Armageddon Warlike Image at Folio 7 of the website
www.hiddentextsofnostradamus.com

Is a description of how young Gadoury had shown, without realizing that our planet was tipped sideways at the time: - the cities were designed on equator-crossing constellations. Evidenced by the Vallard Atlas and by Antarctica appearing at the Equator at the time (CIA Report – Adam & Eve) which is also on Folio 7. A report that Linda Moulton Howe should read.

Helen Parks the most famous remote view ever. Dick Allgire was given a coded but unknown set of co ordinates and this is what he saw. Mantids and greys building 4 pyramids at Giza about 10, 500 BC.

Dick describes the who, what and when - fascinating

Helen Parks from a hot air balloon 1922. This image has now been reversed on google so that it looks like the 4th one is one of the satellite ones, which are over to the left and out of sight behind pyramid 3 anyway

Just there - FOUR. Taken from a hot air balloon around 1922-23. The fourth one is beginning to show signs of plunder. What shows that better? Orion's Belt not visible can be the confirmation the Giza pyramid was designed around that as the Upper Egypt. For me, having read the message in the Hidden Texts, the Orion Group may have compared to remove one. These three satellite images of the Giza pyramid are beginning to show more pyramid sites - all with four pyramids, just like they 'ch' must have been a giant 'motherboard'! Would someone please show this to Baezel.

ca 1922 from an air balloon

COME FROM ORION'S BELT - and who have tried to take credit for many things. Was it they who removed the fourth pyramids around the world? Omitting to remove the fourth one amongst the pyramid layout of Mount Baigong.
<http://perushihuman.blogspot.com.au/2012/02/alen-baezel-found-at-chinese-pyramid.html> found near **Mount Baigong**, about 40 km southwest of the city of Delingha, in the Hainan Mongol and Tibetan Autonomous Prefecture, Qinghai Province, China

near Mount Baigong in the western province of Qinghai, Xinjiang/Xianyang, the four pyramids sit untouched. One would be forgiven for thinking this is an aerial photo of the Giza Plateau, noting that all of these pyramids also have cut off tops. Seems a stretch to think that any of them had a "pyramidion" on top, that every one shows the cut off peak

Same as the Guatemala and other Aztec/Mayan pyramids. Landing platforms? Computer boards?

Ever used a Box Brownie camera?

I did. Once.

At the zoo, I had the lens thru the wire mesh shooting a rhino walking towards me.

Thru the lens he looked more than ten feet away. I moved my face just in time.

With the sand as high as this on the Sphinx and as in another, 1925 Brownie shot, all the satellite pyramids are under sand – so the fourth waaayyyy over behind the third one is NOT a satellite ... for one thing, the satellite pyramids are on THIS side of the third pyramid

BENNU Bird constellation

(Benu means "southern land")

which is WHY the Cave of the Bennu Bird is named that way and NOT the Cave of Bats as Hawass renamed it or as Collins calls it.

They are trying to hide that the constellation formerly also known as Crane == Heron (Henry Salt made these correct assertions too) == Ibis now known as GRUS but ALSO Phoenixoptera... the bird that returns, just as Cygnus was known as The Goose Returning.

Returning from where?

The other hemisphere of course

Grus has "a fish in its sharp beak" and this is Pisces in the skies.

With Oxyrhynchus an ancient town south of Giza next to Al Faiyoum (The Sea).

Oxyrhynchus means "sharp beak in fish"

"The Sea" is alkhemye for that area of the skies with all the nautical constellations. Currently in the south. Long legs go to Bucegi, Large beak to Al Faiyoum ~ from 150 klm up.

The Orion Group also known as the Freemasons work very hard at taking credit for things they do not want the public to know other truths about

amazing how the powers that be try their best to omit the fourth pyramid

Egypt breakthrough: 'Lost fourth Pyramid of Giza FOUND' after remarkable discovery Feb 3 2020

EGYPT historian Matthew Sibson says he has discovered evidence of a fourth Pyramid of Giza, first described by an explorer 300 years ago.

If you have been following these hidden texts for a while, you will know why this item is dear to my heart. That all those "famous" "scholars" like Bauval and Hancock (or even Hawass) should ignore the evidence everywhere & never once question that evidence, as if it was simply in the "too hard basket" (or as if being 'encouraged' to ignore that evidence).

One's instant reaction should be:

"who and why would someone want to hide this fact"?

That there was always FOUR pyramids at Giza - ?

Answer: Why, the Orion Group of course!

Represented by the Freemasons.

Invested so heavily in having us all believe their beloved Orion's Belt was the basis for the design – attuning false dates to fit – and all so we don't discover our planet has had a turnover or two!

Indeed, at least "One hundred" – Eric Gonthier- Geologist

Ignoring Endubsar's Clay Tablet #10, the remote viewer Edgar Cayce, other R V, including Dick Allgire ...

All of whom mentioned four pyramids and a common era date of circa 10,400BCE.

The Gantenbrink robot finds were dated using modern computer astronomical cronography, which is out by around 700 years due to the Y2K fiasco, and a reset by prince Otto in i676, calling it 1,000. Cutting 324 years out of that calendar-while on another continent 90 odd years before, pope Gregorius added one thousand years by changing the J for Julian to a number 1 in January j583. One one hand we lost 324years and on the other hand we gained 1,000.

See "RESETS" and "Explanation of the Prefixes" on Folio 7 www.hiddentextsofnostradamus.com this is not hyper linked

Also ignoring Frederick Norden, the Romans' woodcut/s, Denon Vivant 1747-1825, Sarah Parcak, the 7,000 year old engraved Ostrich Egg, and even Herodotus, who stated the causeways to Lake Moeris took almost as long to build as the pyramids themselves.

So saying the Giza pyramids were ALREADY constructed when Khufu had to repair the causeways.

Begging the question why were the pyre-amids so dependent on water?

Also ignoring the Chinese pyramids, the Guatemala design based on four and all the undersea finds of Sarah Parcak.

Have you begun to ask yourself why?

Why did all the pre 720 astronomers depict the constellations facing the opposite way to how we see them?

That prior to 719 A.D. the Animal for Cancer was a crayfish or lobster – and post 720 A.D. it became a crab.!

[proving, again, that Nostradamus was in Pre 720. He used the lobster.](#)

That here in this image pre 720 we see Sagittarius very much facing the wrong way. With Corvus *before* Leo, which was the Epiphany that led me here.

The OTHER detail that now comes to light is the actual date for the Uffington Horse. This ground glyph is actually Sagittarius complete with bow and arrow to its RIGHT.

THIS was the hint left to us here in their future.

That THERE WAS A RESET OF THE HEAVENS, that they had a NEW SAGITTARIUS after 719 AD

and that it has been maintained since post 719.

How does this come about?

If our heavens **turn** - **SO DO WE** – and **THIS IS WHY T.P.T.B.** stick to their Orions Belt mythology regarding Giza.
