### Q Anon ~ QAnon

**A reminder that the web site domain name for the real Q Anon was lettered in this manner and NOT Qanon nor Q anon. These are the Copiests misinformation domain name sites & they are very clever at telling you what you want to hear, yet omitting what you need to hear...**

This happened to the Hidden Text of Nostradamus title too. The Chinese told me flat they were going to use it (in 2012) should I like it or not. At the time the website was named the Hidden Text (singular) of Nostradamus. This slotted in very well with the upcoming change of website name due to receiving the *Triple Method*, in 2012.

Additional to MESSSSSIAH (and I only wish I had seen the video/s before the pdf was published), here is a link that in my opinion is no coincidence. Sigourney Weaver is in the three part mini movies which each last about 12 min. In particular – pay attention to the actual creatures – with their crocodilian mouth. Ignore the video titles.

and last but not least - the Casseopean craft hovering over the Romanian church i523 delivering the copper plaque warning to Is ra el ~  
Psalm 130.7 for Is ra el to recognize the truth about the god that sends them to do iniquities. See the pdf forum YAKOB at The Hidden Texts of Nostradamus.

Roman woodcut showing the Cassiopeian craft (say these texts) which is also on the French coin dealing with a reptilian "cigar" or cylindrical craft

Keep that date in mind i 680, the purported date of the French coin

It needs to be understood that Betty Andreasson and her husband both were contactees of the Casseopean, same as David Huggins and Simon Parkes/ and Jim Sparks. Steve Boucher and Linda Porter/ also painted what they saw on board.  
ALL of these people are NAMED in the Hidden Texts.

Additional to this video: it matches autonomous contactees' artwork – thus proving

- 1) the I.S.S. is real. As is the MIR.
- 2) the Black Knights are real, and
- 3) the Earth is round. Using common sense I asked two people who have actually seen it rotund. Two retired Secret Space Pilots.

Telling us we are all 1) « followers » of our sun – and 2) vindicating Sitchin's works. The 'works' include Clay Tablet #10 of Enki which describes the cause of Noah's flood, the timing (Leo Rising) matching Cayce [see the pdf "ADAM & EVE – CIA Report"] and the directive to Noah to collect: 3) 'the seeds of all living things' ~ taking only enough livestock for the journey. - **BUT** it just ccame to me about the false channelling by one of the Barbaras that say they are channelling the Pleiadians. "death not ceasing": there are passages in the bibles that speak of wanting to die but not being able to do so. Albeit, the Kuru Kuru brought on by Hillary's penchant for eating human flesh cannot be removed. The use of clones & walk-in doppelgangers had been a successful ruse in the faces of ignorance.

## IRAN CORNERED

From August 2011

However, Iran will not sit quietly and leave the invaders in peace. (But they did) In August 2011,  
 a top IRGC commander Brigadier General Ali Shadmani envisaged three effective measures to counter any potential act of aggression.  
 1. As Israel is the USA's backyard, Iran will disturb peace there. (But they did not)  
 (The absence of peace in Israel will certainly deny repose to the USA as well.)  
 2. It would take full control of the Strait of Hormuz, (But they did not) the waterway where over 40 percent of all traded oil passes thereby spiraling up  
 the oil prices to a confounding level and dealing a heavy blow to the already deteriorating global economy. (Only amerika thinks like that)  
 3. It would keep a close watch on all American military bases in Afghanistan and Iraq. In case of an attack, Iran will cripple the troops stationed  
 in those bases and incapacitate them of any possible move. (But they did not)  
 In the final analysis, the US hidden agenda in creating Iranophobia is to raise a spectre of a nuclear apocalypse in the world, invade the  
 country in alliance with Israel and the UK and other nefarious powers and eventually get their hands on Iran's myriad resources which they have  
 coveted for so long.  
 In the unholy Israel-US-UK alliance, one cannot say with surety who is the most responsible party for these anti-Iran provocative acts but it  
 seems that the Israeli tail is wagging the US-UK dog.

"Another message similar to Crabwood 2002 in the Old Testament Book of Daniel (Babylon, 570 BC): Gabriel came to me in swift flight. "The prince of Persia (Iran) withstood me for 21 days. Then *Michael*, one of the chief princes, came to help. Now I have come to explain what will happen to your people in the [distant] future: "The king <sup>president</sup> will do as he pleases, for what has been pre-determined must take place. He will honour a [military] "god of fortresses", <sup>Pentagon</sup> unknown to his ancestors. He will attack mighty fortresses with the help of that *foreign (alien?) god*, and will honour those who acknowledge him (it).

To do your own research, use any search engine other than G00GLE, Yahoo or Bing. Such as IxQuick, Yandex or DuckDuckGo. The title of the patent is "METHOD AND APPARATUS FOR ALTERING A REGION IN THE EARTH'S ATMOSPHERE, IONOSPHERE, AND OR MAGNETOSPHERE". You *didn't* think you would find it under "chemtrails", did you?

and see Australia

Noting the date of the patent is January 1985 and the date of the Vatican coin too. By now if you have been a reader of these works you will know about the "Triple Crown" of Rome. The excuse given for the plane represented so, was: "the pope travels for everyone" (spreading pollution as he goes) but this commemorates the chemical trails. Can you see California?

"contrary bands" could refer to the illegals, the "refugees" arranged by Soros: and their opposition, all planned for civil warfare, which is what the word "blood" refers to. But, we are told that 2020 will see the "skies rolling back" of Isaiah and Revelation. The forum "2020" describes this, and to be prepared- "PREPPED" via your root veges planted in your "stepped cellar". Dried and preserved, these veges will become your currency. If you have family pets and you manage to prevent marauders from eating them, desiccated veges can be fed to your pets of all kinds. Should you be a serious "prepper" you will have begun the browsing/grazing pets on a steady regimen to acclimate their new diet. Tschifferly taught his horses to eat banana peels and raider Turks taught their horses to eat a jerky-like form of meat. The original Arabian horse was fed dates and various grains. They learned to spit out the seeds. When it comes to milk, miniature goats can be taught to eat all sorts of fodder. You will need to get started yesterday. Sadly there is very little in the way of natural farmed livestock fodder that is free of genetically manipulated origin. This is the reason for modern racehorses breaking down all over the place.

### CIA REPORT RELEASED UNDER FOIA

Here is another verified incident of a gigantic test of a Soviet [scalar](#) EM howitzer deep within the Soviet Union.

This is a CIA report, released under the Freedom of Information Act.

One can be quite sure that the incident occurred as stated.

The phenomenon was seen from two aircraft approaching Mehrabad Airport in Teheran, Iran on June 17, 1966 and reported by their pilots.

On the far horizon deep within the Soviet Union, an [intense spherical ball of light appeared](#), "sitting on the horizon" so to speak. The globe of light increased to enormous size, dimming as it did so, literally filling an [arc](#) of the distant sky as it expanded. The sighting was shielded from most ground observers' view at the airport itself due to an intervening mountain range which masked most of the phenomenon from the ground.

The silent, expanding globe was observed for four or five minutes before it faded away.

Tehran, Iran, September 19, 1976

""And the data leads, in my view, to an extraterrestrial phenomenon. There's one UFO case – it's a famous one and deservedly so that has never left my consciousness as possibly the most significant UFO case that we have. It's not the Rendlesham case, although I think that's right up there. The case I'm thinking of would be the 1976 Iranian jet fighter incident that took place over the city of Tehran, Iran.

This was back in the days of the Shah when Iran was an ally of the United States. And the reason that I feel this is such a critically important case and that I think any skeptical person who looks into this case is really going to think twice. The reason is that the case itself is utterly spectacular in that we have U. S. defense intelligence agency documents describing in detail two F-4 fighter interceptor fighters in a row scrambled by the Iranian air force sent into investigate an object that the whole city of Tehran was looking at. This bright object displaying all kinds of bizarre lights coming out of it. In this case, that light phenomenon disabled the electronic systems of the F-4 fighter jets as they approached at a range of 25 nautical miles. In one case, the pilot was literally on the verge of pressing a button to fire a missile at the object when his missile system went off line."

September 19, 1976, Tehran, Iran

#### **Cylinder-Shaped UFO Interacts with Two F-4 Jets**

One of the best documented UFO-aircraft incidents, when a UFO was observed flying over the restricted airspace of Tehran, Iran.

Two U.S.-made F-4 Phantom II jet fighters of the Imperial Iranian Air Force were scrambled, but as the pilots closed in on the target, their communications and weapons systems were suddenly jammed.

The incident was confirmed by high ranking officers of the Iranian Air Force and later documented by several agencies of the U.S. military.

During the early morning hours of September 19, 1976, a cylinder-shaped unidentified aerial object that gave a radar return the size of "a 707 tanker," hovered over Tehran, the capital of Iran. The object was recorded on radar and seen by many eyewitnesses on the ground and by the pilots of two American-made F-4 Phantom II jet interceptors flown by Imperial Iranian Air Force. As the pilots approached the UFO, their instrumentation and communications failed. One of the jets prepared to fire a missile at the UFO, but its electronic weapons system suddenly jammed. The incident is documented in a now-declassified October 1976 U.S. Defense Intelligence Agency (DIA) message with a distribution list that included the White House, Secretary of State, Joint Chiefs of Staff, National Security Agency (NSA), and Central Intelligence Agency (CIA). Various high-ranking Iranian military officers directly involved with the events have also gone on public record stating their belief that the object was *not* terrestrial in origin.

MEANING UNDER THE SURFACE IS THE CONTROL, NOT OUT IN FRONT OF US?

**Yes, exactly. And the way you do that is keep the inhabitants not knowing what's really going on and keeping humans so consumed with fighting each other and all the problems that brings, that all we have the time to think about mostly are our Earth[ly] problems.**

We're worried about paychecks and now we're worried about what Russia is going to do in Georgia and we're worried about whether Iran is going to be bombed by the United States or Israel and this dominates our thoughts so we don't see the Big Picture.

*Keeping in mind that no country is ever at real war. Recall Israel is Incorporated with the United States*

**It baffles me that it is still going on. In the early history, there was the obvious benefit of the Custodians having a slave labor force.**

**But now, they don't have that. (Or do they?) Now there is the abduction evidence and great interest in harvesting DNA and doing the hybrid experiments – maybe that's the key to what the agenda is. Our usefulness has changed, but we are still useful in a different way."**

"Inanna by her parents Nannar and Ningal was beloved. Enlil [Her Grandfather] by her cradle sat. Beautiful beyond describing she was, in martial arts with Anunnaki heros [Nibirans on Earth] she competed. A skyship of her own, to roam Earth's skies, to her the Anunnaki presented." [The Lost Book of Enki, Sitchin, 2002 page 250] Inanna and brother Utu, twins of Nannar\* (Enlil's second son), were both Nibirans born on Earth.

Inanna and her twin were long-lived like homeplanet Nibirans. (Note: Nibiru is not the actual name of the planet H. Mead-Parks)

When asked when we might expect major changes to occur, his response is to look at his watch.

Bill Ryan: ...to discuss between us the state of the world, the state of the cosmos as much as we are aware; what may be happening, what may not be happening, *what kind of information we've all been receiving between us*. What is reliable, what is unreliable - what our take is on all of that.

David Wilcock-: Certainly!

When you start to study these 2012 fields and the whole idea of there being a change in the world that's happening right now, invariably you see what my source and other sources have referred to as planetary inconveniences.

Bill: That's a beautiful euphemism...

David: Yes!

Bill: ...I've never heard that one before. [laughter]

Bill: *Planetary inconveniences*... so, if Bush nukes Iran...

Kerry: This is going to be a new-coined phrase.

David: It'll be inconvenient... [laughter]

David: T-B-R, for The Barnes Review: [tbnews.org](http://tbnews.org). **There's a column called Voice of the White House and it has proven itself to be a very valuable source of intel. It's somebody who works within the White House in the Bush administration and who has been sort of secretly letting loose all sorts of insider stuff; telegraphing this, that and the other; and he has said on several occasions now that they are terrified of Obama winning this election. He is not in their pocket at all.\***

Kerry: What is this source saying about war with Iran, for example?

David: They are desperate - desperate to try to get it to happen any way they can - and the National Intelligence estimate was a leak to basically torpedo that from the highest level. That's in there. There's all kinds of stuff in there. They're terrified about Pakistan; terrified that they're going to get a nuclear bomb and they're covering all that up in the media because it's such a scary thing for them. They're terrified about the economy; it's hanging on by a thread. It could go at any moment. They say that the next thing that's going to happen is the credit card crisis. That basically the credit card industry is actually just as bad as the housing industry.

Bill: **Prison camps seem to be real. The deployment of bioweapons seems to be a reality according to information we have privately received from several credible sources. It seems to be real that there's legitimate cause for concern that there may be an attack on Iran with God knows what knock-on effects that are either calculated or uncalculated.**

It seems to me that there are things to be concerned about and that we should responsibly make ourselves aware of - and at the same time, you **are saying that if we give into this and start focusing on this and start putting a lot of attention on this negativity, then we are actually falling straight into the trap of disempowering ourselves because we're falling for the Illuminati agenda.** That's me putting words into your mouth.

David: Okay, right. Kerry: **Now, I'm not disagreeing with the fact that they may be building some prison camps.** There are factions with all kinds of notions about what may happen in the future. You have to say, why are they building? Maybe panic is their big fear."

*\* He is not in their pocket at all.\* Turns out he was in their pocket, and this is just another sneaky dis or mis-information blast from Wilcock*

### Richard Hoagland - Part 1

So you're constantly making decisions when you rely on sources, which we at Enterprise really try not to do. And I'll expand on that in a minute. This individual gave me a stunningly interesting line. In fact it probably was the second most important thing that anybody in public life has ever told me. My first was my old friend **Gene Roddenberry**, which I'll get back to in a second.

This intel agent said to me in one of our early conversations, he reiterated over and over again - it's become kind of like an in joke when we're talking on the phone to each other: **"The lie is different at every level"**. Meaning: that even the people who are in front of the camera spinning, telling you that the dollar is crashing, telling you that we're running out of oil, telling you that we have to nuke Iran before they nuke us, telling you that Saddam had weapons of mass destruction, most of those people really *believe* what they're telling you. They've been told lies by people that *they* trust.

So the lie goes up the line. Every little group is controlled and contained and constrained by being fed exactly how much BS they will believe. So they can come out in front of the cameras at like the National Press Club, or at the White House when the President's spokesperson comes out. She *believes* 99% of the stuff she's saying; she's not in on the lie. She doesn't know it's a lie because if she did she couldn't be the actress that she is. That's why we went in and invaded Iraq, because he was going to go to the Euro.

The Iranians just went to the Euro; we're threatening nuclear war. Gosh! Let's put those dots together.

It's about political and economic control.

So you go out to the moon, or you go to Mars, or one of the moons of Jupiter, and you find a **working alternative energy power plant that's the size of a teacup and it can run half a city.**

Do you want that in the public data stream? Do you want people to realize there's a way to do things without drilling in the Middle East and all political and economic infrastructures that's been built up?

INTERVIEW WITH WILLIAM – TAU CETIANS...Project Camelot

However, he does recall the vivid details, which include a nuclear exchange between Iran and Israel, and the US becoming involved. He saw great destruction and subsequent economic collapse. Following this, he was shown large explosions in a number of American cities which were *not* the result of incoming missiles. The result was martial law in a number of areas in the US and (in some places) scenes and situations similar to those in the TV series *Jericho*.

**Important note:** the ETs told William that this timeline was only probable (in **1969**) and was not fixed. He was told it could be changed, and whether these events transpired or not was entirely up to humanity. “WHAT ARE THE TARGETS OF ISRAEL? L M H (earthfiles.com Linda Moulton Howe)

I think Iran.

ISRAELIS ARE ATTACKING IRAN IN 2009. WAS ANY MONTH GIVEN?

I remember it was **in the springtime.** (Northern?)

SPRING OF 2009. AND WITH THE LAUNCH OF MISSILES FROM ISRAEL TO IRAN POSSIBLY, WHAT DID THE UNITED STATES DO?

They were fighting back. That’s when things started happening here. It’s like everything happened at once in all these different places.

WHAT DID YOU SEE HAPPENING IN THE UNITED STATES?

Not good things. One of the things that was frightening to me was like the police were keeping all the people controlled.

There weren’t a lot of people traveling around and then suddenly there were all these different explosions in different cities.

And the only thing I’ve seen that reminds me anything of what I saw in the black cube is the TV show, *Jericho*.

That’s kind of a similar scenario that I saw.

MEANING THERE WERE MISSILE ATTACKS ON THE U. S.?

No. They weren’t missile attacks. **Whatever was being exploded was already here.** (such as NUCLEAR HOLOGRAMS)

SO, IS MARTIAL LAW APPLIED COAST TO COAST AND BORDER TO BORDER? OR ONLY IN SPECIFIC PLACES?

I think it was only specific places. But there was enough martial law that you could not go any place. The black cube gave me the impression that the place to go was near the equator down south because that would be safer – there and south of the equator.

North of the equator it would not be safe. The reason was because of the prevailing wind flow.”

BOB DEAN PROJECT CAMELOT

BD: Well, hold onto it. It’s gold.

KC: Uh huh.

BD: But Ingo [Swann] is gold, himself.

KC: OK. But let’s kind of move back to the question, because I want to get, sort of, drilled down to this answer. **So they’re still at war?**

BD: They still have a difference of opinion about us. **Now, whether Enlil and...**

KC: Enki.

**BD: Ea... Enki...** He goes by two names. Whether they still are alive or not... With the genetic geniuses that they have been, that they are, they can genetically manipulate... You know, they ingeniously genetically manipulated their own chromosomes, DNA, till they literally have become **practically immortal.**

Now, I wouldn’t be a bit surprised if Enki and Enlil may still be alive. Maybe they’re running around with a cane, like I do, [Kerry laughs] grunting and groaning. You know, they’ve got the great-great-grandkids doing the running and... I don’t know that, and I’m sure that no one else does. But, apparently the factions are still divided, **and the one side wants to use us as they always did.** And the other side wants to give us the **opportunity to be our own species, to chart our own future, and to call... you know, to determine our own lives.** And there apparently has been this difference of opinion going on.

KC: So, when we get back to the national security state, and the state of the U.S. right here and now... I mean, you’re an ex-military. I hardly want to call you “ex” because I think you’re, in some ways, probably still consulted here and there.

**You know, we’re about to go to war with Iran...**

BD: **No, we’re not.**

KC: What’s your perspective on this? We’re not?

BD: **No, we’re not.** KC: OK.

BD: And that’s my opinion, for whatever it’s worth, you know. KC: Sure.

BD: I have a half-penny in my pocket... **I don’t believe that we’re going to have a nuclear war because I don’t think the custodians will allow it. The planet is too valuable.** It’s too rich a reservoir of *life*. Not only the humans that are here on this planet, but all the other creatures. This planet is an absolute cornucopia of beautiful, beautiful forms of life. And, not only that, but the... What is it? The fauna and the... what’s the other term? Flora

**BILL DEAGLE PART 3 PROJECT CAMELOT**

BD: I hope this kind of gets people to kind of drop their old paradigms and I hope I get them to, you know, like Marshall McLuen, “tune in and drop out.” In other words, drop out of false lies, whether it’s politics or religion or thinking these other things are solutions. Become personally responsible. Become public and interact with other people.

Don’t think that, by default, if you don’t say anything about it you’re not responsible for the death of 15- to 32-million **Iranians and a radiation cloud that circulates the planet and destroys your own health.** KC: Right.

BD: The sins of *omission* are greater than the sins of commission.

And the sins of *silence* are greater than the sins of action.

BD: They use it as a final focal point.

KC: You mean they're going to attack Iran, and in return...

BD: Yeah, or the threat of an attack will set in motion the peace treaty that'll partition the State of Israel. Just think of it this way. Logically, if you're from another world and you were to see a nation that's the size of, you know, a little tiny strip of land anywhere from 10 to 16 miles long -- the third nuclear power... Probably the most advanced in terms of biological weapons on the planet is the State of Israel.

KC: Yes.

BD: They're number one.

BD: The ones who put the bombs in the buildings were contract. They could have been any secret agency but they happened to be very experienced Israeli Mossad agents who put the bombs in the World Trade Center.

Now they do that **because they want to have a hatred of Jewish people**. And I'm not an anti-Semite -- I have Jewish blood, Iranian blood, Armenian blood, etcetera, so I have...

KC: Why would the Mossad want hatred of Jewish people?

BD: It's part of their dialectic of control. BR: Mm hm.

BD: Just like the death of millions of Jews in the Second World War was actually at the hands of not only the Sabbatians who want to cleanse the whole, if you want to call it, the whole people of Israel of anyone who "had any religious Torah belief in a Creator God." So they had an anti-messiah, an anti-God, a we-are-God.

The real purpose of the Kabbalah, if you want -- the highest level, which is the highest level of all Masonry, is Kabbalah. Right? -- is that we are... The revelation is:

**You are the Luciferic-Satanic power.** You don't need to go to a higher God; you are god.

## GEORGE GREEN PART 2 PROJECT CAMELOT

BR: **Nuclear war in the northern hemisphere.**

GG: Right.

BR: That sounds more than just taking out a few facilities in Iran. What are you referring to?

GG: Well, first of all, there's three nuclear submarines on the west coast, from Russia. There's three on the east coast. These are their new ones, I have all their data, somewhere. They're two football fields in length, five stories tall and they have nuclear... they're able to go eighty miles an hour under the water, totally undetected. We can't detect them.

**Their targets are all the major cities on the west coast.** On the east coast, obviously Washington, D.C., New York, Atlanta, the ports that bring in the stuff, 'cause they want to... they can bring us down.

GG: So, this is all part of the bigger game on this thing, but they got to get the war started in the Middle East. When will that start? Keep watching the news, because they keep telling you to hate China right now, even over the Olympics and all the other things, they're going to try to do things. 'Cause China has the ability to wipe it out now.

Bush had a meeting with Putin. Putin flew over to Kennebunkport and met with Bush. This was a few months ago. And Putin basically told Bush, *you don't go after Iran*, because you know, *you took out the Raman oilfield, that was our field and we were running it*; and Russians were running that anyway. Says, *you're not going to do it in Iran*.

GG: *You do that, you begin World War III.* So he's backed off a little bit on that. So, what they're trying to do now is get Syria and the other "enemy countries" squared away and there's going to be a missile, whether it comes out of Israel, who has Netanyahu who says we control Washington anyway, where they're controlling all the game.

GG: Let's go play the game and get it going. I watch, as soon as you see a missile, hitting the Middle East, whether it hits Israel or Iran on it, you want to be out of the country.

KC: Out of *this* country.

GG: That was because they were going on the Bourse. You know, Iran went on the Bourse as a trading instrument to get off the dollar. By treaty, it was agreed that the dollar was the trading of the oil and they're all getting off of that. They're going to the Euro -

GG: Well, Iran has set up the Bourse Treaty. When they did that they were going to put that in effect last month. And, *conveniently* all the cables got cut so they couldn't have the communications to make the transfers out of New York. Well, New York's about ready to collapse. In fact, I can see New York vaporized.

## JIM MARRS

Why the rush? Well, because they had to get control over all of this information. What the National Security Act of 1947 did was create the CIA and also change the name of the Defense Department... *War* Department to the *Defense* Department; a little public relations move.

But also in there -- and what has been little noticed -- was the creation of the National Security Council. Well, by very definition, that's in charge of anything that has to do with national security. UFOs? National security. Nazi infiltration? National security. High technology? National security. And, since the National Security Council -- and we hear this all the time, almost any time that we've gone to fight some brushfire war and the Iran-Contra scandal, on and on -- it's always the National Security Council is involved. And yet, I'll bet you virtually no one listening knows *who* is the National Security Council. Well I'll tell you. It's four people: it's the President, the Vice President, the Secretaries of State and Defense. Three of those are appointed by the President.

KC: Mm hm.

JM: **So by signing the National Security Act of 1947 into law, we basically set up a dictatorship, because the President is now in charge of everything that has to do with national security, and this bypasses Congress and the news media and the public.**

**This is when we began to move into a National Security state which, at the heart of which, lay these Nazis -- unreconstructed Nazis.**

"Also, another fact was not widely known among military intelligence was that CIG had **planned to utilize artificial meteor strikes as decoy devices** ejected from V-2 warheads at 60 miles above the earth to record dispersal trajectories and possible psychological warfare weapons against the Soviets in the advent of a war in Europe. One of the projects underway at that time incorporated re-entry vehicles containing radium and other radioactive materials combined with biological warfare agents **developed by I.G. Farben** for use against allied assault forces in Normandy in 1944.

"When a V-2 warhead impacted near the town of Corona, New Mexico, on July 4, 1947, the warhead did not explode and it and the deadly cargo lay exposed to the elements which forced the Armed Forces Special Weapons Project to close off the crash site and a cover story was immediately put out that what was discovered was the remains of a radar tracking target suspended by balloons. In 1994 and again in 1995, the Air Force published what it considered the true account of what lay behind the Roswell story but omitted the radiological warhead data for obvious reasons. It may also be pointed out here that this kind of experiment was very similar to those conducted by the Atomic Energy Commission and the military in the late 1940's"

Meaning they already are.

In 2003 visitors to Kakadu saw a 12 foot standing up T Rex.

In the light of having recently published a p d f about the Messssiah

Returning, this should have gone into that article and this type of

"disclosure" could be a cover up for their return.

They have been here before - in ancient Egypt. According to Da Vinci they come from Sarru, and he called them Saran.

In the Last Supper « cassettes » Marduk looks more like Enlil or even Ala-Lu.

Noting the word *Oedipean* – a mother-son relationship ? ... That bred Marduk. ?

○ **NEGOTIATES REPENTANCY–** Between 2017 and 2018 the Council of Five placed Nannar and Marduk under judgement. For whatever reason Nannar was executed on the spot (I wonder if this was anything to do with 8 85 "Nannar restricts the light" – with chemtrails) but Marduk was given a second chance to redeem himself under a negotiation of redemption. He was given the opportunity to repent, and bound to a Guardian ("joined at the hip" was the quotation given to me) in order to prove his repentance. I have never heard of any leopard changing its spots.

○ Currently Marduk "has been taken to another planet" for his sentence. Logic says this could only be Mars or Venus.

It was she who said those huge fleets hovering around our sun are returning colonialists from failed missions [DESTINY PROVEN DESPITE INNOVATIONS] waiting to arrive home. Noting all the ships fleets and personnel are related to the Early Nazi space programs. This information led me to wonder if the activities of Soros here – shuffling demographics around and inciting internal revolution - are related to the returning Luftwaffe Space Personnel.

By causing insurrections and the ensuing death toll – would Soros be "making room" for the failed pioneers?

○ **DESTINY PROVEN** a pun on Penny having one mandate during her younger years as a pilot, then another destiny as an author in her retired years. For your own re-search, start at "20 and Back Project" and Randy Cramer. The reason I am forced to believe in the *Randy Cramers* in this "Project" is something Randy said about the Mantids they had been fighting.

#### More against the flat Earth idea

In this video, the Greeks spoke of "the blue ball of Earth" ( the name of the one who said this was Socrates quoting Psamius  
 describing the blue ball and all its colors);

which mirrors the statement made by Ala-Lu when he first saw our planet, a statement he made TWICE:

"that alluring blue ball" in the Clay Tablets of Endubsar

Joe Rooney: :

"Perhaps, some Ancient Greeks were proficient in remote viewing? The Book of Isaac is banned from most versions of the Bible  
 as being too controversial: Isaac, grandfather of Noah, describes flying around the earth in a craft, and, in particular, giving a  
 detailed description of mountains in Antarctica!"

In answer

me:

In the ancient Clay Tablets of Endubsar – space travelling is described in some detail.

Including that one traveller (Ala Lu/Allah-Lucifer) used nuclear power to blast thru the Hammered Bracelet and the other  
 traveller (e'Ya) used a water cannon.

**Begging the question Why Could They Not Simply Fly OVER the Hammered Bracelet?**

The first traveller on spotting our planet, stated TWICE that it was "an alluring blue ball".

My conundrum has become this:

In a so called channelling via a Barbara, from a so called Pleiadian who made the statement

"your scientists have only known about quantum mechanics for around 200 years".

So immediately I denounced the channelling as a fake because had it been a REAL Pleiadian one would think they  
 would be aware that Michael Psellus the Younger [a monk] in 1055AD wrote in his *Chronographia*; referring to a

**Greek\*** who described Quantum Mechanics sometime in the 5<sup>th</sup> century B.C. –

or to put it another way, had it been a "fallen one" channelled, saying something to mislead us?

A private joke perhaps? Knowing we are really in the period of 1343 A.D. [C.E.] and that

"around 200 years ago... WOULD be 1055AD ! <sup>ch 39</sup>

From *The Chronographia* by Michael Psellus the Younger, named in 1 42 line 4 from Nostradamus:

## IS THERE ANYTHING WORSE THAN ...

Being Accused of that which we did not do!

Condensed excerpt from

"ABBA – FATHER CREATOR IN HEAVEN"

Most of us will have heard the saying from Paul in Eph. 6:12  
KJV

***"for we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of the world, against spiritual wickedness in high places".***

... yet not many of us heed what this really means!

"During her life she was just as thick as any other, just as ignorant to the hidden realities as the rest of the herd. Is there anything worse than being accused of doing something,

when a person never did?

Twice the Copiests had a hand in affecting the course of her "growing awareness".

The first happened while still on her honeymoon five hundred miles from home, with Mr Mead .

His mates had followed along to enjoy the golden beaches of Queensland – sharing the honeymoon, almost, when one of them returned one Saturday evening from a football match with dire news.

He had seen her with his own eyes at the football match, with another man draped around her body.

Not for the blink of a fly's eye did anyone question this information. Knee-jerk Faulty Towers reactions were unavoidable, leaving the marriage – all of three weeks old – in tatters.

Shortly after this her sister who had moved to Cairns, took a photo of a person at a rodeo –

who was nothing less than a true doppelganger.

Identical in every way – tall, long boned and gawky just as she was.

Life Lessons.

The Copiests had ideas for her that she knew in her heart were Life-Lessons.

She was to learn – a full twenty years before they became a public thought pattern, that reptilian humans do exist.

A co worker had put on a bar~b~que at her place bringing along some friends.

One of these held some fascination for her – pretty much like a rat caught and trapped by the gaze of a snake on the prowl.

This fatal attraction continued for over two years and slowly wound down only after she spotted his face one night changing. His eyes turned "like the devils" vertical pupils slitted, he thinking no one watching.

The word "reptilian" had not yet come over the horizon.

The Copiests had not finished with her just yet.

Busy moving house and home from one end of New South Wales to the very centre, she is sitting on the carpeted floor sorting tax papers when the phone rings. Surprise surprise, she had just been witnessed loading a palamino mare into a horsefloat out of the stable compound at the Royal Agricultural Showground in Centennial Park Sydney.

The phone call was the owner of that horse screaming his little gay lungs out that he wanted the mare returned forthwith.

He had been given her phone number by the Arab Horse Society – which meant that everyone working in the Arab Horse Society had her painted as a horse thief on the spot.

So, just what were these Life Lessons all about, really?

The first resulted in the loss of her marriage, but in the gain of the name Mead – which is "dame" for the hidden texts.

The second was the realization on a personal level that reptilian humans are for real.

That was a hurdle that would never have been leaped had she not experienced it for herself.

The third and most important :~ comprehending how a copy of one-self can and does do things that are attributed to oneself and with no means of deleting the consequences.

Just this one experience on its own – of being accused of something when all along one might as well be knitting socks on another planet while the deed was in motion – for all the good that explaining things, the truth, would accomplish.

Thus: when someone like Mr. Trump, or the Mantids, have been Copied – and the copies are doing things the public or the media accuses them – how in the world is the original ever going to *riposte* ?

Reptilian Copiests love Charades:

Icke, Ventura and Jones, pulling the wool over the video watchers' sleepy-head eyes!

Not one watcher commenting on the lack of gravelly voice of Alex Jones, on the bald head profile moving up and down like it was sea-sick; on a baby-faced Jesse Ventura, nor the orange eyed David Icke leaving the auditorium to be confronted by the others... this event supposedly occurring at Cleveland despite Jesse Ventura himself stating any times; that he no longer travels out of his compound in Mexico state due to all the metal in his body.

Like the time travel visitors – each and every visit being different yet to display some detail that was very much needed in the course of ensuing events."

AN excerpt in FOOTNOTES of *DERO LEMURIA* by Richard S. SHAVER 1945. 132 pages, just sent to Folio 7:  
[www.hiddentextsofnostradamus.com](http://www.hiddentextsofnostradamus.com)

"(5) ED: When asked to describe the Titans, Mr. Shaver sent us the following notation, which is perhaps the oddest of all his communications.

When queried about its oddity, he merely replied that he had "answered your question" and gave no further explanation. We quote:

"Our great race, the Atlans, together with the Titans, our allies and often our fellow citizens, swarm through all known space and watch ever for the birth of new suns.

Then, too, there are the Nortans; but the Nor-men shun all suns and can only be found where the sun rays shine not.

"When our Atlan sciencons hear of or see a new sun born, our ships flash swiftly through the void, to test the rays for poisonous emanations.

When they find clean heat from a surface shell of pure carbon, fast upon their trail come the first great colonization ships. For our race is fecund beyond imagination and there is little death from any cause."

Obviously this is nothing from the "racial" memory of Mutan Mion, [Shaver] but seemingly something from an Atlan himself!

Here and there, through Mr. Shaver's correspondence with the editors, such departures from the identity of Mutan Mion occur, and we can only suggest that Mr. Shaver's racial memory contacts extend not only to the culture man,\* but to other beings as well.

Mr. Shaver himself cannot explain, and in many instances, is unaware, that such extensions exist.

The reader will here, again, note several inexplicable references, such as "poisonous emanations" and "a surface shell of pure carbon." Later in the story Mutan Mion tells of these things in great detail, and in them gives still another of the amazing scientific theories that stagger the imagination. - Ed.

\*Culture man = a man "cultured" in a laboratory, which is what Noah's Ark was

**Summary: LeMuria and its location has always been a puzzle for scholars.**

**The answer is supplied between the PDF "Dero Lemuria", the video links, and the Hidden Texts themselves. Antarctica is now the main entrance.**

**The link between under Mt Shasta, the North Pole Hollow Earth, the Antarctic Deep, when it was previously at the Equator, the Anunna, Titans, Ganesh Dero Techno creeps, and Tero and the highly advanced Atlantis itself can be understood finally.**

**And all thanks to David Paulides and his tenacity to find the answers. David himself will not say out loud what the Summary here is stating, what these Hidden Texts have been telling us and the legacy of Richard Shaver and Steve Brodie divulged from personal bravery and abduction experiences.**

**Then there is the matter of our dear beloved grubberment and its secret "treaties" with "off worlders" which are just as much "more from the lithosphere"; meaning underground.**

**Underground the National Parks.**

" Such a condition is called dero,<sup>(17)</sup> or **detrimental energy robotism**.

The thing is simple enough, but I cannot understand how it could happen here in Tean City where perfection in romantics is so old."...

Such an occurrence is guarded against by many [who] battle ro, by great organic battery brains raised for just that purpose".

**Tean city – from where the Tero came?**

17)

<sup>(17)</sup> Pressed for a more complete explanation, Mr. Shaver has defined "dero" for us:

"Long ago it happened that certain (underground) cities were abandoned and into those cities stole many mild mortals to live, At first they were normal people, though on a lower intelligence plane; and ignorant due to lack of proper education. Does this sound familiar to you?

It was inevitable that certain inhabitants of the *culture forests* lose themselves and escape proper development; and some of them are of faulty development. But due to their improper handling of the life-force and ray apparatus in the abandoned cities, these apparatii became harmful in effect. They simply did not realize that the ray filters of the ray mechanisms must be changed and much of the conductive metal renewed regularly. If such renewals are not made, the apparatus collects in itself—in its metal—a disintegrant particle which gradually turns its beneficial qualities into strangely harmful ones. <sup>Heavy metals</sup>

"These ignorant people learned to play with these things, but not to renew them; so gradually they were **mentally impregnated** with the persistently disintegrative particles. This habituates the creature's mind, its mental movements, to being overwhelmed by detrimental, evil force flows which in time produce a creature whose every reaction in thought is dominated by a detrimental will. So it is that these wild people, living in the same rooms with degenerating force generators, in time become **dero, which is short for detrimental energy robot**. "When this process has gone on long enough, a race of dero is produced whose every thought movement is concluded with the decision to kill."

Antique Greek Coin depicting a UFO centered between twin suns—Sol and **Nibiru**?

by **Greg Jenner**  
from [DarkStar1](#) Website

" One would think my investigation has pointed me in the direction above, out into space. Not so. The answers I've uncovered come from below, deep down within the bowels of the Earth. As it turns out, the anti-gravity technology linked with UFOs is ancient and has always been with us since the beginning of human history. Has it been used for good or evil intentions? That is not for me to decide and will leave for others to debate.

As my previous papers have stated, the biblical 'Nephilim' or Giants were not wiped out after the global deluge, caused by Nibiru, and suggest the descendants of the "mighty men of renown" endured (escaping their original homelands of 'Atlantis,' 'Lemuria' and 'Ultima-Thule') by occupying a pre-built global tunnel system. A network of ancient corridors, if-you-will, opening up into a central hub.

Some researchers call this ancient center 'Agharti,' others 'Shambhala.' Whatever the name is, the original dwellers knew Noah's flood was imminent and thus their survival was paramount—underground.

Today splintered races or tribes (who do not live harmoniously with one another, I might add) continue to live in the **subterranean realm possessing "magical" devices** left behind by their Giant forefathers. They possess ancient machinery such as tunnel-boring machines, tube railways, elevators and yes, flying vehicles. So not only do they consider planet Earth as their own, but they also have the luxury to go 'off planet' and come and go as they please."

Exhibit 1) **Brinsley Le Poer Trench** (Secret of the Ages ©1974)

"[Esoteric researcher Peter]... Kolosimo pointed out that tunnel systems are to be found all over the world. Apart from South America, he listed California, Virginia, Hawaii, Oceania and Asia. In Europe there are tunnels in Sweden, Czechoslovakia; and in the Mediterranean area, in the Balearics and Malta. He added: 'A huge tunnel, some thirty miles of which have been explored, runs between Spain and

Morocco... ”

“... Kolosimo in *Timeless Earth* writes of a tunnel system connecting Lima to Cuzco, [in Peru] and from there it continues to the Bolivian border. He wrote:

‘Apart from the lure of gain, these tunnels present a fascinating archaeological problem. Scholars agree that they were not made by the Incas themselves, who used them but were ignorant of their origin. They are in fact so imposing that it does not seem absurd to conjecture, as some scientists have done, that they are the handiwork of an UNKNOWN RACE of Giants’...

“... ‘One legend—if it be that!—says that the [global] tunnels lead to a subterranean world of Antediluvian descent somewhere in a recess of Afghanistan, or in the region of the Hindu Kush... given [the] name Agharti... a labyrinth of tunnels and underground passages is extended in a series of links connecting Agharti with all other such subterranean worlds!... The subterranean world it is said, is lit by a strange green luminescence which favors the growth of crops and conduces to length of days and health.’

“This last account is of special interest as Kolosimo refers to this green fluorescence in another part of the world. He writes in *Timeless Earth* about a strange ‘bottomless well’ in Azerbaijan in the Soviet Union. Apparently, a bluish [aquamarine] light comes from its wall and odd noises are heard. Eventually, after investigating and exploring, scientists found a whole system of tunnels connecting with other ones in Georgia and all over the Caucasus.”

Exhibit 2) continues...

“... Mission de l’Inde, to put it bluntly, takes the lid off Agartha. We learn that it is a hidden land somewhere in the East, below the surface of the Earth, where a population of millions is ruled by a “Sovereign Pontiff” of **Ethiopian\*** race, styled the **Brahmatma**. This almost **superhuman** figure is assisted by **two colleagues**, the “Mahatma” and the “Mahanga”... His realm, Saint-Yves explains, was transferred underground and concealed from the surface-dwellers at the start of the KALI-YUGA... Agartha has long enjoyed the benefits of a technology advanced far beyond our own: gas lighting, railways, AIR TRAVEL, and the like. Its government is the ideal one of “Synarchy” which the surface races have lost since the schism that broke the Universal Empire in the fourth millennium BCE... Now and then Agartha sends emissaries to the upper world, of which it has perfect knowledge. Not only the latest discoveries of modern man, but the whole wisdom of the ages is enshrined in its libraries engraved on stone in Vattanian characters...”

“... As for the question of Saint-Yves’ sources... there is an obvious resemblance to the novel of **Bulwer Lytton**, [Vril - The Power of the Coming Race](#) (1871), [See Exhibit C from ‘*Nibiru and the Subterranean Connection – Part One*’—GJ] which tells of a subterranean realm of highly developed **beings who possess the mysterious “Vril force” and will one day emerge from their caverns and dominate us.**”

“Mission de l’Inde insists that there really is a “Coming Race” beneath the surface of the Earth, technologically and spiritually superior to ourselves, and that they, or their leader, are the true rulers of our world...”

Russian Explorer/Author Ferdinand Ossendowski also gives a documented account of the subterranean kingdom called Agharti (See Exhibit H from ‘*Nibiru and the Subterranean Connection – Part One*’) and its subterranean passageways. The final chapter of Ossendowski *Beasts, Men and Gods* contains a rare prophecy of the “Coming Race” given by their **subterranean leader named the ‘King of the World.’**

Ossendowski was given this prophecy by Lama Hutuktu of Narabanchi in 1921 and is worth repeating here.

The following pronouncement was made “thirty years ago” which corresponds to 1890:

Exhibit 3) **Ferdinand Ossendowski** (*Beasts, Men and Gods* ©1922)

“More and more the people will forget their souls and care about their bodies. The greatest sin and **corruption will reign on this earth**. People will become as ferocious animals, thirsting for the blood and death of their brothers. **THE ‘CRESCENT’ WILL GROW DIM** and its followers will descend into **beggary and ceaseless war**. Its conquerors will be **stricken by the sun** but **will not** progress upward and twice they will be visited with the heaviest misfortune, which will end in insult before the eye of other peoples. The crowns of kings, great and small, will fall...one, two, three, four, five, six, seven, eight....There will be a terrible battle among all the peoples. The seas will become red... the earth and the bottom of the seas will be strewn with bones... kingdoms will be scattered... whole peoples will die... hunger, disease, crimes unknown to the law, never before seen in the world.”

“The **enemies** of God and of the Divine Spirit in man will come. Those who take the hand of [SaLuSa] another shall also perish. The forgotten and pursued shall rise and hold the attention of the whole world. There will be fogs and storms. Bare mountains shall **suddenly** be covered with forests. Earthquakes will come...**Millions will change the fetters of slavery and humiliation for hunger, disease and death**. The ancient roads will be covered with crowds wandering from one place to another. The greatest and most beautiful cities shall perish in fire...one, two, three... (three ‘sleeping giants’)

Father shall rise against son, brother against brother and mother against daughter....Vice, crime and the destruction of body and soul shall follow.... Families shall be scattered....Truth and Love shall disappear .....From ten thousand men one shall remain; he shall be nude and mad and without force and the knowledge to build him a house and find his food....He will howl as the raging wolf, devour dead bodies, bite his own flesh and challenge God to fight.... All the earth will be emptied.

God will turn away from it and over it there will be only **night** and death.”

“THEN I SHALL SEND A PEOPLE, NOW UNKNOWN, which shall tear out the weeds of madness and vice with a strong hand and will lead those who still remain faithful to the spirit of man in the fight against Evil. They will find a new life on the earth purified by the death of nations.

**In the fiftieth year** only three great kingdoms will appear, which will exist happily **seventy-one years.**

(In the Preface Nostradamus says this too)

Afterwards there will be eighteen years of war and destruction.

**THEN THE PEOPLES OF AGHARTI WILL COME UP FROM THEIR SUBTERRANEAN CAVERNS TO THE SURFACE OF THE EARTH.” Pages 224 & 225.**

A MAP OF THE 'AGHARTI' GLOBAL TUNNEL SYSTEM

Saint-Yves tells us that Agartha's 'true rulers of the world' (or 'Hidden Masters') work and live parallel with us. They have long enjoyed the benefits of a technology advanced far beyond our own such as AIR TRAVEL so logic would dictate that their advanced technology such as 'flying vessels' would be implemented to carry out the "Coming Race" mission. And as mentioned before, the trigger or 'sign' for the peoples of Agharti to come up from their subterranean kingdom will be **the arrival of Nibiru.**"

It is a bit annoying that someone has joined dots with a line, disguising what might be other wise. I say this because between or very near Pavo sits Aries, which is only a triangle of bright stars and they seem to be here smack in the middle. But not included. With Pavo near. To me, the absence of Orion is one hint. The proximity of Aries to the long pointed constellation of Pisces-Formalhaut-Laguz seems obvious, being the second longest zodiac Age taking 2,590 years for the sun to cross; (second only to Leo which takes the sun 2,808 years to cross) ... and then I see not only Bennu-Crane-Heron-Grus (in the yellow circle) with its right wing bent back and very close to that other cross in the southern skies, called the Southern Cross, in the red circle. so, no, not the northern hemisphere!+

How it would have been originally, beak in Pisces

Here is something I have been waiting for

In recent times a Canadian boy, William Gadoury, had discovered a Mayan city designed on a star system, which the media have worked very hard at not naming.

The first Gadoury found was Casseopeia, which is mostly in the northern hemisphere, but does peep over the edge of the south in certain seasons.

Then Gadoury went on to discover many northern hemisphere constellations matching placements of cities in Guatemala.

All the star systems he named were within a 2.5% match off the land placement. If these designs were made in the order of thousands of years ago, and not hundreds, then that percentage of error can be placed at the feet of the precessional *movement of the* constellations. I turned this upside down to make my own comparisons.

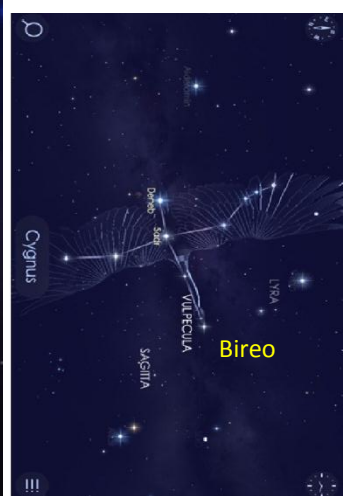

The best one to compare would be Cygnus, the northern cross, because it is on par with Crane (Bennu)/Grus (which has a bent back wing) – and I only raise the topic because to me, at this moment, the cross in the illustration does look like it is next to Laguz/ Pisces / Formalhaut, with a bent back wing and with nearby Pavo... Recall Grus has its "sharp beak in Pisces". *The imaginary lines are deceptive.*

long legs underground from Bennu Cave to Bucegi

Cygnus, LEFT wing has extension but "BODY" faces the other way !

Turning the celestial footprint *sideways* merits other discoveries with distinction – such as Antarctica being situated at the Equator. Not only a form of verification, but a form of dating the planning of the floor plan – prior to 6,500 BC (see the pdf forum ADAM & EVE which is *nothing* like you think it will be!)

Neither representation on the previous page is actually how these constellations appear to us in the current southern hemisphere. Once it is turned showing Pisces and the Southern Cross as they actually are to our eyes – we can see it is clearly not the northern hemisphere. Other than Grus not having its right wing shown properly, and with its left wing pretending to be that of Cygnus - all the other stars are where they should be for Aries, Pavo (represented here as Ras -Thuban of Draco simply by drawing in lines) and Orion nowhere in sight. The clincher is the Southern cross circled in red. Cygnus has NO cross like that anywhere in its vicinity. The floor plan on the ground now tells us the position of natural north and south at the time. One which would have had Antarctica at the equator.

**THE GREAT FIRE AT CHICAGO OCT 8 1871**  
The Great Chicago Fire 1871 Direct Energy Weapon DEW Attack By UFOs

**said to be painted in " 1513 "\*\***

"The Great Chicago Fire 1871" video is censored at g00gle & you.tube, but can still be found at IXQUICK/Startpage

Here, in 2019, the above event was 148 years ago – looong before the Miss. 1941 ufo crash & the 1947 & 1949 crashes in New Mexico. The earliest in modern records for space craft crashing was 1864 at Cadotte's Pass Montana.

It is a bit difficult to ascertain whose craft that is over Chicago 1871. Knowing the 'who' could lead us to the 'why'... was it part of an off world battle of some kind? Or a culling?

The event to the right was in 1513 or at least, painted around that date – could be referring to an event any time in the artist's life up until it was painted. Keep that period in mind because the celestial body is flying in the same direction and trajectory as the one shown on the Bayeux Tapestry dated \* "1495". Drawing your attention to the upside down cow's hind leg – either meaning Ursa Major was upside down, or cattle mutilation. See the hooded figures at the church.

<https://www.disclose.tv/footage-shows-a-ufo-that-fired-some-sort-of-energy-weapon-333456>

\* dated "1495". Someone took the astronomical dating from a zodiac embroidered along the narrow bottom line of the Bayeux Tapestry. A 70 year discrepancy for the same celestial event is only one celestial degree, so I have doubts regarding the date of 495 being accurate. Much depends on the Astr. program used

Here is the Bayeux Tapestry showing what seems to be the exact same celestial event – over southern Kent England. Compare to the mystery painting of "1513" was a depiction made at a very early medieval 'church' or early cathedral in front of which can be seen the black hooded men – and many soldiers in the back ground sporting the same type of spears shown in one of the coins said to be dated 1680 from France... One problem with the artwork is there are two so-called 'comets', each going in opposite directions. UFOs The other detail to question is it shows *mutations*.

\*\*said to be painted in "1513", the ... Illustration appears in The Luzerner Schilling (Lucerne Chronicle) as an illuminated manuscript of 1513, containing the chronicle of the history of the Swiss Confederation written by Dieböld Schilling the Younger.

The following is searching for evidence of catastrophes which follow celestial events, trying to pinpoint those of the Bayeux Tapestry (NOT Halley's Comet, not in the 1066 > < period) and the events which mutated the Lucerne community in a year said to be 1513/1513

"The winter of 1493-94 was remarkable for the severity of the cold, which was very severe in the south [Southern Europe]. The lagoon and all the canals of Venice Italy were frozen, so that pedestrians, wagons and horses could travel over the ice."<sup>62</sup>

"February 1493 AD Columbus was returning from his discoveries"

(see Map below with the true dates shown very clearly)

the year/s the Bayeux Tapestry was completed, or at least dated via zodiac, having taken almost ten years to finish

"1513 A.D. A dearth, scarcity of corn [grain], famine, rainy seasons and severe cold winters had afflicted Italy for two years and people were forced to eat uncommon and unwholesome food, and then in 1513, a contagious epidemic struck."<sup>72</sup>

In the year 1513, the Meuse River froze over its whole course, carts travel from Liège, Belgium to Maastricht in southern Netherlands on the ice.<sup>62</sup>

In 1515, the frost in England was so intense that throughout January in London, carriages crossed over the River Thames on the ice from Lambeth to Westminster."<sup>212</sup>

**y 536** " beginning in [ y ] 536 AD and plunging further yet to another event piggybacked on at 540 AD.

The Praetorian Prefect Magnus Aurelius Cassiodorus Senator wrote a letter documenting the conditions. "All of us are observing, as it were, a blue coloured sun; we marvel at bodies which cast no mid-day shadow, and at that strength of intensest heat reaching extreme and dull tepidity ... So we have had a winter without storms, spring without mildness, summer without heat ... The seasons have changed by failing to change; and what used to be achieved by mingled rains cannot be gained from dryness only."

Another historian, Procopius of Caesarea, a Byzantine, wrote, "And it came about during this year that a most dread portent took place. For the sun gave forth its light without brightness, like the moon, during the whole year, and it seemed exceedingly like the sun in eclipse, for the beams it shed were not clear nor such as it is accustomed to shed."

John of Ephesus, a cleric and a historian, wrote, "The sun was dark and its darkness lasted for eighteen months; each day it shone for about four hours; and still this light was only a feeble shadow ... the fruits did not ripen and the wine tasted like sour grapes."

In the wake of this inexplicable darkness, crops failed and famine struck. Out of Africa, a new disease swept across the entire continent of Eurasia: bubonic plague. It ravaged Europe over the course of the next century, reducing the population of the Roman empire by a third, killing four-fifths of the citizens of Constantinople, reaching as far East as China and as far Northwest as Great Britain. " [Exodus to Arthur: Catastrophic Encounters with Comets](#), by Mike Baillie

Marusek CHRONOLOGY OF WEATHER EVENTS 7<sup>th</sup> EDITION

"An extreme weather event took place in **535-536**. The effects were widespread. It caused unseasonable weather, crop failures and famines worldwide. The Byzantine historian Procopius recorded of 536, in his report on the wars with the Vandals, "during this year a most dread portent took place. For the sun gave forth its **light without brightness**...and it seemed exceedingly like the sun in eclipse, for the beams it shed were not clear." There were low temperatures during the summer. Snow reportedly fell in August in China delaying the harvest. There was a dense dry fog in the Middle East, China and Europe.

During the reign of Emperor Justinian [Justinian the Great who ruled the Roman (Byzantine) Empire from 527 to 565], the sun for the greatest part of the year, gave so little light, that it was but equal to the light of the moon, the sky being clear, without clouds or any interposing bodies, after which followed a great famine.<sup>72</sup> [The source indicated this event took place in the year 564. I [Marusek] have placed it in this year because it appears to align with the account by Procopius.]

**In the years 536 and 537 A.D., there was a persistent dry mist on the Mediterranean Sea.** This caused rotten cold summers and snowy cold winters." <sup>171</sup> Meteoromandie.ch, Evénements météorologiques de l'an zéro à l'an mil

"An examination of ice cores showed a large spike in sulfate deposition around 1257 A.D...(C.E.)"

"It is possible that the eruption helped trigger the Little Ice Age. "

*Recently ice core dating has been invalidated. The so called yearly rings have turned out to be inconsistent, some having two rings in one year and some two years to a so called "annual ring". Some with many "annual rings" in one year.*

**This is why I do not use Wikipedia, run by the Orion Group and their agenda to hide all historical truths**

We do know that the Roman empire ceased (growing) around 412 (C.E.) and I now wonder where that date came from, how it was determined. It was established that crops failed, leaving no food for soldiers to expand the empire.

Tree ring dating (dendochronology) cannot be relied upon because trees stop growing in ice ages. The mini ice age lasting over five hundred years ending officially ca. +/- 1860 would have meant a huge discrepancy for anyone depending on finding a tree ring date within that period.

**Carbon dating has now been proven wrong by up to seven hundred years due to bacteriological encapsulation.**

by Mike Baillie, those dates are: 3195 BC, 2354 BC, 1628 BC, 1159 BC, 207 BC, 44 BC, and 540 AD.

Noting that the era of many plagues between the early 'thirteenth' (third) century to middle sixth ('16<sup>th</sup> century') stopped in which was also the year of the new "dark ages" in that the sun began its mini ice age cycle, until the middle of the 800s (the "19<sup>th</sup>" century).

Throwing in my own spanner here, today, August 22<sup>nd</sup> 2019. When I turned on my phone the first two "news" features were a comment by "Hillary Clinton" 11:50pm August 21<sup>st</sup> tweeting "I just took a DNA test, turns out..." Since I am not a tweeter, whatever it was that 'turned out' is forever going to evade me... It was the many thousands of people responding who think:

- a) she is marvellous, and
- b) she is still alive, and
- c) are not hearing anywhere that she is at the top of the Epstein satanic pedophilic list of baby-eaters

followed by a "news item" in a 2:20 youtube video about a reprisal of the death of John F Kennedy Jnr.

One needs to ask "WHY" would the main stream (deep state) "news" want to "remind" the public about the charade that was purported to be the sad loss of one so promising.

For some reason I had forgotten to apply the "axe (cut), mirror, rejoin" Mona Lisa. Liza – Amon

So, here is Casseopeia, same features as the others right down to the pharaonic beard which is highlighted, and a hint at a moustache.

Is she a Copiest version?

My concern with this one is she is not in pink. She could be said to be in mourning. her hands are clasped and the "last cards" have been dealt.

Does she look like anyone you know of?

Does she represent Hatshepsut?

Important post from David Kraft: Man ... when I saw this one from Santa Rosa, I thought how can anyone not see what I'm seeing... engineered displacement th up with Agenda 21 so well that when the Paradise came, they did any even bett of trapping people there so there would be so few left to rebuild. There's only 5, people left and no one seems to be able to find the rest. Is it possible that 20,0C more people got turned to dust?

The picture here illustrates far more than any number of written words could; that humanity is under attack, being invaded on every level required for life, and they don't seem to know.

Worse, humanity is at a loss how to defend themselves.

No one seems to be able to step forward and nip this extreme problem where it counts.

**FIRST** to recognise the **SOURCE of this enemy**, the Orion Group, and make no mistake, that is what this is – a facet of war. An enemy that wants our planet, which they have already begun to destroy.

**SECOND** let the public, their animals, and all they hold dear – **realize they can only help themselves.**

**THIRD** decide on a method. Be it shooting down the chemtrails propulsion, jailing the alphabet agencies such as EPA, CDC, FDA and all others which are slowly murdering people via Criminal Assault ~ be it via deadly Frequencies, Needles and Weather, or take-over of our natural food and fresh clean water chain.

This pdf forum is named *ArmMargEddon Warlike Image* for a reason – emphasis on "image", being what you have been indoctrinated to understand. That is: led to believe – but is far closer related to the "principalities" Eph. 6:12 Were you able to conclude it refers to a three-ways star wars?

That we humans seem to be more in their way than anything else, other than being misled into helping build such things as the particle colliders (owned by prince UUilliam) that were "seeking the god particle".

Whereas; – you and I, – we know where that is!

A new device has been constructed very close to the CERN and it is called the I T E R which they blatantly say is specifically for destroying God, guessing they mean God with the upper case.

Aimed directly at one spot in the heavens – whaaaat?

No, they mean "god" as in Ayse/

Recall the words:

'White shall be black, (president) then turn grey... These mighty tyrants will fail to do, they fail to split the world in two.'

Why do they think they can do better than the "QUODS" "?? acronym for the following:

(Urania= the heavens so Uranite = heavenly)

**SALIENT FERTILE SAPIENCE =**

**QUANTUM-URANITE-OMNIPRESENT-DIVINE-SENTIENCE'** or "QUODS" = GODS'

Q.SOS.UFS= Quantum. S.O.S. saving our souls. U.F.S. Unidentified Flying Seraphim.

I wanted to put O.S.S. = Our Souls Savior, but O.S.S. is acronym for something else.

I have to say it. This scares me.  
HOW do these idiots THINK they are going to "kill god"?  
WHICH GOD. We have become patsies for a space wars project!  
They are going to throw the baby out with the bathwater.  
This explains many hidden texts lines.  
Lines I had thought refer to the likes of Yellowstone or the Serbian Basin.  
Lines speaking of the FINAL BABY on an I S S...

...

Common sense would tell us (the humans I mean, not the A.I., ~ it does not have common sense, does not understand humour) that pointing a "laser" at a Quantum Field would be a bit shady. But pointing a *asar* at a "moonship" (planetoid) sounds feasible. So, who do we know dwells in mobile/Black Knight planetoid/s? **Three separate factions. That's who. Three in ArmMargEddon!** This I T E R would be a prince UUilliam venture, the drago triad. Destroyers in every essence of the word.

Then we have the Parvechal-allied-Valiant Thor-"Venus" triad – many of which live under Antarctica alongside the "sexual rogue" Aldebaran and Oannes from Sirius. Parvechal *et alia* in charge of one moonship (the so-called 'second moon' NASA has suddenly found) and of whom R.R. Giroux wrote in his book "I AM DARIUS" – **these are the weather warfare guys** for some centuries (read the book, taking note it is all in the *Margid Anu* hierarchy "order").

THEN we have our guys, in their moonship: the **Eddon-Eddur** overseers of 'Arm', which Andreasson, Huggins and Porter painted for us
