ONE GIRL EXPLAINS BAD [spelling] IN ERRORS AFOOT (intentional)

Keeping in mind that at the time Allan Webber was working on programming words into his anagram machine, he did not believe in extra terrestrials and the closest he came to naming any was the word "angel". Therefore the likes of the word MANTIS (the negative four armed giant type) or MANTIDS the positive more ordinary looking species with the Elohim Alliances of the Living Library – had for him no way of being defined – in relation to "ANTS", "SPIDERS", "PUPAE" and so on. It is up to you, the serious reader to qualify these details.

It is only very recently [early in 2017] that the differences were made apparent to the collator, so many former forums will still contain this error.

CODES WITHN CODES... £ 3108 3 79 4 ATTUNE MY QUAY QUATRAIN~CAPITALS referring to the codes within codes cipher

I need to explain what happened regarding the 'codes within codes' method of deciphering the hidden texts. Today is March 16 2012... the above line is the first time I have worked with it. The first time I have seen this piece of 'direction' (there are 38 pages of other 'admonitions'). Six months ago – on the same night, three different methods of advising me to use codes within codes was sent to me. My daughter phoned in the middle of a dinner date to tell me, my niece had an automatic handwriting event which said the same, and two entities came and hovered over my TV. One came in one way and out the other (through my window) – then vice versa.

The little girl is her handler and is the same little girl once seen in the window with the pope.

YOU WOULD NOT BE HERE READING THIS STUFF IF YOU WERE NOT A SEEKER RIGHT?

WHAT DO YOU SEE HERE?

My apologies about the date, what year this was ~ we only know it cannot have been 2016 because Hillary Clinton died September 11 2016.

In a very early forum just briefly a mention was made regarding someone I actually know who was attending a briefing on new military ordnance which consisted of a camera that can distinguish the view in many spectrums. Casting around the room with his new "camera" my friend was able to see the heat and the cup of coffee the teacher was holding. But not the teacher himself. No temperature reading in any spectrum at all.

In this instance Hillary is a robotoid clone, best known as a Synthetic, a form of cyborg. Ask yourself why the deception?

To Be Discerned

I have one further question Did this R F K *actually talk* in the *original* video? Because that sure looked like a clone to me (pink all over). The hidden texts, quatrain 10 15 says clearly John John did not die and was placed in witness protection. Yet, I think there could be an agenda for using an RFK clone... Because of another quatrain I found, which will be placed here. Can we find the full length video to establish *the voice* of this supposed R F K?

Compare the chin cleft and frown marks of the first picture of Robert to the one who touches his nose, which has no dimple.

One needs to ask – having watched this 2 minute video, why is Robert pink all over, baby pink.

Where are the deeper face lines of the original?

Why has the video maker seen fit to crop out any scenes with Robert actually speaking?

We all know Robert's voice is not likely to be duplicated with success, having suffered a very rare speech condition. So – why would they use a clone to pretend JFK Jnr is still alive? And Who is They? See Quatrain 10 78

Something else to question:

BUT – WAS IT REALLY ROBERT KENNEDY JNR?

The "thing" about the likes of facebook and its counterparts, that users do not recognize when 'sharing' items ~ that by passing on negative "news" they are doing exctly what the elites crave.

They are EMPOWERING that meme! Where information goes, energy flows.

THIS was why their beloved actors and actresses are on such high pedestals and yet, even Keanu Reeves succumbed, just like that other Peter Pan, the singer Cliff Richards. Whom we all loved blindly and who all along were suckering us.

If public forum-users simply ignored sending on what the elite want you to – it disempowers that meme. I know, I know, it is a Catch 22.

A motorist reported seeing a UFO today that was "big, black and cigar-shaped" and disappeared from sight at great speed.

James Kennedy, from Kilsyth, was driving from Kincairdine today at around 11am when he noticed the object in the skies above the village of Airth.

"It was a huge thing, black and cigar shaped. At first I thought it was a jet. I stopped the car and got out and thing just disappeared."

ON THE OTHER SIDE

Some years ago one particular view of the Golden Cube was allowed me via a camcorder. The telescopic lens showed me exactly what the Golden Cube looks like up close. Comprised of hundreds of other cubes all highlighted in electric green shadow cast on the electric yellow light. We have been guided to comprehend these Golden Cubes are inhabited by the Mantids from Argo which are with the Elohim Alliances and the Casseopean. There was a pdf forum titled "Golden Cubes as UFOs" on the original website. The website that was dismantled because the "Triple Method" had been "allowed". One Golden Cube hovers for the most part over the farm and has done since December 1999. On occasion there were two. Needless to say, having been unable to catch that clear photo in the camcorder, it has become an obsession to do so. The camcorder was too heavy to maintain the frame and keep it a clear view while at the same time trying to press the key so I bought a Nikon P900 this week. Still trying to get that clear shot but lacking in the knowledge of the best settings. Having complained long and hard about buying an expensive new phone only to find the camera was a pretend job – albeit giving up on the phone camera – here is a shot I got the very day I went to pick up the new camera. You can see that it is a cube. You can also see several orbs leaving that cube coming towards your direction. Those are not actual orbs, they are smaller cubes so bright they appear round in their radiancy. The other shots taken by the Nikon are only good enough to catch an orbiting reddish planetoid in its vicinity, orbiting right to left. So, here goes

By jamming the phone onto a column and sitting it on a beam and holding my breath – here are those two probably a minute apart.

In these you can see the cube behind and more leaving it coming towards me.

The next day, with the Nikon, see how far to the right the red object is and how it is moving leftward.

Between each capture was about two minutes. Hoping someone will help with camera settings!

No new wars have been started in the last 3 years. The deep state has wanted to start was with:

- Russia
- Syria
- North Korea

That's obvious to anyone who's paying attention. And yet, no new wars have been started.

In the scope of American history, that's extremely significant.

Today kicked off with discovering there are people out there who think Trump is 'a stupid idiot'...

Without Trump these three wars would be in full progress by now – along with concentration camps and all the genocidal trappings wars are invented to pursue.

Is that what people actually want?

Someone on fb rightly asked me how I knew that the Golden Cube was not related to the black cubes. Starting with the form of propulsion – Golden Cubes use Light, the bending of light, as Lux & Flux, not only the power source, but as defense and offense. The Golden Cubes do not shift their shape to any other form, other than changing size when incoming cubes are 'taken in' or when outgoing cubes leave. Black cubes, being run by Vrill propulsion, can shape shift and often do - from walnut, to sea creatures, and back to its Saturnic black form. Those behind the black cubes are the "Caliph" which figures when one thinks about the Kaaba. The Calip, h of course is Allah, Ala Lu, Lucifer. Hiding behind the "New Dawn", "Golden Dawn" or "from Venus" moniker. With 29 mentions in the Template "Allah-Lucifer" would consist a decent sized pdf forum – one which will be saved to the last moment because of its danger. Well, 'last moment' is soon anyway.

WHAT TO SAY ?

It is July 14 2020 today, and all these years the closest ever coming to comprehend St. Germain was to learn he was the third party in the orbs swooping by the twin towers. Da Vinci, Nostradamus and St. Germain.

All three recognized world wide just by their surname.

Only to have a video sent by a valued fb 'friend' that near made a person jump out of the chair.

Two important features of this video in quick succession, that grabbed me by my collar were:

The foundation of the Q movement¹⁰⁷⁷¹ albeit not stated so, and that St. Germain was involved.

Phoen cross armor screams 1300s which we know is 300s, but hairstyle?

Elizabethan Neck ruff which was up to turn of the J 600's

Looking very James Cook-ish, so sometime in the late J 700s. Did he still have his mason's hammer?

I did read a long while ago that St. Germain did not wear wigs

The first image here, in armor – bothers me date-wise, Templars being time framed up to early 1300s, so if we remove the number 1 which had been replanted in J583, we get say 300, then add back the 324 years deleted in 676, we arrive at around the 625 area. Thus making the Elizabethan statue the earlier in this line up. Queen Elizabeth 1 died J603. Not forgetting the inhabitants at Court were often wont to dress up. Picture number three would most definitely have been how Voltaire had seen him. Then there is Voltaire's letter. Dating in reality at J761 making the mid 20th century he referred to a very long way off, 1,190 years. Even for us, in 1344, the mid 20th century (1950) is still over 600 years away. The mid 20th century events for us would have been the end of WWII, Operation Paperclip, Admiral Byrd's ufo encounters and the likes of Roswell which included time travel. Unless, of course it means the REAL mid 20th century – still over 600 years away. The mind boggles at that thought. The Age of Aquarius will be just reaching into its cusp by then.

"Count Richard Jiamfre gave Eugenio Siragusa a strange handwritten letter from Voltaire.

It was addressed to the legendary Count of St. Germain.

The letter has phrases that fit perfectly with the idea of an alleged ET presence in human history.

The date on the handwritten letter was June 6, 1761.

"Your long road through time will be illuminated by my friendship for you – even at the time of your revelations about the middle of the 20th century..... [Being the origins of Treaty 9 in 1933]

Because of time, the talking pictures will not be able to be stored in its memory.

May your wonderful flying machines [space craft] bring you back to me."

Well!

There you have it!

Dressed in 19th Century British Raj attire

although it looks military, it is more probably noble

It is a pity Diana Gabaldon gave him a bad rap...

- **SUBNASAL DERO COLOSSUS** these three words contain so much meaning. Let us begin with the word "sub-nasal" which means either 'half nosed' and or 'nose-underneath'. We have been learning that the 'DERO', which Richard Shaver described as both very large (colossus) and "deranged robotoid" – use their sinus (underneath the nose) for resonating frequencies utilized both as a defensive weapon and offensive, knocking humans out at the prim-ordial brain level. Wiping one's memories, turning invisible, and even levitating.† Turns out that this method is applied by all Sasquatch (described as the "ten foot Yeti" in these texts), by the red haired Giants (of Kandahar – see 'red lined' or C+F+ 'redlined' in other forums) and by many current life forms undersea and on land. The **OTHER** part of "SUBNASAL" only came to me this week when connecting the same type of grey in various time frames, such as ca.1880 BCE Egypt, -Vatican, Guatemala (with a reset sigil over its head) and crop circles.

title:

IN THIS WORLD THERE IS NO SUCH THING AS CO-INCIDENCE

or; Why It Seems To Me That Q and its Results Are Real.

Just like in 10 72 1 where it does not say:

"In 1999 and seven months". Yet that was the date for the disappearance of JFK Jnr and family!

(What line 1 of 10 72 REALLY says is this:

" The year. new centuries one thousand.NON PREFIXED. (non.inte) new seventh month."

And it WAS the 7th month of the Julian Kalends - which is our October!

J.582 followed by pope Gregory changing the J prefix to a 1. See EXPLANATION OF THE PREFIXES link is herein

Explaining events leading up to the detail/s which seem to point to the success of the Q Movement...

End of 2012, seeking original documents written by Nostradamus I fell into an Italian nobleman's private library collection of Nostradamus Originals.

While there I was able to download several of the works which included a 40 page manuscript titled Monstre dAbvs.

On returning to this site in later days, it was slammed shut like a week old bear trap.

In this book were comments, and a vignette that pointed to an EARTH BEAST - HUMAN CREATURE

(see here under Hafcun) which were the same that harassed Phil Schneider...

The same a Russian Book of E.T. called MAITRE* and the same described as Grayles by Industrial-Military-Media- NSA-Complex. Tall, sometimes chalky, long skinny neck. Which these texts called "pedunculated"

The common denominator is the 27 years "of rule"...

This began with GHWBush in 1990 and ended with Trump and Q in 2017/

I still need to research how Xerxes relates to Cyrus/Trump

The following are most pertinent.

"Mars and the Sceptre will be conjoined

Lines 1 and 2 are identical with 6:24.

○ Dissepiment = a division in a piece, a part, an organ, organism. For me, "tying" the 'division' relates to the Copiests using copies. They do it with everything. Individual people, (clones/walk-ins), other aliens such as the Mantid-Mantis, the Ancient Elder, certain greys, (like the mole Aiwass-Lam-Eihwiz), domain names, (for instance Q Anon is not Qanon nor QAnon) Shape Shifting, holograms, charades. After all- it is the Copiests which run the media, all media. There are at least six types of clones which will appear later. Teaching yourself the perception of deception is a life long task. this screen capture was necessary. Microsoft "Word" freezes now and then – after having worked for at least an hour on much of this, it just decided to delete it all. As soon as it freezes I have learned to screen shoot the work in case it did not save. I look at it in this light. There are negative entities which do not want certain things known about them. This is one of their defense methods. Another is sending website pdfs "404" or removing one and replacing it with another.

the great secret (that we are all one) is speaking of quantum physics, a subject covered by Michael Psellus the Younger in 1:42 publishing "Cronographia" in 1055AD. So, if anyone tells you we only made these discoveries "a hundred years ago" then that person has not done their homework. Nostradamus as we can see, clearly was aware of this topic. This leads to the Templars also having this knowledge, having buried the proof (a mechanical time gate) in Oak Island.

Omnesq; Astrologi, Blenni, Barbari procul sunt,
Qui alter facit, is ritè sacer esto.

"Omnesq" in archaic French means "all seeing – all knowing" but this is Latin where "omni" means "all" or "many" and "esq" has become Esquire is cognate with the word squire, which originally meant an **apprentice or assistant** to a knight. The title "Esquire" has been used continuously since it was created in the late 14th century and many uses continue uninterrupted today.

For example, in the Most Venerable Order of the Hospital of Saint John of Jerusalem, "Esquire" **is the most junior title.** In the United States, the suffix Esq. designates individuals licensed to practice law, and may now be used by both men and women

Thus, once again Nostradamus is conveying via one of his hybrid words an intention easy to see. That he speaks of "idiots" and "barbarians" (uncouth/elite) is related to "the most junior (inexperienced) licensed to act [in this manner]"

Thanks to the hidden texts we have learned that "barbare" means "Azkenazi" which are now what we call the "elite" and who, it might be added, are hell-bent on banning "esoteric" knowledge (the same which dispersed Adam and Eve)

Omnesq; if it were used in French – seems to indicate an "all seeing" [omnipotent] "all knowing" overseer of these fools.

There were many more pdf articles published over the years especially on the previous website, in the order of 116 pdfs, prior to being allowed to use the Triple Method. The ciphers were unleashed late in 2012, that website was closed down, and the new website was published using the Ciphers and Codes which Krafft had almost found for Hitler.

The Triple Method was first published March 2013, and tidied up to be republished July 2013.

Even on the current website there are dozens more pdf forums not named here. @July 20 2020

Although this grey is not the same square jawed one it does relate. First see the stigmata – a sign that imprinted humans revere, having been taught to do so.

Down at the bottom is an ibis headed creature – Ibis is as Benu is as Grus. The ring dead centre is a chronus visor – inside a particle collider. This grey is the Aiwass-Lam of Aleister Crowley who told him it came from Sirius – hence Ahpee, the name Crowley gave his favorite lover.

18th dynasty medallian. Shortly you will read that Ahpee/Sirius and Leech/Orion are affiliated

The texts have stated there is a "mole" (Eihwaz pron. Ewe-iz) in the Casseopean ranks & they are aware of it. Perhaps, like Trump is doing, allowing via enough length of rope that they will 'prove' themselves.

On page 31 is an image of a very young one of these greys mummified, and of an adult COPIEST version. These are NOT related to the Younger Elder which Chani (Bran-St Michael) and Nostradamus have become or the true Elder in the Sparsholt crop circle kept secret from us from that day, the same day the infamous grey appeared in another crop circle. We have learned very little about the message conveyed either in the disc nor in the vertical tablet the real Elder holds, other than a couple of hints in these texts:

2 "How dreadful are the curses which Mohammedanism lays on its votaries! Besides the fanatical frenzy, which is as dangerous in a man as hydrophobia in a dog, there is this fearful fatalistic apathy. The effects are apparent in many countries, improvident habits, slovenly systems of agriculture, sluggish methods of commerce and insecurity of property exist wherever the followers of the Prophet rule or live. A degraded sensualism deprives this life of its grace and refinement, the next of its dignity and sanctity. The fact that in Mohammedan law every woman must belong to some man as his absolute property, either as a child, a wife, or a concubine, must delay the final extinction of slavery until the faith of Islam has ceased to be a great power among men... Individual Moslems may show splendid qualities, but the influence of the religion paralyzes the social development of those who follow it. No stronger retrograde force exists in the world. Far from being moribund, Mohammedanism is a militant and proselytizing faith. It has already spread throughout Central Africa, raising fearless warriors at every step, and were it not that Christianity is sheltered in the strong arms of science, the science against which it (Islam) has vainly struggled, the civilization of modern Europe might fall, as fell the civilization of ancient Rome." *Winston Churchill*

If you have been reading any of the previous pdf forums regarding Giza you will have seen references to Bambara-Kariong along with images.

Some of you know I was there at Brisbane Waters National Park with my great uncle Ray (a "bush ranger") and secretary of The Flora & Fauna Protection Society of NSW in 1958, when I was ten. That Uncle Ray took me to many secret original people's "communication" sites which depict astronomy and galaxies. Warning me never to tell anyone.

This I never did – until one day in recent years, on ABC TV News I saw an item regarding the Bambara Walls

grubberment was representing as a hoax done in 1964.

Being one who never let anyone get away with crap like that, (as these texts said – 1 75 1 "SHE LETS NONE TYRANNIZE, NOT ONCE") it became a matter of calling Steven Strong to see if I can do anything.

Short story long (well that's how it goes) with my ire right up – and getting a few details right by contacting my little sister – who knew the exact months I had been living with my great aunt and uncle – off I barged into the Magistrate's office to get a Statutory Declaration done.

And now – we have this. Around the 20 minute plus mark Steven was showing us Pleiadian† skulls - explaining *how important this archaeological site is* – for the entire world describing what grubberment are up to at the moment made me feel truly physically sick. There is a reminder here. When these texts speak of "the Pleiadians" it is referring to those star systems which have been invaded that we know of, such as Atlas, Alcyone and Maia. Pleione may also be at risk. People forget there are nine named stars in that autonomous "heap" of the Pleiades, which has over 40 stars in its system that could each warrant naming as well. These were the stars of John Dee's "Forty Angels", he who was taken to be evil due to general ignorance, in the same way Ursula Southeil (Mother Shipton) was vilified for knowing too much.

Nostradamus also, has his fair share of ignorant accusations.

The same goes for Chavigny, and for that tormented soul Filippo Notredame who renamed himself Giordano Bruno.

Hi Everyone,

We attached a fair few links here, two are about the article (Read more link And Watch Link) and the others about our next Online Conference. What has turned up recently is talk of a massive development at Kariong only 100's metres away from the walls and many other sites. In our presentation we are going to set up a format for each person to join in protecting this site.

Cheers.

From found in Sumeria and Egypt

to found in Ecuador

The particular pyramid depicted here above will be seen later to correspond to the "ladders" symbol see the emblazoned area which surrounds the Ecuadoran pharaoh on the right? that correlates to the "tree in stone"

Discoverer of the Egyptian Pharaoh in Ecuador just as Steven and Evan Strong have done in Australia all evidence pointing to travel either by space or flying craft or by using time gates

Most real archaeologists such as Steven and Evan Strong comprehend that hieroglyphs can be read in at least three different formats. What one glyph says to a layman, says something else to a trained archaeologist (like Steven and Evan) and the very same will say something different to an alchemycal priest. For instance; One who studies the celestial wheels and transformation of gold to ormus. You will notice Steven speaking of "Orion facing the wrong way" First it would be Orion to us, but to them in those days it would be Osiris, who was depicted facing the other way! Second the Giza pyramids were not built 4,500 years ago, the causeways were. For other reasons, these Kariong glyphs can be dated to match the 5th dynasty door lintel in the 19th dynasty Seti I tomb, the one showing us the aerial refueller, helicopter, one man jet, bathysphere and the same two cartouche. One bearing the sigil of Apis the Bee and the other of The Goose Returning (Cygnus). Third we have just recently learned in the pdf forum "Explanation Of The Prefixes", that the constellations overhead have reversed and did so during or just after the time of Hevelius, that up to same day of Hevelius, 1611 -687 Nostradamus (say J555) his vignettes also show these star formations presented in reverse to how we see them today!

The first I could find seen as we see them today is dated J719.

The dots for me begin with the line of Thutmose, the Tulli Papyrus is attributed to the times of Thutmoses III., father of the Amenophis-Amenhotep line. There is a cliff sculpture on Mars that seems to be Amenophis II, grandfather of Ikhnaten – whose DNA was recently proven to be other than 100% from Earth.

The stele above left shows him wearing "Jacob's ladder" on his sporran, and the same for the 4th dynasty pharaoh seen in Guatemala. I say 4th dynasty because the red deshret crown did not become joined with the white hedjet crown until around 2600+ B.C., which is the supposed timing for the crowns to be joined in 5th dynasty.

So now we can comprehend why the bear Ursa Major is in reverse.

†Pleiadian next page

The very reason I have placed him horizontally is the Ladder. I say "him" because Arcturus is the "she bear".

†Pleiadian ...

There is a small caveat to be made regarding the word Pleiadian.

During the course of these hidden works, we have seen warnings, first, that ALIENS LIE.

Second, that of the nine named stars in the Pleiades, at least three have been invaded by Anakim reptilian DNA, these we were told by Nostradamus in the Epistle to Henri II are "the second (and third) people from before Christ". The AnteChrist.

Third, in detail – the skulls Steven showed in the video

<https://www.youtube.com/watch?v=BrOAlfiljGg&feature=share>

bear no resemblance to the beautiful features of those we have been suckered into thinking of as "Nordics">††

Even the article by Linda Moulton Howe "Interview With William" regarding Reptilian Roundup (crocodilian) seemed to be accompanied by "tall blondes".

>†† see the pdf forum NORDICS SUMMARY

<http://www.hiddentextsofnostradamus.com/wp-content/uploads/2013/07/THE-NORDICS-SUMMARY.pdf>

When standing staring at the "bear rock" uncle Ray told me he thought it was mega-fauna from prehistory. None of the celestial galaxies or glyphs were clear to him, except to say he thought the boulder glyphs were "planets". He had taken me to see two of them – not that I am going to divulge where the second one is.

The first is not far from the Bambara Walls and everyone already knows where it is.

There were others with fish and kangaroos and boomerangs on them.

We can not estimate if that means Pisces (fish area in the skies), Boomerangs (ladder-timegates), kangaroos (everlasting high fertility) because kangaroos can hold a third embryo indefinitely.

Albeit – genetic engineering can do the same.

So, here we have the celestial heavens reversing, which only means our planet did so – not every 700 years, but most.

(see the pdf forum 'GIZA CONSTRUCTED WHILE IN THE SOUTHERN HEMISPHERE' and 'RESETS') the links are herein.

It was the skulls Steven was holding that told me "those people had no personality, no high forehead behind which sits our individual uniqueness". Our sense of humour, and even our third eye. The craniums extending so far to the back simply scream reptilian origin, human, but paraphrasing as Steven put it – horrible for a human to give birth to.

This idea led me to reckon that those were not really from Pleiades, but somewhere else.

The bibles (put together by Anakim as proven by Mauro Biglioni) – mention the "seven stars" of Ursa Major (Pleiades has nine named stars) and each of these star systems sits almost equal distance away from the central figure of Osiris-Orion.

One to the right, currently Pleiades under the tail of Taurus, and to the left, Ursa Major above Sirius.

So why does the Bear appear on Bear Rock and not a depiction of the Pleiades?

Just because the Original People say "they came from Pleiades" only means they were TOLD "they came from Pleiades".

To Evan

Engraved mobile rock faces - found under Bosnia etc = Interstellar ley lines on intra stellar trade routes

Parallel lines are "stages" of "jacobs ladder" (stage gate) which the bell represents (docking bell)

You will see the ladder on a flat ground boulder... going towards the bear

Seen also on 4th-5th dynasty sporan, in Egypt (Thutmose line) and deshret crowned pharaoh at Guatemala

Fish-kangaroo-boomerang rock – seen it?

Pisces (southern skies) kangaroo = perpetual fertility, boomerang = stage gate/

A TRUE DATE FOR GIZA

<http://www.hidden-texts-of-nostradamus.com/wp-content/uploads/2013/04/A-TRUE-DATE-FOR-THE-GREAT-PYRAMID.pdf>

Correction to previous comments made in these pdf forums about this date needing repair.

It was not THIS date shown (9,200BC) that needed repair! It was *the date we inhabit* that required alteration.

9,200 BCE add from 1 CE to now = circa, around 9,200 B.C. [Gantenbrink's date] add where we are now: + 1,344 CE at "2020" = 10,544 years ago.

What did Dick Allgire say? He said "after the first ones left, another arrived".

PROBLEM being: all computer starmaps are 676 years forward

I still think the Y2K fiasco which re-timed all computers, was around 700 years "out" of whack. The 676 years. On reading the 14 Clay Tablets of Endubsar – it seems most likely that returning to Giza to begin re-construction - "in Leo Rising" and this would have been planet-wide - was because or consequent to the Younger Dryas Event. Which may or may not have been a result of a passage of the Nemesis solar system. Leo, the Age of, began around 10,373 BC. You will hear "experts" quote the Y.D. as "12,000 years ago". If we were really in the 21st century, maybe.

The date for the Y.D.E is consistent between various scholars (of ice rings, dendochronology and geology) for the period between 10,000 to 10,700 B.C. And look at that – a 700 year stretch. But still right for Age of Leo. It seems the Younger Dryas event can take the blame for that reset.

Edgar Cayce in '1932' (88 years ago) had said 'completed 10,390 B.C.' calling B.C.E. "the return of the Prince". see Cayce's Q&A reading 5748 first was a mention of the north polestar during construction... we have learned that Giza was designed and constructed while in the south. Asking also, did Cayce know the word Prince meant Sirius?

When reading this Question and Answer between Cayce and his channelled entity – a couple of discrepancies jumped out at me... a thing that is always at the forefront now that we know those who went to Billy Meier, George Adamski and others (like Valiant Thor) arrived in Vrill craft. And that channellers in the western hemisphere (such as Edgar Cayce and Delores Canon) were receiving their details from the likes of the Alpha Centauri Caeneus tricksters – yes, even Edgar Cayce!

Do you know why this disturbs me so? Because the very same may be happening to me in many ways. That these visiting entities go to so much trouble to validate their visits with the truth – such as all the medical advice given to Edgar Cayce and Delores Canon, and Billy Meier only to intertwine those truths with contradictions, misdirection and misinformation. An example of the latter is the so called Nostradamus information channelled by Delores Canon that we can now see was clearly a smoke screen hiding the truth.

10 49 2 CAENEUS "walk like Donald Duck" MIND SEDUCER DEMONS CAUSE DELORES CANON MISCHANNELS MICHEL NOSTREDAME Already other lies jumped out at me regarding other channellers, all of it pointing to the so called Pleiadians channelling the unsuspecting Barbaras (two of them) and telling them outright lies. Had I not followed up on 1 42 4 from all three publications while the docteur was still alive, i.e: J555, J557 and J562 – in which lines four contain really contradictory information, we would not have known that Quantum Fields were comprehended by scholars in 1055 (J731) writing about receiving the information from archaic Greeks (see in 3 44 1 previous page), nor orme.

The difficulty and uncertainty in assigning dates can be illustrated by the following list for Dynasty 12. The exact lengths of reign are problematical. The figures listed below are as given in the monuments, Manetho, and those assigned by Breasted and Petrie.¹ The conflicting figures may convey to the inexperienced reader the problems facing scholars trying to arrive at correct figures for Egyptian chronology.

found by Wm Flinders Petrie very close to the two larger pyramids on Giza. It was said that no sooner had he made some startling finds - he shut down that dig and took off for Saqqara. The craft here are also seen at Kariong. The entity has no nose. Yet the lips indicate that it eats. The LyRan breathe via their skin, but not oxygen.

NOT SUBNASAL – no nose at all, very different mouth

The bigger question is this:

Even though Remote Viewer Dick Allgire said the first lot of aliens which did re-build the Giza Pyramids ^[in Leo Rising] left – why?

Then he said a second lot of aliens arrive – why?

and here we can see a third type!

Lost Papyrus of **Thutmoses III** Reveals Extraterrestrials Visited Ancient Egypt

One of the most intriguing ancient texts, the **Tulli Papyrus** chronicles one of the earliest mass UFO sightings.

<http://alternativenewsproject.org/newsletter-rss/article/unexplained/lost-papyrus-reveals-extraterrestrials-visited-ancient-egypt-1/>

The Aten theology began with Thutmoses III (CA 1480BC) coincidental to his SCRIBING the TULLI PAPYRUS Between Hatshepsut/ ca. 1479-1425 B.C. Amenhotep II ca. 1473-1458 B.C. Thutmose IV ca. 1427-1400 B.C. Amenhotep III ca. 1400-1390 B.C. (father of Amenophis IV/Akhenaten)

that is: between

Thutmoses III ca. 1492-1479 B.C. and Akhenaten /Amenophis IV 1390-1352 B.C.

(a hundred forty years, which were 360 days each at the time) **there also reigned** (amongst others):

Hatshepsut, Amenhotep/Amenophis II, Thutmose IV, and Amenophis III. The latter (father of Akhenaten) in his coffin showing the rictus of having been poisoned, as did Hatshepsut.

Amenhemat III, (1878-1849) became pharaoh ca 1842BC, pharaoh of the vizier Yuya/Joseph (the only commoner buried in the Valley of Kings). Find the book *The Hebrew Pharaohs of Egypt*.

Some scholars have Amenemhat dated ca 1840 BC, if Yuya/Joseph was his dream interpreter - the date cannot be correct, since Yuya was grandfather to Tutankhamun of around 1336BC - 1327/5 according to the Met. Museum *et alia* the dates of 1840BC need looking at somewhat. Yuya was grandfather to Tutankhamen, in the 1300s BC making it impossible in a linear generational line to be the vizier of Amenhemat III. Unless they overlapped.

ASTOUNDING ALIEN DISCLOSURE - STORY IN HISTORY Video

< type in this title for video recall Dick Allgire in his remote viewing session regarding who it was constructed the Giza Plateau - making the statement that "these guys left after finishing the construction and another lot arrived". This comment can be tied in with a Casseopean overseeing first construction- under banner of Bennu-Crane-Heron_Ibis, hence the Bennu Caves. Followed in a later millennia by the appearance of The Goose Returning - Cygnus in the north.

SUBNASAL - seems to go with this mouth, so compare to other greys, even including an Elder

these are all the same alien, those from Leech allied Sirius

We have no shortage of choice for what types of aliens have been involved with Giza and Guatemala. On the dearth of evidence it seems the negatives began re-construction following a Reset (the Younger Dryas) then the goodies returned, for the northern return - then the baddies for the next reset. Follow the wall reliefs!

READING 5748-6

This Reading given by Edgar Cayce July 1, 1932.

1. EC: Much has been written respecting that represented in the Great Pyramid, and the record that may be read by those who would seek to know more concerning the relationships that have existed, that may exist, that do exist, between those of the Creative Forces that are manifest in the material world. As indicated, there were periods when a much closer relationship existed, or rather should it be said, there was a much better understanding OF the relationship that EXISTS between the creature and the Creator.

2. In those conditions that are signified in the way through the pyramid, as of periods through which the world has passed and is passing, as related to the religious or the spiritual experiences of man - the period of the present is represented by the low passage or depression showing a downward tendency, as indicated by the variations in the character of stone used. This might be termed in the present as the Cruciatarian Age, or that in which preparations are being made for the beginning of a new sub-race, or a change.

3. At the correct time accurate imaginary lines can be drawn from the opening of the great Pyramid to the second star in the Great Dipper, called Polaris or the North Star.* This indicates it is the system toward which the soul takes its flight after having completed its sojourn through this solar system. In an October there will be seen the first variation in the position of the polar star in relation to the lines from the Great Pyramid. The dipper is gradually changing, and when this change becomes noticeable - as might be calculated from the Pyramid - there will be the beginning of the change in the races.

There will come a greater influx of souls from the Atlantean, Lemurian, La, Ur or Da civilizations. These conditions are indicated in this turn in the journey through the pyramid.

**Cayce is saying that the north star pointer which we happen to see these days, is the same which was in the north at the time Giza was completed, in Leo Rising [according to Clay Tablet 10]. We have also seen in these texts that Giza was designed while in the south – based on the Bennu[southern] Bird set of stars – which are in the south!. This kind of discrepancy makes me wonder just exactly who or what is really channelling through the sleeping prophet. Is it the same misinforming we have found from other "channellers" albeit unwittingly?*

4. How was this begun? Who was given that this should be a record of man's experiences in this root race? for that is the period covered by the prophecies in the pyramid. This was given to Ra and Hermes in that period during the reign of Araaraart when there were many who sought to bring to man a better understanding of the close relationship between the Creative Forces and that created, between man and man, and man and his Maker.

5. Only those who have been called may truly understand. Who then has been called? Whosoever will make himself a channel may be raised to that of a blessing that is all that entity-body is able to comprehend. Who, having his whole measure full, would desire more does so to his own undoing.

6. The changes as indicated and outlined are for the latter part of the present year [1932]. As far as depression is concerned, this is not - as in the minds of many - because fear has arisen, but rather that, when fear has arisen in the hearts of the created, SIN lieth at the door. * Then, the change will occur - or that seeking will make the definite change - in the latter portion of the present year. Not that times financially will be better, but the minds of the people will be fitted to the conditions better.

**At the end of 1932 into 1933 SIN certainly "lieth at the door". It was `1933 that the cloned FDR signed the false treaties with false off worlders (probably the very same which channeled thru Cayce) & began the "trade in children" terming them CARGO.*

7. (Q) What was the date of the actual beginning and ending of the construction of the Great Pyramid?

(A) Was one hundred years in construction. Begun and completed in the period of Araaraart's time, with Hermes (Ninghishzidda)

8. (Q) What was the date B.C. of that period?

(A) 10,490 to 10,390 before the Prince* entered into Egypt.

**This "prince" being the copied version of Immanuel Iscariot – with this word "prince" meaning from Sirius.*

(Q) If the Armageddon is foretold in the Great Pyramid, please give a description of it and the date of its beginning and ending.

(A) Not in what is left there. It will be as a thousand years, with the fighting in the air, and - as has been - between those returning to and those leaving the Earth.

Hence the great length of centuries between when we first see this SUBNASAL type of grey pictured here across dynastic Egyptian and Roman times, right up to these days of the same being evicted by Trump and his off world ten foot allies.

SOME MORE COMMON TYPES OF CLONES

Natural Born Embryo transfer from Surrogate – receives advantage of birthing immunities and breast milk
many off world Living Library babies also need natural mother-hugging

Born with soul, full memory transfer, the Bill Gates clone (no throat wattles) is probably of this type. Due to the cost.

This clone is in stage one Kuru kuru at 2020. As with ALL clones, small defects of the original are absent – good examples are:

throat wattles, Alex Jones gravelly voice, Robert Kennedy Jr his voice, David Icke's blue eyes being orange and his little spitting defect many older people acquire, moles and scars, such as Joe Biden's or the scar on John F Kennedy's right hand, being pink all over, baby pink, like the new Prince Charles.

Printed Out Version =

this is a time dependant method – up to eight months just for the container, before false aging

This is most likely to be the type used for the fat faced stumpy fingered Putin and for prince Charles
quality as above - time factor means much pre-meditated intent

Cell Division Dolly-style

less likely to have a soul, may have a fractal, with partial-"controlled memory transfer" because much depends on the original age of the cells used.

Sweat-the-quill Walk-In = also known as Body Snatching

these are what the members of the U.N. consist of, as are many of the former Pleiadian ante-christ copies

no soul, original personality is dead. Some memories intact but controlled by "junior" reptilian drone. No sense of humor.

Copy by dna holographics – can form a body halo

also known as Shape Shifted. Wherever the Anakim go in their universe of take-overs, they either interbreed using already copied versions or directly genetically manipulated.

Template Aged Accordingly

with or without soul. These are what most actors and actresses are. These are the clones with an ear connection defect.

Many of Trump's clones are derived this way, but not all of his clones are

Synthetic Robotoid

no soul. This what what the Hillary clone/s are apart from the direct doppelganger (which may have been bred for this purpose decades before:- time travel is a handy tool).

The Synthetics we would have once called Incubus and Succubus do have human being foundations. For example, their hair has been tested showing Mongolian-Uygur DNA. The results of one lifetime contactee which were to be announced in public on December 9 2009. This world waking announcement was shoved to a "page six" left hand corner among the advertisements due to Obama receiving his false peace prize.

Most of these Synthetics belong to the Casseopean Living Library, collecting eggs and sperm to keep our genetics safe.

- biobic – biological A.I. entity, usually reptiloid genetics, this is what E.B.E.N.s are. The Zeta hive mind no-soul E.B.E.
- E.N.E. Extra terrestrial Noetic Entities, with two brains. High percentage of human being hybridized with technology. Reverted to sexual reproduction but with controlled three genders. This is where Elon Musk would like to think he is leading humans. Lazy ones. The third gender is for "administration". The "inquisitive" gene is highly formed hand in hand with an autonomous spiritual connection because of their seeking higher knowledge for over 52,000 years, which was successful. They were able to reinstate the soul. The assistant (Uuilliem52) to Nostradamus was one.
- bionic – electronic hybrid synthetic drones, Japan is using these for news readers, and when coupled with artificial intelligence will be dangerous to humans and humanity. They do not need air
- cyborg – a combination of Artificial Intelligence re-wired directly or remotely. Human containers can be used but not to the exclusion of the E.B.E.N which use a form of remote viewing for their hive-mind *but not* autonomous directives. Humans in general are already started within this agenda called the Blue Mouse Project.

See also the videos **Cloning Centres by Donald Marshall** and the **Gene Decode** videos

And last but not least – additional to **TERO** – the Terrestrial Robotoid *with a soul* from the 'eunichized' fallen ones = **Genetically Engineered Cross-Species Entities.**

The "greenish", bluish or silver tint is from ingesting colloidal gold/silver ormus.

In the pdf forums **DERO** we learned that some of these left overs from pre-great diluvian floods have been cross bred with trees (antherazoid) in much the same way the Ibis headed, hawk-headed and all the other strangely hybridized creatures across ancient Egyptian history were, thanks to the Giant's Base under Bucegi – and others world wide. The word DERO derives from Deranged Robotoid. Coined by Richard Shaver in early 1940s.

PARASITE/S

The thing ABOUT PARASITES – their one main defensive weapon, is that their host does not realize the parasite is under the same roof. A Freddy-Free-Loader. A Squatter.

Parasites come in many forms, some are even termed "symbiotic", in which case, fair is fair.

Strange that not even human "doctors" are taught about parasites and the ongoing harm they do – not unless that doctor gets serious and wants to be a specialist in parasitology.

The particular grub I want to discuss here is the *human parasites*, sometimes called monarchy. No sooner than Trump eliminates the false queen we already had – then the deep state finds an unlikely suspect who they plan to pass off as the new king. He himself, states his training was various and subject to the mind. As you all know, this is a reptilian concept – the one that sits at the top of the pyramid.

Yes, a pyramid ponzy scheme ~ for all the other supporters to milk.

I see it as a ploy for puppet "King Hallett" to "inherit" the "queens" trillions, which Trump has confiscated

Unfortunately it was only yesterday that someone said *the last date was July 30th 2020 for anyone to Object.*

We already have a ridgy-didge true real perfect in the dna blue blood relative of the last *consecrated in holy matrimony* progeny of a royal house; and he lives in Victoria Australia. Sir Tony Robinson found him.

We do not need another deep state Manchurian Candidate puppet to "rule" over us.

July 31 2020.

C. D. C. warns doctors, parents to be on the lookout for rare Polio-like disease in children...

(which the children WILL once they sit under five gee in their classrooms)

Lisa Renee "" Because C_vid 19 is Enterovirus D68, added to the flu v_ccine in 1976 which has had many names in the last 40 year's including, Flaccid Myelitis, SARS, Bird Flu, Avian Flu, Swine Flu, H1NI, the Non Polio-Polio, and now newly named Covid 19. Yes it damages the neurological system and causes long term, life long developing, progrssing "auto-immune", inflammatory neurological and cognitive decline which can be in the immediate or in the future after, even months or years after.

That is why anybody who gets C_vid 19 or the v_ccine will end up with *Multiple Sclerosis*, *Guillain Barre*, or *Gulf War Syndrome* like "autoimmune" disease that they will probably make a new name for and will not tell you it is associated with C_vid 19 or the "v_ccine"

Note from Collator: For all the pros and cons regarding over the counter drugs- the best pre-emptive seems to be Aspro Disprin hot, etc. Simply because it frees up the thrombosis in the lungs first.

One can argue about the quinine aspect once one can breathe.

As written here before – it is not apples that keep a doctor away – it is *citrus*. Lemons limes and grapefruit top of the list.

Just soak them first in one cup bi-carbonate of soda to 4 litres of clean water for at least one hour, to leach off the antibiotics that Monsantoism has forced orchards to spray. There was a suggestion that made mega sense to me, to cook the skins of four grapefruit, simmer for around an hour always keeping water all the way over the top of the skins and always keep the lid on. Drink with Manuka honey.

If the skins are not kept covered and lidded, the steam will carry most of the usable vitamin C away.

GRATEFUL and Thankful my more serious prayers have been answered:

The April 10 1980 - "please help me comprehend the works of Nostradamus at a greater depth",

it was June 1980 that the implant was done

As a five year old at kindergarten "please do not let me go gray haired too early" - answered in full, at 73, and not yet.

And another which is coming true - and relates to the cold, mud, and disappearing. So far it is cold and muddy...
