In VIRGO & SCORPIO

with the SARANS taking ADVANTAGE

A NAKIM explanation

This one word has been used to name a host of off world people which over the centuries go by at least 112 other names. This particular title has been purloined from the Bible. The Dagon off worlders also appear there 8 times. The title SARAN is one of these names. These reptilians come from a red planet, Sarri in the Nemesis system. FIRST the disguised script from Da Vinci regarding the Saran will be placed here. There is good reason for this and it dwells in that short phrase written almost in English where Vierge says VIRGO tucked away in a Nostradamus document.

DRAGON EN VIRGO

fes de Dieu le createur, Quianon eft noftrumno

UNREQUESTED (automatic) FORMULA INTO DEFIANCE/ defence* see all the beams going upwards in August 2015?

- o noting the word "defiance" describes not only defense but in opposition to a recognised foe

FUNCTIONS IN FIFTEEN

IN FEARFUL ENFORCEMENT EARS [ears of corn/spica/Virgo] **OF FIFTEEN**

- o Either the "out of tune" are the pyramids or the extra low frequency from the G.W.E.N Towers to set off the ingested nano bots sent via chemtrails

UNLOADED REMOTE (G.W.E.N.) TOUWER FREQUENCIES FREES [releases] **FORMULATIONS TO DEAFEN DNA SEQUENCE**

- o defence* of Earth – the strange lights going up **DEAFEN DNA our many unrecognised talents**

so these beams being seen over parts of the northern hemisphere are also an alert for the timing of extra low frequencies from G.W.E.N towers which are going to be sent out to mutate DNA and brain acuity.

According to the forum titled "WHAT THE PYRAMIDS ARE FOR" these are the result of ancient engineering of which one example was Tunguska.

These are not from ground level tower frequencies or Blue Beam Project

<The Shropshire crop circle here, shows the two inhabited planets of the Nemesis system, one of which is Sarri and the other is Nibiru in front of our sun, with Nemesis on its way out.

Norway : crop circle above shows two suns. Ours and Nemesis, which is just under half the size of ours. These appeared the same day later in August 2015.

It was sheer serendipidity (or not) that the same day the word “SARAN” had me stumped in every direction, a friend posted the following illustration on fb. I have asked where was it sourced, and waiting on the answer.

sheep fold Ursa Major – those Anu from there (aka *Hind Leg of a Cow*) & Taurus/Aldebaran/Perseus those allied with Anu but now in Antarctica Auriga [& or Capricorn] those arriving in huge mother ships, and as we have seen hidden in the art these very same creatures.

Saran – THOSE FROM THE PLANET Sarru noting that the texts have already named the iron planet as **Uria[h]** and here is one named **Uri’**. Looking at it here, the title *The Iron Planet* seems to fit, bearing in mind it is likely similar in size to Earth.

The **Uria** planet is supposed to be causing the fuse event this shar.

4 95 4 **NAIVETE** not understanding ~ **RUE IRON URI'AH RUIN**

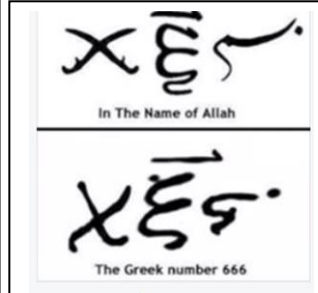

We also see **Nana[r]** of 8 85 *Nana* removes/restricts the light

(aka *Hind Leg of a Cow*) the ancient term for Ursa Major which the Egyptians used, aka the Boar (a male Bear/Ursa is a boar). This cow’s hind leg is nothing to do with that of the Bull/Taurus, who has no hind legs at all, but merely the “pile of dung” under his ‘tail’ which is the Pleiades. So how did the ancients know the Pleiades is a ‘pile’ or ‘heap’? This constellation does happen to be moving autonomous to all the others.

- o POOR LOGIC-PILLS GIRL this may be a contraceptive or the HPV vaccine which is damaging so many young girls
- o BULLETIN : BRUTAL SARAN ORBIT ALL so hard it is to provide these alerts without raising fear levels.

See the PHOBIA instructions which follow. We have read what fear does to DNA from these forums, not only ours, but that of the halal killed livestock which people eat – which ‘so offends Ayse’. The extra adrenalin & testosterone does damage to the kidneys – attested by all those Eastern peoples with dark rings under their eyes !

The side effect in terms of emotions is anger and knee-jerk non-thinking reactions – and all from eating halal killed meat, the animal tortured in order to raise its fear factor. This is the real reason pork is anathema to the Eastern religions, because a pig *knowing* it is going to die quite literally *melts* its meat. This is additional to the other porcine DNA fact – that they are so close to humans in so many ways and carry many of the identical ills.

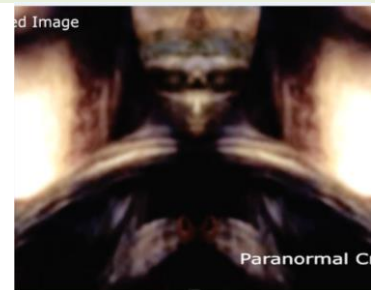

There is an [earthfiles](#) article in which Linda Moulton Howe (who has a forum of her own not yet published) interviews « William ». He speaks of being shown huge reptilian creatures rounding up people to herd them away. In a much earlier forum, Nostradamus warns people not to run, since this attracts the myopic eight feet high aliens – the same which Da Vinci calls Saran. They do have an extremely acute sense of smell however so it would require great courage to sneak away slowly : one good reason not to wear perfume unless it smells like the Earth herself. The “lassitudes” of these creatures includes a weakness of the vertical duodenum (one reason for cattle mutilations, to obtain the ‘glue’ which supports this duodenum in our gravity) and an over large spinal cavity at the base of the neck. This makes sense for creatures with a different gravity and gigantism. The soldier caste wears a ventailed helmet, which Da Vinci so beautifully included in one of the *Madonna & Child* paintings, and in the *Mona Lisa* for us.

crop circle showing Earth being tumbled outwards by three A.U. which we have seen in many crop circles and these texts. This is caused by the planetary bodies of the Nemesis system, one of which has an atmosphere. One of these is Sarru, one is Uri’ [Uriah] the iron planet and one is Nibiru. This will cause our moon to be moved away. This is what relates to a ‘new Earth and new heavens’, which we also see on the Hopi prophecy rock – Earth being moved out.

1:42 Vril: Did Crowley misinterpret The Law of One?

General Pico, La Pampa, Argentina - March 3rd 2006

At this juncture it is time to admit I am ready to publish a book which these texts have been asking me to do. This book is going to describe all the different greys and grayles and where possible tie them to the various craft they use. All of this information will be plucked from these hidden texts and no where else unless substantiated *by* the texts. For us here on Earth sometimes it is only the craft they use which we can depend on for an indication of who is really within them, and some time ago one of the texts lines asked me to "study the avionics". Many of these unidentified flying objects have been constructed by what is supposed to be our own military and they do real and terrifying abductions of both humans and cattle to appease their overlords who need both of these "commodities" for their own sustenance. Most of these "military" involved are no longer people as we know it.

- **INEDIBLE COUNTERFEIT BEAN** beans were the first experiment with modification using 'mixed genes' & this is the argument the laboratories would have us believe, that they are merely *hybridizing* genetic structure, when they are in fact crossing & combining different *species* within our food chain, such as spiderweb DNA in potatoes to gain shelf life. Studies also confirm that genetically manipulated organisms inside our food become formaldehyde in contact with stomach acid... this was found in 2003 and published in Nexus Magazine along with all the footnote links.
- **NANO BOT UNITS INTRUDE, SELF-REMUNERATE self replicating E.L.F. extra low frequencies**
- **IRONIC AZOBENZENE IDIOT** in every single bottle of over the counter drinks, including supposedly healthy drinks such as Ribena, you will find both ascorbic acid and E211/ sodium benzoate. Again, this is done supposedly to maintain shelf life. We have seen in past lines that the combination of ascorbic acid, be it natural vitamin C or lab made, along with E211 and a temperature of 30 degrees Celsius creates benzene. Since we are all of us over 30 degrees (mostly 37°) then once every one of these drinks hits our stomach it forms benzene in our intestines. Benzene is well documented as a leukaemia (blood) carcinogen. Especially effective in children – and who is it we see drinking 'soft' drinks the most ?

This is done for a couple of reasons – it is constant validation for the collator – a bit like a carrot on a stick for the donkey, and the Da Vinci details are parallel to the doctor's. The collator lives with a wetlands 'feature' and yes, the sheep do have to be brought up every time it looks like rain. Noting these disguised script from Da Vinci do speak of 'rainier' and of the "sad and muddy". The heir to these works will be Eloise, once she has sowed her wild oats. The reason it is no other Eloise stems from other details in the rest of 2 : 4 all of which is about attempted fraud against her on the death of the collator.

ETERNALISTS (Elohim) **SCALING** *changing* **SECTARIAN ... CLEANSING IT**

- o ALIGN C TITLE LETTERI here is an example of directions to one of the decoders, in this case Allan Webber who found the Runic Skies. This is telling him that the “C” in the sky (Ophiuchus) can be represented by the letter I, and these two together happen to be combined as the one meaning “over the north pole”. Even the “I” as a rune means “stuck in ice”. As a Tree rune it is the Yew tree – “stuck in time” which is why we see Yew trees in grave yards, and Halloween as a date is the Yew Tree, as is the ‘no name day’ the eve of the December solstice – that has now been moved due to our new 377 day orbit – which is growing.

1 63 3 **RECORDER HEARS, PEERS MIRROR, CHANCE RE-RELEASED.**

I was wondering how it was Bielek returned—he was being *watched* via CRONOR VISOR, the CHANCE was taken to return him!

- mirrors IS THE Looking Glass/cronus visor in the time gate portal...See Al Bielek, the RECORDER here is Nostradamus Joyce writes the "computer" and Duncan Cameron were able to effectively rip open a hole in space-time *from 1983 to 1943 to correct situations aboard the Eldridge as it went through the time warp, changing the past to change the future creating a paradox. Al Bielek wrote of a grey alien invasion through the 40 year rift in time, with the rift allowing many UFOs to invade our world. He also mentioned soldiers going through the time portal at Montauk to fight in a 'future war' 50 years ahead!

Michael Tellingner has stated time & again, that the minimal interest rate can only expand an economy, instead of restrict it and when some thought is put into the problem, it becomes clear that the Money System is the wrong way to go. Those with all the money in the world such as QEII and the pope are the least likely to use it for the good of the planet - fresh water and food for everyone is well within their reach with plenty left over for their own needs.

'Aliens Tried To Save America from Nuclear War,' Claims Edgar Mitchell

The sixth man to walk on the surface of the moon has made the astonishing claim that aliens came to Earth to stop a nuclear war between America and Russia...

There are many articles regarding witnesses watching and even filming orbs 'beaming' naval craft which contained nuclear war heads, only to discover those warheads disarmed. There is a good reason for off worlders disarming nuclearisation and it is nothing much to do with saving humanity from themselves. Every time an atom is split it affects the universe, both the good and the bad. It is the negative off worlders who relish radioactivity and its results.

The GREYDAD Treaty is not the main treaty problem... In 1933 FOR made a treaty between three other off world peoples. One was a shape shifter from Sirius, one was a front man for the Anakim (said he was from Aicyone) and the third was a hive mind Orion grey... all of which were a member of a triad of their own = nine other off worlders in that treaty. These treaties went for nine years each and treaty nine was ratified Nov 8 2014. This latter has a clause for "trade in men" in exchange for special technology related to time gates. BUT 2014 was not 2014! 324 years had been deleted from July 676AD, causing it to become 1000AD (and edited in Constantinople). Do NOT fall for the trap of a "united world" against off worlders, since they are already here.

ARE ALIENS READY TO ATTACK EARTH? - GOVERNMENT FILES SAY YES

(New Upload 2015) Are a race of nuclear alien creatures ready to attack planet earth? The alien reason is a...

These aliens as we have seen many times in these texts are *already here*. They are the same which F.D.R. signed us all away in a *treaty* in 1933 in exchange for technology. These are the **nine year term "treaties"** which are updated and ratified, the last being November 8 2014 (say the hidden texts) being the one with the *trade in men* 2014 clause. The very one which is invalid because 2014 was not 2014 but 1690.

The title says ARE ALIENS READY TO ATTACK EARTH? - GOVERNMENT FILES SAY 'YES'

for one thing, the "government" ARE the negative off worlders! These "attacks" commenced for real with the patent of chemtrails in July 1985, &with introduction of "smart" technology.The title is **designed** to create & raise the level of fear, the **halal mechanism**.

The video on the right
THE UNTANGLED GATHERING, AI & MIND CONTROL SYMPOSIUM

is placed here because of these words stated by Andrew Basagio...

"I have no evidence that the Mars Jump Room **was run** by A.I...."

My emphasis is on the past tense used by Andrew Basagio... where he indicates the Mars Jump Room is no longer – just as these texts have told us many times. Disabled by those in the Black Knight orbiting, those called "Peleus" and "Seraphim" from Cepheus "King of kings" (and not from Boötes, which was disinformation)

see 7 15 4 last pages

Now I am going to place here my answers to a reader who wrote the collator advising that: "your interpretations could use some humility since you're a monopoly."

THE COLLATOR HAS MADE AVAILABLE **ALL AND EVERYTHING NECESSARY** FOR ANY OTHER COLLATOR TO DO THE WORK. WITH NO DIGGING INTO ANY FOLK'S BANK ACCOUNTS. **TO DATE THERE SEEMS TO BE NO ONE ELSE** INTERESTED IN OUTLAYING TEN TO FIFTEEN HOURS EVERY DAY ON THE TASK. ONLY WHEN THEIR OWN NAME APPEARS DO THEY BECOME ANIMATED ABOUT THE MATTER - , SUCH AS YOURSELF.

This same reader then went on to question the taxonomy, which she forgot was supplied **by the texts**, and not the collator's "interpretation" either – but from Allan Webber's original template.

- o These are the "84 EXTRATERRESTRIALS" (which currently does have an error regarding Benu/Grus as Cygnus)

"Where did name anakim come from? She asks

THE BIBLE, AND THE NAME DAGON APPEARS 8 TIMES.

(The reason for using a generic name for the Anakim has been provided in the introduction here, since it also applies to the Saran)

"I am not a kabblah-ist by any means---

NOR AM I – WHAT DOES THAT HAVE TO DO WITH ANYTHING?

"am mainly interested because they are the best authority on the Elohim",

ARE THEY? DO THEY SAY HOW MANY THERE ARE, WHO THEY ARE, WHERE THEY ARE FROM WHAT THEIR INDIVIDUAL INPUT IS, AND THAT THEY ARE THE CREATORS OF THE LIVING LIBRARY VIA 20 ALLIANCES?

"Damn near everybody is wrong about Nibiru

WHICH PARTICULAR DETAIL? THAT THERE ARE TWO OTHER INHABITED PLANETS ALONG WITH NEMESIS? NO ONE MENTIONS THEM, (ONLY DA VINCI & THE DOCTOR) AND THEIR IMPACT ON EARTH AND EARTHLINGS – NIBIRU ITSELF IS SUPPOSED TO BE AN "ORDINARY PASSAGE" – NO ONE ELSE MENTIONS THAT DETAIL

This dialogue resulted from the collator mentioning quatrain 1 41 publicly for its interest only in the first two lines, because the last two lines are merely providing a timing clue – yet people grabbed onto the last two lines to take advantage of a nit-picking fest about the collator's "humility" instead of taking the **overall warning** for what it is.

THAT ONE MENTION MADE REGARDING THIS QUATRAIN WAS WHERE I HAD PLANNED TO "LEAVE IT" WHEN THIS HAPPENS (THAT I AM NEARLY FORCED TO RE-WORK ONE) THEN IT SEEMS IT HAD BEST BE "WORKED" IN THIS INSTANCE IT IS ABOUT MY SONS FINDING ME (AFTER 48 YEARS) BUT IT IS ALSO NOT ABOUT ME AS ALWAYS WITH THE QUATRAINS THIS IS A **TIME POINTER ~ AS ALL OF THEM ARE**

This quatrain has been taken to mean Mussolini and his mistress, and could **also** mean them.

A LEO – **the black president is a Leo** in the months of Scorpio (iron) thru to SAGITTA* which is the cusp of Capricorn ('bows' plural) AND SEE THE LION'S MANE THIS DARK MAN HAS? In the vignette *ONE MALE*: the coronet which means 'prince' is Sirius (*PRINCE OF DARK MEN* - Olmec) means the *president*. And lo & behold – SAGITTA is there too! You may have watched the “documentary *Nostradamus & 2012*” where this was pointed out as Sagittarius – the man with a bow aimed in the stance of the “hero” is *not* a centaur, and faces the wrong way for Sagittarius as well. **Sagitta** is the decan (ten days) between Sagittarius&Capricorn constellations and is commonly called the “Bowman”. You will note the wording is “drawn bows” – and this does mean those two with their bows drawn – the centaur of Sagittarius and Sagitta, as dates, but also a reference to the constellation which is called “Centaur”. That is, *Alpha Centauris* and in the Quran Quaran:

CAENEUS in Alpha Centauri. "UNIFIED FIEND QUEER UNAGILE STEP, SEDUCE CAUSE ^{Monsanto} 2:56.1

there is an earthfiles article where an introduction between one of these greys and a high ranking soldier occurs.

The description of their “walk” is “like Donald Duck”, so that not only backs up what the texts say, but points out via the following words that these are the **NEGATIVE** greys.

"AIMS MORTAL RAY" 1:94.1 Suspiciously sounds like Blue Beam – a possible means of dropping the Twin Towers and destroying the evidence of what is really happening in the satellites which the shuttles were working on.

"PERTAINS ISTAR [Sirius] SERPENTARI - (Dagon/Oannes of **biblical Gaza** & Draco-Orphiucus)" 8:93.2

Caeneus "unified fiend" white greys - walk "like donald duck and float" ... see earthfiles

Part of the [reptilian] **CORPORATE "Ashtar Command"**, a reptilian part – the word “command” is the hint

CLONES of Sirius-B, Aldebaran, Altair, Aquila, Boötes [the negative], Alpha Centaurus, Zeta Reticuli

earthfiles also has another article about military men meeting with a “floating” grey – a negative. There is a lady abductee who was given wonderful visions by off worlders. She says these came from Alpha Centauri – and the things they told her in the 1950s were all unknown to science then (such as everything operates by frequencies).

Those which she encountered of Alpha Centauri may well be in no way related to those of the Amerikan military.

Elizabeth Klarer
1954

The evidence for “negative” visitors controlling the western ‘hemisphere’ is simple.

The “positive” visitors have a different power drive for their craft, which cannot operate in the presence of H.A.A.R.P noting that Russia and China do not use HAARP technology (weather/earthquake influence as a weapon) but is also a force field which the negative visitors “gave” to the western ‘powers’ in order to protect themselves and their agenda against the involvement from the Elohim alliances. **The main way around this technology is dimension gates/portals/stargates.**

All of the SAGITTA clue is fully explained in “ONE MALE” and in 4 27 “PRINCE OF DARK MEN” both of which are forums of their own. The word “arc” also means in Sagittarius ...

The fire and water

The fire² contends the water placed in cleansing (saying that) [this] water deserves no stars above the fire [volcanoes], king of elemental/atomic models, (radioactivity) and so voice-over (voice activation, by sound) necessarily boil the water in the cleansing search; order making them the honor of obedience (nobless oblige-elite) descend down (into their dumbs) drowning and by fire.

² This fire which ‘fights the water’ or ‘deals with’ the water could be the fuse event, volcanoes meteorites or solar flares any of which being set off by either the Elohim or Others. Noting that the elite experience both water and ‘fire’ which is exactly what the texts of Nostradamus say – “fry” and “drown”. Recall these texts spoke of water contending with fire... that is: tsunami over the likes of Serbian Basin or Yellowstone.

There is a vignette with a black mule:

6 36 4 Roy nuict bleffe mulet a noire houfe. A night time scene Roy nuict – nightly king. Noting it is a black man, a giant too but mulet could mean small mule which on its own can mean several things such as a small “carrier” like the Black Knight is. Is that a pyramid craft hovering? With a dark star >? mulet noire – black mule – which is what this vignette is showing, with an obvious red “housing” [see stars on it] which is a medieval name for the covering war horses used. The other objects here are the “insane four” in the foreground (count the fingers) and the Vatican with pont-iffs in front of it ignoring the action, and there are four of them. Then the one in blue is unarmed. There are also four armoured soldiers. Three fours are twelve. Seems to me “wounded on” is a pun. The ‘on’ are Oannes, the Aurigans are Oannes and arrive in huge mother ships [houses] (they are here right now, cloaked). 6 36 4 Roy nuict bleffe mulet a noire houfe. THE WORD "BEAUTIFUL ONES" was provided in Centuries 11 & 12 as a key word for the ones from ELEPHANT in Cepheus (as a source of where they came from since Elephant is a type of Nova) The word "Cheers" was a key word for the collator who, if she had married would have become H C Rees. The "merrier" ones are those from Procyon, part of the Elohim – and I did wonder about the four fingered one in bright blue – the colour of the Andromeda Council. With bright red meaning those of the reptilians. All of this has been left here just so you can see how things operate when receiving a rap over the knuckles, the collator is told in no uncertain terms, having "informed the 'beautiful' as hoovey" when it is those who promised 'fountain-of-youth' to 'feeble elite' Thus "nightly king" means "prince of dark men" ^{4 27} those from Sirius which are behind the elite and their programs. Rather ironic that it is the 1562 edition telling us to get the original 1555 edition – since that publication only goes to 4:53, almost as if "they" (or "he" Nostradamus) knew people were not using the 1555 original (RECLAIM AUTHENTIC) publication. The 453 years is exactly what it was from 1555 up to 2008 for the Hidden Texts to surface, the year Allan Webber finished his computerised template and the year the collator commenced collating them. It is always about the timing.

In the vignettes with an arm and hand coming from the heavens, one actually has a hold on a crank shaft attached to the hub changing the gearing. So ABBR. would mean abbreviating – cut short or making shorter. Now we have also seen certain off worlders are trying to prevent our orbit being made larger – which is being done to save humans from our sun going “orange” at the same time keeping us cooler. The very thing reptilians are trying to avoid.

Warning bells go off in my head when what is expected to be seen or heard does not eventuate. I.E. is OMITTED. Corey Goode is all the rage at the moment (September 2015) because he has been "vetted" by David Wilcock. If you have been a consistent reader of these forums of hidden texts of Nostradamus and the disguised script of Da Vinci, you will have seen a few not-so-minor details, such as:

first:
the Elohim consists of twenty named entities – (see *ALPHABETICAL LIST OF ELOHIM*) not one of which has been mentioned by Corey Goode or even described as 'similar to'...

second:
we have witnessed the detailed false perception received by a few people, the best example being George Adamski receiving visits from Pleiadians. No lie in that, except that these particular visitors are named the Alcyonese, those who have been "eunuchised" by the Anakim and controlled by those from Leo. Those who arrived in craft belonging to the Nazi-Aldebaran-Argol-Anakim alliances of Antarctica. The Alcyonese being a wonderful "front-man" for these alliances having maintained their "Nordic" good looks and appearances. The other faction which have altered perceptions are those ex-military who say in their own words that they have been given mental and physical "clean-ups". These people (and Goode tells us he is one of them) have had the truth both removed and *replaced* within their very minds. In one word "turned".

third:
the texts have been telling us that the western hemisphere contains those off worlders and their alliances who/which are not the least interested in the Elohim, the Creators of the Living Library of planet Earth, and indeed are hell-bent on the destruction of both the Living Library and all who breathe the air she provides. These off worlders which are actively denying access to any of the Elohim alliances, yet allowing Goode to publicly make his proclamations – never once 'pulling' any of his videos! Recall PERCEPTION DECEPTION.

fourth:
While Corey Goode can and should be compared to Alex Collier, have we once heard Goode speak of removing **the money system**? Goode *has* spoken the same details Collier has received from the Andromeda Council, such as the 22 "tweaks" of human DNA over the millennia. Easy enough to sprout information Collier already did. However, have we ever heard Goode name the likes of the Andromeda Council – nor even the Cassiopeians?

fifth:

For me, listening to Goode – who (so far) *never once* tells us that those from Sirius, Leo and Orion are here to provide deadly technology, and only to a warring military based money hungry faction of humans who are mostly not humane, **for “trade in men” which is mostly children** ... so for me – the warning bells were really “clanging” as Da Vinci puts it. People become enamoured with the novelty of the differing entities described by Goode – and forget to ask “why” and “what” is his real message? People [because they do not know about the real ones Who created the gem called Earth as she should be] do not know to ask Goode ‘but what about the Elohim alliances’?

As usual, the motto I like is *facta non verba* which happens to be my school’s motto.

It means “deeds, not words”. It is up to you to question “was that a *loving* thing to do?” [deed] or “are those *destructive or productive* words?” **Words** are not a **word** until put into action.

So by this simple method we can judge them, and the “words” of Corey Goode carry no weight with me.

What I am going to do here is place before you the [Corey] GOODE lines as they arrived. It is up to you to decide what you think they really mean. When there is one word which makes no context sense, it needs to be re-worked such as TAMARIND = IN MAD ART/RAT-AMID AN ART. ADMIT RAN DART IN MA DAN. ^{Scorpio in Oct.}

The coronet means Prince/Sirius over the planet of crossing.
 Something hides behind our moon. **The sextant says 8 degrees.**
 The "A" is the Elohim, the "C" are the Mabvs grayle puppeteers.
 the title on the wall says :-
NOSTRADAMVS ASTROLGVED DVR JOY

VENDS MY VAST R.O GOD - VAST RAJ (RAI) LORD... (who we have learnt is E.Yah formerly En.Ki)
 VENDS MAJOR GODS VERY GRAND MAJOR VOLTS, [Uriah] VAST ODDS.

Hidden Texts tells everyone about the Andromeda Council, the Electron being and the Elohim,
 Great electrical "fuse" event and tells about the other main alliances of the Elohim...

VOLTS DARTS VARY. MAJOR DOGS, DRY VAN (UAN) ADVERTS VOLTS.

MAJOR GODS SURVEY STANDARD VOLTS frequencies

Who are in control of the electrical darts. Canis Major (Sirius) and Uannes (Oannes) or Elohim Watchers
 spreads these, (see the beams going up)

Adverts means 'spreads' so this could be saying the Elohim are *diffusing* the volts

But it is those from Sirius who spread chemtrails... which contain metallic conductors.

Is this the main real reason for chemtrails? **To prevent the protective beams from being efficient?**

MAJOR R.O JURY MOVES VAST GOLD STANDARD, ADVERTS VAST GODLY ROUNDS, (orbits)

ADJUSTS NOVEL DOOMSDAY

Andromeda Council uses the golden ratio when spreading the "rounds" – orbits.

Andromeda Council mollifies the new unusual doomsday.

VAST GOLD STANDARD could also be a reference to Nibiru itself, which has a gold canopy. Could mean the upcoming Golden Age. Gold is also a keyword for Gnowledge.

ADJUSTS VAST GRAND VERY OLD ROOMS

(houses of the zodiac, saying moving the constellations, which means moving the Earth)

Very old rooms would also indicate the chambers within pyramids – very old being ages such as the Bosnian pyramids - dated so far up to 35,000 BC

[these texts] UNDERSTOOD MY GOD – UNDERSTOOD VAST ARRIVALS:

MODERNS START SURVIVAL – A GOOD DAY. ODDLY MASS STARVATION OVER DRUGS

The hidden text produces the understanding regarding Eloim ("my god" which is As/Ayse) and the hordes. "Moderns" are the preppers.

"NORMAL" SURVIVED, START GOOD DAYS. GLAD ALERT ADVISORY MONSTER (Nemesis system)

People become hooked on strange drugs which they prefer over food. **The Monster d'Abvs included.**

Maybe this is speaking of genetically altered food chemicals too...

To conclude: Nostradamus is glad that the Hidden Texts alert readers regarding the "Monster"

(of Abus, the grayles under Groom Lake and elsewhere). The word "normal" could relate to one of two things:

The "elect" aka the "meek", the righteous ones (and not the "elite") and it could mean "organic" food.

ALIENS WORKING WITH SCIENTISTS.

Dr Boylan's informant said that these ETs, the diplomatic corps, will be introduced to earthlings, **saying that they are from the Pleiades**, who by the way have been here since the beginning of time. **These ET scientists** consultants assisted American scientists in developing the **computer chip, fibre optics, lasers, gene-splicing therapy, cloning, nightvision equipment, super-tenacity fibres, aerospace ceramics, Stealth technology, particle beam devices and gravity-control flight.**

- None of which technology helps Mother Earth in any way and the gene splicing and particle beam devices are highly detrimental to the Living Library. The word "scientist" when applied to Earth taught humans is an empty term. The word "Pleiadian" refers only to the genetically infiltrated Alcyonese.

NSC's Dr. Michael Wolf as part of US gov't. duties shared living quarters with aliens while doing research at underground laboratories. He said the Grays worked underground and he also worked with human appearing aliens dubbed **Semitics from Altair 4 and 5** and **Nordics from the Pleiades**

- **so they said, but we are learning that the real Pleiadians** would not associate with Altairans, when those from Alcyone would, since they represented the **fourth 'party' in the treaties which include "trade in men"**.

UFO crashes first occurred in 1941, 1946, Roswell and 2 other crashes in 1947.

- Untrue, 1897 is when these began – long before radar. See the 66 UFO crashes in a Da Vinci forum in date order. **These crashes were only seen to be occurring from these dates**

William Cooper said people who work at these bases don't come forward because they sign a contract **agreeing to the erasure of their memory**, with hypnotics, hypnotic drugs and suggestion. After you leave that you don't remember what you did that day.

- Hence the likes of **Corey Goode** cannot be relied upon. Randy Cramer on the other hand seems to have full recall, because he mentions the **Mantids often** where the likes of Corey Goode **never mention them.**

And that after the whole job and their contract over they do a chemical erasure of their entire memory of the thing.

and

ALTAIRIANS - LONG NOSED "SEMATIC"

Alleged Reptilian inhabitants of the Altair stellar system in the constellation Aquila, **in collaboration with a smaller Nordic** human [looking] element and a collaborative Grey and Terran military presence.

Headquarters of a collective known as the "Corporate", which maintains ties with the Ashtar and Draconian collectives (Draconian). Altair is the brightest star in the constellation of Aquila (the Eagle). It lies at a distance of approximately 16 light years from Earth, and its color is pale yellow.

The scientific community is very interested in Altair, as it is one the locations from which radio signals were received that have not yet been scientifically explained. (The signals were first received on February 17, 1990 by a Ukranian astronomer).

Altair plays a part in the Humanoid Galactic History. Its "civilization was colonized from Vega.

The Altair civilization is quiet and contemplative, given the **peaceful** philosophic orientation.

They are not currently involved in space exploration." (PoL) (WRONG ACCORDING TO NOSTRADAMUS)

Other sources, however, attribute it a more active role:

According to Chuck Roberts and several other UFO related sources, the Altair system (also) has reptilian (reptoid)

inhabitants (lizzies) from the Draconian Empire.

This is in line with ancient Earth teachings that also associate the Altair system with reptilians. Branton, too, consistently confirms the presence of "collectivist greys" in the Altair system.

However, in the Dulce Material, he also mentions a mixed group of inhabitants on the fourth planet of the Altair system, called Altaira. This planet world [also] inhabited by a "nordic looking" (or blond) race that co-operates with a race of greys. He claims these are not part of the Draconian Empire, but they are heavily involved in abductions and in interbreeding programs (between these nordics and humans). AS TESTIFIED BY THEIR APPEARANCE IN THE TREATIES FOR "TRADE IN MEN"

Another source, Dr. Michael Wolf, also mentions a race of 'human-looking' extra-terrestrials from Altair that would be in communication with the US government. THESE ARE THE NEGATIVES, ALLIED WITH NAZIS, ALCYONE, ALDEBARAN & ALGOL

From EMERALD COVENANT

Anna Hayes (Ashayana Deane) states in her book [Voyager II](#), page 250, (Second Edition - 2002)

"We are presently under a state of covert global (and galactic) war, a war of which our populations have no directly tangible evidence. How can I make such an apparently threatening and most unwelcome statement while still expecting myself to be considered a spiritually awakened being? I can make this statement as a calm statement of fact because I have been made aware that on September 12, 2000 the Anunnaki legions not only defected from the peace agreements of the Treaty of Altair, but they subsequently joined forces with the previously competing Drakonian Agenda legions, thanks to the Necromiton instigation of forming a "United Intruder Resistance" (UIR) As a strategic move to ensure the success of the One World Order Earth dominion agenda held by each of the competing Fallen Angelic groups, the Necromiton race of Density-3 Andromeda, "the beloved Andromies" who have been in contact with several prominent people in the UFO Movement, opened negotiations between the competing Fallen Angelic collectives, successfully bringing most of team together to take a united stance against the Emerald Covenant peace treaty and freedom agenda.

THIS EXPLAINS THE CONTRADICTIONS I/WE HAVE BEEN FINDING REGARDING THE ANDROMEDA COUNCIL ON THE ONE HAND IT IS THEY WHO ORGANISED THE PROCYONS TO ELIMINATE DRACO BASES ON EARTH, ON THE OTHER HAND NOSTRADAMUS DOES SPEAK QUESTIONABLY REGARDING THE "O" (ANDROMEDANS) AND THE "R" (DRACO). FREQUENTLY IN THE HIDDEN TEXTS THE Q AND THE R ARE TOGETHER AND CANNOT BE SEPARATED USING THE CONTEXT OF THE LINE. IT DOES NOT MEAN "OR" EITHER. IT MEANS R.O. REGENCY ORDER OF THE ANDROMEDA COUNCIL.

An explanation is needed regarding RO and Ra. The Name "RO" was provided in a small number of lines as direction to the collator with what to do with "LETTERR LETTERO" There is no runic sky rune for O. As a rune it means "natural inheritance" and "orbit" 10 1 3 where it says to use the letters "R" & "O" for the "PRIME" and the number one 'Prime' are the Andromeda council (who also "primed" the hidden texts indirectly) 10 1 3 RESET ENCIPHERMENTS LETTERS HENCE LETTERR LETTERO IS PRIME (R.O premise). The original problem being (apart from the word "OR", a word which should not be seen in a prophecy) is that the sky rune for "R" is Draco, so if one sees R. O in the lines it would read *Draco orbits*. In most cases this would be out of context.

**THE ALTAIRANS ARE THE 'FALLEN EAGLE' AQUILLA. THE DREADED "HANIX" OF THE NORTH.
NOT FAR FROM ANTARES (SCORPIO – THE INSECTOIDES)**

Altair (Alpha Aquilae, Alpha Aql, α Aquilae, α Aql, Atair) is the brightest star in the constellation Aquila..

On September 12, 2000 the Guardian Alliance was given the ultimatum that 50,000 of its Grail (GRAYLE?GRAAL) Line Indigo Children be evacuated out, then the rest of human populations were to be left to the agenda of the UIR. Unfortunately, the UIR races intended to instigate pole shift on Earth between 2003-2008 to 'clear the real estate', allowing the humans of Earth to survive just long enough to be used to access Earth' Star Gate opening codes, at which time all, including the "Chosen Ones" would be destroyed.

On behalf of humanity, the Founders, the Guardian Alliance, the Maharaji 'blue humans' of Sirius B, (?) the Sirian council, the Lyran High Council and the many billions of **Emerald Covenant** races in our 15-Dimensional Time Matrix told the UIR to 'stick their ultimatum where the sun doesn't shine' and refused to withdraw support of earth's populations.

Promptly, and as expected, the UIR issued an Official Edict of War against the Founders and **Emerald Covenant legions**.

Presently, the greatest threat to our global well being is not the UIR itself, but rather our own **AMNESIA** and resulting ignorance as to how to handle ourselves effectively. If we all sit around and wait for the 'First Contact Mass Landing' to occur, to 'prove' to us that our ET visitors are real, by THEN, know it is too late to do anything other than seek out the nearest Guardian evacuation team. If the First Mass Contact drama does take place, as the UIR presently intends - they will have already gained full control of Earth's portal systems, and will be able to initiate pole shift precisely when desired via the Nibiruan Battlestar, the **crystalline installation beneath Stonehenge**, England, and their global network of subterranean bases located across the planet. Prevention is the only way to solve this drama peacefully before it goes any further.

If the UIR movement has its way, **the illusion of peace on Earth will be maintained until they have their photo-sonic beam-ship fleets in position**, cloaked within the lower dimension-4 frequency bands (as many are already).

The fleets will be positioned over numerous secondary Target Sites and 24 Primary Target Sites, Earth's 12 Primary Star Gate "Signet Sites" and their corresponding 12 "Templar Sites," the activation sites for the corresponded Star Gates.

DA VINCI SAYS THERE ARE 72 STARGATES

Once fleets are positioned, progressive **instigation and amplification of conflict and regional wars among human nations** will be further implemented via psychotronic technology, a process of scalar impulsing that has already begun.

Bosnia was the first mass experimental test run and several other tests have been already initiated in China, the Middle East, Russia and the USA.

As 'ETS' remain a hidden potentiality to the masses, **instances of 'Mother Mary', 'Jesus,' Buddha' "Crucifixes" and "Holy Figure"** holographic inserts, associate "Crying Statues and Paintings" and related pseudo-Divine phenomena will progressively appear to groups of humans who are **mentally ensnared** in both Traditional and New Age religious dogmas, promoting reassurance that "God's Chosen Ones" will be **SAVED** in the 'Great Cleansing' or 'Tribulation'.

"In the firmament of the **eighth¹ sphere**, a dimension whereon Almighty God will complete the revolution, and where the constellations will resume their motion which will render the earth stable and firm, but only if He will remain unchanged for ever until His will be done.

This is in spite of all the **ambiguous opinions surpassing all natural reason, expressed by Mahomet**; which is why God the Creator, through the ministry of his fiery agents with their flames, (the Seraphina/Seraphim) will come to propose to our perceptions as well as our eyes the reasons for future predictions.

Author's note:

1 63 3 *Seur marchera par ciel, serre mer, & onde:* (Cheetham's copy. Yet the 1555 and 1562 edition say "terre" not "serre") People travelling skies, via *squeezing sea*, and [squeezing] *waves/frequencies* (jet travel). Cheetham said it says: *People travelling [over] skies, earth, and waves.* The word "over" is not there. She would not have understood "squeezing". In the early 1960's when Cheetham was writing her Nostradamus quatrains, jet planes were still a novelty.

This is the very line which cemented things for me.

I was in the library and spotted Erika Cheetham's Nostradamus book, opening it the page fell wide at I 63 which is top right hand side of the page – the 'optimum area' for advertisers since that is the first place readers see. The word "**serre**" literally leaped out at me – because it was saying "squeezing the waves". Immediately that meant to me jet propulsion at the time (my great uncle ^{Wally Hall} invented the jet motor for racing speed boats in Australia, events we attended as kids). We all know now that 'squeezing the waves' also applies to air waves, radio waves, sound waves and many others such as dimensions, electrons etc.

The connection between Anakim, Bran and Michael is clear

It was while looking for Michael Telling in the template that I found this line
Michael Telling lectures on the subject of harmonics being used as a power source, which information he derived from studying the Anakim of South Africa (the same in the Bible) – so this could still be about Michael Telling. This is the only Michael in the entire template of the hidden texts, which is interesting because Michel Nostradamus is a Michael too

CELTIC BRAN – one of the Tuatha de Danaan who delivered the magic cauldron which fed everyone all the time. These were giants who "came out of heaven in a magic cloud" (T W Rolleston – *Celtic Myths & Legends* pages 103 – 106)
This line contradicts or I should say, corrects, something stated by me in a former forum – I had said that the Elders were not the Elohim. Since CHANI described himself as an "Elder", but a *junior* Elder and this line seems to be saying he is Angel Michael, and saying he was Celtic Bran – then I stand corrected.

Did I once see a connection between "I am Ra" and the Archangel Michael? We have since been informed RA is Yah-Enki Yet there is still the matter of the Anakim being involved at all.

One other thing which seems clear here is the problem of the liaison between the Andromeda Council and the Anakim. We already have seen that the Elders/Elohim (of the Living Library) are closely allied (in 3 25) with the Andromeda Council (the Watchers). Various sources state that the Anakim (the "keepers") were forced to obtain permission from the

Andromeda Council to approach the Earth on the current passover, and that is the only connection which has been revealed They would not be denied permission since their entire planet depends on obtaining gold in order to remain alive. The "Watchers" will be most certainly Watching the Anakim.

- Do not use it as a high dose dip. Its chemical action will cause serious damage to fish
- Do not allow it to come into contact with metal surfaces as toxic compounds can be formed
- Wear a particle mask and goggles when handling to prevent injury to skin or eyes.
- Toxicity is greatly increased in soft acidic water – only use the low dose.
- Aerate the water vigorously during treatment
- Turn off any UV lamps when using any pond or tank treatments
- Ponds should be cleaned and vacuumed prior to treatment in order to reduce free organics that would affect treatment efficacy
- The breakdown of chloramine-T is speeded up in sunlight, so treatments are best carried out evenings or on cloudy days.

CHANI is an acronym for the Elder entity which seems to be described as an angel (Michael) here.

When a name has "el" in it – that name refers to the *combination* of "ethnic races" we call the Elohim/Elders or the Guardians or Watchers, Other Worlders involved with the Living Library.

Some call them the "Keepers", but the "zoo-keepers" are the Anakim.

The connection between the Anakim Bran, and Michael in this hidden text line is clear and the "harmonic motion" that is the mystery M.E. "tool" of Sitchin.

USE PERSONAL CURES FROM DIALOGUES

- from memory throughout these texts these have been some of the the "cures":

prunes – highest anti-oxidant and vit C for alkalizing

rose hip – vit C : for lungs

olive leaf extract – for lungs, parasites and reducing joint inflammation

bi carb soda (always 1:3) organic maple syrup (noting that RasPutin used *Cedar oil* for the young czar's hemophilia and for himself – possibly the reason the assassins had so much trouble poisoning him)

bi carb soda – cranberries blended – for immune system

iodine which is removed from bread flour and replaced with bromine - remove bromide from your diet

lemons including flesh-spices (turmeric) - ginger root and raw org. corn blended: for brain

earthing – walking bare foot on grassy mother earth aligns the vibrations of the Earth with your DNA which are supposed to be the same vibration but are damaged by the manner in which we use electricity

DENT DE LION Dandelion decoction – liver repair
