WAS LEONARDO AN INCARNATION OF EN.KI-E.YAH?

continues, Part two

We have seen from Part One of this 'forum' that there really are secrets contained within paintings from the old masters – messages and warnings to us, *IF* we can read them! To do so we need to be armed with at least some knowledge/gnosis of archaic terms, obsolete alchemy keys, which have been provided to us from within these hidden texts of Nostradamus! These were used to decode the "Riddles" of Da Vinci. See the forum *LEONARDO & NOSTRADAMUS*. The best example of hidden warnings within medieval art has been the macabre discovery which these texts told us to look for within the *Last Supper* – the "Euchariste" painted by Da Vinci, exposing the Christ principle as a falsehood, an invention 'given' to all of us as a means of dividing and controlling us. This has been re-iterated for us in 8:10:2. See the forum *DA VINCI ASKED TO MIRROR MADONNA*

We already know that the Cassiopeians with the assistance of the Elohim are the *Creators* of the Living Library. We also already know that Enki does love his ‘children’ – we have been told it was *he* who gave the Ten Commandments to Moses, a very loving thing to do, and that the tenets of Horus/Jesus/Yeshua contain the highest wisdom framed in the most loving manner...

vaillans – caused by the Anu. La = L.A. Gran/Pleiades/Alcyone for Anu

For several nights the earth will tremble:

In the spring (April/Beltane) **two efforts in succession:**

Corinth, Ephesus will swim in the two seas: *the tsunami of Malta* ['extinguished'], *Mt Fesulan and Isle de France* caused by meteorites and Etna.

All a result of the 'passing over' of the Nibiru system

War **stirred up** by two earning/meriting punishment.

The two villains would be the Rothschilds ('red shields') & the Rockefellers for their Anu/Oannes masters. Luit: Latin – suffer punishment. Vaille: merited & see the word Ans? ess.meut: attempting to move/create/stirring

Doctor Nostradamus - see footnotes for what the chemtrails are really for

- Now that we know who/what the 'mean art brute' is from the *Last Supper* painting by Da Vinci, the Lion creature wearing the baphomet icon. The 'ill bred' Arab refers to Allah.Lu. It simply cannot get any clearer than this. Those Leonine creatures
- from Chertan are involved with the Anakim Ala.lu/Lucifer and the Monsanto *et alia* agenda – "MANAGERS OF ALL" 6.59.3
- actually the wording in the texts is : **ABSOLUTE MANAGERS UP...** and see how Da Vinci has portrayed shape shifting ?

- a direct pointer to the erstwhile reason for chemtrails, that they are for 'protecting' Earth from 'global warming' when they are in fact *causing* the greenhouse effect. This was proven in the ensuing days following Sept. 11 2001 when all air craft were grounded. The temperature dropped four degrees in those days (Nexus Mag. May-2002) The reason no parliament will debate the issue is simple. In doing so the subject of all the other planets heating up will arise followed by the cause – the incoming Nibiru solar system perturbing them. The paradox is that the Earth is not heating up like Pluto did. Recently scientists announced that the Earth has an envelope, a shield, the "aegis" and these texts say it is the *core of the Earth* which is heating up. Those who have been « stealing helical casing » and displaying angels at the sun which are larger than Jupiter – have been *creating* the solar flares problems which assists the chemtrails agenda. A reminder for all of those readers who still think SaLuSa is a good channel from Sirius, that SaLuSa is part and parcel of this agenda (« Sirius is his » 4 44 1, that is – allied with this Lion)

Added to the *Nexus Magazine article about a secret "protective mechanism" against celestial « visitors » or meteorites in Siberia near Tunguska, and recently in Central Mexico area pyramids have been destroyed, plus the article about Russians witnessing the Oannes on the sea floor. Then there is the matter of the "Black Knight" & even the pyramids firing strange mysterious beams...

Other lines also have "Ran" as "UGLY RAN" (of the Aettir/Eddur) followed by "not to be influenced by looks".

This would be the Lyrans – those whose craft sit at the bottom of the Baltic, the same craft which "buzzed" the NASA installion of the space tethers (also called "space ties" which the Hidden Texts describe as "futile")

Medical - Sudden intense sharp pain

- **LUTE:** Lyre/Vega are those which become sick "testudines" & "terrapin" of 1 :1 :1, yes, the very first line, the Lyra 'greys' become ill in contact with Earth bacteria. One or two of their craft lay at the bottom of the Baltic – waiting? Are THEY the "FINE DEFENSIVE [SINE] FIXTURE'S EXECUTION" of 1 13 4? This could even be the Black Knight and explosion on Mars.

This portrait is supposed to be Nannar, the current king of the Anakim, said to be a "jolly fellow", at the least with a sense of humour – where other Anakim certainly do not
 The interesting and notable detail regarding this picture is that the eyes are so close together.
 During the aging process all parts of the face move, the ears become longer and the entire skull grows wider, becoming broader and this process continues while ever the person is alive. The Anakim are said to live for thousands of years, and do have regenerative 12 strand DNA.

[Gulf of Aden Underwater Stargate Has Been Activated: Militaries Nervously Waiting To See What Comes Through](#)

August 30 2011 YEMEN "The Oman Observer is now looking into even more interesting testimony coming from an anonymous source who works on a German naval vessel in the area. The Oman Observer is currently verifying the witness testimony. If the testimony is true then this could turn into one of the major stories of 2011.

Anonymous German sailor: "I have been out here for 8 months and its been rather boring up until last week. We are monitoring an underwater anomaly. It is too far down for divers to expect yet we have sent submersibles. The video they have sent back is mind blowing. It appears to be some sort of gate. A hollowed out cylindrical gate made of unknown stone and alloty. It has recently activated. It is putting off an extreme amount of EM energy and the power source is yet to be determined. What is even more amazing is that we are beginning to see some sort of vortex forming now and then. Each time the vortex seems more pronouced and last longer. We can only speculate. But this may be a stargate. Hopefully whoever is activating it are friends and not foes."

The "great ship" can mean the Earth, and it can mean Argo – of whom in the Mazzaroth are Hagg 2:7 Argo, (the Ark, the oar see 2 5) Soheil, the coming of the desired, (Mantids) with his people / Elohim Arcturus (in Bootes/Libra) or Canopus (the torch) leading pitfalls & waves can mean sonic waves, where the 'sea' is that area in the southern skies in which all the nautical constellations sit

Blood, land, plague, famine, fire extinguished by water.

great ship, the prow and rudder... ship, Great ship is one of two things. The Earth is the Barque, the great ship, so is Argo constellation and I think it is the latter which is meant, because Argo does have a Prow (albeit travelling in reverse) and a Rudder and it is Argo which is part of the second coming, coming to help, and this is the home of the Mantids, who are the prow (way forward) and rudder/guidance.
By this evil its life being renewed.

Da Vinci said:

OF BEATING THE BED TO REMAKE IT

“To such a pitch of ingratitude shall men come that that which shall give them lodging without any price shall be loaded with blows, in such a way that great parts of the inside of it shall be detached from their place, and shall be turned over and over within it. EARTH

Means: if Nostradamus wanted to say "point" he could have used the entire word "pointe" (scrutinize) and in usual manner of getting two meanings out of one word – he is saying also that death from conflict has arisen *as a result* of the portal/s! More recently this is becoming clear – that the March 20 2003 attack on Iraq was over gaining control of the "star gate" there. Since then the conflict in Afghanistan and in Iran (Persia) has all been about the exact same thing. Control over star gates. There is also a sea gate at Aden – which is a no-fly zone, a no shipping area.

The problem according to Nostradamus, is that these portals are currently open, when they should have been kept closed during the current geological turmoil while the Nibiru solar system passes over. Those from Other Worlds are using the star gates while they can – and Pandora's box is well and truly open! The last words in this quatrain are saying "to the [rising] cross (the planet of crossing, the planet of the Anu who wear the Pheon cross) great scorn"

All our planets are being disturbed by the passing of the Nibiru solar system; rendering stargate use very dangerous...

Prices here are high indeed but feel confident Mr. Putin will of course overcome and soon be in position to dictacte Ruble value. Clothing reach all time high at three times the normal cost! this hurts in winter. Today snow here in Kazan -2dg Celsius.. mild for now. Wife in Mink when go to shop. Footnotes

The reasons for the chemtrail agenda – noting the patents were obtained in 1985 and the first chemtrail was August 1986

Jill Larkin Helen, what do you say are the reasons for chemtrailing?

Helen Parks: This is an agenda of those from Leo, but the contractors are from Sirius: a very large number of reasons, real reasons that is. From the texts 1) defoliation 2) decrease oxygen 3) decrease sun light 4) keep it all warmer (reptilians like warmth) 5) a method of distribution of whatever they want which will make us thick in the brain yet alive enough to still be consumers 6) assists in the agenda to prevent the Elohim scout craft from entering the western hem, via HAARP 7) assists in the weather warfare agendas 8) assists in holograms and extra low frequency radio waves travelling parallel to the ground 9) assists in the low fertility and short life program 10) synergistic with genetically manipulated organism agendas to do with livestock and other animals and last but not least 12) destroys biospheres and soil. One last idea might be to prevent humans from looking up and seeing something
