wordsearch c+f+ under **BALL', 'FLAT', 'ROUND', 'ROTUND', 'SPHER'** because it could be 'sphere' or 'spherical'

Just a quick round-up of more recent hidden texts lines which had one of the **above words** within it. If you have become a firm believer in our "Younger Elder" Chani, who has provided this information; then, like me, who cannot stop working on them, (and I mean, can not); in order to **keep on learning**: You will see that these are in no particular order – just as I found them and not re-arranged.

Not only "Younger Elder" Chani, but *younger elder* Nostradamus too! (C+F+10 5 4) From Da Vinci:

■ *e grande frutto in nella sommità di sé* the English: *and the topmost remarkable fruit within itself* (DNA)

ATLAS INTESTINAL NEFER DUNG MISLEADS TRUE GEM ALIGNMENT. SUGGESTS TO IDIOTS IT IS FLAT AND STILL OF ROTATION. RAISES GREAT EMOTIONS, IS TORTURERS DEMONSTRATION IMMATURE MINDLESSNESS DISSEMINATION ISN'T INFORMED REGARDING INTRUSIONAL FROSTIER MAGNITUDE, RE-STORED INGREDIENTS NOT NUMERATED

FEEL MEAD'S MEANINGFUL LINE EDITS DEFAULT MI ANGELS' MOST GLUM UGLIEST: LISTINGS DEFINE DAUNTING DISMAL MENTAL SENTIMENT; INSINUATED GIFTED DATA MANIFEST. DO MAINTAIN DILIGENT LISTENING TO NELL

- **ATLAS INTESTINAL NEFER DUNG** We learned that the vertical nefer (duodenum) hieroglyph refers to those giants with connections to reptilian (the Anakim), we have learned that DUNG refers to the Pleiades Cluster and ATLAS is one of the named stars therein. So saying, not just Alcyone, but Atlas too, has been infiltrated by the reptilians, just as we are. By some strange coincidence, the very last words in the previous forum related to ATLAS not being named in current astronomy, confirming that which I was taught as a child via Kim's Game (my mother's idea) to always observe – and seek what has been omitted. This applies in particular to art and photos – where people have a habit of editing out (cropping) that which you should see! Another star system in the Pleiades is named MAIA, and that word is mentioned 19 times in the Template. Requiring an entire forum of their own, my suspicion is that we will find their star system has also been invaded by reptilian interests over millennia, making three of the nine stars in the Pleiades containing "fallen angels". Not their fault either, simply because they are not warrior races. This on its own may be our own saving grace – that we must defend ourselves by any means available.
- **INTRUSIONAL FROSTIER MAGNITUDE** a hint which proves Earth is ROTUND, (a word which is actually in this line too) that if she were flat, there would be no ice and snow intruding RE-STORED in the manner which it does... [NUMERATED] – at "both ends". If you put more thought into it, there might be ice, but only at one "end".
- My own favorite argument against flat Earth questions *why in an eclipse do all Earthlings not see it at the same time?*
- **RE-STORED INGREDIENTS NOT NUMERATED** not mentioned, that is, omitted, by flat earthers. Sadly the cloned current Michael Tellinger has become one of these "flat earthers". Forgetting that *Ala.Lu himself described twice*, our planet in ca 4,000 year old clay tablets (which I am sure, Tellinger must have read) as "an alluring blue ball". That Billy Meier was taken back to see our two moons and parked behind them the round blue marble. Caught with his trusty Polaroid which you can see for yourself by typing in your search *SECRET PHOTO ALBUM OF BILLY MEIER video*

 o **Well, the idea or meme certainly has divided people into those who do not think logically and those who do.**

There are three I can think of (apart from the Apollo Missions) who were in outer space looking back at Earth

- 1) Ala.Lu when he first found the planet (Lost Tablets of Endubsar) where Ala.Lu made two comments
 a) that he had found an "alluring blue ball" and then b) compared that "alluring ball" to Nibiru
- 2) Then there is Billy Meier who was taken by his Pleiadians back to the era of the Dinosaur, taking his trusty Polaroid with him to photograph the two moons we had back then. In the back ground of that photo is a perfectly round Earth
- 3) Then there are the perpetual abductee/s (from childhood) such as David Huggins who has painted all the creatures and events he has experienced. One of his paintings is of a Graal showing him the blue round Earth out of a porthole window.

Long before these false flat-earth memes, about fifty years before; a young David Huggins is shown the view from what we have been learning is a planetoid not far from our moon. (See the forum *ICON*) Also see it in crop circles with its long elliptical five day orbit of our moon. These four (includes the photo I took of it Oct. 2008) appear in the forum *ASTEROID COMET METEOR* but will appear here...
The connecting link with David Huggins and the truth sits with the Synthetics of Huggins (the Succubus) which are the same described by abductee URANDIR OLIVEIRA, Bolivia, who had pubic hair evidence removed and tested with the DNA results made available to the world the very same day Obama received his Nobel "peace" prize/earthfiles.com evidence which was pushed way to the back-burner and lost in the mechinations of the false shadow government owned media.
 Huggins as a young boy being shown Earth+ from the planetoid here:

Nick Nicholson July 2008

The camera being used here was one of the first diabolical digital types which require some arranging to get the focus. For one thing, this was at night, and secondly time was running out because this object travelling south to north (from the right to the left) was not hanging around. I only got two shots before it was gone. The object was dark rusty colour. H Mead-Parks Oct. 25 2008

These three crop circles are saying the same thing. Earth [atmosphere], moon and a planetoid orbiting the moon, in a five day elliptical orbit (from these texts^{3 25}). More recently NASA has come out and said we have "two moons".

"Here is original 1969 footage from Apollo 11 of space not only showing our Earth, but also the rotation if you take screen shots of start and stop times for comparison. Not only that!!! <https://youtu.be/VrFFbyuQqt4>

The first 15 minutes is clear footage of the North Polar opening with clouds coming out from inside Earth. That's right: moist tropical air of *HOLLOW EARTH* coming out of the North polar opening, hitting the outer atmosphere, and creating cloud vapor. " <https://www.youtube.com/watch?v=VrFFbyuQqt4&feature=youtu.be>

If there was ever a reliable witness – one who has been uplifted too many times to account for, since he was eight years old, it would be David Huggins who painted his experiences.

Here he is being shown by a Graal – a view of the blue gem, the round Earth.

A comment made by Ala.Lu [written in clay tablets from ca 4,000 years ago] on seeing our planet for the first time and send-ing the message back to the Anu king that he had found an "alluring blue ball" planet, one with much gold.

"Alalu could but glimpse it: On its destined course from Alalu's path it was quickly moving. Then snow-hued Earth appeared, the seventh in the celestial count. Toward the planet Alalu set his course, to a destination most inviting. Smaller than Nibiru was *its alluring blue ball*, weaker than Nibiru's was its attracting net. Its atmosphere thinner than Nibiru's was, clouds were within it swirling. Below, the Earth to three regions was divided: Snow white at the top and on the bottom, blue and brown in between. Deftly Alalu spread the chariot's arresting wings around the *Earth's ball* to circle. In the middle region dry lands and watery oceans he could discern." The Second Tablet. Lost Book of EnKi. Zecharia Sitchin.

Now come,
 Write it on a sealed tablet,
 as a book engrave it;
 Let it be a witnessing until the
 last day, a testimony for all time.

One wonders why Prince Philip has been included in this treatment
One would think he would be *part of* the aggressors...
Is this something to do with clones?
I ask because the prince Philip here seems to be lacking many of the very elderly wrinkles he normally does possess.
Even Robert Downey owns more wrinkles than appears in this image.
Being "born" as a pre-made adult means that clones do not "do" signs of aging.
How easily we all are fooled.
Trey Gowdy was another recent 'victim'.

o On the main social connection web site there was and is a foolish meme going around that the Earth is flat. We did see lines pointing out that this was a scheme/test to see how badly affected by ANTENNAE the general public had become. By using Geo- desic GEOMETRY one can ascertain for themselves that the Earth was proven ROTUND for some centuries now. There are other forms of evidence which the elite try to disguise, and as usual, it is in what is omitted that we find the required information. Such as *no flight passenger ever*—in a *Concorde Aerial trip*, piped up saying "oh when we went out to the upper atmosphere, we saw our planet was not round !"

The other *empirical evidence* is that during a **few weeks of the year our sun does not leave the polar skies** but merely describes a circle as **we spin!** It is called the time of the Midnight Sun. This would not be possible had Earth been flat.

As mere curiosities go... decades ago I paid fifty cents for a box of second hand books, one of which I finally opened for the sheer need to read something [else].

It is titled THE OXFORD DICTIONARY of QUOTATIONS 1941 where a very long time ago a limerick had tickled my fancy, with just one word in the memory banks "*ad infinitum*". Why is this relevant? Well, I found it in this tome, discovering that there really is "nothing new under the sun" (another quotation within this book) & that this limerick of *please* can apply very well to genetic manipulation of nano creatures.

<p>"So, naturalists observe, a flea Hath smaller fleas that on him prey; And these have smaller fleas to bite 'em, And so proceed, <i>ad infinitum</i>. not stopping there, it continues: "Thus every poet in his kind, Is bit by him that comes behind." <i>Augustus de Morgan</i> 1806 - 1871 <i>A Budget of Paradoxes</i> 1872 pg 377 Great fleas have little fleas upon their backs to bite 'em and little fleas have lesser fleas, and so <i>ad infinitum</i>. <i>PLOUGH</i> is currently <i>Ursa Major</i>, but in the 16th century this was a reference to <i>Boötes/in Arcturus</i>. <i>Terror of outer space - king of flames is the Nemesis system</i> <i>Lifes rough sea is that area of the astronomy in which sits Argo</i> <i>and all the sea named creatures. - **NASAL ENERGY** DERANGES ORGANS GOVERNING BRAIN. That would be the heart and stomach, both words having a "t" which is absent within the line, so what a good way to describe the sonic frequencies those with the peculiar sinus abilities use as a weapon.
- **LOVING** GOD E'YA and the R.O. Andromeda Council, see the drones using directed energy fields to incinerate areas the media is saying are "bush fires" when it is obvious that selected homes are under attack, leaving trees untouched. The destruction of the elite Murdoch's home was a decoy to have us think those other elite properties left untouched were just a coincidence. From the air – the boundaries of a Rothschilds vineyard which "escaped" the fires are delineated exactly.
- **OLD ANGRY ENGRAVED BAD ANGEL** Enlil/YHWH who himself claims he is an "envious jealous and wrathful god"
- **ANDROGYNE VOYAGERS** proper extra-terrestrials **BLINDERS ON NEEDLES/S** this is interesting. They come, make 'treaties' to turn our children into food, yet are blind to the vaccines the children receive. There are two words, one is NEEDLESS and the other is NEEDLES. So what in the vaccines which goes into the children, is a danger to those which are eating them? The heavy metals? Nano agents? Time and again, the words Trojan horse are in the Template of Allan Webber. Could this possibly be the *real reason* for gubberment and its mandating of vaccines? Apart from the fact they have fiscal interests.?
- **BLOOD AGONIES** Halal torture killing which raises the adrenaline levels in the blood. It is this adrenaline they are addicted to. If you have been reading these works, you will know it was Da Vinci who warned in his scripts that children are going into "baloney sausages" also in II #12 *Seigneurs Genaudan Eglise ANU IGUANA, EAGLE, DUNGS LIED SAUSAGE ING 4 17 4b) porte fera ferree.i ij ROSE* stargate **OPERA** these texts

- COUU SCROUNGERS BELOUU = refers to those from Aldebaran about which we have little detail except they are the "SEXUAL ROGUES" and "below" means Antarctica – from the northern hemisphere point-of-view Antarctica is certainly "below", which it would *not be* had Earth been flat.

- ENORMOUS BULLNOSED LEONINE CIGAR ^{craft} CYLINDER which word is also within this quatrain line. C+F+CYLINDER
- UURSE NAMECALLERS: referring to those with a penchant for changing their names. One good example is the word-title Jesus, used by the Oannes-On-Uan-(a take on Van from Vanir, of the Elo'im) Anu-Anakim- and over 120 other names, which have not been published yet even though I was asked to do so some years ago. The list had not been complete and I suspect it never will be. Another example comes from EnLil – Thor – QuetzalCoatl (tricking plebs into thinking it was EnKi, not the first time either. Enlil took the credit for EnKi's work with Moses too). The best NAMECALLER example would be Marduk, well known for using [at least] fifty names. The tetragrammaton YHWH means "chief pilot" – the full extended version being really hard to pronounce. The essence of which is "yase" (jase)... where Samjase-Semyase means Co-Pilot. You do remember him don't you? The leader of the 200 fallen angels? See how EnLil operates?
- EXECRABLE UUOMANLESS ^{patriarchal} the Vatican
- SEXOLOGY OF SEMEN AGES, ensuring true procreative gender in the act of fertilization
- UNDOES (UUALMARSIAN) always good for a laugh, the authors of these texts are just as astonished at the end product of the human race, in places that possess the likes of Walmart stores! This end-product of the human race causes much grief ("agony") to our Creative "Father/s in Heaven". Indicating we are all due for a re-vamp as a species... which is the very reason for the 'waves' of adjective children being born (New Age, Indigo, Star-seed adjectives, etc.)

Drawing your attention to the date here, two years after the death of Nostradamus. In particular the spacing between the "1" and the century of 568, how those three numbers are scrunched together. "CREATION" MEANS "RECOVERING FROM A SHAR OF the NEMESIS solar system. The very cause of the pillar of smoke by day and the pillar of fire by night. Now, this pillar could have been Santorini going off due to the Passing Over - and or, the "Pillar" in those days was the Milky Way (being affected by the Passing Over). For Moses to have seen the eruption of Santorini from where he stood at that time (about to cross the red sea) it (the eruption) must have been beyond our current imagination.

If you have been reading these texts for long enough, you will know I am always complaining about being such a "slow thinker", and "why would They choose someone like me, so slow of wit"?

What we see here is confirmation of that strange and mostly unrecognized detail with such a high impact. Line four of Presage 76 "Under" Octobre.

On returning to that forum, I see why this subject is being raised [here again]. In the word LORVARIN it says: LORRAINE V. Having *just this moment* written the words LORRAINE LENTIL (c+f+LENTIL). The "V" as a "5" is a worry, since that means part of the Elo'im Alliances. As a "U" it means "uranite". What is it that concerns me? **Confirmation of line four presage 76** The craft is *Cassiopeian*, the gray is 'Lam' of Aleister Crowley – aka his 'Aiwass'. Which is also our Eihwaz. The ornament is Nostradamus (3 94) & Psellus Is the monk-relative of Constantine, Michael Psellus the Younger, who wrote about quantum mechanics in his *Chronographia...* in 1055 A.D. but the "gold" mentioned refers to ormus - time travel - and knowledge gained that way.

Drawing your attention to one detail, this is the craft in the Egyptian Aten medallion:

Romania. Czech

The ONLY reason this particular craft is being taken as Casseopean; is to be seen in the central image, a woodcut showing this craft defeating a cylinder-oblong type ship which these texts have been saying are stealing children. Leading to the question: what event is being honoured in the i680 French coin? How many years would it take to produce a commemoration coin like this in those days? Ten, less? We are told in these texts that the calendars were altered more than once, but one of the dates that happened was i 676 A.D. Four years prior to this coin. So what happened that the Casseopeans appeared to the public thus, to leave an imprint on human memory?

The Romanian church mural:

The age of the painting is unknown, but [this] monastery was originally built in the 14th century. It was later destroyed and rebuilt in the 17th century. <http://www.abovetopsecret.com/forum/thread1038205/pg1>

The EURA says that the caption in the painting probably dates it to after j523, i523 when the bible was translated into Lutheran German. This is in what was called Transylvania (which means "across the forest").

once again begging the question, what happened here to attract the Casseopeans? This timing and place belonged to what we know of as Vlad the Impaler's Ruler's royal bloodlines [pardon the pun] also known as Dracula-Draco, the owners of the cigar-cylinder-oblong craft. C+F+ cylinder

Just found this amongst my files, titled "Templars and a UFO". What do we know about Templars and off worlders? We know (from these texts and others) that they had Off World help to bury the time gate/cronus visor under Oak Island. (The word "oak" being alchemye for stargate). Since using these time portals was with the intention of manipulating events - the burying of one indicates it was best kept away from those who would mis-use it. Ergo, it must have been a *benevolent* off worlder which assisted the safe keeping of this dubious treasure. As we can see - this is the same craft in previous illustrations herein... that of the Cassiopeian/Casseopean

- On the main social connection web site there was and is a foolish meme going around that the Earth is flat. We did see lines pointing out that this was a scheme/test to see how badly affected by ANTENNAE the general public had become. By using Geo- desic GEOMETRY one can ascertain for themselves that the Earth was proven ROTUND for some centuries now. There are other forms of evidence which the elite try to disguise, and as usual, it is in what is *omitted* that we find the required information. Such as *no flight passenger ever*–in a *Concorde Aerial trip*, piped up saying "oh when we went out to the upper atmosphere, we saw our planet was not round!"
The other *empirical evidence* is that during a **few weeks of the year our sun does not leave the polar skies** but merely describes a circle as **we spin!** It is called the time of the Midnight Sun. This would not be possible had Earth been flat.

Projection instigated by Flat Earthers – vehemently ignoring one minor fact. It is a short boat ride from Australia to Antarctica.

Yet – here we have Antarctica as it would have been (but minus the ice cap) in relation to the surrounding and nearby continents and islands when it was at the Equator.

Indeed, those other land masses are still in the same relative proximity to each other. Basically a hop skip and jump by water vessel. All of them.

This is a KNOWN fact – when an aeroplane leaves for a destination it does so with the fuel required to get there.

Not one pilot ever – has had to arrange any more fuel than necessary to successfully complete his destination between Antarctica and any of these nearby land masses...

Had we all been travelling according to the "flat earth" projection above, it would all need to be a slightly different story for fuelling an aeroplane for these Antarctic to Australia trips!

Here IS THE QUESTION:

- we know there was a mini ice age which encompassed just on 500 years ending 1812-13, and the very reason Napoleon failed to take Russia.
- so if these are maps made in the 1500's /16th century how can the land masses be detailed if they were covered in ice at the north?
- map on left shows decreased seas due to ice age

Here is original 1969 footage of Apollo 11 from space not only showing our Earth, Christopher Baird shared a [link](#) to the group: [REPTILIANS ALIENS DISCLOSURE](#).

Yesterday at 3:24pm · Fort Collins, CO, United States ·

Here is original 1969 footage of Apollo 11 from space not only showing our Earth, but also the rotation if you take screen shots of start and stop times for comparison.

Not only that!!!

The first 15 minutes is clear footage of the North Polar opening with clouds coming out from inside Earth. That's right moist tropical air of HOLLOW EARTH coming out of the North polar opening, hitting the outer atmosphere, and creating cloud vapor. This air exchange at the polar opening during winter creates the polar vortex that drives our wind direction in the winter. This is strong evidence for Hollow Earth.

Find out what nearly every culture, religion, and alot of mytholgical stories known to man has spoken of. The underworld of the...

HOLLOW EARTH

The firmament is not a dome!!!

It is the Aurora Borealis and Australis streams of charged particulate suspended within the cloud vapor exiting the poles and creating light from Solar charged particles incoming attracted to the Center Star*. Also known as the pillars of light in the midst of the waters. They sepearate the salty waters of Outer Earth (face) from the fresh waters of Inner Earth (under Heaven). The same waters that come out, freeze, and cover the sea in winter.

For more on our Hollow Earth look up Hollow Earth 3d on YouTube.

Giant humans live inside our Earth. Because of the thicker crust near the poles more gravity is below a giants feet. Those giants stand 10' tall on average. The crust is much thinner near the equator and so the gravity in the crust is less. The giants at the equator inside Earth are 18' tall on average.

Enjoy the footage.

Watch "Apollo 11 Earth Views and Crew Activities (1969)" on YouTube

<https://youtu.be/VrFFbyuQqt4>

*Center Star

Term I coined to distinguish the difference between the Center Star or what one would call the core in the Solid Earth Theory. It is hot ball of mostly heavy metals that remained center while the lighter crustal materials seperated from rotational momentum, (centrifugal force) and expanded outward. Mantle is in the center of the crust itself and kept warm by the moons tidal forces.

The Center Star is not a nuclear furnace and retains it's magnetic properties because heat escapes every surface except the poles. At the poles cold atmosphere hits the poles cooling the Center Star aligning it into a powerful magnet. This constant flow of heat energy works like a dynamo keeping our magnetic charge, or so I have been told by others supporting my Hypothesis on of the Center Star as presented. The magnetic field, heat, and light it gives off are perpetual for now, because it is under it's own crushing weight and surrounded by a crust that insulates it from all the cold of outer space. It also gains heat from the tidal surface tugging on it by the moon/sun gravitational forces.

BLACK PYRAMID MISSING AT GIZA December 2017 – the world is beginning to notice

<https://www.ancient-code.com/ancient-texts-reveal-a-black-pyramid-is-missing-at-the-giza-plateau/>

“The principal pyramids are at the east, south-east of GizeThere are four of them; that deserve the greatest attention of the curious,; for tho, we see seven or eight others in the neighborhood, they are nothing in comparison to the former.

.....The two most northerly pyramids are the greatest and have five hundred feet perpendicular height. The two others are much less, but have some particularities, which occasion their being examined and admired.”

It is s without coating, closed and resembles the others, but without any temple like the first. It has, however, one particular deserving remark; which is, that its summit is terminated by a single great stone, which seems to have served as a pedestal...the fourth pyramid has been made, upwards above the middle, of a stone more black than the common granite, and at least as hard. Its summit is of a yellowish stone. I shall speak elsewhere of its top, which terminates in a cube. It is, moreover, situated out of the line of the others, being more to the west...it makes a series with the three others.”

OK, I am reminded once again that they never take me to past work without a reason for doing so... see the word UNCITED PERSEUS STAR (which is Algol) REPULSES AYSE REGENT STEERSMAN - this refers to the real death of Nostradamus in the time gate planetoid (an orb) - September 19 2011, which I was made witness (a story requiring full rendition all on its own).

The [stargate] **STEERSMAN** was **UUilliem52** of whom Nostradamus was "quite fond". **UUilliem52** was a two-brained E.N.E., a "he-rod/j-rod" noetic being and the true **HERO**, having volunteered to return at the 1947 Roswell incident (and possibly the 1941 event too) in order to repair timelines. (Refer Dan Burisch - who sent him home).

NOT COMPLETELY FINISHED but I thought many of you might like to see it over the holidays to define **SARCOSINE**... see as follows

FROM THE TEMPLATE meant to be in FLATEARTH searching the word SARCOSINE

define **SARCOSINE** = **crystalline amino acid** as a product of metabolizing creatine, a compound found in protein which synthesizes the storage of energy (when attached to phosphate molecules) **It is known as a "legal steroid" for athletes**

For the purposes of these texts, those which have a muscular structure which needs or uses sarcosine *are of the crystalline* entity and as it turns out, of a **negative-towards-humanity-type**, albeit, in need of oxygen. This is an important detail and not a trifle one, since A.I. *does not need* oxygen. Push come to shove with **opposing take-over merchants – requirements for maintaining an atmosphere** are high on their list for at least two of the opponents in the three-ways starwars. **Are these the so called crystal-based creatures of Corey Goode's repertoire? His notorious "blue avians"?**

Here is your opportunity to see the flow of Their methodology. On a previous page the font of these lines has been diluted to gray in colour to remind me not to forget to do them. Those words are straight from Allan Webber's Computerized Template. Here is the result of re-aligning them to create context and meaning – coupled with those directions from Da Vinci (first page of LANGUAGE IS ENGINEERED) to "play the sentences like a piano". Maybe I should point out there is a protocol to follow (provided from within the Template lines) collator to at first "BOX THE LINES" 9 1 3 UNITED E.A. ORBS CODE OUR GENEROUS CUBE SOURCE OBSCURED, TRIED proven RESOURCE. TRAINED DECODER UNDER. BOX LINES AS BALANCED & 2 4 3 FARAUUAY COCEBURN (collator is Cockbrun-Parks) BOX YA'S LINES – LINEALLY. then to find the "foot measure" to get the "balanced" picture. The result can be a "pacman" or a "sharkfaced" appearance of the shape of those lines. Once I learned that, I was amazed at how the context and meaning became acutely obvious. There were thirty eight pages of similar "directions" to the collator. Well, not similar, but dissimilar. Amongst these directions are guidance towards using "aphesis" (silent letters, such as the "H" in Allah) and "ditrochee"

- In recent months we have learned the BRAT (made that way by the Aldebaran sexual rogues) is James Casbolt a.k.a Ninurta – who loved his mother so much he made lovely gardens for her.
- so it seems, that Casbolt/Ninurta often bucks the traces of his heritage (which is why Ninurta was locked in the Saqara tomb, to escape after centuries "nearly mindless") despite being programmed to "be activated soon" – his own instincts rebel against the damage (to humanity) that his "Manchurian candidate" actions stimulate. This line is saying he is very happy that Russia is defending herself against the alien New World Order take-over. An event which has appeared in their "RARE BELL" – the "docking bell portal"

- o **BALL 'S COIL SPINNER, AFTER.** At first this was lost on me. One thing to learn when working with these words is to have utter faith in what is stated (such as the word DALEK – that took some faith). After a few days, the meaning of this finally came to me (thank you **Guys Upstairs** for the vexing "internet disconnected" across the last week, other-wise this would have gone to print before I got the meaning). The hint thrown at us (you and me) here is that the inner core spinning creates electricity, to be more explicit – electro magnetic force. Think of this: Orbital Revolving Magnetic Energy. ORME. From which is derived the word ORMUS. The spinning electrical forces of DNA ... recall *Circular Molecular Phenomenom* and *Dodecahedral Magnetic Frequencies?*
Better question though: is this the real reason for convincing the plebs that Earth is flat? That she has no core? Therefore – altering the science of the spinning inner **Earth's core?** Now, why plonk the words "AFTER ROAR" in this context? Now take this one step further.
