## LEONARDO PLUCKED FROM THE ADRIATIC

continues from page 41

Leonardo script plucked out of previous Adriatic collections

**C**enturies 6 Quatrein 2 requires further extrapolation : as you have probably become aware, these text words are using a *descriptive* name for certain individuals – this is so we can discern between the real one and the false. Best examples are UTOPIAN Telling, ats FAT FACED, ADORE/Libran/Putin and here we have BLONDE Londoner/David Icke in order that we not take it as David Cameron. Another descriptive word for Icke is “Jesus” or “Jesus soul”. People think the word ‘Jesus’ is a name, but it is not a name. It is the ‘office’ of “saviour”, where ‘christos’ is the ‘act of anointing’. The act of anointing is the manner by which certain greys feed themselves. For the prophet who has become known as Jesus Christ or J.C. – his name was Immanuel.

6 2 4a) *Que pour de l’or en bled non .* That for without gold <sup>knowledge</sup> in back of beyond, <sup>the past or outer space</sup>

**QUEER QUEEN** LOOP UP UNDO OLD BOLD **BLOND LONDONER**, PLUNDER <sup>his</sup> BLOOD, LEND **PURE NOBLE DNA** LONDONER **PLEB QUEUED** – ADORED LONER **LEO DEBUNKER**, POUND DOORBELL ON NERD, OPENED DOOR, LOOK! **NUKE PRELUDE** **NEEDLE BROKEN** PROLE = DOUBLOON BLUNDERER. **BURN. KERNEL = UNDO NEED U.N. BLURRED. NO ONE LOOK UP?**

- o **QUEER QUEEN** the Cassiopeian BLUE ONE LOOP UP orbit BOLD BLONDE LONDONER David Icke when he was young
- o **BLOND LONDONER**: this is the part which needs further explanation. First the young Icke did not always appear to be blond, but rather quite dark. Most times he seemed blond. But there is much more to this descriptive word. Using C+F in the previous forum I was surprised to find five other references to the word ‘blond’ in quatrains. Do these quatrain lines refer to David Icke, that is the question.
- o LEO DEBUNKER: recall the picture on the wall behind the reptilian Icke? He knows about the shape shifting Leonines. When the word LEO appeared next to the LONER (Icke) I at first thought he must be *born under Leo*, which would have been a further descriptive keyword, but Icke seems to be an April Taurean (with a touch of Aries).
- o PLEB ordinary folk hungry for understanding QUEUED – ADOREDeither Putin or Icke POUND, DOUBLOON DEBUNKER puns money money & pounds on [that] door – which is what both Icke and Putin do regarding “bannksters”.
- o BROKEN unhealthy NEEDLE PROLE ordinary folk DOUBLOON/gold,[knowledge] two sided – two faced. **The needles agenda is the NUKE PRELUDE – and these texts have seen this twice now = Vermont to Ellis Isle..**
- o BLUNDERER/banksters
- o **NO ONE LOOK UP? not many doing the research, yet again, a pun. Not many looking up at the heavens**
- o 1 39 ‘supresme’ can mean ‘the one at the end’ or the ‘greatest’ one, the best one. 1 39 2 Blond selected, <sup>[Nordic or D. Icke]</sup> for becoming too involved. this seems a warning to the ‘selected’ one – getting too close to the truth 2 67 The fork nosed comet will come at/ to the blond one (our sun or the timing of David Icke) OR it might be saying :- The blond one will come to compromise the fork-nosed one.

6 2 4b) fans, *peine il change* the change isn't worth it (transhumanism)

**SINGLE LEGS** <sup>Pegasus, little blue grey</sup> **ANGEL HELPING FEELS: IN FINANCE PLANNING FALSE CHEAPENING** a pun **IS A SIGN**, both: *false cheapening of actual money*, and this also means falsely damaging these texts, so this is one of three lines which now say this. **INSANE PANACHE IN FACE/Scorpio** (FLENCH, FLINCHES CHEF'S PLEASING PAGES) see last page of the forum **ADRIATIC, ANTECHRIST, CHARLES** which states:

▪ **HELPFUL TELL HER, HELP REPEL QUEER FACILE FIDDLE DEED IS SCHEDULED DEFILE UURITER PARKS, DATE LEAP/Scorpio** meaning this Nostradamus line continues what the Da Vinci line is telling us – that my little blue grey “angel” from Scheat in Pegasus is saying, “helpful to tell her a plot is afoot to defile the writings of these texts” from *par lequel l’eftat de l’Eglife decheu the timing of the pairing of these three lines (there is another one next page) is phenomenal, meaning “of a phenomena” (to me).*

**CANINE APES, PILE, HEN ALIENS SHAPING FLESH, PHASER FENCING NG/ NAGS IN SPIN SHIP INN PHI ANGLE NINE.**

**SPEECHES SANG IN FIG, CHIPS [FEIGN] GENE, ‘PEN’, GAS.** Chips = implant NG/date Oct 28 – Nov 24 = Scorpio

**CHEF HCP collator SINGS: PINCH cut off [HAG] FISH EPIC ANNA’S AGE ENHANCES SPAN GAP = HENCE then IS SAFE**

- o SINGLE LEG means those little BLUE ONES. ANGEL the little blue-grey from Scheat in Pegasus **IN FACE** in Scorpio is also NG NAGS where NG is also the rune for Inguz, the reaping. This ‘reaping’ is ‘raping’ a form of harvest and we can relate this to the “tythes” of the stories in the bibles. Sorting wheat from chaff, where chaff is tythes.
- o CANINE APES, Dogstar Ahpees = from Sirius. PILE, of manure = Anu/Alcyone. HEN = Grus/Heron/Ibis/Benu ALIENS
- o SHAPING FLESH does not get any clearer than that = shape shifting
- o **SHIP INN Earth PHI ANGLE NINE.. vignettes show it as eight degrees IN FIG, Jun 14 to Jun 23, Dec 12 to Dec 21** noting that it was in June 2016 that “scientists” publicly stated the jet stream has crossed the equator – doh! It is the *equator* which has moved, not the jet stream.
- o ‘PEN’, fema camps GAS chambers. CHIPS [FEIGN copy] GENE = the implants fool our DNA. Question becomes “why bother to alter the DNA of the prisoners if they only plan to kill them?” There is more behind this detail... and it most likely refers to a form of cloning – but what for? Soldiers? Food? Replace the population?
- o **PINCH cut off [HAG] FISH** the Pisces symbol for Jesus **ENHANCES ANNA’S annual AGE: SPAN GAP** gap made larger, so if we manage to delete the *extra one thousand years* (without mentioning the 324 years added), that on its own will
  - a) negate the illegal clauses in the Off World “treaties” and repair computerised astronomical calendars
  - b) empirically prove *we are no where near* the Age of Aquarius (the Humanitarian Age)
  - c) the word HAG added to the word FISH is telling us that Pisces is the Age of Deception.

HAG also meaning CRONE ~ that old witchery of time [calendar] unfulfilled, **with no grandchildren, in this case literally**

- o LEO the shape shifters POUND [a pun], pounding on all our doors to wake us up, and debunking the pound

The continuation of LEONARDO lines will follow –

○ **ARTISAN SAINT** the **Artisan** is always **Leonardo Da Vinci**, noting he prefers the word "script" to the word 'texts'

Yes, quite so – this is the last guidance regarding how to find the words in the anagram machine – and you can compare the results shown between what the computer program produced as a template and what the final result is. Working down the results produced by the *Anagram Genius* program - using words as you come to them (like a "piano runs its notes") quite so, and if a repeated word arrives, there is no need to use it again (but it can be put thru the *anagram genius* to see what else it might say). In fact, I am wondering why it has taken me nine years to realize that like *rune stone* reading, (the precursor to our alpha-bets) that sentences of words are the same as rune reading ! One has the "issue" (either a problem, a name, or a subject topic) and in this work the topic is mostly a name but not always ; such as the word "Earth" – the letters comprising that name are removed first and what remains when anagrammed provides detail about that subject.

**They see very large spending<sup>hidden</sup> in the darkness** splendori (medieval Italian for) spendere - to spend, pay, combines with aprendosi - from apriri = TO unfold, to open. There are two meanings here. The black ops intention was used because it fits the context of the lines before and after . However, a reader [Angelo Pugliese](#) caught me, with another explanation which fits well when considering the Satanic forces involved - the so called "Illuminati". **they see very great splendor [lighting up] the darkness**". Yes, those who wholeheartedly digest the bibles have a hard time believing how cleverly they have been duped by the editions being altered – far too many times to detail here. This makes them closed minded to other possibilities such as the Andromeda Council and the Cassiopeians. Some blindly invest in the Pleiadian influence idea when those "seven stars" are quite the reverse – they mean Ursa Major, source of Anakim! It follows that the thought of their Jesus being a shape shifter is simply not a possibility – he with his 12 disciples, among whom is the misogynist Peter. As I keep saying : judge them by their actions. St Peter = the Vatican = parasites. No one asks "how did Da Vinci know this"? One might ask "how was the Book of Revelation sourced" – same answer = stargate. Immanuel, on the other hand, the prophet (again – prophecy comes via time gates), he was real, given the office/title of Jesus Christos : our Anointed Saviour. Saviour from what? Our own sins? That on its own is a diversion – no babe is ever born 'with sin'. This was a construct by which to control people – make them guilty, then charge them for their 'sins'.

- **R.O. OVER** above ARE ANTI-SOCIAL APPEASER. One need only listen to Alex Collier and what he says about the Regency Order of the Andromeda Council, who have no comprehension of why our planet must be ruled by a money system. The very terms 'regency' and 'order' have always raised alarm bells for me, simply because anything to do with 'regents' and 'orders' seems to always indicate the reptilian. Those reptilians from Lacerta are known to be nurturing (read as 'good') so it is easy to forget not all reptilians are negative. That includes EnKi. Without the 'money system' we would not need politics, nor politicians (what a misnomer that is !)

  - The months of the horse during Scorpio is the **ASHEN Horse** of October 28 to November 24. Includes Halloween.
  - 1 :39 LARGER 'N' giant's STAR = Nemesis RENTS SLAG – tears volcanic tectonics SET OFF **LATE** in 'Pale horse' date. The pale horse is the ASHEN one, because there is a *white horse* [date] too. The four horses of the unveiling do happen to be Celtic months and the word 'unveiling' or 'disclosure' is what *apocalypse* means. The black horse date is separate from the ASHEN, in another year, but the white horse is **June 10-July 7** and does come first. Explanation follows :
  - When debating the four horsemen of the "Apocalypse" (the unveiling – or disclosure) one is able to understand more fully what Mr. Death is related to and with a horse of ashen colour the hints become more concise. Some have said 'dappled grey' and kudos to them ! The clue for the event is disguised in the word 'ash'. This can go several ways – volcanic ash, nuclear ash and the Ash Tree, which is the real Tree of Life, [DNA] especially in the Eddur. Revelation 6:8

a. "I looked, and behold, an ashen horse; and he who sat on it had the name Death; and Hades was following with him. Authority was given to them over a fourth of the earth, to kill with sword and with famine and with pestilence and by the wild beasts of the earth." Commenting that Hades is a key word for stargate and Authority to do one thing also means authority not to do it. The texts line here is saying **NOTE GALES ALERT COOLS: GOOFS SCORPEO OSTLER** (horseman MONTH), thus saying trips up that agenda.

- several trees fit the description. In the Celtic trees, ones which can be anagrammed from this line are Apple (pollen ?) Sorrel, which is Gemini (May 13 – June 9) which does have pollen and does 'lose its leaf'. Grape vine, do they pollinate? Their date is September 2 – 29 and Poplar (does it pollinate ? no, I don't think so) dates are February 4 – 8, May 1 – 14. August 5 – 13 and **TEE** July 8-August 4 fits the vignette with the crayfish (Cancer) which has a rolling olive green 'something' between its claws  
 Oak trees are elegant, and pollinate, and lose their leaves, and their date happens to be June 10 – July 7, July 21 – August 9

❖ today July 16 2016 a direct warning arrived, so the more people who know about this the better. It is called "empirical" evidence (how apt, a bit of a pun there). Recall the helicopter ? And the texts with it ? In the photo here it looks like a toy - but this was no toy, although it may have been a drone, but I did not realize they make drones twice the size of Bell® style helicopters, those which the likes of aerial police and media journalists use.

ALARMS PURER ARM/ Cepheus AVENGER, LIVE, DANGLE orbit OVER GEM APRON ALL, AIMING, (NO MILD GAIN) IS RUDE REMOVAL OF LEO NEGRO

LIVER-GALL = June 10 - July 7. and this event with the hovering helicopter, circling and hovering facing me, was June 23 2016

The strange high whistling sound of the engine of this very large helicopter drew my attention first...

Then there was this today July 16: LATE ALARM - quite so, got the line the same time as I found the body

right side eyeball gone, but right ear present anus not cored out, but interfered with

just as I found him, a very large sheep no blood anywhere

left ear gone, glands removed all down the left jugular to the shoulder, left eye intact

Because he was black in colour around his rump, the anus photo is not clear enough and he is too big for me to turn around. The most interesting aspect is that we have had three days of frost, and this morning had been a good one yet the carcass is blown right up including the legs – and beginning to smell – even though the environment is in refrigerator conditions.

- a person does need a good laugh now and then. So THIS is what they are going to try and discredit the collator with ! Since this forum will be the last for the year apart from the *LANGUAGE ENGINEERED* collection, the "detail" will be outlined right now. The plan was to wait until *after their attempt* before letting you all know. In which case the reader then becomes a mind-reader since this will be the last of the real forums. Putting you out of your misery is the easy part. The consequences of having two teeth stuck in the roof of the mouth (non deciduous) meant that there were two gaps in the smile ! Filled by two false teeth on a titanium plate. Having outgrown that plate does not change the fact it shows the depressions for two separate teeth which are still in the roof of the collator's « *gorget* ». Photos have been taken of this plate (false teeth, one of which broke off long ago). Putting that photo here is plain gross, suffice to say the original plate is in safe hands, the photos are on various hard drives – AND the gaps are still evident in the skeleton ! **Anyone wishing to see the photo is welcome to write for it at [hiddentext@live.com.au](mailto:hiddentext@live.com.au) and it will be sent. - **MISCALCULATES CATCALLS ACCUSE SENIOR PENSIONERS (CLAIMS ALL BOOZINESS)** This was on the ABC « NEWS » last night – it did strike me as a strange topic to « *measure* ». What could be the reasoning behind that gubberment project **I wonder ??** Must be important to appear here in the texts. I no longer do any drinking myself, which is why I was rankled to hear that accusation that ‘all senior pensioners ...’ Seems to me the ‘political team’ is looking for some sort of excuse to do something nefarious to senior pensioners.

**I wonder ?? Answer** (shaking my head). **The News anchor claimed pensioners drink ‘red wine’ – so watch this space MALICIOUS LOU LIES : PUT CLINICAL BOTULISM (TO BE CONCISE » LACTOBACILLUS) ACCUMULATE IN BOOZE : “TO CULL” ‘SINCE PENSIONERS’ ‘CLASS’ ARE AS ‘ABSOLUTE LAZIES, A SOCIAL OBSTACLE’** *I suggest brew your own!*

The other thought which came – this ‘bacillus’ will arrive in the yeast. ‘Yeast’ is also another name used for M.S.G. It just came to me HOW this can be done. Pensioners receive a Pensioners’ discount card (on request) and almost always I noticed – booze is at the top of the list for discounted product for pensioners. In just the same way general doctors receive kickbacks for giving out ‘vaccines’, it is easy to see pubs receiving kickbacks for ensuring the pensioners are getting the discounted booze, receiving a particular product.

Pardon my cynicism... but where money is concerned there is little conscience.

That must be what dad meant when he said “those standing pricks have no conscience”...

Here we have another photo taken ca 1922 - 25 at Giza ~>  
 The evidence for it being a very early picture is compelling, since the sand is still covering all the little satellite pyramids leaving only **the four largest ones.**

Noting that the layout in this depiction is the same of those near Mount Baigong and in the western province of Qinghai, Xinjiang/Xianyang China.  
 One needs to ask oneself why does the “establishment” want to promote the idea of the layout being in that of Orion’s Belt? Or even in Cygnus. According to these texts Cygnus was not even in the skies during the construction. Besides, Cygnus faces the wrong way. The fourth [black] pyramid forms the ‘bent back’ wing of Grus formerly known as Benu (which means “in the south” as Penu) also known as the Heron, Ibis, Crane, and Phoenixoptera.

<https://www.youtube.com/watch?v=OJz0mm8cSt4>

We have seen two different examples of Google Earth bearing the title ORION ME where normally it says USGS etc. We have seen that the Freemasons big “G” means those surrounding Orion known as the Orion Group [of stars]. We have learned that under F.D.R. a set of “treaties” was established between supposedly three Off Worlders & Earthlings, but these may have been mere reiteration of other events which seem to have occurred around 1909 & relate to the *Grand Canyon* discoveries by Mr. Kinkaid. One needs to YouTube “*Pyramids in the Grand Canyon*” and one needs to also join dots which are pointers to the real reason National Parks became the act of the day.

We have been learning that certain Off Worlders are not what they seem, especially in the Western Hemisphere. That they are able to shift shape or *replace* VIP Earthlings (as clones or androgyne) or are bred via their genes to have an outside ‘look’ yet internally be something entirely quite the opposite to their physical appearance. That those of the Western hemisphere are preventing any *benign* Off Worlder ships from approaching their ‘boundaries’ and have been doing so at least since the late nineteenth century. This makes the story of military ‘radar’ bringing down the 1941 and the 1947 craft questionable. We ordinary folk are being hoodwinked at every extra-terrestrial turn. When listening to or watching Western hemisphere ‘informants’ such as Corey Goode or David Wilcock (& many others, some with best intentions like the Lessins of the blog **ENKI SPEAKS**)... look for what they are *not* saying.

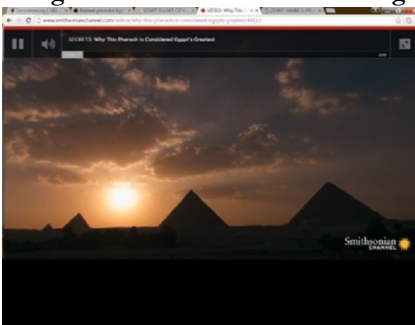

Those Who are providing these texts, Who ‘huxed’ for Da Vinci and for Nostradamus and for Alex Collier, Who are also guiding Simon Parkes (UK), Anton Parcs (Fr), Jim Sparks (USA) and Helen Parks (Australia) with differing “mandates” giving us a list of the twenty Off Worlders in the Elohim Alliances for the Living Library *so we might recognize their agenda*, ~ are NEVER named by the mis-informants, not one of them – by *any* of the ‘dis-informants’ we are beginning to see.

Exceptions ‘running with the Mandate’ in the Western hemisphere do appear: see David Huggins and Linda Porter, and Linda Knight Jadzyk with the *Cassiopea Files* is another one.

Just to add some more spice to this hot chilli mix – recall the line which told us George Soros is a GRUS CAMELEON?

Now think back to Chani and what he said about John McCain, which meant absolutely very little to readers including me. Chani said: ‘McCain is phoenix...’ **Benu/Crane/Grus/Heron/Ibis** was once called **The Phoenix**.

**And strange as it seems – here is an image used by those [Grus] of the western hemisphere in the Smithsonian.**

This was a very quick frame introducing *The Lost City of Egypt*.

Having been publicly aired the previous night one would wonder why a person might take this as a direct and personal censorship. When searching on [Yandex](#) it was found and to my astonishment, sourced from the Smithsonian who in these texts have been trying to hide archaeological Truths. Yet [note to Bauval] there are clearly four main pyramids on view.

9 7 4 Si mieux doit estre roy Breton ou Normand.  
 Amongst the thirty eight pages of guidance to the collator was the direction to look at the French for what it hints in English. The above line says via this [very rough] method : 'if speaking [of the matter] in the middle-between Breton or Norman king... thus using 'if' (a rare word in prophecy) meaning the topic of that « middle » -what is between- the Breton and the Norman. In this case - *nothing*, being joined in deed, but divided by edict. The unaccounted for dark age.

 the word 'select' refers to the same that you can do. "Select" your name if you spot it within a line - then REMOVE it first and what remains is the information pertinent to that name. When runecasters are casting for runes, they do something similar. What you have "selected" (and removed) becomes what runecasters call "the issue". Best result using your entire name.

>this meant not much to me when being typed up – but this morning Sept 16 2015 with camera and clock in hand ready to catch a photo of the sun rise it becomes a clear message. The waiting for this sunrise was being done this date because yesterday the 15<sup>th</sup>, the evening shadow was telling me it was already the Equinox. Pinning down which dates are now the solstices and equinoxes **is very important** since these are the days the elite uses sorcery to its best advantage [for them]. We are told in these texts that the particle colliders are being manipulated to alter the orbital "ascension" of our planet, so it is quite important to discern if they have had any success. One method to determine this is to **establish where the sun rises** each morning, especially for the September equinox which used to be the 19<sup>th</sup> to 22<sup>nd</sup>. Yesterday the photo I took was with a sun well enough advanced to presume it may even happen on the old date\*. However this morning – the sun had **retroverted** – that is, it had popped up some degrees *back towards the north* instead of heading towards the south.

**In other words, the planet has been moved, be it by a tilt or simply slowed down in her path.**

Recall the CERN lines regarding "minutes & hours"?

So the word "chef" here means the cook, the one who is combining all the diverse ingredients – called by alphabet agencies the "coffee maker". This line translated reads like this:

"The collator facing east, the timing the Elohim using safe directed energy waves technology, cheats the Virgo [event]"

With the letters 'F' & 'E' also meaning "the greys from Pegasus" – the Marcabians which are the shadow government.

\* old date – since October 2013 our orbit has become 377 days – and growing. Our old January first is now some time in October 2013 and every 377 days thereafter. All of this short line relate to 9 44 the RAYPOZ quatrain.

The word FETCH means the distance between waves, that is, frequencies.

Now that it is October and Virgo 2015 has gone by without much to comment on except for the visit by Putin to let Obama know what the world thinks, it seems to me that any event meant for Virgo will **not** be noted by MSN.

**HELLO!!! DONALD TRUMP = IRON METAL MAN ALIEN:** LIED LAME NAUAL EX-MARINE ... ('lame' usually means the real  
Ventura, do they have to be a marine before they become "seals"?) Having said that, MdiG sent an interesting interpretation  
regarding this line:

" Gordon Duff is a Marine combat veteran of the Vietnam War. LAME NAUAL EX-MARINE LIED  
**He is a disabled veteran** and has worked on veterans and POW issues for decades. **Gordon Duff** is an accredited diplomat and is generally accepted as one of the top global intelligence specialists. He manages the world's largest private intelligence organization and regularly consults with governments challenged by security issues. Gordon Duff has traveled extensively, is published around the world and is a regular guest on TV and radio in more than "several" countries. He is also a trained chef, wine enthusiast, avid motorcyclist and gunsmith specializing in historical weapons and restoration. Business experience and interests are in energy and defense technology. "

**"So, here, we are being told that a [Disabled] LAME EX-MARINE is spreading bullshit about Donald Trump. What he has to say is, in fact, the "Truth" about the GOP but it is not the "whole" truth about Donald Trump. Donald Trump is "Putin's pick" after Bernie Sanders (whom Putin would have liked to have seen win). [THE TEXTS] AND, THE EVIDENCE IS TELLING US THAT A REAL "LAME" [Disabled] EX-MARINE is lying about certain aspects of Donald Trump."**

Due to its very low orbital **inclination** (0.47°) and its orbital period of very nearly 4 years, Toutatis makes frequent close approaches to Earth, with a currently minimum possible distance (Earth MOID) of just 0.006 AU (2.3 times as far as the **Moon**). The approach on September 29, 2004, was particularly close, at 0.0104 AU (within 4 **lunar distances**) from Earth, presenting a good opportunity for observation, with Toutatis shining at **magnitude** 8.8 when brightest. The most recent close approach of 0.0502 AU (7,510,000 km; 4,670,000 mi) happened on November 9, 2008. The next close approach will be **December 12, 2012**, at a distance of 0.046 AU (6,900,000 km; 4,300,000 mi) [Wiki](#)

The **stadion**, **Latinized** as **stadium** and **anglicised** as **stade**, is an ancient Greek unit of length. According to [Herodotus](#), one stade is equal to 600 **feet**. However, over the ages there have been several different lengths of "feet", depending on the country of origin. "stomach" was always a great riddle for the interpreters. Someone

¶ Dipl.-Ing. Peter Kubina found another meaning for the whole sentence,  
that can be formulated like this:

The hereditary word of the occult prophecy...

Now we have only to complete "is" and the key-word itself. We

transform the word "mon...estomach" into "est(omach) ... nom".

We get: La parole hereditaire de l'occulte prediction est nom ...

And the "nom" we can create by an anagram of the rest of the

**FIRST: download the two original Centuries Publication and Prophecies Edition on the header page**

**THEN: troll through every quatrain line finding letters of the alphabet which make up your name**

**USING a program called Anagram Genius (downloading gives you about thirty free 'goes')**

**MAKING sure and certain that the exact letters which appear in the quatrain line are copied into the anagram genius, deduct those letters which are your name. Remove them, they are now "the issue".**

**Anagram what is left. If you see a medieval 'f' the program will not recognise it, so change that to a modern 'f' - which happens to also BE an 's' as well. If you need a "w" you need to remove two "u"s and replace with a "w". So if your name has a W the quatrain line will need to have two "u"s in it.**

**Other letters: 'i' can be 'j', 'c' can be 'k' and so can 'q'. This is but the beginning: - continued**

**Having removed the letters from a quatrain (or Presage) line which are your name (or the "issue) - anagram the remainder. Much of the result will appear senseless. It is now time to make sense of the senseless. If it is an animal's name (such as 'ass' or 'salmon' or 'dog') which is the odd word out - you will find the meaning in one of several pdfs. Either the ALKHEMYE LIST where "ass" is a date as well as a place (Auriga in the heavens) and with "salmon" in the CELTIC CLUES which is the date of 'salmon run' in August. "Dog" means a date as well as Sirius. "Princess" means Andromeda, "Prince" also means Sirius, and "Thorn" is a rune = Thurisaz which means 'King of kings' Cepheus. 'Throne' is a date of Libra but also means Cepheus. Also see the TRIPLE METHOD. Yes, it takes some time to absorb.**

Notes to self: the night of July 8 2016, on SBS TV the show "The Arc of The Covenant" aired. Being interviewed was the old priest gate keeper in the Ethiopian temple which supposedly protects the Arc. These gate keepers have a continual list of unbroken guardians since the Arc of The Covenant first arrived. This venerated gentleman proudly stated, nodding his ancient head, that the Arc has been continually guarded by these priests for "seventeen hundred years".

The narrator at a later stage in this 'documentary' tried an obfuscation by saying "since the seventeenth century".

Now it comes to me that the period of Moses was at least dated around the similar dynasty to that of Akhenaten.

It was Moses who was asked to construct this machine, ostensibly to house the Ten Commandments. Archaeologists in general agree that the date for Akhenaten as follows:

	Breasted (1906)	Shaw (2000)	
New Kingdom of Egypt Before Current Era	18th	1580–1350	1550–1295
	19th	1350–1205	1295–1186
	20th	1200–1090	1186–1069

If, just for arguments sake, we take the cut off date for Akhenaten to be ca 1300BC according to Shaw.

That would make the Arc circa 3,300 years old. Yet the old guardian said the Arc has been with them *seventeen hundred years*.

So. Where was the Arc in the intervening one thousand six hundred years?

Nowhere. Is the answer. That one thousand six hundred years *never existed*.

We have the one thousand years clerics either accidentally or on purpose added via the prefix for "in the year of our lord Immanuel/Jesus/Yeshua. Then we have the 324 years named by the quatrains as *tercentenary (three hundred years more and less)* which also never existed – then we have the mysterious "dark age" of the Archaic Greeks which seems to be shoved under the carpet at the convenience of other archaeologists. That also is known to be between *three hundred to four hundred years*.

No one takes into account that a year up until 705BC consisted of 360 days, nor that at least near four thousand years prior to that it had been 260 days (one reason for Methusela *et alia* reaching longer sounding ages). Albeit, it is the *number* of years (orbits) and not their actual length which counts in the reconciliation of our calendar.

SO here we have 2016 minus 1300BC = equals a period of 3316 years. we remove the "Y" in front of the centuries = 2316.

Yet the guardian said they had been in constant and unbroken guardianship for "seventeen hundred years" leaving 616 yrs

unaccounted. Removing the 324 years of the Constantine VII (or VIII) Edict finds us with a remainder of *circa* 292. Is this the period the arc was stashed with king David? Said to be anywhere up to four hundred years. Or the unspoken and unaccounted centuries of the missing archaic Grecian “dark age”.<sup>1</sup>

**Maybe the Arc was stashed somewhere for three centuries before it got to Ethiopia, if it is actually there at all.**

"For example, **pottery from Mycenae in Greece was found in Egypt**, depicted on the walls of tombs of kings of the **eighteenth dynasty** (D18), and among the ruins of their temples. So the start of the Mycenaean era was dated to around the beginning of D18, about 1400BC. The Mycenaean era is believed to have ended at the time the Dorian invasion of southern Greece, c1200. The objection that this was some 500 years earlier than believed by the early Greek and Roman historians, who lived some 2000 [1000<sup>hp</sup>] years nearer the period in question, was overruled. Archaeologists then began to find Mycenaean pottery in countries all round the Eastern Mediterranean. This led them to conclude that there were widespread occupation gaps in Greece and other countries after the end of the Mycenaean age, around 12th century BCE (12C). **People then seemed mysteriously to reappear in their cities** and carry on much as before around the 8<sup>th</sup> century, when continuity could be firmly established with the classical Greek period and with the more soundly dated Neo-Assyrian empire. These occupation gaps of 4 to 5 centuries were called 'Dark Ages', and they have provided scholars with a rich vein of confusion and controversy to this day.

**Velikovsky**, quoting from early archaeological reports, cited many disputes between famous archaeologists that were caused by the sudden requirement to interpret archaeology within a new timeframe imposed by these 'Dark Ages'. Many were bitter, and careers were irreparably damaged. Most disputes **were swept under the carpet**, and have not been satisfactorily resolved to this day. Archaeology, when interpreted with an open mind, **has now actually proved beyond reasonable doubt that the Dark Ages did not exist, but the proof is ignored**. Vested interest in the status quo has won the day. Huge amounts of public money are being spent on studying this Victorian invention, and hundreds of books written about the Dark Ages have failed to explain their cause with any conviction. Sadly, it seems no one in academia has had the courage publicly to challenge the basic assumptions upon which Egyptian chronology, the progenitor of the [archaeological] Dark Ages, is founded. ...

To the Establishment of the 1950's, Velikovsky was both a radical and an outsider, and they responded to him using the traditional **mediaeval practices** of vilification and suppression. However, outside academia he received considerable support, and the many obvious anomalies and problems caused by the faulty chronology have long been the subject of intense study and debate by ancient history revisionists."

"By accepting that the theoretical foundation of today's Egyptian chronology is wrong, and by accepting instead the incontrovertible evidence of archaeology, all the problems of the Dark Ages could be resolved at a stroke. Millions of pounds **of taxpayer's money** could then be saved, along with the countless hours of talented scholars who waste their time and talents trying to resolve the irresolvable. The truth about ancient history and the development of culture and technologies could then at last be properly understood. The credibility of many of the wonderful records of ancient times, including those contained within the Old Testament, would also be restored."

**NATURALLY THERE IS ONE FINAL DETAIL TO CONSIDER.**

None of the religious nor even locally neighbouring calendars are ever the same as each other. They never have been.

**Footnotes**

The world (for some reason) is beginning to say or at least recognise that there are “82 extra terrestrials on Earth” which on its own is not strictly true, they are not all of them “on Earth” many are underneath or orbiting or in different dimensions. There were a small number of unnumbered quatrains describing these, and they appear in UNDER OCTOBRE, NOVEMBRE. In the List of *84 Extra Terrestrials* this number of 82 is correct. The number came from Canadian Paul Hellyer. At one time Hellyer was saying there were “four or five” so I sent him an email with the list given to us by Nostradamus. It was he who discerned that there are 82. Amongst the eighty four (inclusive of Elohim as an Alliance and Andromedans) taken from Allan Webber’s computerised template, Hellyer noticed two are made of alliances. The Elohim and the Andromeda Council. One day when there is time a list in simple form will be made, allowing that the so called Russian Book of Aliens uses different names and titles, most can be seen as certain ones in the list provided by Nostradamus.

This list of the combined Russian Book and the Qaran Quran (of 84 Extra Terrestrials) was started a couple of years ago and it is not certain when it can be published, that is, finished.

There are two separate lines which have appeared saying ALL EIGHTY FOUR MUST GO. One of these is in the Monstre d’Abvs. How to take that is a mystery, because that must assume the Elohim Alliance must go too. The Andromeda Council are extra dimensional anyway. There is evidence provided in Quatrain one Line one that many in the Elohim Alliance are not suited to being in our atmosphere and suffer as a result, so it is easy to see why they would want to go. This tells us they are here of an extreme necessity.

- **We have seen in THE ELITE forum that those who have captured various stargates around the Middle East have been using them to see their future. The same also depend heavily on Astrology to define their future movements, actions or inaction. In these texts we learn that the Elohim Alliances are fully aware of these ‘people’ making huge profits and plunder using what they believe to be their future timelines. The evidence of this seems to be in that two major governments in the same time period did the same unexpected thing with for both of them the same more unexpected outcome. When (UK) David**

Cameron and (Australia) Malcolm Turnbull thought it was in their own best interest to call early referendum and election neither could have seen that this action would weaken their future elite 'controlled' prospects. This seems to me a perfect example of the timelines upon which the elite depend being altered after their actions began.

- \*Captives taken: refers to the 1978 "Battle for Dulce" in which around four thousand stolen people were retrieved. The year is no coincidence either, since this was the renewing of the F.D.R "Treaty" which does have a "Trade in men" clause since 2014 (which was not 2014) but may not have at 1978, having a more simple "abduction allowance" clause.
- The same also depend heavily on Astrology: here is an interesting development. Thanks to our new 377 day elliptical orbit – astrology has altered. It no longer is contained within the old understood frame. Neither equinoxes nor solstices will be happening when expected – and this matter is changing exponentially. The effect of influence of stars in their old positions no longer holds true. This is part and parcel of the word "time lines" anyway. Our planet has a wobble and nightly I see the Milky Way arming the Southern Cross to point anywhere else but the south! The objectives of the particle colliders includes trying to prevent the plans of the Elohim from thwarting plans of the 'elite' and their owners.
- *it does not stop the three fields*: the word 'field' is an Alckhemye term for Pegasus. Enif the 'nose' and Markab at the 'shoulder' of Pegasus are negative off worlder residing around Amerika. The mysterious Tall Whites of Tom Hall may even be one of these. The third mentioned are part of the Elohim Alliances, of Scheat in the 'leg' of the 'horse' which sits on a square which is termed "the field" – the latter will not be stopped from their agenda of repulsing the former from our planet. Although it is not the "job" of those from Scheat to police anything at all, they are still part of the Elohim Alliances.
- When we see the description "Nosey" in the texts – it could even mean those from Enif – but guidance a while ago had said that these guys are "on the fence" in matters of our planet. Due to other guidance regarding the word PEDANTIC it seems Occam's Razor has been the safest interpretation – that is, the simplest, the I have taken the "Nosey" ones to be the large nosed Altairans, and the same for "Orgon tool". A reader had written providing a convoluted alternate explanation for the word Orgon, but being a "tool" for keeping rioting crowds controlled, I took it to be a direct [pedantic] weapon.
- *Put in the uttermost depths*: recall the one "put in irons to the pit for a thousand years"? They may have put themselves there, under Amerika and these may be the Mabus (M'Abvs) Grayles from Ophiuchus. These have other names such as Maitre or MÂITRE.
- raised, put to the throne (thorn). The word Throne is also the same as Thorn meaning the sky rune of Thurisaz which is Cepheus King of kings. Thus "raised" here is "taken up" or "huxed" as in "fishing for" – we might call it abducted, and in this sense here it seems to mean taken against their will. Therefor this line says that those in the Black Knight (Seraphim) remove the Mabus grayles.

Everywhere pyramids are being found, they appear in the same formation of four. Often with three small ones.

X MARKS THE SALIENT SPOT ON THE GOLDEN MEAN. The join is about one quarter down the line which is *all the orbits*.

Amongst the differing versions of other people translating – we can see several traps for the unwary. The larger round object titled “D” in the top right is most likely to be the celestial body which causes Earth to leave her current orbit. See how the top right image has been obfuscated by not showing the full circles for Earth along the ‘agronomy’ time line, nor is it showing our own sun, in fact, disguising it. The top left image manages to ignore it as well. Then that below has changed the size of the celestial body next to the ‘large man’s’ leg. So not one of these peripheral images is showing an honest copy. The one in the middle shows a *bend* in our trip outward! In the green circle. Drawing your attention to the red circle top right image: the fourth of the peoples of Earth (off to outer space) is discombobulated – it is an *artificial bionic techo bod* minus a soul.

We can see here why we must never accept cropped images... That red ringed pheon cross represents the Nemesis system approach. The yellow ring contains our sun. The yellow oblong is the golden mean of the distance between our planetary orbits. The top line with four races of peoples; the “third” peoples, and the ‘Adam’ generation (us) headed to higher realms, these are the techno bods. Yes, ‘bods’ is all I can bring myself to say. Yellow arrow describes Earth fallen off that orbit then being moved out twice (the light blue ringed). The larger ‘man’ remains question-able – but a large celestial body is near its left leg. Time to measure the distance out. The see thru oblong is *three times the volume* of the golden mean thus we are going to be moved at three times further, with a new & agricultural Earth and a new heaven.

This would not need explaining again to those who have been looking at the Hidden Texts over the years. **However, if you have just become a recent reader, this is the vignette describing the Golden Mean as a measurement between orbits. At first glance things are quite obscure, until one has the Triple Method tucked into the memory banks.**

Google Gary Meisner

The “banner” means the Milky Way (as does the word ‘pylon’ or ‘pillar’) and immediately one is struck with the Mobius Strip distortion to the Milky Way – sitting over the Great Wheel sometimes named as The Millwheel of the Precession of the Equinoxes (still with all eight spokes here). The branch of haplocaulescence (DNA) is struck or stuck if you prefer at the Ash Tree, which is a date. Some call this the “tree of life” – with which thought I am not in agreeance. The ARM we have learned belongs to Cepheus King of kings (orbiting in the Black Knight as Seraphim aka Lepsaria).

The sword, Orion and those circling Orion belong to the “Big G” of the Orion Group.

The sword, Orion, is “held up”. The entire vignette is well illuminated. Brown garment means ‘lay’.

As we can see the Arm has a good grip on that group – sometimes known as the Freemasons.

The half loop bend is our view of the Milky Way, which is happening now. Scorpio in the year of the sheep (2015) is when our new enlarged orbit was recognised, however this event began at the end of October (Scorpio) 2013 – thus the beginning of a new orbit/year, 2015.

The date

today is July 18 2016

Ash tree **May 25 to June 03**  
Ash tree aka Butterfly

**November 22 to December 01**  
is also Flax & Seal (Otter) =

**N (Nauthiz) ASH February 18 – March 17**  
March equinox. Is also Dove and ‘feathers’

Noting the March equinox is no longer the date of March 20-21, due to our new elliptical 377 day orbit  
The date of Ash tree pairs the date of the two fishes (Pisces) vignette, which shows tectonic plates or Earth dividing.

To reiterate.

The date here is Pisces

This is the book & page with "One Male" (Menolea = electron being) which had a forum of its own. Plus the last line at the bottom of the page reads "JNO SOL" which when going to JnoCook.net refers to Saturn having once been our sun.

The Milky Way is doing strange things & we, and our planet, are falling, that is *our view* of the 'banner'. Here is the Ash tree again. Naturally, a tree full of branches denotes humankind. The event of Earth dividing, either and or both leaving our old orbit or the tectonic events starting in a Pisces and go thru to Sagitta, between Sagittarius and Capricorn. The old solstice of Yule. Sagitta stands in the stance of the Hero (Hercules). This could represent the Hero (J-Rod52) in the act of "moving Earth" – which also has a forum all of its own.

The entity here is a montage of several. The coronet means Prince/Sirius. See the scars from the crown of thorns? Is this saying those from Sirius invented Jesus? I do not speak of Immanuel the Prophet, but an invented Saviour. See the claws holding the book? The long mane is Leonine, but the claws look more like a bear – Either Ursa Major or Ursa Minor, currently our north pole star. Saying the 'bear' is an extension of the Sirius Leonine connections. Different types of Anakim come from Ursa Major and nearby Cancer. See they sit on their own 'orbital plane'! Another dimension.

This vignette follows – I have suspicions about this one *being of the 17<sup>th</sup> century* due to the hat, but not many at any time have been aware of the alchemye word "apron", except for Cesar & Filippo. (and it could even have Masonic ties)

Our view of the Milky Way has many turns – this will be the "Earth dances" of Isaiah  
The Apron is either and or our atmosphere or our protective outer "Belts" – gone out  
The book is empty because it is a new book

The tectonic plate is the *new Earth*

The women could be a couple of things – noting they are 'underground'

Andromeda, as a priestess, with Cassiopeia (in pink) with the young lady being Virgo, or the virgin since she is quite white – does this indicate the Age of the Matriarch?

See the two branches of the Milky Way "facing off" – does this refer to new dimensions?

This vignette follows –

the one eyed stag is not only the date of Capricorn, (following Sagitta) but also means Orion.

The empty wheel has a vine on it and a tiny owl in it (both are dates)

The long haired man still has the scars of the crown of thorns.

He wears dark blue (the colour for Sagittarius) so he is no longer a lay.

Is he mourning the old book emptied or showing us the new book unwritten?

The Milky Way is at first *in the dark* – then next it is starless altogether

The other banners are more twists and turns for certain orbits

noting the two banners – two solar systems each with a universe of its own, the empty apron and the empty mill wheel, which has a tiny owl on a tiny branch (mutated DNA) which is the dates of May 13 – June 9 & October 28 to November 24

The Old Woman here is the Crone – I wonder if she is Cronus Visor? She is looking

The young woman may represent the matriarchy society upcoming – but facing off against empire (the Orion Group)

### The spoke free wheel of time – a new start?

The yellow/gold colour usually means in Leo or "from the sun".  
Or even Golden Host.

The Vine which entwines the cycle of time means in Virgo.

The six limbed star is the "unholy six" of the Second =Coming and on the top left hand limb is a little blob.

I scratched my head and asked around to see if anyone could determine what it is meant to be.

I was thinking it was a bear...

My son in law said he thought it is an owl.

I nearly fell out of my chair when he said that.

o for those 'flat Earthers' the word Rotund means 'almost round' – super volcano eruptions causing our orbit to change, drastically. The sudden darkness would be caused by two things, the orbit in its new 'ANNUAL' position relating to Nibiru and the volcanic pall

- the sack cloth eclipse: Nibiru is 44 times larger than Earth

For the repetitiveness of some lines, in particular personal ones regarding the collator.

One might think the writer is on a "personal self-fest". Undoubtedly the 9/11 attacks on New York City and Washington DC are the most misrepresented by officialdom in US history.

Whereas the **assassination** of John F. Kennedy is now understood to have been a classic **CIA Execution Plan**, it does not come close to 9/11 in terms of the number and magnitude of outright falsehoods, misleading statements, fake science and fraudulent facts submitted by officials and agents of the US Government. The 'official' 9/11 Commission Report stands as the most fabricated document ever produced by US tax dollars. Not only did the investigation avoid every serious inquiry about how two steel frame building came down after being dustified in NYC, it also subverted every initiative to ferret out the truth.

Veterans Today –  
Too Classified to Publish

It appears that Russia has been conducting systematic data dumps on 9/11, the release of which represents more factual information on the attacks than any US Government source. In the wake of the Anglo-American coup d'état conducted by the CIA and MI6 in Kiev, it appears that Russia has no more patience for Western interference. Especially when nations are destabilized on Russia's borders do the stakes in this highly consequential geopolitical chess match go up.

Since Vladimir Putin has no intention of starting **World War 3**, he can only respond to US-EU meddling by using asymmetric warfare on the internet. Were the American people to understand that the US Federal Government perpetrated the 9/11 destruction, everything would change in a heartbeat. Because the Obama Administration has shown no sign of aborting its planned takeover of the Ukraine, Russia is left with very few, but still quite potent options.

The following excerpt recently appeared on an alternative news website – Veterans Today – under the subtitle "Too Classified to Publish". Essentially this unprecedented release of ultra-secret and highly classified information illustrates Putin's new tack toward Western intractability. Simply put, Russia will no longer stand by idly while the Anglo-American Juggernaut projects it power wherever it so chooses.

We now know that the Incubus and Succubus are part of the hybrid breeding program of the Elohim alliances, and that the victims of those episodes although never actually hurt, always described things in a negative light, (probably to protect the thought of adultery) is it the same with the witness for the woodcut on the right?

Did this artist feel that the depiction should be a dark one? Did they perceive the visitor to be a demon with wings because that was what was expected of them?

The three women in no way seem too concerned about its devilish horns wings and tail. Had this been a real Wyvern (Draco) I imagine the women would have sprouted extra legs to remove themselves from this scene forthwith.

This is a Mother Shipton image: the self same scenario as those examples such as Bridget Nielsen, who has created various YouTube videos and David Huggins, which explain (almost) the same thing. Being abducted for breeding purposes.

#### MOTHER SHIPTON EXCERPTS:

with the very first line saying:

**Then upside down the world shall be**  
 And gold found at the root of tree  
 All England's sons that plough the land  
 Shall oft be seen with Book in hand  
 The poor shall now great wisdom know  
 Great houses stand in farflung vale  
**All covered o'er with snow and hail – (ice age)**

The signs will be there for all to read  
 When man shall do most heinous deed  
**Man will ruin kinder lives (children)**  
**By taking them as to their wives.**

**And murder foul and brutal deed**  
**When man will only think of greed.**  
 And man shall walk as if asleep  
 He does not look - he many not peep  
 And iron men the tale shall do (Artificial intelligence)  
 And iron cart and carriage too.

The kings shall falsely promise make  
 And talk just for talkings sake  
**And nations plan horrific war**  
**The like as never seen before**  
 And taxes rise and lively down  
 And nations wear perpetual frown.

Yet greater sign there be to see  
 As man nears latter century  
**Three sleeping mountains gather breath**  
**And spew out mud, and ice and death.**  
 And earthquakes swallow town and town,  
 In lands as yet to me unknown.

**And christian one fights christian two**  
**And nations sigh, yet nothing do**  
**And yellow men great power gain**  
**From mighty bear with whom they've lain.**

**These mighty tyrants will fail to do**  
**They fail to split the world in two.**  
 But from their acts a danger bred  
 An ague - leaving many dead.  
**And physics find no remedy**  
*(if this was a nuclear 'ague' - hemp heals, so it is something else, such as nano bots)*

For this is worse than leprosy.  
 Not every land on earth will sink  
 But these will wallow in stench and stink  
 Of rotting bodies of beast and man  
 Of vegetation crisped on land.

But the land that rises from the sea  
 Will be dry and clean and soft and free  
 Of mankinds dirt - and therefore be  
**The source of man's new dynasty.**

**GUARANTEE TORRENTIAL MAGNET RETURN:** (Nibiru/Uriah) AGE RELATED AUGMENTATION [pyramid power or our own orbit] **UNRELATED GREATER AUGMENTATION DUE** (Ison) **TEAM NUDGE** (Earth for the larger orbit)

- The orbit of the Earth was enlarged beginning October 10/11 2013 (according to the texts). The consequences of which are not only altered seasons, but different dates for the solstices (sun stands still) days and the equinoxes (equal day-light & night time) The altered seasons implies climates changing, the elliptical orbit indicates a different date every year for the quarters. For instance November 22<sup>nd</sup> 2014 was the summer solstice (longest day) in the southern hemisphere and right on cue for a 377 day orbit, 94 days later in February 22 2015 was the equinox. From there the 'quarter' of 94 days becomes a different matter due to the new *elliptical* orbit.

Why is this important you say? Because the elite and Lucifer worshippers prefer to use these days for their child sacrifice ceremonies, from which they gain a sort of inner power. Having these rituals on 'ordinary' days removes the power they believe they gain. Yesterday, while watching *Game Of Thrones* by R R Martin, three words were used which sums it up **"belief defies reason"**.

And those that live will ever fear  
 The dragons tail for many year  
 But time erases memory  
 You think it strange. But it will be.

**And before the race is built anew**  
 A silver serpent comes to view  
 And spew out men of like unknown  
 To mingle with the earth now grown  
 Cold from its heat and these men can  
**Enlighten the minds of future man.**

To intermingle and show them how  
 To live and love and thus endow  
 The children with the second sight.  
**A natural thing so that they might**  
 Grow graceful, humble and when they do  
**The Golden Age will start anew.**

Oh many signs for all to see  
 The truth of this true prophecy.

SUMMARY from *ALIENS LIE forum*

“It is important to note that the initial implementation of the computer communications WAS NOT INSTIGATED FOR THE PURPOSE OF TALKING TO THE ALIEN FOR THE 'FUN OF IT'; BUT WAS DELIBERATELY INSTIGATED TO USE AS A TOOL TO STUDY, IN DEPTH -- LONG TERM WITHOUT PHYSICAL CONFRONTATION -- THE STRENGTHS AND WEAKNESSES OF THE ALIEN.

"The weapon theory and prototypes were built to capitalize upon and test two KEY and prominent weaknesses discovered. This in-house funded program has been expensive, in excess of \$200,000<sup>1</sup>; done ON BEHALF OF OUR NATION and handled in the best representative manner humanly possible.

1) The PRIME and weakest area discovered, probed and tested is exactly what they have used thinking it is their key strength -- that being THE MANIPULATION OF AND CONTROL OF THE MIND; NOT ONLY OF COMMAND BUT ALSO HUMANOID. MANIPULATED IN REVERSE PSYCHOLOGICALLY AND BY THE LANGUAGE [COMPUTER] AND DUE TO THE EXTREME OF MENTAL DISTORTION AND INCAPACITY CAUSED BY THE WEAPON, IT HAS BEEN FOUND THAT THIS FACET IS FOR THEM A DISASTER AND A DIRECTLY VULNERABLE INTEGRATED WEAKNESS.”

**One would think that the Enlilites (Parvechal, Ninurta, Marduk, Allah-Lu et alia) would learn somewhere along the line, that the Elohim practise what they preach when they say "whatsoever you do unto others you do to yourself". The most perfect example being back in previous ages when the Enlil camp decided to nuke the EnKi camp. Just as they set off the nuclear weapon, a huge contrary wind rose and sent the radioactivity back onto their own Enlilite camp. Do we need to ask Who it was reversed that strong wind? Rather ironic that Enlil {YHWH} the Chief Pilot, lord of the airways, the Ruach, should be beaten by his own tool!**

There are enough LANGUAGE ENGINEERED lines for a forum of their own.

They were going to be included here, but now take up too much 'room', making too many pages.

Since this is part of the explanation of how these hidden texts actually 'work' this new forum will need to go onto the web site Folio which deals with Ciphers and Codes.

Some people are still trying to cope with the fact the French is transferred to the English language! What time traveller worth his salt would ignore that the English language in his far future would encompass our planet?

**The FAILURE of the « elite's » N.W.O.** can be seen via an interesting source. Those who fell into the future and returned.

For instance, Al Bielek, who along with his brother fell off the Eldridge per :

mirrors IS THE Looking Glass in the portal...See Al Bielek

Joyce writes the "computer" and Duncan Cameron were able to effectively rip open a hole in space-time \*from 1983 to 1943 to correct situations aboard the Eldridge as it went through the time warp, changing the past to change the future creating a paradox. Al Bielek wrote of a grey alien invasion through the 40 year rift in time, with the rift allowing many UFOs to invade our world.

He also mentioned soldiers going through the time portal at Montauk to fight in a 'future war' 50 years ahead!

2. Al Bielek is the regressed essence of Ed Cameron. Birth date of Al ... When Ed and Duncan Cameron jump off the USS Eldridge, they both landed in the year 2137.

**The detail of which I speak which proves the elite and their plans for a new world order does not eventuate; (which included all the bogus and secret 'trade' 'agreements') is shown when Al Bielek asked the nurse about 'chemo therapy' for curing cancer.**

Her response was "oh we stopped doing that a while ago, we now use sonic frequencies".

**The Medical Industry constructed and run by the 'elite' also includes their own curriculum. The 'invention' of cancers and other 'diseases', and the 'invention' of the 'cure' on which much of their industry and profits revolve. The use of sonic frequencies not only expands into the medical profession of the future but also into the source of domestic power. Neither of which has much profit for the 'elite' to parasitize. The period this occurs is 2137 - and would not have happened overnight. If we allow that *we call our current period between 2000 and 2,100 [A.D]*; it becomes evident the elite failed in their take over. Was it natural attrition? Or was it what these texts have been *saying from the beginning - that the 'unredeemable' elite "fry" "steam" and "asphyxiate" in their deep underground bases. The biggest joke being that these bases were constructed ostensibly for "continuity of government"!***

**The other evidence from Al bielek is the nurturing aspect of the society he fell into (with his brother). There are other time travellers, such as John Titor, who in the early 1990's suggested many things to various people which were of little concern at the time, such as 'look to your Constitution', and that YouTube will become the source of public information, and not the current style of elite run and controlled media.**
