Within the previous continuation of this collection of DA VINCI "RIDDLES" the word "recant" and "Calendar recanter" has appeared which needs further explanation. The explanation is in this forum. Have you noticed how many of the doctor's warnings are the same from Da Vinci?

IN CAR is in Capricorn, the very date the golden cubes were seen over Russia December 26 2012 in the first ten days of Capricorn (Car).

In one way this act could be seen to be the world changer, the infamous 2012 date of the winter solstice except that the "days had been made shorter" in April and June of 2011, causing the Earth to not be where she would have been when the two asteroids passed December 13 (St Lucy's Day), without a peep from NASA until after they were gone. This was Toutatis and companion on their four year cycle. Putin or Pêten in Hebrew means 'Cobra'.

- **MANURE ALIEN** for those readers who can barely believe their eyes, the Alchkemye key word for the Pleiades is the *Pile*, the *Heap* which once upon a time our good food needed in order to grow. We have seen that Randy Cramer (once mercenary for the elite who are destroying our planet) had been fighting against mantids – and who decided to see what would happen should he approach unarmed. Mind control by the mantids cannot be ruled out over a soldier – however high his intelligence quotient might be – thus providing proof that the mantids are fighting for Earth’s benefit. To date of all the research done for these texts, there has been no evidence of negative mantids. This line even gave the reason for burying the d.u.m.b. in a lahar – they were interring nuclearization in our planet, anathema to the Elohim since nuclearization affects the quantum connection of universes/dimensions. Notice Corey Goode never ever mentions the Elohim or any of their alliances nor the Cassiopeians ?

From the Epistle ^{short histories} to Henri II from Nostradamus : excerpt regarding the Adriatic

Après cecy la Dame sterile de plus grande puissance que la seconde sera receüe par deux peuples, par le premier obstiné par celui qui a eu puissance sur tous, par le deuxiesme & par le tiers qui estêdra ses forces vers le circuit de l'Oriët de l'Europe, aux pannons l'a profligé & succôbé & par voile marine fera ses extensions à la Trinacrie Adriatique par Mirmidon, Mantids & Germaniques du tout succombé, & sera la secte Barbarique du tout des Latins grandement affligée & dechassée.—

By marine sail they will extend their Myrmidons^{Greece 'Ant men'} and Germans^{CELTIC} to Adriatic Sicily.

But they will succumb wholly and the Barbarian^{AzkeNazi} sect will be greatly afflicted and driven out by all the Latins. Noting that it has been the 'Latin' countries gaoling bankers

Puis le grand *Empire de l'Ante christ* commencera dans la Atila & Zerses descendre en nombre grand & innumerable, tellement que la venue du Saint Esprit procedant du 48. degré, fera transmigrastion, dechassant à l'abomination de l'Antechrist, faisant guerre contre le royal qui sera le grand *Vicaire de Jesus-Christ*, & contre son Eglise, & son regne per tempus, et in occasione temporis,—

emphases are the collator's

Here is some food for thought: within the Epistle to Henri Nostradamus names the *Antechrist* six times, spelt "before Christ".

The **third** people* will extend their forces towards the **circuit of the East** of Europe where, in the Pannonias, they will be overwhelmed and slaughtered. By sea they will extend their Mantids and Celts to **Adriatic** Sicily. But they will succumb wholly and the **Barbarian (Askhenazi bankers) sect** will be greatly afflicted and driven out by all the Latins.

At that time the great sails of Byzantium, allied with the Ligurians and through the **support and power of "Aquilon"** will impede them so greatly that the two Cretans will be unable to maintain their faith. [the Northern Realm – Russia?],

The **arks built by the Warriors of ancient times** will accompany them in/to the waves of Neptune. ^{Antarctica}

please refer back to the forum *MEDITERRANEAN* and see the detail regarding the "Ark of Gabriel" 'rescued' from Mecca ^{by Putin}

In the **Adriatic** great discord will arise, and that which will have *been united will be separated*. (U.N. elite factions) To a house will be reduced that which was, and is, a great city, including "Pampotamia" and "Mesopotamia" of Europe at 45, and others of 41, 42 and 37 degrees. (the hidden texts names 44, 45, 48, 55 and 39 degrees)

Have "interpreters" been getting their "three antichrists" from this paragraph? The *third peoples* of the ante Christ? B.C. The bible only uses the word 'anti Christ' once and once only, from John, who wrote it in Greek. Was he referring to one individual person? Which one of all the genocidal murderers in history such as Chinghiz Ghan, Pol Pot, Idi Amin, Hitler etc?

* The **third** people: has no one ever questioned who these people are? They are the underground population, the *ante christ*.

"The said reign of the Antechrist ^{reptilians} will last only to the death of him who was born at the *beginning of the age* and of the other one of Lyon, associated with the *elected one* of the House ^{bloodlines} of Modena and of Ferrara, maintained by the Adriatic Ligurians and the proximity of great Sicily. Then the Great St. Bernard ^{Alps} will be passed.

- o *Warriors of ancient times*: the giant's base under Buceggi has recently been purloined by the Industrial Military E.T. Complex, but the "arks" may also be a reference to those of "I Darius" about which everything is warring.
- o *waves of Neptune*: meaning both the tsunamis from the 'meteor' sent by NASA as well as the cosmic waves but not excluding those 'vexatious ones' from Neptune, dwelling under Antarctica.
- o *been united will be separated*: this can mean both land and country areas divided by great earthquakes as well as those elite families with their conflicting agendas.
- o born at the *beginning of the age* – *this is Allah-Lu who was the first to discover our planet, he is the 'living dead' subsisting via time gates, whose terminal death is described in these texts*
- o St. Bernard^{Alps} will be passed. At the moment the western Freemasons have control of the Giant's Base under Carpathia. There has been underground warfare between this base and those under Altai and a consequence has been the recent great earthquake of Nepal. Who told me that? I cannot let you know just yet.

This will be preceded by a solar eclipse more dark and gloomy than any since the creation of the world, except that after the death and passion of Jesus Christ. And it will be in the month of October that the great translation will be made and it will be such that one will think the gravity of the earth has lost its natural movement and that it is to be plunged into the abyss of perpetual darkness.

In the spring there will be omens, and thereafter extreme changes, reversals of realms and mighty earthquakes. These will be accompanied by the procreation of the new Babylon, miserable daughter enlarged by the abomination of the first holocaust. It will last for seventy-three years and seven months.

Then there will issue from the stock which had remained barren for so long, proceeding from the 50th degree, one who will renew the whole Christian Church."

Epistle to Henri II (which does have contradictions to the *Preface* to Cesar)

In the *Cassiopeia Transcripts of Laura Knight Jadczyk*, when asked "who is the antichrist"? The answer was simple.

A: The negative reptilians.

In 4 44 there were two quite different meanings between the 1555 and the 1562 publications from the originals – plus a third meaning taken by Erika Cheetham. She had “Doux” as “Deux” (two) but Doux and Lous are paired, they belong to each
Doux subdued *gros de Mende, de Rouds et Milhau* Subdued one at Mende, at Rodez and Milhau the NASA ‘meteor’
Lous much lauded *gros de Mende, de Roudes & Milhau* and the same meteor, only much advertised, just as NASA want when they are in the process of deceiving us. This belongs with all the ADRIATIC lines and the hoax NASA ‘asteroid’ onto the “Adriatic rim”. This area is above the “Eruptive Serbian Basin Alive 6 59 3” When it says Doux (softened or subdued) it means it has been made less damaging by the Elohim, which they have shown us in many other lines.
 We have seen warnings to the people of Rome and to those of the “Isle de France”, plus this seems to be a night time event.

"The "Global Warming" argument has, basically, disintegrated...dust-to-dust, ashes-to-ashes..."

The December Solstice... writing December 26th 2015

with the new orbit of 377 days commencing October 10/11 2013 – this longest/shortest day of the year should be later than the usual 21/22nd – but something strange did happen. For the ten (or 12, 2 days were rain) prior to the 22nd December 2015 the sun steadfastly set at 8.04, then on the 23 it set at 8.07 – which is exactly what google search said. Now those of us who still have memory cells intact in the southern hemisphere will recall many previous longest days with sunset at way past 9pm. A reader asked me about daylight saving – but the figures stated are from the same longitude and latitude which has been daylight saving for decades. Meaning that 9.15 pm in 2010 or 2011 or 2012 then 2013 plus 2014 were all under the same category, with the exception that the 2014 solstice happened on November 22. Taking into account we have an elliptical orbit means obviously that we can count on (literally)nothing. The 24th saw the sun setting at 8.11pm and the 25th the same...and all January

Here is another one come true – no matter how unlikely the words may seem when they come, a person simply needs faith!

Referring to 8 16 4 the "Jesus Soul Complex": from a reader

"Reading through your [David Icke] comments, I understood more closely the assertion about the "Jesus Soul Complex" and have this information to share... which seems to confirm what you are being told by The Hidden Texts.

...from Knight-Jadczyk, Laura (2014-07-08). *The Cassiopea Experiment* Transcripts 1994 (Kindle Locations 1644-1654). Red Pill Press. Kindle Edition.

Q: (Laura) Let's go back to Jesus. Are the only miracles he did healing?

A: (Cassiopeians) No.

Q: (L) What other kinds of miracles did he do?

A: Telekinesis.

Q: (L) Did he walk on water?

A: No.

Q: (L) Did he turn water into wine? A: No.

Q: (L) Are these all just stories?

A: Yes.

Q: (L) What is the purpose of the stories?

A: Control.

Q: (L) Was Jesus crucified? A: No.

Q: (L) Was somebody crucified?

A: Too vague.

Q: (L) Was somebody crucified on a cross and represented to be Jesus?

A: No.

Q: (L) There was no crucifixion, there was no resurrection after three days, is that correct?

A: Close.

Q: (L) Okay, what is the truth on that matter?

A: Left earth plane on ship after extended sleep state.

Q: (L) When did he go into this sleep state? Did he just go in one day and go to bed and go to sleep and then a ship came and picked him up?

A: Close.

Q: (L) So he appeared to his followers to have died?

A: They thought this.

Q: (L) Did he get up and say anything to anybody before he left on the ship?

A: Yes.

Q: (L) Did he come back to life... A: Yes.

Q: (L) And then he told them things he had seen in his extended meditative sleep, is that what happened?

A: Close.

Q: (L) Okay, what happened?

A: Told prophecies then proclaimed eventual return.

Q: (L) Was this information he got during this period of extended sleep?

A: Yes.

Q: (L) How long was he asleep, or in this state of semi-death?

A: 96 hours.

Q: (L) And then, a ship arrived and took him away, is that correct?

A: Yes. Upon pillar of light.

Q: (L) Are there any other miracles he did that are outstanding?

A: Miracles are subjective.

Q: (L) Did he raise Lazarus from the dead? A: No.

Q: (L) Did he raise anybody from the dead? A: No.

Q: (L) Okay, when he got to this other plane, what did he do?

A: Vague question.

Q: (L) Is there any special power or advantage in praying in the name of Jesus?

A: Yes.

Q: (L) Well, if he didn't die and release his spirit into the earth plane, how is this power conferred?

A: Prayers go to him.

Q: (L) And what does he do when he hears the prayers?

A: Determines their necessity against background of individual soul development.

Q: (L) You said that when a person prays to Jesus that he makes some sort of a decision, is that correct?

A: Yes.

Q: (L) Well, how can he do that when millions of people are praying to him simultaneously?

A: Soul division.

Q: (L) What do you mean by soul division?

A: Self explanatory.

Q: (L) Do you mean soul division as in cellular mitosis where a cell splits and replicates itself?

A: No.

Q: (L) Does Jesus' soul divide?

A: Yes.

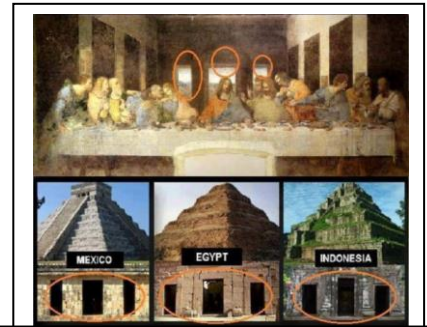

Q: (L) How many times does it divide?

A: Endlessly as a projection of consciousness.

Q: (L) And what happens to this piece of soul that is divided or projected?

A: Is not a piece of a soul.

Q: (L) What is it?

The lower three were built by the Anakim
Leonardo is saying that the same proportioned windows in the Eucharist also carry reference to the same Grus builders

A: It is a replication.

Q: (L) Is each replication exactly identical to the original?

A: Yes. And no.

Q: (L) In what way is the replicated soul different from the original?

A: Not able to give individual attention.

Q: (L) Are any of us able to replicate in this manner if we so desire?

A: Could if in same circumstance. The way the process works is thus:

“When Jesus left the earth plane, he went into another dimension or density of reality, whereupon all “rules” regarding the awareness of time and space are entirely different from the way they are perceived in your realm. At this point in space time his soul which was/is still in the physical realm, was placed in a state of something akin to suspended animation and a sort of advanced form of unconsciousness. From that point to the present his soul has been replicated from a state of this unconsciousness in order that all who call upon him or need to be with him or need to speak to him can do so on an individual basis. His soul can be replicated *ad infinitum* - as many times as needed. The replication process produces a state of hyper-consciousness in each and every version of the soul consciousness.” (MDG)

This “Hero” was the J-Rod52 who returned to a crash site near Roswell. He did so (according to Burisch–fully named in these texts- and in these texts) in order to repair time lines which had been altered by the military industrial E.T. complex with this E.T. being the Zeta45 greys which work with the Anakim (and I personally believe these are the Igigi of the Clay Tablets of Enki). According to this J-Rod52, his and many other off worlders’ future would become drastically altered had he not done so. As strange as it seems, this is also telling us that **time lines for Revelation** have also been altered, thus “NO man shall know the hour”.

This is the reason the Smithsonian [Jeffersonian] was hiding the evidence from us for decades, since before 1909, when National Parks were made "national" in order to keep people from making discoveries about the still living members of this remnant giant family (hence the reason for all the missing people in parks). Teeth like a shark makes sense for the type of consumers they are.

In biblical terms, these are those which are going to "rise up" in the days of darkness – and those days are not far away, since that darkness will be caused by an eclipse of a planet up to 14 times larger than ours. The Texts tell us these giants had/have a hybrid form of botanical DNA crossed with the original source (the 'fallen angels') and if you go to Peter Moon's Videos about the GIANT'S BASE UNDER BUCEGI that might get you started on a real bit of re-research, which you owe yourselves.

Noting the reference to the resonating sinus which is mentioned in other lines.

The dark ages with 324 years simply removed to enable clause 2014 to be brought forward, we are really in 1692 in 2016. The 2014 clause is for "trade in men"...J-ROD45 & TREATY9 has not been published yet. Quite apart from the evidence put forward in SHARS Of NIBIRU & The MISSING 324 YEARS the other outside peripheral evidence is that the SHROUD IS REAL which can be shown when the C14 dating is found to be faulty by 700+ years due to bacterial encapsulation, adding the 324 missing years to this then gives us the absent millenium in the true aging of the Shroud.

Nevus warty greys will pursue the Neptune enterprise, in previous lines the 'warty ones' have suckers for fingertips & are the E.N.E. The night time 'clamour' could be the Jesse Ventura's attack "in another's bed". The timing clue is the word 'Adriatic' ... The "Neptune" enterprise seems to be the moving of Gabriel's Arc to Antarctica which was late in 2015 presage 12 Octobre 1555

- o GRACE (NAP hibernating) RANGED ACROSS: the Seraphim (Peleus) hibernating "Watchers" in the Black Knight orbiting. When you hear people say this object was put there by the British (a Project Camelot comment) then ask yourself – how did they then place it in the **north south orbit** when not one other space agency has been able to do so? Also ask yourself; 'how come then it was spotted by one of the very early astronomers?' This was one of the reasons someone (in NASA) concluded it had been there for "about 13,000 years" – begging the question "how did they come to that

conclusion"? NASA said they had investigated this object – but I put money on them doing no such thing with *Seraphim* inside! There is something called **“the red line”** which investigators cannot pass when in proximity to one Anakim giant discovered “asleep” and contained (they think). When trying to walk past a particular spot near its head, the person simply implodes – so this point of no passing has been dubbed “the red line”. If Anakim carry this frequency even while hibernating – then assuredly the Seraphim do too! Thus we cannot believe what NASA try to tell us regarding the Black Knight.

READ : YEAR OF DRONES FED USED, CENSORED FLUENT UTOPIAN ORATOR Telling **ADORE (in Libra) COLT/2014**

ORNAMENT DATE (October) ELITE TORMENTERS' FOLLY, CLONED ACE SUPER MAN; ROUND FACED ONE = DEAD END.

- o ROUND FACED CLONE, is also the « fat faced » one in other lines

2 88 4 Meuton, Lutece, Aix ne garantira.

ALERT TELLINGER AGAIN : NUMERATE AN AMATEUR EXECUTION, ON A TAXI (recall the 'drone', traffic jam line)

- o here is one of the early 2014 warnings to Telling - additional to not travelling too far, and the word AMATEUR indicates it was a "cheap" 'hitman' job. Other lines said it was given/tasked to a son of one of the elite, one who is hooked on drugs - hence a botch up in the executing of the task
- o which instead of killing the utopian, left him in the hands of a couple of cruel tormentors. One reader wrote that he must surely be underground in an experimental program by now - but...

Disclaimer needed: where the name Telling is, means "the real Telling" unless stated otherwise by the texts... with all of these suppositions dependent on certain time lines being the time lines which actuated

later lines outline such things as an 'electrical tornado' and 'rural post office' - and the date for the tornado was 'yule'. We did have an electrical tornado in Arizona and Texas that very date.

- Ensuing lines indicated a detour forced the vehicle TELLINGER was using, off the road.

This date indicates an exact day when combined with the other clues, in particular ORNAMENT which is all of October, including the Scorpio part of October = **thus the date must have been October 21/22 2014. Going back over the tour itinerary may not be of much help, since one can convey a person many hundreds of miles without drawing any attention. Noting that the clone must have been ready and waiting for no one to suspect anything. The young lady involved must have been a paid person ('honey trap')... things would not have ended well for her.**

- RHODESIAN MAN: would be Michael TELLINGER, and yes, since this was the first found of many clues have been provided regarding the who, the what, the why the how the when and now (December 27 2015) the where - since there is no method for me personally to attend different parts of America to seek out :

- rural post office garages which sell seed and livestock feed and 'orange fudge'
- with a bore and oak or elm trees nearby
- and a green windowless barn (streetview should enable this, mine would not work for me)
- with an old [green] 'furnace' for a dog cage which includes
- a noticeably strong stench, a 'gangrene' smell
- the names "Prescott", 'tree lopper' Indian **coked up** 'Peter' and a moron named Dean or Dane...
- other clues are "eel", "peeling bark" and "creek"
- electrical tornadoes in Yule (which did happen across Arizona and Texas)
- IN an area where Buffalo Gnats are

I do have a question - why does the Elohim allow things like this to happen to very important people??

Is it a matter of faith, obedience and 'free will'?

Those of you who have been following these works will, like me, be waiting to see if an answer is forthcoming...C+F+6 89 2

The Elohim in general, cannot approach the western hemisphere without attracting unwanted attention (but do so at certain times using time gates which is how Jim Sparks was approached), but the Tau Cetians do, albeit within huge lightning storms... There have been four instances caught accidentally by camera - of large boomerang craft appearing from a huge bolt of lightning and they have been published in these forums

AND HERE IS THE ANSWER, I KINDA KNEW "THEY" WOULD NOT LET ME GET AWAY WITH QUESTIONING THEIR METHOD >>> and the line this answer came in was just sitting right here in real time,... the very next line

- 1) There have been several warnings TO Tellingner that one cannot stir up the banksters and expect nothing to happen
- 2) Who are the banksters? Why the elite of course! And what have the elite been doing for a generation? Why cloning, synthesizing and generally tampering with genetics...
- 3) who was it began the fracas against Tellingner? Why [supposedly] Credo Mutwa of course
- 4) BUT - WAS IT really Credo Mutwa?

WHY did the Banksters do it?

Plus there are some minor details in the Meier evidence which still bother me, such as the type of craft photo-graphed by Meier. They seem suspiciously very much like the vril craft. We will see further evidence in this forum regarding the **real** Pleiadians – who clearly stated (via Dr. Fred Bell) that they cannot approach us due to our 'auric stench', our mutated DNA which was made that way by the 'visitors' (Anakim) who have done the same to those from Alcyone. Mind you – the Meier 'Pleiadians' stated the same detail - This tells me that the only Pleiadians who can approach us are these Alcyonese – who **were** once from the Pleiades! The same who arrived in Nazi built craft to have George Adamski film them. Why would they give Meier so many truthful predictions of the future ? To have the believers accept anything they say about the future! EG: that space invaders coming are 'good fellows' and to have the gullible embrace the idea.

TURKEY, PAMUKKALE - A cavern adjacent to the ruins of the "temple of Apollo" in Pamukkale [formerly Hierapolis], built when the ancient Grecian empire held sway in the area. Several strange disappearances have surrounded the cavern as far back as ancient Grecian times. The Greek philosopher Strabo [circa 63 BC - 24 AD] recorded that many animals who entered the cavern never emerged, and also many people who went past the mouth of the cave never returned. Only sorcerers in ancient times, who had apparently made an alliance with the "gods of the underworld", would be able to enter and would **emerge glowing with a reddish aura**. Sheldon Aaronson, a professor of Microbiology at Queens College, N.Y., told OMNI magazine that several Australian students had entered the cavern and disappeared just a few days before his visit in 1987. Sheldon stated: "the Turkish

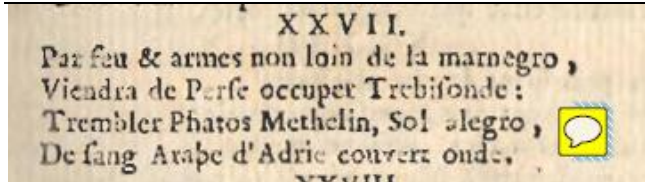

government put iron bars over the opening to prevent other people from every going in. As far as we know, the Australians were never seen again." source: OMNI Magazine, Jan. 1987; [More about Pamukkale](#)

UTAH, CANYON-LANDS NATIONAL PARK - The Druid Arch area is reportedly the site of a joint alien-military base. Many unusual phenomena have been described, including strange men "posing" as park rangers discouraging people from going into certain "public" areas, invisible military personnel who could only be seen as reflections in mirrors, UFO sightings and manifestations, and also a high level of electromagnetic energy which adversely affects electronic equipment. Others have suggested that some of the projects from Area 51 were moved to Moab, Utah / Canyonlands National Park following the public exposures of Area 51. source:

[Druid Arch in the Canyonlands National Park](#)

UTAH, LITTLE COTTONWOOD CANYON - A few miles up the canyon there are 3 switch backs on the north side of the road, with security signs posted, leading up to the "granite" cliffs. The first switch back leads to the underground records vault maintained by the Mormon church, which has an underground but "off limits" connecting passage which leads deeper into the mountain, to a massive cavern where military and alien personnel collaborate, and in which witnesses have observed massive construction projects, and large underground buildings in which humans and greys have been seen working at benches on electronic [mind control, etc.] equipment. Also, reports of a "Melchizedek" lodge penetrating the Mormon/LDS and Masonic lodges, the Mt. Shasta Mayan colony, and other 'lodges' in Sirius and Arcturus, which have formerly maintained treaties with the grey aliens although many of them have turned against the greys as a result of their betrayals of interactive treaties. The 2nd and 3rd switch backs going up the canyon both intersect at the same point, which is apparently the main surface entrance to the underground "military" facility. source: [several confidential sources](#); [Photo](#) and [Satlmage](#) of the Mormon "Vault" a few miles west of the underground Black Ops base; also posts on the eaglenet e-list regarding massive caverns within the [Western Rockies](#) and beneath the [Utah Salt Flat Desert](#) and generally throughout [all of Utah](#); [Reptilian Encounters in Utah](#); Also you might wish to connect to a SEARCH of [the underground areas beneath Utah](#); Also, read Branton's [DREAMLAND IN THE ROCKIES](#)

Here is an anomaly. The ship dates this map in the times of nautical sail/ with the direction indicating sailing from the arctic ice floes since Gibraltar and Spain are on the west All maps normally having their northern pointer to the top of the page. On the right: by turning it upside down one sees what we see today. It does have a compass with north pointer.

So why present it upside down?

Carahunge - ca 7,500-year-old stone circle in Armenia aligned to Cygnus's brightest star give or take 200 of our years*

Russian pre-historian Professor Paris Herouni December 17, 1933 - December 5, 2008

This date ties in with the date of the "perfect flip" in the Age of Gemini. This may be the time when Cygnus did suddenly appear in the new northern hemisphere, and may have appeared to the gnoring ones that their Southern Cross or its mate Grus had been re-placed by the gods. The period of ca 7.000 + years ago is also the dating for intensive flooding of Peru. This then should be the timing for the replacement of the Crane-Heron-Ibis in glyphs by the "Goose returning" yet it is not. Another shar was to happen before Cygnus usurped Grus in the eye of the public. The Temple of Khnum is dated 1445BC, the age of Aries, and still bore signs of southern hemisphere glyphs such as the zodiac sphinx of Leo into the **spring** of Virgo. Grus represents the Anakim, the "Semetic" Altairans. Always keep in mind that it is Grus which is the Phoenix.

Cygnus, aka Goose Returning represents the Elohim, the Leptorrhin under Tibet/Shambahla.

In the tomb of the princess of Senusret II (aka Khakheperre and Sesostris II), a Noetic Entity was found. To have been mummified he would have been highly thought of. Respect is something the Zeta45 does not seem to acquire. The date of this tomb has been variously described between 1844 to 1878BC, being four hundred years before others publicly displayed the Goose/ aka Cygnus, and we know the ExtraTerrestrial Noetic Entity is part of the Elohim 'concord'.

*give or take 200 of our years: allow for the 324 years tacked on in 676AD

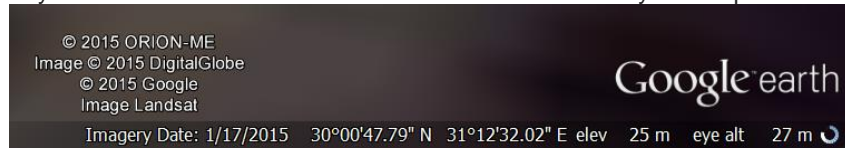

Showing vastly different features to Wallis Budge's LyRan bust ^{here} with its thick lips and no nose. Compare the differences... Yet the LyRans are part of the Elohim alliances too. This seems to me to be yet again another type of grey, since it shows no sagittal division of the forehead of the two brained E.N.E. J-Rod. The *fingers* and the *ears* should give us the detail which one it is. There was a mummy found in Peru with a grey minus the sagittal rifts.

The sagittal joins point to the two brains which Nostradamus said these greys have In the tomb of princess of Senusret II 1880BC

Eugene H. Merrill has suggested that Senusret II (reigned from ca 1897 to 1878 BC), the fourth pharaoh of the Twelfth Dynasty, may be the unnamed Pharaoh mentioned in the biblical story of Joseph Wiki

“Their maritime forces will be weakened by the Westerners, and great desolation will fall upon this realm. Nuclear Its greatest **cities** will be depopulated and **those who enter will fall** under the vengeance of the wrath of God. radiation The sepulchre, tombs/plastic coffins of fema for long an object of such great veneration, will remain in the open, exposed to the sight of the heavens, the Sun and the Moon. The holy places will be converted into stables for a herd large and small, and used for profane purposes.

Oh, what a calamitous affliction will pregnant women bear at this time.

For hereupon the principal Eastern Arabic chief will be vanquished by the **Northerners** and **Westerners**, and most of his people, stirred up, will be put to death, overwhelmed or scattered. Civil war shall visit France, accompanied by dishonour – the elite have as the base for their main agenda much civil wars everywhere, thus dividing the people. You may be wondering why the focus is on Armenia – and more particularly where Armenia was in the times of Nostradamus. As you can see it surrounds the Black Sea and joins places which were once a form of Modern Russia and or Modern Georgia. Relating this to 4 95 4 "Victor born on Armenian soil". The map on the right shows Ephesus (Temple of Artemis) and Emathia (Armenia) are where the underwater Oannes rise up, (as well as the Red Sea) and ARES means genocide.

It seems to me, having worked on these “messages” sent to us via Nostradamus and Da Vinci, that it is worth the reader’s while to watch Corey Goode videos, while understanding that he is an elite puppet:

COREY GOODE speaks about 22 genetic experiments. The same twenty two alterations to human DNA over the millions of years which Alex Collier says the Andromedans, “Ayse” by name, told him as well. Additionally, by coincidence or not, there have been “at least 20 major ice ages” (read ‘mass extinctions’). When watching the Corey Goode videos pay close attention to his description of the physical appearance of his off worlders and compare to Alex Collier’s descriptions. These match what the hidden texts have been saying, in particular the blue and “tuna” colouring. YET Corey Goode never mentions ANY of the Elohim.

THE CHEF FACES EAST, ^{Eloim} **SAFE FETCHES TECH CHEATS FE** (iron/Virgo) September and or iron planet Uriah/Urrì

>this meant not much to me when being typed up – but this morning Sept 16 2015 with camera and clock in hand ready to catch a photo of the *sun rise* it becomes a clear message. The waiting for this sunrise was being done this date because yesterday the 15th, the evening shadow was telling me it was already the Equinox. Pinning down which dates are now the solstices and equinoxes *is very important* since these are the days the elite uses sorcery to its best advantage [for them]. We are told in these texts that the particle colliders are being manipulated to alter the orbital "ascension" of our planet, so it is quite important to discern if they have had any success. One method to determine this is to **establish where the sun rises** each morning, especially for the September equinox which used to be the 19th to 22nd. Yesterday the photo I took was with a sun well enough advanced to presume it may even happen on the old date*. However this morning – the sun had **retroverted** – that is, it had popped up some degrees *back towards the north* instead of heading towards the south.

In other words, the planet has been moved, be it by a tilt or simply slowed down in her path.

Recall the CERN lines regarding "minutes & hours"?

So the word "chef" here means the cook, the one who is combining all the diverse ingredients – called by alphabet agencies the "coffee maker". This line translated reads like this:

"The collator facing east, timing the Elohim using safe directed energy waves technology, cheats the Virgo [event]"

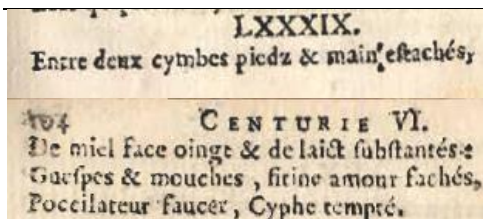

With the letters 'F' & 'E' also meaning "the greys from Pegasus" – the Marcabians which are the shadow govern-ment.

* old date – since October 2013 our orbit has become 377 days – and growing. Our old January first is now some time in October 2013 and every 377 days thereafter. All of this short line relate to 9 44 the RAYPOZ quatrain.

The word FETCH means the distance between waves, that is, frequencies.

(The doctor/Nostradamus had asked them why I was spending so much time looking for “key” words when the task was first commenced. No one had told me how the key word system worked, and that was a long time before ‘they’ gave me the triple method, so I was being tested) and even before I had a computer, so saying ‘computes’ in her mind.

The doctor shrugs his shoulders saying this –

“I guess she computes, setting each poem” [in her memory] *Allan Webber's template*

This was one of the two times I was in the presence of those involved and now I am wondering if the time Da Vinci was scowling at me saying “Nel, she does get these cues?” was also the same time...

But they both doubted I could do the task (find the keys). And they were both told by the one whose arm (I am lying down) “comes into my field of vision” and points at the open book “see for yourself” he said to Da Vinci.

You need to understand, I did not know who Da Vinci was at the time, nor when he came via the ring lord/cronus visor.

My thoughts are that this arm belongs to Ayse – or as Simon Parkes calls him “the M’aster” (Simon was not happy that I had placed an apostrophe after the M, leaving the rest of the word as “aster”, which means ‘star’ –)

but maybe he is right, maybe I should not be doing that since “M” on its own since it means Orion.

The other really important detail for everyone to understand, is that “they” are careful which memories they allow.

There are two quatrains which describe one’s feelings when at first being ‘beamed up’ with the words the doctor uses: “chilled horror” 1 27 & 2 27. Then ...

1 4 4 *governed to its greatest detriment* / see KAMERON FALLY PROJECT CAMELOT with a couple of caveats <https://www.youtube.com/watch?v=ycEx1BNAB7Y&feature=em-sub digest-vrecc>

a couple of caveats: Kameron speaks of the return of Jesus being an episode within the mix of these events when we have seen in these texts that it is the false messssiah that comes first ... and he also speaks of:

'the great beams of light witnessed in recent times (Sept. 2015) which he says are plasma rays coming down from our sun and are dangerous to anyone who is near them', yet there was never one mention anywhere of people getting caught in these beams and hurt when they were seen. These texts say these beams are *shooting up* – to protect Earth. KAMERON FALLY ALSO SPEAKS OF: GIANTS in Suspended Animation Ready to Awaken, 'Whistleblower' Corey Goode claims

[Forbidden History](#) September 16, 2015 September 17, 2015 Agent I

"More than a century ago, a secret society discovered a cave hidden deep beneath the Earth's surface. Inside the cave were several ancient giants, alive but in a state of suspended animation.

Several of these giants were kept inside crystal pods, in a deathlike state. But they were not dead.

"very tall beings, or large, giant humans with reddish beards and pale white skin."

At the time of its disappearance, this civilization possessed technological capabilities that far surpass our own.

The stasis chambers were a testament to their progress, as they employed crystal technology that allegedly altered the flow of time. Thirty thousand years could pass, but for the crystal capsule's occupant, it would only seem like thirty minutes.

The technology to create and maintain time bubbles is something humans aspire to one day possess but, according to Goode, it has been present on Earth for thousands of years.

This Ancient Builder technology is so far beyond even what most of these fourth-, fifth-density ETs use that some of these beings want to get their hands on it. It's multi-dimensional technology."

First is Marduk, the next six are other members of his family, one of whom is Enlil/YHWH and the bright red bearded one is Ninurta (described in a line). Ala-Lu-Lucifer too. The wolf which was derived from Judas represents the Alcyonese we are told, with the toad (Bufo) behind the Vatican, the pig (boar) those from Ursa Major. Two of Jesus Christ, (which the bible says) and a veiled Muslim/Islam noting the goat's head in "the light" and some other creature between the two faces of Jesus

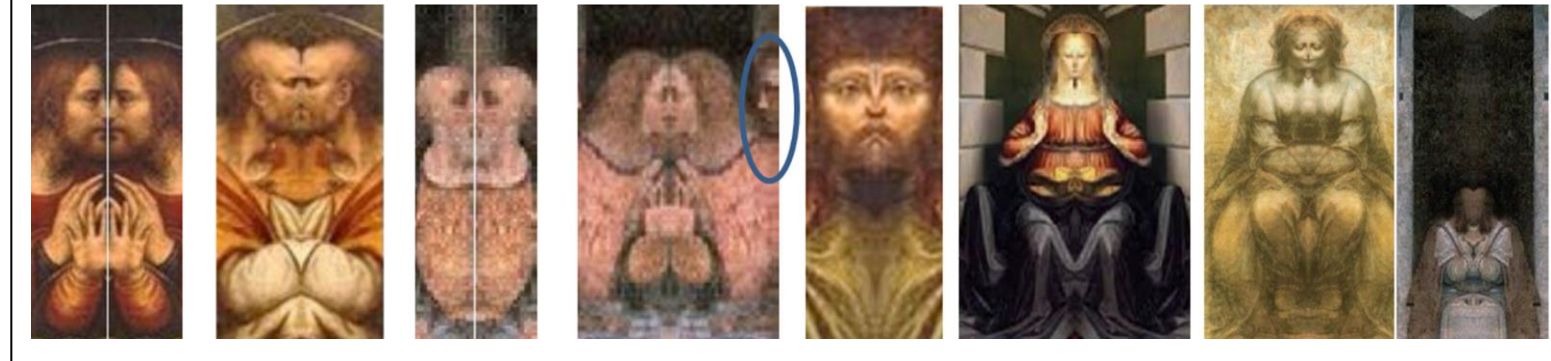

face on Mars seems to be Amenhotep III/Amenophis III (father of Akhenaten) with something hovering

Below are more "cassettes" from Eucharistes. The blue ring encircles what looks like Vladimir Putin peering over the shoulder of the "last card holder" Cassiopeia (who is always seated). The first three are of the King Anu family. Nostradamus, Cassiopeia with cards again, and EnKi/Yah.

 making him Enlil-YHWH and Lord over those from Bufo/Toad in Boötes the « lost hoe »

At the top is the « ring » which we have been learning about and within it are the 'two witnesses' – that of the King of kings ^{Thurisaz} (Cepheus) and that of the Queen *crowned* which is Cassiopeia – see she is wearing pink just as Da Vinci painted her ... these are the two orbiting Earth now, one in the 'super lunar nurseries' ^{1 4 1} and one in the 'Black Knight'. The blue is for the Andromeda Council.

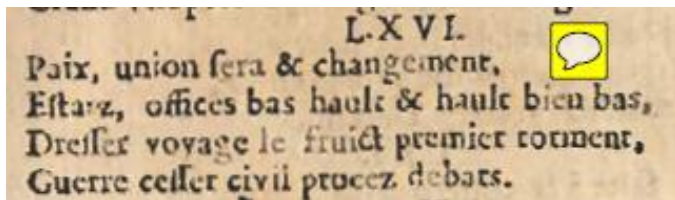

There is a 'division between the 'ring' and the flotilla of craft – a division of dimension in the form of a dark cloud – which very likely represents chemical trails aka chemtrails... a timing device of persistent contrails as the word-smiths would have us believe

This pope is hoeing with the 'lost hoe' which is obsolete alchemye for an area in Boötes called Bufo (the Toad). Noting that all the people are watching him and not looking up.

These craft come for the 'False rapture' and this looks like Milan.

See how the ring does not 'contain' the man's arm ? The word Arm also means Cepheus. The Cronus Visor visits received by myself also allowed the hands of the watcher to pass into my side of the ring, which is why I thought one visit was a much younger version Nostradamus, tanned and handsome, but it was Da Vinci they say.

As these texts have been saying all along - the star wars is a three way conflict - with those of the "third" peoples of the ANTE Christ & E.T. In the matter of the sun setting at the same time for a month (exactly a month) from December 23rd to January 22nd The problem created by the lack of the five minute incremental difference each day (the turn of the Earth) was not the subject being explored. It was merely an attempt to pinpoint the longest day (solstice). The same search will occur when trying to determine the Equinox and then the next solstice, the shortest day in 2016. These dates from now on will never occur on the same as the previous year. The solstice for 2015, normally due December 21-22-23 did not happen until the second week in January 2016, a week later than calculated in former forums. This only means that Leonardo's "half a mile per hour" being moved out into a larger orbit had already begun. It is in establishing this detail.

ARE YOU INTERESTED IN WORKING WITH SOME OF THESE LINES FOR YOURSELF?

There is no monopoly nor is there a competiton in knowing how to do it.

You can start with your own name. This will then tell you events around you.

FIRST: download the two original Centuries Publication and Prophecies Edition on the header page

THEN: troll through every quatrain line finding letters of the alphabet which make up your name

USING a program called Anagram Genius (downloading gives you about thirty free 'goes')

MAKING sure and certain that the exact letters which appear in the quatrain line are copied into the anagram genius, deduct those letters which are your name. Remove them, they are now "the issue".

Anagram what is left. If you see a medieval 'f' the program will not recognise it, so change that to a modern 'f' – which happens to also BE an 's' as well. If you need a "w" you need to remove two "u"s and replace with a "w". So if your name has a W the quatrain line will need to have two "u"s in it.

Other letters: 'i' can be 'j', 'c' can be 'k' and so can 'q'. This is but the beginning: – continued

Having removed the letters from a quatrain (or Presage) line which are your name (or the "issue) – anagram the remainder. Much of the result will appear senseless. It is now time to make sense of the senseless. If it is an animal's name (such as 'ass' or 'salmon' or 'dog') which is the odd word out – you will find the meaning in one of several pdfs. Either the ALKHEMYE LIST where "ass" is a date as well as a place (Auriga in the heavens) and with "salmon" in the CELTIC CLUES which is the date of 'salmon run' in August. "Dog" means a date as well as Sirius. "Princess" means Andromeda, "Prince" also means Sirius, and "Thorn" is a rune = Thurisaz which means 'King of kings' Cepheus. 'Throne' is a date of Libra but also means Cepheus. Also see the TRIPLE METHOD. Yes, it takes some time to absorb. If a person held classes to teach others – this would be a nine year course, maybe not, it just took me nine years to understand since for me there was no one but the template of Allan Webber to educate.

HEADIER MIXTURE (ERADICATED IMPURE HERPETIC REPTILE EMPIRE'S HEXATEUCH)

- o **HERPETIC REPTILE EMPIRE'S HEXATEUCH** *this is probably the most eye opening sentence ever! First the word HERPETIC means 'reptile' as a sub order of the species description tree. So saying Herpetic Reptile is reinforcing the idea in one's mind. The word EMPIRE always relates to the hierarchy plan. People blithely refer to such terms as the Roman Empire, or Napoleon's Empire without a thought.*

HEXATEUCH refers to the Pentateuch books of five plus the book of Joshua – the Six Scrolls.

This is ratifying the line 8:10:2 which tells us that FEUDING RELIGIONS was an invention designed by the Oannes/Anakim to keep us from looking in their direction.

To summarize what **HERPETIC REPTILE EMPIRE'S HEXATEUCH** is telling us:

- 1) who the reptile in the Garden of Eden was – an off world controller
- 2) and: when it is about control it is not about free will
- 3) that those whose "religion" it is to follow YHWH/Enlil are followers of the cult of control and hierarchy
- 4) we have seen that Enlil/YHWH is all about being "wrathful and jealous and inclined to strike with his rod"
- 5) that Lucifer/Allah-Lu is part of the "duarchy" which now has a name – Chrislam and that this is "run" by Enlil and Allah-Lu.
- 6) the mere fact that those who follow this religion are "ordered" to "obey" should be a red flag to humanity
