4 42 4 Les trahiront par or foyxante marc. Seront **EXHORTATION PARCS TO FORMERLY RESTART OANNES**

This is what I call an admonition, a rap over the knuckles for not working on the *OANNES* and leaving the task until
the last moment (apparently). In my own defence, I have found myself still learning about these enigmatic
personages. In some lines they have been known as the "metricians" and the "numerators" and such subtle hints as
"sine" ... the trick is to find out what the connection with them and the Anakim really is.

If you have been reading any of these forums, it is certain you have come across the word "ON", which is just one of
the many names they have become known by. Egypt was once upon a time also known as "On". Other names you
will see in passing are "Cecrops", "Merops" and Dagon. The latter having eight mentions in the bible, one of which
where a Dagon hero was nailed to the wall of a temple. This part has been removed from modern New International
Version bibles. No one is reading these surely...? There are far to manny deleted books to believe in this version.

Where it says above "**LONG ROWS of PAGES**" is not wrong. Over 40 percent of all of the Hidden Texts Template is
regarding what we call the Anakim (in the bible) and the Dagon. The trick has become discerning the difference.
The volume being so high I was thinking it would really require an entire book on the subject. There are two factions
of Oannes - Those of the Sirius system which are known by many names; Uan - Anu as well, and those very
negative types from Chertan in Leo (2 49) who also organise the chemtrails and to whom "Sirius belongs" 4 44 1.
SIRIUS IS HIS ... these are the **RED OANNES** behind the Vatican. The **GREEN Oannes** seems to mean E.Yah's Elohim faction.
One person who it seems has not realized with whom his contact has been is Jim Sparks. Just because this is the
forum titled *OANNES*, the *DAGON* - I will repeat a small portion which has already appeared in a separate forum,
mainly because it seems to me the illustrations are accurate. This excerpt will be in the "footnotes">Another is S.
Greer, who has unwitting contact with the negative red Oannes from Cherton with the "rod" craft.

Just one more "EVENT PROVEN TRUE" in these texts.

To those who do not know how the words "came about" – the template was done by Allan Webber- completed in 2008 &
 given to me by Allan in early 2009, probably because my name appears in full & there are 38 pages of instruction to me.

Maybe this is what 8 6 1 is about. People are destroying pyramids in South America – and I jokingly commented at one
 article that "they know not what they do" ...

D. Povaliyayev was handgliding over Kavgolov (Leningrad area) in the early 1990's. There are lakes, and in one of them the skydiver noticed three giant "fish". He descended, and was able to discern "swimmers" in silvery costumes. He mentioned the episode in his book Letuchi Gollandets (1995). There have been many UFO sightings in the area.

Here I want to add something that happened to me. Some years ago these lines told me to use olive leaf extract to ease my own breathing from a dose of pleurisy. Last week I bought my usual dozen bottles (lasts me a year) but on the label of these bottles I noticed additives. Turns out the Olive leaf oil company was bought out, and the new company is adding a preservative against 'molds and pathogens' – never mind that the olive leaf extract does that very job. The additives are sodium benzoate (E211) and potassium sulphate. From the very next day of my first dose of this product I began severe nose bleeds, then aching kidneys. Following some research it turns out that one must **not take** vitamins C and E while ingesting these 'preservatives', because the by product becomes benzene – a **known blood carcinogen causing leukaemia. Almost ALL soft drinks** use this "preservative" **in the presence of ascorbic acid** (read your labels and you will see, and this is vitamin C). One need only join these dots to see that this is an evil plan to alter the DNA of children since I know of no children who do not drink "soft" drinks. Indeed, I did once work for Dales

Soft Drinks in the accounts section – where I learned that there is not one drop of “real” sustenance of any kind in a bottle of “soft” drink, **all of which is a chemical bought from a chemical company**. The maximum percentage per w.w. is .1% of sodium benzoate and should be stated on the label – but I have yet to see that. The potassium sorbate (E202) has several problems one of which it alters its attributes if it reaches higher than 100 degrees F (39 degrees C) – so we will never have any idea if it has ever been subjected to these temperatures between factory and shop. Most people drink these drinks in the heat of summer - It then becomes a toxin to kidneys causing renal failure and in the presence of Vitamin C **becoming a mutagenic**, altering DNA. You can easily do your own research on these details. While you are doing your research, look into the effect of potassium sorbate combined with fluoride (in the water used to make “soft drinks”) Recall that line regarding “partial labelling and bulbs splattering”?

The other thing learned recently thanks to following up on Greer being influenced by Mabus underground: the subject of Phil Schneider.

With the strongest recommendation I suggest you all have a look by going to [YouTube: "PHIL SCHNEIDER"](#) and pick any of the videos about this very brave man. His last words on video were:

"The N.W.O. and alien invasion are one and the same thing".

Verner von Braun with his dying breath warned us all of an alien invasion – and everyone is looking up. The N.W.O. elites also have us all looking up – pointing the finger at an alien invasion from above.

We will all be looking the wrong direction

Thus begging the question regarding the two pillars shown in Masonic symbolism, yet three are shown in the "lost" book of Cesar de Notredame's vignettes to the right. The Arm is King Cepheus/King of kings (the constellation) on the right. On the left is the Prince (coronet) of Sirius and in the middle the lay person whose column is taller and 'stronger' than the others. The lay person represents the elect: "learners"

The trees are all dates: A Fir tree about to go into "tomorrow" (December 22/23).

Three Cypress Pines: July 26 to August 04 [January 25 to February 03](#), count the third day in = July 29 or January 28

My suspicion regarding the two pillars of the Ma.sons and the three here derives from that vignette with two veils.

The first veil, someone believes they have come to an understanding, but has anyone lifted the second veil?

The shadow behind a shadow [government]. The pillars could mean dimensions. Past present and future.

The word 'suffix' means it is not a 'lord' since they are the 'prefix'. Sem.Yase /Samjase could be a suffix. Most people seem to agree that this is a Plejaren title (co-pilot), so being a "fox" would mean it is one from Alcyone who have allied with the Orion Group. This would indicate an infiltration by the Oannes into Alcyone.

VEIL OF TIME Peter Farley

Paul Twitchell's work, *The Talons of Time* (<http://www.amazon.com/Talons-Time-Paul-Twitchell/dp/1570431477>)

attempts to explain some of its nature and how it is used against us, but again, sometimes it is tough to wrap one's mind around it. Best to think of it as a backdrop to our lives, one that is just one small part of the life-play we are creating, one that we can ignore altogether, manipulate to our own ends, or allow our Guidance to bend and enhance as it sees fit.

From Marc DiGuissepe:

"Remember our discussion of "time measurement?" ... that there were [are] *essentially* three different systems that humans use to measure linear time: The **Mythic/Shamanic System**, The **Religious System**, and The **Scientific System**.

The **"Scientific" System of Time** Measurement is, incredibly, the *least* accurate.

I don't know about Strong, but Hancock is always attempting to correlate events using the Scientific System of time measurement even though he's a proponent of Ayahuasca (pronounced "eye-hew-wa'-ska") — a psychedelic brew used by Peruvian natives.

Like Robert M. Schoch, they make assertions tenuously rooted in the scientific system of time measurement so that they won't get thrown out of a scientific conference (or one of their lectures) on their ear. It's human nature."

To "veil" something is to hide it or to lie by omission. This probably does represent a pope or is *seen* to be so – since he *seems* to be holding a special book (no cross on it) ... the four stars he wears are those of the 1) SA.AM, 6 5 3 (from behind Orion, we call them Anu), 2) Chertan (Rib) in Leo (shape shifters and "managers of all") 3) the Prince of Dark Men 4 27 from Sirius and the "dragon" or "*crocodill*" from Draco (see Centuries 11 & 12, the sixaines). The angel in colour means those we are allowed to know about. Yet it has no halo. The dark (hidden) angel speaks of those which have been hidden from us in every way possible by those who would not have us know. This angel has a halo/electron. These are the angels of the Elohim which hold the second veil It is hard to see, but there is a wine amphora on the right of the 'pope', this means in Virgo, but that directs us to the "virgin".

This pope of the empire is looking downwards – and it is this direction our real threat comes, as Phil Schhneider said -
 Mostly under the surface of the Earth.
 The red Oannes are behind the Vatican

Attempts to explain some of its nature were made by Nostradamus in his letter to his young son Cesar in that:

"So much so that persons of future times may be seen in present ones*, because God Almighty has wished to reveal them by means of images, ("image" is also his key word for "stars") together with various secrets of the future vouchsafed to orthodox astrology, as was the case in the past, so that a measure of power and divination passed through them, the *flame of the spirit* †1:1 inspiring them to pronounce upon inspiration both human and divine. God may bring into being divine works, which are absolute;

There is another level, that of angelic works; and a third way, that of the evildoers.

"Eschewing any fantastic imaginings, you may through good judgement have insight into the future if you keep to the specific names of places that accord with planetary configurations, [orbits] and with inspiration places and aspects yield up hidden properties, namely that power in whose presence the three times [past, present, future] are understood as *Eternity* whose unfolding contains them all.

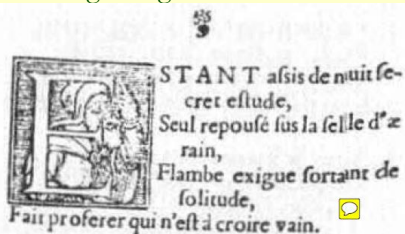

But after being surprised sometimes by day while in a trance, and having long fallen into the habit of agreeable nocturnal studies, I have composed books of prophecies, each containing one hundred astronomical quatrains, which I want to condense somewhat obscurely. The work comprises prophecies from today to the year 3797. "

Here at this point will be placed the interjection regarding another comment made in passing by Nostradamus regarding Centuries 11 and 12 and the remainder of Centuries 7, that "*after reading them*" he "*presented them to Vulcan*".^{fireplace} Thus indicating the veracity of all those lines pointing to the Centuries *being handed* to Nostradamus in their entirety. This explains why the first publication of Centuries 1 to Centuries 4:53 occurred almost exactly only fifty two weeks after Nostradamus gave Lord Tendé his report (March 10 1554) on the unidentified flying objects of the evening of February first 1554; witnessed by over a thousand people and lasting almost two hours. The most important point of all of this is that having copied by hand those quatrains – there is still no way possible that all these hidden texts could have been accomplished by a medieval man with a plume and ink pen, during a mini ice age when it has taken many years for computers to have arrived at the desired conclusion!

Personally I thoroughly dislike repetition in something I am reading, but the manner in which these collections of lines called *forums* are being published – piecemeal – calls upon a certain repetition rather than just pointing the reader at a particular forum and expecting them to find a reference.^{Vulcan is the fireplace: found hidden in the wall of the hearth. From the Preface to Cesar}

Speaking about the alternate time lines, one of which was altered after the fact which we already know about. That was the December 13 2012 asteroid by pass, but due again in 2016. The other is the timeline which the elite have been depending upon, the one that prompted them to build the deep underground bases and other things they have tried to pre-empt. **ISN'T** **EFF**, "F" is the sky rune for the Field aka Pegasus in which sits at the shoulder Markab–part of the shadow 'government' (Tom Hall's Tall Whites) or it means those from Scheat in the Leg of Pegasus (the same leg you can see throughout many hieroglyphs). Either way, it is neither of them at which the time lines have been changed, since Net is Reticuli, the Zeta45s who are behind the Nazi and 'work' for the Anakim Enlil/YHWH Vatican. In many vignettes one can see a net around the surplice of the 'pope' and this means the Zeta greys of the empire.

A Tudor historian named John Stowe recorded the following in the sixteenth century: 'In the reign of King John thunder and lightning killed many men and women, and children, burned cornfields, and fishes of strange shape, armed with helmets and shields, like armed men were caught, only they were much bigger...' Sott.net Sat, 16 Aug 2014 [4] John Keel: *The Complete Guide to Mysterious Beings*

Cassiopean

Joe: "Well, you know, you're aware of, in the Cassiopean Transcripts, that there's been mentioned over the years of, kind of, bleed-through, what they call bleed-through. That is always one to consider, but also we don't know very much about if something like that is happening, you know, happening spottily around the world, type of thing, that when it happens we don't know if there's any other effects other than seeing strange things. If it can in some way make people who are passive observers, or passively involved in it, feel a little strange and a little weird.

"There's another excerpt from the **Cassiopean transcripts** that I mentioned previously that ties into this.

It's from 1996, February 3, where a question is asked about the chupacabras, the 'goat sucker', this strange kind of a creature, fairly grotesque looking with spines along its back, and there's various different descriptions of it, and this is another example of the problem in terms of eyewitness reports of these things that it's subjective because it's being formed partly by the observer. Although this entity or being what they're seeing does have a reality in itself. I'll just read little bit of it.

"But, again, as we mentioned, this isn't happy territory in the sense of really looking at it. Back in 1994, in fact the very first Cassiopean transcript just offered this information where Laura asked:

Question: (L) Bob Lazar[5] referred to the fact that aliens supposedly refer to humans as containers. What does this mean? **Answer:** Storage for later use.

Q: (L) Use by for what? A: **94 per cent.**

Q: (L) 94 per cent of what? A: **Of all population.**

Q: (L) What do you mean? A: All are containers; 94 per cent will be used.

Q: Used for what? A: **Consumption.**

Q: You mean eaten? A: Total consumption.

Q: (L) What do you mean by consumption? Ingested? A: Consumed for ingredients.

Q: **Ingredients for what?** A: **New race. Important. 13 years about when happens.**

[saying this began in 2003, noting invasion of Iraq 2003]

Q: (L) Why are humans consumed? A: They are used for parts.

Q: (L) We don't understand. How can humans be used for parts?

A: Re-prototype. The vats exist. Missing persons often go there and especially missing children.

Q: (L) Do we have any protection? A: **Some.**

Q: (L) How can we protect ourselves and our children?

A: **Inform them. Don't hide the truth from children.**

Q: (L) How does truth protect us? A: **Awareness protects. Ignorance endangers.**

Q: (L) **Why tell children such horrible things?** A: They need to know. [...]

Q: (L) Are the aliens using our emotions and energies?

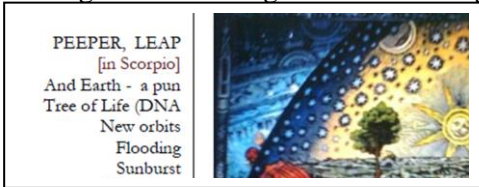

A: **Correct; and bodies too. Each earth year 10 percent more children are taken.**

Q: (L) Do they suffer? A: Some. [8]

A: **Bits of children's organs removed while wide awake** - kidneys crushed - **then next feet*** - next jaw examined on table - tongues cut off - bones stress tested - pressure placed on heart muscle until it burst.

Q: Why are you saying these awful things?! [9] A: Well, the answer was already given: **Awareness protects...**

Niall: ...Ignorance endangers. It's harrowing, but it makes sense. I mean, look what we do to get *foie gras*.
