

CUBE CRAFT & RUNIC SKIES

April 2021

First, before we go and look at the picturesque information regarding various Space Cubes, we need to at least recognise the Runic Skies.

Why? Because many have used these runes to approach us. Sky Runes appear on boulders on the back side of the moon – guidestones for those which come from those places^{N.A.C.A. whistleblower 1957.} Enoch, John Dee, the directions (to each star system) on stargates and the “address” of each of the Elohim Alliance Members for the Living Library, which appears in more than one crop circle.

When studying Crop Circles ~ determine in your mind what they might be saying and why. This will help with discernment regarding their agenda.

Do you see the cube?

cropcircleconnectors

The leaves sprouting from the Seed...

The nascent/growing incandescent force field which makes it appear as a sphere, or round to everyone...

and the twenty sigils each of which represents an Alliance Member of the Elohim, in constellation format. The basis for our own Runes which eventuated or morphed into our own alphabet directly and indirectly.

The word “Elohim” seems to have folk in an uproar.

“El” simply means “electron being”.

The Menolea that was the **One Male** in a vignette.

We are ALL electron beings, thanks to the “Seed”.

Caveat on the skyrunes shapes viewed. Most would have their own view of their own constellation, from, say, a fixed point. Such as centre of our or their galaxy

what is that letter? It was an “n” But changed by hand to a ‘D’?

The word “arduer” is not Ardennes, and if it had been an “n”, it would have read ‘ne’ (not), but it reads ‘de’ = from tranflaté = transfers. pres de = approaching, almost. arduer = heat, fever, enthusiasm. filou = rogue. silue = silurid fish. (Oannes) In the Template was guidance how to deal with the quatrain lines as ‘headings’ and ‘bi thesaural’, so saying the Et (and) can be read as ET. This would have the English say:

E.T TRANSFERS shape shifts **ALMOST HEATED, FREQUENCY FROM SILURID** Oannes from Sirius shape could be saying
ALL SILURID E.T. TRANSFER shapeshift BY MOST HEATED. we will get to the Bindu clues, so keep this in mind
the word “enthusiasm” could be taken as **higher frequencies BUT ALSO SEE ORGONE BURNING AETHER** video

needing to point out that the words *higher frequencies* were written just before closing the work for the night followed by the very next morning finding this video, which mentions **ORGONE** relating to aether (not ether)

and I recalled the word **ORGON** relating to **WAR** in a quatrain **C+F+5 62** C5 Q62 an important number 562 add 458 = 2020

Whereas the J562 edition has it as **Ardennes** albeit minus its capital letter

to explain

this is just to show you in no uncertain terms how much weight the Template carries in predicting prophecies.

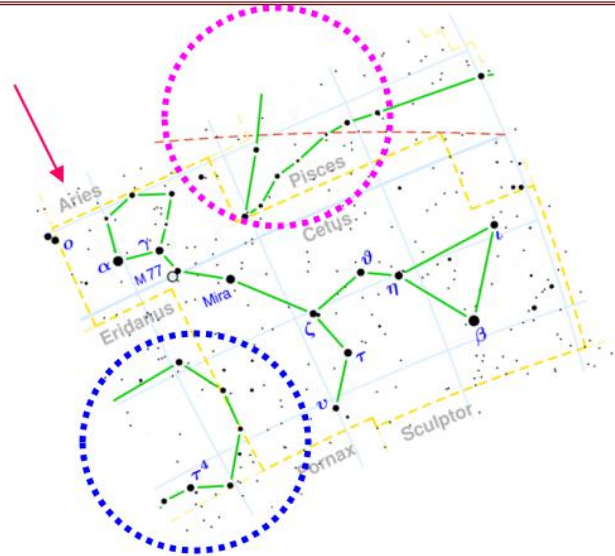

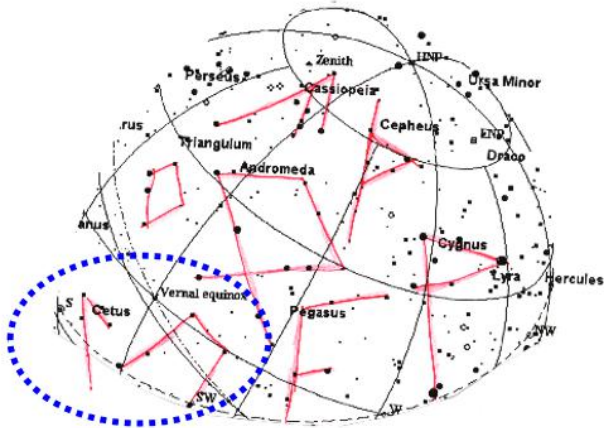

The difference between the word “prediction” and “prophecy” can be argued until the cows come home.

Pre-dict simply states ‘spoken of before it happens.’ Or before it *might* happen. In this way qualifying a prediction.

Prophetic means ‘*accurately* predicting’ by any medium, an event that eventuated by coming true.

So here – in a computerised Template programmed by Allan Webber, albeit with all wording out of context until collated, we see **another Prophecy**. Allan himself made a slight error in calculating the Runic Skies in a detail of the Runic Skies related to the **LETTERU**. He has called Aries as Uruz. Aries is a tiny stellar system, takes only 1440 years for our sun to cross the Age of Aries. Next door to Aries is Pavo the Peacock (recall the Peacock at the top of the wheel of constellations – facing Puppis the Cockerel?) The hint in that vignette that I missed was that the Peacock **WAS AT THE** north – during the times of Nostradamus, prior to 1687 as shown to us by Hevelius.

correction

as Allan Uebber had it

The two Runic Skies symbols on the left are from the diagram above left. It was 2008; early days in the work for both of us... However, on looking at the diagram above right, it can be seen that Uruz is in fact Pavo – or The Saucepan (shown in blue dotted circle), as seen in the Southern Hemisphere, and likewise for the Tail Of Pisces, which displays Laguz (in pink dotted circle). Cetus is in between and Aries further away.

I am quite certain Allan did not do this intentionally.

Even though he wrote the Template, he would not have comprehended 5 45 2

It took the both of us two weeks just to find the **DIRECTIVES** to each of us differentially. His being Gematria etc.

Twenty eight pages for Allan & 38 for me.

The Lesson here was not for Allan. It was for YOU. So you can SEE how real the TEMPLATE is.

Should any of you the readers become interested enough – **it will be seen** by going to the HIDDEN TEXTS OF NOSTRADAMUS website – **that I have been as transparent as possible.**

There – on the website – is the means for you to do this work for yourself.

In the PDFs **LANGUAGE IS ENGINEERED** you will find help in minor details such as the W consisting of two ‘U’s.

And how to arrive at the **ISSUE** by removing the **QUESTING** word first.

For instance if you see someone’s name sitting/lurking within a quatrain line, pluck those letters out first – Set them aside ready for the answer, which you will find by THEN anagramming* what remains.

The name you plucked out becomes the issue and the remainder the substance.

It does not need to be a name – for instance, the letters for ORGON or ORGONE.

EXACTLY THE SAME AS WORKING WITH other RUNES.

THIS was exactly how the scientists of the times of Inquisition [J400s, J500s J600s] communicated secretly between each other. THIS is how I know Filippo and Chavigny were in that loop and NOT excluded nor shunned.

This is Cesar's work that I had "atrociously interpreted". Seeing Pavo and Cockerel with the "orbit" (the timer) and the Hand from Heaven on the gearing turning it. The constellations named - Pavo and Puppis the Cockerel are in the southern hemisphere these days! So the word *Septentrionale*, which means "in the north" on old maps - was the big hint.

The other hints were - Nostradamus bottom right, a Sagittarian, with the black band on his thigh... saying Sagittarius is no longer facing this direction - because "thigh" is the "body part" that represents Sagittarius. Leo and Leo Minor on their side. We then see the precession of Boötes, Phoenix, Ophiuchus with Serpens all facing the wrong way - over a "rotund" Earth.

"the year 557 was close on the heels of the demise of Rome.
It was also a mini ice age. The same which caused that demise
Here we have a number that substantiates its real date –
because it still uses the more archaic Roman Numeral LXXXIII
which somewhere towards the end of this century became as
we know it LXXXIV. The latest I saw with archaic was J698

Dont il y en a trois cens qui n'ont jamais

M. DC. LXXXVIII.

Dont il y en a trois cens qui n'ont jamais été imprimées.

There are some three centuries of
which never will be printed

and here M.=1000 a long way from DC/600 which is also a good gap
from the rest – done to disguise that it was not 'M'. 698 was a reset
then we see LXXXX=90 which should read by J698 as XC=90.
So it should read DC.XCVIII. Both of the above are the same page

Two clues sit on this Frontispiece – the date i 698 was within that Nemesis Period J672 to J719, and it was in J676 that
prince Otto changed his calendar to start at '1000' in July, calling it Yule (because the Thames had frozen solid overnight)
In one swipe, deleting 324½ years = "some three centuries" "of which never more will be printed".

Begging the question 'who knew in J698'? The docteur died J566, Filippo was burned at the stake J600, Chavigny late
companion of Nostradamus in the J560s, published in J603 could not have still been alive in J698. Can only have been a
family member, such as a descendant of Cesar.

It was not my intention to get sidetracked with another topic, by focussing on one particula type of Grey or Grayle. Yet we need to KNOW the enemy – and this is it.

Just one of the Mind Benders, the shape shifters, the Liars and Manipulators of humanity on Earth. They camp on Ceres (according to the Template) derived from Canis Minor in the Sirius System, (as did our moon according to Alex Collier) and tell humans they are Zeta Greys.

It was one of these that shape shifted to become Jesus on a Donkey – “paralyzing the gathering” – where almost all of which crowd did possess the “Epipteric” bone. A small bone near the stirrup bone in the skull, which is manipulated by the Mind Bender Greys, to mesmerise humans.

In the Donkey incident, one man was minus this small bone in the skull. Almost a miracle on its own.

More detail will be appearing in another pdf shortly because it backs up the real crucifixion date.

What would you think of a power greater than your own which harvests you and your children... would you think it is benevolent?

This is exactly what we have right now but we either turned a blind eye or really did not know. Where all those children lost on milk bottle labels really were, and what was really happening to them! And why!

Would you say these are the same craft? If there had been another star in that line up, this configuration closely matches Casseopea

LOOK FAMILIAR? THESE ARE ALL SAID TO BE SHOTS TAKEN OF VALIANT THOR AND COMPANY ARRIVING FROM VENUS. SO HOW COME THEY ARE IN THE SAME CRAFT THAT VISITED BILLY MEIER? THE ONES SAID TO BE FROM THE PLEIADES? Number 2 is a more modern upgraded version of the vril craft Admiral Byrd experienced at Antarctica. They are ALL Vril craft. The one on the right - number 4, has been said to be from Sirius. Recall Alex Collier's warning - "the first to arrive will be from Sirius, they are full of __ it." From what I can make out, of all the collections of information I have seen since 2006: including the hidden texts: - these are ALL from Sirius, but based under Antarctica. This is *not to say* these visitors do not go to or are camped at Venus, Mars, Io, Saturn and others.

Helen Parks at 25:15 the narrator says something truly interesting. "any source of energy which creates heat is destructive. Any source of energy which creates coolness is positive". Good Cop; (anyone who tries to introduce cool energy gets "suicided"). They WERE working at the pentagon - past tense - and what does the pentagon *do*? It is in charge of *warfare* with *emphasis on financing warfare and engendering it*. That is, *inventing it*. It could be said that Valiant Thor (Thor = god of storms) was at the pentagon to try and *prevent wars*.^{C+E+1824} One would think an off worlder with an unmeasurable Intelligence Quotient would be able to circumvent any need for warring when dealing with redneck humans intent on destruction. Did he, as a Copiest, fall back on that old cliché - that humans are to be allowed Free Will? As dad used to say "Poor Will" (meaning Willie/William, because soldiers were ordered to "fire at will"). Phil Schneider had said the IQ of Valiant Thor was thought to be "at least 1200" and 12 is an Anakin base number. Somehow I do not think that was a coincidence.

All very confusing to me - due to the added issue of cloning throughout the decades - this all seems to me to be a wolf in sheep's clothing - at the *enth* degree. Particularly, that the guidance from Valiant Thor as to the placing of "safe" nuclear energy plants turned out to be all right on top of Earth's fault lines! According to Phil Schneider, Valiant Thor had been working with the military industrial intelligence (and media) complex for "58 years". If you go surfing around most websites (parroting each other) you will see they admit to visitors from Venus who arrived in Alexandria Virginia, March 16 1957 "leaving the U.S. in 1960."

In this image of Dark Fleet Craft, my own image of a Roman Candle parked over my farm appears next, but it is the image in the square yellow frame that needs addressing here. This is the shape which appears in #60 Vignette by Cesar de Notredame, shown here. Interesting that it also has the pheon cross of the Anu and the white deshret crown of Egypt – the latter was explained in a recent video¹ regarding souls and Saturn and that Saturn was once our sun (vindicating Jno Cook's *Saturn Cosmology*, which clue I found in Vignette #67 at the bottom of the same page which bares One Male (Menolea/Electron Being).

Keeping in mind these vignettes were painted in J563.
Tree of Life = DNA branches. Banner is Milky Way/magnetic fields

Rather fitting that the Lion Maned man,(LEO) with bears claws (URSA) is wearing the **Corona/Coronet** of a Prince (SIRIUS) and wears the scars from a crown of thorns. Telling us that shape shifters from Sirius invented the martyred Jesus Christ. The boomerang shaped craft above and in the square yellow frame below was known as “foreigner” or “alien”. Iron Cross. The rose coming out of a docking bell refers to time gates, the Vulture refers to Lyra-Vega, and the little bird in background which has no legs refers to Abus-Hirundo, the Swift, which we know today as Twitter. The white crown is telling us that the Earth's pole (poll) is circled by Saturn (the smaller globe at top) and this is what Jno Cook wrote too. In this way we have a date for Saturn's tenure as our sun. The conjoining of red & white crowns was after the 4th dynasty and fits with the same timing of the Nile moving away and causeways being needed at Giza because Lake Moeris dried up. Slotting in with a passage and the consequences of the Nemesis system which is the most logical cause for Saturn being sent out to the gas giants realm. The self-same cause for Saturn's return, and being “burned” by the Millers.

Bottom left: the “Roman Candles” in the Template. Very early in the working with these texts, say, 2009 or 2010, there was an entire pdf regarding “ROMAN CANDLES” And here we see them included in the Dark Fleet, allied Pentagon, the same which Gary McKinnon hacked into, finding “non human” pilots on the payroll.

Here we ARE speaking about the fourth reich! Since the Pentagon is what Operation Paperclip morphed into.

Being also the Military Industrial Media Complex, run by the very Grayles deep underground which are stealing children and which had made false treaties with a cloned F.D.R terming our children Upper Case CARGO.

Same Grayles of Phil Schneider & his NWO alert. The same CARGO that the shape shifting Pied Piper of Hamelin in J274 ran off with.

[MIND-BOGGLING] Black Portal & Alien Cube UFO Over Texas! 6/29/2015

TEXAS BLACK CUBE first appeared as a WALNUT craft

On May 3, 2016, a video has surfaced revealing an impressive zerooid sighting floating above Guadalajara, Mexico. It strongly resembles a blue whale, but from another dimension, and it may also prove that Ruehl's theory regarding smaller zerooids being assimilated or eaten by the bigger ones is true. On a cosmic level, this could be a variation of the food chain defined by our earthly standards.

Here we have what we have learned is the Saturnine Black Cube shapeshifter – seen changing from the walnut into the cube. Whoever put this string of images together which includes a golden cube (enlarged above) is doing what the illustrator of the giant eating a human has produced – a golden cube in the sky above. The same goes for the illustration of the 1897 Aurora ufo crash (above right). This means a) someone knows the walnut ones are baddies and b) wants to implicate the Golden Cubes.

GIANTS From The Bible Are Starting To WAKE UP | STRANGE THINGS ARE HAPPENING

This is part of my post – which was censored, so I will try it bit by bit

I am the Author of the Hidden Texts of Nostradamus.

Before anyone scoffs at something they have not investigated, allow me to briefly use a few terms which crop up in these texts there are so many to pick from, such as (JUDAS ISCARIOT WAS IMMANUELS BROTHER FRIEND) or COULD OR SHOULD CONSCIOUS CONSCIOUSNESS SUCCEED? or BRUCellosis IN NEEDLES

and too many other topics the street folk would never imagine Nostradamus would write about, and that includes the scientists who think they are up to date. Especially when the docteur lived in Julius 555

- 1) 22 different types of free energy
- 2) Ha which became ununpentium. element 115 that Bob Lazar said does not exist on Earth
- 3) Using the bending of light in water... as a tool, propulsion and a weapon
- 4) Nostradamus is now a Younger Elder – the same as Chani from the hani Project
- 5) Time Gates, seven fixed types (all of which I experienced) and several mechanical
- 6) Vril propulsion and the source of Vril/Fourth Reich
- 7) and guidance to read Jno Sol: *Saturn Cosmology* – way ahead of Velikovsky - which describes exactly the Saturn details here in this video The Dark Alliance: Salvaging Nacht-Waffen S.O.U.Ls For Saturn's 'Retrievals'.

My point here.

In the Crop Circles information from these Hidden Texts has appeared “transparent” cubes. These are not The Golden Cubes of the Elohim Alliances for the Living Library, nor are they the black cube which sits inside Amaru Maru nor the other black cubes which originate from Saturn which Gina Marie Colvin Hill has been catching on video... and this includes the Kaaba – an automaton.

Say these texts in *Presage* 102 J564 Octobre. J564 + the cipher 458 = 2022) [†]

So in a facebook post I was explaining the Golden cubes as they appear in crop circles.

No response from facebook

THEN out of curiosity, I posted a handful of crop circles from 2002 that appear to be transparent cubes... (like the ones at 17:35 in this video.)

I made no comment with the post, just the image, out of curiosity.

BINGO – FB jumps on me from a great height, “goes against commune standards” and banned me for 3 days

If they had not attacked me about a handful of old crop circles, I would not have been alerted.

In the vignettes of Nostradamus, the single written page which has “One Male” (MENOLEA = Electron Being, which is what we all are) also has at the very bottom of its page the words JNO SOL.

Various cube craft warnings.

There are rectangles too – most definitely reptilian occupants

When people say to me that we can't believe anything we see on facebook it really annoys me. In the same way fb banned me for a week because I posted about pistacchios high content of melatonin, a topic I personally proved true – ... in this same way the photo here someone caught and put on fb is true.

THIS is the image I saw in my camcorder. Only mine was in color, the darker areas being a bright electric green (shadows) and the light area being – well – electric yellow. The entire reason I went and spent a thousand on a Nikon 900 in order to catch this photo actually in the frame, which the camcorder could not. As soon as pressing the 'take the shot' button it shot out of frame. Ironically, the only shots I ever caught again showing it as a cube minus its force field – was on the phone.

around 4am Oct. 31st. 2020. Mum had to leave early in her caravan because a large hail storm was arriving. The Golden Cube was caught here between two storm clouds and once the photo was taken, never seen again!
This Golden Cube had been above my head since 1999.

This shot would never have been seen had I not saved a baby lamb at birth. She grew up chewing on electric cords, including air conditioner cords. Mum's husband came to fix that ☹ this is why I was outside at 4am.
Thankyou Jason Gleaves for enhancing the image

We can actually see the cube is breaking up while I was taking the photos. Considering They had told me my own final pick up date was to have been Sept. 19th 2020, six weeks beforehand – maybe this verification was needed by some other Seeker out there. There is a Reason for Everything. They told me more recently that my Contract has been extended. That is not the word they used, when I come across it again I will come back with it.

If there are any of you who began this sojourn with me from the beginning – when the very first pdf was titled TVVIN TOVVERS DECEIT and then the second published pdf was MEDICAL VACCINATIONS & CHEMTRAILS, you may recall the constant warnings regarding needles.

Not just to receive them, (“take the jab”) but not to DONATE blood either. This warning was dated 2008. One would wonder why not donate blood?

First thought being: “they use clean needles dont they?”

But no, that is not the reason for not donating blood.

It is because anyone who has *received* the jab – will have toxic blood to donate.

EVER WONDERED WHY FRONTLINE HEALTHWORKERS ARE THE FIRST TO RECEIVE THESE JABS?

Because *this* jab is NOT A VACCINE – it is an agent for SPREADING (SHEDDING) its ingredients.

What quicker way is there to SPREAD a BIO WEAPON than to have everyone queue to a “health-workers’ ” station where the culprit spreader IS the healthworker!

For you to comprehend how an off world species can and is conquering humans on Earth – you need to educate, research, realize that grubb er ment is RUN by those very Off Worlders which are intergrating with humans just like they did with Pleiadians – turning them into fallen ones. Trans-human. Via their DNA.

OCTOBER 21 2020

As it turned out, this was ten days before it left, and the leaving was caught by accident on my camera phone only because I was outside saying goodbye to visitors who wanted to get away before a hail storm arrived

Take a good hard close look

NAUGHTY BEAVER ONCE VIDEO ENVY = BRAWNY MENACE (ORNAMENT VENDETTA) NOW ANEW

- Wow. Was puzzling about the Naughty Beaver Envy part, until it finally came to me. This comment refers to the PDF collection last posted to the website addressed as *Tony Knight Regarding The Fourth Reich*. In which I had asked “why, oh why, pick an actor with a great hooked nose when in reality the red headed Nostradamus had a perky ski jump nose!
Recall the communication method where I was told to “ask twice”? Well – I had asked twice hadn’t I: – ‘why oh why...’ And here, in the very next pdf following that question – I have been answered (when at first the question was only meant to be rhetorical).
Yet it does illustrate an important subject – that of “giving a good dog a bad name/image”.
This is called propaganda. Done with the intention of misguiding the public. In this instance by Naughty Beaver – influencing the folk into believing that Nostradamus was “a satanic child eating Jew” as one very misinformed reader wrote me. She left me feeling literally nauseated – because her level of intellect is indicative of the majority of the uneducated generation she lives in. Parrotting what disinformers publish.
This all actually tells me the very ideas that derive from these Hidden Texts have got someone rattled.
If Da Vinci, the most famous portrait painter on the planet, couldn’t get it right – no one would!
The entire reason I put together that pdf forum about the misinformative video/s by Naughty Beaver – was because none of the quatrains mentioned were interpreted in the way the quatrain was provided to us.

- **BRAWNY:** Brawn always refers to muscle. So saying here – flexing his muscles and not his brain.

- **ORNAMENT VENDETTA** = says it all. the “ornament” is what Nostradamus called himself in 3 94

De cinq cens ans plus compte on tiendra,
Celuy qu'estoit l'aornemet de son temps
Puis à vn coup grande clarté dourra,
Que par ce siecle les rendra trescontent.

Notice the Roman numerals are still in archaic format, as IIII and not IV
This is the J557 publication, only 100 years after Roman Society failed

1. For five hundred years more one will keep count, *

2. Celuy qu'estoit l'aornemet de son temps:

He that was the ornament of his times: plural

- Line one is somewhat tongue in cheek, because this Quatrain was published in what was supposed to be on the face of it, 1557, so adding “+more than 500 years” does not give us 2021 does it. It produces a result of 2057. The “more than 500 years means literally, a lot more. As in 2021 minus J557 = 1464. That is a LOT more than “500” years. Or, the year we are in, 1345 minus J 557 = 788. Also “more”.
But. The scholars who accept the face value will just automatically be thinking 1557 (or 1555, the first date of publication) “plus 500 = 2055” and not see there is a question mark on that calculation.
They might take the “and more” as the extra up to 2055.

I do have one other problem vexing me.

The date *period* for the *astronomies revolting* ** was J672 to J719. Add around 700 (the approximate orbit for Nemesis) give or take to J672 = 1372, with us sitting here in 1345 having already seen it incoming now since the 1980s. Kept a secret of course.

With the newly named ATLAS still needing another 27 years to have been a 700 year orbit this time – we can see that former orbits were closer to 780 years and now we are at a hundred year less in that [elliptical] orbit!

It seems to take around 50 years for the Nemesis-Zha.am.i (Nibiru) system to be in our own solar system then to leave it. The expected timing of 1372 cannot be predicted because, I have noticed the gaps between visits from the 1486BCE *Winged Aten* effect to the 705BCE *Herculobis/Hercubolis* to the *Pass- Over* J79 CE to *Ison* of J687 (Hevelius’ woodcut commemorating a reversal of astronomies) – has been *reducing* every time! In other words – the elliptical ORBIT of this mini system is getting smaller! Shrinking.

1486 Tulli papyrus – 705 BCE (Hezekiah coin) = **781** years orbit (Santorini -Thera)

705 BCE Hezekiah coin to J79 (PassOver) ... = **784** (and why did Julius begin a new calendar anyway?)

Because in 46BCE they saw it coming, same as prince Otto; Cassini had seen it coming J672. Otto’s new 1,000 (Millennium) calendar in J676 *but the peak* was J687. This new calendar of Prince Otto conjoined the short-lived J582-3 “*Gotique*” of pope Gregorius, along with its additional number 1. The word “Gotique” from “Goth” a term that encapsulated early France and Germany, was only in public use up to the (J)600’s. (Nigel Offord)

Calling J79 the *peak of that* visit due to Pompeii-Vesuvius (in the October) same year as Crucifixion.

From 79CE PassOver to *peak of Ison* at J687 = **608** year orbit†

From the peak of J687 to now: 1345 C.E., not quite the peak yet = only **658** years for Atlas.

****Revolted Astronomies - the first warning, appearing in the first paragraph of The Preface**

† It seems volcanic activity begins in earnest as the mini solar system is on its way out, just as Earth is experiencing right now in what we call 2021.

If you are in the mood for a cynical and ironic laugh – When you already know what kind of impact huge celestial bodies passing by will have on smaller celestial bodies (like Earth); instead – *the powers that think they be* want you to believe humans are to blame, then this heading should amuse you:

The world elite which instil chaotic events in order to convince the public some paradigm
agenda is needed: like to use what they think are influential numbers. Except, in this case
– Julian 666 was not 666 A.D. Nor I666. Julian began 46 bce. "AD" began Julian 79 CE, so
take your pick, was it really 666 minus 46, or minus 46+79/125? One thing it was not, is 1666.

What do we have here?

Jesus has almost no halo - & what is that I see hovering over what might be a volcano?
How did the Inquisition not notice? Da Vinci did the same - no halo for the Jesus.
The Shape shifting aspect of the Jesus was *supplied by Da Vinci*, disguised.
You can see this detail in the Da Vinci pdf forums. On Folio 8 of the website.
And see the not-so-secret Masonic hand over heart. What does he hold?

[Itima Cena - Juan de Iuanes](#) not a link

Da Vinci's Last Supper is also telling us something. His Jesus has **no halo**.

SPECIAL APPROACH it certainly is a 'special approach' – in very
public view! Is this part of the 'suspended in the air' event which
was supposed to be 'Pisces thru Taurus'? They did warn the shadow
government to fully disclose "or They will". The first to be seen will
be the 'Good/Greatest Ones' followed by a false flush of Earth-made
craft supposedly saving us. The 'second tribe' are the real invaders.

LEPSARIA, Normally hibernate/inhabit the Black Knight. They are the four winged Seraphim from Cepheus – King of kings.
The night of April 10 2017 this Golden Cube was once again high in our Eastern NSW night sky. NOBLE = Libran

1st shot. Between 4am and 5am 1st Oct '20 central NSW
can see object coming out of Gold.cube in silhouette

2nd shot. can see objects coming out of Gold.cube

4th shot. A Golden Cube showing itself partially, moving
so fast it leaves a trail. Not in previous frame nor after.
And more leaving the Mother Cube at the same time.

3rd shot. more clearly objects coming out of Gold.cube

This sequence of events begs the question are these gathering to form the huge Golden Cube in this crop circle? Protecting both Nibiru-Zha.am.i and tiny Earth from the Casseopean Files "Wave Event", The Chani Project "Fuse Event" and the "Grand Pulse Nova" from Nostradamus.

of **LANGUAGE IS ENGINEERED**
just for entertainment sake:

=ROTTEN ON TEAM TORN MEAT TORT MATTER (NOT A TERM)
 METATRON MET R.O., ANT, MEANT TORMENT TO א, ARM TEAM

TERN NET TOTEM/sigil = twitter **MORÉ**. NOT TEN NOR RAN

- o **TOME = story, explanation**
- o MAN = Orion RENT ATOM = atomic or even nuclear
- o ON TEAM = Oannes from Sirius
- o METATRON MET if Enoch is/was Metatron a front man for the mistaken Yiddish but really for Zion which believes in child sacrifice (hence Isaac and his father's dilemma) going on with; "judge them by their actions" simply because a loving god would never ask a man to sacrifice his son as proof of loyalty
- o TORN MEAT = while alive (children mostly)
- o NOT A TERM: meaning literally, actually
- o **RENT METRO= literally, by false treaties, arranged cities via the Money System in order to herd humans to control them**
- o R.O. Andromeda Council, ANT/Mantid
- o A = Casseopea, ARM = the Seraphim
- o ONE RA = E'Yah

- o MANET-MONET MATTE a good description of the art of Da Vinci
- o =TAROT OMEN MENTOR. In his works there is disguised 'Tarot'
- o ETNA any volcano **M.** ^{Orion} **R.** ^{drako} E.T. EAT. This is the current ArmMargEddan WWII underneath our feet right now, saving our children. There is a difference between Drako and Drago.
- o TERN= flying bird = Abus NET/Reticuli **MORÉ = values such** as censoring freedom of speech and truth (fourth rich) We have learned the M'Abus are the **SubNasal** Emerther **NOT the Elohim TEN, NOR RAN – LyRan**

The Voynich image looks like a cross section of a living cell.

Edged by villii (micro villus) or cilia which would be more like hairs ... whereas the crop appears in abstract.
