Problem is- we are not yet in 2014. **So this must be the "loop hole" in that treaty!** When it was first signed in 1933, with each having a nine year tenure - the ninth treaty matures in 2014. Yet each treaty is not contiguous, they must be re-negotiated every maturing period, **so we are not dependent on something stated in late 1933, (F.D.R.) nor early 1952 (Eisenhower)** two treaty terms after the first. **The 1996 or 2005** (tried to research which dates, but the Dr Dan Burisch files are removed. Just keep in mind he WAS fully named in these texts)

**treaty had Dr Dan Burisch in presence and he ensured that abductions ceased for that tenure, which they did.**

These numerous lines arriving at the moment speaking of repairing the calendar in which the man-snake Lucifer had three centuries removed, fraudulently bringing us forward by 324 years to shorten his own tenure in 'irons'. The False Messiah holograms can be prevented if someone is able to stand up and say:

"be gone, you lying marauder until your full true term is up"

but more urgently get the message to the sleep walking people ...

"this is not yet the time for false harvests" this is only 1690 and we are not yet in 2014...

Therefore when Marduk arrived for Mandela's funeral 2013 - he knowingly had breached his own contract.

Strange how they really believe in "laying down a law" - just witness Monsanto's methods of gaining their fraudulent agendas ... those with death in mind

The "trade in men" clause is now in operation, because Treaty 9 *has come due* in 2014 a date *named* in that clause. Treaty One was signed by F.D.R. in 1933 – each treaty is nine years, and in 2014 Treaty 9 comes about.

APES' PROFILES PICTURESQUE FLOATING (holograms)

APES (Ah-pees) of Sirius which I just realised are shape shifters too. This is the only explanation for the "Aiwazz" (aka *Abus*) which visited Crowley in the guise of Ehwaz... It was Aleister Crowley who termed the word "Ape" in his cult, and it was this "Ape" (Arpu) to which he was referring.

It must have been his own little secret, but this is fully back by an un.numbered quatrain:

UNDER OCTOBRE 2020 (1562 plus 458)

It was Aleister Crowley who was "tacitly listening" in 'viral Avril' producing the book of the *Law Of One*

4. Qu' a fon adois ne voudra accorder

**That was not his parting wish granted** (who – Aiwazz?)

1 42 Vril Did Crowley misinterpret The Law of One?

POSING AUUE refers to the upcoming false rapture. The word OUUE refers to Treaty 9 signed by F.D.R. in 1933. It was Treaty 1 at that time, but it is the ninth treaty which "calls in" the "trade in men" clause.

**This is why the "FEMA" camps have been built, but we are not in 2014 yet, not for another 324 years.**

The *J-ROD45 & TREATY 9* forum has not yet been published. At this stage for 'my eyes only' it seems plus when it was collated the 'triple method' had not yet been found. I can see now why they told me not to publish it yet, as well as *STAGE GATE - STARGATE*.

It is the Elohim/Cassiopeians behind Putin. Judge him by what he DOES. He has suddenly acquired such terrifying technology that the techno-crat yanks have been "surprised" by it. You can bet the greys behind the yanks are not surprised by it, since they would NEVER allow the yanks to have it. BUT the Elohim have it and have made it available to the well balanced Putin. By the way, the GREEN reptilians are all right, in that they do not want to see their Garden of Earth destroyed. You will hear more and more of the land mass of Russia/China kicking up a stink about gen. manipulated organisms because they are doing more harm (to Mother Earth) than "scientists" will admit... this is, as you can see, a star wars scenario with us as the 'meat in the sandwich'. Literally, since FDR signed us all away in 1933 with treaty one, with Treaty Nine maturing in 2014 (trade in men). Each Treaty lasts nine years, so Treaty Nine matures now. This is what the FEMA camps are for - herding people. There are two forms of the horrifying "weapon" Putin can now source. One is mentally supplied by the Leptorrhin "robed ones" sometimes called Elders. They come from Bireo in Cygnus. The other CAN MOVE THE EARTH. It is based on the control of sonic frequencies. Called the Medusine device by Nostradamus, but by Telling, unwittingly called the Sasar.

Richard Hoagland:

Interview transcript - Part 1

R: Remember. this is a nest of lies. The lie is different at every level.

The first lie that the good guys of NASA believed was a report they commissioned themselves - just as Eisenhower was phasing out, and Kennedy was coming in, in 1958-59 and then the early '60s.

This was a report... now remember, NASA itself was only formed 50 years ago, in July of '58. (before that it was N.A.C.A.)

So a half-century ago, President Eisenhower says:

"I can't have all these warring military factions control space. I will create a civilian agency, and it will be the nexus for all peaceful space activity. The Defense Department will conduct all military space operations."

Well, the first thing we show in Dark Mission is that's a lie. NASA is not a civilian space agency. It's a military space agency.

It was always formed under the fiat and control of the National Security Council, Department of Defense, any of the intel agencies. All of its data that are viewed as not appropriate for the public knowledge or concern can be classified.

Even from its own people.

K: So it's not for public knowledge if it has to do with the control of space?

R: If you read, for instance, Buzz Aldrin's first-person testimony in his own books, he talks about how Jay Barbary, who was a colleague of mine from NBC News - I knew Jay back when I was with Cronkite and was just a young whipper-snapper, and Jay is now this senior space correspondent still covering the shuttle for NBC, asking very perceptive questions from the Press Corps - Jay innocently invited Buzz to, I think it was a Kiwanis Club meeting up in Palmdale, which is one of the NASA facilities north of Los Angeles where they in fact have tested a lot of the components of the secret space program and the secret military program, including the shuttle.

And so he invites him into this meeting with a whole bunch of rah, rah, jet jockeys and engineers, the good ol' boy, slap-you-on-the-back network. You know exactly what I'm talking about. And he's sitting on the stage and they've got two chairs for the conversation, and Jay asks Buzz:

**"Well, what did it feel like to walk on the moon for the first time?"**

And in his own book, Buzz Aldrin says that at that moment he became violently ill, he had to rush off the stage, he went out to the alley and *he threw up*. His wife came out all upset because she thought something was seriously wrong, which of course it was. **This is classic aversion therapy.** Classic aversion therapy.

Key Findings from Dark Mission:

1. NASA is a defence agency of the US Government per the original agency charter.
2. NASA withholds data of non-human intelligence for the good of human society per "Brookings."
3. Brookings Institution advised US in 1959 report "Proposed Studies on the Implications of Peaceful Space Activities for Human Affairs" to beware social-economic chaos resulting from alien artifacts found on the Moon or Mars as the 1938 "War of the Worlds" radio broadcast traumatized America.
4. Arthur C. Clarke based the 1968 novel/film "2001: A Space Odyssey" on the Brookings Report.
5. According to Clarke's 1968 Playboy Magazine interview, Stanley Kubrick quoted from Brookings in the film. The following movie dialog being based upon the "Brookings Report":  
"I'm sure you're aware of the extremely grave potential for cultural shock and social disorientation contained in the present situation, if the facts were prematurely and suddenly made public without adequate preparation and conditioning. Anyway, this is the view of the [Space] Council... there must be adequate time for a full study to be made of the situation before any thought can be given to making a public announcement. Oh yes ... as some of you know, the Council has requested that formal security oaths be obtained in writing from everyone who has any knowledge of this event." -- Dr. Heywood Floyd, 2001: A Space Odyssey.
6. As a Manned Spaceflight Controller for NASA's last publicly acknowledged military shuttle mission, I remember taking this formal security oath to safeguard information on such flights. However, unlike all other US Government security oaths I have had in my lifetime, the NASA oath was never "terminated." That is, I never went through a formal debriefing. I questioned this lack of a debrief with NASA Security at the time and was told the Security office was already disbanded and no debriefing would be held.
7. Hoagland's retelling of the "Monuments of Mars" matches the NASA Alert Briefing the controllers and I saw in 1989-90 in the now "non-existent" tape from the JSC Technical Library.
8. Hoagland's explanation of "hyperdimensional physics" is too complex to be included here. Suffice it to say that I have studied the data, examined the historical connections between Oliver Heaviside (1850-1925), James Maxwell (1831-1879), Nikola Tesla (1856-1943), Thomas E. Bearden (1930-), Bruce DePalma (1935-1997), and Harold E Puthoff (1936-); and found the evidence convincing.
9. The multiple-sourced, publicly available NASA photographs of the pyramids, buildings, and connecting roads between the structures on Mars demonstrate the presence of ancient peoples on the planet. This is old news to most space news junkies. Second Astronaut on the Moon, Buzz Aldrin even released a "fiction" book Encounter With Tiber (1996) incorporating many of these Mars details. Aldrin's book had a storyline about ancient lunar structures being discovered by Apollo Astronauts. Arthur C. Clarke (surprise!) even wrote the foreword to Aldrin's book. Because the story line is fiction, any revealed details would not violate Aldrin's formal security oath.  
This was the same approach Galileo Galilei (1564-1642) took with his book "proving" the revolution of the planets - the book was originally written as a work of fiction. Unfortunately, the Catholic Church did not appreciate the humor of Galileo putting the words of the Pope into the mouth of Simplicio (the fool).
10. And, just in case you missed it, there is a connection between NASA's Werner Von Braun and the Disney World "Mission to the Moon" (later restaged as "Mission to Mars," and featured in the excellent Disney produced films "Forbidden Planet" and "Mission to Mars." The latter film's climax is the "Face On Mars." However, coincidences do not make conspiracies.
11. Hoagland does an excellent job detailing the "Operation Paper Clip" removal of Nazi Germany rocket scientists to Texas as detailed in the James Michener's book and 1985 mini-TV series "SPACE" - even including National Archives photographs of Von Braun in his black SS uniform alongside Reichsfuhrer Heinrich Himmler. The occult history of Hitler is well documented by other authors, but Hoagland claims the occult influence extended from the SS to Von Braun to even the selection of NASA Mission Patches.
12. Hoagland sees a connection between Freemasonry (33rd degree), Von Braun\Disney production film "Man in Space," and the "fiction" film's representation of an alien base on the farside of the Moon. It is just another coincidence that CIA Remote Viewer Ingo Swann saw an operational alien base in the same location prior to 1998.
13. The spiritual aspects of UFOlogy, Adolf Hitler's birthday (April 20), 19.5 degrees location of planetary "hotspots" (on the Earth, the Moon, Mars, Jupiter, etc), the number 33 (Launch Complex 33, Shuttle Runway 33, 333 degrees from Egypt's Great Pyramid at Giza leads to JPL in California), and more and more numbers are overwhelmingly discussed by Hoagland in detail.
14. Finally, the greatest surprises in Hoagland's book are in the last ninety pages. These last few pages contain the explosive description of Lunar ruins, mechanical artifacts, and even an (I kid you not) ancient robot head not unlike the one shown in the Star Trek: The Next Generation Mark Twain episode of "Time's Arrow" when Data discovers his death lies in the past of San Francisco. The colour photographs Apollo 17 Astronauts Eugene Cernan (1934-) and Harrison Schmitt (1936-) took of the robot head in Crater Shorty have recently been released to Italian websites by NASA. Italy? Hey, the Catholic Church is headquartered in that nation ... just another coincidence. Hoagland postulates that the mechanical head could have easily been transported back to Earth.

15. Other NASA photographs show crystal domes once covered many of the Maria on the Moon. Apollo 10 photographed at least one unbroken crystal dome, blacked-out in the official NASA print catalog, but if ordered by anyone today shows the intact dome. Since the 1990s, many researchers are specifically ordering these "black-out" lunar catalog prints to be stunned by what actually arrives in the mail. Hoagland publishes many of the photographs.

16. Remember when Apollo 17 deliberately crashed the ascent stage into the Moon to measure the moonquakes using previously implanted seismic monitors? Such a moonquake map would show the placement of the newly revealed structures on the NASA photographs. However, after more than thirty years, the results still remain classified - on a civilian scientific Moon mission.

**By R. Christoffersen:**

**What are the N.W.O. goals and how will they achieve them? Pt 4**

"The one aim of these financiers is world control by the creation of inextinguishable debts." --Henry Ford

The UN is but a long-range, international banking apparatus clearly set up for financial and economic profit by a small group of powerful One-World revolutionaries, hungry for profit and power. -- Curtis Dall,

FDR's son-in-law, Source: Dall's book, *My Exploited Father-in-Law*

**Rear Admiral Chester Ward**, Judge Advocate General of the U.S. Navy, and a former member of the CFR for **16 years**, sounded a warning of the group's intent to the American people: "The most powerful clique in these elitist groups have one objective in common — they want to bring about the surrender of the sovereignty of the national independence of the United States. A second clique of international members in the CFR comprises the Wall Street international bankers and their key agents. Primarily, they want the world banking monopoly from whatever power ends up in the control of global government." [The CFR (Council on Foreign Relations) is a Rockefeller founded tax-exempt foundation. Clearly some CFR dupes decided globalism wasn't such a great idea after all (Chester Ward). Again it is seen that there are several power groups within the larger organization. These groups cooperate with each other towards the same ends as the world of nation-states is to be broken up and parceled out as new region-states with various governance under a one-world-government]

**Dan Smoot**, a former member of the FBI Headquarters staff in Washington, D.C., once said, "The ultimate aim of the CFR is to create a one-world socialist system, and to make the U.S. an official part of it." [Socialism is the softer term used instead of communism in Europe. But since even socialism is not as popular a term in the US as Europe, liberalism is used instead, but no matter the term elitist goals are to move every nation further to the left nearest the communist model as possible. And all the while the US media will proclaim that "communism is dead," a grotesque lie.]

The American people will never knowingly adopt Socialism, but under the name of "liberalism," they will adopt every fragment of the Socialist program until one day America will be a Socialist nation without knowing it happened. --Norman Thomas, American Socialist Party's presidential candidate, 1948

"The CFR, dedicated to one-world government, financed by a number of the largest tax-exempt foundations, and wielding such power and influence over our lives in the areas of finance, business, labor, military, education, and mass communication-media, should be familiar to every American concerned with good government, and with preserving and defending the U.S. Constitution and our free-enterprise system. Yet, the nation's right-to-know machinery, the news media, usually so aggressive in exposures to inform our people, remain conspicuously silent when it comes to the CFR, its members and their activities." -- Congressman John Rarick

"The Council on Foreign Relations (CFR) is the American Branch of a society which originated in England... (and) believes national boundaries should be obliterated and one-world rule established." -- Carroll Quigley, from his book *Tragedy and Hope*, 1966 (analyzed thoroughly by FBI Asst. Director, Cleon Skousen in "The Naked Capitalist")

September 11, 1990 -- **President Bush [Sr]** calls the Gulf War an opportunity for the New World Order. In an address to Congress entitled Toward a New World Order, Mr. Bush says: "The crisis in the Persian Gulf offers a rare opportunity to move toward an historic period of cooperation. Out of these troubled times... a new world order can emerge in which the nations of the world, east and west, north and south, can prosper and live in harmony... Today the new world is struggling to be born."

On December 31, 1990 **Gorbachev** declares that the New World Order would be ushered in by the Gulf Crisis. [Didn't quite happen...yet. They're aiming for a crisis point, a critical mass, to usher in the N.W.O. Clearly, they hope to avoid too much resistance. They don't wield all power, just a pivotal amount that requires the right opportunity.]

Polio, Guillain-Barré Syndrome, and any other names of disease are simply arbitrary names assigned to groups of symptoms and conditions. The symptoms of polio and GBS are so similar, some people feel that Franklin Delano Roosevelt's condition was really GBS and not polio (See: Did FDR Have Guillain-Barré?). There were no flu shots in 1921 when FDR contracted polio, but the tuberculosis vaccine was introduced that year.

To understand how vaccine injuries and deaths are all dealt with in a special "vaccine court" that was set up by Congress, after granting legal immunity to pharmaceutical companies in 1986 for any damages caused by vaccines (and which was then upheld by the Supreme Court in 2011), watch the excellent videos below by Emmy Award winning journalist Ben Swann, as well as the video by The Canary Party, narrated by actor Rob Schneider.

Has Dr Greer yet described these visitors? Even if he did, these are the shape shifters going by their craft.

#### PHILADELPHIA EXPERIMENT

In the meantime, Tesla was named director of the project. He was a friend of president **Franklin Roosevelt**, whom Tesla met in 1917 when FDR was secretary of the Navy. Tesla was asked at that time to do some work for the government for the war effort, which he did. He accepted and became director of the invisibility project until he resigned in 1942. In 1936, after intensive study, they decided to have an initial test of their work. They achieved some partial invisibility. The Navy and everyone else encouraged to continue the work, and the Navy supplied money for research.

Scientists were coming to the United States from Germany until 1939, when the war with Germany was started.

#### Art Greenfield:

I am sure there are many advanced peaceful alien races in our galaxy, but we do not have trade relations and diplomacy with any other advanced races out there because our space-faring advanced Reptilian cousins have first shot at dealing with the other races, because to the other races and the Reps, we are a sub-species who is NOT in control of Earth.

I think it's great that the self-appointed exopoliticians want to have trade relations and diplomacy with the many other races out there, but for other races to try to go around the Repto Sapiens and technologically assist us or help us militarily against the Repto Sapiens would be considered an act of war.

Why do you think that NONE of the other races have EVER presented themselves formally to any world government or to the United Nations?

THEY DID, BUT WERE KNOCKED BACK BY FDR IN 1933

In the past any of those other races that set up shop here without permission were attacked and driven off. Did you think that the aliens who visited ancient India and were flying around in vimanas decided to test nuclear weapons in their own residential area and then depart permanently?

The Repto Sapiens nuked them and shot their craft out of the sky.

This is no joke.
