

## YEAR OF THE HORSE 2014, 2026 PART FOUR ~ GET READY

The other thing learned recently thanks to following up on Greer being influenced: the subject of Phil Schneider. With the strongest recommendation suggesting you all have a look by going to YouTube: "PHIL SCHNEIDER" and pick any of the videos about this very brave man. His last words on video were:

"The N.W.O. and alien invasion are one and the same thing".

Verner von Braun with his dying breath warned us all of an alien invasion – and everyone is looking up. The N.W.O. elites also have us all looking up – pointing the finger at an alien invasion from above. We will all be looking the wrong direction at a *false* premise. We will all be bled of any funds that are remaining in order to "defend" ourselves. Too late people. This enemy is already here & has been since the invention of the word 'pope' Please just keep in mind the words of 4 73 4 2 96 ROFNEPERFEMACEDOINE– PREFERENCE OF ON (those behind the Vatican): MEDIA PERFORMANCE, holograms NEED FOE, E.N.E. FED in I (Halloween, consistently stated) See Verner Von Braun I 6 I VERNER'S LAW [Verner Von Braun] VERBALLY FOREWARNING USER [of the quatrains, the reader] NOW; SURE UNFAIR GRAY LEVEL (the "FED" E.N.E. By now you will know what E.N.E. stands for. Extra-terrestrial Noetic Entity. One with two brains

Those of you who have been dedicated followers of CHANI and have seen that all but two of his 'very important people' predictions have come true – bearing in mind that he commenced his communications in 1995, and ceased them in 2005, so many of these people were not even important at the time – with the two exceptions of his predicted statements being the disappearance of Putin and death of Cheney, yet to happen at this date (June 4 2014)

June in 2013? This is the same date in the binary coded disc of the Alien Crop circle EE [greys] LIE 1366E. 2013 June. 6 (the Unholy 6? The SEX [Lat] of 4 27) to **LIE EARTH** (down)

As much as I dislike raising the subject of Nancy Lie.Der and Zeta.Talk – currently this is her mantra: **JUNE 14**  
Since she has misquoted Nostradamus twice before over the years I suspect she is plucking knowledge not always from the lying Zetas but from where ever she can and this time the date being shouted is the one in these quatrains.

We have seen June 11 as a date to watch

If you did read *SHARS OF NIBIRU & THE ZODIAC AGES*, you will have been reminded more than once that a year consists of (currently) **365 days** from a given point.

The date in 1 7 3 can be read to be 13 June or July – or it can be read simply simply "14". Thus the "turning twice in 14". add to this from COMBIEN:

From the Preface to Cesar:

"I did not therefore wish to make known its dire import; also fearful that several books which had lain hidden for long centuries might be discovered, [the three hidden within the wall cavity of his hearth/vulcan] and of what might become of them, after reading them I presented them to **Vulcan**"

(indicating a fire; BUT why not say "FIRE"? Because "FIREPLACE" is too obvious.

4 100 1 *De feu celeste au Royal edifice. (Another clue- remember in ETNA/ ATEN? An **asteroid** sets off the volcanic basin...*

**SELECT EDIFICE ~ (the 'edifice' of the Hidden Texts) ... and Malta is "extinguished"**

**DELAY FEED YOUR IDEAL ICE FIELD CLUE** (in January 2009 this was found)

"And while it devoured them, the flame licking the air gave out such an unexpected light, clearer than that of an ordinary flame and resembling fire from **some flashing cataclysm**, and suddenly illumined the house (**mansion** of a zodiac = a constellation or the Earth herself) **as if it were caught in a furnace**".

"For according to the celestial signs, the Golden Age shall return, and after all calculations, with the world near to an all-encompassing revolution"... [poles shift]

- from the **time of writing** 177 years 3 months 11 days Salon, **1 March 1555**

ADDING **177, 3, 11** to **March 1 1555** [date of Preface to Cesar] = **1732 June 12/13 1555+ 458 = 2013 (plus 365**  
Go to **C 1 Q 7 Line 3 WORD 2** and there is THE DATE [the Earth is] "conjured" (brought about) **xiiij = 2014 ]**

with the word "combien" under the quatrain in the original!

June 2013 **plus 365** is also the same date in the binary code on the disc held by the alien grey in a crop 'square'–1366E

In the crop square of August 2002 which shows an Orion Grey holding a binary disc – the message has some unreadable letters.

They say EE LIE 1366 E. (East or Earth) 1366 ..... 2013 – June – 6 (the "six" could even be the "unholy six" or 6 degrees)

Just to throw a spanner in this line of thought we need to go to Rick Levine's *QUANTUM ASTROLOGY* where, from the influence of a major conjunction it can take *one year* to reach activation, the true "year" ... aka "orbit".

Recall Tom Horn's 2012.9? That was correct, late November 2013 became the date for what was called ISON

"EELIE1366E" cannot be "EELRIJUE" or "BELIEVE", like some people say, since eleven digits are used to form the binary number "1366". ASCII signs contain only eight digits.

My guess considering the EELIE1366E is that either there is a hidden crypto within the code, or it is a typing mistake, or it is meant to be used as a mantra or a spell.

There is no "bell sound" in the end of the message.

I have no idea whatsoever why some people say that.

CYLINDER (REPTILIAN) CRAFT BEING HAZED BY DISCS MAY 2014

THESE DISCS ARE THE ELOHIM

The "trade in men" clause is now in operation, because Treaty 9 *has come due in 2014*.

Treaty One was signed by F.D.R. in 1933 – each treaty is nine years, and in 2014 Treaty 9 comes about.

Michael sent me a short expose, and we all should be studying the principles of an alternate means of being "governed"

## Philosophy and plan of action – Dealing with the root of all our misery.

The UBUNTU Party will participate in the South African Elections on 7 May 2014. This is a historic moment because our entry into the political arena was paid for by the people through a global crowd-funding campaign, which clearly indicates the global support for our simple philosophy of UBUNTU Contributionism. The people want something NEW.

Every South African feels the dire economic hardship on every level, but most people do not know the true cause of our deepening misery. Unless we address the source of the economic war against the people, we will never solve the economic problems.

We cannot solve the problems by using the tools that created the problem in the first place – those tools are:

1. The private banks;
2. The SOUTH AFRICAN RESERVE BANK; and the
3. PRIVATE MONEY they create out of thin air.

The fact that our government is aware of this, and has been keeping this hidden from the people, means that we have been betrayed by our leaders who can no longer be trusted.

UBUNTU believes that the country belongs to its people – that the mineral wealth and the right to energy creation belongs to its people – and that the government is appointed as the servant of the people, by the people – to serve the needs of the people on every level of our human endeavour. Based on these simple principles we plan to do the following:

1. Restructure the entire banking system to serve the people and not enslave the people.
2. Create a PEOPLE'S BANK that creates money for the people by the people, tax-free and interest-free, with 100% employment, and stop the financial enslavement of our people by the privately owned RESERVE BANK. This will immediately free the people of South Africa from debt slavery – the same way that Abraham Lincoln did with his Greenback, and JFK did with his United States Note in 1963, which replaced the Federal Reserve Note. For this, UBUNTU has been joined by Stephen Goodson, a former director and shareholder of the SARB, with insider knowledge of how the banking institutions have exploited the people and continue to control our government at every level.
3. Let our scientists and inventors deliver a renewable source of Free Energy for every South African.
4. Support our traditional healers and research scientists in finding alternative cures for all disease and prevent the drug cartels from hiding such cures from the people.
5. Drive Monsanto from South Africa and prevent them from taking control of our food supply.
6. Support our farmers on every level to escape the grips of Monsanto to grow organic food and plant gardens across the nation to ensure that no South African ever goes hungry again.
7. Decentralise the government so that people can govern themselves in their own communities – taking care of their own needs immediately, supported by the new PEOPLE'S BANK every step of the way.
8. Restructure the judiciary and the legal system, to be written by the people for the people, unlike the unjust legal system we face in our courts today, which holds the rights of corporations above those of living breathing human beings.

The path to economic freedom is an exciting new era in human history, which is linked to the age of information, where corrupt corporations can no longer hide their crimes against humanity from the people. The solutions are simple and everyone knows what needs to be done in their hearts – all we have to do is to take the first brave step.

We plan to introduce the simple principles of UBUNTU and the philosophy of Contributionism as outlined in detail in the book ***UBUNTU Contributionism – A Blueprint For Human Prosperity***. I urge everyone to read the book for the background on our troubles and to see how simple the solutions really are. Please join the UBUNTU movement on our website and tell everyone.

THE COUNTRY BELONGS TO ITS PEOPLE – NOT TO THE GOVERNMENT OR ANY OTHER CORPORATION THAT HAS LAID CLAIM TO IT.

Cetus – the whale creature almost in the southern skies currently, becomes  
"unaccustomed" in the northern skies, with Mira the new north polestar.  
The paws holding the sceptre ("managers of all") seem to belong to a lion.  
There is a part of the sceptre which intrigues me – it looks like a hand guard  
we see on swords.

There is a second vignette the same in appearance with the exception it is  
not in day time like this one – painted more to appear like it is in space.  
My suspicion is that the dark one is the original.  
"Sceptre" means Jupiter and Eridanus, those in the U.N. So saying this Lion  
holds those of Eridanus. Cetus itself also includes those Swedes from Tau Ceti

that photo has to be in reverse. It is Sagittarius constellation with Corona Australis as the curved leg. In Hieroglyphs, when in reverse it means it holds a secret message. The White Horse of Uffington is Sagittarius, even with the cross of the bow and arrow which part has not been made white for a very long time but can still be seen from the air.
