

any are asking me “What is going to happen in 2020? According to the **year of the Rat** in the texts. **Knowing there are several parallel events, it is a difficult answer to do in few words.** Most seem to be a direct result of the passing large planetary bodies, yet some are an indirect consequence, a PreQuel as the movies have it.

**The prequel which has been appearing in the Hidden Texts relates to what your grubberment are doing about you, the folk, the plebs, the prole. What they want to do to you while they look after themselves during the Passing Over of the Nemesis mini solar system.** The grubberment have been seizing ancient artifacts away from our view. This has been done *so we do not cotton-on* to star gates, to warnings about the Destroyer Nemesis, to *records of our orbits* and years changing in a sudden fashion.

**Not that many folk would even think to ask “why would that happen?”**

Observers have known since before 1980 that an historical incoming path of destruction was on its way. Most of those brave watchers, usually in observatories, were murdered at the first hint of blowing any whistle. The only reason the recent Solar Observatory was closed down with *apparently* no one being murdered was that many other Solar observatories were all closed down too, and to assassinate the hundreds of employees willy nilly would actually raise enough questions to make a difference – a difference **to the best laid plans of cowardly people** you thought you had voted into positions to lead you safely. None of whome are your “leaders” and all of whome are puppets to people so wealthy that ordinary folk cannot comprehend just how loudly their money speaks. **They are psychopaths**, and the people they employ are too – this includes the pilots of the airplanes that are spreading controlling elements amongst you, the people and animals you love, and all over this beautiful planet we cannot live without. Since the larger commercial airplanes like the **Airbus no longer use fossil fuel energy, there is no need to leave behind what was once called “contrails”** = condensation trails. How easy it is for the uber rich to simply have whistleblowers murdered off. That includes any of us with the temerity to invent a form of free energy that would remove profits from their very deep pockets. Few of the public know that the uber rich, commonly called the “elite”, have had free energy for themselves since 1934. It must have been one of the very first forms of technology they acquired from the false off world “treaties”. Anti-Gravity space travel being a high priority at the time – one Hitler had use of by 1938. Along with cloning. Exchanged for as part of the treaties, the *type of propulsion* pointing to exactly who it was involved with Hitler and those treaties. The O.T.O.-Vril-Thulé<sup>[Toolay]</sup> of the “fallen ones” under Antarctica. Not forgetting *die Glöcken*. This is the same year that cloning was made available to your “leaders” and, as usual, **a technology that had been around without their knowledge since we have had “grubberment”**.

For FDR to have been cloned in order to sign the Orion Group “treaties” in 1933 very likely without too many humans being aware of cloning – until the year humans *did* receive the knowledge; was only 5 years.

**This, of course, meant that the entire farce of building rockets to get to the moon was a head turner.** They *did* go, they *had help* and then they were warned off. Any evidence they had been physically on the moon has been wiped and a documentary cover up made *exactly in order for people to see* it was a movie. It was all a giant scam, a ruse, to grab your tax dollars. Then, last minute, **just as many of us do awaken: – herded by weather wars off to F.E.M.A. “camps”. Facilitating land grabs and the abbattoir for the Orion Group.**

Every detail nominated above has appeared in these Hidden Texts, along with its research sources.

**It is up to you, the reader, to respond to that saying “god helps those who help themselves”.**

... **reply from a chemtrail pilot. Here is text from their email:**

December 08, 2014

*“First of all I would like to say that I do not agree with my mission assignments, but what soldier ever truly does?*

*Several of us have considered bucking the ranks, and going AWOL from time to time.*

***We are kept in the dark when it comes to getting honest answers about what we are really spraying.***

*Should they discover that we or our families are actively enquiring about the so-called ‘chemtrails’ term, then automatic and swift disciplinary action would be taken.*

*HAARP and radar are two other non-allowed research subjects. Unless our children are learning about these in base schools, we cannot educate ourselves or our children through any public education system.*

***I would not intentionally spray my children or family with toxic aerosols, but as you must know, perhaps 80% of the pilots do not have any family or children.***

***Indigo pilots are chosen from top ranks within the Air Force, Navy, and Coast Guard.***

*Most of the pilots are ‘hardened to humanity’ and could care less killing off unwanted or leaching aspects of America and the world.*

***I swear to you, the majority of the pilots are like machines, I call them “Tanker Terminators”.***

*I should not be telling you this, but nearly 1/3 of all flights are being orchestrated from small unnamed islands, where newly constructed bases are being built at a rate of 8 per year. On these extremely remote islands there are HAARP rays of every possible design, with many arrays surrounding these islands within the depths of the ocean itself,*

Friends have asked "how do you feel about reading of your own demise"?

Well, relief, is the word that first comes to mind – but mostly the second thought immediately following that thought is this:

In the latter lifetime of Nostradamus, he is most remembered by the public for his famous after death prediction with the exact date, that his grave would be broken into and that the thieves would not survive the event. Not forgetting what he answered his assistant the night before he was found dead standing up. The assistant had said "see you in the morning" and the doctor had answered "no you will not". See the forum *ONE SENT TO DIE, UNIQUE OF ALL DEATHS*

If the only thing that comes out of all of this is that the prophecies in these three lines come true, then my own work is done.

Much depends on the words **LEAP ANNUAL** – be it a leap year of 2016 or is it 2020?

If asked for a last request it is this:

**Would someone please tell David Icke about the secret "trade in men/children" clause written for a year nominated as 2014. The only problem being, it was not 2014. That clause is null and void.**

- o **'FREAK MOTIVE MOVE'** yes, just what is the motive? Is this related to the cigar and cylinder craft shapeshifting? Why do many of these airplanes have no windows? They obviously are propelled by a form of free energy and or anti gravity.
- o The **TOP RANK'D ALIEN** involved with chemtrails and airplanes is either Pindar under the Vatican and or Enlil/YHWH which is also Valiant Thor - actually named by the Template in this line, and described as "Pleiades squared" an astronomical and astrological term but a pun too, on the Freemason code of "squared"... as is "RANK" meaning to smell badly.
- o Define "squared" in astrology: "when the power of one star is at a 90 degree angle to the power of another causing conflict between the power of each [horoscope] star." [www.completehoroscope.org](http://www.completehoroscope.org)

**Here is the 1985 Vatican Coin showing right at the top an airplane spreading a double trail of thick roiling long lasting something or other. We can presume it is not a contrail because all airplanes have produced an exhaust at one time or another with little ongoing damage - so why wait until 1985 to commemorate this?**

o **JABIRU-RAJ** now we begin to see why we had to learn about the Benu-Crane-Grus-Heron-Ibis. When the Leo Rising Sphinx was constructed in the image of Ninghizzida/Thoth,(the Ibis headed) to commemorate the design of the Giza Plateau in the formation of GRUS/BENU, this was representing those who came *from* the constellation Grus in league with ('spun by') one of the Ursa Anu factions. The missing *fourth* pyre-amid which was still in situ at 1770, is testament to the form of the bent winged bird whose tail goes from the Benu caves all the way under-ground north east to Buceggi and whose long head and beak go all the way south by south west to Al Faiyoum.

This is only seen from a height of 150 kilometres up. The date of October 10<sup>th</sup>/11<sup>th</sup> has appeared a few times. I have been asked what is that event. Having read the Epistle to Henri closely (the one with the "tripod" smoke screen) the date in the Epistle of "It will be in October..." is firmly stuck in my mind... Since there are not many lines I will put them here.

READ MEAD-PARKS: NAMED ♀ (Cassiopeia/Eloim who) MEASURED ANNUAL EXCEED MORE (377 days currently) AND NUMEROUS LANE AREAS the other planets EXCEED USUAL MANNER in ANNUAL MEASURE: larger years R.O. (Andr. Council/E.D.) EXCEEDED MANNER in MA (October) this must be October 2013, & four lines did state the 10<sup>th</sup>/11<sup>th</sup> (appeared in WHY THE HAMMERED BRACELET COULD NOT BE FLOWN OVER)

SOMETIMES I SIMPLY WONDER AT MY OWN STUPIDITY, these texts in the template form have been with me for nine years and I never clicked that the word "planet" and "follower" indicated the solar system, so entrenched are we in the fixed model... it took a question of my own "why did the Anakim not simply fly **over** the asteroid "belt" to lead me to this. Plus the beauty of the answer to this question fully vindicates Sitchin – who was himself subject to the same solar system model we have all been taught. Why did *he* not raise this question?

PRONOUNCE DECODED CONNIVERY DIVORCEE full disclosure REPUGNANCE; RAMPAGEOUS CRACOVIANNE EARTH 'OH MY GOD' EVENT define **cracovienne**: a fast dance in double time the French Apache were fond of. Recall Chani warning us (via these texts) **not to use the "trendy" words O.M..G. because it IS a prayer ?** Here they are saying that everyone will be calling to their god in this Earth Dance event. It was Isaiah who said the Earth would dance – twice! Then **"be removed like a tent"**. **Not sure if this is saying the event was-will be-done because of the non-full-disclosure!** Those involved in partial disclosure did say that they were approached by off worlders who warned "if the elite did not provide full disclosure, the Off Worlders [gods] would." That is: the dropping of Earth as shown in the Hopi Prophecy Rock. Onto a new orbit. We consistently have a date of October in these lines. Always keeping in your mind the words the *docteur* said to Henri in his *Epistle to Henri*: –

"It will be in October that the great translation will take place, when everyone will think Earth has lost her gravity".

I love the use of the word "translation" since it means in geological terms "moving earth" (land slide).

Many of you will be getting sick of the reiteration of these details – but there are those of you who are new to these texts, who are jumping in at the deep end. What sticks in my mind is that column (erected 1991) at the St John The Divine cathedral N.Y. where Libra ends with a skeleton at Halloween (last week in October) which would fit in with an event of October 10<sup>th</sup>-11<sup>th</sup>.

Especially since "our years" are not and never have been the same number of our days. Starting with 260 days in a year during early and pre-biblical times up to 3,123BC,\* becoming 360 days until 705BC (Chinese records), then having 365¼ days per year until October (10<sup>th</sup> to 14<sup>th</sup>) 2013. At which date we began a 377 day year, and growing.

From that date our orbit has been 377.8 days – being pulled-pushed by the incoming Nemesis mini solar system. The same reason our orbit has always been disturbed, that is, by outside influences.

DENEbola LEGENDARI BIG SERPO GRAILE REPTILIAN DRAGONS GOVERN "VIP" EVOLVING BINDING DEFOLIATE

DESERTIFIER FONDNESS DESERT SANDS (find the SERPO PROJECT which indicates the reptoids have made deserts of every planet they occupy)

- DENEbola the tail of – is in many constellations. **Virgo. Leo** has Berenices at Deneb. its tail. DENEb of Altair, Aquila the falling eagle out of Sagittarius, and DENEb of Lyra (formerly Vulture) DENEb/ Al Gedi in Capricorn, Cygnus' Deneb, Cetus has a Deneb/tail called Kaitos.
- **NOBEL-PRIZE**=the winner is **SILVER ANDROGYNE** this is the "Graal" in the Template, aka ARGENTAL which word is herein too.
- **BENT VELVET VERB** refers to the bending of sonic-light waves which "baffled" the propulsion system of a "RAFT" craft. This very rare ship has appeared in a crop circle. I have seen this as a black "raft" with the engines light-muted. It is a very large ship.

Found in my August 6 2011 files. Platform RAFT  
 Recall I was tasked with learning "ASTRIONICS"? This is why  
 A facebooker yesterday argued with me that there is only one type of  
 Vrill craft, the saucer. He needed reminding that **all** craft with this  
 propulsion are Vrill, including the platform here & "B" series triangle  
 See this **propulsion system** – it is the same used by all Vrill.

- o *STAFF* here refers to politicians and the word *POLLIES* is here as well, but *STAFF* is a date too. It can be *STAVES* (rods) Jan 21 – Feb 17 and or April 15 – May 12 or August 5 – Sept. 1. As a *RODS* date it is also February 18 – Mar 17. **Jan 21 – Feb 18 is also Rowan or DRAGON-TREE.**
- o **ORION'S BELT OANNES**, see *The Giants Base under Bucegi* by Peter Moon **ALLIED IBIS-BILL/Grus** = the likes of McCain & Soros (said CHANI) – are **EVOLVING A SPIDER-GOO** to defeat the Dero Hu-breds.
- o **NOBEL=PRIZE** simply means "the best" of innovations **BENT VELVET VERB bending light with a gentle/ELF sonic field fetch**
- o **IS PROVISIONS the food shopping because it mentions "LABELS" ... VISION BENIGN-NESS LOST** genetically manipulated food is depleted of goodness in order to keep us all feeling unwell and not thinking properly, especially the bad sugars and bad oils of which margarine & Canola are near the top of the list. Margarine is causing cataracts and loss of vision, but I think this means loss of imagination too, which comes with a clear mind. This is part of the destruction of the artistic/creative mind, a thing the establishment feel you have no need of. A good article worth reading is **KILLER IN THE CUPBOARD**. Almost every pre-packed food I pick up in the shops has a form of M.S.G in it, usually termed as "yeast" which is what it is. The main thrust of this line speaks of vegetables, especially root veges, being transformed from what they should be to what they should not be. A good example is the splicing of spider web DNA into potato DNA to gain shelf life.
- o **LIVING ORBIT PERIL** the "living orbit" refers to the "Goldilocks area" "just right" for mammalian life but not perfect for reptilian life **SPITZBERGEN, Norway, where one destination is called "Pyramiden".** A recent Jay Essex video claims that a "northern reptilian base has been defeated". This is part of where the "missing trillions" goes. Now that one in the video was somewhere off shore from Seattle and named in these texts in the previous pdf forum. We must never lose sight of the knowledge that the underground bases are all inter-connected. Essex insists *Anunnaki* is spelt *Annunaki*. Not according to Anton Parcs.

At the extreme west of this region is the Giants' Base under Bucegi/Caucus where negative off worlders have gained a footing. This is what the huge earthquake under Nepal was about – an underground star wars. Although the template has no hint of Agharian-Argarta – (Allan programmed the template not aware of names of off worlders) – it is on record that such things called

Naga dwell under the extreme east of Tibet-Nepal-Altai. To get answers about the reason for aborting plans against the Fox, will need spotting these names in my own directives.

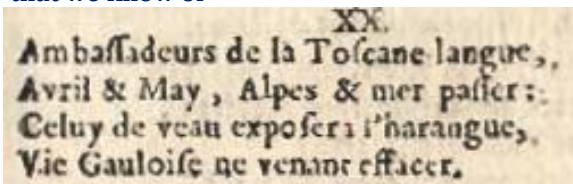

- CRAFTED AIR, (ARROGANT FOR PROFIT) goes with the DEFOLIATION AGENDA – which words are within the line. Believe it or not – they plan to sell you AIR so that joke about "next thing they will be taxing our air" : is not a joke. And you are letting them spread chemtrails – all part of the DEFOLIATION program. There is an entire collection of lines from the Template which make a pdf titled AIR, TREES & DEFOLIATION which got started nearly ten years ago but had been placed way back in the queue. Do you see how one will never ever escape their slavery paradigm?

SQUARED – does any of the following interview sound familiar?

GEORGE GREEN PART 2 PROJECT CAMELOT

BR: **Nuclear war in the northern hemisphere.** GG: Right.

BR: That sounds more than just taking out a few facilities in Iran. What are you referring to?

GG: Well, first of all, there's three nuclear submarines on the west coast, from Russia. There's three on the east coast. These are their new ones, I have all their data, somewhere. They're two football fields in length, five stories tall and they have nuclear... they're able to go eighty miles an hour under the water, totally undetected. We can't detect them.

**Their targets are all the major cities on the west coast. On the east coast, obviously Washington, D.C., New York, Atlanta,** the ports that bring in the stuff, 'cause they want to... they can bring us down.

GG: So, this is all part of the bigger game on this thing, but they got to get the war started in the Middle East. When will that start? Keep watching the news, because they keep telling you to hate China right now, even over the Olympics and all the other things, they're going to try to do things. 'Cause China has the ability to wipe it out now.

Bush had a meeting with Putin. Putin flew over to Kennebunkport and met with Bush. This was a few months ago. And Putin basically told Bush, *you don't go after Iran, because you know, you took out the Raman oilfield, that was our field and we were running it;* and Russians were running that anyway. Says, *you're not going to do it in Iran.*

GG: *You do that, you begin World War III.* So he's backed off a little bit on that. So, what they're trying to do now is get Syria and the other **"enemy countries" squared away** and there's going to be a missile, whether it comes out of Israel, who has Netanyahu who says we control Washington anyway, where they're controlling all the game.

GG: Let's go play the game and get it going. I watch, as soon as you see a missile, hitting the Middle East, whether it hits Israel or Iran on it, you want to be out of the country.

KC: Out of *this* country.

GG: That was because they were going on the Bourse. You know, Iran went on the Bourse as a trading instrument to get off the dollar. By treaty, it was agreed that the dollar was the trading of the oil and they're all getting off of that. They're going to the Euro -

GG: Well, Iran has set up the Bourse Treaty. When they did that they were going to put that in effect last month. And, *conveniently* all the cables got cut so they couldn't have the communications to make the transfers out of New York. Well, New York's about ready to collapse. In fact, I can see New York vaporized.
