In Revelation 16:22, Jesus refers to himself as, 'the bright and morning star'. Sirius, seven times brighter than any other star in the heavens is that very bright and morning star – if one knows where to look in the southern sky in spring it can be seen with the naked eye in broad sunshine.
This is not a reference to Venus, as Venus is not a star. Hence **Y**sus/**I**sis/Sirius with the "**I**" & "**Y**" as "***ee***" EEsus

It has become apparent that many readers have been unable to comprehend the message from Nostradamus. For this, I take the entire blame. From the beginning of this "chore" it has been my intention to avoid "using words out of my mouth" in an attempt to keep those of Nostradamus clear of mutation.

> **If** it is the "left over letters" which make it difficult to wade through, I cannot disagree, since each left over letter can have up to four different ways of interpreting it. This was the reason I did the forum "*CIPHERS of the LEFT OVER LETTERS*"…
> It then becomes a matter of "trust me" if there is not a concise explanation every single time there is a "left-over" letter!

In almost every single quatrain line Allan UUebber (who constructed the software to read them) has been able to extrude words which on occasions I could not even imagined exist. These words almost always require an explanation. Then there is the placing of the words according to each other. Here is one difficulty because the French language does use a different syntax. Sometimes "Yoda-speak" is easier to read that translated French!

There are some amazing results that came only after Nostradamus explained to me ***how to structure*** the lines. When looking at the over-all picture that a ***quatrein*** (hidden text quatrain) provides – the reader will notice sooner or later that the entire "verse" has a shape of its own. As strange as it does seem, the placing of each line within a quatrein ***lends itself to the meaning*** …

Summarising this forum is very important in this case.
When it comes to our souls we should become as educated as we are able to.

The subject matter here is primarily about warning all of us that there are some things we need to take note of regarding our future. That there are thieves from Other Worlds wanting our souls; and Sirius is just one of them.

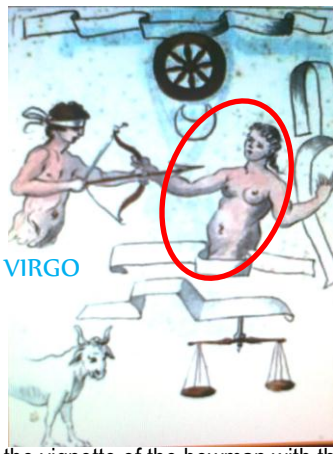
The Vignette with Sagitta has been a puzzle until now. Following research on the word « Hero » it turns out that Sagitta means Hercules which is « Hero », who was 'Utu' of the Anun.nakim . The stance of the bowman is the key…Therefore it is Utu the Hero (a grey) who fixes the 'ordinants' for moving the Earth …and this is what the divided tectonic plates means …



8 88 4 Virgo is also absent from the "MILLWHEEL" of the ZODIACS vignette.

In the vignette of the bowman with the blindfold, the other zodiac signs are also keys. There is Taurus the bull, (the fuse date) the poles shift in Virgo (the arrow is the ordinates and the banners are our view of the Milky Way) and there are the scales of Libra. With the banner over Libra showing a wobble (our view again) and a return to balance indicating 'libration' of the poles in Libra.

There are fallen angels who would try to counterfeit true spiritual LIFE.
You will know them by their 'fruits', and by their obsession with materialism, and their advocation of material means for salvation of spirit, [SUCH AS THE SA.LU.SA MESSAGES] for instance so-called salvation by surrendering to a psionic-electronic COLLECTIVE which discourages free agency, sovereignty, creativity, liberty and self-expression. Such a false 'salvation' tends to KILL the spirit rather than set it free.

ONE MINUTE I WAS READING ABOUT ENKI "DIVIDING THE EARTH AND THE CLOUDS" IN THE LOST CLAY TABLETS OF SUMERIA (ie, creating our atmosphere, which according to the 'six days' of our creation was 545 million to 250 million years ago) AND THAT HE WAS YHWH OF THIS ENTERPRISE, AND THE NEXT MINUTE I WAS READING ABOUT THOSE FROM THE PLEIADES (THE PLEJARENS) WHO TITLE THEIR OWN CAPTAIN/PILOT WITH THE TITLE OF YHWH!
GOOGLE "WES PENRE" (a name provided in the Hidden Texts) FOR THE ANU INFORMATION. THE PLEJAREN INFORMATION CAME FROM NOSTRADAMUS, AS DID THE NAME OF Mr. PENRE!
TO QUOTE: IN Century 8 Quatrain 20 LINE 2: "HEAP PRONUMBER SECRET **VERB**" = *PILOT*
(WHICH IS YHWH, THAT IS; "FIRST IN NUMBER") HEAP BEING THE OBSOLETE NAME FOR THE PLEIADES
From Wes Penre:
When taking part of channelled material, we must consider the agenda of the channelled entity or group consciousness. They can tell us things they want us to know and at the same time exclude what they *don't* want you to know. In addition, different entities have different levels of awareness, and just as with humans, some may be truthful while others lie to push forward their own agenda.
Another thing that is very important to consider is if the channelled entities are giving your power away or not. Only if the information is uplifting and can bring you to a new level of experience is it worth your time. And if they tell you to give your power to someone else than yourself (Ascended Masters or whomever), same thing; close the book, turn off the CD, and start looking elsewhere for valuable material.
A typical example of quality channelling which falls into many of the categories above, is, in my opinion, the Pleiadians, channelled by Barbara Marciniak[1]

In this case, their agenda is known and openly discussed by the entities, and they have been consistently assisting mankind for years as of this writing, without contradicting themselves. Their information is uplifting and educating, and when it's more on the serious side, it always leads to a solution on the other end.
Being open about that they do have a personal agenda and what it is, is a positive thing in itself. Now we know what they want and how they want it, and it's up to us to agree with them or not. We can choose to be part of their agenda and see how it can benefit us, or we can opt out and choose another direction.
According to the Pleiadians, they are us in the future, but also our ancestors. They were part of the genetic engineering of humankind in the ancient past and are now "stuck" in a future timeline, which is not very pleasant to live in. They are directly connected to the events happening here on Earth in this nano-second (see section 1.3 below), and they want us to make more conscious decisions than they did when they were here at this particular time (on their timeline).

They chose a machine world before a more simplistic, conscious reality closer to nature, and their "agenda" is to change their own timeline so that the nightmare they are living in now (our future) can change as well. They are refugees from different star systems; beings who have come together as a collective to contact us and educate us on what is ahead. They say we have free will to do whatever we want, but they are hoping that by teaching us, we will make more conscious decisions than they did in their past.

If their agenda is successful, it could potentially mean that they cease to exist in their reality while we will thrive in ours, but they are willing to take that chance of creating their own extinction. The alternative, they say, is that if we choose the same route as they did, it's a good chance we will end up where they are.

---

[1] Barbara Marciniak, residing in Apex, North Carolina, and this particular group of Pleiadian refugees of a higher multi-dimensional than we humans, are not very fond of the technology we have developed here on Earth up to this point. They don't bash out on technology at large, only how it's used. Therefore, you can find very little of their material on the Internet, but can contact Barbara or her staff at http://pleiadians.com.

OTHER WORLDERS HAVE A HIDDEN PROGRAM *DECEMBER 23* ONE COULD BE 2012
WHICH WE WILL BE MADE AWARE OF THIS DATE
THERE IS MORE THAN ONE "AQTI" (HIDDEN AGENDA).
THERE ARE THREE possibilities SO FAR THAT I HAVE FOUND
FOUR IF YOU INCLUDE **"GOLDEN HOST DOING" AND THE RAPTURE**
In the Lost Manuscript there are three events slated for December 23 – possibly not all the same year.
They could be five hundred years in to the future.

10 77 4 ***Classe espargie delivrez aux Corsaires***
AS REPELS LESS CLASSIER SAGE
XOURCE AZURE AIR SEEPS
SORREL (May 13 – June 9)

ROSARIES (Nov 25-Dec 22)
RICE SIZED CRUEL ICES **Æ** (Sunday)

SAGE means asteroid. AS is the god of the aettir.
LUMINISED DEMON PASSES (is Nibiru) SOURCE of AIR SEEPS
It seems, according to the Meteor Timeline Table, that the GOLDEN HOST is "DOING" in the first asteroid event and the third, but not the second which is Wormwood. The word SAGE has been applied to the Wormwood event everywhere else, but only means 'asteroid' in this event, which seems to be 2012 here

10 77 4 **ROLLS is the poles shifting, the Earth rolling. This is supposed to be from Virgo to 28th of October**
RICE SIZED: could be a pun for President Rice (the 'final president' in 2 96 2) sizing up the disaster

OF ALL SOULS' DAY… falls on **Friday,** November 2, 2012

OCTOBER 31ST – YEW TREE DAY…THE GREAT TRANSLATION. HOW APT

BUT YEW TREE DAY IS ALSO DECEMBER 19/20

whirling themselves round about the universe with great noise, fury and trembling:-
The wind from the east which will rush into the west.
The rays of the sun CME will kindle fire on the earth, whereby that which is beneath the sky will be set alight; and, beaten back by that which impedes them, they will return downwards:- UNDERGROUND
The burning-glass kindles the fire with which the oven is heated, and this has its base standing beneath its vaulted roof.

THE PYRAMIDS UNDER GIZA – THE STAGE GATE

OF REMOVING ALL ON ALL SAINTS' DAY … falls on **Thursday,** November 1, 2012 *("they will come to venerate Thursdays"*

Many shall leave their own dwellings, and shall carry with them all their goods and go to dwell in other lands.

Other clues in the Hidden Texts have been (apart from the multitude of Celtic "Ash" February 18 – March 17) :

10 8 3 Pyramis: October 23 + 9 (Teth) = **NOVEMBER 1ST**

Vignette Cesar's Lost Book: Juno/Februalis (end of which is in Pisces)

and 10 8 3 Sycamore Tree (Mulberry tree, flooding/October 23 (in Scorpio) plus Teth (9 days)

10, 71	The air sea and earth will freeze very greatly

Ce qui sera jamais ne feut si beau,	That which is to come will never be as fair (as it once was)
Des quatre parts le viendront honnorer.	Will come to honour the four parts of it.

"**That which is to come will never be as fair**" this is speaking of the new Earth (and the New Heavens) not being as lovely as the first

"And in the end there will be a New Earth and a New Heaven, and
for prophets there will be no more need*
From the Lost Book of Enki Seal of Endubsar

*This ties in with "ORNAMENT OF HIS TIMES" in several ways…ORNAMENT means the third decan of October. Adding 500 (more or less) to the death of Nostradamus gives 2065/66 the date of Wormwood and by adding the key number (458AD) to the date of publication of the quatrains one gets 2012/2013. In 1 48 "then my prophecies will be accomplished" when another moon takes up its reign and the sun's "days are exhausted". In 6 2 "that several kingdoms one to five will make a change", so this is either counting out from the sun or from outside near Pluto inwards. Either way it is great disruption of orbits.

After they shake the earth **two times more**, they will be joined by the True White Brother, (Tall White) who will become one with them and bring the Purification Day to the world.

[These three "shakings of the earth" do sound exactly like the three asteroid visits. The Golden Host helps out in the first and the third, but not apparently, in the second event, that of the Bible in 2065AD. Nostradamus sent us information which appears in the table of *ASTEROID – COMET - METEOR*.]

AMONGST THE PLACEMENT of the PYRAMIDS

(When using upper case, the words are from a line of the hidden texts within the quatrains)

IT seems to be TOUTATIS that will be the "DOUBLE BOLIDE" with the "QUADRENNIAL" orbit due to approach Earth at the end of 2012.

It will be first acknowledged as a direct problem from *around* December 1ST to the 3rd ("3 nights to tell" 5 83)

This is also the date that the *planets* spell in the layout of the Giza pyramids

(which tell which *STARS* were the home of those that were involved in their construction - i.e. Orion where the stage gate portal is situated). The placement of the pyramids at Giza (the centre of the Earth) *describes* the *PLANET'S* alignment which will be dating the major event in 2012 with MERCURY SATURN VENUS. **The date *is* December 3rd 2012.**

The Celt book by T. Rolleston which I am reading pronounces this asteroid TEUTATIS as in Teutonic, but I have seen people say it is pronounced Towtatis...

The dates are confusing. All that can be said right now (Boxing Day 2011) is that one of the above events is prophesied to occur at Easter and the other in REED. The "*BOON*" of ascension has question marks because there is warning of a FALSE RAPTURE which will pretend to be the "ascension" event… Being pedantic I will point out that the word *"prophesy" has the intention of "possibility"* and the word *"prediction"* has that of *"probably"*. Problems have been arising where timelines have been altering…

Hence the missing 20 minutes from Northern Hemisphere clocks in April & June 2011

So the asteroid near hit helps roll the earth.
The Off Worlders have aimed the asteroid, so this is the method which they accomplish new south and north poles coming from Babel towards Rome - does that reverse the earth's spin? Or just nudge the Earth 4,800 miles over…not to mention rolling off her old orbit onto a new one

In the background of this vignette: of a well-dressed lad and a hard working lad collecting anything they can to eat or drink (see the ribbon out of the tree harvesting dew) in either the Fall (most likely) or the Spring according to the amount of clothing they wear – is what appears to be three suns or two and our moon. The three could be our old sun, and two of the gas giants. The original of this vignette shows the sky and the ground all of the same colour – a bright light blue.
This is saying that it is day time – all day
Should this be the case it means the Earth has one face turned towards one of the suns. This does make sense if Earth found a new orbit around a gas giant depending on it for warmth and not a gaseous ball such as Sol about 109 times the size of the Earth across its face.

Seraphiel is a ruler of Mercury and an Angel of Tuesday.

Seraphiel (Hebrew **שרפיאל**) is the name of an angel in the apocryphal Book of Enoch.

Protector of Metatron, Seraphiel holds the highest rank of the Seraphim with the following directly below him, Jehoel. In some texts, he is referred to as the Angel of Silence. Eponymously named as chief of the Seraphim, one of several for whom this office is claimed, Seraphiel is one of eight judge angels and a prince of the Merkabah.[1] In 3 Enoch, Seraphiel is described as an enormous, brilliant angel as tall as the seven heavens with a face like the face of angels and a body like the body of eagles. He is beautiful like lightning and the light of the morning star. As chief of the seraphim, he is committed to their care and teaches them songs to sing for the glorification of God. In magical lore, Seraphiel is one of the rulers of Tuesday and also the planet Mercury (other name **LORD**). He is invoked ***from the North.***

The **SERAPHIM** are the "FIERY ONES." Usually seen in threes (which divides into twelve)

The SEPHIROT are the ten angels of the Kabbalah. Being the number TEN they will not be involved with the Anu, who always work in twelves' or multiples of 12, such as the "72" virgins waiting in paradise for those of Islam. They also get 80,000 slaves. Divided by 12 that gives 666.666 repeater

This is a concerned warning regarding exactly what the "rapture" is (bearing in mind this word does not appear in the Bible anywhere). Being "caught up" is not the ascension, apparently, but an abduction for the purposes of cannibalism – by the Anun.nakim and their cabal. SOME CATCHING UP FOR THOSE WHO HAVE MISSED THE FORUMS WHICH HAD LINES EXPLAINING MORE ADVANCED MEANS OF DECIPHERING THE QUATRAINS... THE MOST RECENT... AND MOST IMPORTANT; BEING THE CODES WITHIN CODES... THE DECIPHERING OF THE CAPITALIZED WORDS IN THE QUATRAINS

When working on the decoding of the Hidden Texts of Nostradamus, much of the work is using rune alphabet
There is one runic character I balk at using.
Each of the runic characters conveys more than one meaning such as:

> the intention "aspect" of the rune which other people use for divination. One of them is "O" (Othilla) which has as its meaning "cultural inheritance"
> This was applied in the Twin Towers chapter...and when one thinks on it - that is exactly what is happening as a result of that event...however, "O" can be 'orbit' and it can also represent the Andromeda Council

Other intentions of using runic alphabet are when they mean a Celtic Zodiac. The Celt Zodiac is different from ours in that it derives from thousands of years ago therefor all the months are slightly out of whack to the current ones...this is how many of the dates are arrived at in the hidden texts.
Each Celtic "zodiac" has its own rune...each Celtic day of the week has its own rune too, just to confuse things
When Nostradamus wants to refer to a constellation using rune alphabets - this information is derived from the "sky runes" the shape of that constellation. Keeping in mind that he stated in the 'Preface' to his son Cesar:

> **"Perfect knowledge of such things cannot be acquired without divine inspiration, given that all prophetic inspiration derives its initial origin from God Almighty, then from chance and nature.**
> **Since all these portents are produced impartially, prophecy comes to pass partly as predicted.**
> **For understanding created by the intellect cannot be acquired by means of the occult, only by the *aid* of the zodiac, *bringing forth that small flame* *by whose light* part of the future may be discerned.**

WHEN HE SAYS ZODIAC – HE MEANS THE ACTUAL CONSTELLATIONS IN THEIR HOUSES (heavens)
WHEN HE SAYS "houses" HE MEANS the ACTUAL CONSTELLATIONS
WHEN HE SAYS "*aid of bringing forth that small flame*" **it is the small flame in** century 1 quatrain 1**!**

> This blew me away when I first heard of it. Does this mean that the (sky) runes were first invented as a method of using constellations as guidance - literal "this is the way"?
> Is this how the Vikings navigated - by sky runes?
> Nostradamus had this knowledge and used it in the deciphering of his quatrains...the hidden texts and the old quatrains.
> Note that there are 24 runic characters...12 for the constellations which are our zodiac and another twelve for the others.

This proves the runes are not based on our moon and a 13 month Lunar calendar...and also that the runes may have been in use - wait for it
before we had a moon

Back to the interpretations of the hidden texts...

Once one knows that everything in the quatrains is based on obsolete zodiac and obsolete runes... everything becomes clear...to the avid decoder
Just to throw a spanner in the works - and just when the decoder thinks they have it all down pat - Nostradamus provides another method of deciphering the codes. He names them *CODES WITHIN CODES* and they are based on the Celtic Tree month...
but that' enough for now

What I was getting at is the rune "N"
This is Nauthiz. The need. The NECESSITY

In the hidden texts - this means basically CULLING or GENOCIDE -most of which are natural events sent to assist the Earth herself…
a coincidence (?) occurs here in that "N" also is the sky rune for Eridanus
(Enki, Enlil etc who are in alliance with the Anu – or more precise *are* the Anu)
The Celtic date for the rune "N" is February 18 to March 17 in Pisces...
going to the Lost Book of Cesar de Nostredame there is a vignette showing tectonic plates dividing under the symbol of the two fishes ...Mother Earth is doing her own CULLING in Pisces...in 2013 I believe
……

Interesting that the paragraph quoted here written by Michel de Nostredame ***to his son*** Cesar de Nostredame in the Preface -

"Perfect knowledge of such things cannot be acquired without divine inspiration, given that all prophetic inspiration derives its initial origin from God Almighty, then from chance and nature.
Since all these portents are produced impartially, prophecy comes to pass partly as predicted.
For understanding created by the intellect cannot be acquired by means of the occult, [hidden] only by the *Aid* of the zodiac, *bringing forth that small flame by whose light* part of the future may be discerned.

contradicts what Nostradamus said in his Epistle to Henri - as follows:

Viz;

" It is quite true, Sire, that my natural instinct has been inherited from my forebears, **who did not believe in** predicting, and that this is natural instinct has been adjusted and integrated with long calculations. At the same time, I freed my soul, mind and heart of all care, solicitude and vexation.
All of these prerequisites for presaging I achieved in part by means *of the brazen tripod.*
I protest before God and his Saints that I do not propose to insert any writings in this present Epistle that will be contrary to the true Catholic faith, whilst consulting the astronomical calculations to the best of my ability.

Although my calculations may not hold good for all nations, they have, however, **been determined by the celestial movements**, combined with the emotion, handed down to me by my forebears, which comes over me at certain hours.
But the danger of the times, O Most Serene King, requires that such secrets should not be bared **except in enigmatic sentences** having, however, only one sense and meaning, and **nothing ambiguous or amphibological inserted**."

The following words have been highlighted to remind the reader that it is a "stage gate ~ star gate" of which Nostradamus speaks:

"By means of this, past, present and future become one eternity - for all things are naked and open."
Nostradamus in his Preface to the Prophecies 1555 (3 pages from end) to Cesar his son

"such secrets should not be bared except in enigmatic sentences having, however, only one sense and meaning or amphibological [of doubtful meaning] inserted."
Nostradamus in his Epistle to King Henry, 1558 (3rd page)

"All these figures represent the just integration of Holy Scriptures with visible celestial bodies namely, Saturn, Jupiter, Mars and others conjoined, as can be seen at more length in some of the quatrains."
Nostradamus in his Epistle to King Henry, 1558 (3 paragraphs from end)

"Life-threatening Danger"
Kansas abductee interview earthfiles.com

WHAT DID YOU SENSE WAS THE INTENT OF THE BIG NOSED LIZARD/ALLIGATOR CREATURES?
Danger. Life threatening danger.
ANY TELEPATHIC COMMUNICATION FROM NON-HUMANS ABOUT WHAT IT WAS THE BIG NOSED REPTILES WANTED TO DO?
The only thing I can remember consciously is the **lizard things were attacking.**
WHAT HAPPENS NEXT IN THE IMAGES?
I found myself in the middle of what looked like bombed out land like WWII.
There were these lizard-looking things herding humans.
HOW ARE THEY HERDING HUMANS? WHAT CONTROL DID THEY HAVE?
There was a lot of smoke and fire, a lot of buildings crumbled. My thought was that the big nosed lizard types had some weapons, but I did not see any. So, if they did, they were not like a conventional weapon we humans have.
ARE YOU SEEING THE BIG NOSE LIZARDS HOLDING ON TO PEOPLES' ARMS?
Yes, pretty much with force. What I saw was about fifteen or twenty of them in a V-formation pushing people along. If someone fell, they would just pick them up and throw them.
SO THEY WERE EXTREMELY HOSTILE?
Yes. People were very scared for some reason. Nobody seemed to be resisting. I took it that the lizard things used some kind of force so that nobody wanted to mess with them.

This was a comment to an article in *Before Its News*

"I had a dream that I was sitting in my house and a light was shining in my window.
The curtain was closed but the light was really bright and as I walked closer to the curtain the light got brighter so bright that I closed my eyes and I just knew who it was.
I put my head down and said that I can not look upon you.
He called my name and told me I could look up.
I said that I can not look upon you and even in a dream I did not feel worthy to look up.
He told me I could look up. I looked up and it was Jesus and words could not describe how I felt.

The next thing I knew we were walking outside we were not alone.

There were other persons which are angels around us, I could not see them clearly they were out of focus.
I know we talked but I don't remember him saying anything.
I can still remember the smile I had on my face as we walked for a while.
The angels stayed in a circle around us as we walked and then I woke up back in bed.

It was two or three days later I had another dream.

This dream was something that I will never forget.

"I was in a ship that was huge and there were so many people that I could not count them all.
They were all scared but remained quiet. There were men and woman all being packed in a room and I saw why they were being so quite. The sight of these things made me shake with fear.
They were tall and wide at the shoulders with very bony arms their face was sunken in like a rotting pumpkin.
Their whole body glowed slightly like a dim light and they had a hump on their back.
Words are hard to describe the fear that I saw in everyone.
The things that were in control of what was going on were pushing the people in the room and there was no more room for anyone. Then the metal door slid shut really fast and cut one man in half.
What was left of him fell on the floor dead.
Then I heard screaming from the room and the other man that was still standing beside the dead man on the floor. These things then pointed some kind of weapon at the man that was still alive and killed him.
They both lay dead on the floor and I saw what I would call a spirit rise up out of both of them.
The men were talking to each other almost laughing with one another saying that ***they can't do anything to us now.***
That was not the case, they pointed their weapons at them and literally caught their souls on fire.

I will spare you the sounds.
Then they went from souls on fire to two tiny lights which got bigger and brighter and each light became a small child that stood before these things. They were beautiful and perfect except they were made of pure white light.
They had the deepest blue eyes I have ever seen and I started to cry as these things took hold of these children.

These things had a knife of light and began to skin these little children.

I closed my eyes I could not take any more to see are hear these little children scream in agony.
I woke up and could not sleep wondering what I had seen.
It was so real yet seemed so far out of reality that this could ever happen.

I knew that walking with Jesus was the greatest dream ever and sensed the dreams were so close together.
What did it all mean?

I know without a doubt what would make people get on these ships.

I was wide awake standing up when the Lord God picked me up with his right hand and I was sitting in his hand in the air. It really was the twinkling of an eye and I thought I was going to heaven. I saw myself in his hand and it was huge. He showed me the view from his eyes that I was in his hand. It was at that second that I knew that the glory of the Lord Almighty and it was truly amazing he is the KING OF KINGS and LORD OF LORDS. Then I was right back where I was standing. I went to my Bible and opened it to Jeremiah 23:28.

The Prophet that hath a dream, let him tell a dream; and he that hath my word, let him speak my word faithfully. What is the chaff to the wheat? Saith the Lord.
DANIEL 2:31-35
Secret known to Neb-u-chad-nez'zar of what shall be in the later days
The king Neb-u-chad-nez'zar saw a great image. This is a god
The image of the terrible stood before god This is a Nephilim

God cut out the stone without hands which smote the image of iron and clay (Nephilim) and broke them to pieces.

Then god went up and all the Nephilim were carried away and no place would be found for them.
They became like the chaff of the summer threshing floors.
We are the fourth kingdom that is divided and the ***iron mixed with clay***

Is the Nephilim. They will mingle with the seed of man but shall not cleave.
This is the sky and this is the Veil God put up and sealed until the later days.
This is the valley of the shadow of death.
The all seeing eye that the founders of this country left us is a clue to see.
This is why men's hearts will fail them because in the hour of temptation the **Veil**
(see Cesar vignette...in new forum OANNES ANUNNAKI NEPHILIM)
will be lifted and the inequities will be more than the hairs on your head and the world will face this.

Except the 144000 **(NOTE: divisible by 12 – an Anun.nakim O.C.D.)**

Then the dead in Christ will rise (MEN IN BLACK) and also in this same hour the Lord will rebuke us .The ones that remain will be *caught up* (raptured) in the air to meet the Lord
The ships are called birds in the bible and they deal fear and I have seen the evil that is after a man under the sun.

Luke 17;34
Two men in one bed - one will be taken.
This is not the Lord that takes him but the Nephilim.
Two Woman grinding - one will be taken.
We must not fear the earthquake or answer the call of the bird (Nephilim).

Many will be deceived by the news saying that it's a pole shift and to be "rescued" as a result…these super storms **that they are calling hypercane.**

It makes the geological time frame close to the Bible."
