Nostradamus the Ring Lord time traveller with Seraphim gate keepers of the Elohim – the ‘fragrant ones’
 The Haoma of Zoro·aster above him. We saw that Zoro·aster was named in the forum *ONE SENT TO DIE UNIQUE OF ALL DEATHS* Those of you who can see they have four wings, and that we have recently learned four winged Lepsaria are “educating” the elite, or trying to, will be as puzzled as I am.

To paraphrase Mr Simpson: Doh! Forehead smack – ‘educating the elite’ = *teaching them a lesson*

See the orme goblet (holy graal-cup) the doctor is holding? That indicates the Cassiopeians. The questions raised here are: What do these Lepsaria have to do with the Elohim?? Are these the Seraphim of Cepheus orbiting in the Black Knight?? It will be interesting to see if we receive an answer, and if we do, it will be highlighted for you. (We did, they are)

From Leonardo Da Vinci's ‘Riddles’...

For the reader who has arrived late to these word-works, the codes for deciphering the quatrains of Nostradamus were provided by the use of anagrams, one hint at doing so being given to those who can ‘see’ what they are looking at, in quatrain 4:44 line three, where the second half of that line carries not one space between each word. This apparent editing or publishing ‘accident’ appeared only in the 1555 original publication :- on purpose. Nostradamus was alive at this time and was overseeing the proofreading very carefully. Once one begins using anagrams to unravel quatrain lines even though doing so into the English language, one receives directions and guidance how to continue unravelling ciphers. Any time traveller worth his salt would soon discover that the English language becomes world-wide in his future. The resulting guidance from these anagrammed lines tells us everything we need to know, and this was how Hitler was ‘hocused’ (as the texts tell us). If Allan Webber had not set out to *disprove* the anagram theory using a computer program he designed – we would not be seeing these words. Imagine his surprise when discovering there actually are messages within the resulting anagrammed lines!

The only problem then for decoders was having the correct and *original* twelve centuries of the written words. Allan had been aware of my pending ‘arrival’ to his web site, because my full name appears within his results. This was why he handed his entire work to me – since the collating of his computer ‘print-out’ still required the doing and the publishing. Allan had already spent up to nine years making the template of the computerized words, and that period of years has now been equalled by the collator & still with about seventy percent of the template to be turned into comprehensible & researched information. Allan is still working on the mathematics [gematria] disguised within the quatrains while the collator on a parallel level is still trying to present the Hidden Text quatrains. **It needs to be highlighted that there have been persons accusing me of stealing Allan's work.** Where would Allan's work be sitting right now should a [trained] collator not have arrived? One with the time to spare, the inclination, the tenacity, the background experience, (in analysis, proofreading and livestock management without which knowledge much would be lost in translating the scripts) the type of education and the dedication to continually perform until drawing one's last breath... and one who had asked a little prayer in April 1980 for ‘more complete comprehension’ of the quatrains! Can't complain about the answer to that little prayer.

o Does the reader understand that this work was kept divided for a reason?

Who knew these same *triple method* codes would also apply to the works of Leonardo Da Vinci? To Newton, to Copernicus, Voltaire & and all other alchemists whose very lives were in danger should the ‘authorities’ discover them communicating this way. Makes me wonder if something like the Ankythera machine was in use for this purpose.

Imagine my own surprise at making this *triple method* discovery, guided there by these texts! And not one ‘tripod’ in view. Here is an example of how Allan's template lines arrive to be collated, ten thousand of them not including the sixaines. They do not have their relevant quatrain lines with them and when the relevant lines *were* used they did not come from the original Centuries editions:

Furthermore: who would have thought it even remotely possible that information from both of these Medieval gentlemen would be parallel & identical, such as the Cobra/Putin information saying [the real] Putin has been ‘abducted’ and altered by the ‘Hero’ of those from Bireo/Cygnus, the same Leptorrhin which sometimes appear as gate keepers like those in the above wall relief and each source giving the exact same dates! Further to Allan's own 28 pages of *directions/guidance* from his template, the collator has an *extra* ten pages. I keep saying that Ursula Sothiel (Mother Shipton), Leonardo Da Vinci and Michel Nostradamus were all alive at the same time – separated by countries apart in the days of donkeys for paupers – yet sent us all the identical warnings. Da Vinci dying in the 15th year of the life of Nostradamus...

MOTHER SHIPTON: July 1488 -1561 aged 72

NOSTRADAMUS: December 14th 1503 -1566 62 July 1st/2nd founder dead standing up, really died September 19 2011

So what was so special about this period in the advent of early modern humanity that several people were all coincidentally set the same task? We seem to be living through very similar sun cycle conditions, since this particular medieval period was experiencing first the "Little Ice Age" followed quickly by a "Maunder Minimum" the latter ending the very times of Napoleon's empire failing to take Russia. Keeping in mind all those medieval ufo sky battle paintings, and the ufo flap of February 1 1554, in which among over a thousand witnesses, Nostradamus was one. Jacques Vallee *Wonders In The Sky*

Since the comments at the moment regard 'coincidences' it is a good time and place to mention the other coincidence of the name of Parcs which appears in the Private Correspondence of Nostradamus. Anton Parcs (Fr) Simon Parkes (UK) Jim Sparks of the U.S. and Helen Mead-Parks (Australia) – all enjoying the task handed them by the very same source, albeit unwittingly.

Just as 6 : 100 tells us to 'stay away from fools in the media' – those of whom not one had thought to find the original Centuries. These, say the texts, are now the 'envious and jealous' ones, apart from Enlil himself. What are they so concerned about? Not one of them diverts from the 'brass tripod' nor discusses time travel, not even Allan Webber. 5 98 1 A quarante huit degre climaterique at forty eight degrees latitude (Celtic 'q' is also 'k')

In loco agresti statuas **†:Cassiopeian: SAGE Nostradamus IN LOCUS AT ARTIST'S Da Vinci's LEO ICON in the Last Supper**

One would think that a portrait by Da Vinci would be true to life, when also in the early 1600's that a portrait by Cesar de Notredame (born 1553-1629) would also be realistic (or copied from one).

The Last Supper was completed 1498, five years before Nostradamus was born. Da Vinci was 46 at the time. This comparison here astonishes me.

The same hair do, the same eyebrows and eyelids, the same nose and the same mouth – the same beard, and even the same bags under the eyes.

The image on the left taken from the Last Supper shows Nostradamus with the time traveller 'flower' hovering. There is over one hundred years between each image.

A big thank you to Gina Utz for alerting me to the question of the man on the right hand side of the Jesus in the Eucharist of the Last Supper

the illustration of Nostradamus is reversed here in order to gain a better comparison

“I pray therefore, Monsignor, that you may deign to receive this my Apology or defence against the calumniators and the mischief-makers, who are quick to blame and to speak ill of me and say that “such pronouncements come from a familiar demon” (if God wills, Who alone can divert it or prevent it) -- a demon (they say) which has thus far been in my service. Mother Shipton was accused of the same thing, this 'demon' probably being the J-Rod assistant who he named UWilliam52.

Which is a thing assuredly as alien to the truth as they themselves are for certain far from reason or good judgement, having their minds deranged by envy and ignorance”.

From Salon-de-Crau in Provence, 15th June 1566. (Two weeks prior to his death). ‘Letter To the most illustrious Nobleman, the Lord de Birague, Privy Councillor to the King of France, Governor and Lieutenant General for His Majesty in the Lyonnais and Beaujolais in the absence of the Lord Prince and Duke of Nemours, Michel Nostradamus.

Peering through the cosmic sphere - illustration from 'L'atmosphère: météorologie populaire', Paris 1888, by Camille Flammarion.

There are many flood warnings, but the column of St John The Divine and this image depict it If we knew what tree this is, we would have a date from the Celtic Tree zodiac punished by the flood. yet this image is deceptive

This nineteenth century Renaissance woodcut is called *Empedocles Breaks through the Crystal Spheres*. Camille Flammarion woodcut engraving, Paris 1888. The Flammarion engraving is a wood engraving by an unknown artist, so named because its first documented appearance is in Camille Flammarion's 1888 book *L'atmosphère: météorologie populaire* <http://earthsky.org/space/stellar-luminosity-the-true-brightness-of-stars>

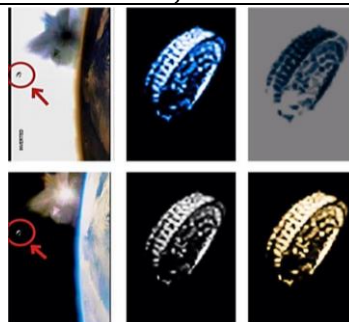

There are hand painted versions of this woodcut showing the vast background as a great flood when in fact it is a landscape and the colouring is entirely of the inclination of each version since woodcuts are not in colour. Whatever interpretation anyone wants to place on it, none can ignore the contraption in the top left hand corner which will be familiar to those who have watched the movie CONTACT with Jodie Foster. To me this picture does illustrate parallel universes AND time travel. The heavens here seem to be representing an ice age or just the coldness of Earth being further out than she currently is since those planets seem to be gas giants in the outer orbits, and the inner orbit shows our moon looking in the opposite direction, indicating in Opposition, that is, on the opposite side of our shared orbit. Our sun not only has a halo but enlarged rays and none of the stars can be recognised as any constellation we currently have. So, where did the engraver come by this information?

The picture even shows the “fluff” described by Da Vinci of our [radioactive] oceans thrown into outer space—or it could even be chemtrails with that “fluff” depicted further out behind the new “sun” which is described in the hidden texts.

Therefore the summary seems to be quite the opposite of a great flood...

This illustration here shows a discovery October 3 2013 of just one of the many space objects surrounding the Earth..

As is often said the most important points hide in the detail. For example: in the book *"I Darius"* the author speaks of the soul entities with which he rubs shoulders. He puts people like the Clintons on a pedestal, maintained by Parvechal and a shape shifting female 'god'. Why would he do that when there are well over a hundred mysterious deaths surrounding people like the Clintons. Deaths of journalists and whistleblowers. Either directly or indirectly, these people died in mysterious ways connected to WHAT THEY KNEW

We now know that the Incubus and Succubus* are part of the hybrid breeding program of the Elohim alliances, and that the victims of those episodes although never actually hurt, always described things in a negative light, (probably to protect the thought of adultery) is it the same with the witness for the woodcut on the right?
 Did this artist feel that the depiction should be a dark one?
 Did they perceive the visitor to be a demon with wings because that was what was expected of them?
 The three women in no way seem too concerned about its devilish horns wings and tail. Had this been a real Wyvern (Draco) I imagine the women would have sprouted extra legs to remove themselves from this scene forthwith.

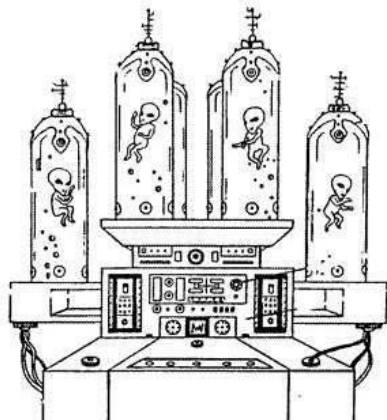

Little has been said about Ursula [Mother] Shipton in these texts – even though her message is identical to those of Da Vinci and Nostradamus. There is one little graphic of a 'rumor' showing the lady conversing with a 'demon', and see one dead give away detail. With her are barren mothers with babes in arms, noting the craft in the sky, one of which seems to be in the form of an insect, plus barely recognisable is that "hand of God" on the left side of the picture. Begging the question "what has the wyvern got to do with the hybrid breeding program"? This is just the *perceived* view.

This is the self same scenario as those examples such as Bridget Nielsen, who has created various YouTube videos which explain (almost) the same thing. Being abducted for breeding

*David Huggins & Urandir Oliveira being the best witnesses

The flying creature is "singing". The insect-like thing is a wormhole

The only space craft safe to be there over Amerika happen to belong to what people call "fallen angels" and those craft can shape shift. There is one video (in one of these forums) of a "walnut" changing into a jellyfish (which were painted at the crucifixion by medieval artists). By the way, the cross belongs to the Anakim, and there are crop circles showing that pheon cross morphing into a cube. ECHO means radar, but the underground grayles of Phil Schneider have been bringing down Elohim craft using their form of radar since the 1890's, not just Roswell in 1947. The Elohim use time gates to approach western hemispheres It was the Oanne Anakim which invented "feuding religions" to keep us divided and under control, Empire of Rome at the top.

 forum just before this one where we see it hovering in front of Nostradamus in the Last Supper

RE-ITERATING:

Da Vinci painted Nostradamus in the Last Supper ~ fourteen years before Nostradamus was born!
 At the time Da Vinci was 46, but he was 26 when he 'discovered' the time gate ... or it found him...
 Nostradamus found *his* time gate shortly after he lost his young family to the plague in 1538, when he went
 missing for at least six years. One "finds" time gates by being "huxed" (caught up) in this instance by the Eloim,
 saying that around the age of 36 Nostradamus met Da Vinci. This indicates Nostradamus was aware of the
 Eloim then. In the portrait by Da Vinci pictured here, Nostradamus does appear to be about thirty six.

At this juncture it needs to be said that no matter how idealistic Steven Greer believes off worlders are, how benevolent and loving they remain in his view, with his idea that all malevolent off worlders are only a construct of a fear mongering industrial military complex—run govern—ment with all the essence of ideological partial truth within his concept, it does remain to judge **them by what they do**. We can see with our own eyes that chemtrails are destroying biospheres and our atmosphere, that the electro—magnetic pollution encompassing agenda stems from techno—creeps bent on Agenda 21. The same ‘elite’ techno fools who believe they will receive immortality *but are dumped* by their off world compatriots unwittingly assisting these off worlders in the process of turning mother Earth into a desolate oxygen starved waste land outpost for an imperial warrior based lower order mentality of suppression and inequality. By watching the **consequence of their actions** we can tell who is really interested in nurturing Mother Earth (such as Putin) or only themselves. No matter what the cost it seems. Once we use this as a guideline, we can see where the Earthly ‘boundaries’ are and using this knowledge we can tell who is really doing what: not just to humans and humanity but to the Gem of the Living Library, the ship—planet real people call home, loving all who dwell and depend on her.

“Thanks to [the original] Steven Greer MD who organized over two hundred insiders who worked in areas of the Military and had witnessed evidence proving there were Alien ETs visiting earth and flying ultra high tech Anti-gravity Craft/ AGCs. Dr. Greer has done a lot to change the scenery with many private and productive negotiations with Congress and top USG Officials and deserves a great deal of credit for pulling back the curtain to expose UFO and Alien ET information. [One of] **The usual weapons of choice of Alien ETs that are known to be hostile to humans** (not all are) has been **strange highly-malignant fast spreading cancers.**”
 “Because Dr. Greer **does not mention the incidents of evil anti-human Alien ETs**, the high number of abductions or the incidents of crash-recovered UFOs with **cannibalized humans** on board, which suggest that Dracos in some cases consume humans as food, he may not have had access to this information or decided it served no good purpose to emphasize it. **Maybe he doesn't believe these reports.**”

This omission has a good reason. There are or were two Dr Greers. One is a reptilian shape shifter... A MUTAGENIC ADAPTING AGENT yet there are still videos which seem to be the real Steven Greer

Abductees Shown "Future Images" of Environmentally Troubled Earth

WE'RE SPEAKING IN FEBRUARY 2008. FROM ALL YOUR PERSONAL EXPERIENCES WITH THE NON-HUMAN INTELLIGENCES THAT YOU INTERACTED WITH, DO YOU HAVE ANY CLEAR SENSE RIGHT NOW ABOUT WHAT MIGHT UNFOLD INTO THE NEAR FUTURE?

"For myself personally, and for millions of other human abductees, we were informed about the condition of the environment. We were told there is something we need to do and we need to do it sooner than later so we don't destroy ourselves. With humans at the helm, that's the direction we have been going.

The fact is that these E. T. technologies are not just in E. T. hands, but they are in the hands of human beings. But, of course, Black Budget and Above Top Secret classifications mean these technologies are **not getting out to the public**. I do know that some of the things in the government's possession include **non-polluting free energy**.

There is another technology that is so phenomenal that will draw matter out of water, meaning draw out pollutants. You can clean the sea pretty quickly, all the Earth's seas. There is also technology that will take pollutants out of the atmosphere. There are technologies that exist, which can re-generate the planet's wildlife, meaning in the rainforest vegetation and growth.

There is a growing number of people in the Black Budget agencies, who want to see these E. T. technologies come out into the world and make a difference (in our survival) and so the human species can evolve, including extending life beyond your wildest dreams, or not even dying!"

One wonders why the 'channellers' don't simply give us a free energy formula to 'save the planet'?

ANSWER: because they are *false* channellers

Oh, wait - *OUR* 'visitors' *HAVE!*

If you have been following the Da Vinci forums, with their guidance regarding 'mirror Madonna' and 'axe and join Eucharistes' then you may have noticed Magdalene was omitted. Here she is with some interesting attachments. There are two huge male hands holding her and four other hands surrounding her, this makes six hands, the same which appear in the following vignette. The word 'hands' plural is obsolete for Leo constellation. If it were a singular hand, it would represent Betelguese the 'right hand' of Orion, which is to Orion's left by our view. We can see the obvious hint pointing upwards. Not known who did the "mirroring" in this instance.

One is a daytime and the other a night time illustration. The vignette which applies here is that of the "castle" sky 'house' of the empire (the Vatican) over which are six "hands" hovering, with the pertinent and in-your-face "bridge and ramp" vasacle of a portal.

Day time, the "vatican"

HANDS represent LEO, and there are six of them, representing THE UNHOLY SIX

This castle keep has two BELL TOWERS (portals) It has a BRIDGE and a RAMP the same as the stage gate has and one portal going nowhere There are three horses way in the background (where is the 4th?) Are they the months, the year?

Night time

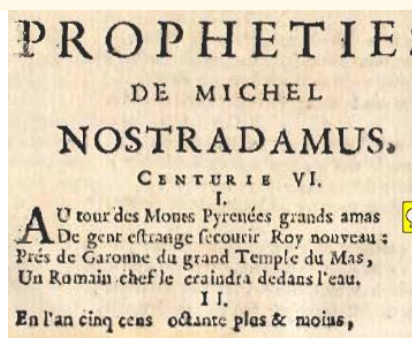

Could be the same castle from the other side. Many soldiers in the belfries (Are they the "dark men", have they arrived by portal in the basement?) Are they reptilian? See the vasacle... in 8 30

8 30

Dedans **Tholoze** non loing de **Beluzer** Faisant un puis long, palais d'espectacle, Tresor trouvé un chacun ira vexer, Et en deux locz & pres del vasacle. (*Vasacle - bridge & ramp*)

Within Toulouse not far off Beluzer (Lion Blur Zee queen/Sphinx) *making* a deep pit (outer space) a palace's [celestial house] spectacle, **the treasure found will come to vex everyone** (time gate) in two places and near the vasacle. (bridge and ramp at the gate) two places = PAST & FUTURE near the bridge

Within Toulouse not far off Beluzer (LEO BLUR ZEE; THE ZOE = the Sphinx) Zee means Cassiopeia the 'crowned' queen, hence female.) Within here is meant literally – under Toulouse there is a time gate, and the Sphinx "not far" as a result, with another time gate under... as is Rennes Le Chateau. See many former forums which pictured the copper plaque of Psunnenes I showing the "coil", sonic waves etc

The trees and shrubs should be bent to the ground, as though showing their desire to follow the direction of the wind, with their branches twisted (turned in Virgo) out of their natural growth and their leaves tossed and inverted. Of the men who are there, some should have fallen and be lying wrapped round by their garments (garlanded/October) and almost indistinguishable (shapeshifters) on account of the dust, and those who are left standing should be behind some tree with their arms thrown round it to prevent the wind from dragging them away ; others should be crouching on the ground, their hands over their eyes (eyes means from Orion) because of the dust, their garments and hair streaming in the wind* Let the sea (those from Crane Eridanus etc) be wild and tempestuous, and between the crests of its waves (where it is calmer – means those of Tau Cetus in the Whale constellation) it should be covered with eddying foam, and the wind should carry the finer spray through the stormy air after the manner of a thick and all-enveloping mist.

"Most virtue ethics theories take their inspiration from Aristotle who declared that a virtuous person is someone who has ideal character traits. These traits derive from natural internal tendencies, but need to be nurtured; however, once established, they will become stable. For example, a virtuous person is someone who is kind across many situations over a lifetime because that is her character and not because she wants to maximize utility or gain favors or simply do her duty.

In truth, the human species in such a plight has need **to envy every other race** of creatures; for though the eagle has strength sufficient to subdue the other birds, they yet remain unconquered through the rapidity of their flight, and so the swallows through their speed escape becoming the prey of the falcon, and the dolphins also by their swift flight escape becoming the prey of the whales **and of the mighty leviathans**; but for us wretched mortals there avails not any flight, since this monster when advancing slowly far exceeds the speed of the swiftest courser.” c.a. 96 v. b
