

G_U_N_S & JFK JNR collection

Let us kick this one off with the small arrangement of JFK JNR ~ Q ANON with rumors of Witness Protection plans, nose jobs, and "patient grieving". **Without forgetting the Copiests are hard at it trying to pretend they are Q Anon. They are using; one-word Qanon and QAnon domain names.**

They simply cannot help themselves using words such as "collective" which is a reptilian term. Any descriptive terms of a hierarchical nature come natural to them and have been instilled in modern education to be habitual for us too.

For me this collection has been the most exciting. Although 10 72 ("does not say 1999") comes close.

10 26 His brother-in-law revenging the successor? Peter Lawford?

His brother-in-law will revenge the successor,

(good-brother = brother in law. Recall *petit-fils* ? = lesser son meaning *base born* or bastard) same for *good-son* = son-in-law etc

To occupy the realm under the shadow of elite leader .

(shadow government)

Slain blood obstacle his [JFK JNR] blameworthy death,

For a long time Bretaigue [Breton] will hold with the French.

10 26 2 vongeancos (noting the last 2 letters have been changed by hand - by the hand of NostraDamus)

von from vont-aller to go, to lead. *geancos* = giant, from *cos* affluence *cos* corp/elite,

The successor - so, who was brother in law to whom? One might immediately think "Oh that would have been Peter Lawford" who had been brother-in-law to JFK SR. Yet he did not become the Successor as a president. Maybe he became a successor in some other way - such as ensuring the safety of their secret daughter (JFK Sr and Monroe's). Or maybe this means brother in law to JFK JNR. ? No. Carolyn Bessett had no brother. **This 'revenge' is the silent served-cold type.**

blood obstacle a strange term, unless one understands that the Kennedy family had set up a *projected dynasty* of leadership

blameworthy death! Fingers were automatically pointed at a Clinton agenda on the bringing down of JFK JNRs light aircraft,

because it was stated that the craft « *broke into two pieces while at high altitude* » which is a sign of a bomb on board. The word is indicating that it is *worthy of blame*, without saying the blame was genuine. **This indicates the death was not genuine either.**

This quatrain 10 26 pairs 10 15 - which I was guided to in very uncertain terms. I say this because what were the chances I would have been reading the obscure manuscript titled *ANDROGYN BEGOTTEN* at the time needed to do so? The paragraphs which the much maligned Chevigny had published four years after the doctor's death... saying:

"Her second Centurie fifth Quatrain ... (2 5) prophetique, ou il dit ainfi,

prophetic, telling thus his other way (decoded and or "by thesaural ") with the words hidden in C2 Q5 - C+F+2 5

which said ANSUUERS FEMALE MEAD REPRESENTED OUR PERSONNEL, POET'S CENTURIES:

ONE/FOUR/FIUE/SEUEN/NINE/TEN/ELEUEN: **QUATREINS** FOURTEEN, OR FIFTEEN.

So just for the heck of it knowing this would become a lengthy pdf forum all on its own:-

I just quickly opened 10 15 for a peek first! The quatrain 10 15 appears on page 14.

10 15 which clearly tells us John-John JFK Jnr is still alive pairs 10 26 here

Le fuceffeur vanger son beaufrere, **FUSCA (FEUU BRAVER) UUARNS FARCE, NOUU REVENGES CARE-FREE/psychotic BAFFLERS/copiests**

Occuper regne fouz ombre - de vongeancos, **FUSCA=MODERN GOER, CONVERGENCE OGRES. CONCERNS REVENGE MORONS' GREED**

Long temps Bretaigue tiendra avec la France. LOVING PARENTAL VINCENT FUSCA INTELLECT INTERRED DEPARTMENTAL TO AVOID MORTAL NEGATIVE VIOLENCE (FROM DATEABLE DELETING AGE-RELATED) GREAT-APE DREAMING. FUSCA EAGER TO ALERT

This last line of 10 26 indicates at some time the Bretons will not hold with the French !

Recall 'it would be better Breton king acquaint Norman king.' 9 7 4. This was the first hint that the ages are incorrect. Because there is supposed to be around a 600 year difference between Breton (57BC to ca 1411 according to various) and Norman (the 1066 calendar debacle which date appears no where on the Bayeux Tapestry) yet NostraDamus is saying there should be no age gap at all. That the king of one age period should acquaint (introduce himself) to the king of the Normans. Not in 1066 A.D., but in J 495. ca 590 years prior.

There is only one of two ways to do this, he either travels by time gate or the calendars are wrong.

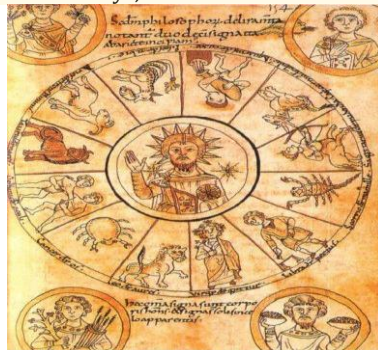

At this juncture a small digression, in images - as always, the illustrations tell us more than the written word.

#1. Roman Mosaic. Roman age ended soon after 410 A.D. See Cancer is a dung Beetle (Scarab). Scorpion same as #2. Libra as Boötes.

The standing Archer here is Sagitta and not a man-horse...

Yet, by 1550 (1550/J:550), the day of NostraDamus, the Dung Beetle had become another exoskeletoid = the Cray-Lobster.

#2. A fifth century zodiac. Meaning, the 400s Noting the **fashions are identical with the Bayeux Tapestry**. Cancer = the Dung Beetle. Scorpio is same as 1. & 3. Libra is still Boötes. Notice that **Pisces is Cetus** and the standing Roman Archer has become Sagittarius.

#3. A copy of the supposed Zoödiac appearing on the Bayeux Tapestry, with Pisces at edges. Someone has this dated as Pisces in 495AD. Scorpio & Boötes are the same as in #1. & #2. But the central **Chariot is CAR** from *carri-age* = *Duletide*.

Why does the Bayeux Tapestry have an astrological [finished] date of March 15, 1495?

Glenn Warwick, studied at Bachelor of Business Management

“Because it was finished, made in the latter half of [1]5th century. [1066 – ca 1476 = ca 600 gap]

Mainstream Historians and history professors are either clueless to the date, or they are purposely teaching false history to the masses. I would say it has something to do with the lineage of kings and queens who supposedly came from William the Conqueror. But if the tapestry was created in the 15th century it means the history of Britain needs to be questioned. That would suggest that the line of kings and queens from the alleged 11th [1st] to the 15th century were either fabricated, or they belong to another chronological era.

It would also suggest that the historic events of Britain from the 11th [1st] century to the 15th century may have been fabricated.”

I have taken the liberty of altering the date titles to remind the reader that nothing is at it has been made to seem. H.Parks

Glenn Warwick is onto something but he is not sure what it is. He is asking why an astronomical date of 1495 appears on the tapestry dated 1066. The sense comes by deleting the prefix #1.

A letter was found under a Tudor mansion floor dated 1633. Turns out the “i” for “the year of our lord Jesus” has been replaced with a number 1/ That adds 1000 years to our calendar. The Gregorian calendar was not accepted world wide until 1922. Having been edited in 1582. So, Glenn Warwick, you are right. 1066 had a long way to go - and this explains why Bretons (supposedly defeated by Saxons) were present alongside the first Crusade AFTER Hastings.

That there was an overlap between the two “periods” of Breton and Norman and that around 300 years is unaccounted, that the likes of Wikipedia would have us believe the beginning of one period to the end of the other encompasses 600 yrs.

IF the Tapestry HAD been finished in 1066 and the ‘first written record of it was 1476’ where was it for 410 years? **Why did no one brag about it for 410 years? Not one Norman king after Hastings mentioned it for 410 years ??**

The Original Bayeux Tapestry -. The Bayeux Tapestry is preserved and displayed in Bayeux, in Normandy, France. Nothing is known for certain about the tapestry’s origins. The first written record of the Bayeux Tapestry is in 1476 when it was recorded in the cathedral treasury at Bayeux as “a very long and narrow hanging ...

In an attempt to determine the JFK Jr rumors running rife at the moment, relating to his “Plan” – that he is actually Q ANON, I am going to ask the question. Finding a “J” and a “K” involves searching for an “I” (J) and a “Q” (K) in the same line as an “F” that appears along with an “N” and an “R”. This line has all of those. Recall the previous Q ANON lines? See below. It will be interesting to see the qualifying word they use for Young John Jr. So, here we go. Turns out one qualifying word is UUORM^{/Sagittarian} amongst others.

1562 publication. The last while the Docteur was still alive. *Androgyn Begotten* was published by Chevigny four years after the Docteur died, in 1570. This is the edition with the guidance to "her" to find in centuries second, quatrain fifth thus vindicating that Chevigny knew the Triple Method.

There are narrow minded people who reckoned that Chevigny was not trusted by the Docteur because Chevigny was omitted from the Docteur's Will. Maybe Chevigny wanted nothing from the Docteur – only to be trusted, which he was.

- **ATLAS STAR BRAT JAMES** Casbolt who we have learned is Ninurta has said he is about to be "reactivated" and it was something to do with the NASA false asteroid (Aten means an asteroid in the ciphers).

I have always had the feeling that Ninurta (who created a lovely garden for his mother) has a different side.

- His sigils are the 2 headed eagle, (corporate) the bull (Taurus the earth being) and the mountains (or what hides under them).

Three very different things. Noting the new 'qualifier' word ATLAS, in the Pleiades that referred herein to "EUNUCHISED".

RUACH/YHWH/Enlil TARRIANCE/hanging around: IT HARD ICE [RAPE/attack] TIMID PERU VICUNAS IN CAPRICORN ^{Jan 13}

- o AUCH – Scottish for "highland/upland field". In the ciphers the "field" that is "up" is Pegasus. So saying those from Pegasus gave us the Vinca Runes, our alphabet. That would be the little blue grays from Scheatt (he who sometimes stands with me while I work, along with Valgrind standing behind me.) It is Valgrind who shows me "inspiration" at times I need it, so they are fully aware of my shortcomings. The Hebrew alphabet came from Hibiru – Nibiru.
- o The fact that Enlil-the Ruach (Lord of the airways) YHWH is "hanging around" or "hovering" if you like, points to the guilty one.
- o The news item here, matching as it does with the texts date, is not the one I was first thinking of in which "90,000 guanaco found dead all in one night" ... at Patagonia. The one stark feature was their brains seem to have "exploded" and this would point to directed energy field weapons being used on them. This could be why I could not find the item. The camelid species of Llama, Alpaca, Vicuna and Guanaco differs only in their size. The Saiga of Tibet also had the same mystery fate which makes me wonder what is the agenda here? To deprive people of a food source in a time when falling back on these would be tenable? (same as the fish deaths)? Or to diminish "useless breathers" of the airways? Blaming the cold is quite handy as a cover.

Seems to be a bit of spare space here for a reminder - at February 10 2019

People world wide are beginning to find more and more very large strange and dangerous creatures are up on the surface amongst them/us.

A suggestion here is to send the reader back to the DERO and GIANT SPIDERS forums. **And BE WARNED.** These cryptid creatures are a construct of the SECOND RACE, the long head Tartarian - the bloodline of the elite, and are being disturbed by tectonic action, and or released on purpose. **Keep close watch on children.**

The newly elected master of the *great vessel*, (Earth) might be Nan.nar the new king of the Anun.nakim (new to us, as 1000 of our years is 1 day to them) the hint being the word “shining” since they have “haloes” and are electron beings (the “Menolea” of “One Male”) as usual, Nostradamus is “killing two birds with one stone” which is a very common feature in the quatrains. Earth is always the ship/barque couchant /'kouCHənt/Adjective (of an animal) Lying with the body resting on the legs and the head raised: "two lions couchant". Like the Sphinx At last I now know where the word *Bourbon* fits ... the “happy ones” are those from Procyon, who “work” for the Andromeda Council, just as the word “Ferdinand” means the tall Graals of Cassiopeia alliance – understanding the alliances of Other Worlders is quite intricate **PatronBourbon** abort upon born ^(this is happening now) **Obo burnt Apron** [5G D.E.F.] where the “apron” is the Van Allen Belts (and can be seen in the vignettes) Oboe a double reed instrument REED October 28 – November 24 **ABRUPT ROB NOON** in the middle of **Bruno** [Ursa/Anu] **robot pan** [a hybrid grey] **Pun no bar** [stopping] **robot** (the pun is that BAR means Cancer & Ursa is in Cancer **THIS IS PROBABLY THE SCARIEST OF WARNINGS** because the robot is **Artificial Intelligence** – see **MANNEQUIN** by James Michael Casbolt

I used to feel confident in saying "Yellowstone is safe until 2044", because I have been studying the quatrains of Nostradamus since 1980, and in quatrain 2 65 it had said:

The sloping park great calamity (Yellowstone)

To be done via Hesperia ^(USA) [and] to Insubria ^(Lombardy) the latitudes

Fire in the ship, (vulcan) plague and captivity ^(The ship is our Earth, captivity meaning we are unable to leave)

Mercury in Sagittarius, Saturn will fade ^(A date of December 7 2044) however

L X V
Le parc enclin grande calamité,
Par l'hesperie & Insubre fera:
Le feu en nef, peste & captiuité,
Mercure en l'arc Saturne ne fenera.

However - I have re worked the last line as follows using the CELTIC clues, a recent ^{late 2012} development in decoding Nostradamus, and the CELT clues read like this for the last line:

Mercury is quicksilver, and also the Celt zodiac that is **Cancer** (because Mercury is next to the sun and the sun is Leo) "'Arc" was obsolete for Sagittarius, but can just as easily mean the "heavens" or the "canopy" Saturn has the meaning of "chronos" - time itself (also means "the cannibal") "fenera" - the last French word of this line, (taken from 'fenestra') means "small windows" consequently the last line can now read

(Branton's entire works are at www.davidicke.net/emagazine/vol18/articles/branton-books.html)

In this it states that the Rockefellers are long time members of Bavarian-German secret societies that are determined to bring about one world government. Nelson Rockefeller brought 3000 crack Nazi S.S. agents into US and gave them new identities and positions within their corporate empire, or within allied corporate structures. This was called Project Paperclip. The UN was created by the Bavarian secret orders and is ultimately run from Bavaria. (The Rockefellers own the UN land.) UN police action will be taken against America to confiscate all personal weapons, outlaw all non-sanctioned religious activity and disable freedom of speech that uses technology.

There is already said to be a million UN troops of German, Russian and Chinese origin willing to take the guns of the US population.

The German born Skull and Bones Society, of which Prescott Bush, George Bush Sr. and GW Bush are members, assisted in the financing of the Third Reich in collaboration with the Rockefellers. A former employee of the CIA's Wackenhut Security Organization, which has a strong presence at Area 51 in Nevada, Michael Riconosciuto has implied that fascist infiltrators have taken control of the underground faculties where mind control, bio-genetic and advanced aerospace research are being carried out. The [U.N.] security forces **wear a symbol seen on some of the saucers** and transport craft of the aliens and this is seen on the pockets of the government officials, high government officials of America. The security weapon they use there is called a flash-gun. It may be a high wavelength frequency that blinds you or does something to the body and it's useful against humans and aliens. They use it here in agreement, in case anybody tries to get away. The security system has scales at all doors to weigh you and your ID card is put in a slot. The elevators and lighting system run electromagnetically, installed in the wall construction. THEY THINK THEY ARE GODS

The CIA, FBI, DEA are "The Secret Government" with the CFR and the Trilateral Commission and they are planning to stage an alien contact landing in the near future. Meeting them openly but it's just a show.

With genetic research on Level 6, they say it's the most important thing that humanity's been working on for a long time.

Taking a single human embryo, bringing it up in the laboratory to a full formed whatever all the way through.

They don't need a woman anymore to do it. The scientists think of all the endless possibilities e.g **"We can create our own race."** All the files from the experimental laboratories in Nazi Germany were captured by the Americans and they started on their implant program.

They don't want you to know you have a spirit (or 'thetan' as Scientologists say) so that you can be controlled by genetic and mind control experiments without your spirit stopping it, like a clone.

One person that worked at Dulce saw human-alien and human-animal combinations in cages alive.

People or humans with wings, many legs, claws for hands or different webbed feet etc.

There were crosses between various species of animals in the experimental laboratories and the zoo. Many of them could cry tears and ask for help in Earth language. The workers were told that these people were insane and genetic freaks and not to talk to them that they were involved in high drug experiments to cure their insanity. The people first believed this. But they were drugged to be quiet. Before they let the man out the top here they have to erase his memory, however it didn't always work and some of them had recall under hypnosis. Level 7 is even worse with thousands of human experiments and embryonic humans and mixtures in cold storage or frozen down here. They froze them when they died for experiments later on, or to find out what went wrong. Medical laboratory in universities have big jars with embryos and pieces of people sitting there in formaldehyde.

BRAIN IMPLANTS FOR MIND CONTROL

The Defense Advanced Research Project Agency DARPA set up the mind control experiments to control humans and some of the products of their labs at a distance. Some had transmitters taken out of their heads and photographed them or had them X-rayed still in there. They were experimented on outside the lab to see how they could be controlled in society. In Dulce it is easier to control all of them because it is a very closed area.

There are radio transmitters there right through all the areas. But they used to have to follow people initially with transmitting devices from country to country. It is called RHIC-EDOM. Radio Hypnotic Intercerebral Control - (in the middle of the cerebral areas of the brain. When you radio transmit it you can hear the vibrations or the words or the thoughts coming through.) Electronic Dissolution Of Memory is requested when asked to sign the contract for Dulce. Chemical erasure of memory or an electronic one. In Sweden **they put them in people in hospitals**, or old people's homes or to criminals. They'd drug the coffee in the jail and put one in to keep track, without permission. Oluf Palme gave permission in, when was it 73/74 to insert brain transmitters into the heads of humans covertly without telling them. This was done in US, Russia and Finland too.

The Mount St. Helen's Bigfoot Cover-up Story video

Recall the TEN FOOT YETI?

In the DERO forums somewhere was mentioned the alphabet group helicopters appearing when ever a victim was taken in a National Forest – and that the forests were made “national” in 1909 – meaning there must be a “treaty” somewhere about this.

In this video you will hear witness evidence of a man being brought into the Mt St Helen's rescue operation in order to communicate with Bigfoot, in a search and rescue mission of those Bigfoot which were victims of the erupting mountain.

The man was communicating with a burn survivor Bigfoot and together they were trying to find other survivors.

C+F+ GORILLA described as STAR Gorilla – all along I have been thinking this simply was a cipher for the Ahpee from Sirius, but now, having seen the baby Sasquatch painted by David Huggins on board a Casseopean craft, I wonder if there is a variety of this type of creature from various places. They all seem [ADEPT] to be able to make themselves invisible using sonic resonance, they all seem to be able to use their sinus cavities to change sonic frequencies as a tool or weapon of defence, and there are at least 10 different types people have experienced.

BABY SASQUATCH on board with David Huggins

Huggins claims that he encountered his first alien as a child and that he began to have sexual intercourse with aliens when he was 17.

<http://www.angrypatriotmovement.com/end-gun-control/>

The mainstream media talk about gun control all the time but never like this. A new video has hit the internet, one designed to educate the masses about why more gun control is NOT the answer to curbing violence. Hopefully it isn't yanked off the internet before it has the chance to go viral!

“There Is More Terrorism and Tyranny and Threat Than Ever. We Can Not Let the Sheep Lead Us All to the Slaughter House. Protect yourself and your family,” said the gun control fact-filled video post to Facebook. above

There are TWO types on this planet.
 PREDATORS and PREY.
 Nature gave PREY defensive tools such as sharp horns.
 Take those sharp horns away and the PREDATORS will just keep pouncing.
 That is the nature of the beast.
 Give a potentially defenseless victim protection - such as a gun...
 and the PREDATOR will rethink his attack.
 SIMPLE AS THAT

Gun Violence In America Facts

1. According to the FBI, when states legalize concealed carry of firearms, violent crime immediately drops.
2. For every time one gun is used in a homicide, 79 guns are used in self defense.
3. Each year, 200,000 women use a gun to protect themselves from a rape or sexual assault.
4. Annually, a gun is legally used 2,500,000 times to prevent a crime.
5. Nearly ALL mass shootings have occurred in a gun free zone.
6. When Aurora, Colorado mass killer James Holmes slaughtered innocent people, he chose the only one of 8 area movie theaters showing the same film that also had a “Gun Free Zone” sign posted on the door.
7. There are an untold number of “assault” weapons. Each year, about almost 2,000 people in America are killed with knives or scissors, 584 are killed with clubs or hammers, 872 are killed with bare hands or feet, and more than 100 people are murdered by an attacker using either rope or wire.

- **PARDON DARING NERD** this refers to a computer hacker somewhere who discovered the black space ops. This person must be an English person (**McKinnon?**) due to the UK clue. This means that Putin must have leaned on someone to have the whistle blower released. More importantly – that someone had heard him!

New things have happened that were not previously seen.

Cautionary Note: there are many different races of ETs and non-physical entities **that pose as positively-oriented beings** in order to take advantage of those who are seeking knowledge and enlightenment. While each person must be their own judge of their experience and discern its meaning to their own satisfaction, **it's also easy to be deceived.** Protective measures are always necessary to safeguard individual sovereignty.

- Now that **Gary's** ^{McKinnon} appeal has been rejected by the British House of Lords, it's time for the court of public opinion and the UFO community to come forward to prevent a gross miscarriage of justice. **Gary is being made an example in order to deter not only hackers but also those that question the rule by secrecy** that has become the standard operating procedure of governments - especially that of the U.S.
This tactic is designed to dissuade others from revealing the truth about the secret space program hidden within black projects. It is this program that Gary discovered evidence for in the files of the Pentagon and NASA. We believe that the time to come forward in protest against the rule by secrecy is NOW. “

RECALL ANNUAL TALE : AROUSAL CLAUSES SMELL.

- A reader wrote asking “does Trump win” ?

This one seems provisional, to me it is saying that the Skull & Bones win [RULE] no matter which way it goes, and that is because of the final clue here_ recall those clauses in the Off World ‘treaties’. Which are meant for 2014 but the « annual tale » regards the correct date that needs to be rectified because 2014 was NOT 2014... (the reason the 1690 date was attributed to 2014 was that the R.O. « claimed »

it as a cue date) Later on they refer to it as OUR NINETY YR . Not only was 2014 not 2014, but the equinoxes and solstices are no longer their once fixed days either.

<https://www.nolimitszone.com/solar-warden-the-classified-space-program-developed-using-alien-hi-tech/>

"Among the files, he found there was information about "non-terrestrial officers" numbering in the thousands, as well as data regarding "fleet-to-fleet transfers." As he kept searching, McKinnon an enigmatic kept popping up: Solar Warden.

THERE ARE SOME VERY CREDIBLE, RELIED-UPON PEOPLE, ALL SAYING YES, THERE IS UFO TECHNOLOGY, THERE'S ANTI-GRAVITY, THERE'S FREE ENERGY, AND IT'S EXTRATERRESTRIAL IN ORIGIN AND THEY'VE CAPTURED SPACECRAFT AND REVERSE ENGINEERED THEM.—GARY MCKINNON, THE UFO HACKER

George W. Bush's Justice Department eventually discovered the UFO hacker's intrusion and accused him of committing "the biggest military computer hack of all time." If the United Kingdom were to extradite him to the U.S. he would have faced up to 70 years in prison and millions of dollars in fines. But that never happened and many suspects it was only because McKinnon still possessed crucial information that he used to leverage himself out. More so, his lawyer even had government officials testifying under oath about the existence of the Navy's Space Fleet. Never heard of it?"

"According to McKinnon, the ultra-secret Solar Warden maintains a fleet of various spaceships. It consists of eight massive cigar-shaped mother ships and about four dozen smaller "scout vessels." Hundreds of "Space Marines" are in service aboard these ships and each mothership has an additional crew of approximately 300 scientists and technicians on board. The Space Fleet is operated by the NNSOC (United States Naval Network and Space Operations Command). In 1993, former Lockheed Martin Skunk Works CEO **Ben Rich** held a lecture at the UCLA's James West Alumni Center in Los Angeles. He spoke about the progress registered in space engineering during the previous four decades. The last image in his presentation was that of a black disk "zipping out into outer space" and Ben concluded with the words:

"We now have the technology to take E.T. home" (and that includes stargate technology, see FULL BODY TRANSPORT SYSTEM

In previous pdf forums this would have been highlighted navy blue, but the WARNING here is loud & clear and too numerous to highlight. Just let it be said that both DERO pdf forums and some of the GIANT warnings are about to happen, thanks to your beloved grubberments, WHENEVER you see your grubberment advertising for you to do a particular thing, or eat or drink something; (such as “at least 8 glasses of water per day” meaning “eight glasses of fluoride, chlorine & now lithium”) – you can rest assured they do not spend that advertising money for YOUR good. In the instance shown in this video – that grubberment P.R. (“public relations” with an entire new meaning) IS ALL about fulfilling false treaties made before 1909. Deals arranged so that National Parks became national for the needs of Off World creatures. This is why alphabet group helicopters turn up when ever a person goes missing – not to help find that child or person, but to make sure you do not find out where that stolen person really went.

Alien HIVEMIND Escapes Facility - COVERT DISCLOSURE TWITTER ACCOUNT

**YOU'VE MENTIONED A GOVERNMENT SPONSORED PR
PUSH TO GET PEOPLE INTO THE FORESTS...WHAT IS THE
GOAL OF THIS PR PUSH AND HAS IT STARTED YET?**

Play (k)

5:30 / 11:46

It has begun. A few of my Twitter followers have seen the television ads or heard the PR push on the radio. It's begun and will only become more prevalent as it proceeds into high gear. The goal of this PR push is to get more people into national forests to...(there's no good way to say this, and if you've heard my previous interviews with Fantastic Daily, then you already know what I'm going to say)...serve as test subjects, sport, or food for cryptids and certain alien races.

The only things a government fears are those thing that are the opposite of what a government values most. Every government on Earth values power, which basically requires control and money. So, governments fear having decreased funds and lack of control, which would greatly reduce their power. Full disclosure would strike at the very heart of their worst fears, because it would mean admitting they've been lying, admitting they've been using portions of their populace as sacrificial lambs to keep ETs happy and some cryptids at bay. Not only would this mean that their control would become shakier than ever because of the anger of some of the population, but also due to the fear large portions of the population would have in regards to now knowing aliens are not only out there, but also HERE, as well as the planet being home to species and creatures that have the potential to bump us from the top link on the food chain. What they've been doing isn't right, so their fear of revolution in this case isn't exactly unfounded. Any revolution, even just partially successful (like some states seceding from the US) would throw our existing agreements with ETs into question (best case), or chaos (worst case). There are those feel-good, “we're all united now against a common threat”, kumbaya moments in movies like Independence Day, but those sorts of people are going to be in the minority. There will also be idiotic people (insert appropriate political party here) who want to blindly embrace every alien and cryptid they can form a drum circle around, and that'd just be a bad day for all involved.

Adding here: if you have been reading these pdf forums, you may have come across a couple of mentions regarding the type of propulsion of the AnteChrist-Vril propulsion systems used by their craft. There is much hoopla about the “new” TR3B black triangular craft built by and for your grubber-ment. Take a close look at the propulsion system.

President Eisenhower Had Secret Meetings with Aliens: an Interesting Mythography

President Eisenhower had three secret meetings with aliens, former Pentagon consultant claims Ex-President met with extra-terrestrials on three separate occasions at New Mexico air base Eisenhower and FBI officials organised the meetings by sending out 'telepathic messages'

Eisenhower Met With ETs including the Anunnaki!

It's a story that has circulated in and out of the UFO community for years: Did former U.S. President Dwight D. Eisenhower have three meetings with extraterrestrials?

Former Legislator Issues Statement on Official Eisenhower-Alien Meeting Brief.

The technology they put on show defied belief. "During my two days' visit I saw five separate and distinct types of aircraft being studied and handled by our Air Force officials – with the assistance and permission of the Etherians!... When the Aliens demonstrated their ability to become invisible along with mental telepathy, everyone there was terrified."

More info on the meeting...

How US President General Dwight Eisenhower sold out the human race in pact with rogue [grey] extraterrestrials?

In addition to President Dwight David Eisenhower (Ike) and other top brass, the Muroc Airfield meeting with extraterrestrials on February 20- 21 1954 was attended by a "Wise Men" group of four members of civil society, that is, those who were not politicians, intelligence agents, or members of the armed forces, all in their 80s. They were GERALD LIGHT, a metaphysical scientist; EDWIN NOURSE, a leading economist; JAMES FRANCIS MACINTYRE, bishop and head of the Catholic Church in Los Angeles; and FRANKLIN WINTHROP ALLEN, a well-known journalist.

Says exopolitics scholar Michael Salla:

"The four represented senior leaders of the religious, spiritual, economic, and newspaper communities and were advanced in age and status. They would certainly have been plausible choices for a community delegation that could provide confidential advice on a possible public response to a First Contact event involving extraterrestrial races."

The meeting was at once awesome and terrifying to most of the people present, who thought they had met supernatural beings and the world had come to an end. In a highly emotive letter to a confidante dated April 16 1954, Gerald Light underlined his fear, shock, and bewilderment in the following words: "I had the distinct feeling that the world had come to an end with fantastic realism. For I have never seen so many human beings in a state of complete collapse and confusion, as they realized their own world had indeed ended with such finality as to beggar description."

The meeting was at once awesome and terrifying to most of the people present, who thought they had met supernatural beings and the world had come to an end. In a highly emotive letter to a confidante dated April 16 1954, Gerald Light underlined his fear, shock, and bewilderment in the following words: "I had the distinct feeling that the world had come to an end with fantastic realism. For I have never seen so many human beings in a state of complete collapse and confusion, as they realised their own world had indeed ended with such finality as to beggar description."

Salla, citing Charles Suggs, whose father, a former Navy Commander, was present at the meeting, chronicles the proceedings thus: "Ike along with others...met and spoke with two white-haired Nordics that had pale blue eyes and colourless lips. The spokesman stood a number of feet away from Ike and would not let him approach any closer. A second Nordic stood on the extended ramp of a bi-convex saucer that stood on tripod landing gear on the landing strip... these visitors said they came from another solar system. They posed detailed questions about nuclear testing."

"Beware of the Grays"

Physically, the Nordics looked like humans only they were larger in stature, about 7 to 8 feet tall. They spoke perfect, sweet-sounding English but with an accent. Their speech was conveyed rather mentally than verbally. "There was telepathic communication," Salla says. "It's as though you're hearing a person but they're not speaking."

The ability to disappear (an ability based on pure physics, not magic) and to communicate using thought (again something based on a mastery of biophysical science and not on supernatural ability) was what made Gerald Light characterise the aliens as "Etherians", that is, people who do not dwell in this physical world but can in a flash enter and leave it at will, like "God".

Not all history is recorded and not all history is known. Hence, we will probably never know the full details of the day-long meeting between Ike and the Nordics. What we know for sure is that the Nordics warned Ike about the Aliens – the Grays – who were orbiting the equator, that he should not have anything to do with them as they were a sinister race who would bring untold harm both to Earth and the human population.

The Nordics in fact proposed an alliance with Earthlings to fight the Grays and promised to help us in spiritual development. However, they insisted that an alliance with us would only be possible if the US and any other country on Earth got rid of their nuclear weapons and other armaments programmes.

The Nordics also offered Earthlings very advanced technology for the betterment as opposed to the destruction of mankind. "The Nordics offered to share their superior technology and their spiritual wisdom with Ike if he would agree to eliminate America's nuclear weapons," says Salla. "They were afraid we might blow up some of our nuclear technology and apparently that does something to time and space and it impacts on extraterrestrial races on other planets."

It was a no-deal. Ike rejected the Nordic overture because he did not like the idea of getting rid of nuclear weapons. Apparently, he didn't trust the Nordics. What if it was a ruse and all they were up to was to seize control of the planet eventually? The Nordics advised that Ike think the matter over again and left. But not before they reiterated the warning "**Beware of the Grays**".

MESSENGERS OF "CREATOR ENKI"

The titbits we have about the **Muroc Airfield** meeting do not expressly state that the Nordic Aliens were Anunnaki probably because this was obvious. **But it is clear they were Anunnaki and were emissaries of Enki.** * See the pdf **THE 29 NORDICS**

There are several pointers in this direction. First, they looked exactly like the Sumerians describe the Anunnaki in thousands of cuneiform clay tablets. In any case, the Anunnaki belong to an extraterrestrial race classified as Nordics – towering, albino-white, blue-eyed, blonde-or white-haired in the main (some Anunnaki are red-haired and green-eyed.) **This is how Da Vinci painted him**

Second, the Nordics arrived rather fast, almost out of nowhere.

Their meeting was not scheduled: it was abrupt. What this clearly demonstrates is that they came not from deep in outer space, like the Grays did, but from within the Solar System. We know that the Anunnaki are present on the Moon, Mars, Jupiter's moon Ganymede, and Saturn's moon Titan. They could have scrambled from one of these locations at Enki's electromagnetically relayed signal and with their superluminal spacecraft would have been on Earth in no time. *They actually come from under Antarctica and are the Aryan of Hitler.*

The Nordics were certainly messengers of Enki because they came in peace and were pro-mankind. When the Anunnaki were directly ruling earth 4000 years ago, they were in two factions. One faction was led by Enlil, the Bible's Jehovah/Yahweh, and his clan, and the other was led by Enki and his clan. Enlil treated mankind as serfs or slaves and even wanted us to disappear from the face of the Earth. On the other hand, Enki, who created us, tried his best to elevate us to his equals and to do things that served mankind's best interests. Needless to say, the Anunnaki team that met with Ike must have come from Enki.

*** "and were emissaries of Enki." Did anyone even ask? Even so, they would have received a lie for an answer.**

It is obvious to readers of these works that they were most certainly NOT emissaries of Enki. How easily we are deceived! Why would Enki go to an airfield base in the same area that Valiant Thor was already visiting with his sweet words??

NICE CALENDAR ANTIC ZEAL: ALLOCATED ONE POINTS UP IN ART AT CONCEALED ZEE RADIANCIES, RATTLES CANONICAL

These texts have told us that Da Vinci had an ironical sense of humor. There are reports that Nostradamus had “a biting wit” too. Here, Da Vinci is saying the “nice calendar antic zeal”, a portal event from one date into another, has a person “allocated” to a position where he is pointing up in a piece of artwork (painting) to the hidden Casseopean. (The large “V” and “A” that appears in the ceiling) That the religious in Vatican know it and cannot accept it. Nor can they do anything about it because this particular painting is the famous Last Supper. Da Vinci did the same in other paintings and now we know why. Considering how many times he concealed Casseopea in his works, and that this information comes from one of his own “Riddles” – who are we to question him?

ANTIDS ALLIANCE DECLARATION: PLANET DANCE IS CANCELLATION of LATTER NAZI DAZE/days ORNATE (Halloween) RAT 2020

Antids are Mantids, the Ant People Alliance = the Elohim for the Living Library. The “planet dance” is that of Isaiah, that it is done (and has already begun) to get rid of the Latter Day Nazis “Halloween” (can you picture that!) that they apparently had planned for October 2020

ANNOTATE; CONCEITED SCIENCE ACCIDENTAL LOCATED CERN CRAZED CENTRAL PLANET, OPTIONS LILAC LOTUS LILLIES

CONTRACT CLAUSE RAZED AT CALENDAR DELETION. POPULATION (NO COITAL ZEST, ALL CLITORAL) CAPITALIZES

if, - small word with large meaning – if someone manages to delete the extra 1000 years added to our calendar by changing the “i” to a “1” (just that on its own would make the false treaty clauses null and void i.e. “razed”) then the current population can recover from its lack of libido. This means that there is a connection between the false treaties and the population not breeding as they did once upon a time. We have seen the large number of reasons people are failing as humans – because of the water they drink, the manipulated foods they eat, and their attitude towards Nature.

ATTEND COLLATE LINES PAIRED IN TOTAL UTOPIAN ACCORD: PATIENT PUTIN CAPTIONS UNZIP SATANS POTENCE

This is a directive to the collator. Until Michael Tellingner went to America – against the advice in these texts – he was “the Utopian”. However, since work with Q ANON has begun, the qualifying word “Utopian” has been applied in that direction. Thus, the guidance to Centuries the Second, Quatrain the fifth, that took us to Centuries guidance: 1,4,5,7,9,10 & 11

“Quatrains 14 and or 15” which is described in this pdf has become that directive.

PATIENT PUTIN anyone scrolling through FaceBook lately will have seen the odd additional post purporting to derive from Putin, but in the French language. These memes could be described as “captions”.

Deep High: How they changed "ANTE-Christ" to "Anti-Christ"

deep-high.blogspot.com/2010/.../how-they-changed-ante-christ-to-anti.h...

Feb 15, 2010 - as the realm of the **ANTE-Christ**. So say goodbye to all the illuminati satanic deceivers like Pat Robertson, Hagee, et al – "The original Koine Greek term for the famous "Antichrist" as it's now commonly rendered, is ANTE -not "anti"- meaning to stand before, or to stand in place of, to substitute for, to precede.

When speaking of this third peoples from before Christ, they being hybrid bred with various types of DNA (reptilian, botanical and animal) one would still technically be correct in saying it as ANTIchrist – but NOT as an individual, far from it : as a very large number... and if one has been an avid reader of these Hidden Texts, then the words that come to mind are TEN FOOT YETI of the Elohim Alliances, of which baby Yeti have been painted by David Huggins while on board.

"TEN FOOT YETI, MEAN^{adv} FRAGRANCE; IS FARMER MENDS GREENERY"³²⁴ **C+F+ SASQUATCH in this pdf forum – 6 mentions**
are NOT of any of the various dangerous creatures the COPIESTS have manipulated into life. Those of FEE FIE FOH FUM.

There are several videos doing the rounds where military men have been placed in great danger confronting some of these manipulated creatures, many of which seem to reside in Kentucky. Isn't that where Plum Island facilities moved to?
Additional to the Bigfoot type of template, there are dog headed men of bigfoot stature, and another creature around 12 to 15 feet tall, moves as fast as a motorbike can, uses sonic frequencies (as they all seem to do) can turn invisible, and require dozens of 50mm rounds to slow them down, and two of these to the head to stop them. This is a rough quote from one military man's experience, all the while travelling across seven and a half miles to accomplish. And when the soldiers had accomplished this as a matter of self defense, it was the soldiers who were in military trouble !

One needs to ask WHY. WHY have the Montauk people invented these creatures ? Has it been to fulfil some vague clause in a false treaty ? Isn't it bad enough they have super soldiers and robot killer machines ? Human killers. C+F+DOGMAN

You are NOT correct about Nostradamus. The FIVE times he mentions ANTECHRIST in the Epistle to Henri II were regarding "the third peoples from AntEchrist". And in two quatrains,(8:77 and 10:66) it is also spelt ANTECHRIST. One needs the very original i555, i562 publications of course. You can get them from www.hiddentextsofnostradamus.com
The "third peoples" are those who were alive before the Great Flood "and after". The Second peoples were the long skull Tartarian.

More finds of the true calendar dating:

A person commented that the "Roman numerals always have the "M" for one thousand as a prefix.

He may have been thinking that since Roman times the calendar had always shown it. Yet he did raise an interesting detail that common sense should consider. The "Roman Age" finished long before 1000 A.D. Using Roman Numerals in a daily manner would have been of interest only to those who were either **living concurrently** with the Roman Empire or under Roman influences.

The century of 400 to 500 saw the literal end of Roman rule due to loss of their military and assimilation.

Not only a volcanic event, but a nuclear winter as a result (which continued to middle i.800s, the era of Napoleon).

Thus no grazing for war horses, nor crops. Your historians would have us believe that this was caused by a "Maunder Minimum", and they named it "the Little Ice Age". Rarely will you hear anyone say it was consequent to Vulcanism.*

There are videos about which point out an "age of mud'. These scholars are onto something, but only if they consider a *melting mini ice age*. One that ended in the i-800s, which the likes of Wikipedia would have as 1857 or so.

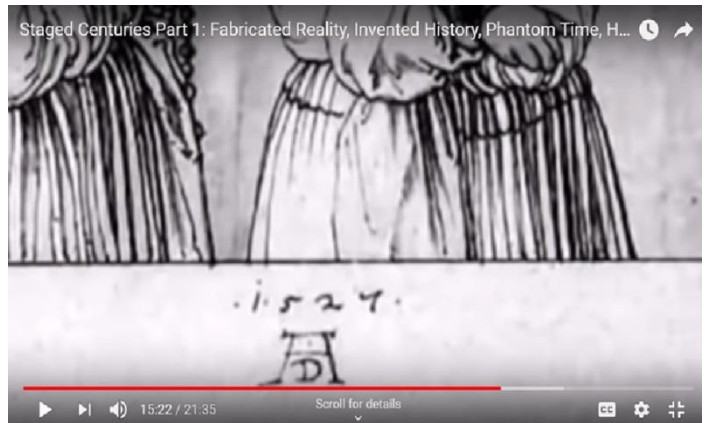

It was these centuries of 400 and 500 that we are now aware in other parts of the world concurrent with Roman rule, included both Da Vinci and Nostradamus. Yet here is a publication dated **IϞ XCVII** which is Roman numerals for the date of 597. The most intriguing part of this particular publication is the date in the Banner. **I·595**. This date in the banner being two years prior to publication date. The **I** for Iesus is shown with the **595**, yet not shown with the **597**. Normally we know the "M" as a 1000 number.

BUT in **archaic Roman numerals**, and that means BEFORE the day of “M” the *first millenium* was shown thus cIo = *within the first millennium*. The archaic 500 was shown as Io which morphed into a D sometime during the middle 500s, during the lifetime of Nostradamus, as had the “M”.

At this juncture I will show here the earliest I have found where **A.D.** was published. This is an important date since it appears as **i.527** (year of our lord Iesus/^{Immanuel} 527 Anno Domini/year of our lord or Anno Domini – the year of domination). **Doubling up on repeating ‘year of our lord’** makes me think the A.D. was for *something else*. Was the publisher trying to tell us? Were they hiding **Ante Diem** in plain sight? **Before the Day**. Now, *that* is what I call a Hint. Where it was more usual to have the **Ao (Anno)** in front of the i prefix. These different details would depend on *where* the publication happened. In what country. Even what the publication was for. The further away in miles from Rome, the slower anything new took on. There are 70 years between these two yet the earlier one seems more advanced, be it by sheer fashion or a by-law, than the staid and legal looking document of the later dated one. I mentioned the Hint, because it was usually up to **publishers** to leave behind clues. Authority affected them just as bitterly as it affected the reading public. E.G. So, in effect, the landing of colonialists on American soil was actually happening at the same time the Roman Empire was taking its last gasp, the same time that Da Vinci had recently finished the Last Supper – and four years before our gift Nostradamus was even born. Eighty three years before pope Gregorius decided to fiddle with the Roman (Julian) calendar, changing it to a fiscal one, removing ten extra days, and calling it the Gothic, 16 years after the death of Nostradamus, who had described this event in 142. *The tenth of the April Calends calculated in Gothic fashion. Hidden in this line is the matter of the extra ten days taken from Julian April/spring first month, and the fact this calendar is named Gothic.*

SUMERIAN FIND IN SOUTHERN CALIFORNIA

, this news is from Jonathan Gray - www.beforeus.com

THE DOCTOR'S STARTLING REPORT

Some time back American professor William Gorentz emailed me with this startling news:

"In 1971, I was part of an archaeology team from a college in California. A man in southern California discovered a cap stone of sorts underneath about 15 inches of soil on his property.

When he had uncovered the stone in its entirety, it measured about 6 feet long by 4 feet wide and weighed about 1900 pounds.

He realized that it seemed there was an empty void beneath the stone, but he was unable to lift it. His suspicion was that he had an ancient Indian burial site on his property.

He called the college; they sent four other men plus myself to check it out. We got there and came to a strong conclusion that it was indeed an ancient burial site.

We arranged with the man, for our archaeology team to come out, lift the stone and check out the site.

Three days later, we arrived on site and began. We lifted the stone, and discovered that it covered the entrance to a man made underground complex of 4 rooms with a total area about 35 feet by 50 feet with stone walls, beams, ceiling and floor which had actual rain drainage grooves cut in it which led into an underground stream.

Inside each of the rooms, were metallic sheets which later turned out to be a variation of ALUMINUM.

Each of these sheets had diagrams of FLYING CRAFT, incredibly detailed star charts, designs for buildings, pictures of various SURGERIES being performed.

The language on the sheets looked familiar, but none of the language experts could decipher them. The best guess was that it may have been a very, very old language that existed during the time or before Sumerian.

Skeletal remains, including skulls found there matched the beings depicted in the pictures and they were about 9 feet in height.

We found the skeletal remains of three of these beings.

We also found down there, what appeared to be clear PLASTIC cubes, yet when you exposed them to fire they got icy cold and when you placed them in ice water, they would get very hot.

One of the team contacted the local police to ask if they would guard the site. The very next day, two U.S. Army officers, a major and a captain arrived with 8 army troops and seized the land from us.

Within days, the property was gutted and filled with fresh soil. Overnight, someone broke into our staff office and stole all the pictures and artifacts we'd collected.

When I challenged the army officers about what they were doing, the major looked at me and said, "It would be a shame to have to kill you right here and now."

Nobody can tell me that the U.S. government is not covering up the fact that thousands of years ago there was a very advanced race here on earth.

One of the pictures even showed these humanoids walking among DINOSAURS.

At one point, it looks as if this craft shifts from a walnut to a cube, to a rectangular shape.. I think we're dealing with something off-world for sure.

<https://www.youtube.com/watch?v=62LKdjdBd8>

The "friendly" ones did visit Russia Dec 26 2012 (video CUBES RUSSIA DEC 26 2012) but they were golden ones.

There are NO craft which can approach america now without being shot out of the skies by Phil Schneider's grayles (which they have been doing since 1864 so nothing to do with "radar").

The only craft safe to be there happen to belong to what people call "fallen angels" and those craft can shape shift. There is one video (somewhere) of a "walnut" changing into a jellyfish (which were painted at the crucifixion). By the way, the cross belongs to the Anakim, and there are crop circles showing that pheon cross morphing into a cube. It was the Oanne Anakim which invented "feuding religions" to keep us divided

Caput is the 1st decan (ten days) in Aries zodiac constellation

ARSENIC refers to the 'arsenites' who use arsenate mercury and gold to make their solar shields. PALACE can mean zodiac house RIBS of Leo/Den.ebola ACNE refers to the Nevus warty greys SARACEN'S HEIR refers to the Templars inheritance, the holy grail of the time portal, buried under Oak Island but HOUSE can mean bloodlines

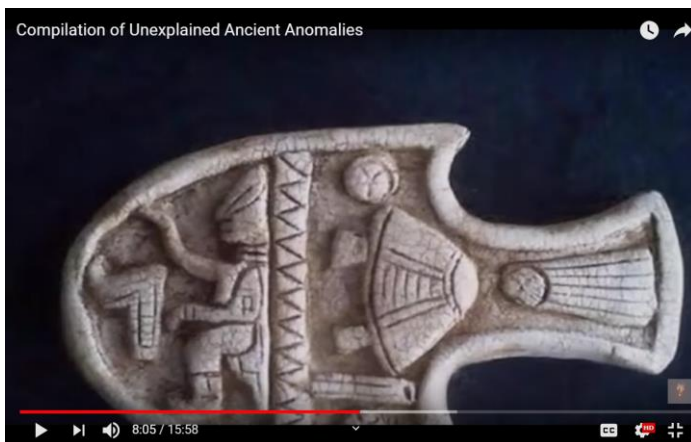

Cap. why did Nostradamus not spell Capet in its entirety ?

Because it is not Capet. It could mean Caput in

Triangulum/Ing/ harvest Cap. is Capella of Auriga, and it

is amusing that et stands for extra terrestrial.

Cap. may also be meant to be in Capricorn.

and here is the blood of the house of Charles "going out"

To ensure he would be aware of the pdf titled his name, I sent him an email.

In this video the narrator speaks of the evidence for great flood damage up to either 14 feet high or 40 feet high, I was
unable to distinguish which he said - but this evidence was on and in the pyramids themselves.

which of course, means the Orions Belt theory can go jump !
at the same time, the truth will now come out when they find
the REAL basis for the design of Pyramid placement was the
Bennu Bird constellation (Phoenixoptera) now called Grus...
which will raise those questions the establsihment has been
trying to hide. They even **renamed** the Cave of the Bennu !
Because Bennu Bird/Crane/Heron is in the SOUTHERN

THE VIDEO

anyone watching this video here needs to understand a couple of things.

1) all Planetarium computer programs were set at Y2K, which has 324 years missing plus 1000 added.

We are in I343, not 2019

2) The planetary alignment in 10 67 is for 3473AD - PROVIDING THAT the Nibiru solar system passover does not move any of the current planets

3) none of the planetarium programs allow for the VORTEX planetary system and have all the planets ON THE SAME PLANE

4) CONCLUSION any erzats earthquake happening May 28/29 will be man made, simply due to QUANTUM ASTROLOGY in which all cause and all affects are separated by a lag, being effected sometimes up to an Earth orbit [year] later.

5) ERGO if an event does happen - it is a FALSE FLAG

The "major earthquake" spoken of will be man made, same as the Fukushima one was.

When you see the Richter scale given as 9.2 - it is really a 10.2 (which is mind-blowing)

because "they" down graded the Richter scale back in 2011 I think it was, in order for people to not realize just how bad the earthquakes are going to become with the passing of the Nibiru solar system

We have seen a line recently that pointed to a size fourteen earthquake.

" <http://worldtruth.tv/planetary-alignment-suggests-huge-9-8-quake-california-28th-may/>

In this video the narrator says:

" Nostradamus also apparently predicted the planetary positions for the day in a mysterious quatrain, where he writes:

The trembling so hard in the month of May,
Saturn, Capricorn, Jupiter, Mercury in Taurus:
Venus also, Cancer, Mars, in Virgo,
Hail will fall larger than an egg.

Before I forget

a Reminder what the "Son of Man" really is.

It is the Jesus stone mason from Carpenter, now known as The Set Square & Compass which the Freemasons revere...

and is part of the Orion Group

The same Jesus set up to become a martyr in order to bend the minds of the populace, as in Mind Kontrol which is what the words "govern" and "ment" mean.

The "Man" that he is "the son of" is Mannuz – the "I-Me" runic skies constellation of Orion.
