

ANCIENT CARPATHIAN THICK LIPPED REPTILIAN HEAD

All the reader need do is to step back off the page and simply glance at this illustration. Not to stare, but to simply receive first impressions. Tell yourself what you do see!

IF ONE LOOKS AT THE REPTILIAN OPEN MOUTHED HEADS AT THE AZTEC/MAYAN SITES, ONE WILL NOTICE THE CURLING UNDULATING THICK LIPS, THE CIRCLE AT THE JAW CONNECTION

Blank dead eye QUETZAL.COATL

the yellow circle is the round jaw connection seen in the following illustrations

gaping maw (as soon as I wrote "maw", 2 70 immediately came to mind)

undulating thick double row lips(weathered)

There is great wear considering these monuments are highly likely to be prior to the great deluge which buried Göbekli Tepi, or even as old as the Bosnian pyramids, i.e around 15,000 - 30,000 years and much of that may have been under water/ice;

 Mors en parlant: grande execution.
 La pierre en l'arbre, la fiere gent rendue,
 Brut, humain monstre, purge expiation.

2 70 The dart from/of the sky will make its extension, could mean anything – DEW/ME weapon, comet, laser beam, portal
 Mouthpiece[microphone]speaking : great accomplishment.
 The tree in stone (wall frieze), (portal) devilish tribe restored,
 Human monster rumoured, purge expiation. (making amends)
 purge means to eliminate unwanted people.

The "tree" in stone is the mechanical M.E. device which people call the tree of life. The purpose is to "beam me up"

Mors, means jaw, bit (on a bridle) microphone

Mouthpiece [microphone?] speaking : great accomplishment

Look at the profile of this animal, does it look like a reptile to you? Those are a set of teeth at the top which you can see in some of the other statues, they are not fangs. Is this a "temple lion" ?
 And what is that circular thing at the corner of the mouth. See the "dead" eyes?

The following is a collection of various statues of the Aztec-Maya area. They are not all the same animal.

 grád = gradient, slope, incline; rate of ascent rising, or descent
 The Milky Way [at Virgo] fiery pulse will be very harmful,
vierge also means 'wool' a key word for the Milky Way
 Earth taken and suspended in the air.

"coming to communicate" this is a reference to proper communication – mind to mind, where no one can lie to another

During Mercury retrograde periods - normally there are three within each year - I do not start new work nor do I complete current forums. Mercury retrograde is well known for supplying computer, electrical and travelling glitches. One is most unwise to sign any contracts of any kind within this period as well. Clarity of mind is also obscured and the information pathways seem to cease. Consequently this time is spent fooling around with projects such as this one.

Apologies, as usual for any apparent duplication of anything you see in these forums - many people only pluck out one forum or two so they would not even notice. Often it is a case of my seeing something new in that duplication.

¹ASH TREE date

You will notice that this tree looks quite similar to the tree in the vignettes.

The choice was this or apple tree (Yule)

The dates for "N" Ash tree are:

Ash tree May 25 to June 03

November 22 to December 01

N ASH February 18 – March 17 (the date in C1 Q1 Line 1 "DIFFERENT FEET IN FIFTEEN")
