3 10 3 Monech de faim, lieu prins, captiuite, 1555 publication Monarco starving in lieu of captivity.

Seven times it approaches the marine shore:

MI ON-MEN^{Oannes} **MINIONS**^{elite} **IN PEODIPHILE SIN MEMOS CHAFED ICKE: IS OF PITUITE**^(phlegm) **SPIT PECULIARISM SPECIFIED THE U.N. DEMI-HUMAN** Σ ^{reptoid} **UP MIME IS MI PERILOUS MANIPULATORS OF PITIFUL INHUMANE M.E. MELODIC** (hertz frequency) **SONIC SPERM-ATOCIDE PITTANCE IMPERFECTIONS...IMPLICATION:PUTREFIED HUMANITI**

(David Icke has a small spitting peculiarity, which is absent in the reptilian form, the "mime" is the mimic event of David Icke in the 'Cleveland interview' video (screen shots here) I have been speaking of with Alex Jones – gravel-free voice- and a mimicked wrinkle-free Jesse Ventura) One does need the eye for detail when discerning the real personage from the reptilian copy. The main 'weapon' real humans have against the reptilian shape shifters is their own vanity. Reptoid/reptiloid are greys with a reptilian DNA base, partly biobic and partly reptilian. The grayles of Phil Schneider are these. They 'work' for the Draco race. NOTE: WATCH ALEX JONES' EYES IN THE VERY BEGINNING OF THIS CLIP, & DITTO JESSE'S EYES. ALSO TAKE NOTE OF HOW YOUTHFUL JESSE APPEARS, AND THAT THERE IS A LAG IN SYNCING THE SPEECH

Here is part of the clip - the eyes are orange thru-out and no sign of age which you will see in the very first frame when they first do meet... one frame only yet – I see *the same* with David!

Is this video really propaganda placed by the reptilian faction to guide people towards a way of thinking *AGAINST* David Icke?

Does this answer the question: "Why is it David Icke has not been "dispensed with"?

You are the judge

yet – I see *the same* with David!

Here at 8:44+ you will clearly see his eyes are reptilian. More clearly than I could catch with this screen shot.

Also: with no spitting defect at all

Is this classic Hegelian dialect?

Playing you, the video watcher and *voter* as the idiot? So we have E.Yah saying above to vote for Jesse, the real Jesse Ventura and somehow expecting the voters then to have the means to discern from then on which is which?

I do have one warning: this is *ALSO* edited – from when David gets up, which is when Jesse's head had changed shape along its crest

Can you see the eyes?

Watch them closely in the video, they will do the classic double blink of the reptilian

The commentator has some really good observations as well – "do you believe in God? Show me"

Many of you are going to be thoroughly confused by this last advice from E.Yah, having watched the attack on David Icke by what we all are led to believe was Jesse Ventura. It just came to me that the PROOF that was not Jesse, but a clone or reptilian shape shifter (the latter I am certain of due to the shape of its head changing), followed by that part being edited, deleted in later versions).

Recall how the *real* Jesse is ALWAYS SAYING HE CAN'T TRAVEL? *The video was purported to be at Cleveland*

ALTHOUGH this video was made in 2013 you can see for yourself that David looks much younger than depicted in the photograph here. This photo was taken in 2013 also.

His eyes are not orange here, as they are in the video all the way through it.

RECALL THIS:

- 3 10 3 Monech de faim, lieu prins, captiuite, **Monarco** starving in lieu of captivity. *Seven times it approaches the marine shore:*
MI ON-MEN^{Oannes}**MINIONS**^{the elite} **IN PEODIPHILE SIN MEMOS OF ICKE'S CHAFED PITUITE** (phlegm) **SPIT PECULIARISM**
- Do you see how the “de_il is in the detail”? Here we are being told how to tell the *real* David Icke from the copy. We have already learned in 6 59 3 that the reptilian copies speak peppering their “conversation” with raised voice or venting spleen and anger. **“REPLACEMENT HAS FURIOUS VERBIAGE=***enraged without spitting, ergo not the real Icke.*
 - We have also learned that the reptilian copies are vain, and do not “do” wrinkles, nor ‘gravelly voices’ (Alex Jones) and the **“PITUITE PECULIARISM”** which Icke and many older people do seem to have. So do look closely when suspecting a shape shifter is involved. This spitting detail appears in Centuries 12 quatrain 4 line 4 above and at first glance totally senseless. Until one realizes the paired hidden text line which speaks of the spitting peculiarity of the original Icke (the Jesus soul) Does C.12 line four now make sense? Notice that 12 4 line three pairs 3 10 line three too.
 - In the matter of Putin – there seem to be three differing copies, none of which may be the very original, and one of which may be a reptilian shape shifted, but this reptilian is E.Yah himself. While watching a speech Putin was giving the very first thing which came to mind was how soft he was speaking – then the eyes seemed reptilian to me – thus it struck me why he was so “safe” from any negative antics the elite might attempt, such as the direct sonic beam to the heart, the “heart attack” weapon, not working on Putin.
 - It is saying the *COPY* of Icke – complete with “furious verbiage” and minus spitting defect is “driven out” of the U.K!
 - With confirmation like this we need to keep in mind those other defining details in relation to the copies of:
 - False TELLINGER – prone to corpulence and prone to disparage Nostradamus (when we have actually seen and heard Michael Tellingner say in a video in Holland that he “believes in prophecies”), knowing they come via stargates I guess.
 - False JESSE VENTURA – the copy is not lame, and CAN travel without directing attention to all the metal he has in his body whereas the real one is the LAME one and tries to keep fit, and may have recently had a bit of a facial procedure...

- o False ALEX JONES – no gravelly voice. One should question a man who says he espouses getting rid of the money system yet attacks a man (Icke) who also says the same – and the attack being made using money as an excuse!
- o False DAVID WILCOCK promoting people from elite backgrounds such as *Ben Fulford, Corey Goode, Neil Keenan, and Drake who have all proven to be schills*
- o False CREDO MUTWA speaking against Michael Tellinger and the Ubuntu movement. The Real Mutwa had immense input relating to raising Ubuntu awareness. The real Mutwa would have known that donations were arriving into Tellinger/ Ubuntu's bank accounts thus any huge amount supplied this way by the banksters would not have been seen to be from the banksters whose interest in defaming Tellinger is paramount. Plus these texts told us so. These are merely a small handful of examples, certain I am that the reader can now look for and see for themselves.
- o *Son of Danté* refers to Dante's inferno, in this case a volcano

Yesterday there were two 'men' [on f b] trying to bait me regarding my "religion", wanting to know if I am a "Christian". For one thing – it is no-one's business what I believe in! When I did answer that yes, Yeshua was real and the Shroud of Turin being real, proves it. Not to mention these texts clearly say so.

One responded with:

"you need to study etymology to understand it is Jesus that was his name" (!) Sorry to say [well not sorry] I 'unfriended' this person because I could see he and his friend were on a mission, but my main reason for not becoming more entangled in debate of "j" and "y" was the following article. We have seen that "j" and "Y" became interchangeable in the 1500s and picked up by King Jamesa century later.

[F]ebruary, 2014 - 21:22 aprilholloway

" in March last year when reports flooded the headlines about a newly deciphered Egyptian text, dating back almost 1,200 years, which controversially described Jesus as having the ability to change shape. But just as quickly as the story made its way through major news sites around the world, it disappeared and has hardly been mentioned since. Why has the study and research surrounding this text faded into oblivion?

Why has there been virtually no scholarly debate on the subject?

Written in the Coptic language, the ancient text in the name of St. Cyril of Jerusalem, a distinguished theologian who lived during the fourth century, tells part of the crucifixion story of Jesus with apocryphal plot twists, some of which have never been seen before. They have been revealed thanks to a translation carried out by Roelof Van den Broek of Utrecht University in the Netherlands, and published in the book '*Pseudo-Cyril of Jerusalem On the Life and the Passion of Christ: A Coptic Apocryphon*'.

The ancient text explains **why Judas used a kiss**, specifically, to betray Jesus. According to the canonical bible, the apostle Judas betrays Jesus in exchange for money by using a kiss to identify him leading to Jesus' arrest.

This apocryphal tale explains that the reason Judas used a kiss, specifically, is because Jesus had the ability to change shape.

Then the Jews said to Judas: 'How shall we arrest him [Jesus], for he does not have a single shape but his appearance changes. Sometimes he is ruddy, sometimes he is white, sometimes he is red, sometimes he is wheat coloured, sometimes he is pallid like ascetics, sometimes he is a youth, sometimes an old man' ...

This leads Judas to suggest using a kiss as a means to identify him. If Judas had given the arresters a **description of Jesus he could have changed shape**. By kissing Jesus Judas tells the people exactly who he is.

The Judas Kiss - 'Capture of Christ' by Cimabue, 13th Century AD (Wikimedia Commons)

This understanding of Judas' kiss goes way back.

According to Van den Broek, the explanation of Judas' kiss is first found in Origen, a theologian who lived 185-254 ^{AD}. In his work, *Contra Celsum*, the ancient writer, stated that "to those who saw him ^[Jesus] he did not appear alike to all." Van den Broek is careful to note that he is not suggesting that Jesus was in fact shape changing but only that some people in early Christian times may have thought he was.

The text is one of fifty-five Coptic manuscripts that were found in 1910 by villagers digging for fertilizer at the site of the destroyed Monastery of Archangel Michael of the Desert near **Al Hamuli** in Egypt. Apparently, during the tenth century, monks had buried the monastery's manuscripts in a stone vat for safekeeping. The monastery ceased operations around the early 10th century, and the text was rediscovered in the spring of 1910. In December 1911, it was purchased, along with other texts, by American financier **J.P. Morgan**. His collections, and the text described, are now housed in the Morgan Library and Museum in New York City.

While headlines at the time of the announcement were quite sensationalist and described the text as containing Christianity-shattering information, the publishing scholar never claimed anything of the sort. It is also clear that the text is not a hoax but a **genuine item** published by a respected scholar by a notable academic press (E. J. Brill).

So why hasn't such a fascinating text led to further research, interpretations, or discussion among scholars?
