forgotten at the moment, being blamed squarely on the elite here. Naturally there is no proof about the earth-
quake being created in order for the elite to warn Japan to stay out of their way. There is some evidence that Japan
was becoming involved with sending crude substance to Iran at the time. CHANI had also said that Japan was
secretly involved.

O sleeper. Or what is sleep? The sleep has similarity to the death. Or why do not you do this deed, then, that after death thou hast perfect likeness of living, (time travel) that make living with the sad death-like sleep?

Where is the **Ventura**, I saw related, he will put out the siege and fighting, and **whence**, from where it leaves you the pain and repentance. Many of them cloaked. A poor lamentation these men of the flight of time, (*elite who used time lines*) blaming too much speed for not being efficient in noticing the transit, but remember well of that nature has endowed us that everything is *long past there that seems to be present*. (This is all speaking of time travel)

Threats are *imminent* arms of (from) the sun. ECCL in a transport

One thing, that the more having need need be, the more you deny, and this is advice, *reluctantly listened to by those most in need*, that is, by the ignorant. You have excitement (beam me up?) something that the more fear and more the escape, the more you approach, and this is the misery, the more you make yourself miserable and flee without rest. All ambitious, you are not satisfied with the *benefit of life nor the beauty of the world*, is given for their penance that same disassembling, it lives, and that strolling (ambling through) the usefulness and beauty of the world. The order is the noble deed, the act is choosing to operate/acting servile

Blessed is the one possession that is visted from the *master's eye*. Love overcomes all things. for inspiration. This is proved, that those who never trusts will be deceived. I had enough to serve, obstinate rigor. Intended rigor. No *'who turns in a fixed star* is fixed. Every obstacle is destroyed by the volume of this rigor. About to be rich in a day is hanged in a year. Horace: God sells us all of them for the price of hard goods. Many events, most powerful of all Kings, of the most astounding sort are to transpire soon, but I neither could nor would fit them all into this epistle; but in order to comprehend certain horrible facts, a few must be set forth. So great is your grandeur and humanity before men, and your piety before the gods, that you alone seem worthy of the great title of the Most Christian King, and to whom the highest authority in all religion should be deferred.
