EXPLORE THE PRESENCE IN THE CHRIST PROFILE PRETENCE, THE RECIPE IS IN THE PERSONNEL...

a reference to the *Last Supper*, of Da Vinci, in which *Nostradamus appears*, and the other disciples become Anakim when 'axing' and mirroring them ^{noting there are twelve of them} including the central Jesus figure, with 'recipe' meaning 'answer' or if you like: "that which you digest" not just 'ingest' but to "come to the understanding of"

CHIP RECIPIENTS: EXPLORE TELEPHONE INTERFERES, EXPLORE FRESH [new/different] TELEPHONES THE PENRE [SA.AM] PREFIXES [lords] ORBIT, HELLISH RECEPTION. EXPERIENCE THE TROPOSPHERE FELL IN. TO EXPLORE PRETENCE THAT THE LITHOSPHERE IS FINE. comment: 12 is an Anakim base number

These 'Leonardo' forums have the results of the "axe and mirror" work throughout them.

To reiterate lines 3:3:4 and 3:33:4 here on the left is Marduk and a very recent rock face sculpture of him in Europe...

and on the right a close up of a younger Nostradamus seated at the Last Supper. The clue between both of them (and Voltaire) is the pointing upwards – a case of 'follow the pointing finger' No *main stream media* needed
But do note the hovering silver 'flower'

TO TAMPER ART'S FORMULAE : EXAMINE FEARSOME MORAL FAUX PAS [MAP MURAL AREA, AXE*] -

*see lines regarding "AXE PERIPHERALS" of Eucharist. The texts have been saying that the Christ is an invention of those from Leo (which used to be called "Carpenter Constellation") when upon research discovering there were no trees left at the time of Yeshua, - we know that Jesus the man was a stone mason. The entire scam to have people believe in the Christ figure is a lure to entrap people into the false rapture – where they will lose their very souls for ever. This is NOT saying there was never a Jesus soul – the man Yeshua was real enough – we have seen that the Shroud of Turin is true ♂ for real. This false rapture will culminate in huge holograms and audio that will seem **very** real to the faithful.

Line 3 33 3 is the one with « I SPY PICA EASTER » with 'pica' meaning cannibalism.

FLU SAPS LESSIN; this is actually how line 3 33 4 commenced. The Lessins are Janet and Sasha Lessin of the web site *ENKI S PEAKS* and this is quite true, Janet is suffering flu-like symptoms which cannot be shaken. This is the 'chemtrails' nano bot flu which the 'governments' are telling doctors to treat as a flu, knowing all the time it is not. It is an autoimmune response, the one where the body is fighting its own responses. Chelating for heavy metals will help. There are more than one reason your 'government' has done this. Number one – they are not *your* 'government'. Number two : this generates great business for the 'medical' 'profession', which is run by Monsanto – a front for Off Worlders. Number three : it is part of Agenda 21 which was found in the quatrain about the black president (*Year Of The Horse Part Two*).

1 33 *Cefarees* SEE RACES FARCE FEE(cost). The rest of this quatrain is all about the negro president and leadership

The other *trappanned* as in brain surgery could also apply because a large round scar has been seen on the head of Obama

See how Nostradamus flanks the main figure with a mystery person with something on his forehead. That mysterious presence I believe it may be Ayse, Yah – or the real Yeshua with scars of the crown of thorns. The features do look like those in the *Shroud of Turin*. We can see a **horned Baphomet on the chest of Jesus**. The many *hands* is also alchemye for *Leo*, ♂ *Leo Minor* which was once named *Norma* ^{I notice google image has moved Norma = Roman} and *Carpenter*, the *Set Square* of the Free-masons.

There is a great deal to be seen in this version.

BOORISH C (Abvs) CREEPS PERSPIRE CAVES: PROPOSES 'ESCAPE CORE'S SO RICH VISCOSE LAVA' PHOBIA

... **NEPAL OPPRESSOR HEAP COPIES** we have seen that those from Alcyone (Heap/Pleiades) are the 'front men' for the Anakim/Nazi SS agenda who have recently gained possession of the base under Bucegi [Bu.chegg.i] which is not very far as the crow flies from Shambahla-Altai under which the base for those from Cygnus-Bireo has been for millennia, these being the real "Watchers". As soon as I heard of the first 8.8 quake I suspected it was the result of an underground 'star wars' battle between these two bases. These texts here seem to validate that idea.

... **PROPOSES 'ESCAPE CORE'S SO RICH VISCOSE'** these of Abvs, the Ophiuchans, the chalky tall white reptoid grayles with a gender have no fear for lava, but they are telling the shadow 'government' to fear it. I wonder why.

The 'shadow' government as we know are the 'elite' who have gone to great trouble to build underground bases, and as we have been told, will die there. This tells me that the grayles have a *dependancy* on the elite/military industrial complex, who are needed for the supply of stolen children! These grayles eat the missing children. Many have been seen on the news as being "removed from 'unsafe' family life" by 'the state'. Has any one forgotten the hundreds of Mexican children suddenly allowed over the border - minus their parents? Where have they gone?

Very sad that their parents did not understand the saying that "there is no such thing as a free lunch" (pardon the pun).

This is what the **DEVOUR HOAX HAVOC** means: **launched by the president when he opened the Mexican border**

THESE ARE ALL IN THE LIGHT, AT NOON I believe the central figure in green is E.YAH in human form see all the hands pointing and a giant "VEE" overhead, or even a ladder which means the stagegate~stargate. One window, and these are the sonic panels in question. Noting there are seven steps to the "ladder" the seven conduits. The image on the right reminds me of inside the great pyre-amid

ALL IN THE DARK Notice no "A" nor "V" in the ceiling [heavens] and see the mole on the right cheek of Judas next page. The wolf is Lupus, part of the Freemasons' big "G"

GLEAMING NOON (yes, all in the light) ON CHIMING GONG ANGEL. These 'lemon' and 'citrus fruit' cues seem to have provided dimensional clues.

This one can become quite giddy very quickly. The lemon is in the foreground with its two dividing leaves. There is a small creature at table level, and see the manuscript scrolled up under the table

The other [opposite] lemon view is above right and seems to be showing an opening portal above a creature.

I wonder if this is the view inside a cube...

The other hint that the twelve disciples and the Yeshua figure are not really of our world is the depiction of all the hands. Hands plural means those from Leo - this is what Nostradamus the time traveller in the Eucharist is pointing upwards at.

Additionally : in the pdf forum *IS, CAN BE, SEVEN CONDUITS, SOME USED* five of the seven different types of time gate visits were described, with a sixth which happened after that forum was published. The sixth was the silver flower. The ring lord event with my son in law sitting next to me on the lounge, which I commented that 'Nostradamus was much younger'. Since then I have calculated that Nostradamus could not have been any younger than 49, plus this visitor had a good tan, with well kept beard and hair. Da Vinci disappeared between his age of 24 to 26. Turns out that visit was Da Vinci ! A seventh type of 'conduit' visit would be absolute full body, which will never occur due to biogens in our air.

Now this is what is called a strong rap over the knuckles. The 'cheap shot' was not intended **at** Ms Cannon – but at the fact that these texts say that *channelling* cannot be trusted and here is just one example. The “coldish” quotation was made because the chance was there for Ms Cannon to truly publicly say what Nostradamus (who she claims she was in contact with) is extremely concerned about, the subject of chemtrails **'ACID CONQUEST PRODUCTIONS'** – but her answer was in my opinion a 'cheap shot' too, telling the man in the audience that “chemtrails was only his reality”. We can see something else cached within this line – that the « Ens » were involved in some way with providing some “answers” to Ms Cannon... and they are the ones from Erid.anus – certain Anu also behind the U.N... The words **PHONIEST HALO INADEQUACIES** are an admission backing up my concern, but the rap over **my** knuckles was for bringing Ayse & the Elohim into 'dishonour' – which is true. The other question still in my mind is this: what about Edgar Cayce, who coined the term 'channelling'? He certainly was in touch with someone on the other side! The same ones I suspect which influenced Da Vinci and Nostradamus – especially since the naming of years seems to be problematical (as it turns out). The answer seems to me to define the type of 'channeller' by their **mercenary demeanor** - where does money fit into the picture? For Cayce, Nostradamus and myself, no where, but for the likes of those who purport to be 'channelling' someone like Nostradamus and hauling in crowds who pay by the ticket and are expecting something of value for their investment – this detail is the clue. The subject of *naming a particular year* is a thorny one and I can only say this: pretend you have been plonked into a paddock in the future, having no clue When or Where you Are, or have been 'picked up' by a craft and taken upstairs for a while, then returned, what year are you in? Example Enoch was brought back to Earth & several generations of his family had been and gone, so how would we even guess what year that had been?

The Letter "W" or "UU" means in alchemye ¹ Cygnus – Lyra–Vega (the 'gods') ² "of from or by the gods" ³ Wunjo as a rune, & is a large "P" reversed and can be seen in hieroglyphs meaning 'of the gods' and also seen as a new chicken in hieroglyphs. The large "P" also means Peleus, the Seraphim from Cepheus, King of kings, hibernating in the Black Knight, one of the "two witnesses" the other being the Cassiopeians. The letter "Y" as a sky rune means Auriga and can also mean the Urn of Humanitarian Aquarius or e.Yah.

This one becomes interesting, not to mention breathtaking see the two holy graals hovering, these mean the *Cup of Cassiopeia* most likely in two dimensions (times) at the same moment... and difficult to see here, is a giant lizard between them in the portal not an unpleasant face, so it must be E.Yah-En.ki (c.&.p. and enlarge) Cassiopeia holds the last cards (where did we see that before) she does look perturbed, mouth open, staring at the answer with the two brained noetic entity in front of her flanked by the young and virile twins – Procyon (the happy ones) are looking on, reading the cards ready for action

ALCINOUS... mighty mind-**Universal Originator** **OSCULA...** *mouthes, says*

These, then, learned Berard, are the things that I have been able to glean from that good spirit, as from the [oracular] cave, according to the most profound judgment from the stars. Nostradamus placed the parenthesis on 'oracular'

Da Vinci's cave?

And for it, in truth, I had to await the **rising of Mars**, which appeared in the first hour after midnight, when the moon was in conjunction with the **Tail of the Dragon** ^{Draco} and the sun in fortunate conjunction with the **Tail of the Lion**, ^{Berenices} while Mercury was in *quadrature* with the **right shoulder of Orion**. For in every deliberation that touches on things great and exacting it is [only] pious to implore the aid of the **Gods**, ^{plural} since without it the human [*variety*] can achieve little. The word 'variety' was written by Nostradamus... my italics but his parenthesis

"It is to **meet** ^{my italics} **Xenophon** ^{430-354BC}, who followed calling Socrates in counsel as to whether he should imitate Cyrus after his departure from Athens.

The same as **il mieux doit être roy Breton ou Normand.** 9 7 4 If it was better a Breton king **be acquainted** Norman.

"For the rest, all those things that you desired to know you can easily obtain by detailed examination: **for the stars promise you the greatest things.** But in matters of occult philosophy, you shall not yet obtain your desires, for **Saturn in Cancer** stands most greatly in your way, and even opposes it all diametrically. But truly that recompense promises you (apart from the **boldness from the ring**, and apart from the good (indwelling spirit) safety from all terrors, and shall confer on you a life of good fortune for as long as it shall last.

Interjecting here regarding something which I noticed yesterday. My google chrome page has had my f b quick link for a few days showing a post I had placed regarding the "polyp" style grayle, (thin long neck and large head) the one titled 'Maitre' by some, but it is the one of Phil Schneider.

The following sentence is the one which drew my attention to the « cues » within Da Vinci's « Riddles »

❖ *che nella a sé sottoposta strada collocata erano.*

in English "Nell: that the direction/street/way/*lines* of her [Nell's/Cassiopeian] subjects/topics were placed/collated."

Da Vinci later questions that "*Nel does find these cues?*" Working on the *direction* from Nostradamus to use the hints *seen at first glance* in the other language - *in this case the word 'nel'* - and to "*by thesaural*" which came from the word *collocata* - *co-locate* - to find all of them, and of course, to collate them.

It is just as well I had those thirty eight pages of direction, which derived from the template of hidden texts Allan Webber had programmed - I would never have thought of all of this on my own! It was only this week (of May 10 2015) that I discovered one of the 'ring lord' visits was from Da Vinci (the visit of the handsome well trimmed one) and had not been Nostradamus "at a younger age" which is what I had assumed beforehand.

- **LEECH ALIENS** the Orion Group, Leech is the 'crown' over Orion, named in Centuries Eleven & Twelve. Chasing heinous TRADE sale : the 'trade in men' clause. exchanged for technology for the few, almost always designed to destroy and never designed to nurture.
- **'ACES' LUSH SENILE ELITE**. With 'aces' being a pun. Noting the word 'senile' which acuity is what the elite did *not* specify when they were chasing immortality. A SENILE immortality would be a living hell, for those around them.
- **ADVOCATED CRACK** ¶S **VACILLATES ERADICATE ELITE**. True, I realize now the vacillation was not aimed at the elite, but at the *damage the elect might suffer during the 'eradication'*. The intention after all, is not to throw the baby out with the bath water. My suspicion is that the 'elect' are more likely to be those new humans born of the hybrid breeding programs to improve the human ability to nurture the Living Library and we have seen the word 'meek' inclusive of this arrangement, since 'meek' means the righteous.
- **AHA** the first pharaoh - a key word for the president, who was cloned from a pharaoh's cells, being Amenhemhat, and *not* Akhenaten as some people are saying. Akhenaten had too many physical problems to be of use, albeit, Amenhemhat was his paternal relative a couple of generations divided. This entire bloodline, from HatShepSut to her son ThutMose III to his son Amenhemhat has been showing indications of alien intervention, (details later) with the 'terminal sire' being AkhenAten, whose very brain and its cells are different. I say 'terminal sire' because he had no reigning grand children, TutAnkhAten having no living children.

There are ten outside 'lobes' so this indicates the Elohim plus seven outside borders on the cube, again means the Elohim including that cubes belong to them too next detail is the five minutes, five being a base number for them all inside the number twelve of Enki-Ra At the top of the bottom left picture are two 'missing zodiacs' where the gap between each of the five is a week, so 8 weeks gone and on see the column of St John The Divine (N.Y.) where two of the zodiacs are not shown The dark blue pointers are event dates, one at the end of February, one at the end of April one at the beginning of July and the beginning of September and the beginning of November One of these will most likely be Yellowstone or another super volcano, and one may be an asteroid The last week in Scorpio is missing and the first in Aquarius too

The zodiacs on the left have Virgo upside down, Libra as a skeleton, a short Scorpio then no Sagittarius nor a Capricorn – just one Ophiuchus man-held serpent. These were images made by and caused by the elite from scenes via a looking glass time line ^(7 73 1)

ZEALOUS UTILIZES SLICK CAVES AUDIT ACE LULU ELITE TACTIC obviously Valiant Thor does not make any definition between the elite and ‘Lulu’ the unwashed masses.

The Central figure is the man who presented himself to American politicians as Valiant Thor.

This may have been Enlil himself, since he it is who is ‘Lord of the airways, storms [Thor] and sacrifice smoke, the Ruach and Chief Pilot etc’. His wisdom was gentle and beguiling, telling humans what they wanted to hear.

March 16 1957 he arrived in Virginia

He said he came from Venus : see 10 28 next page

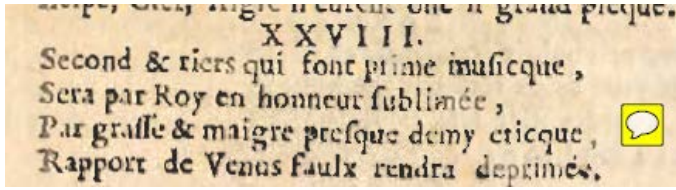

He could read their minds and commented that he had never seen such confusion as exists in the Pentagon.

We have seen information throughout these texts which have told us what happens to the « good guys » when they try to land their craft in the western hemisphere, and land a craft is exactly what Valiant Thor did. This alone tells us that he is not of the Elohim, whose scout craft have been shot from the skies since the nineteenth century.

"Most virtue ethics theories take their inspiration from Aristotle who declared that a virtuous person is someone who has ideal character traits. These traits derive from natural internal tendencies, but need to be nurtured; however, once established, they will become stable. For example, a virtuous person is someone who is kind across many situations over a lifetime because that is her character and not because she wants to maximize utility or gain favors or simply do her duty.

Dec 7, 2011 - Tainio has determined that the average frequency of the human body during the daytime is 62-68 Hz. A healthy body frequency is 62-72 Hz ...

" Energy is the core substance of everything in the universe. Without energy, there will be no life because life needs energy to fuel its existence. The energy that created our time matrix and universe has a unique ability that allows it to have infinite expression. This infinite expression is achieved through vibrational frequency."

The other crop circle looking the same which appeared in 1999

view of the Cassiopeians, the Elohm, since Nibiru is shown.
Compare the two central subjects in each of the different year
between the 1999 and the 2006 crop circles. The 2006 is the
"before" and the 1999 is the "after" with our ocean "lifted"
(see the pdf forum DA VINCI & NOSTRADAMUS)

The "before" shot. Nibiru solar system is passing giving us a "shove". The little dot could be the asteroid which shoves the radioactive ocean off – see Earth with only an atmosphere, minus the ocean. This is what Da Vinci said. There are two views of this event, as if two different "people" are telling the same story one on each "side" of the view See the next view, next page

the centre shows where Earth once was on the 365 day orbit
The blue circle is our moon moving away before we reach our final destination – the red circles are Earth.
The radioactive ocean has been left behind – a rather ingenious way to fix the foul up caused by greedy "government". The means and manner are explained in ANDROMEDA BOOTS UP THE PYRAMIDS

TWO DIFFERENT VIEWS ONE FROM EACH SIDE – from a space station and a mother ship? BUT IT IS EARTH BEING MOVED ~ THREE ORBITS OUT... the consistent theme

Drawing your attention away from Cassiopeia who also holds a compass set showing the [ca] 5,000 nautical mile distance Earth will rest at after the final turn - and Urania's Mirror/looking glass to study the globe.. with all the Che-Rubs... which represent Mother Nature [bared breast] of the Elohim (of the Living Library)

There is no candle at all on the desk - all illumination (gnowledge) comes *reflected* from above

The equator is vertical in the globe at rest on the floor, and this is what the plumb bob hint is featuring ... with the one on the floor showing "up the middle"

and much learning (the library in the background) being veiled or lost. This is the exact same theme in the Nostradamus forum "Hidden in Plain Sight".

Post Script

Just a last note regarding shape shifting and the use of it:

There are videos around which purport to interview people who have attended Reptilian "feasting" which include the monarchy of England. I do believe what the texts say about all our *leaders* having a 'walk-in' or reptilian front. It is my opinion that those "witnesses" being interviewed may be "plants" too.

Reptilians are not that stupid to leave such loose ends unless they *intended* to do so.

The subject here is the matter of a "witness" saying that Zacharia Sitchen was also seen at the "feasts".

What a clever plan to discredit Zitchen! Have him appear as a double agent. Whoever should believe that Sitchen was all along a reptilian, would then not believe anything he authored.

The forum **WHY THE HAMMERED BRACELET COULD NOT BE FLOWN OVER** has just been sent to the web site manager in which we see that Sitchen like all of us - was never educated to learn that our solar system is in a *vortex "follower"* format, with none of the planets in a level plane to each other. Pluto was the planet to give us the hint, since it is well known that its orbit is elliptical without a defining explanation.

Maybe that was the real reason Pluto was demoted, an attempt to place it out of our consciousness as a planet. Yet Nostradamus was well aware of Pluto, the planet not 'discovered' by main stream astronomers until 1930. This begs the question: why did Sitchin the author not question this asteroid "belt" detail?

He writes of Other World people capable of living thousands of years, capable of repairing their gigantesque planet behind a veil of golden mercuric arsenate, yet not capable of flying OVER the "Hammered Bracelet" asteroid belt? We are told in direct manner that Ala-Lu on his first sojourn had to resort to the 'weapon of terror' to blast his way through. Followed by the more mature Ea (not yet En.ki) who used water to do the same task. Necessary simply because there was no other route for ingress! The Hammered Bracelet is *all encompassing* of our solar system. Sitchin did not question this detail because *he did not know* to do so.

Therefore, he was the real Sitchin and not a reptilian walk-in... who **WOULD** have known this detail!

Helen Mead-Parks May - July 2015

as far as I know, no one has deciphered this crop circle, nor do I think I have, but it seems to me Nemesis & Nibiru with followers are featured, noting the proportions relating to our sun. Nemesis just under half the size, Nibiru about a third the size of Nemesis

after publishing the *HAMMERED BRACELET* forum, it suddenly came to me...

this crop circle is a stylised image of our solar system in its *vortex state* with the main planets as *followers*, *Earth being the 'seventh'* the counter clock-wise pointers being seven in number, which is an Elohim nomination, and the incoming solar system also appears counter-clockwise containing seven bodies there are also seven clockwise 'pointers' of travel the outside edges are seven and there are seven bodies in the little (distant) solar system sitting outside at each 'approach' edge which may be the same one

²1606 = 2064. The year 2065 (year of the Coq/rooster in the seventh decade being a Wormwood in the Hidden Texts)

Many calendarists did use the numeral "0" as a counted number, such as the Maya – being in their case; the "first".

Using the template of words from Allan Webber, the reference of 1606 provided:

erzats **DISCLOSURE FROM the UNITED NATIONS CHAIRMAN Mr Sino** (Sion/Ison?) June 25 2015

The Hidden Texts have been telling us this for many years that shape shifters are in the U.N. and that Erid.anus (the longest constellation) is the main source of these off world humans. *Eridanus Epsilon* being the "footstool" of Orion of the same Orion Group [Orion ME] which occasionally has its title on the bottom of Google Earth and party to the treaties commenced by F.D.R in 1933.

Interesting to note that the Jordan River is the same shape as Eridanus...

This comment will mean nothing to anyone not reading these texts, especially the *REAL FLOORPLAN OF GIZA* *Many ancient places are based on Runic Sky* ^{Allan Webber} *astronomical constellations* and these seem to represent boundary markers. For instance in ancient times, Algol was well known to the Egyptians – a star very difficult to see, yet those from Perseus/Algol currently seem relegated to South America with no sightings of the dog faced grey in Egypt in recent times.

Recall how the western hemisphere leaders were given not only an ultimatum by Putin to disclose the presence of Other Worlders, but also *by the Other Worlders*? The opportunity was there for the western hemisphere leaders to say it in the manner they may have thought best, but not quite in the manner which mister Mr Sino had done! He has succinctly named the three alliances of off worlders which are in the Three-way-star-wars both on and off Earth at the moment. The 'djinn' shape shifters the "angels" of the Elohim and those 'of evil' (d'evil) which are the ante christ reptilians and Dracos. It seems to me that this would have been the last manner in which the western leaders would have preferred to undertake full disclosure. Now they really do have some explaining to pronounce with the unlikely outcome being the truth about NASA and the other alphabet groups forced into the open.

Due to the new elliptical orbit of the Earth, at 377 days for a year, and working from Nov 22 2014 being the solstice, then February 22 2015 being the equinox and June 11/12 THE NEW JUNE SOLSTICE for 2015 – means the long run is 110 days, the short run is 93/94 days so add 110 days to June 12 takes us to the next equinox (after which the 'short run' of 93-94 days is added to get the new solstice for late 2015) New September equinox should be September 30 2015, if the orbit remains stable, add 93-94: days makes Jan 2-3 2016 for the next solstice what a long hot summer for Australia! As you can see – the former published new dates did not allow for the 'long runs' of the ellipses. This "base" has tunnels which go to the Benu Bird Caves at Giza. When the tail of Grus/Heron/Crane constellation is used as a layout - the tail goes to Becugi. Aka "Deneb" says Andrew Collins... who has changed the name of the caves to "The Cave of Bats". Maybe he discovered that a Goose (aka Cygnus) cannot be the layout of Giza when the constellation of Grus (Benu bird) is the one which fits the Giza layout from 150km up. There is an ancient city Oxyrhynchus (means Beak in the fish, bastardized to Beak of the fish) which is the beak of Grus not far from Al Faiyum. Problem for the yanks who have taken the base, is that they will now have to deal with the Leptorrhin who are based under Tibet (they are the REAL Watchers, of the Elohim for the Living Library)... the recent Nepal 8.8 quake (old scale) may well have something to do with all of this. <https://www.youtube.com/watch?v=gc3qJtTtTQ> Jun 15, 2014 - Uploaded by mfromcanada1

rooms, at a height of about 10-12 meters (33-39.5 feet), the shield ended where it touched the room's stone wall. In this wall there were three enormous tunnel holes: one located straight ahead, and the other two were symmetrical on both sides. They were lit by a diffuse light in a greenish tint. Both sides decided to prohibit the access to these tunnels and a protocol was signed between them.

XI. Tables For Giants
A series of huge stone tables were arranged along the right and left walls (five on each side), following the contour of the ceiling. The tables were about 2 meters in height (6.6 feet).

XII. A Great Discovery: Holographic DNA Combinations Between Extraterrestrial Species

Because of the great height of the tables, the scientists used special tripods to climb at a comfortable height. At a closer investigation they've observed a dark-glassy material covering the table tops. The material was divided into several large squares, bounded by straight lines, which formed some kind of a grid.

Helen Parks The "friendly" cubes did visit Russia Dec 26 2012 (video CUBES RUSSIA DEC 26 2012) but they were golden ones. There are NO craft which can approach amerika now without being shot out of the skies by Phil Schneider's grayles (which they have been doing since the late 1900s, so nothing to do with "radar"). The only craft safe to be there happen to belong to what people call "fallen angels" and those craft can shape shift. There is one video (in a pdf forum*) of a "walnut" changing into a jellyfish (which were painted at the crucifixion). By the way, the cross belongs to the Anakim^{of 112 + names}, and there are crop circles showing that pheon cross morphing into a cube. It was the Oanne Anakim which invented "feuding religions" to keep us all divided, say the hidden texts.

If one goes to the pdf forum ALA.LU & SATAN one will see that Lucifer is Allah-Lu, and along with the halal form of sacrifice, this explains much. Plus these texts tell us that eating meat makes one an « angry » person, and that also explains much in the world of Islam ! A recent experiment in a gaol feeding the inmates vegetarian meals brought the violence incidence down quite significantly.
