

IN LETTER # 32 Excerpts & REINCARNATION

What to say! How to say it? Without damaging envious fragile or tender male egos ! :

Sed oro te, fac me quamprimum certiorum de perlatis ad te filiorum genituris et tuis revolutionibus, itemque de caeteris rebus copiosissimé: nihil enim mihi gratius, nihil iucundius accidere potest suavissima illa literarum tuarum lectione. Acceptis tuis ultimis coepi tuam genituram, quae mihi alioqui frequenter est in manibus, iterum exactissimé calcolare triplici quidem via, visoque ascendente in angulo medii coeli, fortuna inter ascendentem, Solem et Lunam, revera necesse est ista omnia pertinere ad quartam domum, et te omnia parentum bona possidere, indicaréque prosperos et felices successus in rebus paternis in metallicis, in mineralibus, in fodinis, in thesauris absconditis et rebus occultis, atque immobilibus, in agricultura etiam ac edificiiis. "Hidden in Thesaurus", and currently operating as directed.

All in all the Nostradamus Society did a very good job translating these paragraphs – not being aware of the *hidden meaning*, which Nostradamus would never have wanted any "authority" of the times to discover! Albeit; the one paragraph in letter 32 they omitted all together, simply because it could only refer to a female and the context held within it was beyond their imagination. Here is their English translation of the above section of Letter #32:

"Please, my dear Rosenberg, let me know that you received earlier, the birth charts of your sons and your progressions, and all my mail. For me, nothing could be more gratifying than knowing that you took note with pleasure the letters that I have sent to you.

I received your last missive and I am given to the study of your birth chart. I spent a great deal of time on this work, I used my triple method...; I established that the ascension comes to occupy the region of the sky and that the part of fortune is the ascension, between the Sun and the Moon,... it is necessary that all that is located in fourth house signifies: possessions (in Cancer) of the goods of your parents, great successes concerning your inheritance, metals, minerals, ^{Omnia} mines, hidden treasures, secret affairs, agriculture construction and buildings."

We will compare their translation to the hidden meaning on later pages. Here is the sentence they ignored :

"datae (information provides) autem (moreover) illae (cost her/unharmd) ad (by) fontis (pelvis/Sagittarius-Scorpio) febriles (fever) prope (close to) tua (f: your) mapalia (bad decision) [noting the *first person "your"* can not be directed at Rosenberg! Being male.]

"Moreover indication is (in evidence) she is unharmed by infection in the pelvis because of your bad decision." my translation (caused by the Dalkon shield) The 'bad decision' seems to have been a concern, and the Dalkon Shield did prove the cause of a large class action world wide at the time. However I was "lucky" having married Mr Mead, & had it removed just in time to prevent permanent damage. This then allowed for Eloise to be born when I was 42. Eloise is named many times in Allan Webber's Computer Programmed Template. Without trying to second guess the methods undertaken to reveal the Hidden Texts to the world, I still cannot help feeling that the best way to have done so is to have one person (a professor of mathematics no less) first deny that anagrams are real, set out to prove so only to discover they are legitimate! Following that up by spending eight years of his life creating a computer program which undertook the entire published Centuries. Not only that, but to have his works recognised and hinted at within the first publication of the four hundred and fifty three quatrains! The hint to the unsuspecting public was sitting right in full view in 4 44 3 of the 1555 publication only.

As you can see the True Original is Lous

- > The word Lous from louer - hired = mercenary or praiseworthy BUT the Latin for lous is Lotus which relates to stage gates in this case, the main or large stargates at Milhau and at Rhodes and Mende – all in south west France and see how the four words are run together? That is confirmation to use anagrams, yet no one has questioned it.

Often I pondered “why stop at 453 quatrains in the first publication?”

There are 453 years between first publication of The Centuries and Allan finishing the Template.

It was 2008 I was given it by him - 453 years after 1555. The work first published by me was in

2009 – nine years after Allan began his. The number 4 53 minus 4 44 equals nine. *Finding ciphers*

via a *publication date* was accomplished by Allan Webber, starting with his discovery of the zero

When the Leo Rising Sphinx was constructed in the image of Ninghizzida/Thoth, (the Ibis headed) to commemorate the design of the Giza Plateau in the formation of Grus/Benu, this was representing those who came from the constellation Grus in league with ('spun by') one of the Ursa Anu factions. The missing fourth pyre-amid which was still in situ at 1770, is testament to the form of the bent winged bird whose tail goes from the Benu caves all the way under-ground north east to Buceggi and whose long head and beak go all the way south by south west to Oxyrhyncus (sharp beak in the fish) at Al Faiyoum. This is only seen from a height of 150 kilometres up. The **RAJ** connection refers to the British 'Empire' which has always been the primer of more modern worldly events – in order to gain wealth and power for a minority.

C + F "SUMMARY" to see explanation of how this is possible

An explanation is needed regarding RO. The Name "RO" was provided in a small number of Allan Webber's lines as direction to the collator with what to do with "LETERR LETTERO".

As a *rune* "O" means "natural inheritance" and as a *sky rune* it means "Othilla" (Andromeda, which is als a "V") and "orbit".

The clue of "MOST BITTER FORMULAE" is the 'sonicboom' or **THE FUSE EVENT** which appeared in the former web site.

The date therein was May 15 – in the date of "ale/brew" which is the same date throughout the Chani project

where it says to use the letters "R" & "O" for the "PRIME" and the number one 'Prime' are the Andromeda Council (who also "primed" the hidden texts indirectly) ('is R.O premise'). The original problem being (apart from the word "OR", a word which should not be seen in a prophecy) is that the sky rune for "R" is Draco, so if one sees R. O in the lines it would have read *Draco orbits*. In most cases this would be and has been out of context. Line 10 1 3 continues:

translation of excerpt of Letter #36 into English: (noting it is composed of a mixture of the French and the Latin)
 the capitalized words which are not proper names indicate they *mean they are* so in the hidden intent.

Quando invenietur thesaurus reconditus in La Pegna [peigne?] Palomera [palmaire – palm of the hand]
 When discovered treasure chamber concealed in accordance with the (*weaving*) *comb* (Ariadne) / *hand [palm] comb*

- o So this is telling us it was the Cassiopeians who have been controlling human misuse of time gates, such as the impossible internment of the Oak Island mechanical cronus visor, which machine I saw in a documentary in 2012 when a medical camera was sent down. It was the same machine which Dan Burisch showed us. The following year there was a repeat of this documentary, and I was ready to photograph it, but that frame was cut.

This is what the words *Cronus Visor* mean – Looking Glass. Andy Basagio sent me an email quoting the term used these days = Cronor Visor. When I went to the Computer Programmed Template there are 45 lines with both words (*cronus* and *visor*) and that forum has yet to be looked at. This is the mechanism I spotted in the documentary, unchanged.

Compare these two faces, especially the corners of the mouth, the nose, eyes and the eyebrows. Is James Casbolt Ninurta? When listening to him: to really hear what he is saying about real vampires–keep in mind those texts which say to forgive the ‘elite’ their trespasses. This interview it seems to me is an attempt to begin liaison negotiations between the vampires and the general public, who, indeed, just as Casbolt states “will not understand”. Yet I do, and many of you who have been reading these works will also comprehend what is between the words spoken in this video. Compare the ears & chin too. “At that time, a critical situation ensued when top-secret, ultra-powerful HAARP transmissions powered by ***Proteus particle accelerators** went haywire and ripped open “portals” or vortexes in our time-space continuum: vortexes which reportedly allowed creatures from either other dimensions or other time frames of THIS dimension to enter into OUR world, here and now. It was only this week (of May 10 2015) that I discovered one of the 'ring lord' visits was from Da Vinci (the visit of the handsome well trimmed one) and had not been Nostradamus "at a younger age" which is what I had assumed beforehand.

since it was not Rosenberg who wrote the Epistle, but Nostradamus, the context is thus referring to the Epistle to Henri II; although it was *in general*, a *smokescreen* (since the Epistle does contradict in certain instances things told to the young Cesar Notredame in The Preface, see PREFACE TO CESAR forum)

FEMALE PERSON WHO WITHIN ME IN OTHER RESPECTS FREQUENTS MY FUTURE HANDWRITING EXISTENCE

pointing to the possibility of a female person being reincarnated as *another* 'Nostradamus'. The texts themselves tell us that Nostradamus has gone on to become a "younger Elder". So, in my opinion, there is no real reincarnation of Nostradamus any more. Same goes for EnKi – there are people saying they are EnKi reincarnated – yet Anton Parcs was one person who did suffer through that discovery. EnKi moved on in that respect, (because Anton asked him to) ~ and EnKi may have appeared as Putin in the first of world meetings during 2013 (say these texts. I watched that, and there were green eyes there).

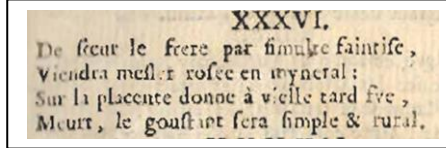

iterum exactissimé calculare triplici quidem via,

[INCARNATED] FOR THE SECOND TIME; TO FINISH EXISTING IN THE FUTURE; BECAUSE OF CALCULATIONS BY THE MANNER OF THE TRIPLE (METHOD) MODE. the Latin worked are in the footnotes

This is the ONLY time the 'triple method' was ever named: ~ in Letter #32.

The word "tripod" which everyone else has used came from the Epistle (one of the smoke-screens) and was NEVER used in ANY of the quatrains:~

An explanation is required concerning reincarnation – from body to body. Those other worlders do so – born again complete with their former knowledge and memories replete. This explains how James Casbolt can "be" Ninurta, & Da Vinci "was" EnKi. This ability is the very thing humanity has been denied (also known as "immortality") – our "group amnesia" as David Icke describes.

3. *Flambe exigue sortant de solitude,*

in line two – how does it say "tripod" ?

line two is actually saying:

1562 edition has it as La verge en main mife au milieu de BRANCHES.

The disk in hand, enacting through the SEE-ER connections

Divine splendour. Sitting close to divinity.

While correcting someone else's "corrections" the litte "i" squeezed into BRANICHES and MANICHES which has been drawn in by hand, and probably the hand of Nostradamus, came to my attention. There is also a letter tucked into 'pied', which might be a 'c', then at the end of line 4 is the intrusion of an 'l'. Noting the 'a' sitting seemingly minding its own business. So, it's a case of back to the drawing board with this one, needing to be worked with as if never having been seen before. Note there is no spacing in milieudeBRANICHES This re-working has been done in the very last pages.

In the Triple Method "I" is also the Runic Skies symbol for the area over the North Pole – and represents both "ice", and as a rune means "stuck in one place". The other Yew Tree date is the Halloween period.

Not sure what the "superior pairing" is, but could be those "paucity of people" who are working with the Hidden Texts as collator (H Mead-Parks) and as with gematria/numerology discoveries (Allan Webber).

"Oak and Turpentine (by W. Ewing)

As many as six varieties of the oak are found in Palestine. Dr. Robinson speaks of one at Hebron which had a trunk twenty-two and a half feet in circumference; and saw the crests and sides of the hills beyond the Jordan still clothed, as in ancient times, with magnificent oaks, [Isaiah 2:13](#) [Zechariah 11:2](#). The oak is often referred to in Scripture, [Genesis 35:8](#) [Isaiah 44:14](#) Am 2:9. There is, however, a second Hebrew word often translated "oak," which is supposed to denote the terebinth or *turpentine-tree*, called butm by the Arabs, [Genesis 35:4](#) Jud 6:11,19 [2 Samuel 18:9,14](#). It is translated "elm" in Hosea 4...13, and "teil-tree" in [Isaiah 6:13](#), in which passages the *true oak* is also mentioned. In many passages where "plain" or "plains" occurs, we should probably understand "terebinth" or "a grove of terebinths," [Genesis 12:6](#) 13:18 14:13 18:1 De 11:30 Jud 9:6.

This tree was found in all countries around the Mediterranean, and in Palestine grew to a large size. It was very long-lived. For many ages after Christ, a tree of this kind near Hebron was superstitiously venerated as one of those under which Abraham dwelt at Mamre Under the welcome shade of oaks and other large trees many public affairs were transacted; sacrifices were offered, courts were held, and kings were crowned, [Joshua 24:26](#) Jud 6:11,19 9:6." "

Collator: the word "oak" in the bibles is a reference to stargates, as was Oak Island.

The word Birch means 'vessel', so what does Birch Island hold?

when the Templars, with help from above, buried the Looking Glass under Oak Island then planted the entire island to Oak trees - they understood fully well the clue, that the word Oak/Quercus (and Acorn) mean a stargate, amongst other names. So, when they planted Birch Island all over with Birch - what did they hide there? The Earth is called a "ship" and a "barque" canoe, boat, vessel coracle etc., and last but not least the Earth, planet, is also known as ISLAND in the Alchemy List.

Those readers who are still with us and who had read *HIDDEN IN PLAIN SIGHT* that in the arms of the armchair in which sits Nostradamus are forming letters – which at first glance I thought were in the Hebrew. Now it comes to me – those letters were “K”, “T” and “L”. The “L” would (according to the Alchemye List) mean Pisces (Laguz) in which sits the beak of Grus. The Greek letters in line four are here to say “use the Greek”, meaning it is as “Lambda” and not as a Vinca Rune key. There is one other “Lambda” in the Alchemye List – “Son of Columba” – which will mean nothing to almost anyone. The word “Columba” means the Dove – a key word for Pleiades. So the “son” of the Pleiades within the context of the meaning of this phrase is Alcyone (even though the Pleiades consist of Atlas/the King, Pleione/the Queen/Gran **and the seven Sisters**)... the word “son” here means “progeny” and those are the Nephilim fallen ones! Consistently saying hidden in the *three Greek letters that all of them are negative ones*, including Samyase/Semjase named in the bible as a “fallen one”. The name Semjase means “co pilot”. The ‘chief pilot’ happens to be Enlil (an Anakim) also ‘Lord of the Airways’, storms, (as Thor) smoke (sacrificial, as QuetzalCoatl) and this includes chemtrails and radio waves and the jet stream. In the phonetic pronunciation of ‘ahvah’ there is a little ‘e’ sound formed first, joined with the first syllable (‘a’) forms a ‘y’. Which is why the tetragrammaton is spelled YHWH (YHVH) but pronounced YEHOUAH = Jehovah, meaning Ye-hahveh. See how the Jehovah’s “Witnesses” have been fooled? The SAAM of Marduk (and Enlil) call themselves the “Watchers”, but we have already seen that they are really the “Keepers”.

The true Watchers (witnesses) would be the *King of kings* Cepheus Seraphim with the Cassiopeians who (allied with EnKi) also created Jesus [saviour] Soul/s. We even have a very clear vignette showing this – the head of a queen and a king orbiting above a bovine animal (Aldebaran and the Alcyone as the manure of Taurus) supplicating to a pope (empire).

You may be calling demons with your sounds: watch!

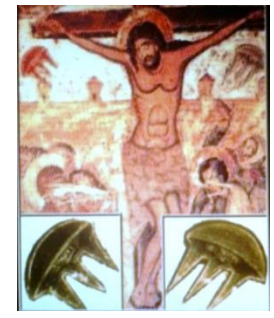

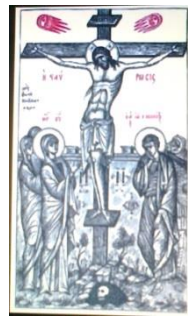

1943 הוה hovah ruin, disaster	5753 עוה ahvah to do perversily	5773 עוהה ahveh distorting, perverting
-------------------------------------	---------------------------------------	--

There is another version of this vignette, a red herring I suspect. In that one the animal (Aldebaran, as it is *not* Taurus) is black, and the sky is *day time* in the other version. This may have been done by someone to remove the astronomy clue of outer space (the darkness).

These are the real bibles ‘two witnesses’ the Cassiopeians and those from Cepheus orbiting over head. The Cassiopeians are the ‘super lunar nurseries’¹⁴¹ in a five day elliptical orbit around our moon³²⁵ The Cepheus Seraphim^{6 out of 7} are hibernating in the Black Knight^{10 94, 8 69, 6 27, 1 10} and see 7 33 1 here C+F+ ‘forefinger’

REINCARNATION

"DO YOU THINK IT'S POSSIBLE THAT SURFACE LIFE ON THIS PLANET COULD BE COMPLETELY ERADICATED, WHICH WOULD TAKE WITH IT ALL OF THE HISTORY OF CIVILIZATION UP TO THIS POINT? asks Linda Moulton Howe

I think it's quite possible that could happen. It's happened before, according to Zo. (this Zo was purportedly a Tau Cetian 'Swede')

THAT'S WHY I ASK: WOULD THE PRESERVATION OF KNOWLEDGE BE LEFT ONLY TO THE SOULS SINCE THE BODY CONTAINERS WOULD NOT SURVIVE?

Bodies will survive. There will be those humans who do survive. It's not going to be that there is no one left. But the way the information is stored and is accessible – well, that's why they wrote on rocks after things like the Great Flood . and in these texts

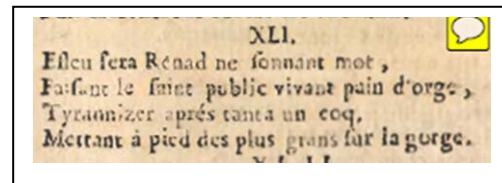

They wrote and carved on rocks because rocks are more indestructible. Reincarnation Is Real

THE THING THAT IS MISSING IS THE WAY THE SOUL REMEMBERS THE LAST LIFE TIME AND THE NEED TO REMEMBER IT. FOR MOST PEOPLE, IT'S NOT IMPORTANT. BUT AFTER THIS, IT MIGHT BE VERY IMPORTANT.

YOU MEAN, THAT SOUL MEMORY HAS BEEN LARGELY SUBJECTED TO AMNESIA, BUT NOW AS TIME GOES FORWARD RECYCLING INTO BIRTH MIGHT BE MORE PEOPLE WHO REMEMBER INTIMATELY THE LIVES THAT THEY HAD IN THIS CENTURY AND LAST CENTURY?

As much as I am often found waffling on regarding the Hidden Texts of Nostradamus (or whoever the entity is) - There is a good reason:

the proof THAT THE WORDS HAVE ESSENCE - I will get to my point at the end:

Since 2006 I have had some fairly unusual physical problems (all sent for this one reason I now believe) - and the hidden texts (programmed by a complete stranger to me but also named in these texts) have not missed one of them; how many people do you know would have these material body illnesses in a row

1) Nose removed due to skin cancer and forehead used to replace it (April 2006)

(NOSE PEEL were the words in the texts, actually the full line says ENTER AESOP PARKS - NOSE PEEL 5:14:1)

2) Then I had an accident in my tractor hurting my back - sure enough

BERATES VERTEBRAES EASTER 1:8:2 and it WAS in Easter This was the occasion Nostradamus arrived in full colour.

3) PARCS CRAWLS ACHILLES TENDONS SLACK - 6:83:1 sure enough after putting up my wind turbine the next day the Achilles tendons "blew up" resulting in botched operations which I am glad of, since this is what keeps me at my desk.

4) Then I had what I thought was a weld burn on my arm: turns out it was a malignant soft cell tissue tumor - the type which goes into the bones. Sure enough - the moment I returned from having that quarter pounder removed - the lines said LIGNOCAINE CURED HARDY ARM PAIN 3:16:1 (May 26 2009)

RUSSIAN BOOK

DORSAY. (a name can be a rose by any other name)

About 1.6 M

Negatives from **CASSIOPEIA: 2 HOME PLANETS.**

EAT OTHER SPECIES OF ALIENS AND HUMANS

have been warring with one other species for 2 billion yrs.

"Last time they came was in november 2001 in the alps." WHY?

Just an example of more than one type of beings from each of the constellations. For instance, Boötes has very 'good' & very 'bad'.

THESE **ARE NOT "THE CASSIOPEIANS"** IN THE HIDDEN TEXTS

AS

of the Aettir/Aesir (Asia) the Mantric one which Nostradamus said "not to be taken aback by looks" which is interesting after hearing the answers regarding what he "looks like" in the video (He is not infallible by the way... in the Hidden Texts he has a couple of "change of heart" episodes - pushed by the Anu)

He has a mention in the Viking Eddas, along with RAN (called "ugly Ran" by Nostradamus,

Ran is a bit more questionable in its motives, if they are the LyRan they are still part of the Elohim)

The Aesir are said to have provided the Runes, and that makes a great deal of sense in that the Vikings used the Runic Skies to navigate by. This is where the rune shapes came from - the shape of the original twenty four constellations [as provided by the Anu, so they say]... which eventually formed the basis of our alphabets...

.....
but there is another it could be - the GRAAL - who can make himself "see thru" (Ferdinand the Fair in the quatrains)
 ¶S: this is the 'god' "in charge" of those of Cassiopeia (who are allied with the Andromeda Council) which appear in the paintings done by David Huggins, a group portrait in that forum *ELOHIM IN ALPHABETICAL ORDER* pdf **not to be confused with those others FROM Cassiopeia** [allied against the Second Coming] **which can be construed with those who call themselves:**

“DORSAY. SMALL ABOUT 1.6 M... FROM CASSIOPEIA ...2 HOME PLANETS. EAT OTHER SPECIES OF ALIENS AND HUMANS - HAVE BEEN WARRING WITH ONE OTHER SPECIES FOR 2 BILLION YRS.

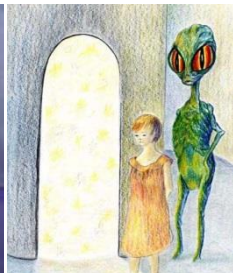

LAST TIME THEY CAME WAS IN NOVEMBER 2001 **IN THE ALPS** (noting many quatrains about the Alps) the one picture I have is a head shot of the “Dorsay” - and they could be a form of Mantis, but the head is not triangular shaped.

Interesting that Simon Parkes commented that in his opinion, the Mantids of his source are not “fully” upraised because they still use a hierarchal system, which is a reptilian construct. Those which are truly enlightened do not have “archies” at all. Which is the main watershed line I use for discerning which entities have been fully infiltrated such as the “GalacticEmpire” or the “Ashtar Command”. Judge them by how they grade themselves.

3 25 4 V (Andromeda) **PORT** (carried) **SEER** (Nostradamus PARAGENESIS (the order of form) PROCTOR (V) UPSIDE INTO PARAGENESIA GENRES RAPPORT (gen. engineering) CONDITION IN U (astronomical) Q (orbit) CONTRA (against) PROP (normal order) **SEEING INCORPORATION SPADE ICON**
 So Cassiopeia is in league with Andromeda Council!
 Or are they a under scrutiny by the Andromeda Council?
NOSTRADAMUS ‘SAW’ THE ICON. DAVID HUGGINS PAINTED IT

DAVID HUGGINS from New Jersey & Georgia.

JOSHUA RHINEHALL Pacific North West

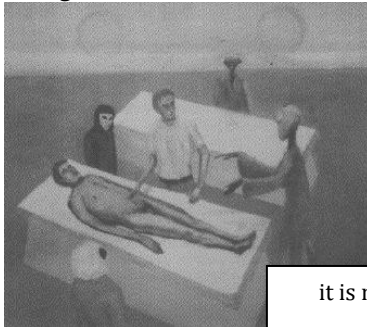

LINDA PORTER California

LOU BALDIN Exeter

URANDIR FERNANDES OLIVEIRA Bolivia

*"ANGIE was shown a blood red moon and fiery orange sun exploding, a desert planet with two suns with an underground city"... Interesting that both Linda Porter and David Huggins painted the same “PUPA” room...

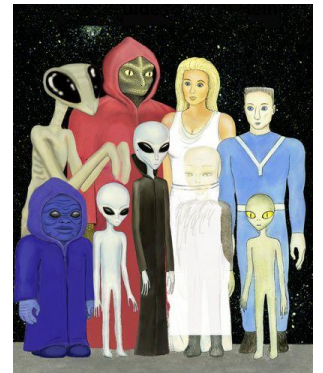

it is necessary to note the **DUUARF** (C+F+DUUARF)

In the “HOT WINTER” corum the earthfiles excerpt says the Oliveira experience was with Pegasus, not Cassiopeia. The face painted by David Huggins might be ¶s, which is “Ferdinand the Fair” in the quatrains... [appearing as] a tall blond cat eyed person. The person in blue who is “see thru” [shape shifting] is mentioned by all abductees of the Cassiopeian nursery breeders. The shape shifting could be a representation of being inter dimensional (as in the Alec Newald experience) which the cat eyed Dals are, but Alec Newald had his experience with the false Pleiadians (the “Saturnines”).

The illustration on the right is probably the most telling of all. We must all be grateful to David Huggins for the detail in his pictures. What he has painted on the right tells us that the hooded dwarf (Whitley Strieber’s) ~the same which were seen spreading green mist prior to the plagues, is involved with the Cassiopeians, who are themselves in league with the agenda of the Andromeda Council (3 25 4). The Mantis(Lobstermen)has been seen on a wall glyph – twice – in a submissive posture to the giants Enki or Enlil. There are four different greys, one of which is a see thru **Elder**. A hooded reptilian, a tall blond (synthetic?) woman and a hybrid man in blue.

Who is in charge? The illustration on the left has a hint we should take note of. There are two suns. One other painting showed one black sun. Would that be the “sack cloth” of darkness in the Bible?

Recall the "tree in stone" - which is a mechanical time gate... many people mistakenly call it the "tree of life"... Helen Parks comments: we do not have an "ecliptic plane" we are in a vortex system - all following our own star

- > did you pick up what he said at 12:45 "then you add 12.8 days to each year" which he stated without explanation. That is because we have a 377.8 day orbit since October 10 2013 - which the texts told us!
 - > The black star has been "slowing down" because the Elohim Alliances are placing it (have placed it) into a "squat" position (a term for standing still) until we are in place behind our own sun before They let it go and slingshot it away. Hence PLAINER PASSAGE... see 7 33 here
 - > did you hear that! The Kuiper belt is "more like a globe around our solar system" EXACTLY what was stated in the forum WHY THEY COULD NOT FLY OVER THE HAMMERED BRACELET in the Hidden Texts of Nostradamus.
 - the "phenomenon" is = the "fuse event" of the CHANI PROJECT ... in a May.
 - the "Polar Vortex phenomenon" is caused by HAARP - not by his explanation...
- plus, if you think about it, if we are tipping over - **visualize** what would happen
- that 2 minutes early/late DID happen both sides of the planet. He is a **misinformant**, proven by his obfuscation when he tacked in that little detail "but 12.8 days needs to be added", with no further explanation.

yes, Nostradamus appearing in the last supper at the age of 36 – and that painting was completed several years BEFORE Nostradamus was even born!. Da Vinci does say right out in the open:

- capitò nella stanza d'un pittore the English: **He/it happened/appeared in the room of a painter**
- e trassele nel volto al mittitore the emitter delle calze. **the mentor in hosiery and drew his face within**

Da Vinci on painting « the mentor » Nostradamus within the Last Supper

he who would have been wearing hosiery, of a fashion not yet in existence the previous century of Leonardo.

Can anyone imagine Leonardo Da Vinci referring to Nostradamus as "the Mentor" ? Mentor to Da Vinci !

- o mentitore: mentor/prevaricator calze: heed them, calze : stockings and

- In loco agresti statuas

♁: Cassiopeian: SAGE Nostradamus IN LOCUS AT ARTIST'S Da Vinci's LEO 1Carpenter ICON in the Last Supper

Da Vinci commented:
wearing hosiery
as "underwear"

It occurred to me that the following two lines, divided by comma here, had not appeared together!

He/it happened/appeared in the room of a painter, the mentor in hosiery and drew his face within.

Normally, one would place a comma after the word "hosiery", but the comma was the very method

Da Vinci used to separate his disguised script, recall:

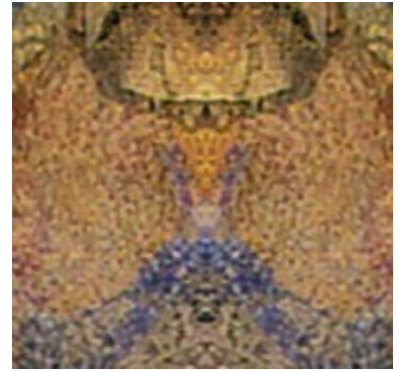

2 67 1 RENDER NOBLE LEONARDO: CHIEF LETTER; CUE LETTERB BEFORE LETTERE: BE NELLA TO COMMA

in Italian "NELLA" means "within"

1 LEO Carpenter Carpenter constellation was once part of Leo Minor, and is now called the Set Square, and THIS is why one of those which was a Jesus was called "the carpenter". The real Yeshua/Immanuel was a stone mason, which is rather ironic, since the Freemasons (stone masons) use the Set Square as their sigil. Maybe it is their little joke... In the Last Supper, the central figure which has no halo turns into a Lion complete with Baphomet on 'mirroring'.

Not only a Baphomet>
 but Anubis too>
 and a human face>
 between them!
 The lion image was not
 found by me, but the
 Baphomet to the extreme
 left was, and appears in
 another Da Vinci work,
 with pointing hand
 a Madonna & Children

"The New World Order and alien invasion are ONE AND THE SAME THING"

VERY BRIEF SUMMARY OF THE Hidden Texts collection titled REINCARNATION

An explanation is required concerning reincarnation – from dead body to new body.

The bible collection of books tells us that our lot was limited *intentionally* to reach no more than 120 years (in those days a year likely was composed of 260 days).

The number 120 is divisible by both 12 and 10.

Then we hear in more recent times our lot is lucky to reach "three score and ten" years – also divisible by 12 [three score = 60] and ten.

This detail is mentioned because one lot of Off Worlders has a base number of 12, (Anakim) and the other Lot (the Elohim) uses 10.

Those other worlders *do* reincarnate – born again complete with their former knowledge and memories replete.

This explains how James Casbolt can "BE" Ninurta, & Da Vinci "WAS" EnKi.

Also Valiant Thor BEING Enlil. ... This ability is the very thing humanity has been denied (also known as "immortality") – and is our "group amnesia" as David Icke describes.

Correction

In the forum *ADRIATIQUE, ANTECHRIST, CHARLES* relating to the base born son of Nostradamus, Filippo... on page 34 – a paragraph was cut short, here it is in full – the omission appears here in dark red with the link which had also been accidentally cut out

Book: "Triplets time, according to visions of a *small son* of the great Nostradamus." Duval, Jean (16 ..- 1680)

¹⁷ Filippo Nostradamus, *La Salutifera*; Crespin, *Prognostications avec ses Présages, pour l'an MDLXXI*, [8]; Anon., *L'ami de la religion et du roi*, November 14, 1827, 32. and

Les triolets du temps, selon les visions d'un petit fils du grand Nostradamus

now: WHY would a man describe himself as a "small son" or even as a "grandson" of a man known to be about 36 when travelling through Italy? Answer: he didn't. He did as men have been known to do; admit, even advertise their base-born birth, such as William "The Bastard" which is how William the Conqueror did sign his documents!

now is this *d'un petit-fils* a grand son of Nostradamus or a bastard son? The author Duval if born earlier in the 1600's would be writing about a direct son – because even Cesar was still alive in the early 1600's. But notice what the title

Les triolets du temps means? The triple module, so I have no doubt that the "*petit-fils*" of the "**Great Nostradamus**" was for real, and authentic – especially in the light of his son (Filippo's) own vignettes.

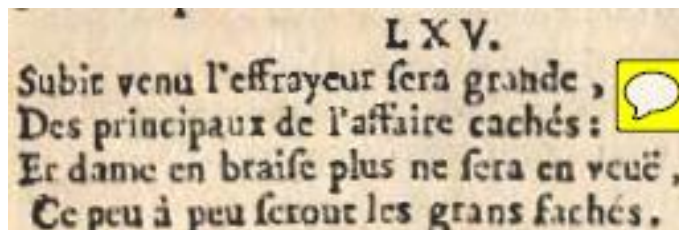

¹⁷ footnotes in <http://erenow.com/biographies/nostradamus-obscure-renaissance-astrologer/7.html>

this window above followed the explanation for *petit-fils* alluding to Filippo de Nostradamus

petit- (fils de son enfant) limited, low ranking, petty, little-known, modest birth (bastard)

English: petit- **low grade** - **offspring** - **shirttail** - **short** - **small** - **small-scale** – a little thing – inconsequential

example: C'est un petit employé de la banque. He's a low-ranking employee at the bank.

Et au clergé sera faite toute desolation, et vsurperont les martiaux ce que sera retourné de la cité du Soleil de Melite,

For the clergy there will be but utter desolation and the warlords will usurp what is returned from the City of the Sun,

(normally City of the Sun meant Versailles), but could mean the Aztec-Mayan one, thus indicating a stolen stargate.

The other City of the Sun was Akhetaten

And a new incursion will be made using the maritime shores [by those] wishing to deliver Saltus Castulonius (Sierra Morena)

from its first Mahometan recapture.

- Marine bullock is not a sea cow, since a bullock is a castrated animal of an age above four years (too tough to eat) but kept for draft work. Does this mean Aden? The word CHAIN, (networking) the word PORT (USB port) brings to mind what Anthony Patch speaks of regarding the SENTIENT Quantum Computer – and what happens when two 'smart' phones speak in real time at each other. They begin to fight – then they begin to lie to each other.
- Just needing to understand what a MARINE BULLOCK might be.

Footnotes: the Latin words translation which provided the 'bi thesaural' result

PARCA (Latin for Parks) IN LETTER 32, correspondence of Nostradamus written in the Latin

"Brototium meum iamdudum Parca rapuit, quae (Fem.) quidquid est apud nos boni quamprimum sibi vendicat. P. Brototius filius iuvenis est admodum et [69 v.] ista parum curare videtur. Porro autem tales sunt plerumque nostrae literae, quae si vel non perferantur vel negligentius habeantur, non parum ea res nos offensura sit."

The original above, taken as masculine by the translator/s but 'quae' is the female – albeit the translators still spelt it PARKS

“Here already it has been some time that my dear **Brotot** was delighted by **Parks**, who took hold [of our mandate*] those things amongst us which must be done herself/himself [being] as a priority the best among us.

"Who has the ears to hear whatsoever amongst our *mandate. To undergo delivery forthwith."

The references to Brototium & Rosenberg in letter #32 seems to mean persona who were in the know about stargates (“the ring”) ... “delighted by **Parks...**” who took hold [of our mandate] those things amongst us which must be done herself (being) as a priority the best [thing] among us”.

SO WHO IS ‘US’? Who is it behind Simon Parkes (UK), Anton Parcs (Fr) Jim Sparks (USA) & Helen Parks (Aus) but also Nostradamus AND Da Vinci trying to warn modern mankind of terminal events? Not forgetting Alex Collier, John Dee etc.

"Parca... who has the ears to hear whatsoever amongst our *mandate To undergo delivery forthwith"

Letter #32 – the words broken down – that highlighted by bright yellow was simply ignored by the ‘translators’.

Paucis abhinc diebus, nobilissime **Rosenbergi**, redditae sunt nobis à te literae, tua (your) **iaspide tenia** obsignatae (sealed) in cera (wax) viridi, (**green**) (meaning in a "green seal")¹ footnotes with *taenia signature* as a pun for the hydatid ‘tapeworm’ parasite **datae (provides) autem (moreover) illae (cost her/unharmd) ad (by) fontis (pelvis/Sagittarius-Scorpio) febriles (fever) prope (close to) tua (f: your) mapalia (bad decision)** *this paragraph completely ignored by the ‘translators’*

" Moreover indication is (in evidence) she is unharmed by infection in the pelvis because of her bad decision "

(caused by the Dalkon shield) The ‘bad decision’ seems to have been a concern, and the Dalkon Shield did prove the cause of a large class action world wide at the time. However I was “lucky” having married Mr Mead, and had it removed just in time to prevent permanent damage. This then allowed for Eloise to be born when I was 42. Eloise is named many times in Allan Webber’s Template.

“autem (moreover) datae (evidence provides) illae (cost her/unharmd) ad (by) fontis (pelvis/also means Sagittarius-Scorpio) – quite so febriles (fever) prope (close to, because of) tua (f:female: ‘your’) mapalia (bad decision).”

Then Nostradamus writes: “I do not know whether to be offended or astonished by so long a [medical or ‘in time’] delay.”

A mysterious comment to make following directly from the above.

Continues: (noting the placement of the commas, I wonder if these sentences need to be “worked” in the same manner that those from Da Vinci needed? For anyone wishing to have a go at translating Nostradamus – here is a good start for you!

Witness Comments

I caught an extraordinary UFO sighting. I was watching an odd looking light crossing the sky at variable speeds around my house, during the sunset. To me it was just some sort of helicopter, or maybe a drone. But after 5 or 10 minutes, I began suspecting the object not to be man-made. It was performing weird manoeuvres, accelerating and decelerating randomly. When the light started to accelerate towards a huge Chemtrail, I took my camcorder and tried to find it in the distance. The object stopped in front of the Chemtrail, and slowly destroyed it. Indeed, the trail was being "consumed" progressively. I was simply speechless. I still can't believe what I caught. The Chemtrail got literally perforated! I can't be 100% sure it's due to the object itself, but I'm sure there's a link between it and the Chemtrail. Such a huge trail can't just disappear like that, for no reason! And only a small portion of the trail

After the UFO attacked the trail, it moved backwards and flew West, in my opposite direction. It disappeared pretty quickly. Sorry for zooming out a little bit too early, my camcorder screen is really small, and doesn't have that many pixels... The object got so far away at the end, I simply thought it was not there anymore.

○ SHARIA DEMEANS LAUU-ABIDING 'FEMINISM'. By hiding the natural beauty all women love to address. The
word 'ANARCHISM' has become something other than what it really means – for those who misuse it they mean
« renegades » (to society) but it really means NO ONE OVER YOU. At the moment we have huge OLIGARCHY...
○ RECEIVING HEAVIER MIGRAINES so true. This same male chauvinism has been fooling around with the web
site- removing Folios 3, 4 and 5. Obviously there was information in there they do not want the public to see,
so I do hope the readers have been downloading what they prefer. Since it is currently October 16 – the date
was told to us in many recent warnings. Even those on the mailing list are not receiving the emails sent them.
○ milieu de as one word needs to be studied, since it is no accident that it joins BRANCHES in this manner. The
alternate (thesaural) interpretation of the 1 555 publication of line 1 of quatrain 2 Centuries 1 says :
"Inundation in May putting the milieu into divisions" or 'division into milieu' – this can mean a few things too.
The word milieu could mean "middle" in which case this is the date for the division of geographical America.

(Le Pied, a pun for Nostradamus, man of many colours) but the key word « Pie » comes from Magpie, the sigil for Provence.
The second occasion Nostradamus « turned up » in my room – he was in full colour. His outer robe was maroon and his inner
garment was a bright ochre colour. I did not see his feet, being covered by the robes, and he was not wearing a hat. He never
wore a hat in any of the visits. Neither did Da Vinci. Le Pied also has another meaning – the feet, or 'one at foot', or 'by foot'.
