❖ OLDER CHARTED – yes, due to Corvus appearing on the 'wrong' side of Leo, it came to me that ALL the pre J719 constellations were presented facing the opposite direction to the ones we have now. See *Explanation Of The Prefixes*.

In this manner we lost the "pre:cession". Technically it is now the pro-cession, and has been since "J69½".

There is always the chance that the Copiests did follow thru in the visits of Zo, pretending to be him, in just the same way that the apostle-disciples of Immanuel were fooled by a copy. When handing out titles (such as "Ra", or "Jesu christos") – the Copiests excel, especially with humans who could not possibly imagine it is feasible to have almost perfect copies of one person appear on que. Sometimes I wonder if that might even be the reason for very recognizable scars on every corner of the body I inhabit. That thought came to me as a result of publishing a pdf which had four different sources saying the same thing: events which all revolved around one of the "STAIRUUAY TO AIRUUAY" "pickups" (the event where Da Vinci was questioning, pointing at me, asking was it me who had found his "cues"): in which a reader (rightly so) asked how I could be sure it was the original me that had been re-turned!

By such query, passing doubt on the veracity that it was the "good ones" who had picked me up ^{March 20 2017} *and not the Copiests.*

What would be the point of a charade using a copied Da Vinci displaying his doubt regarding someone having found his "cues" ?

WHEN harking back to those moments an individual waltzes into one's life; leaving an unexpected influence that alters the path a person thought they were safely negotiating, then it is time to stop, and recognize that moment.

The reader is to comprehend that these works grew themselves, collating the Hidden Texts for Michel de Notre-dame/MICHAEL ~ the very first to be acknowledged here. Apart from Chani who proffered the basis for the texts.^{9 13} As usual, it has always been a case for "God helps those who help themselves", because the hidden texts were not going to appear to us already done! There was no design or intention to segregate one particular topic, subject to any reasoning. Puppets and puppeteers, one might say.

It was not unexpected that the people about to be mentioned were named within the Template for the Hidden Texts – just sitting there to be found in most cases. Be it before their advent or after, the timing of the finding made little difference other than a wonderful form of validity. At this point it needs to be added that **NO ONE** was going to find the Triple Method Ciphers for the quatrains without each and every quatrain line having been anagrammed first; From an Authentic¹ Original publication. Only by compiling all those Quatreins first, which referred to Jain the mathematician who published zero as a number in J458, only then would the codes work. What chance did the Hitlerites have without modern computers, albeit Krafft came close. So let us all acknowledge Jain The Mathematician, who published Zero in J458, the + cipher.

JAIN LINES

when you see Roman Numerals on top of an original quatrain you know you are looking at a J557 edition, while Michael was still alive.

To my surprise, this helped a great deal in the gaining of context having been directed to "first box the lines", which can be seen in the pre 2013 (August 2009 to January 2013) pdf forums. Pre Triple Method The words in the Template arrive *ad liberatum*, in no order at all yet there are more than one topic, sometimes four, to be plucked such as those in *What Are The Chances*, that gave us five genres!

The latest coronor visor visit received from him was July 2nd 2017, the week I had to leave the farm and go to Sydney for experimental uterus surgery, related to his comment in Letter 32. ALLAN WEBBER

Now, let us start with the prime modern person. The one without whom you would be reading some other book or movie. A former professor of mathematics at Adelaide University piqued by a severe type of curiosity, *Allan Webber* simply set to delving into the works of Nostradamus, in order to prove anagrams do not work. Hoping anagrams are a bunch of hooey.

For some reason the word 'anagram' seems to set off the same emotion in the listener that a flat-earther agenda does. The word 'agenda' used here with intent.

An explanation of prefixes is needed. The *I* was the Greek *Ie*ousus/Yesus/Yesuah. A 'y' = "year of" & the "j" is usually taken for an *i*, but *J* is for our purposes here, *Julian*, which calendar began 44BC. The shock for Allan was the result. After a handful of the quatrain lines seemed to hold occult (hidden) content that appeared to contain words in context with a message all their own, Allan set about designing a computer program to facilitate transferring all the quatrain lines into a Template.

The vocabulary he used is from archaic days, & well above modern education erst-while "standards". His other discovery was that they worked; be it in English language, German or even French! Doing the *Quatrains* only took him from 1999 to 2008. Nine years. 444 (4 44 3) to 453 (4 53).

To be astonished on a daily basis for the thrill of it is not the best reason to continue. Yet during the seven years I was working from 2013 to 2020, using the Triple Method "allowed" ~ it was discovered that the anagrams also produced interesting results from the English translations – and in context!

For instance 6 53 1 The great Celtic Prelate suspected by the King = bright angel-like, succeed arc the petty ET pest, and 5 99 2 Capua, Brindisi vexed by the Celtic nation = invincible adept saint - attend panic it behead coy crux/^{Grus} invisible exotic (shapeshifting) hardy cube, (ufo) – (these appear with others in the pdf forum ROMAN CANDLES)

At this end of the menu stirring stick... with the beginning at the bottom of the pot, in the very first & original publication of *J555*; Quatrain 4 44 had told us that anagrams are involved, in a hint in line three: *deBourdeauxvncailhau*. No spaces. The best explanation so called students of the docteur could muster for a reason was "publisher's error"... Nine quatrains later, at #4 53, the first edition simply stopped. This as a date, is also within the orbital year *Da Vinci* was born. Quantum astrology

Let us see what this scrunched up set of words has to offer when anagrammed on their own.

4 44 3 *deBourdeauxvncailhau* ~ with so many of letter *U*, we can turn two of them into a *W*

- ❖ BEAUX [♁]_{Cass} Beautiful *Casseopean*. The "A" is the sky rune for Cassiopeia. Sky runes are one third of the Triple Method ciphers.
- ❖ BRAINWAVE = Che greys call themselves J Rod. They have two brains, three genders and say they are us from 52,000 years into our future. The word WAVE is very important in all of the works from NostraDamus because it refers to frequencies. It was C1 Q63 that began all of this that you are reading - where line three spoke of "squeezing the waves" (Erika Cheetham) which at the time of studying 1 63, seemed to mean jet propulsion. Jet propulsion was very new on Erika Cheetham's horizon, just like frequencies of sound were very new to us until quite recently. They are called Directed Energy Fields also known as Directed Energy Weapons.
- ❖ BRAW CHE – he of the mystery word fully capitalized in C1 Q2 BRANCHES = BRAN CHE'S also known as CHANI to those who received *The Chani Project* information from the same source – the younger Elder Chani – *Channelled-Holographic-Access-Network* Interface. This is why he is depicted see-thru in Huggin's artwork. It was Chani who supplied the wording for the Template. Once Known as Bran the Beloved & St Michael, An invisible Watcher and a Messenger ^{4 62 1} CHANI IN MACHINE & "FORMLESS" CHANI
- ❖ LUXED CUBE the Golden Cube which uses a form of bending light, not only as a propulsion but also defence
- ❖ DAHL the seven foot tall Valgrind, who helps with the wording here, the "face in lace" crop square ^{ERECTS MIND ZONE 7 22 2}
- ❖ ANCHORED ALLAN, HELEN – in the Template you will see qualifying words "ANCHOR ALLAN" and "ANCHORETTE HELEN"
- ❖ OLD ENKUR the original name given to the newly mature EnLil long before he became "Lil" lord of airways, frequencies, sacrificial smoke, storms and chief pilot Ruach. He as a KUR pilot flew the KUR/mobile planetoid/s that collect the mined gold
- ❖ LEECH formerly Hirudo -The Crown [of Orion] constellation COW Aldebaran, or HIND leg of Cow/Ursa Major, HAND= Betelgeuse, CRAB = Cancer constellation. The word HIND was in this line, it also means "deer", Orion, and the Capricorn period
- ❖ DEAD-ALIVE ALIEN = the living-dead, using time gates to avoid his terminal death. *Ala Lu/Allah Lucifer*. See *Ala Lu Satan* not strictly correct. A satan is an adverb, it should be titled *Ala Lu Lucifer*
- ❖ DEBAUCHED IDLE WEB CHILDREN so now we know who is behind both the "idle internet" and the pedophile pornography. For Nostradamus his greatest sadness ("pity the children") was the lack of learning modern children are receiving. On purpose
- ❖ EXCLUDE not including RIVAL HALVED HA, anti-gravity element 115, the word Ha found in a poem WAX'D grew OVERLOAD

○ Of the three arms of the **Triple Method**, with each arm having three of its own, Allan found the Runic Skies (that each constellation shape was the origen of a runic letter, thus the origen of alphabets) and he found the J458 Jain key cipher, the number to be added to presage numbering. For instance, presage J562 plus 458 equals 2020. Another example, predicted in 3 94, was the first publication of the Centuries was March J555, with exactly 458 more [recognised] years making it March 2013, the very date I first published The Triple Method, named in Letter 32. The prime "arm" of breaking the secret held by SAGE POETS DESPAIRFUL FORMATS was the Anagram Template itself. All the JAIN lines for finding the zeroes clue appear on page one of the TEMPLATE

Somehow, Allan knew to code into his anagram program the word **UUilliem** and **LII** which is 52, and there are 28 mentions of the he-rod **LII** in the Template. If Allan "did not believe in E.T." as he told me (but did believe in angels) then how did he know about **William52**? The two brained J-Rod who was the assistant to Nostradamus in the timegates, and who died saving the doctor on one occasion. The replacement was named Paul, (see him in the Template) but the docteur did not like him so much. He said he was sad at the loss of **UUilliem**. **William52** did not visit me that I know of, but certainly left me a trail of means for learning the clues source.

NOT TRUE – doctors DO know what the appendix does, in relation to gut bacteria-brain regulation

"Nostradamus told me how the quatrains work..."

NOT TRUE - Dolores Canon – as we can see – there is a tad more to it than what she heard, besides, had she been really channelling the doctor I am sure he would have had a larger picture of warning than *How to read the quatrains* – most publications of which are largely tainted.

Organic raw corn with lemon zest, organic Maple Syrup. No MSG or saccharine, no refined sugars. No nitrates or sulphides - which salami etc (pizza) contain plenty.

Going to bed with the sun means leaping out of bed around 3am. By 3 45 it was time to let the dogs outside. Climbing the stairs to open their porch gate suddenly my flashlight-free right hand is reaching for the gate and dogs staring at me with questions in their eyes. No torch. Sun is up. It is about 7 15a.m! Where did three and a half hours go? Where did my torch go? Sharp clarity. Recalling burning sensation in the legs, suddenly realizing something wrong with the right eye. Wrong because spectacles are not working. Not working because right eye can see again. It took a little longer to realize the right ear could hear again too. This was the occasion for brain repair, returning with reflexes of a 20 year old fighter pilot.

When seeking the CHANI lines in the Template, they will be seen as the word CHAIN simply because Allan did not know about Chani. The Same for the word ABBA, not equating it with Father. Or the word MACHINE – because Chani was "in the machine" (literally) and of course CHAIN is also CHINA. The acronym CHANI was invented by those on the receiving end of the Chani Project.

COMPARING a COMPUTER ^(template line) a Da Vinci ^(line) and the Doctor's. The Spring Equinox is a very important date because it harbors in a new year – where it was once Leo the last month conjoined with Virgo the first month = thus is the Sphinx. With one minor problem – Spring in Virgo is in the Southern Hemisphere! So telling us the Sphinx was constructed while in the South.

The Bennu Bird means "southern crane", and Penu (pronounced Benu) means "southern land". Once you have this knowledge it does not go away, and is the reason the third secret of Fatima was kept from us by the culpable Vatican – that our planet turns over at regular intervals. yes... once again proving just how slow of wit I am. The very first paragraph in the Preface carried the guidance.

❖ ARTIFACE CREATION PRECAUTION AMPUTATE AU-FAIT AND RE-CRAFT – speaking of TWO au-fait counter-feit, this one "par **Astronomiques reuolutions** by Astronomical revolutions. But the syntax does not say that does it, **this is English syntax!** What the doctor is actually saying is REVOLTING ASTRONOMIES – then when we are told it also relates to Pirate (privateer) Reis maps, naming one of the greatest map collators of the 500s – hinting at the **New Earth and the new Heavens** because modern "scholars" have turned the Piri Reis map the right way to how we see it today, but the ships and most text on the map are sideways and upside down! "m'ont donoe cognoiffance." = supplying my held awareness. "held" = cached or hidden

❖ PERFECTS CORVUS FACTS. The Epiphany that hit me (page 3 *ArmMargEddan Part 2*) C+F+4 42 1 herein I had been working with Medieval maps and constellations for so long, Corvus appearing in front of Leo – to the right/east was where I had begun to think was where it still is. Then when searching for the date of the decan of Corvus I suddenly realized it is no longer the *beginning* of Leo, but the *last* decan. Corvus is currently in fact to the left of Leo, the west. THAT was when it hit me. Medieval constellations are in the reverse (MIRROR^{9 7 B 4} above) of what we see today, where once it was PREcession of the Equinoxes, it is now PROcession.

Here is the "Great Diligence" alert to be read very carefully.

It tells us about the 20 year prelude to each reset which is the leading time the Nemesis system has an affect on our solar system

It tell us about the one thousand years "made" added to our calendars in J583

It tells us us about the actual real death of the docteur, dying his 'final death' Master of/from our Lady (Casseopea)

It says to have great diligence in the research to put light made by himself and

that God will absolve

In other words – this is the mental force which the ancient Elders use. It is related to light-force within particular DNA, of an ethereal format - that which reptilian thinking can never conquer. The topic: is artificial conscience better?

One form of "conscious door" is a crown visor. Begs the question, is this activated by cellular memory? *not forgetting*

❖ Yes, quite so – this is the last guidance regarding how to find the words in the anagram machine – and you can compare the results shown between what the computer program produced as a template and what the final result is. Working down the results produced by the *Anagram Genius* program - using words as you come to them (like a "piano runs its notes") quite so, and if a repeated word arrives, there is no need to use it again (but it can be put through the *Anagram Genius*™ to see what else it might say). In fact, I am wondering why it has taken me nine years to realize that like *rune stone* reading, (the pre-cursor to our alphabets) that sentences of words are the same as rune reading !

It goes without saying that the Script of Da Vinci would require a lifetime for someone (else) to accomplish.

It would not surprise me at all if the Riddles from Da Vinci continue on from the times we have now - as a sequel to the works from where I have left off.

FILIPPO

March 22nd 2020 sent three synchronicities . Events that left my heart almost worn out.

The events would have left me culpable of some kind of crime of omission did I not remind us all of our deserving gratitude to one, actually two, persons who followed in the wake of Michael, continuing the work guided by him .

The two are **Filippo, his genius son in Italy, born 1548, and the much maligned Chavigny.**

£ 3244 5 15 4 Son fauory bajtard a mort tué.

MORE FORTUNATE [NORMA STARMAN SATANS] Matador favored death = Inquisition Italian (Filippo, true natural son of Nostradamus)... where petit fils meant of lower birth or "base born"/ "by your data" = using the triple method

Early Sunday morning, March 22nd2020, on face book, someone posted a ridiculous hoaxed video regarding Nostradamus and Ogmios. These do annoy me so much, always being based on fear factor, ignorance and unsubstantiated scholarship. The first word that hit me in the face was "economy" – a word the doctor never used in real life, living in a feudal system.

OGMIOS meaning = giant (OG) MIOS = making water- Uranite. So is this really what Orion is doing?

This video (which I am not going to promote) had an image purporting to be the doctor – but was instead, his son, Filippo.

Published y649 – 49 years after the death of Filippo, burned at an iron stake.

M. DC.XLIX

From someone else's interpretation of what Filippo wrote. I will try to find who it was, but the internet is being obtuse these days (April 2020) It matters not that I transcribe from someone else's transcription from the Italian, because that middle-person did not know the Triple Method. More than sheer luck must have been involved for me to find this ten year old file – to begin with.

This is not a treatise on the works of Filippo. This is only poignant proof that Filippo knew the Triple Method.

"[If] you are looking for, beyond the words, the meaning of the **signs floats purposely hidden** by the author... " "The Given Date (C) ...and [add] a thousand other advents (orbits) that will occur for waters and constant rains, (from E'Ya) as then I simply in writing in my other prophecies that are made up in "soluta oration", the given date limiting the places, and (limiting/outlining the) times."

Telling us in code that a thousand "other" years was added.

" In a chapter of the manuscript on hieroglyphics was found an *anagram* of the name Berlusconi. (A common Italian name)

Then goes on to provide an example with a good clue, the word "anagram"

" By focusing on the name Antoine De [P (h) t (h) yr (s) to (s) If] and simplifying two by two identical letters (h) and (i), we get: Antoine De [Ptyrase] that **anagrammando** becomes Antoine De [Pyetras], i.e. Antonio Di Pietro.

The second chest punch was seeking information online about Filippo – coming up empty handed.

So, I thought I wonder what might be among my old files (going back to 2012) – using my oldest computer since the second oldest had just died dead (being Windows7) – immediately old research leaped out at me. Not just there, but in the first of my dozen old memory thumb drives, also found eureka moments.

The results are reiterated here; then:

shortly after that, another fb acquaintance posted on my private message an article about one *Giordano Bruno* being burned at the iron stake by the Inquisition for his beliefs in the Infinite Omnipresent God. A statue having been raised there to honour his genius.

Imagine my horror on reading my own old research, that Filippo Nostradamus had changed his name to Giordano Bruno and had been burned at the iron stake!

Almost immediately after I read the statue article, another fb friend sent me a video of a gorgeous little baby jumping up and down in her crib saying quite clearly "ABBA is coming" – and pointing up.

She did this three times.

Recall Nostradamus speaking of the "Androgyne begotten".

There is a 1570 document authored by Chavigny (*who appeared* to have gained some displeasure, having not been named in the Will of Nostradamus)...

yet this 27 page document speaks of the "monstre androgyne", being titled *L'ANDROGYN* July 21 1570.

Yet I cannot help thinking that between them, Chavigny and Nostradamus set this up to follow on after the doctor had died.

Why do I say that?

Nowhere have I seen any warnings *against* Chavigny.

A man speaking of such things as the Greys ("Androgyne") in the light of them being androids of the Industrial Complex – places Chavigny in the path of some danger. He *needed to be discredited* publically as a red herring.

Like Filippo, the *natural born son* of Nostradamus, Chavigny does write of things using the Triple Method – where *it takes one-in-the-know* to know one!

Chavigny signed this frontispiece **PAR MICHEL IOVE**. Iove is Jove – 'god' of contracts.

Thus [by her] little by little will the great ones (elite) be angered.

Their craft give me no fear that last more than a moment, but the craft with the "vibratory" propulsion (sounds like a bull-roarer) do. Barcarole – first spoken word in the Template. Explanation: not to keep talking about me, it is not about me, it is about finishing stuff knowing I am running out of time. THIS is the reason for the little mention in the computerized Template of a truth and one which validates all the other truths: my first spoken word, at eleven months of age, was "barcarole" when I was jumping up and down trying to convince my grandmother to bring out the wireless. Talking with dad on one occasion I said to him:

"I remember clearly, the act of being born, and learning to walk on grandma's carpet, and once asking grandma (pointing) to get out the wireless and put on the "music". Dad said "you were not saying "music" you were saying "barcarole", over and over." So, when I saw 6 64 4 in Allan Webber's Template...

An accident falling backwards off the cabin steps straight onto the handlebars of the lawn mower and tearing the rotor cuff muscles in both shoulders left me unable to do many tasks.

As usual, the "Social InSecurity" department ran me through many hoops like a mini tiger.

Just driving there over 60 klms was tearing at the shoulders.

In unnecessary despair and being questioned by the S.S. about what colour sox I was wearing – the entire room simply stopped. Ceased movement. Silence.

Then out from one of their offices a tall elegant and lovely looking glowing lady came over to me and told me:

"do not worry, we have invited you to receive an Invalid's Pension for the next year". She was leaning over the unpleasant one asking about irrelevant details – who had simply stopped in mid inconsequential stream –

then the Angel returned- gliding back into her office allowing the humdrum noise and smells to re-swamp us all.

REGARDING FALSE ASTEROIDS

“Also, another fact was not widely known among military intelligence was that CIG had planned to utilize artificial meteor strikes as decoy devices ejected from V-2 warheads at 60 miles above the earth to record dispersal trajectories and possible psychological warfare weapons against the Soviets in the advent of a war in Europe. One of the projects underway at that time incorporated re-entry vehicles containing radium and other radioactive materials combined with biological warfare agents [developed by I.G. OVATION FROM Michel Lee

""Miss Helen Parks, Its so nice seeing your posts again after so many years.

I must have been on your mailing list all these years, because i always got emails from your studies. To all my friends.

This is without a doubt 1 of the smartest people I have ever know in my life, or on this planet.

I cant remember how we met on here, most likely in a group.

I was talking to 1 of another 1 of the smartest people I know [Rick Whitt](#) about you. then you pop up.

People, I used to just read her post for a while before we spoke, I would always look up what she posted to she if what she was speaking on, to see if it was right,

Then we began speaking, and I hate to say it lol lol Sorry [Helen Parks](#). but I would research things through out my day things to question you about. lol . and without hesitation you had the right answer, I remember telling [Rick Whitt](#)

and a few others, that I thought there was no way you could be from this earth, and was serious about it.

People, this lady has devoted all the years and assuming all her life, informing people what is really going on in the world to anyone that wanted to listen, and was never wrong.

BTW the question I asked you about the Black Knight Satellite. and without hesitation

you never skipped a beat about it, is what made me tell people I didnt think you came from this earth.

But thats what hooked me. I read everything you wrote, after that.

until facebook turned my brain to mush, pretty much, but I have been reading them

almost everyday since we been back ons friends list.

I just want to say thank you for all you do.

You are 1 of the few people in this world I look up too.. -

Michel Lee P.S.

And still to this day I have not figured out how you knew so much down to the detail of the Black Knight.

March 5th 2019

OVATION FROM Michel Lee

Thank you so much Michel Lee for your lovely ovation!

The Black Knights answer is simple – it sits in C1 Q10 and all quatrains with the word *Seraph* the secondary Black Knight which Betty Andreasson painted hovering behind two giant people wearing pink (indicating they are Casseopean) is always situated on the opposing side of Earth to the other one.

These Seraphim Warriors are the TRUE Watcher/Guardians of the Living Library and not the Keepers (SAAM); who would have us think that they are the Watchers

- *Once again I am grounded with a thud. Recently a new fb 'friend', a neighbour of Alec Newald sent me some more information regarding his famous pickup from New Zealand to be gone ten days. Those who picked him up told Alec they were from Haven, and appeared to be Elders. The feelings about who they really might have been are mixed for me. Simply because They renamed Alec as Anu. This name means 'heaven' which could be a simple case of 'he from haven'. The matter of the Copiests and exactly who they might be has crossed our path before. Is it a case of king Anu copying a name from his future? In his book Co-Evolution, Alec describes the people exactly as those Arien fallen angels were described by Admiral Byrd in his diary.*
- **AIM DRUGS U.S.A** way back before the end of 2012 when the website had to be renewed due to finding the Triple Method, there were warnings regarding those from Sirius placing the American public under "anaesthetic" – the word was **ISATIN** which is chloral hydrate, and I found that line straightaway! Big dude..

OK

There are TWO giants here. We already know we cannot go on looks or appearances - because those are things the Anak can change at will. The only way we have left to our resources is by watching what they do. Since they have telepathy how would Trump know if they lie to him? If wishes were horses, I would wish the ten footer is actually EnKi – who is supposed to be a RÃ these days. Albeit, the Anak have an IQ in the 1200s, so certainly able to plan the deep underground raids. Are these two colleagues?

<https://www.facebook.com/rob.easton.1426/posts/701845273958553> CONCLUSION here is the ten footer is NINGISHZIDDA

Sometimes working with the actual *English translation* can provide the last clue

8 26 3 The great one who holds Pamplon, but does not hold. gives us this:

TRUMPS HOT BLOODED PENTAGON HOTHEAD HELL HOLLOWNESS >>> the military industrial media complex

HE AGED HANDSOME, DEMONSTRATES LONG DETESTED BLOWN UP>>>the fulcrum word here is "demonstrates"

NOBLE TOP-DOG IS HOPELESS NO-HALO ANGEL PLANTS PATHOGEN>>> Valiant Thor (The Storm)

HUGE THOR-GOD PLANNED PLENTEOUS DEATHBLOW TO ENTOMB>>> so not just pathogens

AT UNWHOLESOME D.U.M.B. THOUGHT HOTBEDS WELL PUT DOWN>>> "unwholesome" breeding babies to...

- ✧ the military industrial media complex in the Pentagon: the residue of the Nazi Aryan/Vril agenda
- ✧ the fulcrum word here is "demonstrates". When Valiant Thor was said to have first arrived (1957), he did pretend that nuclear was not a good way to go – then goes on to show them where to put the nuclear plants – all on fault lines! Since he does not really age at all, he is still a very handsome man. He was here ten years before he gave them blueprints to anti gravity, May 1967, two years before the moon landing. Being from Venus we can assume he helped them get to the moon. He had actually already helped Hitler in 1939 get to the moon. Why did he wait ten years? Was he busy re-installing the Aryan-Vril
- ✧ Valiant Thor (The Storm) who has always hated the Lulu, since we were "made in their/his image"
- ✧ so not just pathogens; but biogens in chemtrails and our food, and not just against humanity, but nature too
- ✧ "unwholesome" = breeding babies to ... treat them in any of the most cruel ways that might come to your imagination – taking organs without anesthetic for instance, torturing them to raise their adrenochrome (also known as halal killing), sex trading with off worlders, shooting the kids up with by products from cattle mutilations to "sex them up" and selling to the psychotic "elite" who are far from elite
- ✧ **THOUGHT** – who "thought" – Trump or Val Thor? Is it related to: "but does not hold."

April 20 2020

Last night I was told the ten footer is the new King Ninghizidda. Not known yet if he will keep that name. The person skulking in the crowd is Val Thor, said to have left some years ago. When one has time gates, he could just as easily left then and returned ten minutes before he left. Question is this:

What is he doing in the crowd? Spying is my guess – because he can read minds.

- ❖ o Between 2017 and 2018 the Council of Five placed Nannar and Marduk under judgement. **NEGOTIATES REPENTANCY**–For whatever reason Nannar was executed on the spot (I wonder if this was anything to do with 8 85 "Nannar restricts the light" – with chemtrails) but Marduk was given a second chance to redeem himself under a negotiation of redemption. He was given the opportunity to repent, and bound to a Guardian ("joined at the hip" was the quotation given to me) in order to prove his repentance. I have never heard of any leopard changing its spots.

Currently Marduk "has been taken to another planet" for his HOUSE ARREST sentence. Logic says this could only be Mars or Venus. Yet it might even be CERES. >this meant not much to me when being typed up – but this morning Sept 16 2015 with camera and clock in hand ready to catch a photo of the *sun rise* it becomes a clear message. The waiting for this sunrise was being done this date because yesterday the 15th, the evening shadow was telling me it was already the Equinox. Pinning down which dates are now the solstices and equinoxes **is very important** since these are the days the elite uses sorcery to its best advantage [for them]. We are told in these texts that the particle colliders are being manipulated to alter the orbital “ascension” of our planet, so it is quite important to discern if they have had any success. One method to determine this is to **establish where the sun rises** each morning, especially for the September equinox which used to be the 19th to 22nd. Yesterday the photo I took was with a sun well enough advanced to presume it may even happen on the old date*. However this morning – the sun had **retroverted** – that is, it had popped up some degrees *back towards the north* instead of heading towards the south.

In other words, the planet has been moved, be it by a tilt or simply slowed down in her path.

Recall the CERN lines regarding “minutes & hours”?

So the word “chef” here means the cook, the one who is combining all the diverse ingredients – called by alphabet agencies the “coffee maker”. This line translated reads like this:

“The collator facing east, the timing the Elohim using safe directed energy waves technology, cheats the Virgo [event]”

With the letters ‘F’ & ‘E’ also meaning “the greys from Pegasus” – the Marcabians which are the shadow government.

* old date – since October 2013 our orbit has become 377 days – and growing. Our old January first is now some time in October 2013 and every 377 days thereafter. All of this short line relate to 9 44 the RAYPOZ quatrain.

The word FETCH means the distance between waves, that is, frequencies.

- **ISSUE IS SOUL'S HALO SHONE CLEAN:** the reason for the argument which caused the death of Nostradamus in September 19 2011, which I am told is what I witnessed. I did see a 'planetoid' implode and four craft leaving it.

The intention after all, is not to throw the baby out with the bath water. My suspicion is that the 'elect' are more likely to be those new humans born of the hybrid breeding programs to improve the human ability to nurture the Living Library and we have seen the word 'meek' inclusive of this arrangement, since 'meek' means the righteous.
- **AHA** the first pharaoh - a key word for the president, who was cloned from a pharaoh's cells, being Amenhemhat, and not Akhenaten as some people are saying. Akhenaten had too many physical problems to be of use, albeit, Amenhemhat was his paternal relative a couple of generations divided. This entire bloodline, from HatShepSut to her son ThutMose III to his son Amenhemhat has been showing indications of alien intervention, (details later) with the 'terminal sire' being AkhenAten, whose very brain and its cells are different. I say 'terminal sire' because he had no reigning grand children, TutAnkhAten having no living children.
- **SALACIOUS:** crude, improper, suggestive

In case you are new to these pdf forums here is one of the Golden Cubes doing vigil over the farm.

At one stage there were two guarding, one in the east and one in the west, during a threat from those which do not want the Hidden Texts made public

Through a telescope this consists of the most glorious bright golden color with literally electric green shading.

Using a telescope or even telescopic lens from say, a camcorder – is when you will see it is a giant cube composed of many hundreds of smaller detachable cubes

here is how clones can affect a persons life path

"OF THREE CLONES/DOPPELGANGERS or WALK-INS"

Things are sent to us and often at us in order to act like a brick over the head.

Painful, and a reminder, to do some more thinking.

Some people only need it once.

In the case of the collator ~ several times.

Very shortly after marrying Mr Mead, on the honeymoon in another state, close friends came to visit.

They all went to a local football match while something else occupied the new Mrs Mead, (an interview for a taxi driver job) and Mr. Mead had been away setting himself up as a signwriter.

The "friends" returned that evening in the absence of the new Mrs Mead, telling Mr Mead that she had been seen at that football match with another man.

These "friends" had attended the newlyweds wedding, so were well aware of what she looked like.

They should also have been well aware that she detested ball chasing games of all descriptions.

The new husband should also have been aware of this detail.

This was the foundation upon which the marriage was lost.

Looking back, it is obvious it was all about the name MEAD because, that is DAME in the quatrains.

The same quatrains which turned out to relate to the collator.

The second incident was not so damaging other than to become confirmation of the first.

Still in the other state (Queensland) the collator's youngest sister had gone to a rodeo in Cairns.

There she "saw" the "collator" and using her camera, took a photo of this stranger, simply because she was not believing what she was looking at.

Yes, that photo of that person would fool even the collator's mother!

Allowing for the collator never having been north of Harveys Bay- about half way to Cairns from Brisbane.

More damaging was the third incident.

While moving house to central NSW, the collator receives a phone call from an irate person, possibly a man, who had been told his palomino mare had just been stolen from her stable in Centennial Park Sydney.

Seen – taken by the collator.

This 'man' had immediately contacted the Arabian Horse Society to tell them his mare had been stolen by the collator. He made this statement on the strength of witnesses who had been in former times interviewed over the decades BY the collator.

At the time the collator still owned registered Arabians – and had also been the Publicity Officer for the NSW Division.

There is no recourse to this type of vilification without proof.

These impersonator persons who looked and acted just like the original – what were they?

For one of them to be involved in the Arabian Horse show circuit narrows the larger field.
In all the decades of showing horses, attending seminars etc., since 1974 –
there has never been a look-alike cross the path of anyone else in the circle surrounding the collator.

This is not meant to make you feel horrible, just think how lucky a person is to have had these things happen and to know WHY.

who turned out to be reptilian bred.

At that time it was simply puzzling –

but now it is known why – Some people just need to know why before they proceed...

Have you been asking yourself "Is "Q" for real?"

The next pdf forum will provide some coincidences that lead to the idea the "Q"Anon may be for real

6 63 Seven years doing sorrowful investigation,...

then thru great fortune long life to the realm". (Q) see "27 years" in quatrains. 1990 – 2017.

Judging by the fashions only – in particular the tall hat and everyone is wearing hose, this would place the dating of this woodcut ca y650 + or so. Ask yourself just how did the engraver know to illustrate a diagonal cross on the larger (although it might just be a lot closer), and a pheen cross on the other? One of which is Nemesis-Ison & the other is Nibiru

See the pdf forum RESETS. Where – in *A Chronological Listing of Early Weather Events...* former nuclear physicist James Marusek reports:

"The weather for the period of the previous comet Ison in December I680. Winter of I681 /1682 A.D. In the United States, on 11 December 1681, the Delaware River near Philadelphia was frozen solid in one night so as to be passable on the ice."

Making next visit due around 700 years later, *meaning this timing say*, give or take, circa I380 and since we are in I344 this year/2020, a difference of ca 36/33 years sitting within our own solar system fits close enough with their elliptical orbit and our unknown calendar start-date. It can sit in our system for over twenty years.

Because this double image had been put onto my fb wall, I had thought it had also appeared in a pdf article for the reader to comprehend this is true. but it had not. It was only 9 years between Cassini reporting it, and the Delaware freezing.

A woodcut on the left shortly after the real times of Nostradamus and a crop circle on the right to alert us all of upcoming events. Comparing the diagonal cross on both depictions larger celestial body and a similar cross on the smaller, shown also, in both alerts.

Do you see how we have all been duped by the "five different stories that confuse the public" ?¹ That Sitchin wrote of a 3,600 year orbit may also be true. That would make it the Destroyer every fifth visit. It gets a new name each time.

¹ *...confuse the public"... The comment made to J. Pen niston by an alphabet agent at the Dec I980 R endlesham F orest incident. The same remark that keeps disappearing from my pdfs on the website. The only time it did appear was when I misspelt his name.*

HELEN MEAD-PARKS
JACKIE KLEEB

*Is there a word between "askance"
and "angst"?*

*Does the expression we are wearing describe
that word?*

We both spotted the wedding cake at the same time. Jackie was well aware how hard I worked to get the round cake I felt was better for luck. The same reason as a round dining table, with communications flowing easily. It was just a fancy idea that came to mind that a marriage needs everything to flow more easily.

Yes, the cake arrived square.

Even the expression on Mr. Mead's face in the background says much.

Which was Reflected in this reaction you see here:- one of "askangst".

We are all wearing that warrior look of "just take one moore step..."

PARCA (Latin for Parks) IN LETTER 32, correspondence of Nostradamus written in the Latin

“**Brototium** meum iamdudum **Parca** rapuit, quae ^(Fem.) quidquid est apud nos boni quamprimum sibi vindicat. P. Brototius filius iuvenis est admodum et ^[69 v^o] ista parum curare videtur. Porro autem tales sunt plerumque nostrae literae, quae si vel non perferantur vel negligentius habeantur, non parum ea res nos offensura sit.”

The original above, taken as masculine by the translator/s but ‘quae’ is the *female* – albeit the translators still spelt it PARKS

“Here already it has been some time that my dear **Brototium** was delighted by **[Parks,]** who took hold **[of our mandate*]** those things amongst us which must be done herself/himself **[being]** as a priority the best among us

"Who has the ears to hear whatsoever amongst our mandate. * To undergo delivery forthwith."

The references to Brototium & Rosenberg in letter #32 seems to mean persona who were in the know about stargates (‘the ring’) ... “delighted by **[Parks,...]** who took hold **[of our mandate]** those things amongst **us** which must be done herself (being) as a priority the best **[thing]** among us”.

It continues, describing a personal problem of this Parks person – a frail womb-uterus, which the translators (being all men) simply skipped over – not translating that paragraph at all!

Letter #32 – the words broken down – were simply ignored by the ‘translators’.

*Paucis abhinc diebus, nobilissime **[Rosenbergi]**, redditae sunt nobis à te literae, tua (your) iaspide **Jasper tenia obsignatae** (sealed) in cera (wax) viridi, (green) (meaning in a "green seal") ...*

"datae (provides) autem (almost/moreover) illae (cost her/unharmd) ad (via) fonts (pelvis/Sagittarius-Scorpio) febriles (fever) prope (close to, thanks to) tua (f: her) mapalia (bad decision)

this is the paragraph completely ignored by the ‘translators’:

"Moreover indication is (in evidence) she is unharmed by fever in the pelvis because of her bad decision "

When I chose to get an intra uterine device at the time of marrying Mead: – this was mentioned in Letter #32 for two reasons- proof it is a female Parks, and how fortunate Parks did not suffer the results of that IUD which all other women did – becoming infertile. Simply because Suzanne and Eloise are part of this overall mandate and would not have been born had the IUD made Parks infertile. There was a world wide class action case against the Dalkon Shield.
