a map is spread upon a table. It was not the East River and the Hudson River that I saw on either side, but the Atlantic and the Pacific Oceans; and instead of the Statue of Liberty standing there in the bay on her small island, I saw her standing far out in the Gulf of Mexico. She was between me and the United States. I suddenly realized that the telescope had nothing to do with what I was seeing but that it was a vision coming directly from God; and to prove this to myself, I took my eyes away from the telescope so that I was no longer looking through the lens, but the same scene remained before me.

Great Cities

There, clear and distinct, lay all the North American continent with all its great cities. To the north lay the Great Lakes. Far to the northeast was New York City. I could see Seattle and Portland far to the northwest. Down the west coast there were San Francisco and Los Angeles.

Closer in the foreground lay New Orleans at the center of the Gulf Coast area. I could see the great towering ranges of the Rocky Mountains and trace with my eye the Continental Divide.

All this and more I could see spread out before me as a great map upon a table.

Gigantic Hand

As I looked, suddenly from the sky I saw a giant hand reach down. That gigantic hand was reaching out toward the Statue of Liberty.

In a moment her gleaming torch was torn from her hand, and in it instead was placed a cup; and I saw protruding from that great cup a giant sword, shining as if a great light had been turned upon its glistening edge. Never before had I seen such a sharp, glistening, dangerous sword. It seemed to threaten all the world. As the great cup was placed in the hand of the Statue of Liberty, I heard these words,

"Thus saith the Lord of hosts, drink ye and be drunken and spew and fall and rise no more because of the sword which I will send." As I heard these words, I recognized them as a quotation from Jeremiah 25:27. I was amazed to hear the Statue of Liberty speak out in reply, "I WILL NOT DRINK!" Then as the voice of the thunder, I heard again the voice of the Lord saying, "Ye shall certainly drink" (Jeremiah 25:28). Then suddenly the giant hand forced the cup to the lips of the Statue of Liberty, and she became powerless to defend herself. The mighty hand of God forced her to drink every drop from the cup. As she drank the bitter dregs, these were the words that I heard: "Should ye be utterly unpunished? Ye shall not be unpunished, for I will call for a sword upon all the inhabitants of the earth, saith the Lord of hosts" (Jeremiah 27:29)

War, Destruction

(Note: Nostradamus says in 11 #42 & 6 10 that L.A. as *named* – soldiers all afield – both civil war and flood to assail L.A. was directly mentioned in 11 42 both with war & flood to be "the first affected" this is part of the battle interrupted by nature "soldiers by night" could mean martial law roundups which do occur at 3am usually, however, Joe Brandt says it starts at 3 50 pm to 4 29pm with the great flooding then

"When the cup was withdrawn from the lips of the Statute of Liberty, I noticed the sword was missing from the cup, which could mean but one thing.

THE CONTENTS OF THE CUP HAD BEEN COMPLETELY CONSUMED! I knew that the sword merely typified war, and destruction, which is no doubt on the way. Then as one drunken on too much wine, I saw the Statue of Liberty become unsteady on her feet and begin to stagger and to lose her balance. I saw her splashing in the gulf, trying to regain her balance. I saw her stagger again and again and fall to her knees. As I saw her desperate attempts to regain her balance and rise to her feet again, my heart was moved as never before with compassion for her struggles; but as she staggered there in the gulf, once again I heard these words:

"Drink ye and be drunken and spew and fall and rise no more because of the sword which I will send among you" (Jeremiah 25:37).

As I watched, I wondered if the Statue of Liberty would ever be able to regain her feet, if she would ever stand again; and as I watched, it seemed that with all her power she struggled to rise and finally staggered to her feet again and stood there swaying drunkenly. I felt sure that at any moment she would fall again, possibly never to rise. I seemed overwhelmed with a desire to reach out my hand to keep her head above water, for I knew that if she ever fell again, she would drown there in the gulf. "Thou shalt not be afraid for the by night, nor for the arrow that flyeth by day, nor for the pestilence that walketh in darkness, nor for the destruction that wasteth at noonday" (Psalms 91:5-6).

[NOTE – at noon, a time of day mentioned many times in the hidden texts)

Black Cloud Rising

Then as I watched, another amazing thing was taking place. Far to the northwest, just out over Alaska, a huge, black cloud was arising. As it rose, it was as black as night. It seemed to be in the shape of a man's head. As it continued to arise, I observed two light spots in the black cloud. It rose further, and a gaping hole appeared. I could see that the black cloud was taking the shape of a skull, for now the huge, white, gaping mouth was plainly visible. Finally, the head was complete. Then the shoulders began to appear; and on either side, long, black arms.

Skeleton Destroys Multitudes

It seemed that what I saw was the entire North American continent, spread out like a map upon a table with this terrible skeleton-formed cloud arising from behind the table.

It rose steadily until the form was visible down to the waist. At the waist the skeleton seemed to bend toward the United States, stretching forth a hand toward the east and one toward the west, one toward New York and one toward Seattle. As the awful form stretched forward, I could see that its entire attention seemed to be focused upon the United States, overlooking Canada at least for the time being.

As I saw the horrible black cloud in the form of a skeleton bending toward America, bending from the waist over, reaching down toward Chicago and out toward both coasts, I knew its one interest was to destroy the multitudes.

(Yellowstone and other volcanoes)

Mortal Agony

As I watched in horror, the great black cloud stopped just above the Great Lakes region and turned its face toward New York City. Then out of the horrible, great gaping mouth began to appear wisps of white vapor which looked like smoke, as a cigarette smoker would blow puffs of smoke from his mouth. These whitish vapors were being blown toward New York City. The smoke began to spread until it had covered all the eastern part of the United States.

Then the skeleton turned to the west and out of the horrible mouth and nostrils came another great puff of white smoke. This time it was blown in the direction of the west coast. In a few moments' time the entire West Coast and Los Angeles area were covered with its vapors.

Then toward the center came a third great puff. As I watched, St. Louis and Kansas City were enveloped in its white vapors. Then on they came toward New Orleans. Then on they swept until they reached the Statue of Liberty where she stood staggering drunkenly in the blue waters of the gulf. As the white vapors began to spread around the head of the statue, she took in but one gasping breath and then began to cough as though to rid her lungs of the horrible vapors she had inhaled. One could readily discern by the coughing that those white vapors had seared her lungs. What were these white vapors? Could they signify bacteriological warfare or nerve gas that could destroy multitudes of people in a few moments' time? Then I heard the voice of God as He spoke again: "Behold, the LORD maketh the earth empty and maketh it waste and turneth it upside-down and scattereth abroad the inhabitants thereof.

And it shall be, as with the people, so with the priest; as with the servant, so with his master; as with the maid, so with her; as with the buyer, so with the seller; as with the lender, so with the borrower; as with the taker of usury, so with the giver of usury to him. The land shall be utterly emptied and utterly spoiled, for the LORD hath spoken this word. The earth mourneth and fadeth away. The world languisheth and fadeth away. The haughty people of the earth do languish. The earth also is defiled under the inhabitants thereof because they have transgressed the laws, changed the ordinance, broken the everlasting covenant; therefore, hath the curse devoured the earth, and they that dwell therein are desolate; therefore, the inhabitants of the earth are burned and few men left" (Isaiah 24:1-6)

As I watched, the coughing grew worse. It sounded like a person about to cough out his lungs. The Statue of Liberty was moaning and groaning. She was in mortal agony. The pain must have been terrific, as again and again she tried to clear her lungs of those horrible white vapors. I watched her there in the gulf as she staggered, clutching her lungs and her breast with her hands. Then she fell to her knees. In a moment she gave one final cough, made a last desperate effort to rise from her knees, and then fell face forward into the waters of the gulf and lay still as . Tears ran down my face as I realized that she was dead ! Only the lapping of the waves, splashing over her body which was partly under the water and partly out of the water, broke the stillness.

"A fire devoureth before them, and behind them a flame burneth; the land is as the Garden of Eden before them, and behind them a desolate wilderness, yea, and nothing shall escape them". Screaming of Sirens Suddenly the silence was shattered by the screaming of sirens. The sirens seemed to scream, "RUN FOR YOUR LIVES!"

(UNLESS there are reptilians herding people – slink away in that case)

Never before had I heard such shrill, screaming sirens. They seemed to be everywhere to the north, the south, the east, and the west. There seemed to be multitudes of sirens; and as I looked, I saw people everywhere running, but it seemed none of them ran more than a few paces, and then they fell. And even as I had seen the Statue of Liberty struggling to regain her poise and balance and finally falling for the last time to die on her face, I now saw millions of people falling in the streets, on the sidewalks, struggling. I heard their screams for mercy and help. I heard their horrible coughing as though their lungs had been seared with fire. I heard the moanings and groanings of the doomed and the dying. As I watched, a few finally reached shelters, but only a few ever got to the shelters.

Above the moaning and the groaning of the dying multitudes, I heard these words: "A noise shall come even to the ends of the earth, for the Lord hath a controversy with the nations. He will plead with all flesh; he will give them that are wicked to the sword, saith the Lord. Thus saith the Lord of hosts, Behold, evil shall go forth from nation to nation, and a great whirlwind shall be raised up from the coasts of the earth, and the slain of the Lord shall be at that day from one end of the earth even unto the other end of the earth. They shall not be lamented, neither gathered, nor buried; they shall be dung upon the ground" (Jeremiah 25:31-33).

Rocket Missile Attacks

Then suddenly I saw from the Atlantic and from the Pacific and out of the Gulf rocket-like objects that seemed to come up like fish leaping out of the water. High into the air they leaped, each headed in a different direction, but every one toward the United States. On the ground the sirens screamed louder, and up from the ground I saw similar rockets beginning to ascend.

To me these appeared to be interceptor rockets although they arose from different points all over the United States; however, none of them seemed to be successful in intercepting the rockets that had risen from the ocean on every side. These rockets finally reached their maximum height, slowly turned over and fell back toward the earth in defeat. Then suddenly the rockets which had leaped out of the oceans like fish all exploded at once. The explosion was ear-splitting. The next thing which I saw was a huge ball of fire.

The only thing I have ever seen which resembled the thing I saw in my vision was the picture of the explosion of the H-bomb somewhere in the South Pacific. In my vision it was so real that I seemed to feel a searing heat from it.

Widespread Desolation

As the vision spread before my eyes and I viewed the widespread desolation brought about by the terrific explosions, I could not help thinking, While the defenders of our nation have quibbled over what means of defense to use - and neglected the only true means of defense: faith and dependence upon the true and living God the thing which she greatly feared has come unto her! How true it has proven in Psalms 127:1: Except the Lord build the house, they labour in vain that build it; except the Lord keep the city, the watchman waketh but in vain."

Then as the noise of battle subsided, to my ears came this quotation:

"Blow ye the trumpet in Zion and sound an alarm in my holy mountain; let all the inhabitants of the land tremble, for the day of the Lord cometh, for it is nigh at hand. A day of darkness and of gloominess, a day of clouds and of thick darknes

© 2008 by Linda Moulton Howe

"Past the 2008 presidential election, in the black cube I saw that things are quite a mess for two or three years. Then something happens around 2013 and it all goes quiet."

L.M.H: WHAT WAS THE NATURE OF THE THIRD WAR AND WHAT WAS THAT DATE?

W: There is something nuclear that takes place. One of the things I saw in the black cube was an aircraft carrier and I saw there was something that happened that caused nuclear missiles going back and forth and this whole mess that pulled the whole world into it.

L.M.H: THE MISSILES WERE GOING BACK AND FORTH BETWEEN WHICH COUNTRIES?

I think it must have been Israel.

L.M.H: YOU THINK THAT BECAUSE?

Its proximity to the mass of water that I saw. They didn't show me a newspaper with this. Instead, they were showing me conflict and taking advancing steps every time it occurred until it got to this one event. Then there were nuclear weapons going back and forth and then there were things that started happening in the United States that were not good either.

It just became an awful mess!

L.M.H: ISRAEL IS LAUNCHING THE MISSILES?

I think so.

L.M.H: WHAT ARE THE TARGETS OF ISRAEL?

I think Iran.

L.M.H: ISRAELIS ARE ATTACKING IRAN. WAS ANY MONTH GIVEN?

I remember it was in the springtime. (a recent springtime?)

This is what Revelation says

L.M.H: SPRING OF 2013? AND WITH THE LAUNCH OF MISSILES FROM ISRAEL TO IRAN POSSIBLY, WHAT DID THE UNITED STATES DO?

W: They were fighting back. That's when things started happening here.

It's like everything happened at once in all these different places.

L.M.H: WHAT DID YOU SEE HAPPENING IN THE UNITED STATES?

Not good things.

One of the things that was frightening to me was like the police were keeping all the people controlled.

There weren't a lot of people traveling around and then suddenly there were all these different explosions in different cities.

And the only thing I've seen that reminds me anything of what I saw in the black cube is the TV show, Jericho.

That's kind of a similar scenario that I saw.

L.M.H: MEANING THERE WERE MISSILE ATTACKS ON THE U. S.?

No. They weren't missile attacks. Whatever was being exploded was already here

L.M.H: SO, IS MARSHALL LAW APPLIED COAST TO COAST AND BORDER TO BORDER?

OR ONLY IN SPECIFIC PLACES?

I think it was only specific places. But there was enough martial law that you could not go any place.

The black cube gave me the impression that the place to go was near the equator down south because that would be safe - there and south of the equator.

North of the equator it would not be safe. The reason was because of the prevailing wind flow.

L.M.H: WHAT WERE YOU SEEING IN THE BLACK CUBE?

I saw lots of people without homes. That's happening now, but I saw a lot of people without homes. Like you would expect to see people living in tent cities, but they weren't tents even. I saw a lot of people in a very desperate situation. Then I saw others who were not. And these people were being well cared for and taken care of. It was like society had divided into two separate cultures and there were those in the United States living more like in a Third World country who didn't have the things they need. And then, there was the upper class that had all the things they needed. The two types of social classes were not allowed to mingle. They were kept apart.

L.M.H: THAT WOULD OCCUR BY WHAT YEAR, DO YOU THINK?

Wm: By late 2013.

and from Nostradamus

I do have the beginnings of a forum titled *SQUEEZING THE WAVES*, which stemmed from 1 63. I at first thought this was jet propulsion because that line was about "through the skies/heavens". On further consideration, this is all about quantum mechanics. We had a term in the 1960s and 1970s which directly relates to this – it was called "vibes". Yes, good vibrations – and how right we all were!

1 12 4 **AU-REVOIR, DEEM UNAQUAINTED GREEN EVERMORE** – see "MICHAEL" as "Ra" LAST PAGES

M G sent me the following regarding the word GREEN

62.29 **Questioner:** Yes.

Ra: You must see the Earth, as you call it, as being seven Earths. There is red, orange, yellow, and there will soon be a completed **green** color vibratory locus for fourth-density entities which they will call Earth. During the fourth-density experience, due to the lack of development of fourth-density entities, the third-density planetary sphere is not useful for habitation since the early fourth-density entity will not know precisely how to maintain the illusion that fourth density cannot be seen or determined from any instrumentation available to any third density.

Thus in fourth density the red, orange, and **green** energy nexi of your planet will be activated while the yellow is in potentiation along with the blue and the indigo.

In other words, our physical body will not be the same as it is now. (M.G)

63.27 **Questioner:** I will make this statement, and you correct me. *What we have is, as our planet is spiralled by the spiralling action of the entire major galaxy, as the big wheel in the sky turns and our planetary system spirals into the new position, the fourth-density vibrations become more and more pronounced. These atomic core vibrations begin to create, more and more completely, the green, that is the green core vibrations complete more and more completely the fourth-density sphere and the fourth-density bodily complexes for inhabitation of that sphere. Is this correct?*

Ra: I am Ra. This is partially correct. To be corrected is the concept of the creation of green-ray density bodily complexes. This creation will be gradual and will take place beginning with your third-density type of physical vehicle and, through the means of bisexual* reproduction, become by evolutionary processes, the fourth-density body complexes.

bisexual requiring two genders

A group calling itself *Le Priore de Sion*, The Priory of Sion, and its purported agent, Pierre Plantard.

This, of course, leads to the question:

Did **Berenger Sauniere** find an ancient hoard of gold and appropriate it to himself?

Or did he uncover some other secret that required his silence to be bought? YES

When considering “channelling”, we are faced with the situation to be careful not to throw out the baby with the bathwater. There have been other pretty good sources of channeled material with a relatively high level of accuracy, such as the Ra entity in the Law of One books and also the sources of Bringers of the Dawn channeled by Barbara Marciniak. They may not be on the same level of accuracy and clarity as the Cassiopaeian material, but they DO contain a considerable amount of accurate and useful information that is largely in agreement with the Cassiopaeian transmissions. Therefore, we can posit that most who are open minded and sincere, as well as adventurous and curious, will agree that it is not reasonable to declare ALL channeled material as being nonsense and/or fraudulent. Whenever someone claims: “All white is black”, we should immediately suspect their motives and knowledge base. Not because white being black is impossible, (we know there are paradoxes), but because they use the word “all”.

Laura Knight-Jadczyk cassiopaea.org/ email sent Sept 5 2013 regarding 'oneism' because I read that LKJ advised against oneism

The major part of the region will be against the Hifter,
+river, but generally accepted to mean Hitler
The great one will be dragged in an iron cage (train)
the child meant to discover anti gravity

When **observing** [watching] child in **full blood** Reptilian

When observing child in **full blood** Reptilian: the reptilian faction are obsessive regarding their bloodlines (DNA) but the reptilian part of the Anu is not indicated here, it is those from Auriga and Draco come to eat children! The word "in" means just that, with the "full blood" becoming a pun - refer the quatrains "blood in bloody mouth" & "thick lipped mouth, feet first" It is a wonder no one has queried the capitalized R (the sky rune for Draco) sitting there on its own! The capitalized *Germain* is not just a ruse (fitting in with Hitler as it does) it belongs in the *codes within codes* - plus, the word "in" should be "dans", so it means "inside" with emphasis. Then we have the word "observing". This is Nostradamus through the Looking Glass.
