**T**here is **nothing** here which contradicts anything stated in the Hidden Texts of Nostradamus  
**h**ere are far too many parallel quatrain lines to even include them. One of the highest concerns in  
**h**e quatrains is the matter of CERN. People forget that there are other positron ray particle colliders too  
 All of these messages from Chani arrived before and up to 2008

"He said there is no second coming of a "Jesus" but there is a second **coming of the "Hitler entity"** and that Hitler entity is already born and living among us for some time now and **will come forward soon.**

Death and cruelty is a **Gateway** we still need to grasp the significance of. Everything else is a deliberate prolonging, distraction, deception and illusion of working with so called light or workers with light.

A light that is wrong in so many ways it is setting our evolvement back for centuries.

Receiving inspirational light messages from beings from the astral will not help us still living on the physical."

**The Elders say we must not trust the astral beings ever!**

**the ilusion of light is the evil here**

**this lite makes importance become impotence**

Many have to make the most influential decision since they incarnated.

Now there are two paths, the material and the spiritual, the material path is being closed. Only the spiritual path will be available.

Religion, science, politics, they are not the main issue.

The main issue is strictly personal.

Humans with many answers think they know more answers, not anybody is going to change their mind. They then consider themselves wise, and most agree. They even give their children to them, and do their work.

They never ask the "who-question", who is asking? who is this illusive i?

**They (Elders) have first hand experience of the deception of so called enlightened astral beings.**

Light has turned into Ego and manipulation and also the agenda of the esoteric plan of deception amongst physical systems (solar systems).

Ego is borne out of light and a misconceive illusion of enlightenment.

It is time for us to stop using the term love as a justification for the actions by our ego.

We now falsely believe light is somehow a forgiveness or a "let out Free" of our Karmic burden.

Our human history is born from an convicted darkness enhanced by to religion and delusional new age thinking.

We are "convicts" on a prison planet and time.

The light is our last and final hinder to true oneness with the Creator energy.

All wil be forced to look within themselves, and define who they are by their actions.

Our existence is from dark matter by the Creator.

Thinking you have light is a contradiction.

Enlightenment comes from the darkness of silence.

from the person who has entanglement with the C hani

There are two kinds of prophecy, or two ways to prophesy.

For example, the ant and the bee and many animals prophesy in regard to an approaching winter.

Even birds begin to fly toward tropical regions whilst it is yet warm weather.

These creatures prophesy by the direct action of vortex currents upon them. They feel what is approaching, BECAUSE THE UNSEEN CAUSE IS ALREADY UPON THEM.(my emphasis/Chani)
