

2 67 1 RENDER NOBLE LEONARDO: CHIEF LETTER; CUE LETTERB BEFORE LETTERE: BE NELLA TO COMMA in Italian "NELLA" means "within"

The language we write is surely the Highest form of rune casting imaginable – once a person has in their grasp the original sentences. In the case of Nostradamus – the quatrains etc, and in the case of Da Vinci – his little sentence format “cues”... keeping in mind these were handed to the doctor and the artisan by the Elo’im ! Where the very word ‘spelling’ comes from – to “cast a spell” – so do be careful what you say !

ARE YOU INTERESTED IN WORKING WITH SOME OF THESE LINES FOR YOURSELF?

There is no monopoly nor is there a competition in knowing how to do it.

You can start with your own name. This will then tell you events around you.

FIRST: download the two original *Centuries* Publication and *Prophecies* Edition on the header page

THEN: troll through every quatrain line finding letters of the alphabet which make up your name

USING a program called Anagram Genius (downloading gives you about thirty free ‘goes’)

MAKING sure and certain that the exact letters which appear in the quatrain line are copied into the anagram genius, deduct those letters which are your name. Remove them, they are now “the issue”.

Anagram what is left. If you see a medieval ‘f’ the program will not recognise it, so change that to a modern ‘f’ – which happens to also BE an ‘s’ as well. If you need a “w” you need to remove two “u”s and replace with a “w”. So if your name has a W the quatrain line will need to have two “u”s in it.

Other letters: ‘i’ can be ‘j’, ‘c’ can be ‘k’ and so can ‘q’. This is but the beginning: – continues

Having removed the letters from a quatrain (or Presage) line which are your name (or the “issue) – anagram the remainder. Much of the result will appear senseless. It is now time to make sense of the senseless.

If it is an animal’s name (such as ‘ass’ or ‘salmon’ or ‘dog’) which is the odd word out – you will find the meaning in one of several pdfs. Either the ALKHEMYE LIST where “ass” is a date as well as a place (Auriga in the heavens) and with “salmon” in the CELTIC CLUES which is the date of ‘salmon run’ in August. “Dog” means a date as well as Sirius. “Princess” means Andromeda, “Prince” also means Sirius, and “Thorn” is a rune = Thurisaz which means ‘King of kings’ Cepheus. ‘Throne’ is a date of Libra but also means Cepheus. Also see the TRIPLE METHOD. Yes, it takes some time to absorb.

If a person held classes to teach others – this would be a nine year course, maybe not, it just took me nine years to understand since for me there was no one but the template of Allan Webber to educate.

LANGUAGE is ENGINEERED

Since this is part of the explanation of how these hidden texts actually ‘work’, this forum will need to go onto the web site Folio which deals with Ciphers and Codes.

Some people are still trying to cope with the fact the French is transferred to the *English* language! What time traveller worth his salt would ignore that the English language in his far future would encompass our planet?

The hints are right in our face when we look at the quatrains - where, for instance “i” or a “j” becomes a “y”.

Was the “y” brought back from the future? The “w” never went back, and is not to be found in medieval script - would that have been just too much of a dead-give-away... ?

this is the line Allan Webber has been ‘asked’ to read in C+F+QUASIMODO

○ **ARTISAN SAINT** the **Artisan** is always Leonardo Da Vinci, noting he prefers the word “script” to the word ‘texts’

Yes, quite so – this is the last guidance regarding how to find the words in the anagram machine – and you can compare the results shown between what the computer program produced as a template and what the final result is. Working down the results produced by the *Anagram Genius* program - using words as you come to them (like a “piano runs its notes”) quite so, and if a repeated word arrives, there is no need to use it again (but it can be put thru the *anagram genius* to see what else it might say). In fact, I am wondering why it has taken me nine years to realize that like *rune stone* reading, (the precursor to our alpha-bets) that sentences of words are the same as rune reading ! One has the “issue” (either a problem, a name, or a subject topic) and in this work the topic is mostly a name but not always ; such as the word “Earth”- those

letters comprising that name are removed first and what remains when anagrammed provides details about that subject. Anyone who knows how these prophecies arrived will be as stunned as myself. First Allan Webber sets out to **disprove** anagrams – only to prove they do have merit. So he set out to anagram the entire **first ten** Centuries, using a computer program he designed himself, finishing this task in 2008. There are **twelve** Centuries in entirety. ^{Wikipedia keep deleting this detail} Near the end of 2008 and during my own attempt to ‘make sense of the senseless’ his web site came to my attention. So after receiving my email to him, Allan answered with a question plucked from his Hidden Texts Template. Not knowing why he sent it me it was returned answered. It seems to have been with some satisfaction he received my answer, because his return email *included all of his work*. It transpires that my full (and uncommon) name appears in a few of his quatrains. Between us both we read every single one of the hidden words produced by Allan’s computer & plucked out those guiding each of us. Allan is named within the quatrains too, being the student-master of gematria and the numbers codes. The sum of pages (in Arial 9 font) with directions to Allan fit into 28 pages. Those directed to the ‘lay’,²⁰⁰⁹ ‘anchorette’,²⁰⁰⁹ ‘pupil’,²⁰¹⁰ ‘scholar’,²⁰¹¹ ‘graduate’,^{late 2012 when the “triple method” was made available} ‘alumni’,²⁰¹³ ‘teacher’²⁰¹⁴ and ‘professor’²⁰¹⁵ named with the surname of ‘Parcs’ - totalled 38 pages guidance. Many being a slap over the knuckles! A six year course, not including the groundwork since 1980, which was accomplished computer-free. ^{Without that groundwork the following paragraph would have taken days to do.}

All the while (since April 1980) becoming accustomed to the knowledge of things which a man in the sixteenth century should not have been aware; such as air travel (1:63) aerial combat (2 :85, 3:11) alien androgyne (2:45, 8:16, 8:44) artificial rain (6:44) atom bomb (2:3, 2:92, 4:72) black American president (3:60, 6:33, 6:81, 6:83) children taken (1 :67) concentration [gulag] camps (3:71, 5:16) first offspring torment (9:66) fishermen in ruins (6:25) genetic engineering (1:25, 2:45, 3:44, 6:44, 10:72) Hitler youth (2:24) holograms (4:31, 5:16) international space station (1:5, 6:5) endless lofty bodies (4:25) lunar ones will fail (3:4) now that we know the negative greys control the mining on the moon, this suddenly becomes quite relevant... particle collider (2:4, 2:17, 2:29, 2:64, 2:73, 3:46, 6:81, 8:6, 9:44, 10:72) people recreated (2:45) rockets as weapons (1:91) Philadelphia experiment (9:100) planet X/Nibiru (1:48, 1:84, 5:32, 10:39) seventh rock/Earth (5:32) this detail becomes interesting when considering that Pluto was not known at the time, and Earth is the 7th planet in-wards when Pluto is included. To say that Pluto is not a planet is a red herring. Squeezing the [frequency] waves (1:63) submarine (1:29, 2:5, 3:13) two suns (has ten quatrains) *where they want to make famine* (4:11) **world order for 2 years** (10 :32) Yellowstone park (1:87, 2:65, 2:91, 6:97, 10:82) and most intriguing the « hunting antenna » (4:92:3) ^{HAARP?} or satellites? The word ‘net’ is found frequently, with the two meanings being ‘Reticuli’ and/or the intern-net.’ And the ‘arc of treasure’ (7:1) : now that we know Putin was given something called ‘*Gabriel’s Ark*’ ^{Sept. 2015} by the Imam of the Mecca mosque.’ Oh; and every quatrain with the word ‘treasure’ is referring to a stage gate/stargate. ANTECHRIST (1.50, 8.77, 10.66) people have said over the decades that the ‘man of the East’ is ‘the antichrist’. Far from it.

recall of the “200 fallen angels” in the bible, one was named Samjase? This means “co-pilot” in Pleiadian. Thus they were those from Alcyone just as these texts have been saying.

King and Reb [rabbi] will face an antiœchrist so deceitful, ^{the reptilian-bred nephilim, Alcyonese} That they will be placed in the conflict all together.

10 66 4 *That they will be placed in the conflict all together.* This is saying that *all humans* will be “in conflict” against this antœchrist, thus the word ‘antœchrist’ is not ‘antiœchrist’ although there is no argument that these antœchrist (from Before Christ) are not also against Christ. The way Obamba is going – he is trying to prove he is the ‘anti-christ’ (i.e. Muslim in his case) when all along the real ones from before the times of Christ could not care less about the word Christ. Thus, this means to me that Obamba is well aware of the real Antœchrist, the front men for the Anakim... They are the left over Nephilim of two species, one underground and one above with high technology, and are truly *Fallen Angels*, since the name *Semjase* (one of the 200 named in the bible) happens to mean ‘co-pilot’ from the Pleiades. Alcyone in this example. The black mamba Obamba is the clone of the real Obama. Obamba is the Obfuscator, *and is an* antichrist. Being no stranger to the Greek language, had Nostradamus wanted us to conjure up one, two, or three antiœchrist, he would have written the word that way!

The Cassiopeians answer Laura Knight Jadczyk regarding the Antœchrist: ^{Laura’s spelling} which we have seen is Antœchrist

Indeed – everyone just automatically spells this word how they have been imprinted to do so ! Nobody seems to see what they are looking at. Sometimes in doing this type of work it is this type of detail or the other – that of what is not in view !

Answer: Remember, disinformation is very effective when delivered by highly trained sources because hypnotic and transdimensional techniques are used, thereby causing electronic anomalies to follow suggestion, causing perceived confirmation to occur. (Such as the 'Flat Earth' mème, a psy-Ops test to see how dumbed down the public has become)

Q: What I want to know is who has the power and ability to set up these kinds of "confirmations" or synchronicities? These are pretty complex events!

The spelling of the word 'antichrist' here, being made by the author, not knowing that it is 'antechrist'

A: Same forces spreading disinformation: Brotherhood consortium, Illuminati New World Order Ant[i]christ Lizards.

Q: (T) But I'm just a nobody. Why would they go to all that trouble just to get me to believe something like that ?

A: Several answers follow: Number One, Nobody is a "nobody." Number two, it is no trouble at all for aforementioned forces to give seemingly individualized attention to anybody. Number three, Terry has been targeted and so has Jan and others, because you are on the right track.

- **SPHERES PROFUSION*** there have been many warnings that the first "intrusion" also known as "alien invasion" will be composed of *our own* home grown craft – created from back engineered scout ships, but also with the assistance of the greys mining our moon, under Area 51 for this purpose. What an interesting concept. Is this what the Tower of Babel was really about? Different cultures with different languages of different energies? Then there is another way to look at this sentence.
In very recent times, the ability of the spoken word to affect molecules in water and also to affect our very DNA ! This comes under the auspices of sound waves which then takes us to sonic effect leading from quantum physics/mechanics.² I do have the beginnings of a forum titled *SQUEEZING THE WAVES*, which stemmed from 1 63. At first thinking this was jet propulsion because that line was about "through the skies/heavens". On further consideration, this is all about quantum mechanics or physics. We had a term in the 1960s and 1970s which directly relates to this – it was called "vibes". Yes, good vibrations – and how right we all were!

Pfelyn turns out to be Michael Psellus the Younger who wrote The Cronographia, in Book Three: 39 referring to Anaxagoras:
^{39.} **Anaxagoras** of Clazomenae, the well-known Ionian philosopher of the fifth century B.C., thought that other kosmoi (universes) **contemporaneous with our own might and probably did exist ad infinitum**. Anaxagoras is famous for introducing the cosmological concept of **Nous (mind), as an ordering force**. He regarded material substance as an infinite multitude of **imperishable primary elements**, such as atoms, DNA. referring all generation and disappearance to **mixture [at the same time]** and separation, respectively...

Noting that 'kosmoi' is plural, 'contemporaneous' with our own speaks of interdimensions, and 'mixture' meaning simultaneous

VILE ALIEN LEECH CHECK IN, LEFT CALENDAR AGGRIEVES ALL (IN QUEER ILLEGAL AVARICE, HAGGLE TECHNICALS) TREATIES LIARS CLAUSE ALLEGED VAGUE RECEIVER. IS CIGAR CRAFT of UGLIER IGUANA SNAKE FAILURE RACE

In 1933, when F.D.R. signed us all away in exchange for technology, he did so with no legal representation.

The other three parties signing the ongoing pacts, each renewed every nine years (despite what other people say) - were :

1. a 'Nordic' which we now know as Alcyonese/fallen angels (allied with the Oannes of Sirius, eunuchized by them, and allied with the Aldebaran [sexual rogues] with another entity, possibly those from Perseus, the « dog faced ») with the artificial intelligence agenda deriving from the Aldebaran, so they must be able to live without oxygen. It is the Oannes from Sirius spreading the chemtrails and defoliating programs - so aligned with those from Chertan who run the likes of Monsanto.
2. a Grey from Zeta Reticuli (a servant of the Anakim) and possibly the Igigi, of a hive mind mentality, these are a 'mole'
3. a Shape shifted one saying he was from Orion (Betelguese) and in reality one of a separate triad including Draconian

2 2 4. quandprinsdesfiesleroydiracombien INSANELY ACQUIRED FORBIDDEN PROMISES (Treaty 9 Military & E.Ts) If [IS] COARSE MINDED PERSONS [military] INQUIRE BADLY (Treaty 9) CONFINED PERMISSION AS "BADLY REQUIRED" DEMAND PROFESSIONAL DESCRIBE ENQUIRY (demand a lawyer outline the contract clauses before signing. Too late)

These are those of 6 5 3 SAMAROBRIN. SAAM of Marduk/Anakim. RIB of Leo/Chertan, ON of Sirius & 'R' of Draco. Ras in particular, since Ras is the 'head' of the constellation Draco. This made me think that Ras-putin [head of the cobra] was sent to arrange the downfall of Russian royalty - even though he was assassinated - in hindsight that all suited the real Draco/Zionist Vatican Project. Does the name Vatican derive from Vatican? What goes around, comes around. Yet Draco is a dragon, not a snake. Now we have the real Putin [cobra] with his own payback. A bit like the snake eating its own tail.

Don't forget it was a snake which tried to help in the Adam & Eve story, trying to lift them out of their place of ignorance.

- once again - it does not get any clearer than this! Would someone out there please bring this to the attention of David

Icke – he who has the drive, temerity, will and the means to disclose what is happening to thousands of children gone missing – and this is how and where they go. The clause in Treaty Nine (ratified Nov 8 2014) stated that the exchange for technology deal is made with "trade in men" meaning children. We have seen where Da Vinci tells us where these children go to and this is 'sausage casings'. The problem is this. The year 2014 was NOT 2014. The quickest research can show the clerical 'error' of the number 1 (millennium) replacing the capital 'i' meant to read as a prefix for "the year of our Lord Jesus" (or Immanuel) when Jesus was spelt Iesus. The suffix of A.D. for *Anno domini* (year of our Lord) was added by pope Innocent in league with Constantine VII (or VIII who straddled the 1,000A.D. calendar) when they together made a public Edict that July "i"676 will become 1,000A.D. To add the A.D. meant removing the prefix "i" so this seems to me to be no 'clerical' error, but done culpably, in collusion, between the Empire of Byzantium and Rome.

One can see the *reasoning* that the 'Lord' mentioned (YHWH/Enlil) would not want to be usurped by a mere prophet (Jesus) Now that we have become aware of Enlil/YHWH (the wrathful and jealous one) and Allah-Lu (who arranged for the pedophile Muhammed/Mahomet to be the prophet for Islam) and the Koran which states that Jesus was a prophet. Full stop. We can see how such egos have manipulated the belief [religion] of entire nations in order to control them. Enlil hates us. In these texts there has been no mention that Enlil has colluded with the reptilians of either Sarru or Draco to organize the menu to include human children inside sausages, having been "torn asunder" to vampirize their juvenile blood. Probably not a good idea to second guess the reasoning of Enlil/YHWH, yet having been denied our extinction during the *Great flood* it is easy to see *the thought of robbing us of our children in a heinous manner* would satisfy his idea of revenge, both against us and against his brother EnKi who arranged the salvage of 'the seeds of all animals' in the laboratory which was the Ark. These texts do, however, tell us that those shape shifters from Chertan are involved with the Jesus hoax. This is told us via the *Last Supper*, when we notice that the central figure of Jesus has no halo. Then via these texts we are shown how to find the shape shifted version of the 'Savior' Jesus – which turns into a lion. It might pay to keep in mind their little joke about the "carpenter". Immanuel was a stone mason, not a carpenter – but the shape shifted Jesus was a 'carpenter', from the constellation which was once called *The Carpenter* – later to become the *Set Square, Dividers & T Square* of the Freemasons. Yes, as you can guess, located between Leo Minor and Leo Major. Formerly known as NORMA – became known as ROMAN.

 DEEP GAP FIENDS HEAP, HEN, HIP, PIG, –HE FIND AGED H.P., FEEDS PIE'S PAGES SANG–, PIN NEED FEND IN **NAG-HIND**.

- PIN NEED FEND – this relates to the elite trying to fend off these texts, the reason this is the last pdf for a while.

SEED DESIGN EDGES SPINE PAIN HP. SHE SEES, **HEED SAGE SHINED SHAPE IN PINE'S SHED, HIDE PAGES 'ENDS AGE'.**
SEND, DIG HINGED SPADE IN SHEEP DAGS^{true!} SPAN, DEEP GASH. DIES HEAD HANGED, **HEDGE IN ASP** cusp of Gemini

- This pairs those other three lines « MAN-PAD » and « CAVE » with the “SHINED” being the “PEARLESCENCE”. PINES is the name of the property. Not forgetting the SPINAL PAIN. The DEEP GAP would be outer space, HEAP = Alcyone, HEN = Grus, HIP being Chertan in Leo and PIG being the boar of Ursa Major. If you have been following this little charade you will understand the reason for the gap between **NAG 1st month of spring** and that of : in the cusp of Gemini. PIE is a chain reference to Magpie the sigil for Provence, meaning Nostradamus. The ‘sheep dags’ are buried in a DEEP GASH SPAN! And yes, it was done with a « hinged spade » ! Best not to elaborate more than that.
- **DIES HEAD HANGED** – this word HANGED looks like a verb, as in « suicided » (although a friend of mine found a relative who had died in his sleep sitting up, with the head resting on the chest). Quite categorically take note please... having suffered **one suicide** within my family (he thought he had prostrate cancer) **there is absolutely no manner of intention for me to put my children through that which we all suffered when our relative took that as a final option.**
.....Do I need to underline this & put it in bright red coloured font to get that message thru.....?
*Indeed, the book requested of me needs only to be compiled. A book about Nostradamus and his life in relation to the almost magical texts which he was handed, his meetings with Leonardo Da Vinci, (which all on its own seems an impossibility), his travels thru Egypt (in times of a mini ice age) a full rendering of the original quatrains, albeit without their hidden meaning since those are here ; and his final true and unique manner of death (which I witnessed). Why would I forgo publishing a book like this at a time when the world needs to know, just to do myself in? Why kill me over time travel when we have the likes of Al Bielek, John Titor, Randy Cramer and James Casbolt already letting the world know ! These same guys also have the other knowledge being imparted from these texts relating to tools of peace and weaponry. Not to mention Alex Collier, Jim Sparks, Michael Tellingner and Simon Parkes. Vladimir Putin too. The difference between my ‘mandate’ and theirs is that many of these texts are prophecies & have been coming true. So what do readers do with prophecies ? Not very much. To me the fact that some of this information comes in the format of true prophecies is not the real point. It is the little alerts, such as ‘keep your guns loaded’, and the chemical danger to children in all types of bottles, the fact that we have shape shifters among us, and that these were even seen and written about thru the ages. If, after spending all these years gladly doing these works, it only produces a positive result relating to **repairing the calendar and nullifying the ‘trade in children’ clause’** – then my work is done. Apologies for this if it appears as a tirade, just trying, as usual, to ‘make sense of the senseless’.*

Agents of the Bavarian Lodges AND the German-immigrant **Rockefellers** DO work together within the CIA [Central Intelligence Agency], NSA [National Security Agency], UNO [United Nations Organization], and NWO [New World Order] agendas. The establishment of the Antarctic bases may have been the idea of the highest-ranking Nazi's rather than the Rockefellers, although the Bavarian lodges [Illuminati, Thule, Vrill, etc.] WERE involved, however there are many indications suggesting that the Antarctic, Bavarian, and Rockefeller agendas are increasingly merging with each other, suggesting that all three are now working together, at least to some extent and especially at the higher levels. There seems to be a "serpent cult" at work at the very highest levels of these three groupings composed of humanoids and reptiloids operating as part of a marriage of convenience, in that the Reptiloids/Grays need the political-economic-social [ist] - military-industrial connections of the humanoids to gain footholds within human society and the humanoids need the implant/spacecraft/mind control technology to implement their "New World Order".

During this meeting of Pres. Eisenhower with the aliens in 1954 3 UFO's landed on the runway.

The President had with him several members of the joint chiefs of staff, several members of the National Security Council, a representative from Rockefeller's office and a *representative from the Rothschilds*.

They viewed a UFO about 30 feet in diameter. The UFO dematerialized in front of their eyes.

They have pictures of this and apparently the UFO is still at Edwards Airforce Base in Ca. They say it was the direct cause of Pres. Eisenhower's first heart attack. To this day nobody has been able to crack into the UFO, lasers didn't even warm up on the surface. **Every President has been to see this spaceship.**

--	---	---

The first two lines are directed at the person doing the deciphering of the hidden texts: not only the old (current) language, but the Celtic language too.

Another Template line directs the decoder to the VINCA (Q) runes.

All changed except the original French quatrains – meaning not to change the spelling of his work because it is spelt that way for a reason. The 'all changed' did happen by those who thought they were doing the right thing, but also means after in the *hidden texts*.

The combination of planets and constellations means it is to be read using their Alchemye: (which has hidden in it the real meaning) that all four are the source of factions of Anakim.

Saturn-Chronos-time. Leo is either IN Leo or those OF Leo (the Chertan) MARS means disruption but also in MARCH – Cancer is not only the timing, but an area of the sky in which sits Ursa Major. There is much more to the word 'Saturn' – but the relevant part is here. So what we have here; is that everything just mentioned is IN PLUNDER:

1) **TIME**... also I found quatrains which state – by the same extension as this is – that the Earth will have Saturn as a second sun with "Mercury eclipsing our sun"... think about it

2) August or Chertan in plunder (and this would be the False Rapture) also August contains the GREAT PALL in other lines One vignette shows a huge sun touching the Earth with its flares. A young lion wearing a red hat (**the Raptors will be wearing red hats**) sits on a scorched earth, so this says a couple of things: CME in Leo

3) MARCH or Pisces in disruption. Hence the two fish over a tectonic plate division in one of the vignettes of the Lost Book. This could also indicate the EARTH itself is separating AWAY due to the black band of the Milky Way at the top of this vignette (no stars)

4) CANCER another appearance in a vignette of the Lost Book; is a lobster (not a scorpion) very much in the centre of things. Now this is interesting because Nostradamus calls those from Ursa Major/ Leech "LOBSTERMEN" ... there is another quatrain which describes "lobsters on land" in the same line as a great flood. People in the past have said the archaic French for lobster means "locusts". NOT SO in this instance.

Going further back – the obsolete **name for Ursa Major** was MAR.GID.DA. By extension we can take the word ARM [in Gemini just prior to Cancer], but also obsolete for Cepheus) if you put ARM and MAR.GID.DA together what do you have?

ARM.MAR.GID.DA. So Armageddon is a star wars scenario – over our heads in more ways than one!

In the Second coming (which is two triads – the "repulsive six" Nostradamus calls them) Cepheus is part of one triad. Interesting that for eons we have recognised the Enead – three triads of gods. The third triad are benevolent.

Durant le siecle on verra deux ruisseaux,

Et submerger par ruisseaux & fontaines :
Coups & **Mouffrin** beccoyant, & alez
Par le **Guerdon** bien souvent travaillez,
Six cens & quatre alez, & trente moines.

"Not only the base/fort (cité) of the Norma" (obsolete name for in Leo – supposed to be involved in the rapture event. Another obsolete name is 'Carpenter') - but also the **Roman** keys were in the beginning of the decoding, the only keys.

Hence the two keys on the banner in some vignettes... Agrippina was the chain reference to Enchiffre (in another quatrain) which lead to chapter 14 of Heinrich Cornelius Agrippa, by anagram ... Allan Webber found this connection.

This describes shape shifting bad angels. The Chertan at the Hip of Leo, are just exactly this. Including their craft which can morph both them and itself into any shape – such as a jellyfish (craft seen painted over the crucifixion) sharing highly manipulated DNA.

Even though the direction towards the Celtic clues came from within the *hidden texts*, and this quatrain line I only recognised *after the fact*, the real meaning of quatrain 6 4 would never had come into the open without:

- Decoding the hidden texts
- Obedying the instructions within
- Then going *back* to the quatrains
- All of the above then led me to decode the Lost Book of Cesar de Nostredame (painted by Cesar de Notredame)
- The NORMA/ROMAN clues also engendered a chapter titled QORAN QUARAN – The Book of Other Worlders

This Book of Other Worlders came as a huge shock to me. There are 84 different Off Worlders described in the Hidden Texts

Of all the ten thousand plus hidden text lines (each quatrain line provides between two and four different genres) – about forty percent of these lines are about the Anunnaki! ^{Generic name}

There are actually **twelve Centuries**, but Allan Webber's Template encompasses ten of them.

These guys have a different name for themselves for EVERY culture they approached. Consequently they are one and the same as Oannes – Nommo – Quetzalcoatl – Virococha – KuKulCan – Giants (Nephilim are their progeny) Laeostragnian – 120 names so far. They are heavily involved with the Prince of Dark Men of Sirius.

Nostradamus gives us a couple of their weaknesses (an upright duodenum for example, an extra large spinal cavity, the reason for ventails on the helmet) and how they contain their atmosphere

Because of the volume of the forums, (a word from Nostradamus for the pdfs) each one has been limited to under fifty pages. Not an easy thing to do sometimes.

So here we have seen - simply by removing the required letters of a topic or name out of the Original quatrain line, the remainder will provide the details once it has been anagrammed in the manner Da Vinci describes on page one here... This means there are no limits to information other than the limits which hold back the enquirer. Such as their intelligence quotient. For instance, say there is a query regarding quantum qubits and fields yet unknown to an average joe blow like myself, the quatrains will still be available for scientists to ask such questions to receive the requisite answers. In much the same manner a good parent waits for the child to ask the right question, in order for the right answer to be comprehended, knowing the child is then ready.

Here is one example of the above:

from P. Johnson “Scripture confirms the existence of this message in the stars. Psalm 19:1-6 states:

“The heavens declare the glory of God; and the firmament sheweth his handiwork. Day unto day uttereth speech, and night unto night sheweth knowledge. There is no speech nor language, where their voice is not heard. Their line is gone out through all the earth and their words to the end of the world. In them hath he set a tabernacle for the sun. Which is as a bridegroom coming out of its chamber, and rejoiceth as a strong man to run a race. His going forth is from the end of the heaven, and his circuit unto the ends of it; and there is nothing hid from the heat thereof.”

Verses 2,3, and 4 quite clearly record the existence of this message in the stars. Paul refers to this in Romans 10:18, speaking about Israel he says:

“But I say, Have they not heard? Yes verily, their sound went into all the earth, and their words unto the ends of the world.”

Notice that both quotations state that the words went to all corners of the world. So all mankind could have seen it! This in turn is proven by the astronomical records of a number of ancient civilizations which have come down to us.

Genesis 1:16 tells us: *“he (God) made the stars.”*

Psalm 147:4 adds: *“He telleth the number of the stars; he calleth them all by their names”.*

Isaiah 40:26 continues the story: *“Lift up your eyes on high, and behold who hath created these things, that bringeth out their host by number; he calleth them all by names by the greatness of his might for that he is strong in power; not one faileth.”*

Job 9:8 & 9 tells us: *“(God) Which alone spreadeth out the heavens, and treadeth upon the waves of the sea. Which maketh Arcturus, Orion, and Pleiades, and the chambers of the south “.*

‘Chambers of the south’: the pyramids built at Giza when it was in the south.

God himself speaks to Job in 38:31 & 32: *“Canst thou bind the sweet influences of Pleiades, or loose the bands of Orion? Canst thou bring Mazzaroth in his season? or canst thou guide Arcturus with her sons?”*

See video March 20 orbs in chemtrails Episperm = Eubacterium

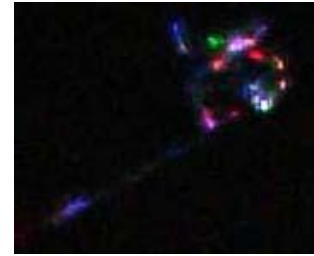

6 23 3 The lights in the skies shown above and below were seen all over parts of America during 2009 and 2010.

On the left is a set of symbols as shown in the middle "alphabet" given to Jim Sparks by a series of greys during his lifetime.

In the middle below is a crop circle which seems to me to have similar alphabet inscriptions.

They appear very similar to the alphabet of John Dee's "40 Angels" which did appear in a crop circle (follows)

Lights in 2008 Go to earthfiles.com for the report The crop circle picture and the alphabet inscriptions are very probably not the right way up.

People have been saying John Dee introduced the New World Order idea – but I am wondering why the 40 (Plejaran) angels would need all forty, when only one of them (those from Alcyone) are seen to be involved with the reptilian agenda ... however – for the Living Library ‘order’ one can see why forty might be needed...

 December 08, 2014

“First of all I would like to say that I do not agree with my mission assignments, but what soldier ever truly does? Several of us have considered bucking the ranks, and going AWOL from time to time. **We are kept in the dark when it comes to getting honest answers about what we are really spraying.** Should they discover that we or our families are actively enquiring about the so-called ‘chemtrails’ term, then automatic and swift disciplinary action would be taken.

HAARP and radar are two other non-allowed research subjects. Unless our children are learning about these in base schools, we cannot educate ourselves or our children through any public education system. **I would not intentionally spray my children or family with toxic aerosols, but as you must know, perhaps 80% of the pilots do not have any family or children.**

Indigo pilots are chosen from top ranks within the Air Force, Navy, and Coast Guard. Most of the pilots are ‘hardened to humanity’ and could care less killing off unwanted or leaching aspects of America and the world.

I swear to you, **the majority of the pilots are like machines, I call them “Tanker Terminators”.**

I should not be telling you this, but **nearly 1/3 of all flights are being orchestrated from small unnamed islands, where newly constructed bases are being built at a rate of 8 per year.** On these extremely remote islands there are HAARP rays of every possible design, with many arrays surrounding these islands within the depths of the ocean

"Hurtak refers to a "language of light" and a great priest-scientist of the previous time cycle, named ENOCH, who is associated with the building of the Great Pyramid complex. Hurtak alludes to a grand spiritual science, a science which describes a genetic stairway to the stars. The lost Enochian knowledge reveals the mother tongue as a "language of Light". Known to the ancients as HIBURU, it is the primal seed language, introduced at the beginning of this time cycle. Modern research confirms, the most ancient form Hebrew to be a natural language, the alphabetic forms emerging from the phosphene flare patterns of the brain. The same shapes, in fact, born of a spinning vortex. It is a true language of light, coursing through our very nervous system.

Encoding the natural waveform geometries of the physical world, Hiburu is a harmonic language, mimicking the waveform properties of light. The "keys" Enoch speaks of, turn out to be sound keys, keys to be vibratory matrix of reality itself, the mythic "Power of the World". The Enochian knowledge describes sonic equations, encoded within the ancient mantras and god names, capable of directly affect the nervous system and producing profound effect of healing and higher consciousness states.

As the ancient texts declare, "If you would speak with the gods you must first learn the language of the gods." The discoveries emerging from Egypt, describe the existence of a world wide pyramid temple system in prehistory, mounted like antennae on the key energy meridians, which were employed by ancient priest-scientists as a musical system to stabilize the tectonic plates of the planet... cataclysmic geology at it's finest. From the mother tongue word JEDAI AH, meaning "the way of the Word" or "the power of the Word", the ancient JEDAI priests used the language of Light to tune the planet like a giant harmonic bell. Much is being rediscovered in the last days of this time cycle. In the words of Dr. Jay Franz, of the Omega Foundation, "even if we don't dare to name it, there is a universal feeling of something impending on the world stage."

Letter 35 19th January 1562.

"This year I intend to spend a few of the coming months in Italy, as much in order to practise the language as for the journey itself. Once back again, God willing, I hope if possible to say good-bye to travel."

Letter 36

"Those who have hitherto looked into it are certainly wrong as far as the true location is concerned. As for me, you will see that I am not inventing anything: I am going to tell you the place, without any error -- and without using involved language, either. It is located toward the west of the site in question, in the part of it where one can still see pieces of marble adorned with remarkable sculptures representing animals, and especially oxen and bulls; there are also urns and other earthenware vases, as well as a beautiful frieze of porphyry and jasper depicting the effigy of a lion bearing a sword -- i.e. carrying a sword in its mouth. Among other things, one can see the ruins of a very ancient temple, and beneath, a very deep and very large pit whose lid is a rectangular stone block with square cross-section that is wonderfully thick, probably so that it does not sound hollow. One can see an urn, as well as a burning lamp fed by some unknown liquid, very pure, whose inflammable nature ensures a perpetual flame [compare Nostradamus, V.66, I.27, IX.9]

Not far from the urn (for there is no other vault) is concealed the hoard [in question] -- without doubt a considerable number of very pure ancient gold, silver and bronze coins, as well as gems and precious stones of every kind.

Start by making sure of the exact location of this place called Batestan: then, when you have pinpointed the exact spot, bring in the diggers. Let them dig until they have reached the desired goal: they will surely get there with the aid of God, without whose help no search for treasure can be successful.

Seek out the place, therefore, and be sure to have it excavated carefully: I do not doubt that Fortune will crown your desires. Nevertheless, I warn you in advance: once you have discovered the site, as well as the pit itself, which will be easy to enter, introduce lighted torches first, so that any pestilential exhalation of stale air may escape and be taken away by the wind; if the torches go out, do not go in beyond the entrance; for if anyone disregards this presage of extinction, he could well [himself] pass from life to death.

These, then, are the findings that I am sending to you; they are drawn and taken with the greatest precision entirely from astrological calculation that is most certain and true.

Farewell and be happy, and, when you have found the treasure, ^{stage gate} remember that *you* are mortals [see Nostradamus: I.27!!].

From Salon-de-Craux in Provence, 20 January 1562.

The following is taken from the internet and should be studied with some circumspection:

"Language: Andromedans speak a language whose dialects vary from a Spanish- or Italian-like sound, to one that is more tonal and guttural in its intonation.

Mother Ship and Other Craft: Andromedan ships range in shape from their traditional **sombrero- shaped** scout ships that measure some 50 to 65 feet (15 to 20 meters) across, to lens-shaped small atmospheric command ships that are up to a half mile (805 meters) in length.

“Language: Arcturians speak a tonal language that sounds similar to Chinese or Vietnamese.

Mother Ship and Other Craft: **Arcturian ships range from a diving bell-shaped scout ship** that varies from about 40 to 75 feet (12.2 to 22.9 meters) in diameter, to a lens-shaped planetary command mother ship that is over 14 miles (22.5 kilometers) in length.

There is an 11th Dimensional Arcturian group, call them those related to the Oversoul of the Arcturian race. Some (by example former Joshua Stone of the I AM University) called them the Elders and gave them a description as if they have wings. In my humble opinion these are not wings but more circles of light. *The texts describe them as Lepsaria – four winged*

The 5th D Arcturians are blue skinned, do have big almond eyes and do not have hair. They belong to a group mentality, however can act as a individual.

They are highly analytical but their analyses are fully intergrated with the highest order of what is for them emotionality ... en-lightened- love...

They are healers but different in one way than the doctors of Andromeda.

When I worked with the Galactic Federation doctors I saw the Arcturians used sometimes strange light tubes however the Andromedans only used light techniques. *The ‘light’ technique is sonic vibration light – sasara () say the hidden texts)*

The 5th D. Arcturians are not tall. I think 5 feet is their size.

They have 4 fingers and they do not have long fingers like the Zetis have.

The top of their fingers are more round. [Cynthia Crawford](#) has a sculpture of an Arcturian that comes very close to what is my impression.

Despite what people might think about the work of Anna Hayes aka *Ashayana Deane* her drawing of an Arcturian is also close.

Andromite and Arcturian “Dolphin People” and from inner Earth,

Note: The [Branton](#) Material claims that the Arcturian solar system is also inhabited by a third dimensional humanoid civilization.

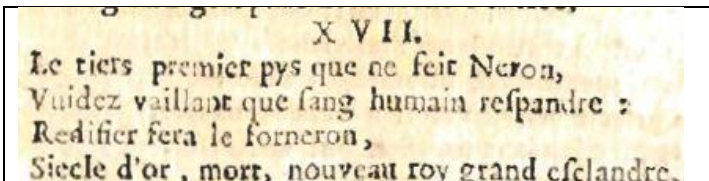

These would have been contacted by the [Draconian Empire](#) with a plea to join them. The material, however, contradicts itself with regard to the question of whether they actually had joined, or had chosen an independent position (not tied to the [Draconian Empire](#), nor to the [Federation of Planets](#)).

so saying, having approached Michael Tellingier to help expose this calendar and being told by his handler he "doesn't have the time", (I am guessing that was a test to see if he had actually become a clone) then this line here is suggesting to approach David Icke- since the matter, in my mind, has no higher urgency! This will in consequence show us all who it is that will represent the "wheat" or the "tithes". Bringing facta non verba into deed indeed. Like the bible, these texts are saying that "by your actions you will be judged".

[Deep High: How they changed "ANTE-Christ" to "Anti-Christ"](#)

deep-high.blogspot.com/2010/.../how-they-changed-ante-christ-to-anti.h...

Feb 15, 2010 - as the realm of the ANTE-Christ. So say goodbye to all the illuminati satanic deceivers like Pat Robertson, Hagee, et al -

"The original Koine Greek term for the famous "Antichrist" as it's now commonly rendered, is ANTE -not "anti"- meaning to stand before, or to stand in place of, to substitute for, to precede.

A The detail of which I speak which proves the elite and their plans for a new world order does not eventuate; (which included all the bogus and secret 'trade' 'agreements') is shown when Al Bielek asked the nurse about 'chemo therapy' for curing cancer.

Her response was "oh we stopped doing that a while ago, we now use sonic frequencies".

The Medical Industry constructed and run by the 'elite' also includes their own curriculum. The 'invention' of cancers and other 'diseases', and the 'invention' of the 'cure' on which much of their industry and profits revolve. The use of sonic frequencies not only expands into the medical profession of the future but also into the source of domestic power. Neither of which has much profit for the 'elite' to parasitize. The period this occurs is 2137 - and would not have happened overnight. If we allow that we call our current period between 2000 and 2,100 [A.D]; it becomes evident the elite failed in their take over. Was it natural attrition? Or was it what these texts have been saying from the beginning - that the 'unredeemable' elite "fry" "steam" and "asphyxiate" in their deep underground bases. The biggest joke being that these bases were constructed ostensibly for "continuity of government"!

The other evidence from Al Bielek is the nurturing aspect of the society he fell into (with his brother). There are other time travellers, such as John Titor, who in the early 1990's suggested many things to various people which were of little concern at the time, such as 'look to your Constitution', and that 'YouTube will become the source of public information', and not the current style of elite run and controlled media.CE FECAL CLAUSE: FUEL FLU IS

You are NOT correct about Nostradamus. The FIVE times he mentions ANTECHRIST in the Epistle to Henri II were regarding "the third peoples of the AntEchrist". And in two quatrains,(8:77 and 10:66) it is also spelt ANTECHRIST. One needs the very originals of course, which I have and anyone can have by going to THE HIDDEN TEXTS OF NOSTRADAMUS. NOWHERE at all does Nostradamus use anti-christ - and those "interpretations" of the quatrains have simply taken it upon themselves to spell it anti-christ. Before Christ, the third peoples were (and are) the left over Nephilim... and it is the RETURN of these to which he refers.

"The-*ius* suffix of the names Aquarius and Asterius — like the ending of Deus, Odysseus and igneous — further reflects the providence enjoyed by humanity. This suffix derives from the Latin name Ious — indicating Jupiter, a.k.a. Jove (which moniker James Joyce surely considered strikingly similar to his own surname). Hence we have the ancient word ious, "law," which was later contracted to ius, "justice."

The English word pious is a cognate. But *ius* has a richer primeval meaning: **"to gather"** and **"the thing gathered."**

It is equivalent to the -yo suffix of Kolyo and to the Norse ting and hence to the universal prefix **ti-**.

Primal things gathered include earth, water, wood, manure, bone, teeth and fish, as well as nuts, berries, honey and the like.

The law and the lexicon — from the Latin lex, "to gather" — are gatherings as well, gatherings of ideas and symbols. Hence the Latin *legere*, "to read."

Aquarius is not the water carrier but the water gatherer. (He pours water 'gathered' from his urn)

In fact, Aquarius means both **"water gatherer"** and **"eagle gathered."**

Importantly, the same sense of gathering is involved in the title **Qur'ân**, from Qara', meaning "he/she gathered or collected together the thing," "he/she read," and **"he/she conveyed or delivered a message."**

A fish-man — like the [Oannes] founders of Gilgamesh's Uruk — represents the full ontogeny of a human being as well as the full spectrum of proto-mythological sacrifice. We can trace this spectrum forward in time, from the Zodiacal age of Gemini (man-man, i.e. twins), to Taurus (bull-man), to Aries (ram-man), to Pisces (fish-man), thus charting the Great Reversal as well as the concomitant **demise of sacrifice** and likewise the **infantilization**, the **White/Apollonianization (Orionisation)** of humanity, a process which completes itself in the Zodiacal age of **Pisces**, the age that nevertheless contains the Christian reversal of the Great Reversal (hence the famous fish symbol of Christians) and terminates in the age of Aquarius, with **Cepheus atop the World Tree.**

Just to give you an idea of the ongoing games the alphabet groups play with my computer – on the left is an image as it appeared when copied across to a flash drive. This is how it had appeared in the computer too, so I kept it and did not delete it, having recalled that there was another image somewhere in my files – which is the one on the right. It is titled in the computer as: CROP CIRCLE of the NEMESIS SOLAR SYSTEM. You will hear social pages come up with many more planets, but they are mobile planetoids, say these texts.

As you can count for yourself – Nemesis has seven orbiting bodies, and a moon of a moon, most likely a planetoid. And see the planet with an atmosphere – either Nibiru (but the larger one at top should be Nibiru) or Sarru). If my postulation was in error, they would not have bothered trying to censor me. This is how they give themselves away! The saddest part of theri nonsense is that people have been murdered for knowing about this – and here we are in August 2016 suddenly NASA is letting the western hemisphere know, and do you know why they have had this sudden change of heart? Putin warned them if they did not tell the public – he would.

yes, I was told to “study avionics” so we can discern who has which air craft. The resulting finds included: all western hemisphere craft emanate from the Industrial Military Complex, that any craft of the Elohim Alliances get shot from the airspace.

Consequently the Elohim use time gates with one exception. The Tau Cetians arrive via lightning in boomerang craft. Other space craft which are with the Elohim are pyramid and purple ones. Although they have huge golden cubes (not the black ones) seen over Russia.

PERU SLIP SUPINE, SURE DUE PRECISE IN SHINS/October SHOES (Boötes/Libra) when this came up, my heart fell

Lioness = Leo Minor – where sits the constellation once called Carpenter but now called Set Square and Compass/Dividers

- recall a line about certain elite being caught in a time gate? *Pipe up* means time gate.
- there are plenty of other people who have been contacted by the Cassiopeian ‘Queen’ – Da Vinci for one, having painted her several times, and a couple of times she is shown in pink holding the ‘last cards’. Laura Knight Jadczyk is another whose works parallel what these texts have been saying. In particular the best example which comes to my mind is that of the secret of Oak Island, being a mechanical time gate. Raising the question of what is in Birch Island (all planted to Birch) when the word Birch means both “vessel” and “planet”.
- Some people might ask – why repeat information within various lines? A good question, with a simple answer. In case they are not found, is my guess. But do they not complement each other well? = When all are found?
- Here is one final problem. Exactly what date do we have in 2016 for the southern hemisphere vernal equinox ?? now that we have an elliptical orbit of at least 377 days (and growing). And is it even the 2016 Leap Year?
- In the PERU SLIP forum the date had been consistently around the April to May period, then we had the postponement of that with one of the events come true showing a video of a purple craft assisting in the prevention of what they say was ‘mends Peru patch fifteen’ :
- R.O. are the Regency Order of the Andromeda Council

- **APPRENTICE to Leonardo is spot on – simply because his script has only just been scratched at the surface and will need an entire lifetime from someone prepared to offer many hours each day for every day possible to discover what other future information and alerts the words of Leonardo enclose. The word APPRENTICE insinuates that there is much more to be taught, so my first guidance to anyone prepared to continue his disguised script is to find the very Originals and not to even look at anyone else’s “interpretations”. Luckily for this new ‘heir’ whoever they may be, the Alchemyes list and Celtic Clues have been outlined already. Even though the words from Nostradamus say I have gone from ‘lay’ to ‘alumni’ and ‘professor’ of his work: – if I am a mere ‘apprentice’ to Leonardo (and I certainly feel that way) – then just imagine what else he has to offer!**

Friends have asked “how do you feel about reading of your own demise”?

Well, relief, is the word that first comes to mind – but mostly the second thought immediately following that thought is this:

In the latter lifetime of Nostradamus, he is most remembered by the public for his famous after death prediction with the exact date, that his grave would be broken into and that the thieves would not survive the event. Not forgetting what he answered his assistant the night before he was found dead standing up. The assistant had said “see you in the morning” and the doctor had answered “no you will not”.

See the forum *ONE SENT TO DIE, UNIQUE OF ALL DEATHS*

If the only thing that comes out of all of this is that the prophecies in these three lines come true, then my own work is done.

Much depends on the words LEAP ANNUAL – be it a leap year of 2016 or is it 2020?

If asked for a last request it is this:

Would someone please tell David Icke about the secret “trade in men/children” clause written for a year nominated as 2014. The only problem being, it was not 2014. That clause is null and void.

A FREAKY FRIDAY NIGHT

codes within codes

To date the subject of “codes within codes” has not been explained.

There are two relatives of mine who have some involvement in these works, with which they were born. One is my last daughter “adroit Eloise” and the other is my niece whose Native name is Lehelani, but who was named at birth by my other mother as Stella Heap.

Anyone who has been reading these works will know what the word Stella means and also now, what the alchemye word Heap means. That of the Pleiades. Yes, weird, I know.

Just proof that there is no such thing as coincidence.

On the same Friday night (around September of 2010) three events happened simultaneously.

My phone rang with Stella saying ‘I have a message for you, something about codes in capitalised words’... Immediately the phone called again and it was my ‘adroit’ daughter seated at a restaurant with the sudden urge to let me know pop had come to her and pointed at words that were capitalized, saying ‘recode them’. Pop was Stella’s dad.

All the while this was happening – seated watching my television – from my right – a shadow came thru my front window idled over above the t.v. did a spin around, three times, then went out to my left and into the laundry. It returned from the laundry (door was closed) and over to the t.v. doing its three-way arabesque, leaving out to my right thru the front window. This was all about 7 pm.

The latter entity would have spooked many people who would have seen it as a demon or bad omen and entirely skipped over what it was doing. Yes, it was not in this dimension fully – but the first tenet all my life has been to see what anyone is doing. As in *facta non verba* – my school motto. Deeds, not the words.

It had hovered over the main source of "information" which our populations have these days. All the capitalized words *had* been collected (quite a while ago) not knowing what to do with them. On working with just the capitalized words in the quatrains- some of the most important information has been derived.

This is why some town names and others such as Roy as 'roi' have remained with no capitalisation! They are not needed in the "codes within codes".

The greatest angst I have suffered (and I do not use that word lightly) throughout the term of these works has been the *repairing* of that which non thinking 'decipherers' have done. Whoever they are and were – to have the *temerity* to sift thru the *very words* laid by Nostradamus and to *change them* for whatever reason has been the greatest bane of the prophecies themselves. Almost like the conspiracy (conspire to piracy) which the Bible has suffered – again and again. Right at these times, the bibles have very little similarity to the verily original words. The people who read them for the first time have no idea they are false words. It is like those who have been born since the advent of chemtrails (in the 1980's) – they know no other sky.

Another form of codes within codes: anagram the English words back, and you receive more details...

Recall Von Braun, the cloned one saying the alien invasion would be a false one, and I said this might be a triple bluff?

Phil Schneider saying those from below are already invading – but we will all be looking up? Greer saying they will be our own Earth made craft. Slipped in between these dangerous lies is a possible real invasion from outside – and we humans did not receive the technology to rebuff this invasion, plus the Military will think these are ours!

"Life-threatening Danger"

Kansas abductee interview earthfiles.com

WHAT DID YOU SENSE WAS THE INTENT OF THE BIG NOSED LIZARD/ALLIGATOR CREATURES?

Danger. Life threatening danger.

ANY TELEPATHIC COMMUNICATION FROM NON-HUMANS ABOUT WHAT IT WAS THE BIG NOSED REPTILES WANTED TO DO?

The only thing I can remember consciously is the lizard things were attacking.

WHAT HAPPENS NEXT IN THE IMAGES?

I found myself in the middle of what looked like bombed out land like WWII.

There were these lizard-looking things herding humans.

HOW ARE THEY HERDING HUMANS? WHAT CONTROL DID THEY HAVE?

There was a lot of smoke and fire, a lot of buildings crumbled. My thought was that the big nosed lizard types had some weapons, but I did not see any. So, if they did, they were not like a conventional weapon we humans have.

ARE YOU SEEING THE BIG NOSE LIZARDS HOLDING ON TO PEOPLES' ARMS?

Yes, pretty much with force. What I saw was about fifteen or twenty of them in a V-formation pushing people along. If someone fell, they would just pick them up and throw them.

SO THEY WERE EXTREMELY HOSTILE?

Yes. People were very scared for some reason. Nobody seemed to be resisting. I took it that the lizard things used some kind of force so that nobody wanted to mess with them.

Here is what ALLAN WEBBER MADE OF 2 67, but he is still using the spelling of Erika Cheetham and Peter Lemesurier, neither of which seem to be using publications made while Nostradamus was still alive.

Compare the 1555 publication to the spelling Allan is using. This really disappoints me, after all these years.

As soon as I found the lines [in the Template] which said to go to the very originals (C+F+DIAMOND) I obeyed.

Immediately the original website was scrapped (it was costing me \$27:50 for each pdf to be put on the website, so that also prompted my deleting that website) and found a new web master.

By then there were 110 pdfs on the first website.

One might say one has been putting their money where the mouth is!
