There is NO IMPACT THREAT from any celestial body of the Nemesis solar system.

NONE, do not buy into fear – this is just what they want so you can be herded into a camp. ie "CAMP"

"PLAINER PASSAGE" say the Hidden Texts, partly because the real Powers that Be (The Elohim Alliances) have caused the problem celestial body to "squat" – this is an astronomical term for "stand still" or nearly still. This is placing us in a safer orbit

o SYLLOGIZE syllogism: circular logic

1. an instance of a form of reasoning in which a conclusion is drawn from two given or assumed propositions (premises); a common or middle term is present in the two premises but **not in the conclusion**, which may be invalid (e.g. *all dogs are animals; all animals have four legs; therefore all dogs have four legs*). In the instance here, the off worlders are twisting the facts to sell the idea of chemtrails which happen to include the nano bots, in effect spraying us all like insects. **One of the facts they are twisting is that the 'ozone layer is flimsy'.**

o syllog = deductive reasoning as distinct from induction.

IN the beginning the Orion Group have been the instigators of events which have led to this position- but these texts have been telling us that the Elohim alliances have been working on avoiding the one thing which would shut us all down – a super volcano eruption. There are two pressure cooker lids on the greatest threat to the Earth and they are the San Andreas fault and the Madrid fault. What a huge juggling act for those of the Living Library ! Keeping the Nemesis solar system from pulling terminally on Earth and keeping her "sleeping" giants asleep. We know the elite are ruled by offworlders, and these are the same off worlders which are planning on a false meteor onto a volcano. Is this though a weapon of attack on those underground Grayles which are playing with our magnetic fields ? Are we humans just the 'meat' in the starwars sandwich?
- o **ANGLO-SAXON (British) QUEEN** taken pedantically that is *exactly* her family background ! The queen QEII has been taken to a high court in Europe (Hague) and found guilty of kidnapping **Canadian native children**

Someone once told me (and I recall who it was, the Lessins of 'Enki Speaks') that the Anakim (generic name) were aware of the Grayles below. Seems to me, that it is the Anakim (same of Telling) who initially needed the ormus for stargate usage – this says that the Grayles plan on stopping that. Now which way do we approach this ? **Are the Grayles trying to prevent the Anakim taking gold, and using stargates ??**

Yes, quite so – this is the last guidance regarding how to find the words in the anagram machine – and you can compare the results shown directly above, ⁹⁹⁸4between what the computer program produced as a template and what the final result is. Work down the results produced in the *Anagram Genius* program - using words as you come to them (like a “piano runs its notes”) quite so, and if a repeated word arrives, there is no need to use it again (but it can be put thru the *anagram genius* to see what else it might say). In fact, I am wondering why it has taken me nine years to realize that like *rune stone* reading, (the pre-cursor to our alpha-bets) that sentences of words are the same as rune reading ! One has the « issue » (either a problem, a name, or a topic) and in this work the topic is mostly a name but not always ; such as the word “Earth” – the letters comprising that name are removed first and what remains when anagrammed provides detail about that subject.

Surely the Highest form of rune casting imaginable – once a person has in their grasp the original sentences. In the case of Nostradamus– the quatrains etc, and in the case of Da Vinci – his little sentence format “cues”... keeping in mind these were handed to the doctor and the artisan by the Elo'im Cassiopeians !

- o LEGS are those little bluish greys from the 'leg' of Pegasus. The star is called Scheat. This is also the 'amputated' leg seen in Egyptian hieroglyphs
- o LARGER 'N' giant's STAR = Nemesis RENTS SLAG – tears volcanic tectonics SET OFF LATE in 'Pale horse' date. The pale horse is the ASHEN one, because there is a white horse [date] too. The four horses of the unveiling do happen to be Celtic months and the word 'unveiling' or 'disclosure' is what apocalypse means. The black horse date is separate from the ASHEN, in another year, but the white horse is June 10-July 7 and does come first. Explanation follows

- **BILE, BE, NOBLE, BONES DATES. Fast I am becoming aware that there are no coincidences working with these texts 'heaven sent' as they are.** Only yesterday the words 'pale horse' came under scrutiny. There happen to be Celtic dates for the white, red and black horse. Being a horse person I wondered what colour *pale horse* really was, since the *white horse* is already taken. In horse parlance, the term *white* means a horse *born* white. Although *grey horses often appear* white, they are always born another colour and proceed yearly to end up looking white. So I was not really surprised to find the word 'pale' is just one more mis-interpretation of the original. Naturally it was in the King James Version of Revelation (the Revealing) that the real colour is identified. It is the word **ASHEN**. When debating the **four horsemen** of the "**Apocalypse**" (the unveiling – or disclosure) one is able to understand more fully what **Mr. Death** is related to and with a horse of **ashen** colour the hints become more concise. Some have said '**dappled grey**' and kudos to them ! The clue for the event is disguised in the word 'ash'. This can go several ways – volcanic ash, nuclear ash and the Ash Tree, which is the real Tree of Life, especially in the Eddur. We also happen to know that Ash tree is a Celtic tree date. According to the vignettes of Cesar de Notredame's 'Lost Book' the Ash tree signifies our DNA
- **BILE** The **white horse** date is June 10 to July 7 followed by **Mare** date : July 8 to August 4th
- **BE**, is **Virgo** August 22 to September 22 **NOBLE** is **red horse** is a September 30 to October 27.
- **BACTRIAN, REED** October 28 – November 24
- **Black horse** is a November 25 – December 22 **BONES DATE** is a December 23 to January 21.
- **The Ash tree** has several dates : **May 25 – June 3rd, November 22 to December 1st and February 18 to March 17**

Revelation 6:8

a."I looked, and behold, an ashen horse; and he who sat on it had the name Death; and Hades was following with him. Authority was given to them over a fourth of the earth, to kill with sword and with famine and with pestilence and by the wild beasts of the earth."

King James Bible (Cambridge Ed.)

- Death arriving in an ashen cloud
- Hades is alchemycal for stargates, possibly relates to CERN
- Authority given by whom to whom? Recall this all starts with storms – and the Lord of Storms is YHWH/Enlil and Nemesis
- Sword is the outright symbol for Orion – the Orion Group, which we know of as Freemasons (over 33 degrees)
- The wild beasts of the Earth (underneath) are the left-over Dero-Nephilim
- The Orion Group includes those stars which surround it and form a giant "G" in the skies – some of which are those same shape shifters running Monsanto (starvation and pestilences) and the "vaccinations" agenda

Revelation 13 - The Two Beasts

- (the Grayles of Phil Schneider?, (which Nostr. says are the Mabus come from Ophiuchus)
- but the description given (10 horns etc) refer to part of Perseus constellation, of which Algol
- is one [of the Orion Group, those which forced the "treaties" on F.D.R)
- and those of "The Sea" = Benu/Grus/Phoenixopterus (also known as Crane, Heron, and Ibis)
- the 'sand of the sea' = the edge of the nautical area of the skies which has all the nautical names and which is called in alchemye "The Sea" (and this was what Al Faiyoum was named after)
- b. And I saw a beast rising up out of the sea: this refers to the Oannes/Uan/Anu
- The ten horns per head is the helmet worn by those from Eridanus, the headwaters of the 'river' (alchemye for Eridanus) flowing from Aquarius over to the 'footstool" of Orion
- these are the horns on helmets seen in many wall friezes, such as Shamesh
- The constellation Auriga was formerly a leopard and other wild hunters, but the Bear ^{the seven stars} is Ursa Major and Minor.

Revelation 13 KJV - And I stood upon the sand of the sea ...

- <https://www.biblegateway.com/passage/?search=Revelation+13...KJV>
- 13 "And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy." (the arrival of the dragon in the bible is seen by us as a mixture of so-called religions, such as Chrislam – causing true blasphemy against our Creator)

DIFFERENTIAL the arm on the gear stick **FRAGRANT RADIANT GRACE MANTIDS FAIR /justice INSECT ANGEL ENGINEERS DELIVERANCE**

Every time the subject of this vignette pops up, more understanding arrives. Phoenixopterus manually holds the timer and Cockerel 'thinks' (just found an interesting web site *The Language of God in the Universe:*

By Helena Lehman – for those who are serious about understanding the hidden language) This all relates to "Canst thou bring forth Mazzaroth in his season?"- Job 33:32, and very likely one of the most important questions of all time. Can we all discover the ancient hints in time? Also answers why the 'elite' are doing their best to obfuscate the true alchemye. The best place so far (guided by these texts) is *THE MAZZAROTH* by Miss Frances Rolleston, who was very well educated in these ancient clues and hints. This is where people who keep naming the Pleiades as "Seven Sisters" go off half-cocked. The full name is 'The King, (Pa) Queen (Gran) and the Seven Sisters'. The seven stars of which they loudly speak are actually those of the former times "Cow's Hind Leg" – Ursa Major. As usual, I deviate from where I was searching for the parallel information which appears on a column in the St. John the Divine Cathedral of New York. The columns in question were completed in 1991. They show the twin towers falling and much else. One column tells us the same as this picture – Orion on the right with the sword between his legs attached/allied to Leo Major and Minor, noting the crown of Empire is worn by Leo Minor – which is grabbing the undefended sword.

So : Leo going into Boötes (Libra) direct, with Virgo no where to be seen. On the *column* Virgo hangs upside down.

Recall that there has been a complete and perfect Earthly poles shift and that Virgo (spring-time) appears on an Egyptian temple, which we know is in the northern hemisphere, when, at the moment Virgo is 'Fall'/Autumn in the northern hemisphere. On the *column*, October is depicted with a Halloween skeleton. In this vignette, Boötes in Libra/October has the **round blue planet called Earth** at his feet and seems to be *sweeping* it, brushing aside the bird which could be either the *Phoenixoptera/Grus* or an *Eagle* or even a *crow* (Corvus/Raven) *all of which birds* relate to the group known as the Free-Masons (of the higher degree). This 'sweeping' of the planet is parallel to Da Vinci's comment "*shaking the bed to make it*". Noting this occurs at the same part of the year (October) that Nostradamus told king Henri II in the Epistle "*the great translation will occur in October – when everyone will think the Earth has lost her gravity*". The 'sweeping away' of the main aggravation to our planet certainly appears in the Hidden Texts within numerable lines. In front of the grey bird hovers what might be a crown of sorts, not within grasp of those elite who think they are above everyone else. The bird's left hand wing is partially plucked, and this was a thing people did back in those times, to prevent the bird from escaping... but it could also be flames. Who is it has 'plucked' the *bird/elite*, to keep *them* enslaved? A Satan of course!

Like the column at St John the Divine, Ophiuchus the 'serpent holder' (a giant) wearing the Anakim cross, takes up the same amount of room/time (two zodiac lengths) that appear on the column. Sagittarius is not there at all and the black band on the thigh of Orion (the other giant) indicates mourning for Sagittarius. The White Horse at Uffington is Sagittarius, and I believe another warning to we the lepers, the naïve and the ungnowing, simply because NO ONE asks the questions! Just as Job asked "in the times of the Mazzaroth (the second coming) will any one be able to "bring forth" the understanding of what is really happening"?

So, what happens to/in Sagittarius? This particular one happens to look like Nostradamus, a Sagittarian, but there is more to it than that detail, for the Uffington 'white horse' Sagittarius constellation to be involved. Unless the 'white horseman' of the Apocalypse (unveiling) is at hand... The Second Coming of the 'unholy Six' is upon us right now – they orbit our sun and we all need to have a comprehension of who they are by their craft. Not easy when most of them can shape shift their craft which shares their DNA and their thoughts.

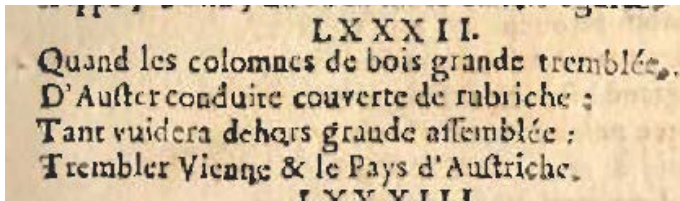

If you have been reading these pdf forums you will be aware of some of the 'clever lies', and the black cube is one of them. The '**Golden Host Doing**' use the golden cubes. There was an entire forum with that title, plus a video in the *PUTIN* pdf.

On the left are the zodiacs in precessional order. The differences are – Virgo is upside down, October which consists of Halloween is shown as a skeleton. The scorpion is followed by a very lengthy Ophiucus and no Sagittarius with Capricorn out of sight, if it is there at all.

"The giant Islamic pincer movement across the Pyrenees in the west and across the Caucasus into Eastern Europe was halted at both ends about the same time. As Charles Martel's Franks saved Gaul and Western Europe, so the Khazars saved the Eastern Roman Empire.

At the end of all this was the marriage of the **Khazar princess to the heir of the Byzantine Empire** in gratitude for defeat of the Muslims.

Following this event, of course, was the politically expedient conversion of the **Khazars to Judaism**.

During my re-search to find this edict (of 1:40 and many other quatrains) the difficulty arose with the *accepted dates* of the reign of emperor Constantine VII who had his scribes copy every document in the temples and libraries altering the dates –* then destroyed the originals. !

No wonder there was despair. The dates (on the inter-net) of his reign straddle just before and after the year 1000A.D. That is, during the turn of the millennium. There is a clue in this quatrain regarding the possible whereabouts of a copy of this Edict – and that is in the words of line three : ‘One sent assigned to study the history of Egypt.’ When edicts were gazetted, a copy in Latin and a copy in the Greek languages was always made and sent abroad. I bet there are copies in both languages in the Vatican library. According to line three, evidence of a copy may well be discovered in Egypt by a person in a position to do so. If that were to ever happen – *we may be proven to be in 1692*. This will explain a number of fiascoes such as the ‘2012’ storm in a cup, the reason for the Y2K debacle, and the fact the Age of Aquarius is no-where in sight yet.

*<http://www.damninteresting.com/the-phantom-time-hypothesis/>

“When Dr. Hans-Ulrich Niemitz introduces his paper on the “Phantom Time Hypothesis,” he kindly asks his readers to be patient, benevolent, and open to radically new ideas, because his claims are highly unconventional.

This is because his paper is suggesting three difficult-to-believe propositions:

- 1) Hundreds of years ago, our calendar was polluted with [over] ca 297 years which never occurred;
- 2) this is not the year 2005, (in his papers) [@2016], but rather less; [=1692] and
- 3) The purveyors of this hypothesis are not crackpots.”

*<http://www.cl.cam.ac.uk/~mgk25/volatile/Niemitz-1997.pdf>

“But who could have had an interest in faking so many documents?

And why did the ‘fakers’ need a phantom time of ca 300 years?

We developed two hypothesis which basically don’t contradict.

Hypothesis One: Otto III didn’t live accidentally around the year 1000 AD; he himself had defined this date!

He wanted to reign in this year, because this suited his understanding of Christian milleniarism.

He defined this date with the help of his famous and well-versed friend Gerbert de Aurillac, later Pope Sylvester II.

In reality they lived approximately seven hundred years after the birth of Jesus Christ, **but never until then had the years been reckoned ‘after Christ’**.

Perhaps unaware of their error and without intending to falsify **they defined one special year as ‘1000 AD’** (Illig 1991).

Consequently chroniclers had to invent [ca] 300 years of history.

To fill up empty periods – what a great occasion for dynasties and kings!

You can design the planned future as a construct of the past, and this apparently happened:

Otto III – construed Charlemagne as the model hero he himself wanted to be. Supposedly (according to Illig) he sketched Charlemagne’s history only a bit, or it wasn’t even him but the generations after him who lined out a whole full life picture.

Epecially the clergy hoped to get advantage in its confrontation with the emperor, which had started in the [supposed] 11th century.

Hypothesis Two: Constantine VII of Byzantium (supposedly 905 – 959 AD) organized a complete rewriting of the whole Byzantine history.

The famous German Byzantinist Peter Schreiner has demonstrated how official historiography interprets this process:

beginning in the year 835 AD monks rewrote piece by piece all texts which had been written in Greek maiuscula, in the new form of writing hence called minuscula. Schreiner postulates that each text was produced only once.

Then the originals were destroyed (Schreiner 1991,13). This means that all existing texts of the then leading culture nation had been changed or rewritten completely in new script in the lifetime of two generations, or even faster, and have been well invented, we suppose (Illig 1992).

It is not *important* to explain the motivation of the emperor Constantine VII. Only to demonstrate, that an action of rewriting and faking like this has happened. If it could happen in Byzantium, it might have happened at any other place, too. Moreover Theophanu, mother of Otto III, came from Byzantium and was a niece of the emperor Tzismiskes (emperor from [supposedly] 969 AD until 976 AD), a descendant of the same dynasty as Constantine VII. As to the question of who faked and why, there could be many speculations. It seems that in this question surprises are ahead which could create trouble for many academic institutions as well as other social groups.”

Did the Early Middle Ages Really Exist?

H H H H H

Here at this juncture I will point out that the re-search being done by me *never* uses Wikipedia now, unless for illustrations. My own proof that this “source” is false and misleading came when I attempted to add into the Nostradamus Information held by Wikipedia – that there are two more Centuries additional to the ubiquitous Ten. The Sixaines of Centuries 11 and 12. They were deleted from the page. Now you and I KNOW that these Centuries exist – and happen to be prophecies regarding current issues. This re-search into falsified time inclusions has opened a large can of very slippery worms. To simplify things the way these texts have done is not enough by a very long shot! Naming the year of the Horse as the common denominator is fanciful & intriguing but not enough for me to substantiate ‘truth’ within it – albeit – the Edicts that I did find *were* in the months of June and July as these texts have stated! The years 676 (when the Edict was purportedly ‘gazetted’), 1,000A.D, 2014 (the year of ‘treaty’ 9 was to be ratified) and 1690 which 2014 is supposed to have been – were all of them years of the Horse! At this moment there is little doubt in my mind that arriving at the true year following the “birth” of a prophet who was born Immanuel, known as Jesus/Isus (which means ‘saviour’) and Ysus because ‘Y’ is also “i” – but altered somewhat by those who do not go to source to be Yeshua & all sorts of combinations of those letters, such as Yahushua etc...will never be determined by now. Suffice to say that there is **100%** proof that not one of us are living in the year 2016 or even 1692!

If ‘They’ come back to me with a rap over the knuckles on this one I welcome it.

This subject is not just worthy of an entire forum of its own, but several full blown books. The list of very highly respected genius’ who concluded there are many errors in our calendars is so long, one becomes bleary eyed just looking at their names, let alone their credentials.

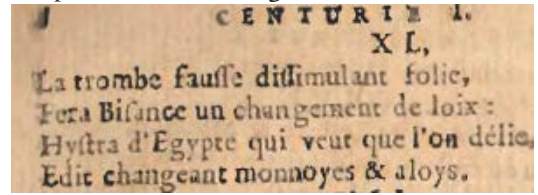

There seems to be great merit in one fact – Constantine VII was NOT born nor reigned in the period Wikipedia and the rest of the “scholarly” world has stated.

The consequences of educating the wealthy and keeping the serfs unread has meant that true knowledge has been in the hands of a tiny few. These might be called the pinnacle of the pyramid of ‘elite’ – and the devil makes work for idle hands, as they say. This

1 40 appeared in *Centuries 12* and in *Slayer Ray* (not yet published) therefore this quatrain does need to be looked into. Since this is hopefully a *LEONARDO* forum, this quatrain will be looked at later, in another pdf. When looking at 1 40 in *Centuries 12*, it has had absolutely minimal translation. After reading that the letter "i" for *Isus* or the letter "X" for *Christos* was used in front of the year date right up until Constantinople VII, and that the concept of *Anno domini* was not used until around his times – the quatrain with the line saying "In the year five hundred eighty more or less" being 580 (*ann dom*) which it was! And not 1580 as some quatrain interpreters have it. Before this discovery of the "i" taken incorrectly as a N^o "1". I took the 580 to mean 5:80. That actually did work out quite well. By reading a date with the "i" as a "1" automatically included one thousand *non existent* years. So this needs to be taken into account too. Where THIS BECOMES A REAL PROBLEM IS IN WHAT WE CALL THE YEAR i582. IMMEDIATELY I see what the "580, more and less" is! Shaking my head. In 6:2 the line does not say "more or less" it says: "In the year five hundred eighty more AND less.

6 2 *En l'an cinq cens octante plus & moïn.* Why I did not see that detail before? I have no excuse. At a guess this was *never going to be discovered* until an interpreter came by with the "i" or "j" or "X, or X" knowledge *prefixing* the year date. The 580 and more = 582. And the less is two things. It is minus one thousand and it is minus the ten days pope Gregory removed in *1582*, which should have been 13 days says professor *Ulrich Niemitz*, due to the invented three centuries, had they really been there!

It seems *Nostradamus knew* about the mis-representation of years. This makes the *Epistle To Henri II* further proof as a smoke screen, since this contains the "record" of Biblical times outlined by *Nostradamus* for the king. Naturally anyone using this "record" as a "guideline" is being led by the same misinformation which agenda it was to warp event dates. Done on purpose! It is up to us, you and me, to repair.

The removal of centuries (section-division) has been “*conjured*” twice. First by ‘scholars’ misinterpretation of the Monk manuscript writers’ crucified Christ’s **X, prefixing the year** adding one thousand years, then purposefully taking ‘i 676’ (in the days when A.D. was not yet in use) to make it **1,000 A.D.** at which time did they then drop the need for the prefix. ? 1:67:2 Souvent tourner, puis efre univerfelle: REPORTER, RESELL VIE /against: VESTRIES RESIST TENUOUS INVESTURE, PERVERT IESUS TUNE ERROR. Minuscule (lower case) letters were developed in the Middle Ages, well after the demise of the Western Roman Empire, and lower-case versions of Roman numbers are now also commonly used: i, ii, iii, iv, etc. In the Middle Ages, a j was sometimes substituted for the final i of a number, such as iij for 3 or vij for 7. This j was considered a wash variant of i. The use of a final j is still used in medical prescriptions to prevent tampering with or misinterpretation of a number after it is written. www.worldlibrary.org/articles/roman_numerals

- **QUATERNIONS' NATURAL METEOR'S** a good clue for us, because the four year orbit of the two asteroids, fragile Toutatis and companion has a date. The approach to Earth is St. Lucy's Day December 13th 2016. Arriving any time in the ensuing week, this could be the Capricorn-Car event around December 20 – 23. This was averted in 2011 by the Elohim and Matthew's "days made shorter" by twenty minutes or so, causing Earth to not be where she would have been in 2012. Satan & CERN are trying to stay ahead of this on this occasion. This ties in with the "false asteroid" onto Rome (of Yule), which was an entire forum. For me this begs the question why was Toutatis given a Teutonic (Germanic) name? Prince William owns CERN.

- o **SERIOUS. PATRON. RUACH^{/YHWH}** with Ruach being Lord of the airways = Enlil, "patriarch" of Romanism and the Khazars.
- o **REZONES. ISUS. PART. IESUS. IEARS.** When I first saw all the "Isus-Iesus-Ysus" names in the Template from Allan Webber, there was no clue to what it referred. Not until reading 1:7:3 as it was intended, in the *first original* publication, did it click with me.
- o **TO. DETER. PROCREANT/Enki,** Enlil has been crashing the ☸☸ (20 = Elohim) craft in the western hemisphere. These craft appear as 'globes', 'spheres', or 'orbs'. This is why the Elohim need to be more than secretive when navigating the western hemisphere, using time gates to come and go. Armed with this tidbit of knowledge, plus a couple more details following, we can assess for ourselves who is what in the skies. The exception being the Tau Cetians 'P.D.' who arrive in a lightning bolt in boomerang shaped craft.
- o **CZECH. ARTIST. PAINTS. ☸☸: Elohim CRAFT. DRENCH. UHITE. AT. NIGHT.** Looking for a Czech artist was real success, or if we take the word also as CHECK coupled with "drench white/light at night" the following art, next page, is what I found.
- o **Romania being the closest to "Czech".** In the sixteenth century, Romania had 41 counties, encompassing modern day **CzechoSlovakia entirely** – formerly as Transylvania. This word Transylvania means "across the forests". This area also includes Carpathia, under which at Bucegi (pron. Bucheggi) is the Giant's Base recently usurped by American forces. When a descriptive word such as "Czech" or "bigamous" appears – it pays to follow it up, since it seems to be the evidence.

Need I highlight that it was these texts which guided me to the **Cronographia of Michael Psellus?** Quatrain 1 42 4 in the **VERY ORIGINAL PUBLICATION** (where I was also guided to): that it was within Psellus' works the 'bigamous' was found?

"It also has a caption in German that reads "Israel, hoffe auf den HERRN," which translated means "Israel, put your hope in the Lord." EURA explains that this is a quote from **Psalm A Song of Ascents, N.I.V. Degrees K.J.B. .B. .130.7.i** (*this psalm appears in the last pages*) The age of the painting is unknown, but [this] monastery was originally built in the 14th century. It was later destroyed and rebuilt in the 17th century.
<http://www.abovetopsecret.com/forum/thread1038205/pg1>
The EURA says that the caption in the painting probably dates it to after +523, 1523 when the bible was translated into German.

On visiting Psalms in the New International Version (of NWO) and comparing to the 130.7 King James Bible, I found that there is a real difference in intent between the two 'versions' please see comparisons in the footnotes part near the end.

<~Would a person say this is a similar craft
to the previous few? Recall the American
George Adamski visits, that craft was the
same as the following three. A Vrill ship.

Comparing the previous attested medieval art, & recognising that we need to knock off 1,000 years in their dating ~ means that these events are 1,000 years closer to our own times.
<- We have here three unattested illustrations showing very similar craft in each one. We have seen these ships in previous forums, along with their warning alerts.

Crop circle July 25 2010 even the date is an *Elo'im* based number. This is from the *real* Pleiadians. How do we know this? There are NINE stars, with the central one (Alcyone) dimmed. Thus telling us that their brightest star is their darkest.

John Dee (16th century) AlphaBet from the 40 'angels' who gave him the information for his 'FIVE BOOKS OF ANGELS' the clue to the veracity is evidenced by the word 'five' which is an *Elo'im* base number. Kept it simple, didn't they! <~This Alphabet appears on the crop circle here

This turned up in my old files. It is not our solar system. The writing is not that of the Pleiadians, which we can see for ourselves in the image on the left. It may well be a true representation of the Nemesis solar system.

The 2010 photo top left was caught by Oliver Morel, but there is a clear one taken by Lucy Pringle in which all the letters of the alphabet can be seen. Finding the clear one will take some time and when it is found it will be published. The Pleiades has 40 named stars, and it was forty 'angels' who visited John Dee over a period of years, in much the same or similar way they have visited Billy Meier. Keeping in mind that both Billy Meier and Dr Fred Bell tell/told us the *real* Pleiadians do not contact us due to our "auric stench" which affects them in a very negative way. One can copy these images and enlarge them.

The crop circle images here were sitting in my old research files for many years, because we can see where people had been walking *through* the crop on the right, whereas nowadays this method of approach is frowned upon, people are now being asked to use the tractor tracks.

The fret which surrounds the crop circle top right is the same seen around many other crop circles.

This was not created by any of the Elohim that I am aware of, without someone can translate the language in the outer fret. The message within this one does not show our own solar system.

The central sun may or may not be ours.

And what is the thick line around the central body?

There is a secondary 'sun' which could be Nemesis, with the proportions showing correctly compared to our Sol.

That is: approx. just under half the size of Sol.

The planet at 1 o'clock has an atmosphere making it either Saran or Nibiru or whatever other name you are using. There are seven main celestial bodies apart from the very large central one, and a mobile planetoid (the faint moon).

You will note no matter if the central one is Nemesis and the one at the 12 o'clock position is Nibiru – they are in the same proportion to each other. Either way, the Nibiru one, whichever it is, is about one third the size of its larger neighbor.

According to alphabet group mathematics, Nemesis being just under half the size of Sol, is still 44 times larger than Earth. (Sol is 108 times larger than Earth).

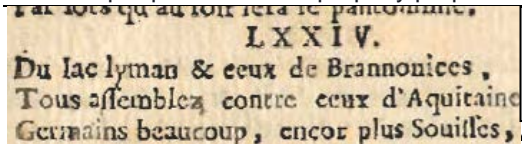

With Nibiru about one third the size of Nemesis – equals around 14.6 times the size of Earth.

The other problem is that one of the image "being done in deceit."

Who placed this crop circle? Was it the "front-men" of the Anakim?

Why have this image show up so many years prior to the event?

To allow people to become properly prepared? Or living fully in fear?

PEACEFUL FEMALE BECOMES SUPREME: peaceful female society, a matriarchy system

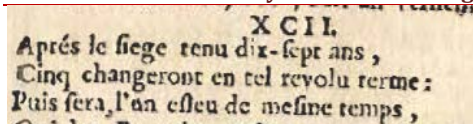

BIGAMOUS PRAEFECTURE BUFFOON, twice married at the same time (a clue) but finding who was married to two at the same time is not going to be easy, yet I think I found it, in: *CRONOGRAPHIA~BOOK TWO* #10.

"One of the persons considered was a certain man, prominent in the Senate, who had been promoted to the office of Eparch**²⁷ - an imperial dignity, although it did not carry with it the privilege of wearing the purple-- but since this gentleman had married while still in his childhood, he hardly seemed a suitable candidate. In the matter of family and social position, he was more acceptable than his rivals, but in the eyes of the Church his **previous marriage** was an obstacle to further promotion.

²⁷ The Eparch, or City Prefect, ranked eighteenth in the first sixty great officials in Byzantium. His duties included the maintenance of order in the city, superintendence of the factions in the Circus, control of the industrial guilds and above all the supply of corn. His office is, in fact, a combination of the old Roman *praefectus urbi* and *praefectus annonae*. The Eparch mentioned here appears to have been Constantine Dalassenus (*Cedrenus*, 722, p. 484) who was at this time in Armenia and to whom the emperor sent a trusted eunuch, Ergodotes, offering him the Caesarship and the **hand of Zoe in marriage**. This proposal was revoked, says Cedrenus, because Simeon, the *drungarius vigiliae*, favoured the claims of Romanus. It seems that Theodora refused to marry Romanus (*Cedrenus*, ^{ibid.}) because of their relationship-- they were cousins-- and because **he had already married Helena**. There was **some controversy over the divorce** but the Patriarch soon settled the matter in favour of the new emperor.

²⁸ Constantine died on 11. November 1028, aged seventy, after an illness of only two days.

- o **CONSPICUOUS MUCILAGE FIASCOES: as we are becoming aware - ALL alphabet groups are alien controlled and the E.P.A is no exception. The word MUCILAGE means the biosphere. The Great Barrier Reef is one, the balanced connection between trees, the soil, water and the air is another. Fracking, coal seam mining and nuclear power manage to destroy these. This is also what is really behind the amalgamation of Local Councils. And have you noticed greys appearing in advertisements?**

NEL EXPLORE THE PRESENCE IN THE CHRIST PROFILE PRETENCE, THE RECIPE IS THE PERSON when this first showed up there were few clues to what it meant, so I just left it for the reader to puzzle. Now we KNOW what it is! It alludes to the calendars' use of Yesus/Iesus as a prefix (in the year of our Lord Jesus) followed by the A.D. Anno dommini suffix. In this mix 'scholars' managed to leave the prefix ('i') as a numeral – tacking on a thousand years. One was switched slowly to the other – and so far, it seems to have been done by pope Innocent in collusion with Constantine. Pr. Niemitz says the Constantine VIIth, but it is the VIIIth who straddles the 1,000 AD timeline as far as I could find. You will see 'emperor' Constantine at the bottom

What is that in the centre? It is Baphomet, the same which appears as a medallion

hidden on the chest of the Leonine Jesus in the *Last Supper* by Leonardo Da Vinci.

Ask yourself - why would a pope, an emperor, and many icons of the Jesus (one wearing an emperor's crown) be using the same hand sign?

This is meant to mean the bene-diction.

Viz: "good" - "speaking". Could this mean "clever speech"?

Even the word "emperor" means "king of the empire" and the empire always

means those with reptilian ideals and morés, that is, hierarchy, regime,

- **'DELICATE' ANGELICAL IS FANCIFUL IDEA** according to AGRIPPINA (Cornelius) "*En Chiffre*" (Agrippina) chapter 14, what people think of as "angels" is not quite correct. He describes them as possessing the same qualities we humans have, which for the most part is not the best. He also describes their shape shifting and deceptive abilities. Chapter 14 of Cornelius Agrippina is one of the authors the Hidden Texts asked to be read. This advice and guidance appears in quatrains 1:7:3, 8:90:3, 5:17:4, 6:11:4, and 10:61:4. For this particular forum I am trying to keep the subject focussed on Da Vinci, since these five lines would almost certainly be a forum of their own.
- **GENITAL OFFENCES UUIITH HALLUCINATIONS ILL-EFFECTS** the ill-effects are the damage to the DNA 'halo'
- **ENCHANTS HALF-LUNATIC LIFELESSNESS** can't argue with that! Everyone 'enchanted' by their technology
- **INTELLECTUAL GENOCIDE** - is *exactly* what the consequences of 'technology' dependance are. Frequently to my mind comes the thought 'is there ever again going to be another Mozart or the likes of Da Vinci, or Tesla'? The absolute dumbing down of the intellectual capacity of modern populations is well under way. We are not taught at school how chemicals surrounding us affect our chemical carcasses and our watery brains. One chemical pollution people suffer is via their own hormones - affected by such things as the high testosterone in the meat of a halal tortured animal, and affected by the plastics surrounding us everywhere. These texts have been warning us every which-way about fluoride, aluminium, titanium dioxide, mercury, gen.man.org, chemtrails and the dangers of electrical pollution. Very few seek out the synergistic consequences which result from combining these chemicals (such as ascorbic acid and sodium benzoate) or that fluoride assists aluminium uptake within the brain or that certain electrical frequencies set off certain chemical "storms". As Hulda Clarke said: 'parasites, pathogens and pollution'... with pollution including chemical/electric.

You will notice the 'elite' use such dates as the equinoxes for major events. It was on March 20 2003, that the Iraq invasion was instigated by George W Bush and more recently the Elo'im have removed the *power essence* of that date by altering *our orbit to an unpredictable elliptical one which commenced October 2013 at 377 days and is still growing*, so that 'no man may know the hour'. This applies to solstices as well – the three days the 'sun stands still' can no longer be calculated

 there are a couple of Quatrains & Presages about the 'bride' they might give us a clue what this 'marriage' is. The

answer came after a short search, amongst Edgar Cayce's words: "When we enter that understanding of being in the King's

presence [by] the mental seeking, the new understanding, the new life, through the period when the bridegroom is at hand." And in Psalm

19:1-6 states: "The heavens declare the glory of God; and the firmament sheweth his handiwork. Day unto day uttereth speech, and night unto

night sheweth knowledge. There is no speech nor language, where their voice is not heard. Their line is gone out through all the earth and their

words to the end of the world. In them hath he set a tabernacle for the sun, which is as a bridegroom coming out. AND more clues from Celtic

lore: "Holly, intertwined with ivy, is traditionally made into crowns for the bride and groom... HOLLY & IVY = YULE AS THE DATE

In England, the Hazelnut is a symbol of fertility - a bag of nuts bestowed upon a bride will ensure a fruitful marriage. The Hazel is a tree that is

sacred to the fey Folk. A wand of hazel can be used to call the Fey". WAND IS DECEMBER 23.

■ **Edgar Cayce's words** "we enter that understanding of being in the King's presence [by] the mental seeking". We have been taught from

within these Hidden Texts which come from both brides* – that the King of kings is Cepheus – he with the branch/DNA held in his arm.

From the Mazzaroth we learn that: "Cassiopeia, as the bride, is the Lamb's wife." *The seated queen Cassiopeia is the wife of Cepheus –

ergo, he/Arm must be the Lamb! The other "bride" in the Mazzaroth is: "Andromeda, is the once chained bride" (rescued from Cetus the

sea creature when she was chained to the cliff as a sacrificial offering). Here the word 'bride' means 'given in marriage to the beast' and I

now believe that the word "marriage" also means being joined in a most unpleasant manner – in these old 'fables'. Then there is this:

■ "I, John, saw a New Heaven and a New Earth". (new skies and new planets and stars) **King James Bible**

Revelation 21:2 **King James Bible**

2 And I John saw the holy city, new Jerusalem, coming down from God out of heaven, prepared as a bride adorned for her husband/groom.

5 And he that sat upon the throne said, Behold, I make all things new. And he said unto me, "Write: for these words are true and faithful.

6 And he said unto me, "It is done. I am Alpha and Omega, the beginning and the end. I will give unto him that is athirst of the fountain of

the water of life freely." Does this bring to mind the CEO of Nestlé and his comment that we 'humans have no right to water'?

Compare to the devoid of alkhemye words version of the New World Order: N.I.V.

- New International Version: 21:2 “I saw the holy city, the new Jerusalem, coming down out of Heaven from GOD, prepared as a bride beautifully dressed for her husband. No doubt some so called expert altered the word ‘adore’, yet the word “beautiful” is alkhemycal for those from “the beautiful elephant” which is in Cepheus! To me that seems to be an accident. Elephant is named in four of the Sixaines. NIV: 21:4 There will be no more death or mourning or crying or pain, for the old order of things has passed away. The word “order” is a reptilian term, parallel to “hierarchy”. The word adorned means of Libra, and throne means the King of kings Revelation 21:4 **King James Bible**
“And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away.

But finally, not being able to tolerate any more of this treatment, they sent a delegate of theirs named Mutonius, to the King and the Queen Mother.
 At this, at Aix, consul Flassan became furious; even as the suspects were escaping, he closed the gates of the city. He fortified the walls with bombards and other machines of war. He had a rampart and deep trench dug all around the city, and everyone was conscripted to do this work. But at this point, at Aix, they learned of the arrival of a sizeable and menacing troop of infantry and cavalry approaching the city, commanded by the two counts. LETTER #39

A one page summary... **VATIC PROJECT / PROTOCOLS**

As we can see - this is a YHWH/Enlil idea

"Goyim are mentally inferior to Jews and can't run their nations properly. For their sake and ours, we need to abolish their governments and replace them with a **single** government. This will take a long time and involve much bloodshed, but it's for a good cause.

Here's what we'll need to do:

- Place our agents and helpers everywhere
- Take control of the media and use it in propaganda for our plans
- Start fights between different races, classes and religions
- Use bribery, threats and blackmail to get our way
- Use Freemasonic Lodges to attract potential public officials
- Appeal to successful people's egos
- Appoint puppet leaders who can be controlled by blackmail
- Replace royal rule with socialist rule, then communism, then despotism

- Abolish all rights and freedoms, except the right of force by us
- Sacrifice people (including Jews sometimes) when necessary
- Eliminate religion; replace it with science and materialism
- Control the education system to spread deception and destroy intellect
- Rewrite history to our benefit
- Create entertaining distractions
- Corrupt minds with filth and perversion
- Encourage people to spy on one another
- Keep the masses in poverty and perpetual labor
- Take possession of all wealth, property and (especially) gold
- Use gold to manipulate the markets, cause depressions etc.
- Introduce a progressive tax on wealth
- Replace sound investment with speculation
- Make long-term interest-bearing loans to governments
- Give bad advice to governments and everyone else

"Eventually the Goyim will be so angry with their governments (**because we'll blame them for the resulting mess**) that they'll gladly have us take over. We will then appoint **a descendant of David to be king of the world**, and the remaining Goyim will bow down and sing his praises. Everyone will live in peace and obedient order under his glorious rule. this seems to be Prince William <http://vaticproject.blogspot.com.au/2015/05/the-protocols-of-zion-in-nut-shell-in.html>

Upon reading this last – which seems to hold up under scrutiny after reading Anton Parcs' works – how is it then that there seems to be at least two others (in America) who are trying to delude people into believing that they are the former EnKi? Is it another case of the "many" who come after. Preaching that it is they who are the returned One? There is a very good clue within this line – the word **PEDANTIC**. EnKi has always said *what he means*, and he means what he says. The other word of interest is **EMOTIONS**. Amongst the reptilian bred peoples this is in short supply.

Erratum:

In a previous forum Caen/Cain the *murderer* was named as the *meat-eater* and livestock keeper, as the shepherd. With Abel the murdered one, as the agronomist and the vegetarian. Within all the research done for these pages, this was what I had read! It made such sense to me having seen articles regarding a prison which decided to feed the inmates a vegan diet. The results were a dropping of crime rate inside the prison walls by ninety five percent. To me, the *fact* that Caen the 'meat eater' bred on to become the peoples which perform the halal torture method of killing made some consequential sense. These peoples seem to me to be a most *unhappy* bunch, an *angry mob!* To my horror, further re-search says the opposite, that it was the [placid] agronomist who killed the meat eater!. This has left me wondering just *how much has the bible* been edited? What was it that really prompted murder??

[What is iniquity according to the Bible? - GotQuestions.org Home](http://www.gotquestions.org/Bible-iniquity.htm)

www.gotquestions.org/Bible-iniquity.htm

Or we can harden our hearts and go deeper into that sin until it **defines** us. Partial lists of **iniquities** are given in Galatians 5:19–21 and in 1 Corinthians 6:9–10.

"The Hebrew word used most often for "iniquity" means "guilt worthy of punishment." Iniquity is **sin at its worst**. Iniquity is premeditated, continuing, and escalating. When we give ourselves over to a sinful lifestyle, we are committing iniquity. Sin has become our god rather than the Lord (Romans 6:14). When we realize we have sinned, we have a choice. We can see it for the evil it is and repent. When we do, we find the forgiveness and cleansing of God (Jeremiah 33:8; 1 John 1:9). Partial lists of iniquities are given in Galatians 5:19-21 and in 1 Corinthians 6:9-10. These are sins that become so consuming that a person can be identified by that lifestyle. The psalmists distinguish between sin and iniquity when they ask God to **forgive both** (Psalm 32:5; 38:18; 51:2; 85:2).

THUS THERE IS A DIFFERENCE BETWEEN SIN AND INIQUITY and the New World Order Version of the bible tries to decrease INIQUITY to a mere SIN. One sin leads to another, and iniquity begins to define our lives, as it did when David sinned with Bathsheba (2 Samuel 11:3-4). His initial sin of lust resulted in a hardening of his heart, and his sin deepened. He committed adultery, then had Bathsheba's husband killed (verses 14-15).

Iniquity had taken over David's life of sin.

His heartfelt cry for forgiveness is detailed in Psalm 51. Verse 2 says,

"Wash away all my iniquity and cleanse me from my sin."

The second half of Romans 1 outlines the progression of sin (verses 10-32). The end result for those with such hardened hearts is that God turns them over to a "reprobate mind" (verse 28, KJV), and they no longer have the desire or ability to repent. Reprobate means "thoroughly depraved, given over to evil until the conscience is seared." The Scripture is clear that God forgives even iniquity (Micah 7:18), but if we persist in it, we will reap the wages of sin, which is eternal separation from God (Romans 6:23).

<http://www.gotquestions.org/Bible-iniquity.html>

The defining of the words 'sin' and 'iniquity' is important for understanding Psalm 130:line7, which for some reason has been singled out and outlined on the manuscript held in the church in Romania. The line 7 says, almost as an order:

"Israel, put your hope in the Lord," in the New International Version (NWO version), a modern interpretation.

Yet in the King James Bible it says something slightly different: "Let Israel hope in the LORD"

If you have been following these forums you might have seen the one titled "The Law of One". This discusses Free Will etc. The difference between an order "put your hope" and a request (prayer) "Let/allow Israel hope/trust..." are two different things. Recall the saying 'judge them by what they do'? It is up to Israel to allow God to pass judgments, and not for Israel to do so.

Keeping in mind that the Lutheran Bible of ca 1523 predates the King James Bible of 1604-1611, and the quote given by the EURA was from the New International Version, which has altered and *supplanted* thousands of details from former bibles.

One example being the Hebrew word for "hope", it also means "waiting".

Not forgetting the first of the editing done by the Nicean (Nicene) Council in *what we think* is 325 Anno domini.

The question still remains - why did a Romanian Document kept in a Romanian Church originating between the 14th and the 17th centuries contain and highlight one line from one Psalm? The line: "Israel, hoffe auf den HERRN," and why *fully* capitalize Herrn?

"The age of the painting is unknown, but [this] monastery was originally built in the 14th century. It was later destroyed and rebuilt in the 17th century."

POSTED BY: JASON MAY 19, 2016

YELLOWSTONE, WY: A 5.1 Magnitude earthquake has hit Yellowstone national park, only a mile from the caldera of its massive active super-volcano. The earthquake hit at precisely 6:36 PM (CST) on Thursday May 19th and lasted around 2 minutes.

Park rangers are reporting high velocity plumes of smoke coming from the general area of the caldera of the super-volcano.

Local government has issued a mandatory evacuation of the park and surrounding areas.

There is no information on casualties/injuries as of yet.

Except that we need to add one unit to the Richter Scale, which was downgraded intentionally back in 2011 or so. They did this knowing the forces from the passing small solar system were going to become greater than ever measured before. So this is a 6.1, not so minor and nothing to sneeze at

Psalms 130

A Song of Degrees.

1 Out of the depths have I cried unto Thee, O LORD.

2 Lord, hear my voice:

let Thine ears be attentive to the voice of my supplications.

3 If Thou, LORD, shouldst mark iniquities,

O Lord, who shall stand?

4 But there is forgiveness with Thee,

that Thou mayest be feared.

5 I wait for the LORD, my soul doth wait,

and in His Word do I hope.

6 My soul waiteth for the Lord more than they that watch for the morning:

I say, more than they that watch for the morning. 12

7 Let Israel hope in the LORD:

for with the LORD there is mercy,

and with Him is plenteous redemption.

8 And He shall redeem Israel from all ~his~ iniquities.

Authorized (King James) Bible (AKJB)

New International Version (NIV)

Psalms 130

A Song of Ascents. 1

1 Out of the depths I cry to you, 2 LORD;

2 Lord, hear my voice.

Let your ears be attentive

to my cry for mercy. 3

3 If you, LORD, kept a record of sins, 4

Lord, who could stand? 5

4 But with you there is forgiveness,

so that we can, with reverence, 6

serve you. 7

5 I wait for the LORD, my whole being 8

waits,

and in his word I put my 9 hope.

6 I wait 10 for the Lord

more than watchmen 11 wait for the

morning,

more than watchmen wait for the

morning. 12

7 Israel, put your 13 hope in the LORD,

for with the LORD is unfailing love 14

and with him is full 15 redemption.

8 He himself 16 will redeem Israel

from all their sins. 17

1 'ascents' New Intern Version/N.W.O. - 'degrees.' K.J.B

2 I cry to you, - have I cried unto Thee

3 to my cry for mercy. to the voice of my supplications.

4 record of sins, - shouldst mark iniquities,

5 who could stand? - who shall stand?

6 with reverence, - mayest be feared.

7 serve you. (not in the KJB here, at all) but suits the Vatican's N.W.O. Chrislam theme

8 whole being- I wait for the LORD, my soul doth wait

9 word I put my hope. in His Word do I hope

10 I wait for My soul waiteth

11 more than watchmen wait for the morning, - more than

they that watch for the morning

12 more than watchmen wait - I say, more than they

that watch for the morning.

13 Israel, put your hope in the LORD =

Let Israel hope in the LORD

14 with the LORD is unfailing love - for with

the LORD there is mercy.

15 with him is full redemption. with Him is plenteous

redemption.

16 He himself will redeem Israel - And He shall redeem Israel

17 from all their sins. - Israel from all ~his~ iniquities.

16 he himself will redeem Israel - Who? Not the Lord, because

it is not capitalized. The word "will" belongs to "would do"...

N.I.V., the New World Order's bible.

16 And He shall redeem Israel/Jacob: means 'supplanter' and

the word 'shall' belongs with the word "should do"... K.J.B

17 from all ~his~ iniquities. From the iniquities of Is-ra-el.

So, did you see that? IsRaEl means Jacob means

SUPLANTER definition: www.thefreedictionary.com/supplanter

Noun, 1. supplanter - one who wrongfully or illegally seizes and holds the

place of another. Usurper · offender, wrongdoer - a person who

transgresses moral or ...2. "to trip up or to overthrow."

James, as in king James - also means Jacob

1 the word DEGREES does not mean ASCENTS, it might mean

ACCENTS, but it does not mean "rising up" as the N.W.O. version is

2 I cry to you, not even capitalized You, present tense. In N.W.O.

Whereas "have I cried unto Thee" forms a question, King James

3 Out of (from) the depths I cry for mercy - from what? N.W.O.

4 voice of my supplications. VOICE always means 'pitch' of

'frequencies' wherein sits the honesty of the request. KJB

5 who could stand? - this is asking "who can stand"? Who can have

stood? Opposed to who shall stand? who should have stood? K.J.B.

6 with reverence, - standing fearlessly, as we should according to

the Elohim - yet - the K.J.B states mayest be feared. The proof for

the evidence that our bibles were edited by those who wished us to

fear them. We have been learning the damage which fear and pain

does to our DNA. Another good reason to NOT circumcise.

8 whole being- emphasis on the "I-me-self" material being. NIV.

I wait for the LORD, my soul doth wait: emphasis on the spirit. KJB

9 his word I put my hope. In my Lord's word I hope (is true) ie: a

feeling of expectation and desire for a particular thing to happen.

in His Word do I hope - a feeling of trust placed well. KJB

"our private friendship, upon hope and affiance whereof, I presume to

be your petitioner"

10 I wait for the Lord - in physical expectation N.I.V.

My soul waiteth My spirit awaits in certain knowledge K.J.B.

11 more than watchmen wait for the morning = I am waiting in

expectation more so than those waiting for (he) of the morning

(star) = Lucifer . N.I.V.

I say, more than they that watch for the morning. I state, more than

those (others) who wait with expectation (for the false one) K.J.B.

13 Israel, put your hope in the LORD = IN WHICH LORD?, THE ONE

AWAITED "IN THE MORNING"? THIS STATEMENT IS AN ORDER. N.I.V.

Let Israel hope in the LORD: allow Is-ra-el to put trust in the Lord

this is a prayer K.J.B.

14 for with the LORD is unfailing love - of what, of whom?

One can love without mercy, a self-ish possessing love. N.I.V.

for with the LORD there is mercy, compassion and forgiveness

from one in a position to provide these qualities. K.J.B.

15 with him is full redemption. The action of regaining or

gaining possession of something in exchange for payment, or

clearing a debt. This is what the N.W.O. version means.

15 with Him is plenteous redemption. The action of saving or

being saved from sin, error, or evil. K.J.B
