- 1) Bible
- 2) AGRIPPINA (Cornelius)

Nostradamus guided Allan Uebber to read *En Chiffre* (Agrippina) chapter 14 which states:
 “Concerning the bodies of Angels, there is a great dissension betwixt the late Divines, and Philosophers; for **Thomas** affirms that all angels are incorporeal, **yea evil angels**, yet that they do assume bodies sometimes, which after awhile **they put off again...**”

6:66 4 *Terre trembler en Avril, mal enfouetz = Earth to shake in April – all of Earth*
 Terror [terrorists] Enter Fallen Emblem. Zeal Inflamm Touuer MALL, liarz menu
 UN-ERRABLE FELON, METE [provide] IR-REMUNERABLE [non replaceable]
 METER [measure/count] ENUMERABLE TREBLE R (Draco – the triad)
Alminezur Label [chapter] **Fourteen** [of En Chiffre/bad angels].

(Alminezur = numeral iz 14). (En Chiffre is the mysterious ‘Henric’ of the quatrains) This is “direction” to read Chapter 14 of Cornelius Agrippina. Allan Webber had discovered additional direction which led him to the meaning of “Henric”. The body of Agrippina’s work in chapter 14 relates to “good” angels and “bad” angels, **and the fact that they can appear in any form – shape shift.** (Noting the number of this quatrain)

3) **CELTIC RIVER** in the same quatrain 6: 4 which mentions Agrippina. In particular *Celtic Myth* by T Rolleston

Note: “ARMAGEDDON” is composed of: “ARM” obs. for in Gemini and Cepheus the king constellation (see 1: 10) MARGID.DO is Ursa Major with whom the American military have had treaties and from whom Al Qaida is named. The CIA (which are run by Off Worlders invented the name) from Al Kaid the main star in Ursa Major. Al Kaid was Canis Venaticus/Venatici – the Hunting Dogs

4) **CHANI the Elder.** See the Chani Project & the *FUSE YEAR*

“To help researchers get a time frame for when this merging of realities would occur, the Entity gave them **"predictions"** that served as **indicators** for when the time was close. The Entity's abilities and accuracy were verified to researchers by predictions and indicators given during the five years of the CHANI project which did eventuate (these are still classified).

The predictions didn't come all at once, but were obtained/spread over the duration of the research project. Although the Entity was in the "now", he was able to see events in our timeline that he shared with the researchers. Some of these were a cosmic **sonic-boom event and changes to our Sun and Jupiter.** All these predictions were to be used as a sequence of indicators to identify the time (**Fuse Year**) when the big event (**the Merge**) would occur.

5) **DA VINCI**

“the clouds, **riven** (divided) and (Dan in Scorpio) **torn**, swept along **in the path of the wind**, (wind is “Ruach” a pseudonym for the arrival of En.lil/YHWH in Genesis 2) together with storms of sand blown up **from the sea** (*sea* in the Alchemye List means that area of the constellations in which all the nautical named stars are including the headwaters of Erid.anus from Aquarius) shores, and **branches** (including from Virgo, but branch also means DNA, and see all the meanings of the word BRANCH) and leaves caught up by the irresistible fury of the gale and scattered through the air, and with them many other **things of light weight.** The trees and shrubs should [would] be bent to the ground, as though showing their desire to follow the direction of the wind, with their **branches twisted** (mutated DNA or twisted in Virgo – the Earth?) out of their natural growth and their leaves tossed **and inverted.** (The leaves could mean the **land** on Earth, and inverted would then mean “made upside down”) Of the men [“men” is obs. for Aquarius, thus saying that Aquarius has fallen with Andromeda [garment] twisting around that area in the skies) who are there, some should have fallen and be lying wrapped round by their **garments** (meaning either garlanded/October but ‘garment’ in the Alchemye list is the stars of Andromeda) and almost **indistinguishable** (shapeshifters) on account of the dust,^{footnote} [placed before our eyes] and those who are left standing should be behind some tree with their **arms** thrown round it (arms means in Gemini and also means those from Cepheus which are part of the Second Coming, part of ARM.MARGID.DA) to prevent the wind [Ruach/En.lil from **dragging them away**; others should be crouching on the ground, their **hands** (*hands* plural means those from Leo) over their **eyes** (eyes means those from Orion) because of the **dust**^{footnote}, their **garments** and **hair** (“hair” means those from Cassiopeia or Berenice) streaming in the **wind** (Ruach/En.lil god of the air, skies and wind)

Let the sea (those from Crane Crux/Grus Eridanus etc) be wild and tempestuous, and between the crests of its waves (where it is calmer – means those of Tau Ceti in the Whale constellation, but is also a reference to the “fetch” between waves, which is a key word for a time gate) it should be covered with eddying foam, and the wind [Ruach] should carry the finer spray^{footnote} (the disguise or the dust cloud left by Nibiru?) through the stormy [storm means Alcyone in the Pleiades, said to be in alliance with the Ruach/wind/En.lil who is ‘lord of the air’ the YHWH] air after the manner of a thick and all-enveloping mist. [The great Pall]

BRANCHES the mystery word capitalized in Century 1: quatrain 2

de Branches...from brancher the Verb...connect up, to plug in

The same problem arises here that Erika Cheetham had –... the entire word is in capitals .

BRANCH in the obsolete tables HAS SEVERAL INTENTIONS:

ATHENE the branch who gives

ATUM: (Gemini) – Mercury the Messenger

BOUGH: the infant Branch was Coma – thought to have been the Star of Bethlehem.

Is also ASTREA in Virgo Bough (and an asteroid)

BRANCH of Cepheus held in his ARMS

BRANCH: held by Cepheus the crowned king. This is Thurisaz the sky rune, meaning standing at the gateway

BRANCH: held by Boötes the guardian of the flock

BRANCH: of the whale’s tail in Cetus Constellation in the south:

(said by Nostradamus to be come the new North Pole constellation)

BRANCHES – the Seer under Didymus the grammarian

BRANCHUS: SEER by Apollo...to be used here I believe as SEE-ER in 1: 2

BRANCHES of D.N.A.

GRACIOUS BRANCH: Lambada, Mercy. Libra the balance

PALM BRANCH: held by Hercules the hero

PROCYON: the branch, Redeemer be, then in Gemini

SERPHA the branch – He the Desired

VIRGO: the seed to be borne (carried) to fruition:

*"A virgin shall bear a son called the **branch**, the gloriously beautiful, who shall come down and have dominion.*

He shall be desired and longed for, but also he shall be despised and be a sin offering.

He shall be pierced, but will also pierce.

He is the heretofore and the hereafter.

He will come suddenly to rule, subdue, govern and tread under foot". Mazzaroth/Mizraim – the first message

And see the SECOND COMING

So now you see how just one word can convey so many pertinent consistent intentions

- 6) Dr. NEUMANN (time travel) & Dr. Dan BURISCH (He Rod – J Rod)
- 7) EDDURS the Lays <http://fax.libs.uga.edu/> The Viking Sagas, with its Cassiopeian 'gods'
- 8) EN.KI & The LOST TABLETS of UR & EN.KI'S LAMENT (and *The Cosmic Code* by Z. Sitchin)
- 9) JNO Cook(.net) *Saturnian Cosmology*. The advice to read JnoCook came from the words on the page of the same book which other words appeared, namely “ONE MALE” in one of the vignettes of Cesar de Nostredame.
- 10) JOHN DEE and his *Five Books of Angels* these were 40 angels which visited John Dee (contemporaneous with Nostradamus) providing John Dee with an alphabet – the same writing which appeared in the Pleiadian crop circle of July 25th 2010 which can be seen in the forum *NOSTRADAMUS & THE ANGELS*
- 11) MAZZAROTH/MIZRAIM by Miss Frances Rolleston: The astronomical ciphers hidden in the Bible
- 12) Wes PENRE “In his essay, *'Between the Devil and the Returning Rock'* Dr. A.R. Bordon of LPG-C suggests that Reagan may have been talking about the incoming **Ša.AM.e**, (which we know as the Anun.nakim) which makes sense as things seem to be unfolding, if we also take Lord **Utu's** [the Anu Hero] statement into account”.
- 13) RAVESTEIN (he of 15 different names) who wrote about the evil Prince of Dark Men (a negro from Sirius) which subject Tiletanus/Ravestein raised trying to warn the Pope about them not being real Archangels...

TILETANUS = aka Ravesteyn (Ravestein 1506 – 1570 a coincidence that he was contemporaneous with Nostradamus?) works include: "Epistola Ven. Patri Laurentio Villavincencio", against **Baianism**; “was the comma... to be placed after *intento* or after *possent*, the **meaning being reversed** accordingly as the comma came after the one or after the other word”? Thus asked the pope evading the issue at hand: that of Other Worlders

In the template of the Hidden Texts appear several other lines which refer to TILETANUS – ...It is to be pointed out that the word can be broken into ANU, (the Anun.nakim) T (is the sky rune for Ursa Major central their primary stronghold) TILES (for the False Rapture) – they have Maya numerals on them and are meant to be given out to those in the “queue”. In reality these people will be taken to the “piggery” in the sky, says Nostradamus ~ the “elect” will not have to queue for the real event of “being lifted up”. Herein is the difference between those Off Worlders who are doing the false rapture (the Siriac in league with certain Anu...The Mayan numerals on the tiles give this one away, because Quetzal.coatl is an Anu.nakim) and those who genuinely come to help – from the Pleiades, Arcturus and Tau Ceti. It will **be the craft they arrive in** which will give away ...any false shapeshifters pretending to be cat eyed tall blond Dal, the “Nordic” Plejaren or Tau Cetis. See the “SUMMARY OF NORDICS” at the end of PESTILENCES & RADIATION with another to be added – The benevolent UMMO The dangerous craft are those shaped like a rectangle, Roman Candles or cylinder, and the jellyfish or animalistic craft. The cylinder not to be confused with the cigar shaped craft of the Tau Cetis

14) VINCA RUNES as a guide for finding the meaning of “out of place” cipher letters in the template

15) PTOLEMY & the 48 CONSTELLATIONS (now obsolete) but used as ciphers in the texts.

The number 48 can be divided by 12 which is an Anu concept. The Anun.nakim [as we call them] lay claim to the placement of the Zodiac constellations of 12, (13 is only a lunar cycle) which is really saying they had placed the Earth within the station amongst the zodiac “road” sign posts.

16) CELTIC TREE ZODIACS as a guide for finding the month & days provided by key words in the template

17) Andrew Bassagio CRONUS VISOR & Michael Prince/James Casbolt THE DANGERS OF ARTIFICIAL INTELLIGENCE

Although I have not come across their names in the Template of the Hidden Texts, they were both verified by way of words they used. In the case of Bassagio – out of the blue I received an email from him with just two words on it. They were CRONO VISOR. I knew I had seen the word VISOR so I went looking at those lines to find the other word. Sure enough, in no less than 47 lines was the word CRONUS in the same line as VISOR! For me, this type of validation cannot be questioned, so for Bassagio and his parameters, there is truth within.

“MANNEQUIN – The Dangers of Looking Glass and Artificial Intelligence” by James Michael Casbolt also subtitled “The Life & Times of Michael Prince”... while reading the first pages of this I almost cast it aside- before

I stumbled on theses words in the same sentence. Aldebaren and sexual torturers. This brought to my mind the same words in the Template “ALDEBAREN : SEXUAL ROGUES” along with a description of them by both; that is: thick barrelled chest, or in the case of Nostradamus CAUDEX which means “thick trunk”... (and “tail”)

When I see this type of validation, between someone in my timeline saying they have experienced an episode which I know is couched in the Template of the Hidden Texts (something I did not construct) from Michel de Nostredame the most famous abductee of the last 500 years – I can only accept it as given.

18) [SHIPTON, CAYCE, ISAAH, ENOCH, EZEKIEL and many others.](#)

In the case of Ursula Shipton who was contemporaneous with Da Vinci, Dee, Nostradamus & Ravestein, those other prophets from former [Biblical] times and Cayce who was alive in the twentieth century; they all without exception had the exact same message to send to us.

How could this be?

There is only one answer – a time portal. The next question becomes: from whom?

In the following forums (a word used by Nostradamus, meaning a collection of ideas) – we will find out.

19) [WALTER HUNT "SONG IN STONE"](#)

with its insights into Rennes le Chateau, Rosslyn (Rose Lane) and time portals, written as fiction.

It is to be kept in mind that the Alchemye List is **very** old and that "Rose" was a key word for the time gates as were Acorn, Oak, Lily and a very large number of other words..
