

PUTIN EXPOSES VACCINES

March 5, 2016 by Dane Arr

Russian president Vladimir Putin says that Western governments are enslaving humanity through vaccines.

‘When your children are barely human, psychologically-altered bots, their nerve cells and synapses failing to connect, and their neurodevelopmental processes dulled to the point of restricting them to sub-human level repetitive grunts and gormless stares, what are you going to do then?’

An insider from the Ministry of Health in Russia has revealed that an explosive report is being prepared that will be presented to the Kremlin on Tuesday regarding the huge vaccination cover-up being perpetuated by the U.S. government agencies and its regulatory bodies, which is having disastrous consequences around most of the world. It is understood President Putin personally requested the report.

He instinctively mistrusts the vaccine agenda and wants the report to investigate the state of play regarding vaccines, Big Pharma, and Western governments, in order to formulate a solid, direct response that will stand his people in good stead for the future.

According to the Ministry of Health insider, the report validates President Putin’s suspicions.

There is a huge conflict of interests between the government agencies which regulate vaccines and the corporations that approve and implement [manufacture] the vaccines.

This investigation, involving internationally respected scientists and leading medical professionals, won’t be a laughably corrupt affair involving a payroll of ‘scientists’ who are willing to say or do anything for a dollar or two. Considering the fact that leading scientists and doctors who have dared voice **concern about state-enforced vaccinations have been dying under mysterious circumstances in the US** in recent years, kudos must be given to those brave enough to continue speaking out.

It is claimed the report will declare the situation a **‘self-perpetuating criminal racket.’**

Educational institutions and scientific bodies are also ‘motivated by greed and generally corrupt.’

A recent study by the **University of Bristol that declared diet soda to be healthier than water** (a study covertly funded by the Coca Cola Company) is presented as an example of the absurd situation in the West at the moment, and is held up to ridicule.

The report says that President Putin believes the next stage of human evolution is currently in “grave risk” and that Western and global powers are “intentionally decelerating the process for their personal gain.”

“We as a species have the choice to continue to develop our bodies and brains in a healthy upward trajectory, **or we can follow the Western example of recent decades and intentionally poison our population with genetically altered food, pharmaceuticals, vaccinations, and fast food that should be classified as a dangerous, addictive drug.**”

“We must fight this. **A physically and intellectually disabled population is not in our interests,**” the report states.

Describing the average government-controlled Westerner as an:

“intensively vaccinated borderline autistic fat man slumped in front of a screen battling a high-fructose corn syrup comedown,”

the report states that such tactics used by governments to subjugate their citizens are not only **“dark/evil”** but **“counter-productive in the medium to long term.”**

Russia under President Putin has been giving away land for free in the past few years to people willing to farm organically and sustainably. The goal is to become the world’s “leading exporter” of non-GMO foods that are based on “ecologically clean” production.

The Security Council report comes just months after the **Kremlin announced a stop to the production of all GMO-containing foods**, which was seen by the international community as a major step in the fight against multinationals like Monsanto.

Russia continues to lead the way in the realm of natural, organic farming.

Mary Magdalene in the Last Supper had been “forgotten” [by me] until almost too late, so she did not appear in the previous collections which dealt with the images disguised within the apostles and “Jesus” – in The Last Supper nor the forum *ASKED TO MIRROR MADONNA*.

1:20:58 I confess, I cannot stop looking at this picture!

Here is one caught by me March 15 2016, it was fleeting and an entirely lucky 'catch'.

You will notice the rest of the room is unaffected, and you will also note the Lion image on the wall.

In this video, Icke does not have his little spitting defect. Is the real David Icke still with us ?

The fluorescent lighting makes it very difficult for reptilians to maintain their format of illusion. In this case, it would be the glow from his screen which is causing the loss of his 'containment' of features. Albeit the teeth managed to remain true all throughout – making me wonder if this is not a negative reptilian. The devil in the detail eluded me so far as the context of his message.

The entire satire is rather ironic, do you not think ?
