## WAS LEONARDO AN INCARNATION OF EN.KI - E.YAH?

continues, Part four

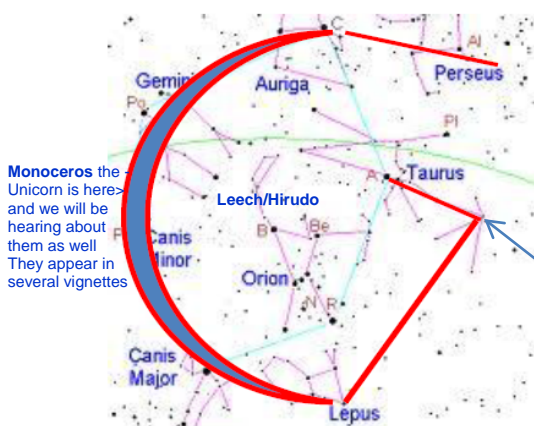

### SUMMARISING THE PREVIOUS LEONARDO forums of hidden texts provided by the Elohim to Nostradamus:

(who was their abductee and a time traveller in what he calls the "stage gate" visiting the collator seven times)

1. The Creative mind of Ea-En.ki was incarnated as several artists over the centuries, being the **main media** of the day.
2. Amongst these art works from various artists is hidden within many messages to us, we need only find them.
3. We have been told to 'AXE<sup>cut</sup> EUCHARISTS, MIRROR IMAGE, EXAMINE PERIPHERALS<sup>[joined]</sup>' in the case of Leonardo.
4. We have already seen in *IS, CAN BE, SEVEN CONDUITS (SOME USED)* that other artists such as Poisson used the key words or images from the **ALKHEMY LIST**, and there is no reason for Da Vinci to have not done the same, indeed, under a bridge in one painting is the number "72" which would represent the millwheel of the precession of the equinoxes, & we will note that this is six times twelve – the number bases for En.ki... a former Anakim. In the clay tablets of Enki the Anakim claim to have named the zoo.diacs as signposts – 12 of them (13 relates to the lunar).

Consequently: the results have shown us that Jesus in the *Last Supper* becomes a **Leonine**, wearing a Baphomet icon (and what does that tell us?). First we need to know the Alchemy list of key words, in which Leo Minor constellation was once Norma (R.o.m.a.n) and was once *The Carpenter*, becoming the **Set Square** before being named Leo Minor. The clue was in "Carpenter" since in real life, Jesus was a **stone mason** (discussed at length in former forums). Not forgetting that the **Set Square** is the icon for the Free Masons, whose great "G" forms the shape of the line travelled between the distant and negative peopled constellations surrounding Orion crowned by Leech/Hirudo:

Algol – Auriga - Canis Minor - Canis Major(Sirius) – Lepus – Alcyone - Aldebaran

The "heavenly G" aka the Winter Hexagon thus indicates an off world Freemason link

From ALGOL (the Ghoul) in Perseus to CAPPELLA (Cap. in 9 30) in Auriga to all surrounding Orion – the Orion Group

Canis Minor – near Monoceros/UNICORN to

Canis Major – SIRIUS to

Lepus the WOLF to

ALCYONE in the Pleiades

To ALDEBAREN in Taurus

all encompassing Orion under the LEECH see 45

and all "managed by" the Leonines of Leo MINOR

these are the same of the second coming in the Bible Tables Mazzaroth the Unholy Six

The first forum of **NOSTRADAMUS & LEONARDO** is the beginning of the unravelling of the "Riddles of Da Vinci" using the alchemye list, in which "CREATURES" feature along with warnings about them. These are the various creatures disguised in the forum "MIRROR MADONNA"... and we now know who/what they are from the recent forum 84 **EXTRA-TERRESTRIALS** meaning the "eighty four" other worlders which "must go" in the *MONSTRE D'ABVS* Excerpt. We have been told it is the Cassiopeian-Elohim alliance which gave us the Jesus souls and that this format is being "plagiarised"(stolen, copied) by the Leonine shapeshifters... this is what the two veils means.

So, we get taught one thing, (such as the Ten Commandments) and we follow a falsified edited lying copy which does not maintain these guidelines for a righteous life.

Nowhere did Jesus say we must form religions... Placing us into categories is a **militarial** format, a **regimented** mold of *hier.archy* and *mon.archy* – in essence, a reptilian arrangement, one from the warrior En.lil-Ruach-YHWH.

It is probably no coincidence that the pronunciation of 'eYah' and 'YHWH' are similar and easily confused.

A reader wrote and said "but it says in the bible that it was YHWH which gave the ten commandments to Moses". What is it about the word "edited" people do not get? Finding the truth is not hard – judge them by what they DO.

**Answer: ARCHON FOX UPSTAIRS AXIS OX AFAR**, so not the *date* of Fox. An alliance between Alcyone and Vulpecula

- meaning those from Vulpecula the Fox constellation, seen at Gobekli Tepi aka « The Shining Ones » and part of the Anakim/Aldebaran alliances it seems ... these live under Antarctica, and Shambahla on the sun-facing mountains and they have been called the robed ones, as has the Leptorrhin (from Cygnus) who are also under Tibet. I am taking the word 'afar' to imply Ox-but-not-Ox (Taurus, but not Taurus) ie : further than Taurus, which would be the Pleiades, but being the 'hideous fox in the U.N.' thus verifying the Alcyone -Vulpecula connection. Vulpecula and Lacerta at Gobekli Tepi can be seen in the Voynich Manuscript, which also shows the pheon cross of En.lil.
- The Ox in other lines means those from Aldebaran in Taurus, allied with the Anakim under Antarctica. These have been called « sexual rogues » in other lines, and were the link which gave James Casbolt aka Michael Prince credence. James Casbolt wrote "*MANNEQUIN A.I.*" in which he describes E.T., sexual atrocities and children.

Where did Ed Woods get the idea of "Plan Nine"/ It is *Treaty 9* which includes the "*trade in Men*" clause, and the walking dead which are what we call men in black...

The chemtrails are the “true acrimony”, by now it should be realised that the time traveller Nostradamus was truly concerned for Earth, & for Dolores Canon to say « *chemtrails are only your reality* » tells us what she was, once again confirming what Nostradamus said : “do not put your faith in channellers, any of them”. The same goes for SaLuSa and Barbara the so called Pleiades channeller (saying we had ‘only discovered quantum physics a hundred years ago’) when we know Michael Psellus the Younger spoke of it in 1055AD in 1:42:4.

This seems to be saying that when they copied patriotic Jesse Ventura they made an error in that his old attitudes of love for his country were not expelled, becoming ‘vexatious’ to the ruling elite, who thought they owned him. This explains those lines which say Ventura is the ‘American hero’ despite being a walk-in. The ‘Deuterium’ beings are those from Leo. where "all absorbing" could mean that everyone should learn one of two things: that Earth is a Living Library ...

and that the Draco & Leo are "absorbing all". The "trumpets" are those of Revelation

" To sort them out you just have to arrange them on the 21 point timeline of seven seals, seven trumpets, and seven bowls that Revelation provides. The bowls of God's wrath [happen at the end](#),

➤ [JORUM](#) [bowls/7 bowls] ENDED R /Draco ERA (9:45:1 here)

after the [Great Tribulation](#) and after the [rapture](#), so they and their **4th bowl** sevenfold hot sun are not a concern for faithful believers. With the seals, my research concluded that they are mostly past including "death" from war, famine, beasts and plagues that affect one quarter of the earth starting at the **4th seal**. The four horsemen spirits of the apocalypse are already riding and bringing the negative effects described as can be seen throughout history (1: deceptive religions in Christ's name, 2: ideologies taking peace from the earth, 3: an economic stranglehold on the masses by the rich, and 4: the increased deaths, respectively). The **5th seal** is unique among the 21 in being constrained to heaven (martyrs' souls under the altar waking up to ask how much longer until they are avenged and being told to go back to rest a little longer).

The **6th seal** is where the cosmic disturbances start with two eclipses and a great global earthquake. They continue with impacts at the **1st and 2nd trumpet**, and conclude at the **4th trumpet** with the "nuclear winter" which deep impacts would bring (from all the dust thrown into the atmosphere). I found this sequence confounding. Why does an earthquake happen before impacts do? How do you have a lunar and solar eclipse together? What is the cause and explanation of it all? **NIBIRU** For the first four seals and all the bowls, the explanation was readily apparent. God was directly sending angels to pour out the seven bowls on earth to judge and repay the wicked. The four horsemen are said to be spirits (no doubt evil ones sent by Satan) as they are not called God's angels but the bowl spirits and many other messengers and spirits appearing in Revelation are constantly identified as.

What was the cause of the 6th seal through 4th trumpet cosmic disturbances and catastrophes? A single comet or asteroid did not seem to explain it all. Especially when considering the cryptic 3rd trumpet that mentions a star named Wormwood being blamed for making one third of the fresh waters bitter for drinking but not through direct contact or collision.

What if this "Planet X" orbiting our sun was really a dim and hard to detect red or brown dwarf star? This would fulfill the star mention of the 3rd trumpet. [And] Wormwood as the cause behind the entire 6th seal through 4th trumpet cataclysm series... Nemesis' passage through the Öort cloud would turn the inner solar system into a shooting gallery. If one of the comets were to approach and pass or glance by earth, it could explain all the effects described by Revelation from the 6th seal through the 4th trumpet." Tim McHyde

- Collator's notation: trumpets were used to fell the walls of Jericho using *directed sonic energy & these* events are not necessarily on a linear time line, but may well be concurrent in some cases.
- "God's wrath" indicates one particular god who is always wrathful. Coincidental with the return of the Nibiru system that the plagues of Egypt & Thera/volcano will be repeated, that this is a cyclical event.
- No one seems clear regarding the details of Revelation, not even these hidden texts

however: this seems to be referring to Treaty 9 which has the 'trade in men' clause and matures in 2014. Problem is- we are not yet in 2014. **So this must be the "loop hole" in that treaty!** When it was first signed in 1933, with each having a nine year tenure – the ninth treaty matured in 2014. Yet each treaty is not contiguous, they must be re-negotiated every maturing period, **so we are not dependent on something stated in late 1933, (F.D.R.) nor early 1952 (Eisenhower) two** treaty terms after the first. **The 1996 or 2005** (tried to research which dates, but the Dr Dan Burisch files are removed. Just keep in mind he WAS fully named in these texts)

These numerous lines arriving at the moment speaking of repairing the calendar in which the man-snake Lucifer had three centuries removed, fraudulently bringing us forward by 324 years to shorten his own tenure in 'irons'. The False Messiah holograms can be prevented if someone is able to stand up and say:

"be gone, you lying marauder until your full true term is up"

but more urgently get the message to the sleep walking people ...

'this is not yet the time for false harvests'

this is only 1690 and we are not yet in 2014...

Therefore when Marduk arrived for Mandela's funeral 2013 – he knowingly had breached his own contract.

This is the three nights' warning – did you think the government was suddenly going to issue a belated warning? Da Vinci said we would "hardly feel it" and Nostradamus says it will bring in the "wood age", and release the age of Anno domini... According to the texts hidden by Nostradamus - all "four and a half" will be moved, not just the "one and a half" **WHY would "aliens" AIM asteroids at Earth when Earth is covered with pyramids constructed to prevent just that?**

See *WHAT THE PYRAMIDS ARE FOR* at [www.hiddentextsofnostradamus.com](http://www.hiddentextsofnostradamus.com)

Other Worlders DID however, AIM Ison with the intention of "rolling" the Earth off her current orbit because of our sun and what it is about to do, Da Vinci says "we would hardly feel it" in the following Riddle"

"O marvel of mankind! What frenzy has thus impelled you! You shall hold converse with animals of every species, and they with you in human language. You shall behold yourselves falling from great heights without suffering any injury; the torrents [orbits] will bear you with them as they mingle in their rapid course."

Not just the ONE AND A HALF of Earth and the Moon - but all FOUR AND A HALF

this is a statement made more than once in the texts hidden by Nostradamus (or whoever gave him the quatrains).

There are clues throughout the *ASTEROID-COMET-METEOR FORUMS* (at the former web site) which point to a celestial body being "aimed" ... here it uses the words "TAKE OUT THE TOWN" (11 #2 on later page) – IS THIS A SUGGESTION THAT IT IS L.A. ('FIRST TO GO' 11 51) which is the first to be affected by consequences of Ison/Nibiru? (Fresno)

**I NAME ERMINE (royal) ¶, RE: EA ("OUR" EA in 3 94 4)... IRE -IN MINE** fracking **ERA RE:NAME MEAN AN AMEER (Allah).**

The 'mine/fracking' era is the first part of the 21<sup>st</sup> century, and yes, there is a forum titled *ALLAH.LU & SATAN*. People do forget that Allah has 99 other names (to hide behind), that "satan" means "adversary" and that Marduk also has 50 names **MEAN** is a pun here.

Al Bielek said he was taken into the future, making several statements which do coincide with these texts. He did speak of people, children mainly, being taken by aliens to be eaten. He also stated that those in the future had "used technology" to prevent the poles from shifting. Throughout these lines of texts the word "flips" has been seen, and just as Isaiah also warned Earth will dance and "lie down" after she had "wobbled". This "lying down" (in Pisces of "fifteen") is a move of about five thousand nautical miles. Mother Shipton and Da Vinci speak of a sudden move – "in the blink of an eye".

An event like this will certainly cause "air" problems.

## “LEONARDO’S CLEAREST ASTER CODE” 6:3:4

“To see them because the stars are men acting like fast *qualunche* by whatever [name] animal. (Men = Orion Group)  
**Star An** employ many in-Office [U.N./president] to raise that thing, *that grows so much*, because they lever [raise it] and the more you work it, the more [it] recedes. *would this be chemtrails?* The truth lies *not in the order*, not worth the *simulation*, judgement ahead of time frustrated.” (Elite & false timelines)

### **SIMULATION, FALSE FLAG** (*italics are the collator’s*)

#### **OF FUNERAL RITES AND PROCESSIONS AND LIGHTS AND BELLS AND FOLLOWERS**

The greatest honours and ceremonies shall be paid to men without their knowledge.

All the astrologers will be castrated, that is the cockerels.

ALL ASTROLOGERS WHO HAVE THE HIDDEN KNOWLEDGE OF THE STARS WILL BE RENDERED SILENT BY WAY OF NON-PUBLISMENT... ALL THESE THINGS IN THESE PROPHECIES ARE A RESULT OF STELLAR EVENTS AND THEIR PRODUCT...MEANING BY THOSE THAT COME FROM THE STARS... COCKEREL IS THE ALCHEMY NAME FOR THE CONSTELLATION OF PUPPIS IN ARGO: the Mantids of the Living Library

#### **OF REAPERS** (the “mass abduction” events of Chani, and the *rapture*, “being caught up” of the bible)

There will be many who will be moving one against another, holding in their hands the sharp cutting iron. These will not do each other any hurt other than that caused by fatigue, for as one leans forward the other draws back an equal space; but woe to him who intervenes between them, for in the end he will be left cut in pieces.

A STAR WARS SCENARIO - DO NOT GET INVOLVED, ONE FACTION ARE CANNIBALS

#### **OF THE LANTERN** (the Sun)

The fierce horns of powerful bulls will protect the light used at night (the sun) from the impetuous fury of the winds.

THOSE FROM ERIDANUS (they have horns) WILL PROTECT THE STARS AND KEEP THEM (US) SAFE FROM THE SOLAR WINDS and see illustrations on a later page

#### **OF STARS ON SPURS** or is this “spurs on stars” meaning comets?

“By reason of the stars you will see men moving as swiftly as any swift animal.

#### **OF PRIESTS WHO BEAR THE HOST IN THEIR BODIES** which one is then the parasite?

“Then almost all the tabernacles where dwells the *Corpus Domini* will be plainly visible, walking about of themselves on the different roads of the world. And those *who feed the air* will turn night into day:-

And many creatures of the earth and of the water will mount up among the stars:-

You shall see the dead carrying the living in divers parts of the world:- time travellers are the living dead

From many the food shall be taken away out of their mouths:-

And those who have their mouths filled by the **hands** of others, (genetically manipulated food) shall have the food taken away out of their mouths:-

(“Hands” means those from Leo, the shape shifters, tremendous trouble makers, one example is the setting up of Michael Tellingner using a shape shifted Credo Mutwa to incriminate Tellingner, another is the little charade of the three arguing icons Alex Jones, David Icke and Jesse Ventura: all of them being reptilian shape shifters in that video. One will become aware by studying closely a public figure. Reptilians do not do wrinkles, cannot do ‘gravelly’ voices, have trouble keeping the bottom row of teeth in a human format, and sometimes do not blink at all, other times cannot seem to stop blinking)

“No, I’m not pulling a Dan Brown on you: Leonardo da Vinci really did write “prophecies,” found in the **Codex Atlanticus**. Many of these quotes seem more like axioms or observations, applicable to any time, although the ones printed here seem intended to be taken as forecasts of things to come. Each prophecy carries a poetic title. Quite a few of these prophecies are very trippy and weird, at least on first reading. The strange language becomes clearer as the reader starts to grasp Leonardo’s metaphorical argot.”

[cannonfire.blogspot.com/2009/11/prophecies-of-leonardo-da-vinci.html](http://cannonfire.blogspot.com/2009/11/prophecies-of-leonardo-da-vinci.html)

This web site, of course, **does not have the alkhemye key words.**

**About the little men** <sup>elite</sup> as they age become more greedy for, have got to be possessing the star, just to be relieved.

Seen in those who are judged, more scandal than judgment, <sup>(the elite)</sup> because he has less *need* of things, with more greed and looks for them besides [anyway].

This gives us an insight into how the medieval Italian worker thought of the rich people as “the little [hearted] men”, at the same time it is saying:

“about the greys” that is “because of the greys the elite become more and more greedy obsessing to reach and own the stars”

#### **The sow**

Then mostly of men, *who remain alive*, gypsy like excursioners smuggling supplies into holes plugged for their model homes [and] free <sup>[wild]</sup> birds and terrestrial animals, without caring for them in any part.

The sow: has several alkhemye meanings, but this line is speaking of preppers and their various ways of creating a home during catastrophe – all the while thinking only of themselves. In alkhemye the pig can mean ‘Aquarius’ Poseiden, Hyades (piglets)

The pig can mean the years 2019, 2031, 2043, Pig can mean ‘water’ where ‘sow’ would be ‘mother of water’.

also Feb 18 – Mar 17 (Pisces) Swine Apl 15 – May 12. The swine in the bible at Lev 11:7, Eze 1:9, 21, 17. Prov 27:22 Job 39:15

- In Aries, as Perseus. (Part of the Second Coming)

“According to Le Gentil, the Brahminical year begins at the sun’s entrance into Aries, and their names of the signs are nearly similar to ours, but the constellations differ. Dr. Hyde says that Perseus, Andromeda, and Cepheus, are Indian constellations, thus preserving the traditional prophecies of the Deliverer, the Church in affliction, and the Beloved, He who cometh and cometh again, the King.” <sup>(Cepheus)</sup>

Recall these texts spoke of water contending with fire... that is: tsunami over the likes of Yellowstone.

Ambitious learner, you are not satisfied with the benefit of life nor the beauty of the world, is given for their penance that same ruin it lives, and that perambulate (go about) the usefulness and beauty of the world. The order is noble deed, the act is operating servile. Buy something in your youth Restored by the loss in your old age. And if you mean old age has wisdom for its food, employed thus in his youth, to that old age will not lack for food. Patience is not against the ravages otherwise that little (not many people) face **clothes against the cold**, commanded, that you get many envelopes of clothes according to the build up of the cold, *it will do you no harm cold*, similarly to other great insults grow patience, they abuse you will not offend your mind. When I believe learning to live, and I will learn to die. Aristotle in the third Ethics:

"the man is worthy of praise and scorn only in those things which are in his power to do and not do. When Fortune allows, taking [an] impunity, Dinanti says because [it] is to the dire bald [ones] ... (greys)

It is like iron **gone rusty** without exercise, and the water and the cold putrefies *those herded*, so the 'genius without exercise fails. Bad **afterlife if you do**, and dazed worse resume it when you're not the good thou understand. Blessed is the one possession that **comprehends** from the master's eye. Love overcomes all things for proficiency. This is proved, that those *who never trusts will be deceived.* (Speaking once again of those in denial)

<p>Five <i>Termes</i>, there be, which five I doe apply          To all, that <i>was</i>, and <i>is</i>, and <i>shall be done</i>.          The <i>first</i>, and <i>last</i>, is that ETERNITIE,          Which, neither shall have <i>End</i>, nor, was <i>begunne</i>.          BEGINNING, is the <i>next</i>; which, is a space          (Or moment rather) scarce imaginarie,          Made, when the first <i>Materiall</i>, formed was;          And, then, forbidden, longer time, time tarry.          TIME entred, when, BEGINNING had an <i>Ending</i>,          And, is a <i>Progresse</i>, all the workes of <i>Nature</i>,          Within the circuit of it, comprehending,          Ev'n till the <i>period</i>, of the <i>Outward-creature</i>.          END, is the <i>fourth</i>, of those five <i>Termes</i> I meane;          (As briefe, as was <i>Beginning</i>) and, ordayned,          To set the last of <i>moments</i>, to that <i>Scaene</i>,          Which, on this Worlds wide <i>Stage</i>, is entertayned.          The <i>fifth</i>, we EVERLASTING, fitly, call;          For, though, it once <i>begunne</i>, yet shall it never          Admit, of any <i>future-end</i>, at all;          But, be extended onward, still, for ever.          The knowledge of these <i>Termes</i>, and of what <i>action</i>,          To each of them belongs, would set an end,          To many <b>Controversies</b>, and <b>Distractions</b>,          Which doe so many trouble, and offend.          TIME'S nature, by the <i>Fading-flowre</i>, appeares;          Which, is a <i>Type</i>, of Transitory things:          The <i>Circled-snake</i>, ETERNITIE declares;          Within whose <i>Round</i>, each fading Creature, springs.          Some <i>Riddles</i> more, to utter, I intended,          But, lo; a sudden stop, my words have ended.</p>	<p>EXPLANATION          Five ages... to which I speak of (the Mayan ages)  <b>the past the present and the future are the same*</b>          The past and the future are in eternity          (saying there is only the NOW)          The next beginning of the great cycle in space          hard to imagine          made so very long ago (around 26,000 years)          Tarrying too long in a time forbidden          Entered time when it shows that there is no difference in the          beginning nor the end          comprehending <i>all</i> the works of Nature (meaning science)          within this great cycle          Even until the age of the Other Worlder          END of the fourth age is when this happens          briefly – the final scene the same as the very first          World Wide stage – world wide web          The fifth (age) we [can] ably say REINCARNATED  <b>although after it is started, yet it as easily not have</b>          allowing that there may be any future time line          But for always can be carried forward (using time gate)          Knowing these actions and the Terms used          setting <i>each</i> of [the timelines] to an end  <b>Controversial and distracting</b> [to what is "known"]          The pedantic unlearned flat worlders offended          TIME by the aggregating (beam me up) appearance          Being <i>one way</i> of moving things! **Controversies Distractions:** directors [of] conservationists, as restrictions not divorces – that is; keeping the status quo & restricting oneself to what one is taught – not divorcing oneself from what one is *supposed to* know

"As to the extent and timing of the first pre-cataclysm, the [Russian scientists state](#),

"The first of these pre-cataclysms is imminent – **an extraordinary event which surpasses all natural powers** known by humanity. The scientists claim a **catastrophic seismic event will emanate from the west coast of Peru** in the area of the Brazilian Magnetic Anomaly at the intersection of the Humboldt and the El Nino currents in the Pacific Ocean. **An area of the United States from the Gulf of Mexico to the Great Lakes** will be inundated as a result of a tsunami. (E. Cayce said this too)

This catastrophe will have a devastating impact on the whole central and south Pacific region, **with the likelihood of mega-tsunamis hitting the Eastern seaboard of New Zealand and Australia. The tsunami may even affect the north-western coast of Africa and the shores of Western Europe**, but the brunt of the cataclysm will focus on **Eastern coast of North America. So, it is impossible to hide in bunkers** which are popular today and are sold in many countries **This is related with disconnecting of phone and Internet communications in the result of super-powerful disaster. The second and the third pre-cataclysms will be much stronger."**

**Mainstream media reporting of gas giant or brown dwarf outside Pluto** – Mainstream media (Russia) such as The [Independent](#) have been reporting the existence of a giant celestial body four times the size of Jupiter – perhaps a gas giant or brown dwarf star or planet – outside the solar system beyond Pluto.

"So, please, help as soon as possible spread this info as widely as you can.

This is due to the fact that the first pre-cataclysm **would destroy the system of communication – telephone and Internet**. Restore it will not be easy and we lose a lot of time.

It is very-very important to spread this info among countries which will be **strongly affected by the first pre-cataclysm. Among them are – north-western coast of Africa, the shores of Western Europe – the shores of England, France, Spain, and also [the shores of] Japan, Australia, New Zealand."**

(sea in the Alchemye List means that area of the constellations in which all the nautical named stars are including the headwaters of Erid.anus from Aquarius)

...and branches (including from Virgo, but branch also means DNA, and see all the meanings of the word BRANCH) and leaves caught up by the irresistible fury of the gale and scattered through the air, and with them many other things of light weight. The trees and shrubs should [would] be bent to the ground, as though showing their desire to follow the direction of the wind, with their branches twisted (mutated DNA or twisted in Virgo – the Earth?) out of their natural growth and their leaves tossed and inverted. (The leaves could mean the land on Earth, and inverted would then mean “made upside down”) Of the men [“men” is obs. for Aquarius, thus saying that Aquarius has fallen with Andromeda [garment] twisting around that area in the skies) who are there, some should have fallen and be lying wrapped round by their garments (meaning either garlanded/October but ‘garment’ in the Alchemye list is the stars of Andromeda) and almost indistinguishable (shapeshifters) on account of the dust,<sup>footnotes</sup> [placed before our eyes] and those who are left standing should be behind some tree with their arms thrown round it (arms means in Gemini and also means those from Cepheus which are part of the Second Coming, part of ARM.MAR.GID.DA) to prevent the wind [Ruach/En.lil from dragging them away; others should be crouching on the ground, their hands (hands plural means those from Leo) over their eyes (eyes means those from Orion) because of the dust<sup>footnote</sup>, their garments and hair ...

BRANCHES the mystery word capitalized in Century 1: quatrain 2

de Branches...from brancher the Verb...connect up, to plug in

The same problem arises here that Erika Cheetham had –... the entire word is in capitals .

Branch in the obsolete tables HAS SEVERAL INTENTIONS:

ATHENE the branch who gives

ATUM: (Gemini) – Mercury the Messenger

BOUGH: the infant Branch was Coma – thought to have been the Star of Bethlehem.

Is also ASTREA in Virgo Bough (and an asteroid)

BRANCH of Cepheus held in his ARMS

BRANCH: held by Cepheus the crowned king. This is Thurisaz the sky rune, meaning standing at the gateway

BRANCH: held by Boötes the guardian of the flock

BRANCH: of the whale’s tail in Cetus Constellation in the south:

(said by Nostradamus to be come the new North Pole constellation)

BRANCHES – the Seer under Didymus the grammarian

BRANCHUS: SEER by Apollo...to be used here I believe as SEE-ER in 1: 2

BRANCHES of D.N.A.

GRACIOUS BRANCH: Lambadia, Mercy. Libra the balance

PALM BRANCH: held by Hercules the hero

PROCYON: the branch, Redeemer be, then in Gemini

SERPHA the branch – He the Desired

VIRGO: the seed to be borne (carried) to fruition:

"A virgin shall bear a son called the branch, the gloriously beautiful, who shall come down and have dominion.

He shall be desired and longed for, but also he shall be despised and be a sin offering.

He shall be pierced, but will also pierce.

He is the heretofore and the hereafter.

He will come suddenly to rule, subdue, govern and tread under foot".

Mazzaroth/Mizraim – and see the SECOND COMING

Govern as a word means “control”

In this instance I was so taken with the details here that I forgot to get the link, if anyone knows where to find this again I would appreciate it –

The **crocodilian** is named “Messsseyah” (with a serpentine hiss) we have seen in Centuries 11 & 12 sixaines regarding the ‘*crocodil*’ and the reader will note the lion’s mane it wears. Are you able to see the image in the decal at the top of the haft? **It is a grey.**

**This is Anu.bis, weighing the heart and the feather.**

Once again the heart means the Lion and the feather means Aquila the Eagle. The “scales” of Libra (America is Libra) forms the cross of the Anu.

Anu.bis would need an entire forum of its own, but this one has a strange ‘lump’ at his right flank which I suspect means the Pile aka Alcyone of the Pleiades, and directly under that is the hair of the Lion’s tail which is the constellation Berenice – part of the Leo Minor/Chertan alliances. The lump could be a lion’s paw, but it can easily have been placed and rendered displaying claws if it was intended to be a paw

*The Babylonian Legends of Creation, by E. A. Wallis Budge*

In the Fifth Tablet of the Creation Series (l. 2) the Signs of the Zodiac are called *Lumashi* [12](#) , but unfortunately no list of their names is given in the context. Now these are supplied by the little tablet (No. 77,821) of the Persian Period of which a reproduction is here given. It has been referred to and discussed by various scholars, and its importance is very great. The transcript of the text, which is now published for the first time, will be acceptable to the students of the history of the Zodiac. Egyptian, Greek, Syriac and Arabic astrological and astronomical texts all associate with the Signs of the Zodiac twelve groups, each containing three stars, which are commonly known as the "Thirty-six Dekans." [13](#) The text of line 4 of the Fifth Tablet of the Creation Series proves that the Babylonians were acquainted with these groups of stars, for we read that Marduk "set up for the twelve "months of the year three stars apiece." In the List of Signs of the Zodiac here given, it will be seen that each Sign is associated with a particular month.

The accompanying illustration, which is reproduced from the Boundary Stone of Ritti-Marduk (Brit. Mus., No. 90,858), supplies much information about the symbols of the gods, and of the **Signs of the Zodiac** in the reign of Nebuchadnezzar I, King of Babylon, about 1120 B.C.. Thus in Register 1, we have the Star of Ishtar, the crescent of the Moon-god Sin, and the disk of Shamash the Sun-god. In Reg. 2 are three stands (?) surmounted by tiaras, which represent the gods Anu, Enlil (Bel) and Ea respectively. In Reg. 3 are three altars (?) or shrines (?) with a monster in Nos. 1 and 2. Over the first is the lance of Marduk, over the second the **mason's square of Nabū, (Norma/Leo Minor)** and over the third is the symbol of the goddess Ninkharsag, the Creatress. In Reg. 4 are a standard with an animal's head, a **sign of Ea; a two-headed snake** = the Twins (Cadeucis); an unknown symbol with a horse's head (any one of the four horse constellations Pegasus/Sagittarius/Centaur and Equulus the foal), and a bird (Cygnus/Goose or Grus/Crane or Cockerel in Puppis\*), representative of Shukamuna and Shumalia. In Reg. 5 are a seated figure of the goddess Gula and the Scorpion-man; and in Reg. 6 are forked lightning, symbol of Adad, (Tau Cetians) above a bull (Ninurta), the Tortoise, (LyRa) symbol of Ea, the Scorpion of the goddess Ishkhara, and the Lamp (Canopus) of Nusku, the Fire-god. Down the left-hand side is the serpent-god representing the constellation of Hydra (the female 'fleeing serpent').”

\*Archaeologists have titled the “bird” and the “bird man” when it is a Mantis from Argo/Oars/Puppis wearing his “human” helmet

[Click to enlarge](#)

Thus there has been 12 months in every year/orbit since Sumerian times. The orbit in those times was 360 days (becoming 365 in 705BC [Chinese documents]) A Dekan (decan) is ten days. The year was divided by these 36 decans. We now have (2015) a 377 day orbit. Noting that is an extra 12 days. This is why it is really important to NOT alter or “modernise” the constellation groupings, since they carry each with them much meaning.

The concern here for me is the line saying '*dampness surpassing all Anu's plundering*'  
 The reason? Because one of the former forms of the Anakim's "plundering" was Noah's flood!  
 The reason the Siriacs are happy is because they and many others have been in a form of bondage to the lucifer  
 'managers of all', the Leonine from Chertan in Leo Minor ("hip" of Leo) formerly Norma – Carpenter-Set Square  
 So, now, when you see the words "Jesus was a carpenter" you know what they really mean. Very clever, lucifer.  
 Not forgetting the Set Square which is the icon for Free-Masonry. In this way the Repto-Leonine had a two fork  
 hold on society, one via their Jesus imposter, and the other via business & corporate control. The third of their  
 arms of control was going to be our very souls. People forget the real Jesus never ever said we need to form our

They have yellow eyes with vertical pupils and very large, beaked noses. They are genetically engineered by the Ebens [cloned?] and were given to the U.S. Government for observation/examination/study by the Ebens.
- Both the Archquloid and J-ROD lived in two (2) of the 12-15 compartments marked “Visitor Containment.” Victor, it’s important to note here that J-ROD and the Archquloid creature were NOT one and the same and that the claims made by some that they were are just plain WRONG.
- The Archquloid escaped, NOT J-ROD.
- What we speculate is that because the Archquloid [Extraterrestrial Entity/ETE] had to live its primary existence in “The Clean Sphere” and could only spend a minimal amount of time in our atmosphere, that an OVER exposure to our atmosphere somehow affected its sanity and intellect. Furthermore, it caused the creature to become delusional, disoriented and lose its mental faculties for sound reasoning, analysis and judgment.
- This incident occurred in April 1983. The word “Archquloid” was coined by A51 [Area 51] scientists to classify each different alien race. We knew of five (5), all given to us by the Ebens. We developed other names for each race especially for the “Archquloid” who was the creature shot in the Gate 3 Incident.
- The Ebens cloned other races of aliens. As one of my other colleagues recently wrote and told you, it is really an incredibly complex story. But the Archquloid was a CLONED BIOLOGICAL ENTITY [CBE-1], created by the Ebens. It would take hundreds of hours and thousands of pages of written clarifications to explain it all neither of which I am prepared to do.
- The QUADLOIDS were also genetically created by the Ebens. The Quadloids were cloned from two (2) other species. So, as you can see, it really gets very complicated hence my reluctance to delve into it too deeply. Bill Ryan

RADAR FREQUENCY CHANGED TO NOT DISRUPT UFO NAVIGATION SYSTEMS.

"Al Bielek, physicist and Philadelphia Experiment survivor, said that for the Eisenhower treaty in 1954 with the aliens as part of non-interference, radar used had to change from 435 MHz as they said it knocks out their navigation systems, hence the crashes. This is apparently the frequency for the universe and is used to create time/space tunnels. Radar now goes from 8-10 GHz, ten times the frequency, to make no interference to spaceships. Al also said that Roosevelt had already met with 2 groups of aliens in 1933 during the depression and had elected to work with the blue Grays. They arranged to swap technology in exchange for allowing people to be abducted. He'd already met with Pleadians, but they wouldn't give him weapon technology so they went over to the Germans. Nikola Tesla is said to have developed anti-gravity technology early this century, and claims to have spoken daily with ETs. The world's most advanced mathematician Ramanujan says he was in contact with a "goddess" and also the physicist Walter Russell with a "cosmic messenger". *Fake Second Coming Part 1 TechnoRealities*

These illustrations answer one question I had, and at the same time CONFIRMS Z. Sitchin's work

My question was this: **Why did they not simply fly over the Hammered Belt.** In this case, the Öort Cloud, since the planets of Mars-Tiamat incident had not yet happened and we still had a planet between Earth and Mars at this time. Tiamat had formerly *been* the Earth, but split asunder forming the two separate planets. In their attempts to approach our early Earth, there was much discussion regarding Enki's decision to 'blast a path through the hammered belt using water and not nuclear power'. Enki was fully aware what damage nuclear (Weapons of Terror) would do not just to our solar system – but to other universes too. Indeed, Ala.Lu had already done this.

“The sages were aghast; with Weapons of Terror Alalu on Nibiru more havoc caused,  
With Weapons of Terror a path through the Bracelet he blasted!  
Once in its circuit Nibiru that region passes, calamities Alalu is amassing!

“Beyond, like a boundary, the Hammered Bracelet the Sun encircled;  
As a guardian of the heaven's forbidden region with havoc it protected  
Other children of the Sun, four in number, from intrusion the bracelet shielded.  
The atmospheres of the five greeters Enshar set out to study.  
EA: Let me in a chariot to Earth journey, a path through the Bracelet with water, not fire, I shall  
fashion. On Earth, from the waters let me the precious gold obtain; to Nibiru back it will be sent.”

Here is the answer although the Hammered Bracelet was and is still a *Belt*, its pathway is all encompassing!  
These models also explain why our sun still rises in the east (more or less) and yet the Milky Way (with its  
Southern Cross) moves.

One other detail I noticed: The great pyre-amid at Giza has its corners and 8 faces almost perfectly aligned to  
the cardinal points (when I say ‘almost’, the difference is about 5 centimetres).  
We have seen that the astronomical clock inside the ‘air shaft’ tells us the date of 9,200BC. Because our  
computers have all been reset at 2000 (Y2K) and are out by 324 years, this date would in reality be around  
9,500BC. This means that in the three shars of Nibiru between then and now there has not been an Earth shift  
of any kind. The promise made in Enki’s Clay Tablet 10 has been kept.

**When the electrical grid goes down, you are not going to be able to access the web site. My suggestion is  
that if you want to continue discoveries amongst the quatrains, to download and put on hard copy the:**

- a) “Triple Method”
- b) “Celtic Tree Zodiacs”
- c) “Alkhemye List of Key Words”
- d) “Celtic Clues Template”
- e) “Ciphers of Left Over Letters”
- f) LES PROPHEITIES the 1562 edition
- g) CENTURIES ORIGINALS the 1555 publication (only has Centuries One to 4:53, the most important ones

The Main problem will then be the Anagram Genius™ program. I bought the top of the line, but then it will need  
electricity to run, a generator-solar system would be good in general, and water run generators are now for sale.  
A good standby is Erika Cheetham’s “The Prophecies of Nostradamus” albeit minus the 1555 spelling.

Then, of course, one needs the French and the Latin. It is to the greater effect if one does NOT have the current  
French as a language, since all words used over time alter in their meaning in any language. When using the Anagram  
Genius™ one needs to be on the alert for Celtic words because many/most are the date.

No wonder “Hitler was hocused”!<sup>1</sup>

The number cipher required for adding to some numbers within the texts is 458.

There was an entire page of lines collated that when placed in one place told us how to find this key. It is the year  
that Jain first published his mathematical book on the number we call “zero” or “nought”. Then Nostradamus uses his  
own publication date as the diving board. For instance in 3 94, the first line refers to his publication date: 1555, and  
by adding 458 we get 2013, which is when much of the current works done by the collator really commenced.

The first few years (2006 – 2012) were spent without the triple method (which is not a tripod). This was the reason  
for cancelling the initial web site and starting a new one.

The word “tripod” is found only once, and it was used in the smokescreen which is titled “Epistle to king Henri II”.

The “year” numbers stated within are Century and quatrain numbers. In Letters #31 & #32 written in Latin, we see  
the only reference to the “triple method” and to “Parcs, who will take the mandate and run with it”. Describing this  
Parcs to be a female (inflamed womb reference\*) Sagittarian (which the collator is), “sister to the brother” in 5 36...  
“via feigned fantasy” and in 2 44 4 “Pronouncing the lady makes sense of the senseless”.

There are two quatrains which are pointers to the era we are currently living in. Obscure as they seem at first, the  
have meaning to only one person – the collator. In 2 7 “One born with two teeth in her gullet” (gorge: roof of the  
mouth) and in 3 42 “The child born with two teeth in her mouth” thus pairing these two quatrains. It took me some  
years to realize that *this person* has that problem, and those two teeth are still undescended in the roof of the mouth.

"Palestine's death" We all know that is happening during late 2014 and on... but did we all know that the "Tafur R" (the Oannes) aka Dagon have at least eight mentions in the bible, with their ORIGINAL TEMPLE under GIZA! These original temples were the place where time gates are kept.

 astronomer, who I googled in 2009 only to find she *was* studying astronomy in Florida and Virginia. Fiona Elven.
