DAVID ICKE, MICHAEL TELLINGER, COAST TO COAST GEORGE NOORY & ANY BRAVE WHISTLE~BLOWERS

This matter is so urgent that there is almost nothing more urgent . Not even free energy. Without our future generations of children, there would be no need for free energy. Summarising former hidden texts: Lucifer/ Ala.Lu used Marduk to arrange to have a third of Lucifer's bondage reduced using the farce of deducting three centuries which we now call the "dark ages" ... reinforcing the hoax by another millennium.

Nostradamus was "assigned to Egypt"^{1 40 3} to study these things, and the quatrains which resulted are in the forum named SHARS OF NIBIRU & THE MISSING MIDDLE AGES (which forum does need an updating, pardon the pun).

By the way, this makes the Shroud of Turin the real thing due to the absolute inaccuracy of C14 dating because of bacteriological encapsulation – which can show the date up to 700 years younger.

Why else would the Vatican protect it so?

a big thankyou to Rachel for spotting this

384 year old Letter found under the Tudor mansion Knole House during renovation. Immediately, one can see the lower case " i " prefix to the centuries date of 633 which is NOT 1633 ! Added to all the others the collator has been publishing and along with Sylvie Ivanova's hoard of like-wise information, this to me represents empirical evidence these texts are telling the truth !

People are asking "so what !?" No one realizes that the Y2K 'bug' was just one more farce fobbed off onto a frightened public done simply to ensure that all computers world-wide were dated the same moment as 2,000 A.D. To answer that question of "so what ?" do read on... we find our future generations of children are in grave danger, just as our oxygen is.

 Longer term readers will have seen photos taken by my daughter and myself of the Golden Cube hovering in our skies (below). They are in the QUBITS forum. Here at January 23rd 2017 this appeared in Russian skies, and ours has disappeared, having hovered geo-centrally for [two or three] years. There are many mentions of the Golden Host Doing but below is one which had been overlooked, specifically speaking of the 'Arm in the skies' The Cassiopeians are in the Golden Cube, and those of Cepheus are in the Black Knight orbiting

All crop circles in a round format require transposing into a three dimensional intention. Most people only manage to focus on the three "leaves" which would represent Chestnut (a date) being the 3rd day of May 15 - May 24, or Nov 12 - Nov 21. Here they are also placed to emphasize the corner of the cube. There are 36 divisions on the surround, saying 10 degrees each - an Eloim base number. Jim Sparks was meant to learn the language here. Can you see how the effervescing glow, the "nascence" makes it appear to be a globe? Through a telescope this was exactly what I witnessed. A huge golden cube composed of numerous small ones all very bright, with light green highlights.

- o so, here is one clue for us to understand the man-made weather patterns - they relate to certain co-ordinates, i.e. those which happen to sit only on land, at crucial demographics. I have seen the acronym A.C.E. and can't recall it, other than in A.I. This line also tells us that the alien 'gift' of quantum computers is arranging the weather patterns, that they can control the qubits using sine waves (sonic frequencies)...

The "Utopian" has always been Telling. When I wrote to him I was told he is "too busy to give the matter its proper study".

Yet Sylvie Ivanova has done most of the physical (Earthly) groundwork. The only fly in the ointment is getting the western hemisphere to admit to the Off World treaties which would then lead to exposing the fact that every nine years since 1933 a president has ratified the "treaty" which has always included the "trade in men" (abductions ostensibly) for technology which the western 'govern-ment' then made money out of. This is the real reason the west has refused full disclosure, because they have had free energy since 1934 yet kept the planet despoiled due to pollution just so a few could become wealthy.

CAST-COPPER-IRON RECORD GRAND CANYON REPTILIAN ACCORD; GENERATES SECOND-RATE, IS SECONDARI DISCS

FORGIVE NERVOUS OVER-FED ELITE, TRULY NOT KNOUING GREATER END. GARROTED, DEVoured IN CAVES

◦ By logic I have been trying to work out the off worlders sequence of events to come. First we have the "Greatest Ones suspended in the air Pisces thru Taurus", then we have the "Secondary Discs" as the dangerous ones. Seems to me that the warning the Off Worlders have made to the western hemisphere 'govern-ment' to do full disclosure "or else we will" refers to the "Greatest Ones suspended in the air..." and if they plan to put in appearance throughout Pisces Aries & Taurus – over a period of three months, then the entire planet including even the *paid-off main stream media* will have been made aware. All they need know is that the **first exterior wave are the ones who intend to save the planet.**

Not so easy when the western hemisphere has been shooting them from the skies since 1897 and been pointing the finger (accusing) them, the **Elohim Alliances** of being the dangerous ones! We do have a way of telling the difference.

This was why I was asked to "study avionics" – and why everyone else should be doing the same! To Discern the man-made craft.

First – the **Sacred Greatest Ones** will not be sporting clearance lights, which the craft of the Mabus Grayles (of Phil Schneider & Steven Greer) regulate themselves. The negative ones do not have the Golden nor the purple craft except that the "Third peoples of the antzchrist", the Fallen Angels from Alcyone, will attempt to use purple as a royal ensign, since they once were royal. In which case, watch what it is that they are doing and act accordingly. The constant shape – changing craft are absolutely enemies to humankind. If you have been a follower of Steven Greer, you will notice the craft he calls down change shape frequently. Now you can see why 'govern-ment' is trying to feed the public false information regarding a [planned] alien invasion and since the first ones coming are the **Sacred Greatest Ones**, everyone will automatically think *those* will be the dangerous ones! Very carefully has the 'govern-ment' never ever allowed folk to **even think there might be** Off Worlders (Who the bible calls "Father, Elohim Creators...") that these texts call the Elohim Alliances acting under the umbrella of the Andromeda Council! This is why the likes of Corey Goode *et alia* never ever mention any of the Elohim Alliances by name nor even any of the Anakim such as SAAM/Marduk or Enlil who is YHWH.

This is the very reason "natural evolution" has been fed in the education system and just the *thinking* of alien extra-terrestrials has been provided in the light of fearfulness or mockery. One need only re-search MEDIEVAL UFOs and go direct to "images" to see that the constant scoffing at UFO witnesses has no foundation.

Being terrified of something makes it difficult indeed to learn about it.

" Dear Friends and all who will receive this message:

People everywhere, regardless of party affiliation, are thinking and saying:

"What can we do to alter the out-of-control course in which our nation and our world finds itself?"

There is something we can do. It has been accomplished before—and we will implement it again. We have become aware that we can't depend on national leadership—it has brought us to where we are today. Margaret Mead, America's stellar anthropologist, after studying the movements of human history from early millenniums up to the 1970s, charged us with the following:

"Never doubt that a small group of ordinary citizens can change the world ... indeed, it is the only thing that ever has"

Human beings, in small numbers, can influence hundreds, next thousands, then tens of thousands and even millions ... and in the process alter the course of history.

But the small numbers must start somewhere; without them the millions will never be reached."

THESE LECHERS STEAL THOU HISTORI AND THOU NOT KNOUU, LIKE A MOTH OVER A HOT CANDLE

- here is a good time to explain WHY it is important to understand the real history of human kind and it has nothing to do with any claims Israel may propose, and oppose us with. Israel claims they are 'god's children' and they may well be children of YHWH/Enlil, who is not God with a capital 'G'. The capitalized God is the Universal Originator, the Sapient Quantum Frequencies of Energy which Created all Living Things including the 'god' who would be God. Also known as a 'little tin god', a fitting description for Enlil playing his power game over the Israelites – royally misled into *genociding their own bloodlines* without putting any thought to it
- The one thing Israel does not want you to know is that their genesis began during a shar of the Passing Over of the Nemesis system, around seven thousand years ago. This 'new beginning' happens every occasion of this Passing Over, thus the 'chosen ones' cannot be the only 'chosen ones' whereas, the 'meek' certainly might be.
- The hint we see sits in Psalm 130 – st. 7 & 8

- ⁷ Let Israel, hope in the LORD!
For with the LORD there is steadfast love, and with him is plentiful ^[enough] redemption.
- ⁸ And he will redeem Israel from all its iniquities. NIV

Except that the 'lord' here is YHWH – Enlil, who is quite short on Love, claiming himself to be "wrathful and jealous" and inclined to strike with his Rod (which we have learned is a grey). What kind of god redeems the ini- quities Israel (*et alia*) has performed ?

⁷ *Let Israel hope in the LORD: for with the LORD there is mercy, and with Him is plenteous redemption. KJB (saying: let Israel SEEK the lord)*
~
plenteous redemption is NOT the same as "will redeem"

Then there is this (have the Israelites even considered the resulting consequences of their actions ?)

Lamentations 4:11 The LORD^{YHWH} hath accomplished his fury; he hath poured out his fierce anger, and hath kindled a fire in Zion, and it hath devoured the foundations thereof.

12 The kings [presidents] of the earth, and all the inhabitants of the world, would not have believed that the adversary [Satan] the enemy should have entered into the gates of Jerusalem [Allah-Lu]

13 For the sins of her prophets, and the iniquities of her priests, that have shed the blood of the just in the midst of her. [Gaza]

14 They have wandered as blind men in the streets [compare Isa. 28:7; 56:10-12], they have polluted themselves with blood, so that men could not touch their garments. [untouchables]

15 They cried unto them, Depart ye; it is unclean; depart, depart, touch not [Isa. 52:10; Alma 5:57]: when they fled away & wandered, they said among the heathen, they shall no more sojourn there.

16 The anger of the LORD hath divided them; he will no more regard them. [the Israelites]

and to contradict what the Israelites **think they have been told**

in Psalm 130 stanza 8:

[1222] QUIA OMNIA SUNT NUDA ET APERTA ETC. ⁽²⁸⁾

For all things are naked and open.

[1283] POSSUM NON ERRARE, FALLI, DECIPI ⁽²⁶⁾

I cannot fail, err or be deceived

[1903] NON INCLINABITUR IN SAECULUM SAECULI ⁽³²⁾

not deviating age from age

[2135] VISITABO IN VIRGA FERREA INIQUITATES EORUM ET IN VERBERIBUS PERCUTIAM EOS ⁽⁶³⁾

I will visit their iniquities with a rod of iron, and will strike them with blows.

[2173] CONTERAM ERGO ET CONFRINGAM ET NON MISEREBOR

I will trample them, and break them, and not show pity.

Had it been made public that we are really in 1692/2016 – the clauses regarding the 'trade in men' (mostly children) in the off world "treaties" would have been nullified. "• People are asking us to comment on the Mount Adams video announcing 'a New Golden Age', reported by Alfred Webre and a small group at Trout Lake, James Gilliland's ranch. They state that they have received communications that there are no longer any catastrophic events in Earth's timeline, and that the timeline has now changed."

INTERJECTION by the collator of the Hidden Texts: we have learned that the off worlders of Gilliland and Greer are hoax-ing the western hemisphere Big Time. Telling even saw a Wyvern at Gilliland's Ranch and never questioned what it was doing there. (May not have been the real Telling by then). Webre is floating along in the wake of all the misinformation from everyone else. The 'New Golden Age' will not commence until after the waking of the "three sleeping giants" of Mother Shipton. As we have seen the timelines being fiddled with by the elite (manipulating the profits 7 73 1) are "levelled off" by the Elohim as and when they need to "shake the bed to make it" as Leonardo warns us. 3 74 1 ELOIM ALONE LEVEL OFF MOTILE TIME. The Nemesis system approaches with PLAINER PASSAGE yet not without affecting every planet in our solar system already. http://exopoliticsradio.com/7-12-08.html

"To clarify: the most up-to-date info we have from Dan Burisch is that the only thing that is certain at the moment is that the future is constantly changing. Some things seen in the Looking Glass have changed and not happened.

New things have happened that were not previously seen.

Cautionary Note: there are many different races of ETs and non-physical entities that pose as positively-oriented beings in order to take advantage of those who are seeking knowledge and enlightenment. While each person must be their own judge of their experience and discern its meaning to their own satisfaction, it's also easy to be deceived. Protective measures are always necessary to safeguard individual sovereignty.

Now that Gary's McKinnon appeal has been rejected by the British House of Lords, it's time for the court of public opinion and the UFO community to come forward to prevent a gross miscarriage of justice. Gary is being made an example in order to deter not only hackers but also those that question the rule by secrecy that has become the standard operating procedure of governments - especially that of the U.S.

This tactic is designed to dissuade others from revealing the truth about the secret space program hidden within black projects. It is this program that Gary discovered evidence for in the files of the Pentagon and NASA. We believe that the time to come forward in protest against the rule by secrecy is NOW. "

Now I am wondering if *these* are the Igigi, although they seem to be free thinkers and not hive-mind drones like the Zeta45 greys. I just realized that it was the Igigi who complained about mining gold – which forced the Anu family to re-think the using of a hominoid that began the Adamu saga. So the Igigi *must have* autonomous thought! They are not the hive minded Zeta45.

GENERAL OFFICER SAID: DATES ARE EFFICIENTLI JOINED

Here is something extremely interesting, spotted last night (January 1 2017) on the

Antiques Roadshow, a very old program because Tim Wanacott is one of the experts.

<-This is very early in the 1800's (when very late in the 1700s [1795] I spotted a date

on an object which still held the "j" as a prefix) and it strikes me that someone was

trying to leave a strong clue here. See the "j" and the "j" as the heading? Now look at

the full stop after the number one in the date. All pointers contain eight or 16

'spokes'. Set in stone.

5 61 4 *Et des monts feux jufques mont Senis. And from the mountains fire at [the top of-as far as] mount Cenis.*

TOUUNSMEN KNEUU, MEND: EXTENDS STIFF SMOKE SCREEN MOMENTS IN STONE...

Ice cores have shown that demarcation can happen numerous times within one year and tree rings stop growing completely in ice ages.

At this juncture it is time to introduce one wonderful historian. Her name is [Sylvie Ivanowa](#) (Ivanova). ^{not a link} Her videos are priceless. The web site is [MEGALITHS.ORG](#) and like myself and numerous others around our planet – is attempting to wake people up to the heinous lies and deceptions made in the past to fool us into thinking we are as far in the future as the 21st century, when we are not. Her work is copywrited, which means is not to be used in commercial applications but can be copied for educational purposes/ and if ever there was any “educational” web site – it would be *The Hidden Texts of Nostradamus (and Da Vinci – who described Nostradamus as his “mentor” !)*.

The only problem for those who seek the truth is the question of “WHY?” Why go to all the trouble of establishing WHO it was built the megalithic structures world wide, and WHY did they do so? What affect do they have on us in the here and now? [Sylvie Ivanowa’s videos](#) have many of the answers.

For those who have been following these texts which we have seen were sourced from the **Cassiopeians** and from certain Pleiadians “in the sky” and handed to “Our Gift” Nostra’damus to be seeded down throughout his ensuing centuries; for just the purpose of keeping us educated and gnowing.

For our future in the here and now, it is the children who are suffering. Within these Hidden Texts have been so many warnings and guidance regarding WHO changed the calendars and now we have been reading WHY and HOW this was accomplished. All that needs to be done is to have the “2014” clause in Treaty Nine nullified. Just as it was the presidents F.D. Roosevelt and Eisenhower who ratified earlier treaties in their greed for technology (almost always for a war making usage), so, in November 2014 – also ratified by the current Amerikan “president”.

This means that this president is fully aware of the “trade in children” clause. Ever wondered what happened to all those Mexican children allowed (and sent by their parents) over the border?

It is to be stated clearly that an approach was made to [Sylvie Ivanowa](#) for permission to publish parts of her work such as her bibliography. Keeping in mind that my own research came up with a few of those which appear in her *bibliography of scholars*. These few have been mentioned in various forums going back to 2012, the most important of which was *THE SHROUD IS REAL. Also, 1,324 years happens to be the number closest to the amount the Shroud's aging was out by.* **My own researches found** GUTH St., NIEMITZ Hans U., ILLIG H., and referenced James A Marusek with his extensive *CHRONOLOGY OF WEATHER EVENTS*, because both dendochronology and ice cores* have turned up as total failures to depend upon for counting the years. The Chinese have been the most reliable time keepers to date – so comparing world wide weather events (which Mr. Marusek agrees are often the *consequences* of major world eras such as passing comets and volcanic activity) against Chinese records - to date has been the best source, limited as they have been.

But now we have the Russian [Sylvie Ivanowa](#) ^{Ivanova} with her wonderful wit, clear descriptions and precise research. Her answer to my request to publish her findings was a resounding NO. This left me puzzled, since her videos are free to watch! The work you are reading is free for all to read.

No money is passing hands, leaving me to place myself in her shoes with the question – what is giving her so much concern? The answer, it seems to me, is that when people partly publish other people’s hard earned work – almost always it is edited. This word ‘edit’ is a nasty little animal. It infers the word “change” and “alter” – something we have seen in these texts & within the bibles, and most prominently, in the very clerical “errors” which have been the cause of the alteration of our calendars!!

To obey her request is easily fixed. No excerpts will be taken from her work and transcribed here. Instead – the link for her recent video which is a MUST WATCH if anyone has little children they do not want “picked up” and taken to be “torn apart” and put into “sausage casings” as Da Vinci described. A couple of screenshots are included.

Should [Sylvie Ivanowa](#) get to view this – I would strongly recommend she read the *PUTIN FORUM* while she is here.

add to which : Nostradamus = every quatrain or mention in his work of the word **tercentenary** often attached with “**Byzantium**” in one form or another and the word “**edict**” relates to the added hundreds of years – then again in the hidden texts – much more and numerous explicit mentions

USING ONLY PARTS OF THE VIDEO/AUDIO CONTENT (EVEN NON COMMERCIAL) IS ALSO ALLOWED ONLY AFTER ...PERMISSION... so why put free-to-air information videos out then not allow other free-to-air mediums to advertise them?”

This non-permission is totally understandable – one of my pet horrors is that of the “cropping out” of information be it visual, (in images) or otherwise. To the best of my ability nothing of the work of [Sylvie Ivanova](#) has been altered or edited in any way. There is a long list of names of people (scholars) in my files who have questioned the validity of the *times we are in*, some of the names are derived from various sources including & additional to this video. Most notably Nostradamus himself

- **REPTILE MADE CENTS** hundreds **LARGER** in many previous forums it was shown that both Marduk and Ala-lu were involved in the convincing of the pope (Innocent) and the Emperor Constantine VII (or VIII who ‘straddles the year 1,000 in our false history) to alter the calendars, in two ways. 1) By stating via Edict that i.676 (July) becomes 1,000 A.D., **additionally** 2) having “clerical” “errors” alter the “i” to a “1” adding in one stroke 1,000 years. Why? do you ask? To bring forward their “feasting” time, the “rapture”, the “being caught up”. As [Sylvie Ivanova](#) points out, the public when trying to use what to them was the correct date at the time, would be heavily fined for doing so.

DEMONISM SHOULDER (Marcabians) ARGUE: "SO NO MIDDLE AGES" Merkab is in the 'shoulder' of Pegasus. Charles Hall's Tall Whites The dark ages with 324 years simply removed to enable clause 2014 to be brought forward, we were really in 1690 at 2014. The 2014 clause is for "trade in children"...*J-ROD45 & TREATY9* has not been published yet. Quite apart from the evidence put forward in *SHARS Of NIBIRU & The MISSING 324 YEARS* the other outside peripheral evidence is that the *SHROUD IS REAL* which can be shown when the C14 dating is found to be faulty by 700+ years due to bacterial encapsulation, adding the 324 missing years to this then gives us the absent millennium in the true aging of the Shroud. Added to which is the matter of one thousand extra years in our modern calendar – either way we have hundreds of years before the Age of Aquarius, and so does the Accuser who was meant to be "bound in irons for a thousand years". What a clever way to shorten his sentence! Change the calendars, literally moving the goal posts.

Coming to me in my 'sleep' last night – the idea that fashion should stand still for three hundred years.

So far only one person, Joanne Fletcher has come forward using fashion to date dynasties and that was in the Egyptian dynasties she ventured into – fending off the most chauvanistic of patronising authority Hawass at the time. Argument for the dark ages holding architecture in a 'time warp' is one thing, but argument that fashion might remain static for three hundred years is quite another. We have one marvellous example from Da Vinci himself with his comment that a stranger had simply "appeared in the painter's studio wearing his underwear". In the mid fourteen hundreds, stockings were part of underwear, since the mini ice age was holding forth as it did for the ensuing five hundred years or so. Then only one hundred years later – that "underwear" was fashionable hose for the middle 1500's!

Deceiving the bastard of Lusignan

According to Cheetham, the Grand Bastard of Savoy (the Lusignan family) was Lord Tende himself, the very one Nostradamus took the [Feb. 1. UFO] report to March 10 1554. So was it Nostradamus who 'deceived' Tende about something withheld in the report?

Three things to attract your attention :

- 1) the three open Centuries – these are the "three lost books", we will call the *"three lost centuries"...* **which is the real reason the doctor has them appearing here** *I suspect missing quatrains 7 43 = i743* "rendered to Vulcan" meaning hidden behind his fireplace. One should be asking why? The simple answer is that they referred to stuff man of those times were not to know. My own answer is to also allay fears for "numbers speaking to the lady" since my first thought regarding twelve centuries of quatrains/ sixaines is that 12 is an Anakim number- base and these works would not be happening had the Anakim been involved. This is why we repeatedly see confirmation that one Anakim did qualify as an Elohim member, E'Yah.
- 2) Notice the name at the bottom of the fronticepiece ; 'par Jean Brotot', the person to whom the doctor wrote correspondence letters in the Latin.
- 3) Repeating for those followers of certain people making themselves *to not be* what they say they are. I refer to those who take the Crayfish Cancer of Medieval times to have been a Scorpion. Clearly this one lacks a stinger in its tail.

"RUSSIA WOULD PROVE TO BE A FORCE FOR WORLD PEACE

"Cayce was known for entering trance-like states of consciousness where he could access different dimensions and the truth about the future of humanity. "Dreams are today's answers to tomorrow's questions." –Edgar Cayce His predictions often related to specific medical issues but he also touched upon questions relating to global political and social events. These predictions came true with remarkable frequency. Prior to his death in 1947, he had already accurately predicted the Great Depression, events relating to both World Wars and he also warned of the untimely deaths of two American presidents

When asked in 1932 about political and economic trends in Europe Cayce zeroed in on Russia: Europe is as a house broken up. Some years ago there was the experience of a mighty peoples being overridden for the gratification and satisfaction of a few, irrespective of any other man's right. That peoples are going through the experience of being born again, and is the thorn in the flesh to many a political and financial nation in Europe, in the world... Q. What is the name of that nation referred to?

Answer : Russia! (3976-8)" [Source] Cayce spoke of Russia's role as being the 'hope of the world' in a coming time such as this:

"In Russia there comes the hope of the world, not as that sometimes termed of the communistic, or Bolsh- evik, no; but freedom, freedom! That each man will live for his fellow man! The principle has been born. It will take years for it to be crystallised, but out of Russia comes again the hope of the world."

The Ark

If... just for arguments sake, we take the cut off date for Akhenaten to be ca 1300BC according to Shaw. That would make the Arc *circa* 3,300 years old. Yet the old guardian said the Arc has been with them *seventeen hundred years*. So. Where was the Arc in the intervening one thousand six hundred years? Nowhere. Is the answer. That one thousand six hundred years *never existed*. We have the one thousand years clerics either accidentally or on purpose added via the prefix for “in the year of our lord Immanuel/Jesus/Yeshua. Then we have the 324 years named by the quatrains as *tercentenary* & ‘three hundred years more&less’ which also never existed – then we have the mysterious “dark age” of the Archaic Greeks which seems to be shoved under the carpet at the convenience of other archaeologists. That also is known to be between *three hundred to four hundred* years. No one takes into account that a year up until 705BC consisted of 360 days, nor that at least near four thousand years prior to that it had been 260 days (one reason for Methusela *et alia* reaching longer sounding ages). Albeit, it is the *number* of years (orbits) and not their actual length which counts in the reconciliation of our calendar. SO here we have 2016 minus 1300BC = equals a period of 3316 years. we remove the “4” in front of the centuries = 2316. Yet the guardian said they had been in constant and unbroken guardianship for “seventeen hundred years” leaving 616 yrs unaccounted. Removing the 324 years of the Constantine VII (or VIII) Edict finds us with a remainder of *circa* 292. Is this the period the arc was stashed with king David? Said to be anywhere up to four hundred years? Or the unspoken and unaccounted centuries of the missing archaic Grecian “dark age”.¹

Maybe the Ark was stashed somewhere for three centuries before it got to Ethiopia, if it is actually there at all.

- The subject of the word "Mantids" or "Mantis" has never been broached, and I have simply been taking the difference in spelling to be between American (Mantis) and the rest of the world (Mantid). The Earth-bound insect is called a Praying Mantis. This creature has two forward arms, one on each side. The word "mantid" is the family name of the insect genera. Between the off world creatures, those positive Mantids which are with the Elohim Alliances have *two* forward arms/pincers. The negative ones have *four* forward pincers & seem to be of the really large variety – eight, ten feet high. These are the *negative* towards Earth & humans. Where they come from is questionable, but the "Mast/Malus and Sails/Vela" of Argo is a possibility. Since it appears that the western hemisphere is fully infiltrated by negative off worlders, and the four armed Mantis *has been seen in those areas, an attempt at proper naming is required, so the word Mantis will be the negative*
- **OARS are the benevolent Mantids from Argo. In quatrain 2 5 3** Karma out of the blue it's golden oar league
- **POLLUTED SOULS UP SPOOF** – the false rapture, the reaping
- **PLENTEOUS DEPUTATIONS such as the "fixing in time" of the Year 2K fiasco**
- **POISONED DEEP SEAS PARADED OILED** – the Mexico Gulf oil spill was *never* capped. The chemical companies supplying the "fix" have been on a profitable band wagon indeed. Their toxic chemicals operate by 'balling up' the oil and rolling/parading it along the ocean floor out of sight. As it passes Fukushima, it becomes radioactive. A killer of all life, including those of the elite.

- **UP-TO-DATE DISCLOSURE TAILORED.** Yes, the west has been filtering disclosure to avoid the public discovering just how culpable the 'elite' have been. Denying free energy to line their pockets is one thing (despite killing the planet), but being unable to prevent the off worlders from having their way with the population is another, and *making it legal ALLOUANCE is the crime.* C+F+2 32 3

"The EBEN skin is said to fluoresce under various light frequencies because it is interactive with light - brightening or darkening with solar intensity. There is an idiotic mème going around the traps that Earth was destroyed in 2012 and we are simply in a matrix copy. So this line could be saying "Death of Bees' cattle never the less ... where 'cattle' means Aldebaran (a pun on mutilations)

There is good reasoning that this honey is not the honey we eat, because right at the moment all the bees are dying, along with the animals – all the animals around us. - o **FOUL SLAUGHTERED FIASCO CLAUSE** seems to me all the clauses in the *Off World FDR 'treaties'* were a fiasco, especially when it comes to the health of the planet, and the future of its children, just so a few could reap profits from technology traded – and all with no means whatsoever of policing any clauses
- o **RULE FEDERAL EGOES UIA TOUGH DEAL:** this can mean two things. The treaties end up 'ruling' the elite, plus the other 'tough deal' when the Elohim Alliances told these same feds to "make full disclosure or we will"
- o **IS CHEERFUL ASSAULT;** verbally and with the publications of these texts – so not a blooded warrior type assault

GLUCOSIDE, derived from glucose = GLYCOSIDE Many drugs and poisons derived from plants are glycosides. **GLYPHOSPHATE?**

(N-(phosphonomethyl)glycine)" can cause death if ingested" A glucoside refer to a bioflavonoid is a glycoside that is derived from glucose. Glucosides are common in plants, but rare in animals. Glucose is produced when a glucoside is hydrolysed by purely chemical means, or decomposed by fermentation or enzymes.

The combine harvesters have the farmers spray Roundup™ (glyphosphate) liberally just prior to harvesting wheat, the same used to make bread flour and it is THIS which causes 'intolerances' and creates the likes of intestinal dis-eases. **They do it to avoid 'blade damage'.**

The Cronographia, by Michael Psellus The Younger (monk) i055A.D. in Book Three: #39 referring to Anaxagoras:

**39. Anaxagoras of Clazomenae, the well-known Ionian philosopher of the fifth century B.C., thought that other kosmoi (universes) contemporaneous with our own might and probably did exist ad infinitum. Anaxagoras is famous for introducing the cosmological concept of Nous (mind), as an ordering force. He regarded material substance as an infinite multitude of imperishable primary elements, such as atoms, DNA. referring all generation and disappearance to mixture [at the same time] and separation, respectively...*

Noting that 'kosmoi' is plural and meaning simultaneous

Has it occurred to anyone exactly WHY there is a push to annihilate Christianity, or to merge it with Islam ?

Without Christianity our A.D. calendars would no longer be in use!

There is no doubt in my mind that once a *New World Order gets a grip* – that those who instigate that new ‘age’ will want to “nationalize” the calendars world wide, ushered in with a similar event such as the Y2K episode. Thus in one foul swoop extinguishing any chance to recuperate our unrepaired calendars ~ the very deed this forum is screaming for

- there were other words such as PRAETORIAN REPTILE EMPIRE INTRUDER & MANIPULATE & AIM ERUPTING etc. which we have seen before. Also AIM PORN AT PROLE, AIM 'SMART' MAGNETIC PLUNDER, but sometimes one thinks one is wasting their breath. For me, the most important message is to keep your guns loaded.
- The kidnapping of school children (kindergarden pupils) is of highest alarm, the way those schools are doing those so called bus drills – sadly, the public will believe their 'govern-ment' regarding false invasions and 'darts from skies'
- DARING PARDON NERD this refers to a computer hacker somewhere who discovered the black space ops. This person must be an English person (McKenna?) due to the UK clue. This means that Putin must have leaned on someone to have the whistle blower released. More importantly – that someone had heard him!
- IN ANKLE means in Aquarius – the Mantids from Argo (Oars) have 'primed' the range of satellites before they're 'born'
- QUAD, the 'square' is the 'field' of Pegasus LEG means from Scheat in the 'leg' of Pegasus, and this is what the amputated leg in hieroglyphics means too. These are the little bluish greys of the Elohim.
- DESPAIR UUORDS = all of these texts could be said to be 'words of despair'. Planted. Both Nostradamus and Da Vinci and all those others with the Cassiopeian and Andromedan 'message' are the 'sword' of the Elohim.

MADE PEN RAILED RAPID PASSAGE MODERN AQUARIUS- so here is another reason for bringing forward the ages (medieval, dark, and the great ages) using the "pen" – which we have seen in the removing of the Jesus prefix "j" or "i" by clerics. No error with it due to the word "MADE". At the same time confusing everyone by bringing the Age of Aquarius forward by at least 900 years!

ALIENS WORKING WITH SCIENTISTS.

Dr Boylan's informant said that these ETs, the diplomatic corps, will be introduced to earthlings, **saying that they are from the Pleiades**, who by the way have been here since the beginning of time. **These ET scientists** consultants assisted American scientists in developing the **computer chip, fibre optics, lasers, gene-splicing therapy, cloning, nightvision equipment, super-tenacity fibres, aerospace ceramics, Stealth technology, (invisibility) particle beam devices and gravity-control flight.**

- None of which technology helps Mother Earth in any way and the gene splicing and particle beam devices are highly detrimental to the Living Library. The word "scientist" when applied to Earth taught humans is an empty term. The word "Pleiadian" refers only to the reptilian genetically infiltrated Alcyonese.

NSC's Dr. Michael Wolf as part of US govt.. duties shared living quarters with aliens while doing research at underground laboratories. He said the Grays worked underground and he also worked with human appearing aliens dubbed **Semitics from Altair 4 and 5 [the large nosed ones]** and **Nordics from [Alcyone] in the Pleiades**

- **so they said, but we are learning that the real Pleiadians** would not associate with Altairans, when those from Alcyone would, since they represented the **fourth 'party' in the treaties which include "trade in men".**

UFO crashes first occurred in 1941, 1946, 1947 near Roswell and 2 other crashes in 1947.

- Untrue, 1897 is when these began – long before radar. See the 66 UFO crashes in a Da Vinci forum in date order. **These crashes were only seen to be occurring from these dates**

William Cooper said people who work at these bases don't come forward because they sign a contract **agreeing to the erasure of their memory**, with hypnotics, hypnotic drugs and suggestion. After you leave that you don't remember what you did that day.

- Hence the likes of **Corey Goode** cannot be relied upon. Randy Cramer on the other hand seems to have full recall, because he mentions the **Mantids often** where the likes of Corey Goode **never mention them.**

And that after the whole job and their contract over they do a chemical erasure of their entire memory of the thing.

Project Camelot – Bill Ryan interview with David Wilcock

Bill Ryan: I said, *there's something here that we can learn.* As a planet, it's like: *look what happened to that planet there.*

We've got to take care of this.

He said that the Earth is being protected. The Earth is being protected.

I said, "How do you mean, being protected?"

He said in ancient times, there was a protection put around the Earth to protect its extraordinary diversity.

Its extraordinary biosphere. This amazing... I mean some people call it a zoo. **This incredible life on this planet**

I said, "Well, what form does this take?" And he said, "It's the Van Allen belts."

David: The Van Allen belts.

Bill: The Van Allen belts. **They're not a natural phenomenon.** They were put there by... [interrupted]

David: It's the radiation blanket around the Earth. It keeps cosmic rays from causing us to have skin cancer, as much or a lot worse than we do now. If it weren't there... we wouldn't be able to live here if it weren't for the Van Allen belts.

Bill: "Were they put there by our ancestors? Or our creators?"

He said: **"Both."** (so there we have it. One is the Creator of the Living Library (Eloim) followed by Ancient Astronauts who came and tweaked us) *This is a crazy question. Did we make it to the Moon?"*

And there was the longest silence.

And eventually he said: "Yes. [long pause] But it's not quite as simple as that."

And I was thinking everything that you're thinking right now. [to camera] This is a live conversation, guys.

He said "Yeab. But we went there with help."

David: Hmm. (so why is David being so evasive?) answer: because he works for the Illuminati

Bill: *We went there with help*, he said.

David: Every Apollo mission had UFO sightings surrounding the ship. Every single one. *That's been documented.*

And that fact is that almost all the Apollo astronauts were Freemasons.

Bill: He said that there was non-human engineered, a non-human engineered ultra-lightweight nano-shield built into the Apollo capsules that protected them from the radiation.

Because some people have been saying, *look, you couldn't get through there and stuff without two feet of lead. And the thing couldn't have moved.* They had that technological help. **And they had another kind of assistance.**

David: I may have told you this before, but one of the things that Daniel told me was that there's a little box from Monsanto. It's about this big [shows size of a loaf of bread with his hands]. You could run your whole house on it, and it never runs out. It's free energy. **They had that in the sixties.** *The elite had it in the thirties*

They put it on the Apollo missions on some of the landers, and so forth.

Secretly snuck it in as something else, and it that was used for a source of power when they needed it.

Bill: Yes. They had something like that, that worked as a sort of radiation deflector.

Like it deflected stuff as well. They had these two devices. They had a shield, and they had a deflector.

(Why is it Bill Ryan is providing the information, instead of Wilcock?)

And they also had something, *and he wasn't specific about it*, he said that enabled the LEM - the lunar module - to land and to take off. He said to me:

"What do you notice about the LEM as it took off? And I said, *no blast crater.*

David: *Daniel (Burisch?) said exactly the same thing...*

Much of Sammaciccia's account centres on Dimpietro, the tall commander of the main base in Italy. He claimed to have lived at various places on Earth since at least the **17th century** and had adapted well to such earthly pleasures as drinking wine and coffee and smoking cigars. When meeting Sammaciccia's wife Raffaella for the first time, Dimpietro sat on the floor of their apartment kitchen to avoid frightening her with his height. Like others of the alien team, in his long stay here he had mastered not only Italian but also its various dialects and cultural intricacies.

A long history of alien interest The overall picture painted over four decades of Akrij contacts is a complex one. There are alliances of worlds. There are good, highly ethical, aliens and there [are bad aliens](#). There are some whose agenda is strictly scientific and dispassionate. One group has a particular interest in studying insects, which apparently are a rare form of life in the Universe. Most are physical beings but some are [interdimensional, incorporeal entities](#), such as the purple skinned "Red" race who are not part of the Akrij group but are allies. Sammaciccia claimed to have interacted with them (*see photograph 3*). Sammaciccia and the others learned that the Akrij races are not the only visitors coming to Earth: at least [six other alien groups](#) are mentioned.

A belief in God or a Supreme entity appears to be universal and is taken for granted by the Akrij. In some way, many of them are related to us genetically and they can easily live incognito on Earth and even interbreed with humans. Given this, it is tempting to speculate that some of these "alien" races may have originated on Earth or been involved in "seeding" humanity. At all times, however, we must see the bits and pieces of information as just that: they correspond amazingly well, but there are some significant gaps that should encourage caution. Meantime, at great expense, Sammaciccia constructed a large villa at Montesilvano on the Adriatic coast near Pescara, where the Akrij teachings could be disseminated. The group soon grew in size as a result. However, the all-important love, harmony and trust (**ur-Edda** in the W56 language) required in such a situation eventually began to disintegrate and the group fell apart.

Beginning in 1978, the **W56 group** was attacked by their "enemy brothers", the CTRs, and later that year their larger bases were destroyed. Convulsions of the Adriatic Sea were widely reported for about two months afterwards.

Beginning in 1978, the very same year of Treaty #5, which was the reason for the Battle For Dulce under Carter.

ur-Edda = the Aettir, the Elohim Alliances

The words of Ghibaudi emphasized what the **W56** had said was one of their main tasks on our planet –controlling the **nuclear armaments** belonging to the superpowers, in the fear that man might make the terrible choice of using them, and unleashing a total war. In fact, this is one of the key themes of the entire story of worldwide contactism...

VOLTAIRE'S LETTER – CONTACT WITH HUMAN ETS

Count Richard *Jiamfre* gave Eugenio Siragusa a strange handwritten letter from Voltaire.

It was addressed to the legendary **Count of St. Germain**.

The letter has phrases that fit perfectly with the idea of an alleged ET presence in human history.

The date on the handwritten letter was **June 6, 1761**.

– "Your long road through time will be illuminated by my friendship for you – even at the time of your revelations about the middle of the 20th century." [Being Treaty 9]

"Because of time, the talking pictures will not be able to be stored in memory.
May your wonderful flying machines [stage gates] bring you back to me."
