PET GOAT NOVEMBER ONE ~ portion two

Where the Crone/Saturn lives is a tower topped by a Templar Cross.

This is the same emblem on Enlil/YHWH's breastplate

This tower has a "helping hand" coming out of the heavens not shown here. The helping hand is those which we call Anun.nakim
It is not God's hand, since the Anu were created by God too

Nostradamus calls these giants "sexual rogues"

Four fingers with wand

"S" for Satan-SaLuSa-SanJasKa

Wand is a date – December 23rd
(as is "Pillar" and the word "Jupiter")

As well as any of the BRANCHES symbolism

And it is in the dark

Remember this message in the binary code held in the hand of an Orion grey crop circle?

> "Beware the bearers of FALSE gifts & their BROKEN PROMISES. Much PAIN but still time.
> Damaged word. Could be BELIEVE
> There is GOOD out there. We Oppose DECEPTION.
> Conduit CLOSING. BELL SOUND".

See the Biobic here has a gift wrapped with a pink ribbon.
The "gifts" are technology which send humanity on the wrong path, a very dark path

DIDJA GET IT?

"I" means the eve of the winter solstice and also Halloween.
It also means Egypt in the "alchemye list" of Nostradamus
Goat is either "in Capricorn" and or Auriga with victim kid…
(one of the "unholy six" of The Second Coming in
Mazzaroth/Mizraim by Miss Frances Rolleston)
The "II" is either eleven as a date, a month, or the eleventh hour
However – added to the 10 of the *second* millennium it is 2012
If it is a Roman numeral for "2" it means the second holo.caust.
The Anun.nakim always work in denominations of 12 or numbers
Which divide into 12… called THE NUMERATORS by Nostradamus
The Anun.nakim's "Planet" is the *eleventh* planet giving us 12 altogether.
Including Nemesis/Planet X in their own solar system.
If you are wondering why the mention of the Anun.nakim has been made –
join the dots to find the puppet masters… because eleven (November) + 1 = 12

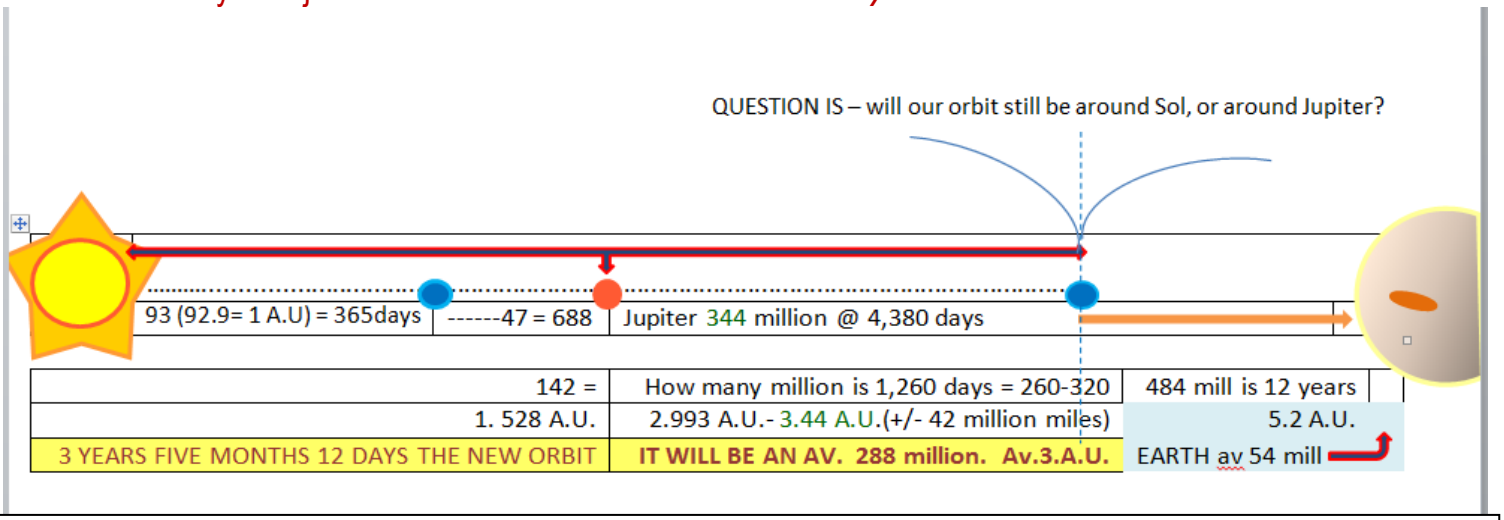
Post Script: from the Lost Book of Cesar, the vignette of ONE MALE (MENOLEA/Light Being)
The last line on the page says:

ST. ON IO - IS NOT O [not O saints ~ the Andromeda council]

"O" is also Othilla rune: cultural inheritance – how appropriate

FINAL WORD: if we are all *"made in 'their' image"…*

That means they look just like we do – *and there is no way in which we can tell*



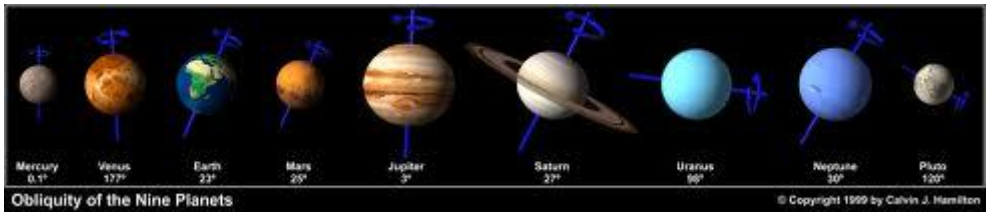
I may have limited myself by my own belief, my lack of credence that the Earth could be moved to the *other side of* Jupiter as stated by Nostradamus. My thinking is that Earth will *orbit* Jupiter – that would fulfill both ideas, of the words of Nostradamus *"from the seventh to the fifth will be". Logic says Earth will need to orbit Jupiter – should Earth remain on a solar orbit she will spend most of her orbit in the depths of unprotected outer space. Should she orbit Jupiter – then Saturn will indeed, be her "shield". Saturn will hold Earth in place. Another idea, shown in a crop circle, is that it is SATURN and JUPITER which move their orbits closer to our sun. In the Lost Book of Cesar there are two vignettes showing TWO SUNS. (Picture last pages) There are also quatrains which say the same.*

5 32
Where all is good, the Sun all beneficial and the Moon
Is (still) abundant, its ruin approaches No moon, no sun
From the sky it advances to change your fortune (sunburst ejection
In the same state as the *seventh rock* EARTH OUT TO JUPITER

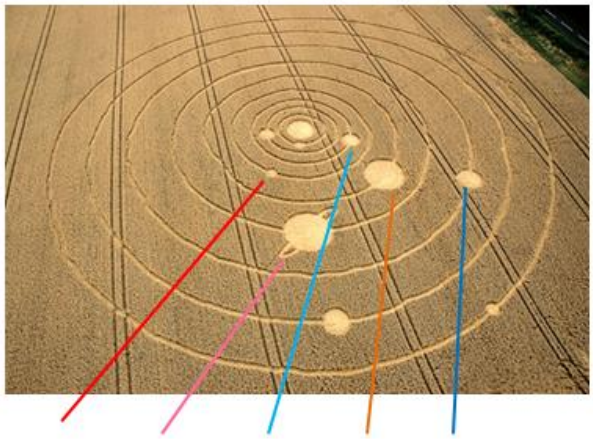
5 98
At forty-eighth climacteric degree (between 39 & 55 degrees
At the end of Cancer very great dryness: (Ursa Major is in Cancer
Fish in sea, river, lake boiled hectic (sunburst ejection
Bearn, Bigorre (249 miles apart) in distress through fire from the sky.

2 88
Le circuit du grand faict ruineux,
Le nom septiesme du cinquiesme sera:
D'un tiers plus grand l'estrange belliqueur:
Mouton, Lutece, Aix ne garantira. Paris = IS APR.
Nostradamus counted outwards-in, like any space traveller would

The circuit (orbit) of the great ruinous deed, (**Nebula of our sun**
The seventh name of the fifth will be:
Earth is the 7th (rock) to the fifth place counting from Pluto
Of the third greater the stranger vexatious: (**Uranus**
Of the three great gas giants, the third greatest will be a problem
Sheep (sheepfold/Ursa), Paris, Aix (Auriga) will not guarantee.



Earth 7 Mars 6 Jupiter 5 Saturn 4 Uranus 3 Neptune 2 Pluto 1
SEVENTH ROCK



THE ORBITS ARE WRONG
I at first thought this was a hoax crop circle.

Our Sun has become quite small
Jupiter has become four times closer.

Saturn in proportion has reversed its comparative size to Jupiter

When taking into account the following quatrains, it makes sense
See how Uranus would be "**vexatious**" to Earth while ever Earth is orbiting Jupiter?

Mars Saturn Earth Jupiter Uranus

The GREAT CYCLE of PRECESSION in 2012 *near renewal JUST AS THE MAYAN CALENDAR SAYS*
1 16 AUGE – *codes within codes* = *AGUE* a fit of shivering following high temperature, which is a good description of a solar flare followed by tectonic plate activity… then being moved off the current orbit to its highest orbit. (The Earth)
Da Vinci used the word TORRENT which means the orbits in relation to the same subject.

The Leonines and the Ophiucus (Antares) are in league with the Anun.nakim for a rapture (the false rapture) Here one can see the word ASCENDING which is the "ascension".
Notice the word ANT.ARES (the main star in Ophiucus/Scorpio) where 'ant' means an insectoide such as a Mantis, and 'ares' means 'manslaughter' – and happens to be the obsolete term for Leo.

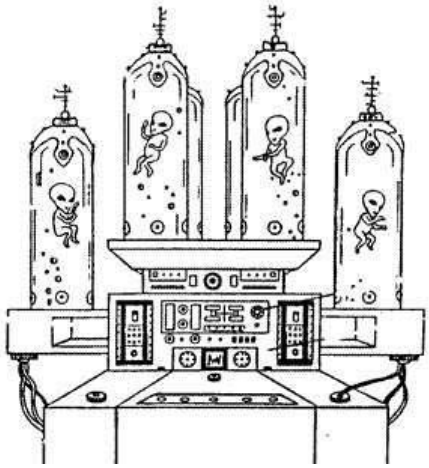
TWO SUNS and a moon



"Clone nursery" of hybrid human-alien foetuses drawn by abductee, Angie.
"One of the aliens touched my forehead," Angie said,
"and a series of graphic images exploded" in my mind.
I saw "a reddish-gold desert planet with two setting suns,"
a "galaxy," a "blood-red" moon and a fiery orange sun exploding," and an "underground city"
before I blacked out. When I regained consciousness, an alien told me their home
was "**Cassiopeia in the heavens**," but that they had made a home for themselves on Earth
before humans *were created.*
