

In the matter of JEHOVAH

<p>The word Jehovah is represented by the acronym YHWH <small>illustration</small></p> <p>Each letter of the so called tetragram has a value and a separate meaning in Hebrew, always reading from the right to the left, the first word in a sentence begins with the introductive Hebrew 'yod', making five characters. Yehoveh also means Chief Pilot with the 'yah' part as pilot.</p> <p>Thus, Semjase/Samyase means co-pilot. It was Semyase who led the 200 "fallen ones" sometimes called fallen angels. They came from the Pleiades, in particular they invaded Alcyone, Atlas and Maia. Invaded via their DNA meaning "cross bred". For some reason the illuminati-run wikipedia et alia always say "seven stars" in Pleiades, but there are <i>nine</i> named stars- Atlas, the king, Plione, the queen AND the Seven Sisters.</p> <p>Valiant Thor, the never aging eight foot alien in the pentagon, he with copper based blood and IQ over 1200, said he came from Venus. He dwells under Antarctica - evidence? The craft he uses, and his consort of various names, Jill the main one (she who visited Tesla) was also in presence with the Hitler entourage under Antarctica.</p> <p>EnLil began official life as EnKur (Lord of Kur – the mobile planet-oid) but En.Lil means : chief pilot, the Ruach* lord of airways, storms, sacrificial smoke and frequencies ** (the zig zag line in hieroglyphs). Thus Thor was/is EnLil.</p> <p>*the craft of the Ruach is a "sphenoid" and the older scout craft had the three radon balls underneath – hence the landing platforms on Maya pyramids</p> <p>** in the book <i>I AM DARIUS</i> the writer RR Giroux spent time on the KUR describing the storm-making etc. Even stating on pg 149 that "strange as it seems - Nostradamus is on the other moon ship" ... <small>THERE are three crop circles which show this</small></p> <p>And, Nostradamus wrote about this.</p>	<p>As you know, the bible clearly stated : "let us make them in our image". So who do you think this conversation was between? EnLil.YHWH lord of Earths' airways etc and EnKi lord of earth & waters the Head Scientist & Geneticist. He who wrote his name YA in our DNA</p> <p>plus EnLil edited the bible in 325CE changing the name of the one who handed the Ten Commandments and the Ark of the Covenant to Moses. He changed it to read from Yah to YHWH.</p> <p>The base number of YHWH is 12. The base number of Yah (E'Yah) is ten. He who said "I AM THAT I AM" Can you imagine, one who hates the Lulu (you and me) (EnLil) handing over equipment such as the Ark of the Covenant to a Lulu? It was done for our <i>benefit</i>, receiving it.</p> <p>Now let us use the words out of the mouth of YHWH "I am your jealous and wrathful god, you are to fear me" (paraphrasing)</p> <p>EnKi-Yah has shown in many ways how much he Loves his pet Lulu. Proof of this is when he whispered to Ziusudra/Noah to build an ark to house "the seed of all living things" this being a laboratory. The living animals were on board for food for the trip. See Clay Tablet #10 of Endubsar. Plus the C I A in 1991 removed all evidence that the ark was a laboratory, same with the Giants Base Under Bucegi (videos by Peter Moon) where the likes of Thoth etc were engineered. Who was furious and livid when he found that Lulu had escaped the Great Deluge reset? EnLil.</p> <p>Just published Sept. 2019 is the pdf forum ENKUR/ENLIL/NIMROD/ VALIANT THOR – MOLOCH</p>	<p>Bibliography</p> <p>I suggest reading HOW ENKI OPERATES and WHY THE HAMMERED BRACELET COULD NOT BE FLOWN OVER</p> <p>there is a wonderful video put out by a lady who dissects the word meanings in the bible. Her conclusion is that YHWH is the BEAST</p> <p>I am going to do my best to try and find that video, see below</p> <p>8 65 3 PARDON VOMITING, NITRIDES DISORIENT (inside a space ship or planetoid)</p> <p>8:65:3 <i>Vingt mois tiendra le regne a`grand pouvoir</i> Twenty months rule held with great force <small>Allan Webber's template</small></p> <p>♠,Cassiopeia GRAND VIRGINS SLENDER ANDROID INITIATES PARDON VOMITING NITRIDES DISORIENT IN A GRANDPA/ patriarchal PLANETOID 'moonship' thus= YHWH</p> <p><i>from Allan Webber's Computerised Template</i></p> <p>3 61 3 FEEL PROCURED – FLEU LEAPING MAP</p> <p>9 1 3 ORB INTRUDES – SOURCE UNITED CODES</p> <p>1 89 3 URSA MINOR MAIN SOURCE PERSIAN HADES [stargate] INVADER</p> <p>2 42 [they] TOLERATED DR UP – MONDAY IN AUTUMN</p> <p>UUROTE: LET ADOPT MANUAL VOYEUR TODAY (9/11) the three orbs seen at 9/11</p> <p>4 50 1 SEER RELIES SPHERE'S HELP RARER LIBRARIES</p> <p>8 65 3 PARDON VOMITING, NITRIDES DISORIENT</p> <p>8 65 3 SLENDER ANDROID INITIATE</p> <p>Android is UUilliem52, a J-Rod</p> <p>8 70 4 Terre horrible, noir de phisonomie Land dreadful and black of aspect</p> <p>TIME PERIOD ON SPHENOID SHIP RIDE ON HIS OTHER SPHEROID MOONSHIP ISON MENTION EMOTIONS, HORRIBLE IONOSPHERE IONS</p>

SPHENOID CRAFT [Helen Parks](#) Here is why I continue - addicted to the

hidden texts. I will put the photo of the Sphenoid bone shaped craft - and immediately I saw it the entire meaning was freed up. THIS is the huge craft, white centrally with black at each "wing tip" end - that swooped into my valley chased by nine silver orbs in V formation. And wouldn't you know it - I had a camera in my hand (I had been on my way to the stables to photo a colt I was selling). May 2000.

An entire article came out of that photo because it (the incident) was named in the quatrains... the silver orbs as it turned out were guardians - this was six years before I began work on the hidden texts, so I for sure had NO idea this event was about me being in danger - hence that craft is a NEGATIVE. Will get the link for the 2 44 article - which has a video frame of the same craft that someone else had witnessed. I was a tad slow in catching the ["large bird"] protagonist, but I did catch the orbs.

- The very first thing you will see on the front page of this pdf is the image of two of these craft

Those who told Billy Meier they were Pleiadians (but came from Antarctica, because real Pleiadians cannot be near human DNA) took him to see "two moons". Polaroid photograph. What if one of these is the one in the crop circles?

In the pdf forum ICON all of this is described. All from 3 25 The "other" moonship with its five day elliptical orbit circling our Moon. The photo on the right, shaky as it is, was taken October 25th 2008, planetoid travelling right to left.

100% Proof Yahweh/Jehovah is the beast. He declares himself as such, according to the Holy Bible.

Sarah - doing great work The only problem I have with the Elohim Creators of The Living Library is that they had ALREADY made mankind - at least 20 tweaks (following each ice age)- in the instance of Genesis and "let us make man in our image" cannot apply to the 20 different types of Elohim, ten of which are human in type and ten are not. It came from those which orbit in their planet they name Zha,ami- the mobile planetoids from which, the term KUR - hence EnKur who became EnLil Chief Pilot also known as the Rua'ch and YHWH He who was jealous right from the beginning of this Reset (Genesis)

oh. He's the guy who "caught" a part of a tentacle from an alien craft (tentacled craft) and put it in his freezer. That would be back in 2012 or so. Needless to say that turned up[in the hidden texts - and who owns those craft? The Leonines

Robbert van den Broeke

Among the many lines with the word TENTACLED referring to shape shifting craft we have learned they

- came from the "hip" of Leo
- the star named Chertan, part of FreeMasons
- that the entities are Leonine, and in 6 59 3 clearly stated these are the "managers of all (Anakim)"

And here we see Robbert van den Broeke, who had picked up a piece of tentacle after one of these craft visited, and kept it in his freezer awaiting scientific testing...
It seems he received more than just a passing look at it.

Salyut 7 Space Lab

Something occurred with the Soviet Cosmonauts in the Salyut 7 that orbited the earth on July 12, 1984. Several Cosmonauts (not crazy people-but highly educated intelligent people- trained astronaut pilots, scientists and even doctors). "What we saw were seven giant figures in the form of humans, but with wings and mist-like halos as in the classic depiction of angels."

The heavenly visitors, they said, followed them for about 10 minutes and vanished as suddenly as they had appeared. However, 12 days later, Cosmonauts Svetlana Savitskaya, Igor Volk, and Vladimir Dzhanibekov, who had just joined the others on the space station, also saw the beings- Solovyov and Atkov could no longer dismiss the phenomenon as a communal hallucination. "They were glowing," they reported. "We were truly overwhelmed. There was a great orange light, and through it, we could see the figures of seven angels. The cosmonauts went on to described these mist haloed beings as being nearly 80-feet in height with a wingspan comparable to that of a 747 jet; although, it should be noted, that there's no indication in the public record of how these men of science came to these proportional estimations. They were smiling as though they shared a glorious secret, but within a few minutes, they were gone. (Parade Magazine- New Years Edition 1985. 1985 Washington Post Newspaper.) Additional Information: According to the Technical Memorandum for the Salyut, over 20,000 photos were taken during that mission. – John Massaria (NY 2012)
