CONFESSION BEING MADE:

During all these years being taught how to deal with these hidden texts, the word "PEDANT" was seen many times, both in relation to the words and to the **One handing us those** words. Recall my truth in the statement how "slow a person can be". In one day, yesterday, a couple of forehead smacks were well and truly overdue. First Marc DiGuiseppe (who appeared here named within) wrote saying: "the name Nostradamus not only means *Our Lady* in French, but in Latin it means **OUR GIFT**". That floored me for a while, why did I not see that? Immediately this harps back to what Nostradamus told his son in the Preface: 'always look for answers **in the stars** first'. **OUR GIFT** begs the question "who is **OUR**"? **WE GIVE YOU MICHEL**. One might also say *We give you Marc* and Marc has been a 'guide' for me over these years even though he is in New York state. The other detail which may not seem much of a difference in outcome, but it is; – the word **DINOSAUR** throughout these warnings amongst other **SAURIAN**. We have seen the word **DRAGON** and **CROCODILIAN** and **DRACO**. These I took to mean basically the same thing or theme. When describing the "good" **Oannes**, (which En.ki seems to have been) there is always a qualifier such as **BENEFICIAL** or other word which lets us know it is not the negative and detrimental **REPTILIAN** in that line. So-here is the twist. Being **PEDANTIC** the word means what it says! Harking back to 4 26 4: **"OANNES DRAGON"**

The **DINOSAUR** is a **dinosaur** – mostly the Raptor kind. A short article in the **Nexus Magazine** in about 2002 wrote of sightings of this in the Northern Territory of Australia. There are "standing up lizards with wings or shoulder blade protruberant" which seem to be the **Draco** aka 'dragon'. There are standing up **crocodilian** with a tail and some with no tail and these were the ones the Egyptians put on their walls and are the same in Centuries 11 and 12.

Jim Sparks' encounter was with tall shape shifting creatures reptilian in type, humanoid in type with no tail but with facial features which have no Earthly comparison. Since the message from those of Jim Sparks' experience was all in the form of "be aware", and they at first showed him human facial form then went on to have him taught off world language reading by their grey emissaries – it seems to me that Jim was having an **Elohim** experience. The primary warnings from them to Jim Sparks were all about the **Living Library** being degraded and what do do to prevent this destruction.

One can see why the word **Elohim** evokes negative responses from the average human. The confusion between all of these **SERPENTS** is vast. In particular for those who read the biblical versions which themselves were 'deciphered' by those with no idea either, because the reference to Off World visitors was deleted where ever possible in the bibles – unlike the Koran. Even the word "angel" provides to biblical readers only one form of "heavenly" visitor, so these texts guided Allan Webber to the works of Ravestein-Tiletanus who wrote of the shape shifting "visitors" as 'good' and 'bad' angels. Whereas the Koran clearly tells the reader if it is a 'good' or 'bad' entity.

All of this preamble has been an introduction to the following lines which speak of **Laestrygonians** which may or may not be **Titans**. They do have one thing in common – they are both cannibals and prefer children. Those of **Odysseus** seem to have been above ground types ("throwing rocks from mountain tops"), and the "Titan" types of the underground quite similar to "Dero". One needs to also re-research the description "Dero" which has all the appearances of being extremely inbred forms of **Nephilim**. These were my first impression when reading about all the missing people from **Yosemite** – especially on learning that other worlders were known to presidents as far back as 1909. This would then include president **Theodore Roosevelt** – who had certain large expanses of wilderness parks made "National". He accomplished this very quickly at a time when prospecting was fair game. This 1909 date also happens to be the year the mysterious **Kinkaid** made his discoveries under the **Grand Canyon**. It is **not Sasquatch** of any kind which are the perpetrators of the missing children in the **National Parks**. The **Sasquatch** are part of the **Elohim** alliances and the advent of people missing in **Yosemite** in particular draws the attention of the alphabet agencies. We already know the **Elohim** is defending itself *against* these agencies.. and is disarming their nuclear warheads.

"Most of the disappeared are children between 20 months and 12 years old, and elderly people between 74 and 85, according to **David Paulides**, an ex-cop who used to work near **Yosemite National Park**. No one **carrying a firearm** has disappeared. The cases bear some inordinately strange features. In 95% of cases, bad weather follows the disappearances, washing away footprints and clues and making it impossible to carry out searches. Bizarrely, the disappearances occur in areas where **huckleberries** are in abundance. And in a lot of missing children cases, the children are found miles away from where they disappeared in areas they couldn't possibly get to on their own. Some are found without their shoes – yet their feet aren't scratched or bruised. Some aren't found at all, but their clothes *are* found – as if someone or something has deliberately removed their clothes."

Author David Paulides has written the books *Missing 411-Western U.S.*, *Missing 411-Eastern U.S.* and *Missing 411-North America and Beyond* to tell the little known story of these disappearances dating back at least 125 years in this country. The year 2013 saw more national park disappearances than in the past 27 years combined. Paulides has hit several stone walls on his quest to solve the mystery of the disappearances, including the National Park Service (NPS) and the FBI. - See more at: <http://dcxposed.com/2014/04/27/secret-vanishings-americas-national-parks/#sthash.Gn39NNGI.dpuf> and at <http://www.angelfire.com/ut/branton/shaver.html> to read more about Deros – which were named in 4 44 in *LOST THING*

While searching for an image which appeared in one of the forums on the old web site, one which showed creatures scrambling UP out of the depths – this appeared – on facebook!

It is *tromp l'oy* – murals which trick the eye.

Whoever painted this is aware of the lower class reptoids which sport four clawed digits and not the five which the upper class draco do.

These seem to me to be depicting an almost perfect description of those Grayles of Phil Schneider or possibly even the Saran of Da Vinci. Plus they seem real to life size. Also read the lines with the name "DERO" in them, here.

If you enjoy these works you need to know that the 'elite' do not. One of the clauses in the TPP 'agreement' being that just one person claiming a web site is "offensive" to them will see that web site is closed and removed from the internet. This means that any 'govern'-ment schill can do so, effectively preventing the ordinary folk (who supposedly voted them in) from receiving any type of information which may or may not be disagreeable to the minority: – the "authorities". Therefore it is my suggestion the reader who is truly interested in these works write me at P.O. Box 611 Forbes 2871 NSW or email at these addresses:

wimowayholdings@yahoo.com or hiddentext@live.com.au titling your letter with "MAILING LIST" and the pdf forums will be emailed direct, noting that they sometimes arrive with a red warning window saying 'may contain dangerous content' – just let me know if that happens too. Helen Mead-Parks

These trees are all dates, and this person is a leper – see the white gloves? This simply means they have no idea what is the truth. The most important detail here is the black cube and the jellyfish craft – both shape shifting craft.

Over to the left is the band of the Milky Way with no stars and rolling somewhat, noting there is no normal sun.

The tree dates have been described before:

Hazelnut August 5 – September 1

Reed October 28 – November 24

Birch December 254 – January 20

Hickory – vernal equinox

The **Laestrygonians** (or *Laestrigones, Laistrygones, Laistrygonians, Leistrygonians*; Gk: Λαιστρυγόνες) are a tribe of giant cannibals from ancient Greek mythology. Odysseus, the main character of Homer's *Odyssey*, visited them during his journey back home to Ithaca. The giants ate many of Odysseus' men and destroyed eleven of his **twelve** ships by launching rocks from high cliffs. Wiki

One of the 112 names of the Anunnaki ^[those who came down] the texts asked the collator to compile

In Classical Greek mythology, the **Titans** (Greek: Τῑτάν *Títán*; plural: Τῑτᾶνες *Títānes*) and **Titanesses** (Greek: Τῑτᾶνις *Títānis*; plural: Τῑτᾶνίδες *Títānides*) were members of the **second order** of divine beings, descending from the **primordial deities*** and preceding the **Olympian deities**. Based on Mount Othrys, the Titans most famously included the first **twelve** children of the primordial **Gaia** (Mother Earth) and **Uranus** (Father Sky). They were giant **deities** of incredible strength, who ruled during the legendary **Golden Age**, and also composed the first pantheon of Greek deities. (**Hesiod: Orpheus of the Underworld** and **Callimachus and Nonnus**)

Among the first generation of *twelve* Titans, the females were **Mnemosyne, Tethys, Theia, Phoebe, Rhea, and Themis** and... the males were **Oceanus, Hyperion, Coeus, Cronus, Crius, and Iapetus**.

The second generation of Titans consisted of Hyperion's children **Helios, Selene, and Eos**; Coeus' children **Lelantos, Leto, and Asteria**; Iapetus' sons **Atlas, Prometheus, Epimetheus, and Menoetius**; Oceanus' daughter **Metis**; and Crius' sons **Astraeus, Pallas, and Perses**.

As they had overthrown the primordial deities, the Titans were overthrown by *younger (more recent)* gods, including many of their own children - the **Olympians** - in the **Titanomachy** (or "War of the Titans"). The Greeks may have borrowed this theme from the **Ancient Near East**.^[1] Which would mean the Aryan of Urdu/Pakistan where many giant skeletons have also been unearthed

Cronus armed with sickle; after a **carved gem** ([Aubin-Louis Millin de Grandmaison, Galerie mythologique, 1811](#)).

There are two details here which need to be understood

"Cronus" is one of the names of **Saturn** - the "eater of time" - and children do represent "time". Titan is a moon of Saturn.

Quatrain 6 17 3: *the Saturnines burned by the Millers* (Elohim)

The sickle he holds we all know is used by **reapers**, but the sickle is also the alchemie name for a part of **Leo constellation** - that part which runs down the back of the 'neck' of Leo or some say under the 'throat' - either one being equal distance (from our view) between **Chertan** and **Corvus**.

REAR LEMON there are a couple of lemons which are different, the one in front of Mary is smaller and at the rear

well – this was the best I could do so far as a Putin look-alike in the Eucharist might be... this was obtained from the [young] disciple Mary in the Last Supper, taking the line from right at the tiny lemon in front of her (lemon at rear) One needs to imagine Putin with more hair... the proportions from the brows down look good especially the mouth. By making Putin *younger*...? She is looking down whereas he is not. Note the subtle effort of a manly beard pointing to a male.

There are interesting differences between the two "Putins" here. Even though both images are full face-on, in one the nostrils are visible and has a shallower chin (which the Da Vinci portrayal also has) including the angle of the eyes

When the Leo Rising Sphinx was constructed in the image of Ninghizzida/Thoth,(the Ibis headed) to commemorate the design of the Giza Plateau in the formation of GRUS/BENU, this was representing those who came from the constellation Grus in league with ('spun by') one of the Ursa Anu factions. The missing fourth pyre-amid which was still in situ at 1770, is testament to the form of the bent winged bird whose tail goes from the Benu caves all the way underground north east to Buceggi and whose long head and beak go all the way south by south west to Al Faiyoum. This is only seen from a height of 150 kilometres up. The **RAJ** connection refers to the British 'Empire' which has always been the primer of more modern worldly events – in order to gain wealth and power for a minority.

Joyce writes the "computer" and Duncan Cameron were able to effectively rip open a hole in space-time from 1983 to 1943 to correct situations aboard the Eldridge as it went through the time warp, changing the past to change the future creating a paradox. Al Bielek wrote of a grey alien invasion through the 40 year rift in time, with the rift allowing many UFOs to invade our world. He also mentioned soldiers going through the time portal at Montauk to fight in a 'future war' 50 years ahead!

1. [Al Bielek Ed Cameron's Time Line - Philadelphia Experiment](#)

www.bielek.com/ab_timeline.htm *really born August 4 1916 as Ed Cameron

Al Bielek is the regressed essence of Ed Cameron. Birth date of Al Bielek March 31 1927 ... When Ed and Duncan Cameron jump off the USS Eldridge, they both land in the year 2137. ALFRED BIELEK died October 10 2011 aged 84.

“BIELEK found himself with his brother, Duncan Cameron, in a hospital of the future for 6 weeks, recovering from **radiation injuries.** (Caused during the Eldridge incident)

The medical system of that future used vibrational and light treatments.

The TV programs were educational and news programs.

That’s where he noticed that earth changes caused a lot of geographical changes that began in beginning of 21st century **until 2025.** The coastlines and interior of the U.S. and Europe were drastically different from the way they are now.

The water level had risen and Florida was reduced to the panhandle only. Atlanta, GA was only 3 miles from the ocean.**The Mississippi became an inland waterway. The Great Lakes became one large lake.**

The U.S. Infrastructure had collapsed. The U.S. and Canada were no longer referred to as nations.

A loose form of local martial law existed in 2137. Central government (NWO) was gone.

“The magnetic poles of the earth started to shift but in that time line **an artificial pole structure was created to prevent the collapse and reversal of the magnetic poles. As a result, the poles did not flip”.**

The worldwide population was reduced to 300 million. The U.S. population was around 50 million.

He claims that between 1954-2000 our government worked with the aliens acquiring technology, back and forward engineering all their technologies.

The problems began between 2003-2005.

The new world order was taking over the planet but then a war developed.

At some point a war broke out between the **Russians/Chinese vs U.S/Europe. A number of U.S. cities were destroyed. The new world order collapsed.** (Meaning Russia won)

The government has the technology to reduce radiation damage and nuclear waste within a few days, even now but **refuses to use it for political reasons.** In the future, the technology is used to clean up the radiation left from WW3.

He then found himself, inexplicably, in the year 2749 for nearly two years.

He talks about what he learned while he was there.

Then he was taken back to 2137 to pick up Duncan, after which they were both taken to 1983.

There were ground based and **floating cities***. The floating cities could be moved to different parts of the earth.

The **Synthetic Intelligence Computer System** was a computer system that ran everything.

There was no government.

It was a huge crystalline floating structure. **It interviewed them telepathically.**

The structure of society was completely socialistic. The basic needs for survival were taken care of for everyone.”

- o *** The hidden texts on the original web site called these floating cities LATONA, this appeared in the forum WATERWORLD**
- o **Al Bielek and V. Valerian mention that Antareans, who look just like “normal humans” are stationed as “observers” on the [Montauk](#) base. (See: [Project Phoenix](#))**

“Right now the timeline of the past 240,000 years looks like a piece of Swiss cheese the way it has been so abused by various alien races, the Orion-led New World Order, Thoth/Hermes/Ningishzidda (Anu) and all his cohorts, and various and sundry other time travellers coming and going just like the planet was something out of Men in Black II.

In an interview conducted by Suanne Konicov (Connecting Link, issue 19, 1992), **Al Bielek** outlined the additions made to the basic warlike U.S. attitude **by an alien presence not conducive to the highest ideals of Man** - additions that led to the time-altering phenomena we now know as the Philadelphia Experiment and the Montauk Project. In this excerpt, Bielek describes the time-rift ‘tunnels’ formed by some of these activities:

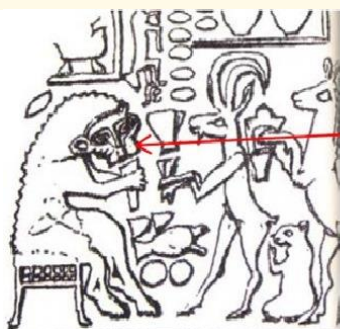

"It will stabilize itself by the year 2003 unless they reopen it. Then you have another can of worms to deal with. They just don't realize what risks they are running **in reopening that thing**. The rift was stabilized in '63, or this North American continent **would now be under salt water**. There was a special project created, now well-covered, to restabilize the reverse time wave which would have hit the forward one in '63 at the node point and wrecked this continent. It was due to the fact that they had this time rift, and because it was unstable in the way it was generated (like a standing wave in an RF transmission line). You may not understand RF theory, but you get a reverse wave in an unterminated or improperly terminated line (time as a cycle or circle which cries out for completion). **Time is a wave as well.** SEE "SQUEEZING THE WAVES" IN 1 63 Time is a key element in the controlling of Mankind on this planet, and we have not heard the last of it on our journey through history. For now, however, if one is to keep moving forward with their spiritual growth, an understanding of the cycles of time is necessary to freeing themselves up from the old paradigm and timeline which is at the present moment diverging, and to move forward into something new and as yet unformed, awaiting only the imaginative and cooperative abilities of those who will be there. RANDY CRAMER (Mantids)

SIMON PARKES Enki and Mantids etc

TRAVIS WALTON

URANDIR OLIVEIRA: South America

WHITLEY STRIEBER (the Argental, a Leptorrhin, the blue gray from Scheat in Pegasus, dwarfs and the little uniformed J Rods)

And those who took videos of the writing in the skies of "Phi" and S.O.S. and videos of the purple craft over Lima Peru Feb 24 2015 and 'caught' Mantids accidentally in their videos

THIS LIST HAS BEEN GIVEN TO US BY THE CASSIOPEIANS VIA "OUR GIFT" WHICH IS NOSTRADAMUS

IT HAS TAKEN THEM NINE YEARS TO PROVIDE THIS LIST [to me], MOSTLY DUE TO MY OWN IGNORANCE

Here is a list of those in the Elohim alliances:

AYSE - of the Andromeda Council which are mostly blue priestesses EXTRA-DIMENSIONAL (outside our time)

- o The "Neon" of "tuna coloured" ones, portrayed in blue in the vignettes of the "Lost Manuscript"

Cassiopeians - in the "super Lunar nurseries" "centile sided" planetoid (one of the "two witnesses")

E.Yah/Enki now a Ra

Arcturans - little pale green greys with 'club feet', and eyes with vertical pupil

Argo - Mantids of the Living Library – the cockerel seen in many places, meaning the Puppis/poop deck

Bluish grey from Scheat in Pegasus - stayed with Whitley Streiber for a week, and is the one looking after me (assigned to me) also club-footed

King of kings – from Cepheus - **Seraphim in the Black Knight** orbiting also known as Peleus, and The ARM (the other of the "two witnesses")

ELDERS from Bireo in Cygnus, called Leptorrhin and the "fragrant" ones, under Tibet...

DAHL - cat eyed tall "Nordic" (there are 29 Nordics, not all are good ones) these are from a parallel dimension

The **Dwarfs** - hooded ones, danced with Whitley Strieber, live with the Cassiopeians, *genera* of the small hairy and big hairy (Sasquatch) which are also of the Living Library for the Elohim.

Two Brained J-Rod, sometimes called He Rods, aka "the Hero" are currently at Gliese 876C near Aries but did originate 52,000 years in our future from Zeta Reticuli 4, they also come from 45,000 years in our future but these are the hive mind type. a j-Rod52 was the assistant to Nostradamus in the stage gate (and the doctor called him UUilliem52) The term E.N.E. applies to them (extra terrestrial Noetic entity) whereas the Zeta45 are E.B.E.N extra terrestrial biological entities

LyRans - greys with no nose, they breath thru their skin, helium I think and they are represented by a tortoise/testudine, they suffer on Earth because they are affected by the biogens here (1:1:1)

Synthetic assistants to the Mantids - of David Huggins and Urandir Oliviera. The pubic hairs were tested with the results in Dec 2009 showing "Mongolian traits"

Procyon Nordics- the "merry" ones, the "happy" ones do manual work for the Regency Order of the Andromeda Council such as sasaring the reptilian bases under China...

Silver Grays, tall ones, the ARGENTALS - of Whitley Streiber and Jim Sparks

TAU CETIANS - the "police department" also known as Swedes

The: **see thru tall man** - "Master" Simon Parkes calls him, David Huggins has painted him. He is eight feet high. In the quatrains he is "Ferdinand" known as "The Fair"

See-thru **floating grey** - **CHANI** a "Younger Elder" formerly St Michael and before that Celtic Bran

Violet Beings - Aromatics - Eleleus, beings of light in another dimension

None of these are INTER-DIMENSIONAL – which are negative and are caught between times, sometimes called Is-Be amongst other names. These could even be Djinn.

E Chavez

why are there no humans as part of this alliance, what are we baby cabbage patch dolls, goldfish in the living library?

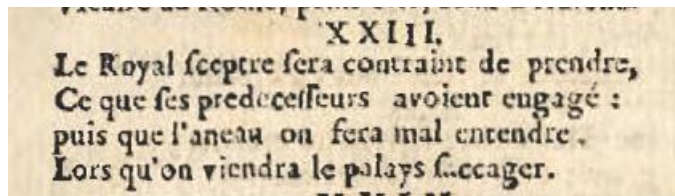

answered:

Helen Parks The Human ones are: DAHL, Cassiopeians, Synthetics (Incubus and Succubus) Procyons and Tau Cetians are humans and omitted from here for the moment are the Ummites and the Plajarens - who are neutral. "Master" seems to be a human as well

The Royal sceptre will be forced to take that which his predecessors had pledged. shadow govern.ment because they do not understand about the ring/cronus visor when they shadow govern.ment come to sack the palace.

a pun – they being also the elite

7 23 4 when they come to sack the palace.

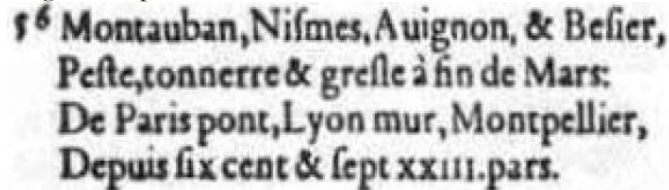

We have seen "eagle at the sun" and in that line the word "palace" meant the sun. Mansions are the houses of the zodiac in the same theme. So "when they come to sack the palace" refers to the events taking place at and around our sun, such as "stealing helical casing". These days our sun is becoming stripped more and more of her warmth and heating qualities, which is disturbing to reptilian races, & the reason for their agenda of chemical trailing our skies creating a greenhouse effect. Also the reason they are using the CERN machine in order to prevent our orbit gaining more 'ground' which is what the Elohim have been doing. Naturally the two events of 1) being moved outwards and 2) volcanic activity caused by this will usher in the next ice age – anathema to all reptilians.

In line three "because they do not understand about the ring/cronus visor refers to those who know and work with time lines, yet have not worked out that the Elohim are using time lines to pre-empt them. This was stated in 7 73 1.

Naturally this also applies to ordinary folk who do not believe nor seem to want to understand that time 'travel' is very real and that there are several different ways of accomplishing this. This was the very reason the collator was 'given' the different types of « visitations » via time gates and the "ring".

7 73 1 has a forum of its own, and the forum *IS, CAN BE, SEVEN CONDUITS, SOME USED* describes cronus visor visits. Which at the time of publication, five of the seven visits so far had occurred. Thankful I am that on one of these occasions my son in law was seated next to me. That was the Da Vinci [aborted] event in a golden 'ring'.

ENVY : continued

from the *Cronographia* of Michael Psellus the Younger 1055AD of 1:42:4 '*seeking the gold of the Ornament (Nostradamus) and Psellus*' (but actually 731AD ca. fifty five years or less following the emperor being described)

9. BOOK FIVE *Cronographia* of Michael Psellus the Younger

"At this stage, I will interrupt the narrative for a few moments while I pass some preliminary comments on the emperor's mental and spiritual outlook.

There were several examples of mens [sic] who at dawn the next morning were destined by him to undergo the most horrible tortures, being made to share his table at dinner the evening before, and to drink from the same cup as himself. As for the names denoting family-relationship -- I would go further than that and say even the actual relationship itself -- to him they were so much nonsense. He would not have cared one jot if a single wave had overwhelmed and engulfed the lot of them, all his kith and kin at once. He was *jealous* of them, not only in the matter of government -- that was natural enough -- but he grudged them the elementary necessities of life and any little luck that came their way. If power was to be shared, it would be with someone quite insignificant, or with nobody at all. In fact, more than that, he seems to me to have felt *envy* even for the *supernatural*, so great was his dislike and suspicion of all men in all circumstances."

THE EMPEROR'S HATRED FOR THE AUGUSTA AND HIS ENVY OF HER

17. In the public proclamations he heard her name mentioned before his own and after that indignity he could no longer hide his chagrin.

34. As I have said before, Constantine had not one daughter, but three. The eldest of these ladies was dead. The youngest for a short time continued to live with her sister after she became empress and, to a certain extent, shared the throne with her. The privilege of acclamation was not extended to her, but she did enjoy exceptional honours and she had her share of splendour in the palace, although her position was inferior to that of her sister. Their close relationship however, and the fact that they were born of the same mother, were not sufficient to avert jealousy, and even her lower rank excited the empress to *envy* Theodora**71 (that was the younger sister's name).

74. I will say no more on that subject now. To return to Constantine: I will describe the events of his reign in chronological order, beginning with the very first war in which he was engaged as emperor. But first I will go back a little further still, putting the head, as it were, on the body that I am creating. 'Goodness', say the epigrammatists, 'is scarce'.**102

True enough, but even the few are not immune from the *creeping paralysis of envy*. It is universally true that wherever the fine bloom of natural fertility, or of stoutheartedness and courage, or of any other good quality, wherever such a bloom appears, there straightway stands the pruner ready with his knife, and that part of the plant is cut off. But the shoots that run to wood [142] and produce no flowers at all, these are encouraged to spread, while the thorns grow apace. It is not surprising that *those who are less endowed with admirable qualities should normally envy* persons of outstanding character, but I do regard it as strange that emperors also are not exempt from this failing.

Thanks (but no thanks) to television, people are now ‘programmed’ quite literally to accept without question, warfare, violence, needing a job to earn a ‘living’, competing for anything and everything against everyone else.

We are literally educated that we cannot survive without the money system.

None of us seem to be learning that to have *enough* for our needs is more than adequate, that we have no need for anything which is more than enough! There is a word for this : greed.

There are countries in Europe which manage to tax those earning *more than enough*, mostly business corporations - and manage then to spread that tax around those who really do need it. Funnily enough - these are also the same countries which have minimal number of gaol occupants or criminals, and provide free education and medical help for all and amongst other things - clean streets.

It seems to me clean streets equals clean minds.

The shift from a large society using up all of mother Earth’s resources to smaller communities of people will not be a difficult move for those who are not lazy and computer-dependant.

(Those who understand that *not using up* mother Earth is a natural way to overall individual improvement) and giving and nurturing others around us with the same equal and fair opportunity to expand one’s own talent.

Part of the personal problem is ego and the need to have *power over* others.

To me, it seems that the ‘*super lunar nurseries*’ are all about repairing these deficits we humans currently have. Breeding and upgrading the *homo sapiens sapiens* we are supposed to be into a *homo familiaris homibilus librariato pacifenturous* (peaceful learned/known family hu-man)

puns included : homibilus/humble and librariato - freedom for all, as well as part of the Living Library No need to go checking on these words, since I invented them or as the texts say ‘innovated’ them.

Jokingly the saying in my camp is ‘*too much testosterone*’ is at the bottom of most ills of inhumanity.

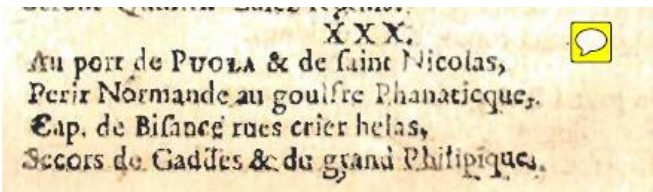

Is it a joke though, that at one time in our distant past the hunter in us did require testosterone on tap but the misplaced *hunter* within current social paradigms simply becomes a warrior ? Either on the moronic football field or a *paid man* with weapons killing other cultures for the puppeteer ?

Halal [torture] killing also provides too much *adrenaline/testosterone* for our DNA, reprogramming our very genetic structure so say these texts - mutating and downgrading us from that which we once were.

Turns out *we ARE what we eat* has been no truer philosophy.

Begs the question :

when these reptiles come here to eat humans and *steal souls* - what are they really trying to do ?

Heracles is the Hero J-Rod, who it seems - is an heir of the Gods. Keeping in mind that Dan Burisch said he was told by the J-Rod52 that they are us fifty two thousand years hence. No wonder there is a star wars at this juncture! The negative ones are fighting to kill us all of much like Herod did with all the baby boys in order to prevent the rise of Yeshua! Helen Parks The "friendly" cubes did visit Russia Dec 26 2012 (video CUBES RUSSIA DEC 26 2012) but they were golden ones. There are NO craft which can approach amerika now without being shot out of the skies by Phil Schneider's grayles (which they have been doing since the late 1900s, so nothing to do with "radar"). The only craft safe to be there happen to belong to what people call "fallen angels" and those craft can shape shift. There is one video (in a pdf forum*) of a "walnut" changing into a jellyfish (which were painted at the crucifixion). By the way, the cross belongs to the Anakim of 112 + names, and there are crop circles showing that pheon cross morphing into a cube. It was the Oanne Anakim which invented "feuding religions" to keep us all divided, say the hidden texts. If one goes to the pdf forum ALA.LU & SATAN one will see that Lucifer is Allah-Lu, and along with the halal form of sacrifice, this explains much. Plus these texts tell us that eating meat makes one an « angry » person, and that also explains much ! A recent experiment in a gaol feeding the inmates vegetarian meals brought the violence incidence down quite significantly

One would think that a portrait by Da Vinci would be true to life, when also in the early 1600's that a portrait by Cesar de Notredame (born 1553-1629) would also be realistic (or copied from one).
 The Last Supper was completed 1498, five years before Nostradamus was born. Da Vinci was 46 at the time. This comparison here astonishes me.
 The same hair do, the same eyebrows and eyelids, the same nose and the same mouth – the same beard, and even the same bags under the eyes.
 The image on the left taken from the Last Supper shows Nostradamus with the time traveller 'flower' hovering. There is over one hundred years between each image.

A big thank you to Gina Utz for alerting me to the question of the man on the right hand side of the Jesus in the Eucharist of the Last Supper
 the illustration of Nostradamus is reversed here in order to gain a better comparison

RE-ITERATING:

Da Vinci painted Nostradamus in the Last Supper several years before Nostradamus was born!
 At the time Da Vinci was 46, but he was 26 when he 'discovered' the time gate ... or it found him...
 Nostradamus found his time gate shortly after he lost his young family to the plague in 1538, when he went missing for at least six years. One "finds" time gates by being "huxed" (caught up) in this instance by the Elo'im, saying that around the age of 36 Nostradamus met Da Vinci. This indicates Nostradamus was aware of the Elo'im then. In the portrait by Da Vinci pictured here, Nostradamus does appear to be about thirty six.

FROM A READER. June 2015

"I just came across your posting of May 31 on E. Mann's "alternate theories" site, delayed because wow there are some long postings and I was [only] added to the group in June.

Although your information was new to me, I remembered a **puzzling channelling about Roswell. Subset, channelings are very iffy but with discretion sometimes have valuable information.**

As example the ones alleged to be from "Ashtar Command" were originally remarkable, some of the accurate conduits got death threats and hi tech attacks.

The puzzling one about Roswell was interceded in other information and said

"They shot down some of our little ones".

No elaboration on who "they" were, **at no time was radar implicated elsewhere.**

Most puzzling to me was the "our" and the implication that the little ones hence were of the "good guys".

Your information opened a whole new can of worms for me --

At the time of this channelling, even earnest students had no idea how vast are the machinations of the good guy vs the bad guy ETs.

Thanks for your pioneering contribution to same.

answer

yes, the detail was in the fact that over 169 crashes have been observed since the nineteenth century,

therefor **prior to "radar" bringing them down**, yes the good guys of the Elohim (of 20 alliances, I have them in alphabetical order) over-seen by the **Cassiopeians** and the **Andromeda Council.**

ANYTHING with a military term or title is infiltrated by reptilians. Such as "Command".

The west is now run by various reptilian-reptoids and the Elohim can only access the west via one of the time gate conduits*. The enemy within (Phil Schneider's grayle reptoids) have been using their technology to shoot down the Elohim craft all along.

It is the Elohim who are the Creators in the bibles. see 4 26 3 pages 4, 5 & 6

The East on the other hand has the Elohim behind them now, and Putin has had his DNA tweaked, with his strong background knowledge he is the one person to deal with preventing g.m.o.s chemical trails etc.

I forgot to say it is not 'my' information, but from the Cassiopeian-Elohim, via OUR GIFT Nostradamus & Da Vinci

- **NICER MANTID** indicating there are others not so ‘nice’. We have seen that Randy Cramer (once mercenary for the elite who are destroying our planet) had been fighting against mantids – and who decided to see what would happen should he approach unarmed. Mind control by the mantids cannot be ruled out over a soldier – however high his intelligence quotient might be – thus providing proof that the mantids are fighting for Earth’s benefit. To date of all the research done for these texts, there has been no evidence of negative mantids. This line even gave the reason for burying the d.u.m.b. in a lahar – they were interring nuclearization in our planet, anathema to the Elohim since nuclearization affects the quantum connection of universes/dimensions.
