

the ELITE – collection of Hidden Texts lines from the quatrains

If this is the first time you have opened one of these "forums" of Nostradamus – you will not have the background understanding which is often needed to comprehend and accept that these "lines" are true. You will have numerous questions, not the least of which being the first "in the English language" ? Should you be at that stage, perhaps you need to return to explanations in the *TUUIIN TOUUEERS DECEIT*

DEAF OF CIRCUMSTANCES (unheeding elite) – EQUIPMENT OFF – (parts failed) CIRCUMSTANCES FADE OFF, FOMENT PIQUE (resentment in the DUMB)

Well, this one is interesting. Previous lines mention the air generators breaking down. The people are "deaf" to outside events, probably not trusting what they are being told. These are the "elite" who scurried to the Deep Underground Military Bases.

Note the words CIRCUMSTANCES FADE OFF – change. The timelines altered and the expected events did not happen.

From Marc de Guiseppe: "The "elite" are trying to stop the effects of their feckless causal event but can't! And so?

(Ra: "The majority of your peoples will repeat the Third Density.") This is why "the elite" is pressing for world war three.

"It is for "mis-direction" which keeps the population from focusing on the Chemtrails.

Speculating, that their psychopathy exposed everyone to radioactive poisoning (through over 1800 nuclear detonations) as well as this present poisoning of the planet. Believing that the only way for us to stop the madness is to go around the "ruling elite" and appeal the argument against geo-engineering to their drones who think they're doing something "noble" because they've been lied to."

PLATO is the project responsible for Diplomatic Relations with the Aliens. This project secured a formal treaty (illegal under the U.S. Constitution) with the Aliens.

- The terms were that the Aliens would give us “our Government” technology and would not interfere in our History. In return we “our Government” agreed to keep their presence on Earth a secret, not to interfere in any way with their actions, and to allow them to abduct humans and animals.

The Aliens agreed to furnish MJ-12 with a list of abductees on a periodic basis for Governmental control of their experiments with the abductees.

AQUARIUS is the project which compiled the history of the Alien presence and interaction on Earth and the HOMO SAPIENS.

GARNET is the project responsible for control of all information and documents regarding the Alien subjects and accountability of their information and documents.

PLUTO is a project responsible for evaluating all UFO and IAC information pertaining to Space technology.

POUNCE project was formed to recover all downed and/or crashed craft and Aliens. This project provided cover stories and operations to mask the true endeavor, whenever necessary. Covers which have been used were crashed experimental Aircraft, Construction, Mining, etc. This project has been successful and is ongoing today.

NRO is the National Recon Organization based at Fort Carson, Colorado. It's responsible for security on all Alien or Alien Spacecraft connected to the projects.

DELTA is the designation for the specific arm of NRO which is especially trained and tasked with security of all MAJIC projects. It's a security team and task force from NRO especially trained to provide Alien tasked projects and LUNA security (also has the CODE NAME: "MEN IN BLACK"). This project is still ongoing.

BLUE TEAM is the first project responsible for reaction and/or recovery of downed and/or crashed Alien craft and/or Aliens. This was a U.S. Air Force Material Command project.

SIGN is the second project responsible for collection of Intelligence and determining whether Alien presence constituted a threat to the U.S. National Security. SIGN absorbed the BLUE TEAM project. This was a U.S. Air Force and CIA project

REDLIGHT was the project to test fly recovered Alien craft. This project was postponed after every attempt resulted in the destruction of the craft and death of the pilots. This project was carried out at [AREA 51, Groom Lake, \(Dreamland\) in Nevada](#). Project Redlight was resumed in 1972. This project has been partially successful. UFO sightings of craft accompanied by Black Helicopters are project Redlight assets. This project is now ongoing at Area 51 in Nevada

SNOWBIRD was established as a cover for project Redlight A "Flying Saucer* type craft was built using conventional technology. It was unveiled to the PRESS and flown in public on several occasions. The purpose was to explain accidental sightings or disclosures of Redlight as having been the Snowbird crafts. This was a very successful disinformation operation. This project is only activated when needed. This deception has not been used for many years. This project is currently in mothballs, until it is needed again.

BLUE BOOK was a U.S. Air Force, UFO, and Alien Intelligence collection and disinformation project. This project was terminated and its collected information and duties were absorbed by project Aquarius. A classified report named "[Grudge/Blue Book, Report Number 13](#)" is the only significant information derived from the project and is unavailable to the public, (from what I read before from other sources, this Report Number 13, talked about everything inside the Grudge history).

Before It's News

Nephilim UFO Exposed By a Government Scientist Now in Hiding: Top Secret Document Revealed (Video)
(To See the First Section: "The Invisible Government" Reviewed [Click Here](#))

Here is the list of information found in the video above:

There are some **one hundred sixty** (160) or more known types of Aliens/Nephilim visiting our world (Earth) at the present time, these are the most commonly seen types:

1. Greys, type one (1) – The Rigelians from the *Rigel Star* system and are approximately four (4) feet tall, with a large head containing large slanted eyes, who worship technology and DON'T CARE ABOUT US. The type popularized in the "[Communion](#)" book by [Strieber](#). They need vital secretions for their survival, which they are getting from us (earthlings).
2. [Greys, type two \(2\) – Come from the Zeta Reticulae 1 & 2 solar systems](#). Same general appearance as a type one (1), although they have a different finger arrangement and a slightly different face. These Greys are more sophisticated than the type ones (1). They possess a degree of common sense and are somewhat passive. They don't require the secretions that the type ones (1) due.
3. Greys, type three (3) – Simple cloning form of types one and two above. Their lips are thinner (or no lips). They are subservient to the type one and two Greys above.
4. Nordics, Blondes, Swedes – Known by any of these names. They are similar to us. Blonde hair, blue eyes (some have dark hair and brown eyes and they're shorter in height). They will not break the law of non-interference to help us. They will only intervene if the Greys activity were to affect us directly.
 1. (See SUMMARY OF NORDICS in the Hidden Texts – where there are 29 described)
5. Nordic Clones – They appear similar to us but with a grey tinge to their skin. These Nordics are controlled drones, created by the Greys, type ones (1).
6. Intra-Dimensional (Not Para-Terrestrial) – Entities that can assume a variety of shapes. Basically of a peaceful nature.
7. Short Humanoids – One and a half to two and a half feet tall, with skin bluish in color. They are seen quite frequently in Mexico near Chihuahua
8. Hairy Dwarfs (Orange) – They are four (4) feet tall and weigh about thirty five (35) pounds. Their hair is the color of red. They seem to be neutral and respect intelligent life forms.
9. Very Tall Race – They look like us but are seven to eight feet tall. They are united with the Swedes. Tall Whites?

10. Men In Black (MIBs) – They are not from the Delta or NRO division of the government. They are oriental or olive-skinned, their eyes are sensitive to light and have vertical pupils. They have very pale skin on some types. They do not conform easily to our social patterns. Usually they wear black clothes (sometimes all white or grey clothes), wear sunglasses and drive black cars. In groups they all dress alike. Sometimes time-disoriented. They cannot handle a psychological “curve ball” or interruption to their plans. They very often intimidate UFO witnesses and impersonate government officials. Equivalent of our CIA from another Galaxy.
(See MEN IN BLACK forums – or ask for them, since the original web site was closed down)

We call them the "elite".

The fish head Mitre wearing Red Oannes/Dagon Loving Papacy represent those red Reptilian Anakim offshoot who got
together with the Nicaean Council to edit a book called the bible.

This way, the opposing Cabals control humanity - pocket and soul –
and are currently vying against each other for all the World.

For anyone who has been trying to watch the world scene and get a grip on all the untruths the public are being told – there is an answer - The path taken by Iceland and that of Michael Tellinger:
Michael sent me a short expose, and we all should be studying the principles of an alternate means of being "governed" because the current means is killing the Living Library of Mother Earth

Philosophy and plan of action – Dealing with the root of all our misery.

The UBUNTU Party will participate in the South African Elections on 7 May 2014. This is a historic moment because our entry into the political arena was paid for by the people through a global crowd-funding campaign, which clearly indicates the global support for our simple philosophy of UBUNTU Contributionism. The people want something NEW.

Every South African feels the dire economic hardship on every level, but most people do not know the true cause of our deepening misery. Unless we address the source of the economic war against the people, we will never solve the economic problems.

We cannot solve the problems by using the tools that created the problem in the first place – those tools are:

1. The private banks;
2. The SOUTH AFRICAN RESERVE BANK; and the
3. PRIVATE MONEY they create out of thin air.

The fact that our government is aware of this, and has been keeping this hidden from the people, means that we have been betrayed by our leaders who can no longer be trusted.

UBUNTU believes that the country belongs to its people – that the mineral wealth and the right to energy creation belongs to its people – and that the government is appointed as the servant of the people, by the people – to serve the needs of the people on every level of our human endeavour. Based on these simple principles we plan to do the following:

1. Restructure the entire banking system to serve the people and not enslave the people.
2. Create a PEOPLE'S BANK that creates money for the people by the people, tax-free and interest-free, with 100% employment, and stop the financial enslavement of our people by the privately owned RESERVE BANK. This will immediately free the people of South Africa from debt slavery – the same way that Abraham Lincoln did with his Greenback, and JFK did with his United States Note in 1963, which replaced the Federal Reserve Note. For this, UBUNTU has been joined by Stephen Goodson, a former director and shareholder of the SARB, with insider knowledge of how the banking institutions have exploited the people and continue to control our government at every level.
3. Let our scientists and inventors deliver a renewable source of Free Energy for every South African.
4. Support our traditional healers and research scientists in finding alternative cures for all disease and prevent the drug cartels from hiding such cures from the people.
5. Drive Monsanto from South Africa and prevent them from taking control of our food supply.
6. Support our farmers on every level to escape the grips of Monsanto to grow organic food and plant gardens across the nation to ensure that no South African ever goes hungry again.
7. Decentralise the government so that people can govern themselves in their own communities – taking care of their own needs immediately, supported by the new PEOPLE'S BANK every step of the way.
8. Restructure the judiciary and the legal system, to be written by the people for the people, unlike the unjust legal system we face in our courts today, which holds the rights of corporations above those of living breathing human beings.

The path to economic freedom is an exciting new era in human history, which is linked to the age of information, where corrupt corporations can no longer hide their crimes against humanity from the people. The solutions are simple and everyone knows what needs to be done in their hearts – all we have to do is to take the first brave step.

We plan to introduce the simple principles of UBUNTU and the philosophy of Contributionism as outlined in detail in the book *UBUNTU Contributionism – A Blueprint For Human Prosperity*. I urge everyone to read the book for the background on our troubles and to see how simple the solutions really are. Please join the UBUNTU movement on our website and tell everyone.

THE COUNTRY BELONGS TO ITS PEOPLE – NOT TO THE GOVERNMENT OR ANY OTHER CORPORATION THAT HAS LAID CLAIM TO IT.
