This forum (collection of Hidden Texts Quatrein lines) is a provocation.  
It is the introduction to Stage Gate ~ Stargate, which the collator has been asked to now publish.

1 100 2 *Au pres de Dole & de Toufquane terre,*

"REQUEST ANQUOREFS OPERATE RELOADED UPDATES"

I ask: so that means all those which have been withheld, such as the "DELAY PORTAL CHORE" ?

IMMEDIATE ANSWER:

E.D., AS, UP: REQUEST OPERATE RE-LOAD QUEER LADDERS <sup>stargates</sup> QUEUED. <sup>Hidden Text lines already collected</sup>

Ok, will do, as soon as *SASAR FREE FUEL* is finished, the *STAGE GATE – STARGATE* forum will be done.

A very large forum, 52 pages of just the lines alone. It also happens I have just received the *original* 1562 Quatrains

AND REQUESTED: ADULTERER'S OPAQUE "TRADED ASLEEP" DEED Ok, that would be the forum *J-ROD45 & TREATY IX* which was also with-held. This 'treaty' matures in 2014, each having a nine year tenure with the first signed by F.D.R. in 1933.

This forum (collection) is to prod the reader who has not already joined any of these dots.

Pictures for pondering. If archaeologists are too afraid to come forward, Nostradamus is not! Once one comprehends this is how *all prophecy* has been found, one is ready to *really* accept the message, with one additional caveat. Timelines *can* and *are* changed! This includes the Biblical.

First, we do need to discriminate the Source of prophetic messages.

Currently, 2014, there is a book *I AM DARIUS* purporting to be the true word of God and 'Lord Jesus'. To begin with, Darius is quoting from a New International Version of the Bible<sup>1</sup> <sup>footnotes</sup>. The operative word here is "version".

This has been edited by the New World Order, see examples of editing in the last pages here.

Do your research on this, do not just take my word for it.

There is much in this Darius book which contradicts not only itself, but the Hidden Texts given to us from the much maligned Eloim and Nostradamus.

I say '*much maligned*' because both have been edited over the centuries to suit others' plans.

Plus the texts tell us:

10 56 2 *Grand fleux de fang fortira par sa bouche*

SUFFIX <sup>E.Yah</sup> FOXED FAR FLUNG DARIUS: A NEANDERTHAL FOX, AND ARROGANT PARUECHAL OF GENDER AGENDA, – BAD FRAUD, AND EXACERBATED <sup>made worse</sup> THE PLAN OF EXTRA ARCH FOE GALAXIES' CARP <sup>Oannes</sup> CRAP, SUFFER <sup>cause</sup> EXTRA BAD DRAGON, BAD ING HARVEST USING FEMA CAMPS F.D.R. ARRANGED UNUUITTINGLI in 1933 see *J-Rod45 & Treaty IX*, due 2014 DARIUS' FAR FLUNG PAD ROB RATE OF EXCHANGE <sup>SOULS</sup> BROUOUNED OFF FAIR GRAND FATHER (AS)

10 56 2 *Grand fleux de fang fortira par sa bouche*

GRAND FATHER, ANCHOR <sup>NOSTRADAMUS</sup>, UUASP\* BRAIN AND CORE <sup>Kore/stage gate</sup> ABLE FIX FROG <sup>reptile</sup> FOX DRAB ANGEL GRANDFATHER IN BEARD (Darius). \*UUASP is Apis/Vespa/Musca : Gliese 876C = the He Rod J-Rod52 who have two brains

from *I AM DARIUS*:

"Where do the people like the 'Great Sage', the *greys* and all the little visitors fit in? They are working from another realm for yet another *Peer in Heaven*.... [AS] Over the millennia they haven't revealed much, but only to few people,\*\* a policy that changed in 1947." [Roswell] from *I AM DARIUS* pp 249 [emphases by the collator]

\*Here – Darius is speaking of the J-Rod which survived the Roswell crash (or just appeared there via time gate, since all the others died in that crash) in order to [almost] sacrifice himself to get a message to Dr. Dan Burisch (who had been 'abducted' by J-Rod Che-ilah as a boy) and try to have humankind made 'awake'. This J-Rod is one of the UUASP BRAINED, *biloba* two brained 'grey' of human origins highlighted in the line above. The *Great Sage* is, of course, AS. (pronounced 'Ayse')

\*\* such as those of Nostradamus, Da Vinci, Mother Shipton, Whitley Strieber, Simon Parkes and Anton Parcs for example – and anyone who has ever been abducted by mantids receiving downloaded messages. Dr Dan Burisch (also named in the texts) received his at Roswell.

Nostradamus was 'assigned' to Egypt, (see 1 40 3 following) spending between six or eleven years away (depending on the biographer) - to study the source, discovering that 'prophecy' is gained by bending time and using it as a tool.

The book of Darius keeps this detail a *secret*, albeit speaking of walking into one door out of it to another place. This is a good description of jump rooms. Darius does speak of the *stages* of the heavens, without realising the 'gates' are stage gates. Yet, this is what *all the wars* over the centuries have been about – ancient technology.

We will begin here with raising questions regarding Egyptians of the time of the first Pharaoh, wearing the red Deshret crown of the North, Lower Egypt in the Nile Delta in days before 3,000BC and evidence of them appearing on the other side of the world in those centuries, sharing their technology. There is also the matter of a Roman gladiator appearing in Ecuador, and sculpted on a wall of the great 'Mayan' ball court.

Many say those from the Pleiades were involved, yet the artifacts found in Central Mexico in 1955 appear to be of Anakim (Erid.anus) origin. The texts do tell us that those Pleiadians (Plejarens) of Alcyone are allied with the Anakim, hence names such as SamYase (semi-YHWH) Semjase etc. The chief Co-Pilot. YHWH meaning *Chief Pilot* also known as the *Ru.ach*.

inadvertently this was attributed to Senusret II in a former forum.

In the Alchemy List the word Lotus, Nelumbo, Acorn, Oak, Quercus and Rose is always a key word for the time gate.

In the Hidden Texts, the words Hazard and Hades/Hell also means where the time gate can be found.

The word "oak" appears in a few quatrains, as is the word "treasure".

Nostradamus calls his portal a "stage gate".

Michio Kaku also said star gates would be accomplished by "stages" –

The word "Ladder" also applies to the stage gate – and ladders can be seen worn as a sporran by occasional pharaohs.

Senusret I – the caucasian Seti I and Thutmose III seem to have been aware of stargate portals. Steven Strong (Asutrian archaeologist) suggests that Tut.Ankh,Amun also had this knowledge – or at the very least – space craft.

The stele of Thutmose III shown here which is between the paws of the Sphinx is telling people there is a stage gate under.

It matches the copper plaque of Senusret I. Many of the Hidden Texts do the same.

The forum *SHARS OF NIBIRU & THE ZODIAC AGES* or *THE MISSING 324 YEARS* speaks clearly of the entrance to the stargate under Giza and where it is in relation to the Sphinx.

The copper plaque of Senusret I clearly shows the star gate mechanism under Giza including "coils", batteries, electric light pole and the "sound vibration" required (which people like to say is either *Aquarius* or *water*).

People forget, or want to forget that Nostradamus was missing for six years (or eleven depending on which author being read).

Nostradamus himself said he had gone to Egypt to "study history". These details are in the forum just mentioned.

colonnes ardantes, les pier- pier columns, fervent/intense [trumpets...]

**PERSIST: LOSE NONE of CALENDAR IEARS OPENS CALENDAR S.O.S.** <sup>SAVE</sup> **LISTENER, NOT POISE AS LEPER**/uninitiated

Uninitiated merely means those who have not learned the Alchemy key words. There is a forum about the stolen 324 years with S.O.S.–SAVE being a pun. 'save' once used to mean "except that" knowing the real calendar saves the *listener*– those who really *hear* the message, that is, accept it. We are really in 1690, and knowing this will save us all from the *man-snake*.

POISE means being held as unknowing – which we all are under the current education systems. This is one reason the 'elite' do not want any of us to learn the Alchemy knowledge. We can make use of our free will once we know we can.

This was a long message telling us why the 324 years was really removed at the behest of prince Otto, nephew of king Constantine. The rest of this hidden texts is amongst the footnotes. I did ask "why would anyone want to remove 324 years from their/our calendar"? And 'they' have answered. At this stage one simply must accept none of this is just a coincidence! The answer is: 1 40 DEFECT BY PAID PET BEING a shape shifter whispering in the ear of prince Otto

**BE CHANNELS DEFACING IN MAY FOURTEEN** Yes, it was May in 2014 that a certain popular channeller disappointed me  
thoroughly when I caught her out in a detail regarding quantum physics which the hidden texts told us were mentioned by  
Michael Psellus the Younger in book Three, paragraph 39 of his *Cronographia* of 1055A.D. This "channeller" had said:

"your scientists only discovered quantum physics within the last one hundred years " **DEFACING: losing face**

She had been the only channeller at that date I was willing to believe because these texts had said before that there is no such  
thing as a real channeller unless by the "magic" used by those such the Sirius beings who have their own agenda. **AND SEE:**

what Michael Quinsey with his SaLuSa (SAint LUcifer SATan) comes up with in answer to these lines. His contradictions and  
outright lies were published in 2012 in these forums

Then there is Dolores who reckons she is "channelling Nostradamus". In these hidden texts he adamantly states that people  
claiming to do so are not channelling what they think they are ["magic"]. In the case of Dolores, a member of the public had  
asked her what she knew about chemtrails. Her answer to the innocent questioner was this: "That is your own reality". Saying  
in essence he was inventing them. IF Dolores had REALLY been "channelling" Nostradamus he would have been clanging the  
warning bells right in her face. In just the same way he has been doing so here in all these hidden texts.

however: this seems to be referring to Treaty 9 which has the 'trade in men' clause and matures in 2014. Problem is- we are not yet in 2014. So this must be the "loop hole" in that treaty! When it was first signed in 1933, with each having a nine year tenure – the ninth treaty matures in 2014. Yet each treaty is not contiguous, they must be re-negotiated every maturing period, so we are not dependent on something stated in late 1933, (F.D.R.) nor early 1952 (Eisenhower) two treaty terms after the first. The 1996 or 2005

(tried to research which dates, but the Dr Dan Burisch files are removed. Just keep in mind he WAS fully named in these texts) treaty had Dr Dan Burisch in presence and he ensured that abductions ceased for that tenure, which they did.

These numerous lines arriving at the moment speaking of repairing the calendar in which the man-snake Lucifer had three centuries removed, fraudulently bringing us forward by 324 years to shorten his own tenure in 'irons'. The False Messiah holograms can be prevented if someone is able to stand up and say:

"be gone, you lying marauder until your full true term is up" but more urgently get the message to the sleep walking people ...

"this is not yet the time for false harvests" this is only 1690 and we are not yet in 2014...

Therefore when Marduk arrived for Mandela's funeral 2013 – he knowingly had breached his own contract. Strange how they really believe in "laying down a law" – just witness Monsanto's methods of gaining their fraudulent agendas ... those with death in mind

While researching 'ebonics' the "pillar of Porphyry" quatrain 1 43 3 came to my mind. (While there 1 42 needed repair)

Thinking in terms of a mineral for both the word 'ebony' and the word 'porphyry'. But 'Porphyry' is the *name* of an astronomer!

In which case the [singular] *pillar of Porphyry* is the Milky Way.

The word 'ebonics' was given in answer to the question "how are crop circles made"?

Many readers will have seen much of this beforehand, but there are now new readers who have not. As it turns out – every time "they" have me re-do a quatrain, it is because I missed something last time. In the following case it is the "Ditrochee" which was a 'direction' for the collator and which this collator did not understand until recently. A *Ditrochee* is the division in a quatrain line represented by a full stop or a colon in the middle of the quatrain line – to be anagrammed separately.

There is also *a shadow behind* them, those from Ophiuchus but dwelling underground on Earth for Aeons. Named as *Mabus* in the *Monstre d'Abys* manuscript Considering it is "Ehuua" who "moves the Earth (out of harm's way, **but as stated above "hello!" not in a damaging manner**)" this is indeed a great honour for Tellingier! In a personal line to me, I was told to "bow" when confronted with the Forgiving and Loving One. Which is NOT Enlil/ YHWH. Just a hint to Tellingier... if this line comes true, that is, *face to face*.

this could be saying "VICE-CHANCELLOR MICHAEL/CHANI" or "CHANCELLOR EHWA" above – but the wording "engineered honour" seems to be saying that the honour being engineered/conferred is to make Tellingier a vice chancellor. These are the only times the word "chancellor" has appeared in all of the texts, so far.

Recall the contradictions in the SaLuSa "channelled" story? Where you can all take your money and material possessions? If  
you see anyone speaking about the need or desire for money (such as "lord" Ray El) then you immediately KNOW it is all a lie.  
Since the Tellingier principle is not based on money, but on one's talents on offer – this is not a principle which the current type  
of paradigm can operate under – nor one which people can steal from nor control by.

## SAME INSCRUTABLE TRIANGLE

Appeared from February 2012 to June 2012

Is this the triangle in "RENNES RELIES TRIANGLE"?

See 10 100 4 the very last line of the Centuries. Rennes has a time portal which Nostradamus was taken through, this one is used by those from Erid.anus, the "horned ones" of ancient Ur.

This also appears on a Central Mexico artifact found in 1955 and on the right hand door lintel of the tomb of Seti I.

IN UNSTABLE INNUMERABLE LARGE STATICS which is the sun, so what are the LARGE MATRICES ?

The artifact on the left is one of many discovered in 1955 in Central Mexico, left by YHWH/Quetzal.coatl, Anakim Enlil

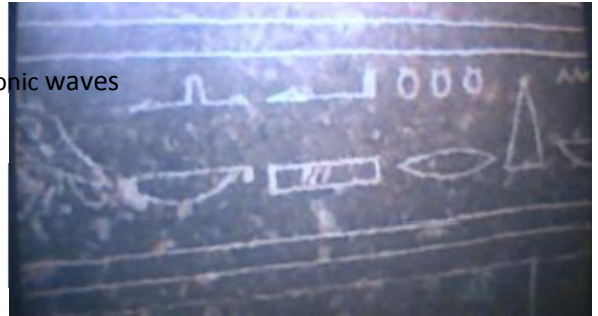

You can see the arm of Arm (Cepheus) – three 'suns', which could be Orion's Belt... then Aquarius or the river of Erid.anus. The water can be sonic waves

The Falcon of Horus/Taurus, the grail crucible cup of the Graal-Elohim, Aquila

(it is a feather), an *unseeing* eye, which is about those who do not want to know, the Paulean triangle which appeared as a sun spot for several months in 2012 on the face of our sun, on an artifact from Central Mexico found in 1955 and on the door lintel of Seti I.

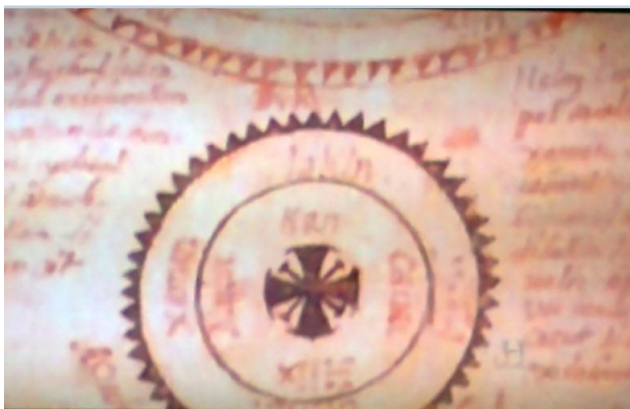

The "unseeing" eye also means the power of the mind's third eye.

The "plinth" of crystals in granite – the computer – is also shown

The sagittal joins point to the two brains which Nostradamus said these greys have

In the tomb of princess of Senusret II 1880BC

And here it is in the Voynich Manuscript with the two cymatic sonic frequencies depictions needed for dimension travel

The cymatic cross of lord of the airways YHWH

JUST AS I KEEP SAYING – WE NEED THE BIGGER PICTURE

Door lintel of the Caucasian mummy of Seti 1 at Abydos

- 1) is Cup/Crater/Grail which means those from Cassiopeia, allied with the Eloim.  
 2) is the Anu/Maya numeral for the ubiquitous twelve and  
 3) is Musca (obs.) asterism formerly Apis the Bee, then Vespa the Wasp, then Musca the Fly absorbing part of Triangulum now known as Aries. Not far from Musca is Gliese 876C, the star from which the J-Rod52 came. He who had survived the Roswell crash (or simply appeared there using a time gate) and lived as a prisoner until 1952. See [Dan Burisch](#) for the details. He was a noetic entity, aka E.N.E. a "he-rod", which seems to be the same as the mummy. The Noetic entity has two brains and a gender. His name was/is Che – ila (as in Che-rub). Next to the helicopter is an aerial refueller, just as Edgar Cayce described. It appears in an other relief At the right door jam is the Paulean triangle of pyramids same as in Turkey, but also the strange sunspot of March 12 2012

Here is a good place to point out that the original source of the Anakim was Epsilon Erid.Anus – the "footstool" of Orion. This is not a guess, it is stated in the Hidden Texts and it is stated by those who built Eridu – "home away from home".

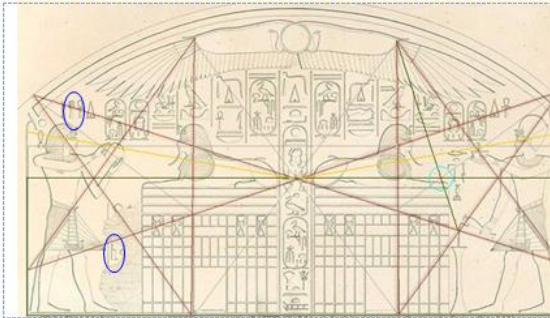

That the "Rib" of Leo is also called the "Hip" in the key words list, these are the "managers of all" including Steven Greer.

That they are all a form of reptilian which operate under the names of Oannes/Uan/Anu/On and can shape-shift.

The red ones are behind the Vatican empire and most "royalty".

We have now seen an explanation for Ea/Enki leaving his origins and making alliance with those of the Eloim. He is green.

The face on the sphinx here is quite feminine. In

The clues I can see are: On the left is **Aquarius**...(in Aquarius the age or the month) above his head is a Tesla coil second from left. I also see *Lepus* (constellation) the Falcon of Orion (or of Isus which could then be for Taurus, the Moon or Sirius) Musca the Fly, Cygnus, Crane, Goose, Hydra and the Scarab which is Ursa Major. The top blue circle is a Tesla electric light pole, there are others. The seat is the stage gate in the underground city catacombs and "Seat" also means Pegasus constellation. The light blue circle covers the point of Regulus, the secret entrance at the right paw by which the man/pharaoh who is Orion is entering

DEER<sup>4</sup> is also *hind* which is obsolete for "in Capricorn"... the 'two suns' being seen clearly world-wide, at that time.  
The echidna<sup>3</sup> type animal also on a time ship could mean "from the south"  
Metal Hare Rabbit being 2011 or 2071  
The Hare<sup>2</sup> is on a time ship<sup>11</sup> too

According to archaeologists this is a "hunting party". Who hunts one bull, one pig, one ant eater and one hare?

The Dogon tribe say the Oannes gods are from Sirius B...

Described in Robert Temple's book; *The Sirius Mystery* the Oannes are in the form of an aquatic man hybrid. The name 'Oannes' is a Greek term and they go by many other names world wide.

Known as 'Dagon' in the Bible (six mentions) and 'On' to the ancient Egyptians.

Other names are : Cecrops - Dercetis - Merops - Nommo - Pelagian (under water breather) - Silurid - Undine (water breather)

The ceremony on the left is at Timbuktoo in north west Africa.. The long (high) mask on the right has the number of ceremonies held since the visit of the Oannes. The celebrations are held every 50 +/- years - this is one orbit of Sirius B.

Half way across the world the Aztec hold the same ceremonies.

Names which they called the shape shifting Oannes include:

Ku.Cul.Kan or KuKulCan

Plumed Asp which is Quetzal.coatl (concrete spirit) - these two words describe a shape shifter. Concrete is an interesting word. It is a "mix of several elements which create another". Concrete the building material is a combination of sand gravel water and cement.

Vira.Kocha and many other names

The similarity of the ceremonies between those of Aztec/Inca Bolivia Meso America and Peru and those of Timbuktoo cannot be dismissed.

#### < PAIUTE

in the top most illustration, see the really tall head dress to the right That is how the 50+odd year periods are counted, by the number of these head dresses stored where they are hidden. Only one is made every orbit of Sirius B, which is fifty odd years (51 or 52)

Thus the length of millennia since the Dagon visited the Dogon can be estimated, not just roughly but exactly, should the Dogon ever allow anyone to count them.

The way that most "official" archaeologists are these days (in denial mostly), one cannot blame the Dogon for keeping their secret.

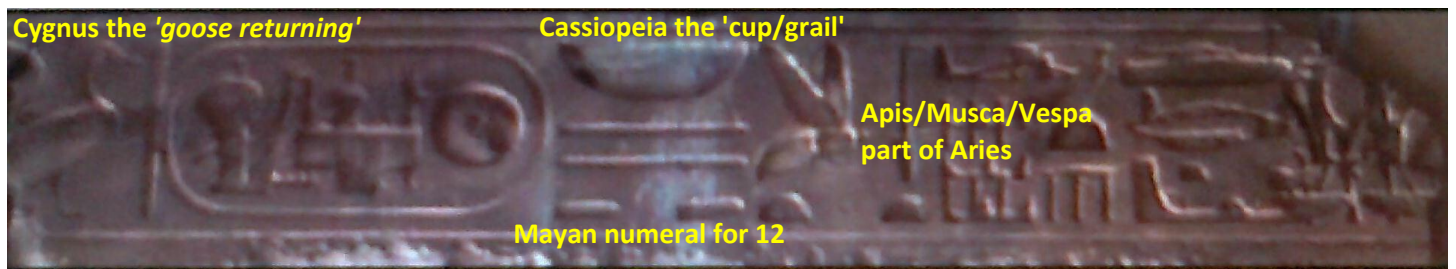

In the Lost Tablets of Enki there are lines which say:  
 "The Moon by itself life cannot sustain, only with Eagle masks is staying enabled!"  
 "His chariot on dry land descended, at the edge of extended marshes it landed.  
 He put on an Eagle's helmet he put on a Fish's suit".  
 "The brightness outside was blinding; the rays of the Sun were overpowering!  
 Into the chariot he returned, a mask for the eyes he donned".  
 "Ala.lu clapped his hands, a song of joy he was singing.  
 Without an Eagle's helmet, without a Fish's suit, to the ground himself he lowered. Another breath he took, then another and another; the air of Ki indeed compatible was!"

The creature at the top is exactly the one which "visited" Al. Crowley in April 10 1904, providing the Law of One, just not quite the law of Quantum physics which creates us all as one, but the law of the hive mind. which inheritance was "not his intention"

SO DOZING people RUMOUR STARTS MID-AUGUST, ADORN October ELEVEN

this is a reminder regarding the three quatrains which point at October 11 – “pentecost (50 days) from Leo rising”

Ground Zero with Clyde Lewis

This is what was seen today near I -205 in Gresham Oregon east of Portland

August 5 2014 add 42 days = September 17  
 nun/noon: is number 6, so saying 6 66  
 we could have said 666 as the number of the beast,  
 but that is not the case. So let's just say 6:66  
 however:  
 the difference between nun and vav/waw, vahv has a  
 tail below other letters – vahv has a value of 14, so  
 this could be saying 42 (3x14) or 6 weeks to go.  
 And I hate to say this - but it is exactly 6 weeks until  
 September 17 - the day for Yellowstone in the texts.  
 Reading from the right could be one of a combination.  
 Nun vav vav = 6 + 14 + 14 = 34 or 6 + 6 + 14 = 26  
 Amongst the three quatrains which resulted in  
 October eleven, one did say “pentecost from Leo” =  
 fifty days from Leo rising  
**3 77 2 L'an mil sept cens vingt et sept en Octobre**  
 SIMPLE VETTING CONVENTIONS  
 SPELT LION Leo MARBLE rising PENTECOST=  
 adding 50 days means October 10/11, = Yellowstone

LARGE SPACE GUARD ... ENDANGER DREADFUL QUARTERS UP well - this just blows me away! This is speaking of the subject  
Alex Collier stated: that the Anu (as we call them) approached the Andromeda Council for permission to return to Earth ostensibly  
to retrieve plant and equipment from their gold mining enterprises. As Sitchin wrote, they need the gold and other minerals to  
make the SAFEGUARD MANTLE which they constructed around their entire planet as a solar power and safety unit.  
"SAFEGUARDED ENDANGERED QUARTERS UP" As we have seen throughout these forums, factions of the Anu have other  
agendas, and one would wonder why the Andromeda Council has allowed them to approach Earth which the Anu see as their own  
private "zoo". It seems the Council is waiting for them to "mature" and to see the consequences of their actions

thus substantiating that saying "give an inch & they will take a mile". Alex Collier said that the Andromeda Council gave permission to the Anakim to "drop in" to remove their mining plant. That was the excuse the Anakim gave to be allowed to come to Earth during this pass over. This seems to be a test for the Anakim to see the error of their ways (slavery etc). Being **DUMPED** in **SUPREME WAYS** sounds onerous, for the Anakim, being prevented (for any reason) from coming to Earth to mine gold and the other minerals they need to to make space craft, **will be** onerous indeed.

6 17 3 *Those of Saturn burned by the millers,* (Mill wheel of precession)

The Saturnins are the Anu – burned by those who run the great millwheel of precession – the Andromeda Council. A correspondent who does have pertinent things to say (Marc DiGuiseppe) said to me the Council will get sick of the Anu never "growing up" with their constant service to self and lack of desire to improve their souls. Alex Collier said the Council had been approached by the Anu to return to Earth to "retrieve plant and machinery". They were given permission to do that – with, it seems according to many lines herein – this being their final chance to "behave" themselves saying they would be "burned up"!

What happens when a very young child's complete skeleton is found intact with an already-formed and perfect elongated skull? What can the explanation be for this strange anatomical feature? The cranial binding theory can be dismissed since the child didn't live long enough for the process to have an effect. So how did this child develop an elongated skull so early in life? This is one example that modern science chooses to avoid like the plague - because it has no answer.

"now think for a moment. (says Marc)

It requires us to involve our thoughts with the feckless machinations of the planetary ruling elite but it reveals something to us in regard to what we know from The Hidden Texts. Karl Rove first raised this issue in May of this year.

Karl Rove is an operative of the Bush/Rothschild/Royals Oligarchy.

Hillary Clinton is an operative of the Rockefeller/Ghan/AskheNazi Oligarchy.

I say the Ghan (*see 10 72 THE KING OF FEAR*) are involved here because they supported Obama by giving his campaign a couple of billion dollars a few weeks before his last election after the Europeans pulled their support. This was confirmed by Neil Keenan, who is an operative of the Ghan Oligarchy, way back in 2012. "

Marc DiGuiseppe

Uhhhhh...you're asking yourself: "Where does he get the idea that Rockefeller is associated with "The Ghan?"

Have a look here: <http://rockefeller100.org/exhibits/show/agriculture/china>

<http://www.awakeandarise.org/article/Borders.htm>

"Now, read carefully ... we know they're putzing around with stage gates. (*WHAT 7 73 REALLY SAYS*) They *think* they've "seen" the future. They're financing an incredibly expensive program of subterfuge intended to create events here and prevent events there so that they can orchestrate a victory.

But, The Hidden Texts make no mention of "The North American Union." I don't remember Al Bielek mentioning "The North American Union." Correct me if I'm wrong but John Titor doesn't mention a "North American Union."

Mother Shipton makes no mention of if I'm correct; neither does Da Vinci nor Dee. But they *do* say:

6 67 3 *Regi par vn issu non loing du peaultre*

U.N. ORGANISED SOUL-RENDING [made him A.I.] SPLINED PRODIGAL (recall he disappeared?)

VENTURA IS SIGNED PUPIL (who's pupil? answer) - ORIGIN of *ALL PURPOSE VENTURA*<sub>Jesse</sub>

GRINS SURROUNDING PIPELINE GOAL, U.N. SOILING POPULAR VENTURA

VENTURA DRIPPING GENEROUS ALLUSION.

Allows the "Oil Company" to achieve its intended goal ["PIPELINE"≡"Oil Company"≡STANDARD OIL≡Rockefeller] collaborating with the U.N. [there's "Rockefeller" again; it was the Rockefeller family who *built* the U.N.] and then **SOILING POPULAR** ≡Jesse "It "seems" to me that the controlling Oligarchs are looking at an "alternative timeline" when they're viewing the future using their *man-made* stage gate—a plethora of physical technology possessing components whose circuitry have so many "fuzzy tolerances" that it would be an inestimable task to predict the machine's accuracy to any degree. Linear time as it exists on the master timeline of a First, Second, or Third Density plane of existence is created by The One Infinite Creator—the Prime Creator, the All-Mind and so is implemented with some precision.

**QUITE SO – NOT A SINE LADDER**

Machines have physical electro-mechanical components consisting of millions of smaller components each of which possess tolerances that are "fuzzy." That is, they are not precise. An example would be a computer chip's miniscule transistor circuitry.

It might have a voltage output of 5 volts DC +(-) .5 volts. The operational boundaries of the circuit are therefore "fuzzy" so we never know "where" those electrons are from one moment to the next. Since the space time continuum is the *flow* of electrons, to be viewing it with a machine that is constantly operating at performance variances, who the hell would know for certain exactly "which" alternative timeline you were viewing—were you viewing the one that is 5 picoseconds from below the master timeline or 5 picoseconds from *above* the master timeline. The one thing that is for certain is that you won't be viewing the event flow of the future for the *master timeline*. That timeline is under the control of the Elohim and they're not going to allow anyone to mess with it.

So, what we have are constant scenarios that suggest to us our Oligarchs don't really know what they're doing.

They're "linear" thinkers and are not able to contemplate the "connectedness" of their reality in terms of a "circular" thought process even though, throughout our human history, we've been edified by the angelic forces to the notion of a "beginning" and an "end."

"So, our planetary ruling elite and their Marcabian blowhards are fiddling with a "possibility" and will *never* be allowed to view the event flow of the Master Timeline because that is managed by the thought power (Blank Slate Technology) of our Elders So, the reason the Elohim is so adamant about the ultimate destruction of the ruling elite—that it's because they're trying to manage their affairs based on **a fabrication** " Marc DG

A queer thing happened to the collator. In 2013 on reading the works of Steven and Evan Strong of N.S.W concerning their discoveries it occurred that as a ten year old, the collator had been and seen the things described by these authors. Without going into great detail it is enough to say that there was a need to step up and back up Steven Strong's assertions.

For one thing, he has the archaeological credentials, and for the other – I know what I saw and experienced there with my great uncle, who was at the time, a "bush ranger" for the Flora & Fauna Protection Society of the National Forests of New South Wales.

I personally touched... and wondered at the Egyptian hieroglyphs on the walls at Kariong in 1958. These were not the only anomalous things (out of place artifacts) that were visited by us, not the only place, but certainly beyond comprehension in those days.

One might say that these were foundations for the future, much like being dragged to the Town Hall to listen to the Sydney Symphony Orchestra every Sunday as a child – it stays with a person for the rest of one's life.

<sup>11</sup> This **Scythian force** of 6,000 arrived at Constantinople in the spring of 988.

<sup>110</sup> The Russians had long been friendly with the Byzantine emperors (cf. Cedrenus, 758, p. 551). Trade between them was cultivated and merchants travelled freely. The immediate cause of the war was said to be the death of some **Scythian nobleman** in a brawl at Constantinople. Vladimir, son of the ruler of Kiev, collected a force of some 100,000 men and despite the efforts of Constantine to avert war refused to accept compensation for this outrage.

From *The Cronographia* by Michael Psellus

In Newton's opinion the most reliable historical sources were 'the *Old Testament*, the *Chronological Canon of Ptolemy*, the books of *Tobit*, *Judith*, *Herodotus*, *Thucydides*, the *Annals of Tyre and Carthage* as given by Josephus, and what has been taken from the ancient monuments and records by Diodorus, Strabo, Pausanias, Josephus, & a few others down to the reign of Darius King of Persia'. Herodotus' Egyptian history of earlier times was less accurate because their archives had suffered much during the reign of the Ethiopians and Assyrians. Newton agreed with Josephus that the **Sesostris of Herodotus was Sesac**, [Shishak] and listed many variants of the name Sesostris in Greek form to show such a mistake was linguistically plausible. **That Sesostris was Thutmose III** finds indirect support from Homer, who tells us that Memnon (i.e. **Amenophis III father of Akhenaten**) was at Troy, which Newton dated some 70-90 yrs after the death of Solomon.

Newton was the first and only revisionist to use the precession of the zodiac signs for retrocalculating three early dates where the ancients had recorded the necessary information. One such instance was in the story of the Argonautic expedition. In the account of Jason and the Argonauts, a primitive globe was said to have been constructed upon which was marked the position of the ecliptic where it passed through specific parts of the signs of the Zodiac. Using 1689AD as a base, and his rate of precession of 72 yrs per degree, the primitive sphere could be placed 2627 years earlier – 939BCE. This was roughly 40-60 yrs after the death of Solomon in around 980, according to Ussher.

This was separate and independent evidence to support the same conclusion derived from genealogies, working back using more realistic reign lengths for the intervening kings.

A date for the battle of Troy was then fixed from the evidence of Herodotus, who said this was one generation after the voyage to Colchis, the land of the Golden Fleece. Hence the fall of Troy was dated to around 900 BC.

Revisionists in this group are those working on the basis that Thutmose III was Shishak (T3=S).

This was the basis of the revisions of Velikovsky and Courville, and the T3=S equation retains significant support among others.

**Tony Chavasse** has completed a revision based on T3=S, in part by preferring Josephus and Whiston's Biblical dates to those of Thiele. By dating Solomon to 1050-1010 his revised chronology retains Manetho's dynastic sequence, with overlaps in places, from D18 through to D26. He has then gone on to use this chronology to identify in detail a number of catastrophe cycles of 30yr and upward duration. These cycles point to another major event in the 'Typhon series', caused by impacts with extraterrestrial material, occurring again in 2011. He is now devoting much effort to creating an awareness of this, so steps may be taken to mitigate the effect of the pending impact.

In the "opaque" pages this appeared as 6 81 (in ISON) and in the forum The Law of One as well as quatrain 1576 UNDER OCTOBRE plus 1 42 the gold of Psellus (1555 publication) This is the very reason the "Pleiadian channeller" known as Barbara cannot be a true channeller. She stated in a lecture: "quantum mechanics, was only found about a hundred years ago by your scientists". If she was a real channeller, she would know such history as Michael Psellus the Younger who wrote in 1055 AD, repeat, 1055AD "The Cronographia" Book Three, ch.39 which topic is quantum physics.

Named by Nostradamus in 1 42 (the 'gold' of Nostradamus and Psellus) with 'gold' being on the surface of it an alchemy name for knowledge and underneath the surface the Egyptian ormus named in other forums, that is; white powder gold – the means by which travel into other dimensions is made possible - using quantum physics. SO that is Barbara, now Dolores, had she been a REAL channeller of Nostradamus, would also know these things, such as when asked by a person in the audience "what is the truth behind chemtrails?" the best answer she could give was "That is your reality" how evasive is that! Should one go to any of the hidden texts encompassing the subject of chemtrails one will learn, in just the same way I did, that chemtrails is an off world program extremely worrying to Nostradamus and the Elohim since the agenda is killing the biospheres. If Dolores was REALLY channelling the doctor - this would be almost THE FIRST SUBJECT he would have raised with her.

### LAMENT (PROPHECY) OF HERMES THE EGYPTIAN

“Do you not know, Asclepius, that Egypt is an image of heaven<sup>1</sup> or, to be more precise, that everything governed and moved in heaven came down to Egypt<sup>2</sup> and was *transferred* there? If truth were told, our land is the **temple** of the whole world.”

“And yet, since it befits the wise to know all things in advance, of this you must not remain ignorant: **a time will come when it will appear** that the Egyptians paid respect to divinity with faithful mind and painstaking reverence — to no purpose<sup>3</sup>. All their holy worship will be disappointed and perish without effect<sup>4</sup>, for divinity will return from heaven to earth, then Egypt will be abandoned. The land that was the seat of reverence will be *widowed by the powers* and left destitute of their presence. When foreigners occupy<sup>5</sup> the land and territory, not only will reverence fall into neglect but, even harder, a prohibition under penalty prescribed by (so-called) law will be enacted *against* reverence, fidelity and divine worship. Then this most holy land, seat of shrines and temples, will be filled completely with tombs and corpses.”

“O Egypt, Egypt, of your reverent deeds only stories will survive, and they will be incredible<sup>6</sup> to your children! Only words cut in stone will survive<sup>7</sup> to tell your faithful works, and the **Scythian** or Indian or some such neighbour<sup>8</sup> barbarian will dwell in Egypt.

For divinity goes back to heaven, and all the people will die, deserted, as Egypt will be widowed and deserted by god and human<sup>9</sup>.

I call to you, most holy river, and I tell your future: a torrent of blood will fill you to the banks, and they will burst over you; not only will blood<sup>10</sup> pollute your divine waters, it will also make them break out everywhere, and the number of the entombed will be much larger than the living. Whoever survives will be recognized as Egyptian only by his language; in his actions he will seem a foreigner<sup>11</sup>.”

Excerpt from the Hermetic treatise called *Asclepius*

(translation from the Latin by Professor Brian P. Copenhaver of the University of California, first published 1992)

<sup>1</sup> **that Egypt is an image of heaven:** seen from the sky the layout of Egypt on the Giza plateaux shows the constellations of Orion Cygnus Canopus and The Pleiades (Wayne Herschel, Phillip Coppens) or if not the Pleiades but "the hind leg of the cow", then Ursa Major.

**Is the temple of the whole world:** Giza is actually at the centre of the measured world

<sup>2</sup> **governed and moved in heaven came down to Egypt:** from heaven (the skies) “came down” to construct the pyramids, to provide power sources

<sup>3</sup> **to no purpose:** due to political leadership falling into the hands of a Muslim, and due to ancient technology being kept a thorough secret

<sup>4</sup> **disappointed and perish without effect:** all previous efforts of worship have been made in vain

**Left destitute of their presence:** Nostradamus states that Giza will be “cremated” by a “slayer ray” — “widowed” by radioactivity?

<sup>5</sup> **foreigners occupy:** “some such neighbour” see <sup>8</sup>

So called law — Sharia law

<sup>6</sup> **will be incredible:** the reverent deeds will seem like magic — due to the high technology used but kept secret by archaeologists

<sup>7</sup> **Only words cut in stone will survive:** this includes all warnings from the past to us here and now

<sup>8</sup> **some such neighbor** Since Scythia (Mongolia) and India are to the east, it is an eastern neighbour which is described. This refers to the Muslim

<sup>9</sup> **by god and human:** all divinity came from the heavens and returned, leaving the people undelivered in their ignorance & radioactive?

<sup>10</sup> **not only will blood pollute:** this is a reference to “polluted bloodlines” which is very important to those who consider themselves “elite”

<sup>11</sup> **in his actions he will seem a foreigner:** his actions (such as praying to Mecca), the terrorist acts made in order to earn ‘72’ virgins when they die — which is a reference to ‘Egypt will be widowed’

The date of the conversation between Hermes and Asclepius can be determined about two generations prior to Troy, since two sons of Asclepius were killed there. This could mean any of the generations of Troy as a city as there were several layers to Troy. Homer of Troy is said to have been a Pleiadian, and Hermes is said to be an Anu.

## [The Egyptian calendar](#)

The [ancient Egyptians](#) originally employed a calendar based upon the Moon, and, like many peoples throughout the world, they regulated their lunar calendar by means of the guidance of a sidereal calendar.

They used the seasonal appearance of the star [Sirius](#) (Sothis); this corresponded closely to the true solar year, being only 12 minutes shorter. Certain difficulties arose, however, because of the inherent incompatibility of lunar and solar years. To solve this problem the Egyptians invented a schematized civil year of 365 days divided into three seasons, **WHEN DID THEY DO THIS? THE EARTH DID NOT GET MOVED UNTIL 705 BC ACCORDING TO CHINESE RECORDS** each of which consisted of four months of 30 days each. To complete the year, five intercalary days were added at its end, so that the 12 months were equal to 360 days plus five extra days.

### **SAME AS THE MAYA DID – COINCIDENCE?**

This civil calendar was derived from the lunar calendar (using months) and the agricultural, or Nile, fluctuations (using seasons); it was, however, no longer directly connected to either and thus was not controlled by them. The civil calendar served government and administration, while the lunar calendar continued to regulate religious affairs and everyday life.

In time, the discrepancy between the civil calendar and the older lunar structure became obvious. Because the lunar calendar was controlled by the rising of Sirius, its months would correspond to the same season each year, while the civil calendar would move through the seasons because the civil year was about one-fourth day shorter than the solar year. Hence, every four years it would fall behind the solar year by one day, and after 1,460 years it would again agree with the luni-solar calendar. Such a period of time is called a [Sothic cycle](#).

Because of the discrepancy between these two calendars, the Egyptians established a second lunar calendar based upon the civil year and not, as the older one had been, upon the sighting of Sirius. It was schematic and artificial, and its purpose was to determine religious celebrations and duties. In order to keep it in general agreement with the civil year, a month was intercalated every time the first day of the lunar year came before the first day of the civil year; later, a 25-year cycle of intercalation was introduced.

The original lunar calendar, however, was not abandoned but was retained primarily for agriculture because of its agreement with the seasons. Thus, the ancient Egyptians operated with three calendars, each for a different purpose.

**ALSO EXPLAINS WHY THE SPHINX IS FEMALE**

The only unit of time that was larger than a year was the reign of a king. The usual custom of dating by reign was: "year 1, 2, 3 . . . , etc., of King So-and-So," and with each new king the counting reverted back to year One. King lists recorded consecutive rulers and the total years of their respective reigns. John D. Schmidt Colin Alistair Ronan

“There appears to be a complex, interconnected tangle of timelines which have been created in attempts to 'fix' this situation. As [Henry Deacon](#), who confirms Dan's testimony, explained to us personally, the essence of the timelines problem is that if one travels back in time to kill one's grandfather - the famous 'grandfather paradox' - one does *not* suddenly cease to exist in this timeframe. Instead, **the paradox is avoided by another, parallel timeline being created at the point of the grandfather's death.** There can be any number of such parallel timelines, and future timelines (**created by future beings traveling back in time to make changes**) exist only as potentials for us, and *not* as predetermined fixed realities. This is important metaphysically, as choice and free will are preserved at all times.”

And ... just *what* were the “Observers” *doing* in the FRINGE series? That’s right, going back in time to adjust the event flow to their advantage. Once again, our “elite” reach out to our minds through the medium of entertainment to telegraph a reality to us that, we must understand, cannot be the *only* one available to our “choice.” It is the one that *they* have chosen for themselves. As Catherine Austin Fitts has said:

“Someone has the Death Star.”

**TYPED AS TEMPLE** Here is a perfect example of direction for the collator or the decoder. The cipher/key word is 'temple' where ever it is seen in the quatrains.

The first one grabbed was 6 22 and when there on that page I noticed 6 10 also had that word – so just to see what happened they were both plucked out to be deciphered. That was when I realized that ALL the quatrains with the word 'temple' related to this hidden subject. Being so many, an entire forum (collection) has been commenced, but there are others which take priority since four times now the collator has been asked to publish "OANNES"

4 42 4 Les trahiront par or foyxante marc. Seront **EXHORTATION PARCS TO FORMERLY RESTART OANNES**  
and the "STAGE GATE-STARGATE" forums, both of which are really large needing at least four parts according to their MB size for posting on the web site. One can see why a simple "book" of all these texts would not be feasible. Having said that – a book will be commenced with the quatrains in number order, one page to each quatrain even though a line said the book cannot be made public in the near future due to natural events too large for electricity to continue in its present form.

*vault.ort* here is one of those hybrid words. Vault means a 'safe room' in this case a "jump room" or time gate.

Even the word "vault" means to "jump". If the word "tort" is in use, it means the one who causes this. Hermes - he with many other names, is said to have become involved with what we call the Celts of Ireland, who received four magic gifts from those who "came from the clouds out of heaven" said Tuan Mac Carell. (*T W Rolleston*).

They are :

The Stone of Scone, the Sword of Lugh of the Long Arm, the magic Spear of Finias and the Cauldron of Dagda.

Described by Wiki as a red stone – it sure looks white to me.

The "white stone of Scone" now situated under the current monarch's throne came from Celtic Falias, called *Lia Fail* or Stone of Destiny. The actual stone did from immemorial times exist at Tara and was sent thence to Scotland early in the sixth century for the crowning of Fergus the Great. An ancient prophecy told wherever the stone was, a Scotie monarch will reign. This is now called the Stone of Scone which never went back to Ireland, but was removed to England by Edward the First in 1297. It is now the Coronation Stone in Westminster Abbey. Nor has the old prophecy failed. Through the Stuarts and Fergus mac Erc, the British Royal family can be traced back to ancient Milesian Ireland. (*T W Rolleston*).

If the reader wants to do the decoding themselves, all they need is a broad vocabulary, an eye for spelling detail, such as 'i' can be 'j', 'u' can be 'v' 'f' can be 's' 'q' likewise 'k' and there is no 'w' so two 'u's are needed. The same with 's' and 'z'. Since ZEE is an alchemy key word for Cassiopeia, (Eloim) we can see the 'z' fairly frequently. One will find it surprising that Nostradamus actually uses a 'j' quite frequently – at a time when almost the only place a 'j' was seen was by the monks in the numbering system showing that a Roman numeral was correctly completed: for instance viiiij = number 9. Yet Nostradamus occasionally did use "j" since it is sometimes needed (or not) to gain the anagram. One will see thus, the word "justice" spelt as "iuftice" or *with* the 'j' as we know it. In one way, detail like this one proves that Nostradamus HAD gone to the future returning fully knowing that the English Language would be the world's staple.

Certain "decoders" over the centuries have actually gone through the quatrains "repairing" the spelling, which has been good in one way, had anyone anagrammed those altered lines they would have got no where fast, since the guidance would not have arrived. I did try to anagram some of these lines just to see what came through – mostly nonsensical gibberish (even using all the triple method).

One other requirement for the would-be decoder is a mnemonic memory and some medical back ground – this can be as far back as a previous incarnation and will be evidenced at a young age in this carnation,

One needs an "Anagram Genius" the best they can buy, the *Triple Method* to understand the "left over" letters, a full knowledge of Vinca Runic alphabet and the Sky Runes which tell us where the Off Worlders come from and also dates. A "left over" letter needs to be looked at several ways. Is it a *day* rune? Is it an Off World constellation? Is it a date? Is it a Celtic Tree Zodiac? Is it a musical note? Is it part of a name acronym such as U.N. where under other circumstance "U" means 'heavenly' (from Urania) and "N" is the sky rune for Erid.anus the river. Often the word 'river' means Erid.anus (a constellation which travels from the "footstool" of Orion to the headwaters of the uptipped urn of Aquarius) – those who built Eridu – "home away from home". These are those who have shape shifted into members of the U.N. and other world leaders – yet are themselves "managed by" those of Chertan in Leo – and *these* are the same which have fooled Steven Greer and whose agenda is Earth herself.

#### THE ALKHEMY LIST OF KEY WORDS

They had the collator find the Zodiac Decans, not just in English, but in ancient Babylonian and other languages finding the secret (occult) terms used by educated men by which means they could write to each other telling two stories. In the same way "God speaks twice" in the original Bible. Da Vinci did this, Newton, Voltaire was privy, Galileo, Copernicus all used the *same key words*. This was done to avoid being named by the Inquisition and others. A simple example being the word "sea". This means that area of the sky in which sit all the nautical named constellations, including the river of Erid.anus. Therefore the "red of the sea" is describing them.

The texts also pointed to a reading of the Mazzaroth/Misraim for guidance in these matters.

#### CELTIC ZODIAC & RUNES

Add to that studies of Celtic Zodiac & Celtic Lore. The reader needs to read all the books in the Bibliography (supplied BY the texts) gaining a deeper comprehension of quantum physics especially in the field of Astrology. An understanding that all CAPITALISED words are to be anagrammed separately (explains why some towns and proper names in the quatrains do NOT have capitalization), that punctuation marks of colons, semi-colons and full stops in the middle of a quatrain line mean *ditrochee* and that thesaural knowledge by simply looking at the French words in a quatrain line are the first principle. Plus a recognition of Latin words – especially when hybridized with a French word. Another subject used frequently within the texts is a deep understanding of horses, many clues have derived from that information. Now I know why I was born a horse lover and remained so, breeding them still, and why also, born with a talent for the written word, so became a copy holder. This is exactly what the Telling principle is based on – everyone using the talent they were born with.

The **chain reference method** is used frequently, such as ALE which is Celtic Brew date, (breuu) or Bass (fish) which is Celtic Salmon date. *Harp* (not HAARP) is *Lute* is Lyre is LyRan is RAN of the Eddur/Aettir. *Stomach* can be 'duodenum' (nefer in hieroglyphs) which is 'giant' which is Anakim. Then there is also the Runic dates, such as H/Hagaliz which is May. The twelve tribes of the desert also each has assigned a zodiac month, for example DAN is Scorpio and REUBAN is Taurus.

Numbers are almost what it is all about, but not generally *numerology* which one reader wrote me. Gematria, yes, and the Anakim are obsessive compulsively regarding the number 12 or its derivatives... this is why the extra five days added to our years in 705BC (say Chinese records) was considered "unlucky" by Quetzal.coatl (YHWH) yet five is a desirable number of the Cassiopeians. Could it be a simple matter of digits? Fingers and toe numbers? in the forum *NUMBERS SPEAKING TO THE LADY* had it meant 'numerology' it would have said so. That forum was about an understanding of the Eloim Alliance – and *how many* Off Worlders are dealing with Earth.

The proof was in the number totals, which came to 84 – exactly as those appear in the *QURAN QUARAN* published as an excerpt of *The Book of Other Worlders*. Also appearing in the manuscript *Monstre d'Abvs* as a line:

moyen gaigner quelque autorite fur MEANT REQUIRE UNEQUAL EIGHTY FOUR GO.

If the word "chain" appears, check first that it is not "Chani" the Elder – incarnation of Michael & Celtic Bran. Teaching one self the musical numbers for the days, plus their colours is also a requirement.

Last but *not the least* – an understanding that we are NOT alone in this universe, and that religions and the love of money were an *invention* with which to control populations. Therefore in many instances one needs to un-learn what one has been led to believe all throughout our lives – that can be the difficult part.
