

"VENTURA~CAMOUFLAGED"
from THE HIDDEN TEXTS of NOSTRADAMUS

This short forum (collection) of the texts from Nostradamus' quatrains regarding the Venturas of Jesse & Tyrel will be placed in *event* categories rather than numerical order. That way, one can see it is not mere coincidence. Just keep at the forefront of your mind that there are *three* Venturas here, Tyrel, the real Jesse, and the (rept.) *copy* of Jesse. David Icke also has a reptilian duplicate, as does Putin so it is really important to understand that there are good ones too. Later is a course of discovery through the video going the rounds in which it is simple to show that all three participants: the erzats [Alex Jones](#), the supposed [David Icke](#) and the shape shifted copy of [Jesse Ventura](#) all playing out a scenario of extremely dubious origin – one designed to cast aspersion on David Icke and create validation for [the copy] of Jesse. All the time many of us were asking "how is it David Icke can remain untouched and seemingly safe, when he has been very courageous regarding disclosing the shape shifters?" The only answer for the "empire" is to disparage and degrade him. If they were to do away with him – it would point to the validity of David's assertions. So instead, he has a doppelganger.

EZRA: "the 45th and the 46th president *will die in office*" ... Obama is the 44th
from "*I AM DARIUS*" R.R. GIROUX – A book of *DIS-INFORMATION*

This book of Giroux speaks of *warfare* and *reincarnations*. Consequently the God he speaks of is En.lil/YHWH and not the Loving and Creative En.ki-E.Yah ("on another ship")

It is exactly in the same manner that Giroux is Darius/Antony, that Celtic Bran is Michael & *becomes* Chani the Elder and En.ki~EA-E.Yah becomes a Ra with the Elohim alliances

Another reason *I AM DARIUS* is mis-information: stating 'lord' Marduk is Ra, when quite the opposite is the truth. Equate the following in the way of *earning* one's title: Ea = En.ki = E.Yah = Ra. The Pilgrim's Progress. It was E.Yah who gave the 10 Commandments to Moses, not YHWH/Ruach the 'chief pilot', lord of the airways/storms/smoke'

Noting a more recent line saying that this had been postponed to be recalculated ... This may also be the "Adrain" event.

Thus making Hillary the 45th president? Then who is left to become the 46th president ? - Jesse Ventura? At today's date, if the timelines are not altered from here (July 2014) – then the timing is quite good to fit the vision by Joe Brandt (1937) of a "big man" for president during the Fresno upheaval, in the first week of a December according to **HIDDEN IN PLAIN SIGHT**

Also, while watching a speech of Putin I noticed he *in this format* is a reptilian – one of the benevolent ones of the Elohim

Many of you are going to be thoroughly confused by this last advice from E.Yah, having watched the attack on David Icke by
 what we all are led to believe was Jesse Ventura. It just came to me that the PROOF that was not Jesse, but a clone or reptilian

 later versions). Recall how the real Jesse is ALWAYS SAYING HE CAN'T TRAVEL? The video was purported to be at Cleveland

The word "peurile" in the texts usually means the Vrill or the Reptilians. The word "quad" means the type of elongated rectangular craft they use, and/or those Others from the "Square" which means the Field an obsolete name for Pegasus. The Tall Whites of Tom Hall are from Markab in Pegasus. They are part of the shadow government.

The method of this "purge" may well be the reason you are being asked to move your bunker Mr Ventura.

The word "peurile" in the texts usually means the Vrill or the Reptilians. The word "quad" means the type of elongated rectangular craft they use, and/or those Others from the "Square" which means the Field an obsolete name for Pegasus. The Tall Whites of Tom Hall are from Markab in Pegasus. They are part of the shadow government.

The method of this "purge" may well be the reason you are being asked to move your bunker Mr Ventura.

Cock, [Puppis/Argo] dogs [Sirius] and cats [Dals] will be covered with blood, (a star wars scenario over our heads right now)

legs [Alkheny for from Pegasus] culprit, Marcabians of Phil Schneider who/which are the shadow government AND the Monstre D'Abvs - Mabus
Note it does not say he *did* die, just that he was not afraid to.

The word "tyrant" means "bully" here. The word "durant" (and this is one reason to refer to the very original quatrains) means "carrying on"
So here we have it – the real Jesse is where?, the bully-clone or "walk-in" 'carrys on'. To tie in the blood of the star wars on the hands of the bully is a reference to that bully *being part of the star wars scene!* In other words – a reptilian, just as Mr. Icke has been saying.

I did publish a long time ago that it cannot have been a coincidence that all three abducted sages were alive at the same time, one in the UK (Mother Shipton) one in Italy (Da Vinci) and one in France (Nostradamus) albeit – it IS true that Da Vinci came *before* Nostradamus, dying when the doctor was sixteen. Although at the time this was published, yes, I was unaware that there was even a cube craft. This speaks of the cubes seen at the sun which belong to the Cassiopeians and the Elohim. Making me wonder about the Islamic Kaaba cube. We need to keep in mind that we humans were placed here on Earth as *custodians* of the Living Library – this was the secret knowledge at the tree in Edin – and this even includes those of Islam. The reason for the division by religion has been named many times in these texts, being an invention of the Anakim in order to keep their zoo animals divided. Keeping them from knowing we are meant to be *custodians* of Edin (Earth) by which as a human race we have failed miserably. The Anakim would have it that they are the Watchers. This is not true – they are the *keepers* as in *zoo-keepers*. I would venture to say it is the likes of the Kaaba which is "watching".

Yes, I have had readers asking me "but aren't the Elohim dangerous to humans?" We have been relating them to the "devil". The answer as always is this: they care for the *Living Library*. Those humans who also care for mother Earth are the Elect, the meek "who will *inherit* the Earth"..... how to tell the difference between the 'Beni-Elohim' who supposedly came to Earth and married the fair women to breed half caste Nephilim? The catch is – it is the Anakim (who edited the bible) who came down and physically produced hybrid offspring, since the Elohim are the "super lunar nurseries" with *in vitro* breeding, albeit their method of egg and sperm collection might seem a little questionable. You will notice the Anakim seem to *follow* what the Elohim are doing.

This "immeasurable unmanageable" is lifting the radioactive oceans. The "mere delirium" part is yet to be understood...

A thought just came to me:

in the bible it says Lucifer and anything he represents, was locked away FOR A THOUSAND YEARS.

That 324 years which was removed from our calendar, and done so according to the texts by "the empire" which we all are being told is reptilian – they even say so themselves with the reptile emblazoned on the pope's shoulder epaulette.
