W herever possible, the J557 edition will be used because the docteur was alive and proof reading it during its printing process. The J555 publication stopped at 4 53 for more than one decoder-education purpose and varies some-what to the J557 edition, which is the more polished and public-friendly read-out.

Any long term reader will have noticed that the name St. Germain very rarely appeared in any previous warning. As always, the information held within the alerts has been time-related. How that is done is beyond my own means of comprehension. You will be shown a perfect example of this here in C+F+5 33 4 the synchronicity of which has appeared in numerous occasions to the point *there is barely one pdf article without such a "co-incidence!"*

Late in this effort as it is, finally, at the last, who the DOVE really is becomes clear. It is the qualifying desription for St. Germain!

The craft that arrived was not the usual silent one, but one with a bull-roarer sounding engine, and it did sound like more than one of them. ### PAKISTAN~URDU

From the *Casseopea Files*

*After some thought, it came to me that not every single visitor to Laura was the true ridgy-didge expected visitor. Recall the admonition regarding Dolores (Delores) Canon and her false visitor pretending to be Nostradamus? Now that you have seen the Triple Method for yourselves, do you really think those responses to her questions came from the real Nostradamus? No. And for the same reason – this entity here answering Laura's questions strikes me as being a false channel. Two immediate reasons come to my mind. The first is the Winston Churchill comment which is not here – saying he was as revered (by the Casseopean) as Mahatma Ghandi. Yet Churchill was a mass murderer. The second doubt I have, after working with the shars of the Nemesis system (being around the 700 year gap) yet this particular Casseopean channelling herein was consistent with a fixed "3,600" not even giving it an approx. or 'circa'. See how 'misinformation' works? The disengious answer to a question such as "are aliens with the Comet system?" being a simple 'No' is misleading, since those with the mini Cometary system are human. But this is how the Casseopean do teach – by leaving gaps big enough to require questions.*

"@cQ: The Atlanteans were Celts?

What a coincidence that Nostradamus uses "Celtique" ciphers

A: "Celts, Druids," etc... are merely latter day designations.

Q: Let's back up here. You said that the Celts came from **Kantek**. They were transported by the Lizzies... brought here?

A: Yes.

Q: When the Lizzies did this, how many Celts were physically brought here?

A: Hundreds of millions.

Q: How long, in our terms, did it take to bring these Celts to this planet?

Or, is this ongoing?

A: Well, in the sense that you measure it, let us say about a week.

Q: Did they transport them in ships, that is some sort of structure. That is, did they load them up, move them into 4th density, reemerge here in 3rd density, or something like that?

**They would have been loaded into cargo KUR. Large mobile planetoids**

A: Close. [using time gates]

Q: And they unloaded them in the area of the Caucasus, is that correct?

A: And regions surrounding.

Q: And, that was what, 79 to 80 thousand years ago?

A: Over 80,000.

Q: As I understand it, Atlantis was already quite a developed civilization at that time, is that correct?

A: Yes, but regions change with waves of immigration, or conquest... witness your own lands.

Q: You also said once that there was a nuclear war in India and that this was what was being discussed in the Vedas when it talks about the 'blue-skinned' people\* who weren't really blue because they were Celts, and they were flying in aircraft, and they were engaged in this war, etc. Who were the Celts at war with?

\* 'blue-skinned' people : the color is caused by the ingestion of colloidal silver-gold (ormus gold) to protect their DNA in time gate trips, this detail then pinpoints the visitors as human or at least mammalian.

A: The Paranthas.

Q: Now, wait a minute! Who are the Paranthas?! Do we have a new player here?

A: Not new.

Q: Do we know them by another name?

A: Choose.

Q: The Atlanteans? Were the Celts of India [Vinca] at war with the Atlanteans in the Atlantic?

A: Atlantis was merely a home base of an advanced civilisation of 3 races of humans occupying different sections of a huge Island empire, which, in itself, underwent 3 incarnations over a 100,000 year period as you would measure it.

Q: The 3 races were the Celts... and who were the second and third?

A: Or Kantekkians.

Q: Are the Kantekkians different from the Celts?

A: Only in the sense of long term racial and genetic blending.

Q: So, Atlantis had the Kantekkians and who else?

A: Race you would call "Native Americans," \*\*and a third, no longer existing race, somewhat resembling Australian or Guinean aborigines, only lighter in complexion.

\*\*Native Americans, with haplo group X DNA. No mention of the peoples whose strange skulls Steven and Evan Strong found. Had they been accidental visitors such as the Dropa?

Q: Was this third group destroyed by the other two?

A: One of the 3 cataclysms.

in the texts the word "PENULTIMATE" points to one of these with PERFECT FLIP in the BAUVAL pdf

(3 X 3600 = across a 10,800 year period, with Younger Dryas the 1<sup>st</sup>.. The actual shar of the Nemesis system is around 700 years and every FIFTH elliptical shar is the circa 3600 gap see the PDFS "RESETS" and Part 2 "The Travel Gaps Of The Nemesis System..."

Q: Paranthas. Who were the Paranthas?

A: [the] Nation of race mentioned above.

Q: So, the Paranthas were the antecedents of the Abos of Australia?

Pointing out that the Original people of Australia do not themselves use the word "Abos". Koori is acceptable to them

A: Yes, and compare to now existing peoples of India, Pakistan, Sri Lanka, Australia, and New Guinea for similarities, bearing in mind genetic mixing and dilution.

Q: (L) Is the cluster of fragments in between the orbits of Mars and Jupiter the remains of a planet?

A: Yes.

Q: (L) What was that planet known as?

A: Kantek.

Q: (L) When did that planet break apart into the asteroid belt?

A: 79 thousand years ago approximately.

By saying "3600 years" throughout these transcripts, of which only a tiny excerpt is shown here – indicates an amount of deceit. Deception about the incoming planetary solar system. I wonder why?

Not explaining the ca700 year visits, but only the destructive orbit, which, being elliptical is never the exact same timing each time.

### ABSTRACT

The inventor shows that a human soul is only the information in human brain. He offers a method for re-writing the human brain on electronic chips. This method allows for the modeling of a human soul in order to achieve man immortality. This method does not damage the brain but works to extend and enhance it.

This method of writing and saving of Human Soul includes: writing of views which person see in during his life by a micro video recorder to a portable memory; writing of sounds which person speaks and hears by microphone; writing of person physical conditions by micro sensors; writing of time and dates; writing of person body position and so on.

### An Installation utilizing the Method is comprised in devices:

micro video camera located at man head, microphone, computer (chip) for data processing, portable memory located at a persons body and connected to the portable memory; portable recorder for writing of life film located at the man body and connected to the computer and to the portable memory; micro sensors for writing of person physical and environment conditions; a clock for writing of time, the micro sensors for writing of men body positions; navigation system, long time memory high capability storage and so on.

### BACKGROUND OF THE INVENTION 1. Field of the Invention

- [0005]

The inventor shows that human soul is only the information in human brain. He offers a new method for re-writing the human brain on electronic chips. This method allows for the modeling of a human soul in order to achieve immortality. This method does not damage the brain but works to extend and enhance it.

- [0006]

### 2. Description of the Related Art

- [0007]

Immortality is the most cherished dream and the biggest wish of any person. People seldom think about it while they are still young, healthy, and full of energy. But when they get some incurable disease or become old, then there is no bigger wish for them than to live longer, put off the inevitable end. And no matter what heavenly existence in the after-life is promised to them by religion, the vast majority of people want to stay and enjoy life here, on Earth, as long as possible.

**This topic of Human 'Soul' versus Human Mind needs closer inspection. Once a person has read all of this patent it becomes very clear it is NOT the SOUL being transferred, it is the mind. Into Robots. The entire Mind on a chip. Therefore no fractals can be involved, only copies. Whereas – with Soul-Spirit transfer (which emanate from the Heart) – Fractals can and do become transferred. The first thing that comes to my thinking is this Patent is voided by using the word 'Soul'. And the " inventor shows that a human soul is only brain information....: is not proven at all. Empathy, Joy, Love and other emotions derive from the Heart. This knowledge confuses many of the grey types.**

**The proof of where soul-spirit dwells rests with heart transplants ; who change lifestyle (spirit) and other physical beliefs after the swap**

The inventor shows [says] a real immortality can be only electronically.

- [0015]

Nevertheless, human cells cannot exist eternally even under ideal conditions\*. This follows from the atomic-molecular theory. Atoms of biological molecules permanently oscillate and interact with each other. According to the theory of probability, sooner or later the impulses of adjacent atoms influencing the given atom, add up, and the atom acquires enough speed to break loose from its atomic chain, or at least to transfer into the adjacent position (physicists say that the impulse received by the atom has surpassed the energy threshold which retains the atom in its particular place in the molecular chain). It also means that the cell containing this atom has been damaged and cannot any longer function normally. Thus, for example, we get cancer cells \*\*which cannot fulfill their designated functions any more and begin to proliferate abnormally fast and ruin human organs.

\**Presuming we speak of iron based blood systems.*

*Those who have copper based blood systems might be another matter.*

\*\* *The cancer paradigm is earth-based due to four influences. Parasites, Pathogens and Pollutants and Greed.*

- [0016]

This process accelerates manifold when a person has been exposed to a strong electromagnetic radiation, for instance, Roentgen or X-rays, a high-frequency electric current or radioactive materials.

#### BRIEF SUMMARY OF THE INVENTION

- [0018]

The inventor shows that a human soul is only information in human brain.\*\*\* It offers a method for re-writing the human brain on electronic chips. This method allows for the modeling of a human soul in order to achieve immortality. This method does not damage the brain but works to extend and enhance it.

\*\*\* *This information suits the transhuman agenda, which leaves a person actually soulless, lacking empathy and other emotions. Hence this statement' is only information in human brain' is misleading.*

*The actual soul has been weighed – In the book I am Darius R.R. Giroux speaks of this transfer, but when described by contactee Linda Porter and others, the Casseopeans do a soul transfer in its entirety, appearing as a glowing physical light. Also noting the details that ancient Egyptians were aware the soul derives from a heart organ, not the brain.*

*They were very keen to remove all the brain matter. Yet always left the heart.*

*The last thing the transhumanism paradigm wants is emotional robots.*

*Hence the grey from Crown-Hirudo/Leech in Orion that imploded the moonship containing Nostradamus and his J-Rod assistant, complained in that statement ALIEN ARGUES SOULS POSE GLAMOROUS LEISURE.*

*2 72 3 Romains fuis, Gaule repousse.*

*'a soul is a luxury too good for humans'.*

*Many people abducted by certain grays say the those grays are puzzled by our souls*

*Think also on the phenomenon in heart transplantees. The alteration to their "spirit" along with feeling they are someone else complete with totally different eating and drinking habits.*

#### 2. ELECTRONIC IMMORTALITY. ADVANTAGES OF ELECTRONIC EXISTENCE

- [0033]

In the noted works the author has shown that the problem of immortality can be solved only by changing the biological human into an artificial form. Such an immortal person made of chips and super-solid material (the E-man, as was called in his articles) will have incredible advantages in comparison to conventional people.

**An E-man will need no food, no dwelling, no air, no sleep, no rest, and no ecologically pure environment.**

His brain will work from radio-isotopic batteries (which will work for decades) and muscles that will work on small nuclear engines. Such a being will be able to travel into space and walk on the sea floor with no aqualungs. He will change his face and figure. He will have super-human strength and communicate easily over long distances to gain vast amounts of knowledge in seconds (by re-writing his brain). His mental abilities and capacities will increase millions of times. It will be possible for such a person to travel huge distances at the speed of light.\*

**The information of one person like this could be transported to other planets with a laser beam and then placed in a new body.**

\**We can do that by time gates anyway*

*We can also visualize the Hopi Prophecy rock message. The branching of humanity into the matriarchal natural society and the transhuman one dropping away (that goes into space).*

**ANYWHERE YOU READ ABOUT ANY ENERGY RELATED TO ELECTRICITY AND ANY EQUIPMENT OR PARTS THAT DEPEND ON ELECTRICITY – ALWAYS VISUALIZE WHAT HAPPENS WHEN THERE IS NO ELECTRICITY SOURCE.**

#### 7. ELECTRONIC SOCIETY

- [0069]

Many, especially religious people, object because they say electronic beings will not have human senses such as love, sympathy, kindness, humanism, altruism, and the capacity to make mistakes, etc.

**E-beings are not people.\*** Look back at human history. Human history shows that kindness played a very small role in human life. All human history is the history of human vices and human blood: struggle for power, authority, impact, money, riches, territory, and states. All human history is filled with fraud, underhanded actions, and trickery. Ordinary people were only playthings, flock of sheep for the tyrants and dictators. (<http://Bolonkin.narod.ru>)

\* "Not people"- one would argue then that technological E-beings are robots plain and simple. No sense of humor, no love and therefore low in human vibrations. This as a product is far inferior to the beauty of the soul filled creations from the Elohim Alliances. What, then, is the point? "It is these robots that become " flock of sheep for the tyrants and dictators." Ergo – all about money and profits and nothing else!

- [0068]

Nature is infinite and the development of a Super Brain (God)\* will not be limited. On the other hand, biological people will have limited mental capabilities. It will be difficult for them to image and predict the development and activity of Super beings, which we will generate.

\*Recall what EnKi and Chani said? "you are not gods in Gods world"

Compare this narrow view to the real QUODS.

Al Bielek wrote of a grey alien invasion through the 40 year rift in time, with the rift allowing many UFOs to invade our world.

He also mentioned soldiers going through the time portal at Montauk to fight in a 'future war' 50 years ahead!

DISCERN MORE NESARA-GESARA DETAILS as it happens, only yesterday I was puzzling over the various different wording of the anacronyms that the letters NESARA are supposed to stand for. We have what seems to be the one 9/11 was arranged to prevent, which seems to be National Economic Security and Reformation Act (NESARA).

Other words seen are "Recovery", "Reclamation" Act and the false "Stabilization". As always we need to DISCERN NESARA GESARA law | Gesara.news

<https://gesara.news/global-economic-security-and-reformation-act.html>

- NESARA GESARA law: 1. Cancels all credit card, mortgage, and other bank debt due to illegal banking and government activities. Many refer to this as a "jubilee" or complete forgiveness of debt. 2. Abolishes income tax. 3. Abolishes the IRS, with employees of the IRS will be transferred into the US Treasury national sales tax area. 4. Creates a 17% flat rate non-essential new items only ...

most of this wording seems of a NWO variety, yet the real NESARA is using Quantum Field Banking.

This should ring warning bells to those who are counting on the very hackable BitCoin. It also points us towards one Truth – that the Tesla Towers ARE being implemented, because Quantum Banking needs them.

❖ UUATERS RULE who would have ever thought back in 2008 when Allan was finishing the Template, that the sea waters would be used as part of the weaponry against the Deep Underground Military Bases? This was the reason various ocean bays simply drained away since around 2016-7. With all the security features the dark side underground has, such as hologram doors and hologram cliff faces, our white hat defense forces STEWARDS need all the help they can get.

❖ CELTIC U.STARS here is a screenshot of my own little table for Celtic Ciphers. The wording is Celtic 'U' then STARS with this little personal Table not yet including the Triple Method which I did not receive until late 2012. As you can visualize – every word result in the Table here can and does apply to the Dark Side (Deep State) underground. - that our planet had a turnover during the passage of Ison . – commemorated in a woodcut dated J687 following

*OK, I can now see why I had to have the hiatus. The Butterfly effect is here and alive. A short riddle: how did saving a dying baby lamb help me get the one true shot of the golden cube I have been seeking – five minutes before it left my farm? (October 31<sup>st</sup> 2020)*

*Answer: the lamb grew up as a house member (let's say). Recently as a one year old she took a liking to eating the wiring of my air conditioner (she has free range to many acres). Summer here is brutal and upcoming. Mum and her retired electrician husband came for a few days and he fixed that problem. They cut their stay short due to ice-hail storms arriving from Queensland. So, had I not been outside at 4am to see them off days earlier than they were going to stay, because it floods around here – then I would not have been on my porch with my phone trying to get a photo of them leaving. In the photos I caught at that very moment, between storm clouds – a crystal clear view of the Golden Cube hovering – dispensing other cubes. Yes, I caught them leaving!. Five minutes later the storm came over and next morning they were gone. These photos appear later.*

Many of the same astronomical constellations that appear in the vignettes of Nostradamus are here. Taurus is facing the wrong way, and looking at the flying birds if that is Cygnus it sure is flying the wrong way, but it could be meant to be Altair. Yet the two hunting dogs of Canis Major and Minor are facing the way we see them today. The Lion seems to be alone yet facing the correct way and Vulpecula with Anser Goose and Lacerta also travelling the way we see it today. Ursa is facing the wrong way so what this looks like; those in the top line up were the former and those in the bottom line up the new skies, the ones we know. There are two here that we do not hear of now, the Leopard (became Auriga) and whatever it is behind the Goat/Capricorn with Aries and under Lyra. Cetus maybe.

**Explained**

When you see dates for the mini solar system that comes into our own every circa 700 years, keep in mind that we see it for around 40 years.

To determine its peak and time of return would be ideal but far from truly possible. For example we have all been able to eyeball it since at least 2010.

This is why we receive various dates from disparate countries.

astronomy)-33C.E. = 686 year gap. Then 33/biblical passover less  
705 BC (Hezekiah) = 738 years (prior to which were 360 days).  
1486 BC to 705BC = 781 of our years at 360 days (781 by 5 additional  
days = 3905 days divide by 365 = 10.7 years diff) so, gap of 771 orbits

There are many reasons for the orbit of the dead twin to our sun having an *uncountable* set period or gap between visits. The variations can be as great as sixty years and every fifth visit seems to be more destructive, that is, the so called 3,660 year orbit of Sitchin. This visit now was a fifth visit, but we have seen the work done by Elohim Alliances to protect the Living Library in Taurus, 2020 – trimming parts off Atlas,\* the comet half the size of our sun - which happens to be Nemesis Tychon Ison Aten the PassOver *et alia*; gaining a new name each time it arrives. To provide an "average" age gap between visits would be as useful as the idea Ptolemy had of averaging the length of the greater Ages to 2160 of our years simply by dividing 25,920 (the Millwheel of Ages) by 12 to reach 2160. Not one of those Greater Ages has a trip of 2160 for our sun to pass through! The quickest trip is through Aries taking 1440 years and the slowest through Leo comprises 2808. Pisces being the second longest at 2590 – in this way we are only just half travelled through the Age of Pisces today! Given that we are about to go into 1345 A.D. in real time. If we were to go back to that period around 2200BC, the previous very destructive imposition of the Atlas-Nemesis mini solar system – we might see so many events that could come into recognizable focus for historians – such as a date for the real Exodus, for Santorini-Thera and so on. Although it came to me that Santorini was the direct reason for Hyksos invasion into Egypt around the 1500BC mark (the 1486BC event) due to loss of grazing caused by Thera.

According to NASA (always a need to qualify this as a source), "first seen April 11 2020, Comet Atlas was renamed SWAN in May 2020". The texts have warned us about the changing of names in order to fool or confuse the public. Since the early 1970's astronomers have known about the dead sun- comet half the size of our sun using the name Nemesis back then. The closer it came to arrival time the more likely it had a change of name, a change of where it really appeared in the heavens, a change of expected date of arrival and a change of course, many times. Just as the line above, 1 65 3 says: "FOUND GUILE REMAINDERS" the latter word could as easily be BELLYFUL REMINDER – but I had never forgotten the word ESTOMACH and saying BELLYFUL was as clear a hint as one would need.

Someone knew even in 1990 that the J for Julian was still in living memory at J885 after Julian began his completed Kalends in 44 BC.

I use 44 and not 46BCE because J44 is when July was included. But 46 is true

Just to bring you up to date on the J for Julian Kalendar (Kalends) where B.C.E. is Before Christian Era

46 BCE Caesar draughted the new Calendar (why did he need to?) because they knew Nemesis was coming?

[for the same reason prince Otto made the new millennium bringing it forward by 324½ years]

44 BCE – the month of July introduced, making the Julian Calendar fixed in stone until J582, October

33. C.E. (Crucifixion Era\*) was really J79 (not used as A.D. until J583 when the J -was made a #1)

THUS when Nemesis set off Vesuvius for Pompeii and Herculaneum destruction in October J79, it was a few months following the Crucifixion – under which a huge earthquake caused by Nemesis had cracked the rock\*\*

There is a sandstone cliff, near second mesa on the Hopi Reservation in Arizona. On this cliff is etched a picture of the past, present, and the future. This site is more commonly known as Hopi Prophecy Rock. The petroglyph depicts the Hopi as emerging from the underground to the surface of the earth. The actual place for this event is a religious site located in the Grand Canyon. The Sioux also say they emerged from underground at a place in the Black Hills known today as Wind Cave.

"We will receive many warnings allowing us to change our ways from below the Earth as well as above. Then one morning in a moment. We will awaken to the Red Dawn. The sky will be the color of blood, many things will then begin to happen that right now we are not sure of their exact nature. For much of reality will not be as it is now.

"There will be many strange beasts upon the Earth in those days, some from the past and some that we have never seen. The nature of mankind will appear strange in these times we walk between worlds and we will house many spirits even within our bodies After a time we will again walk with our brothers from the Stars, and rebuild this Earth. **October 18 at 9:35 PM**

With so many recent arrivals at camp 'I'm awake now' I thought I'd offer a brief synopsis of what has been going on on this planet to be shared and bring you up to speed.

First thing to understand: a cabal of evil psychopaths who are interested in the occult have been running this planet for a very long time. These psychopaths are born with no empathy and they perform trauma based mind control on themselves (their own children) and others from their 'cult'.

**These people use pedophilia in ritual. (C+F+ritual)**

They desire to live forever (they plan to merge with robots and machines) and seek to use the gifts of sleeping humans to achieve their goals of ownership of the planet and complete control over everything. They are deviant control freaks. They own most corporations and private groups. Once you understand that these people will lie, kill, steal and manipulate to get what they want you can move on to part 2.

Since WW2 the energy that created the NAZI party and all the atrocities that went along with it are still alive and kicking.

Without Big Oil and Big Corporations, Hitler would never have succeeded.

WW2 was an experiment in evil and human sacrifice and truly it was never 'won' by anyone.

It was just a means for the elite to grab more land and more power.

After the war they created the EU which meant the same as Hitler taking over Europe but done with a friendly face to make it 'acceptable'.

Gradually, all sovereign nations have been infiltrated and taken over by the people who carry the EUGENIC dream (anti-human).

The gold backed currency was destroyed, the family unit was attacked, human genders have been chemically altered en masse and GOD has been removed from the minds of the people (to allow the future 'merge with machines' and 'mark of the beast microchip' plan to become easier to manifest.)

The last 70 - 80 years have just been a time these NAZIs pretended now to be 'liberals' and 'academics' to lull humanity into a false sense of security, freedom and growth. They pretended to be bringing in some sort of technology/science based utopia but in reality it is an evil scheme to

take over and control the human being and the natural world. They would have done it earlier only they needed us to discover so many things before they were ready to use human intellect against us (**they own patents on most discoveries and advancements**).

This ‘cabal’ began creating the false narrative of ‘climate change’ way back in the 1930s.

Even though they were the ones creating planned obsolescence and consumerism (via TV and media advert brainwashing).

The climate fear narrative is a part of the slave master plan.

They started trying to make humans believe

a) there are too many of us.

b) we are destructive and killing the planet.

### **Neither of these statements are true.**

They even teach the young their pseudo science in Universities and schools to make sure the brainwashing continues.

Anyone who stands against the lies is branded ‘a quack’ or a ‘science denier’.

### **Global weather changes, this is normal and governed by the sun.\***

The fires you see increasing are created by ARSONISTS to give you the fear our world is in peril and to actually create destruction of the eco system.

‘They’ (the CABAL) also began to push the whole 12 years narrative via psyoperaives and children recently to gain the approval of the masses for the next stage of their end game. **‘Total lockdown and enslavement’.**

Known to the EVIL CABAL as THE GREAT RESET. \*\*

The plandemic was their way of achieving this, they released a bio weapon with China’s help, and brought the world to its knees.

Destroying the economies and people’s spirit. Putting fear into them so they freeze and are easily defeated.

Then they stoked race wars to keep us all divided. **Nothing they fear more than a united humanity.**

The people you see pushing **The Great Reset** idea are all linked directly to NEW WORLD ORDER and GLOBAL SLAVERY.

They want you to feel powerless. They want you to feel guilty and believe the media garbage.

They hope you won’t say no but you’ll consent and police others for them.

They desire a one world global communist regime run by them, while we will be chipped up zombies.

The vaccine is full of nanotechnology to destroy human sovereignty and health. An excuse to invade our bodies and chip us up.

**This is World War 3.** It is upon us. We fight for the survival of the human race and the planet.

**Trump is basically the only man standing between you and the take over at this time, which is why the media tries to destroy him and make you hate him.**

There, now you are up to date.

This is what we are fighting against

**\* by the sun. not only our sun, but our sun's twin, the effect our orbit has, the angle of our planet, the shift of continents and our spin.**

\*\* THE GREAT RESET. And just like NESARA being copied for disinformation by GHW Bush, these words THE GREAT RESET have another meaning, a much older and more geological truth. This great reset of the Nazis seems to coincide with our geological resets – such as the various popes over the ages changing things to suit the Nazi Vril agenda.

Oh I am breathless. Speechless!

Most of this information is in The Hidden Texts of Nostradamus.

FINAL BATTLE UPDATE ~ October 14, 2020

**Galactic Confederation and Resistance Forces are making good progress in eliminating the Draco fleet and the Illuminati Breakaway Complex (IBC).**

The vast majority of the Draco ships and also the majority of negative Secret Space Programs ships have been Cleared already, with very few remaining in the Low Earth Orbit.

**Many of the Dracos are fleeing the Draco fleet and trying to hide in underground bases, where they are Cleared anyway a few days later.**

The Resistance is clearing the underground bases with full force, with Neu Berlin and most other Antarctic underground bases already liberated.

**Positive Military sources with no access to Resistance intel are reporting unusual seismic activity in Antarctica.** Those military sources are also reporting evacuation of surface US, Russian, Chinese, and Argentinian military bases in Antarctica for unknown reasons.

The LIGHT Forces have also begun the full force operation of clearing the **Chimera fleet \*** that was until now hidden in Quantum Superposition State in Sublunar Space.

They have already managed to clear the majority of Chimera forces from Sublunar Space and NOW most of the Chimera fleet is gathered in **Low Earth Orbit.**

Draco military commanders are surrendering all their highly advanced technology to the Chimera forces just before they get cleared by the Galactic Confederation. Draco military high command is NOW in a state of panic, smelling defeat.

Chimera fleet is using the so-called quantum black goo as their defense weapon against the progress of the LIGHT Forces.

Quantum black goo is simply compressed form of quantum primary anomaly that has been exposed to extreme entropy and is now being released by the Chimera in Low Earth Orbit and is being very effectively cleared by the LIGHT Forces.

Yet, it still does contribute to the overall primary anomaly around the planet and to general feeling of doom and gloom which surrounds the Earth.

Chimera beings were once highly evolved angelic beings who chose to subject themselves to controlled toplet bombs explosion experiments long time ago in the Galactic past. This, and numerous genetic experiments has mutated them into **Spider Beings\*\*** of unimaginable darkness. Soon, they will All BE finally dealt with.

**To counteract all this, Saint Germain is NOW sending Strong Energies to empower the implementation of the Constitution of the United States: The Constitution is a legal document that forms the legal basis for the creation of New Atlantis before the Galactic Codex can be implemented.**

**Saint Germain was deeply involved in the creation of the United States and in the creation of the Declaration of Independence.**

**Both Constitution of the United States and Declaration of Independence are legal documents that will have important role in the events which are about to occur in the United States in the Next Few Months and which will have Global impact.**

We are NOW in the midst of the Final Battle:

And Envision our Future.

The BEST is yet to Come:

At a certain point... Energies of the Galactic Central Sun will burn through All obstacles...

The Net Must Come Down... It Ends... LIGHT Enters!

## TRUMPS DEEDS

### Brian Christopher

FOR ANYONE NOT SUPPORTING TRUMP

- He made cruelty to animals a FELONY
- He gave billions to stop the opioid crisis
- He destroyed ISIS, killed how many terrorists without going to war
- We are the Largest producer of oil
- He built a wall to keep criminals and drugs from coming in
- He slashed the price for medications and some cases 50%, which is driving big Pharma nuts
- He signed a law ending the gag-order on pharmacists that prevented them from sharing money-saving options on prescriptions
- He signed the Save Our Seas Act which funds 10 million per year to clean tons of plastic and garbage from the ocean
- He signed a bill for airports to provide breast-feeding stations for nursing moms
- He signed the biggest wilderness protection and conservation bill in a decade designating 375,000 acres as protected land
- He loves America and puts Americans first
- He made a gay man the ambassador of Germany and then asked him to clean up national security and unclassified as much of it as possible for transparency
- He's kept almost every campaign promise
- He works for free, donating his salary to different charities
- He's done more for the black community than every other President
- He listened to senator Scott and passed Invest In Opportunity Zones to help minorities
- He passed prison reform, which gives people a second chance and has made quite a huge difference for the black communities
- He passed VA reforms to benefit the very people who served our country and defend our freedom
- He's signing new trade deals that benefit Americans, instead of costing us more
- He loves our flag and our country
- He calls out and has shown all of us that they ARE Fake News, and they twist the truth to control and mislead the people and he is trying to protect us from this
- He's ending wars
- He has made a commitment to end child-trafficking and crimes against humanity and has made 1000's of arrests already
- He's brought home over 40 Americans held captive, the last one from Iran
- He was a Billionaire before he ran for President and now is worth at least 1/3 less... because he loves America THAT MUCH
- He's making the world pay their fair share for the UN for protection
- He respects cops, veterans, ICE & First Responders
- He does not sell out America to other countries, like the leaders prior to him have done

You will be amazed at how much more peace comes into your life when you turn off the FAKE NEWS and turn on the true America, where we focus on what unites us, not what divides us. The media hated him from day one. Impeachment was on the table before he was elected. He's never given a chance yet he's done more in 4 years than any president with zero help from the media or democrats. Results don't lie onto the radical left.

Love it or leave it.

Do your research... I have!

All of these are verifiable things Trump has done! And verifiable that the media twists his words!

## MONSTRE D'ABVS M.ABUS

### MORE proof I am as slow as a rocket ship to Mars

As you already know, the Manuscript of this title was discovered in a wealthy Italian lord's private library, when I was just trying to find original Almanacks. That day everything I needed was 'let' to me and ever since, that source was sealed. Not just to me but to everyone. The Manuscript titled Monstre d'Abvs (Monster from Abus)

was special in that I have never heard anyone mention it so far as making use of it or even reading it.

The reason may sit in the vignette pictured, with explicit implications the creature came from Ophiuchus. So a short excerpt appeared on Folio 6 explaining that these are the Grayles underground of Phil Schneider, of the Military Industrial Media Complex and of the "New World Order" which includes the NIV bible.

The Original Manuscript contains 40 reading pages and probably a years worth of work to both translate and then to decipher. This Manuscript now appears on Folio 6 for the die hards to delve into.

The name: Apu - former capital of the ninth nome of Edfu.

And the reason for my tardiness is not really forgivable for anyone counting on me to get it right.

Put the word 'abus' into William Whittakers Latin Words search and it comes up with "apus" or Apu.

The big "M" is for the Orion Group, the sky rune of Mannuz, but also in French is Monsieur.

Apus is the Swift-Swallow, the legless flying bird, also known as Hirundo as a constellation. Right next to tiny Ara which is next to Ophiuchus. And just like the Bennu bird, which is written as Penu in ancient Egyptian but pro-nounced Bennu (south land) - the word Abus in ancient Latin is pronounced Apu. As constellations go, there are a few 'birds' in a row. Pavo the Peacock is one of them. Hirundo is not to be confused with Hirudo the Leech. Apus-Apu is also the Bird of Paradise.

Whistleblower Claims There Are More Than Eighty-Two Species Of Aliens In Contact With Humans.

<https://dailymysteries.com/2018/03/24/whistleblower-claims-there-are-more-than-eighty-two-species-of-aliens-in-contact-with-humans/>

It is not generally known I sent the table of 84 Extra Terrestrials (named in the Template) to Paul Hellyer in 2010. He came out in 2012 making the statement he was aware of "82 Extra Terrestrials that affect humans" - and he was right!

I had included two group names in my 84 – whose members were already in the tabled list, so the two group names were not needed to be included in the numbered.

Then in the Excerpt from Monstre d'Abvs forum was the bold statement:

moyen gaigner quelque autorite fur

UUORTHY ARGO QUINQUEREME\*, FERTILE QUEEN, MEANT REQUIRE UNEQUAL EIGHTY-TUOO FREE TO GO AUUAY FROM EARTH.  
There happen to be 82 Other Worlders in the Quaran Table

- \*refers to 2 5 3, "its golden Oar league karma from the blue". The Oar League are Mantids from Argo
- a Quinquereme is a sailing ship much like the ones the Romans used, with rowing oars. Argo has an image for its constellation which is always shown travelling in reverse – backwards in time?
- Fertile Queen – because Casseopeans have arranged the tweaking of the DNA of humanity since forever
- Unequal Eighty Two – that's for sure! As many plans, programs, objectives and hidden agenda as one can imagine
- Noting they are saying that all of them are to quit Earth, including themselves, the Mantids Casseopian and Andromedans

Recently I received a good question from Sandi Cooke. She asked me why the Zeta were not present in the table.

In the Grand Scheme of things the small Zeta45 are only hive mind robots for the group which invented Nazis and 'gave' us Hitler, The Aldebaran-Plejaren-Sirius triad. The fallen ones under Antarctica.

here is an image we see frequently, and it conveys incorrect information. If asked, most people would say this is a "Zeta Grey" – but it is certainly not! In essence, this partly answers Sandi's question.

Take a good close look at the base of these space ships with the fashions being Henry VIII (J1500s)  
and go to Control+Find+AZTEC

noting the grey pictured here in this ad for a video about the SERPO Exchange program, is exactly the same grey as all the SubNasal following, those from Sirius, not Serpo.

Die hard readers will recall a pdf titled Aliens Lie...  
Here we see the proof in that. The Nazis were backed by a Triad (search the word TRIAD in the Template) composed of Aldebaran, Pleidians (fallen ones) and those from Sirius: Oannes & SubNasal  
Other proof is the Vril propulsion of their space ships

It was only yesterday that a group of images of a particular type of "grey" came to me for collecting/collating. These are not the Zeta as we think of them – and we only "know of them" via early reporting from the likes of Linda Moulton Howe (who has gone on to report many others) yet her readers in the main seem to think a "grey" is from Zeta Reticuli (the Net). For the most part the majority of disclosure readers are stuck with that thought. The ZETA name appears once in all of the Template by that name but appears many times by other descriptions such as "crotchless" and "spun in Crane" and "anapisia petus" "pygmean", "imp" and words that describe being paralysed or anaesthetised. Since Allan Webber, who programmed the Template of Quatrain lines, told me he does not believe in Aliens, it was not to be expected to see the word "grey" or Zeta. Yet the words Grayle/Argyle appear. The time for describing the SUBNASAL from Sirius has arrived – and these could also be termed "Grayle".

The tallish greenish **Graal** of the Elohim Alliances has even been spelt in the Template as GRAAL.Which is not a Grayle! The tall grey Betty Hill encountered along with his trade route map, was a Grayle. Those which attacked Phil Schneider were Grayles too – not from the same star systems, his being from Abus (Apu/Apis) near Ophiuchus. Betty Hills' were of the Zeta trade route, but aligned with the Aldebaran Nazi triad under Antarctica – proven by the Nazi SS Officer on board – and that was our 1961! (In reality, 1285C.E.) Hers were from Canis Minor One detail you will notice about the Subnasal Grayles from Sirius – is that like us- they have defining features and just like us, no two are exactly alike. They all share the subnasal feature and the downturned mouth, and the one other thing they share with humans – they start out young and grow old. A collection of these in images follows. THESE are the ones Alex Collier refers to in his statement "the first to 'arrive' are from Sirius and they are full of.... except they have been here all along, as you will see.

I will attempt to place them in an age order – their own age.

## ASTOUNDING ALIEN DISCLOSURE – STORY IN HISTORY Video

< type in this line for video  
recall Dick Allgire in his remote viewing session regarding who it was constructed the Giza Plateau – making the statement that "these guys left after finishing the construction and another lot arrived". This comment can be tied in with a Cassopean overseeing first construction- under banner of Bennu-Crane-Heron\_Ibis, hence the Bennu Caves.  
Followed in a later millennia by the appearance of The Goose Returning – Cygnus in the north.

**SUBNASAL** – seems to go with this mouth, so compare to other greys, even including an Elder

these are all the same alien, those from Leech allied Sirius

We have no shortage of choice for what types of aliens have been involved with Giza and Guatemala. On the dearth of evidence it seems the negatives began re-construction following a Reset (the Younger Dryas) then the goodies returned, for the northern return – then the baddies for the next reset. Follow the wall reliefs!

So what does this wall frieze tell us?

We can see the Goose Returning period; when Cygnus returns to the north or rather when Giza returns to the north

We see the memory stack (C+F+STACK)

The Constellations Leech/Hirudo Canis Minor and Sirius are all a group and can be included in the Orion Group. The video/s regarding the "**Corpuscular ship**" are not. What they are catching is a golden cube which rarely allows its real shape to be seen. These Cube ships belong to the Oar League Mantids from Argo and are NOT related to any of the greys shown here. The Golden Cube does contain at any given time any of the 20 allied Elohim members.

## ZETA-TALK

The reason the post regarding "SUBNASAL" grays was not just to remind us there are many types, but to warn us of the main detail. **THEY LIE**

I was asked why there are so few ZETA types named in the Hidden Texts pdf "84 EXTRA TERRESTRIALS."  
**GREAT QUESTION**

Even the entire Template of QuatREins computer programmed by Allan Webber contains only one mention of the word Zeta. In 8 28 4. The Table of 84 Extra Terrestrials (has 16 mentions) was taken from this Template. Pretty amazing when we realize that Allan does not believe in ET other than "angels".

Here is the continuation of that former post which shows that the SubNasal from Sirius (in a triad that includes Aldebaran and Alcyone the biblical fallen ones ) are responsible for such things as the controlling Vatican and Nazi paradigms.

Anyone aware of the purported SERPO PROJECT?

Where a dozen humans were sent to an erstwhile planet of the Zeta Reticuli system where the word Reticuli means NET... ?

The following will explain why there are no [hive mind] Zetans described in The Template for the Hidden Texts.

The reason is simple. They are not from Zeta!

Compare the craft shown here with those in the former posting

**ALIENS LIE**

<http://www.hiddentextsofnostradamus.com/wp-content/uploads/2013/03/ALIENS-LIE.pdf>

Please understand that I am not "picking on" Nancy Lieder - she was not to know and not realizing that the resident E.T. in the **western hemisphere are not here for us.**

The following images are mostly from her ZetaTalk website. There are a couple additional to those posted yesterday.

Here is her web site Header cover image.

Compare it to the SubNasal from Sirius, especially the **Vril** craft

Interesting that this "Zeta grey" from the ZetaTalk website is depicted with five fingers.

Another image from ZetaTalk. Noting the long stalky neck same as the Maitre Grayles.

To allow themselves made as images in statues and busts tells us they have an ego.  
Are THESE the pharaoh kings on Kings List that say they reigned for many thousands of years?

These are/were the Vril craft of the Anakim – Nazi - Khazar-Vatican, & U.S.A. surely giving away their absolute deceit

If you think some of these craft are familiar – you will be spot on. Billy Meier took many shots of various of THESE craft above. These texts once told us that some of the fallen angels from the Pleiades "still Know Love" and it is this thought that leads me to comprehend why some of his visitors contradicted more previous of his visitors.

The grey on the left, putting his sunglasses back on, still *does not seem to be* a Subnasal. It is this one that the public thinks is a Zeta. Yet it is not that either. The Zeta45 is a *two brained J-Rod*.

#### Skymap Johannes Hevelius i611 – i687

I have used the lower case "i" here because the letter found under the Tudor Mansion was dated i633.

Have you begun to ask yourself why?

Why did all the pre 720 astronomers depict the constellations facing the opposite way to how we see them?

That prior to 719 A.D. the Animal for Cancer was a crayfish or lobster – and post 720 A.D. it became a crab..!

proving, again, that Nostradamus was in Pre 720. He used the lobster.

That here in this image pre 720 we see Sagittarius very much facing the wrong way. With Corvus before Leo, which was the Epiphany that led me here.

The OTHER detail that now comes to light is the actual date for the Uffington Horse. This ground glyph is actually Sagittarius complete with bow and arrow to its RIGHT.

THIS was the hint left to us here in their future.

That THERE WAS A RESET OF THE HEAVENS,

that they had a NEW SAGITTARIUS after 719 AD

and that it has been maintained since post 719.

How does this come about?

If our heavens turn - SO DO WE – and THIS IS WHY T.P.T.B. stick to their Orions Belt mythology regarding Giza.

This one has Taurus in reverse (to what we see now) and a date of J706 for the depiction Julian 706  
compare to the event shown in the J687 illustration (C+F+FIRMAMENT)

**AND THE OBJECT CAUSING THE ECLIPSE IS A COMET PASSOVER**

## BY NOW

Many of you who have put up with my fumbling through the thicket of *misinformation, missed* information, and *disinformation* thrown at us by those who do not represent humanity born on Earth – or, as I should say now with complete certainty – *Earthlings* - ...

Those of you who have made the same discoveries along the way in the years from August 2009- that the highest majority of source's of what we all thought was informed truth; are in actual fact, full-on lies and deceptions. This includes those web sites people love so much – The Andromedans, The Galactic Federation, The Sphere Alliance, the Ashtar Command, Wikipedia, Gaia TV and so on – have ALL been there to guide the public AWAY from the truth. Those who attempt to provide a more sound base for comprehension – such as these Hidden Texts of Nostradamus, The Disguised Script ("Riddles") of Da Vinci, and the secretive wisdom from St. Germain; receive hurdles and problems as censorship, alterations and much misinformation in a red window saying "this site is not secure" or "this pdf carries a virus".

I can see now that the main impact of these texts has to have had the priority of managing to help us discern.

Working out who the real enemy is, what their craft look like, how they are propelled, and why certain of them keep in disguise and cloak themselves not only from discovery by *unready us*, but discovery from *their* enemies.

## THESE

OFF WORLD BEINGS, be they Extra Terrestrial, Inter-Dimensional, Extra Dimensional or "more from the Lithosphere" which means in deep underground bases – all have their own agenda. The most insidious of which is destruction. Destroying the Living Library. Defoliation, greed for money which makes its own superhighway of environmental consumerism and destruction. Followed by the service- to- self idea that we are all "useless eaters".

This thinking carries on into the animal kingdom, with the idea they are all "useless breathers" and here is where I am taking you.

Since around 2013, there has been an agenda to genocide ungulates. As you have learned in these Texts, mankind has the means to make the weather whatever they want. On its own this should prove to you that grubberment is diabolical. They create huge droughts such as the 1930 Great Depression, which herds the public. They also cause great wildfires – the 1871 Chicago fire was surrounded by these same off world inspired "darts from the skies" :- then when we have droughts – the same grubberments have the means to quench them.

**But they don't do it.**

So when we do get to hear of entire herds of Alpaca, Deer, Guanaco, Vicuna, Camels, Saiga and sheep & cattle being targeted for extinction using the weather as excuse, do you know why? First it puts entire ecologies out of balance, including the biospheres which have their own problems from chemical trails and environmental toxins, such as dropping 1080 *ad liberatum* which to my mind is more heinous than Hiroshima. Those craft dropping this money- making venture of selling off residual product before the bigger problems of the mini solar system influence begins, just beggars the belief.

Making money while there is still money to make. INCREDIBLE

BUT

THE SECONDARY consequence is STILL herding the public. Combining extinction of ungulates, one of our MAIN food and textile sources, will force us all into the genetically manipulated world of cities and their soul-less transhuman agenda.

Recall the response of those beings which imploded the "moonship" which held Nostradamus?

"ARE THE ILLUMINATI GETTING GEARED UP TO GREET THE NEW MESSSSIAH?"

"The "Messiah/Christ" expected by these secret societies and eastern religions

(entwined with Freemasonry and UN) will herald in the Aquarian Age and the

6th Aryan race – the next Root Race that supposedly has the stature of super

men and psychic powers. Much of the expectation is to start a golden age where

only the 'chosen race' remains in a regenerated world, with inferior races

eliminated is disseminated by the groups following Alice Bailey, originally of the

Theosophical Society."

d.s. 6th Aryan race these are "the third peoples from Antechrist, Before the age of Pisces"

So, now we know why the MILLWHEEL OF THE AGES pdf is so important

We are really in 1343A.D. and Lucifer wants to cheat. The Age of Pisces

even if it was 2160 years in length still means we would have had more

than 800 years to go. But Pisces is over 2590 years in length: leaving us

here in 1343 over 1240 years yet before the true Age of Aquarius. EVEN

using 2019 from 2160 (the two false numbers) would leave us with over

<140> years yet to go, not even on the cusp of the horizon of AQUARIUS.

- In recent months we have learned the BRAT (made that way by the Aldebaran sexual rogues) is James Casbolt a.k.a Ninurta – who loved his mother so much he made lovely gardens for her.
- so it seems, that Casbolt/Ninurta often bucks the traces of his heritage (which is why Ninurta was locked in the Saqqara tomb, only to escape after centuries "nearly mindless") despite being programmed to "be activated soon" – his own instincts rebel against the damage (to humanity) that his "Manchurian candidate" actions stimulate. This line is saying he is very happy that Russia is defending herself against the alien New World Order take-over. An event which has appeared in their "RARE BELL" – the "docking bell portal"

**Nepveu à Londres par paix feinte menrtry:** the word "menrtry" = wounded, has been altered to **menTRY** (R MEN TRY)

In 2017 James Casbolt/Ninurta was gaoled by a London Court via untruths

They keep putting him "out of the way" - beginning in this historic period at Saqqara, entombed in the Sepulchre of the Bulls, put there by his relatives. He reiterated that he was "about to be reactivated".

so his own kind did it to him, we saw in another line it was a rarely mentioned relative (another son of Marduk) who locked Ninurta away, and that was what the huge lid pushed aside on one of the sarcophagi was all about, Ninurta escaping.

from *LANGUAGE IS ENGINEERED* contd. Dec 29 2016

The Hidden Texts say Ninurta was "locked in time" by one of his jealous half brothers. In one of those Saqqara Tombs. Ninurta was needed more recently (he is now James Casbolt and Da Vinci painted him) so they released him "half mad".

quite so - the very last one to the left of the table in the Last Supper is a lemon which seems to have already been opened, sitting on a plate and the revealed 'person' is the "slimmer one" - Ninurta, and we know this because he is described as the one with the red beard. There is no denying this beard has red!

The older they get, the broader their head becomes, being one of the "minors", Ninurta has the "slimmer" "neater" appearance...

The banner (Milky Way) shows a roll around the sword (Orion)

The Arm had something to do with the interruption -

they are the warrior Seraphim from Serpens (1 10) behind Arcturus - Boötes.

The "branch" with minimal "haplocaulescence" ( DNA reproduction) sits on the Ash Tree, Some would call this the Tree Of Life. I don't.

The banner at the very top describes Isaiah's "dance" - ie: Earth half turning and returning OH, and the other thing which did not happen was the October Epistle event "when everyone will think she has lost her gravity"...

1344 C.E. - julian 746 = 598 years

Even though the public was threatened with being fined if they used the Julian prefix, they still found ways to let their future (us) know that things were not quite right. This silversmith has disguised inside his workmanship the date of Julian 690 and a half.

We have seen that Otto began his new kalends at July of J676 thanks to the new era of Ison arriving, peaking in J688 and gone by J719.

We have seen that particular July (mid summer) had the Thames freeze over.

So Otto just brought Yuletide forward!

This event is backed up in Chronology of Weather Events by James A Marusek – but you need to go to the date of July 1695 (1695) because he has not been able to use Julian either!

The fact that Otto began his new calendar with a #1 and simply "lost" 324½ years made no difference to the folk who were still living in Julian kalends, and stayed that way up to and after J820. See the 1820 stone.

<-This is very early in the 1800's (when very late in the 1700s [1795] I spotted a date on an object which still held the "j" as a prefix) and it strikes me that someone was trying to leave a strong clue here. See the "j" and the "J" as the heading? J for Julian. Now look at the full stop after the number one in the date.

## URGENT! Congress to Be Arrested After Trump Announces Gold-Backed US Note? ☣

would something happen to make sure that President Trump couldn't give his address to the nation?  
 In his State of the Union President Trump was expected to announce the (freedom from debt to the Cabal) GESARA Law and a return of US currency to a gold/asset-backed standard. Trump indicated in a Jan. 29 tweet that our global economy was already gold backed. His State of the Union Address would likely contain an official announcement of a new gold/asset-backed US Treasury Note.  
 There was good reason for Trump to be blocked from giving the State of the Union. The Address to the nation required that Congress vote itself in recess, making it legal for members under indictment to be arrested. There have been over 71,000 sealed federal indictments filed in federal courts across the nation since President Trump took office.

An estimated 80 to 140 Congress people were said named on those indictments (85% to 95% of whom were estimated to be Democrats and thought to include House Speaker Nancy Pelosi for her part in the crooked Uranium One Deal). Charges included High Treason, Election Fraud, Child Sex Trafficking, Murder, Pornography, Money Laundering, Bribery, Perjury, US Taxpayer funds misappropriation, plus crimes of Uranium One, 9/11, Fukushima Nuclear Disaster and Benghazi Massacres.

The "three orbits out" is in the Aztec Sunstone crop circle in a one hundred acre overnight Texas green corn crop

As far as I know the Project Camelot team was the only one which grabbed aerial shots just before grubberment swooped in to destroy this. Sometime around 2008.

This particular angle does not allow us to see the three Earths being moved as clearly as another shot they took. Earth being dropped off her orbit and moved out, bottom left hand corner, just as the Hopi Prophecy rock tells us.
