

NORDICS a SUMMARY

This was put together because of a comment made to Linda Moulton Howe:
 "The Nordics will not intervene in the fate of this planet" But which ones?

EPSILON ERIDANI SUPPOSED TO BE IN ALLIANCE WITH THE PLEIADANS-TAU CETIANS. according to Interview with WILLIAM by Linda Moulton Howe – Earthfiles.
 EPSILON ERIDANI aka the "Footstool of Orion" are highly questionable in their alliances. Throughout the Hidden Texts Nostradamus says they are running the United Nations – and that they look just like we do. One exception might be that they can read your mind. It was they who were behind the super-cane Sandy and it is they who have been called the Anu – indeed, the name of their star is Erid.anu. They seem to be one of the five factions of "Anakim"

HIBA :- life's gift

BAHRE on the west coast of India seems like Nepal – high and cold – this ties in with a comment made by Joe Brandt in 1937 where the "Red Sea rose high and dry and Japan slides into the sea" and the December dating fits with all of this and "L.A. the first to go" in 11 42 plus the Almanach which was not an Almanack. Joe Brandt said "it seems like spring". This may not be a good clue to the timing since all our weather has altered somewhat, even with a forum titled "HOT WINTER" A: is also December 21/22nd

THE SYNTHETIC female comes in blonde as well. She whose hair has been analysed for DNA to contain mongoloid-Basque origins.

Those of PROCYON (the “happy ones”) also perform tasks for the Andromeda Council

ARE THE GERMANS DESCENDANTS OF NORDIC ALIENS?

(Nordic is generic – see previous page)

A book written by a German American, Reinhold Schmidt, claims that the author was taken up in a UFO on several occasions. The crew spoke German and he was taken to the South Pole. The Americans forced him into silence. The UFO matched at least 2 German designs. The crew leader claimed he was **from Saturn**.

It could be that Germans along with the Nordic nations are descendants of Nordic ETs, as contactees have said that Pleiadians have confirmed this. There was also a story of a German woman who was being abducted and the ETs spoke German, and they claimed that they had a space station outside our solar system and were the German gods as mentioned in German legends.

Blond blue eyed giants are spoken of in Nordic, Incan, Aztec and North American legends.

Perhaps the Germans did originate from Agartha as the Nazis believed and before that from another planetary system. The Nordic Pleiadians are said to be blood type A - and apparently Hitler was attempting to eliminate all blood types except type A which is genetically Nordic.

¹Runic inscriptions were on the uniform emblems - 2 jagged lightning flashes of the storm god Thor (Orion)

The left hand swastika as chosen by Hitler, was associated with Kali of India and the sun of the underground in its nightly course west to east.

In 1961 Bette and Barney Hill also spoke of a German officer on board during their abduction. Describing also a Grayle.

TECHNOREALITIES: The Fake Second Coming

By Christi Verismo. Part 13 of 16.

via *Crono Visor* – Andrew Bassagio

Dr. James Hurtak was involved in using ground penetrating radar to find a 15,000 year old subterranean complex under the pyramid at Giza, a legacy of Atlantis.

It's rumoured he encountered **"THOTH" (OF THE ANU/HERMES)** down there.

There were massive chambers the size of our largest cathedrals. Paul White writes that hi-tech Flood survivors of the previous civilization arose "after the dust settled" to become the gods of ancient Sumer, Egypt and India.

Tunnels under the Mayan pyramids extend 800 km across the country.

Brotherhood' will 'Externalize' and appear as our 'Masters'.

12 specially created artificial time portals have been created by aliens and human hyperdimensional physicists to enable the chosen few to escape the wrath coming to earth which will kill the masses, which according to him will be through **solar flares and diseases.**

The number 12 is the foundation numeral for what we call the Anun.nakim and this does concern me because there are 12 Centuries in all. However, it still ties in with the words "OUR EyAh" who is opposed to his relatives and their plans

From the Linda Porter interview Linda Moulton Howe where Linda was told the Off Worlders were **"from Cassiopeia in the heavens"**

The EBEN craft in Earth skies are called "bathtubs" by human agents because the EBEN craft are egg-shaped and put down "bent legs" that remind some people of antique bathtubs that rested on ornate, angled legs.

In contrast, the blond humanoids' ships are shaped more like upside down pie plates with three "balls" placed in a triangle pattern on the bottom of the blond "Nordic, or Swede," craft.

EBEN craft and technology are described as so advanced that the best human scientists at Los Alamos cannot grasp the technologies. Travel is inter-dimensional.

According to Ebe, there are at least fourteen different dimensions. Two of those dimensions, the human mind might be able to relate to, but humans would not be able to relate to the other twelve dimensions.

The December 1980 Cash-Landrum craft is supposed to be one set down at Hill AFB, Utah, in 1953 as a "gift" by EBENs. The advanced craft was left powered up, but scientists have been trying to figure out how to make it work ever since. The egg-shaped scout craft that produce flame and scorch plants. The landing leg supports leave deep impressions of a triangle pattern in the soil.

Interesting that the Bolivian abductee and David Huggins both speak of these same craft – then describe the Cassiopeians, being nauseated on arrival inside the craft – just as Nostradamus describes: "pardon vomiting".

Consequent to the following quatrains, the word "noire" came to my attention.

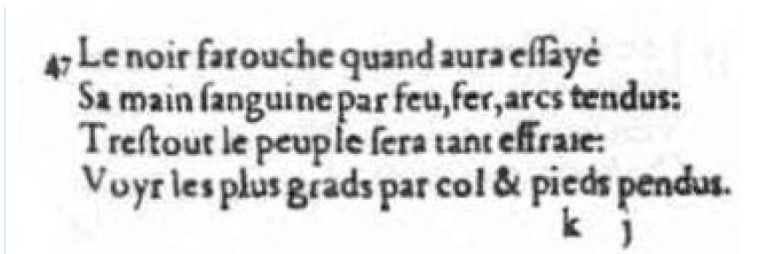

When I searched the "black one" it is all regarding a black leader, so the time is right to compile those quatrains – additional to the NEGRO DESPOT

¹In a book given to me in 1976, called "Men In The Moon" – written by an ex employee of N.A.C.A. later to become N.A.S.A. whose job during his employ was compiling the photographs taken of the moon by the space ventures. He later became a Senator, writing his book using photos smuggled out of N.A.C.A. Stupidly, I lent the book and have never seen it since. His name eludes me and the research I have done to find it has also been unsuccessful. Several of the photos of the rear side of the moon – the face we never see, had huge boulders on which were **runic symbols**.
